

the public and private sectors, of which our colleague from Mississippi, Senator THAD COCHRAN, is a member.

I hope the rest of my colleagues will join me in congratulating all of this year's Service to America winners on receiving their medals. We thank them, and all Federal employees, for their service to our Nation.

Mr. President, I yield the floor.

FURTHER CHANGES TO S. CON. RES. 13

Mr. CONRAD. Mr. President, I wish to make a series of adjustments to the allocation of budget authority and outlays to the Senate Appropriations Committee and the section 401(b) Senate discretionary spending limits. I am making these adjustments for the Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2010, and for the Department of Defense Appropriations Act, 2010.

First, section 401(c)(2)(A) of the 2010 Budget Resolution permits the chairman to adjust the section 401(b) discretionary spending limits, allocations pursuant to section 302(a) of the Congressional Budget Act of 1974, and aggregates for legislation making appropriations for fiscal year 2010 that both appropriates \$273 million and provides an additional appropriation of up to \$485 million to the Social Security Administration for continuing disability reviews and Supplemental Security Income redeterminations.

Second, section 401(c)(2)(C) of the 2010 Budget Resolution permits the chairman to adjust the section 401(b) discretionary spending limits, allocations pursuant to section 302(a) of the Congressional Budget Act of 1974, and aggregates for legislation making appropriations for fiscal year 2010 that appropriates up to \$311 million to the Health Care Fraud and Abuse Control Program at the Department of Health and Human Services.

Third, section 401(c)(2)(D) of the 2010 Budget Resolution permits the chairman to adjust the section 401(b) discretionary spending limits, allocations pursuant to section 302(a) of the Congressional Budget Act of 1974, and aggregates for legislation making appropriations for fiscal year 2010 that both appropriates \$10 million and provides an additional appropriation of up to \$50 million for in-person reemployment and eligibility assessments and unemployment insurance improper payment reviews.

Fourth, section 401(c)(3) of S. Con. Res. 13, the 2010 Budget Resolution, permits the chairman of the Senate Budget Committee to adjust the section 401(b) discretionary spending limits, allocations pursuant to section 302(a) of the Congressional Budget Act of 1974, and aggregates for legislation making appropriations for fiscal year 2010 that appropriates \$3.2 billion in funding for the Low-Income Home Energy Assistance Program and provides an additional appropriation of up to \$1.9 billion for that program.

On August 4, 2009, the Senate Appropriations Committee reported H.R. 3293, the Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2010, with an amendment in the nature of a substitute. The reported bill contains \$2.746 billion in funding that satisfies the conditions of sections 401(c)(2)(A), 401(c)(2)(C), 401(c)(2)(D), and 401(c)(3). The Congressional Budget Office estimates that the \$2.746 billion in budget authority will result in \$2.197 billion in new outlays in 2010. As a result, I am revising both the discretionary spending limits and the allocation to the Senate Committee on Appropriations for discretionary budget authority and outlays by those amounts in 2010.

Finally, section 401(c)(4) of S. Con. Res. 13, the 2010 Budget Resolution, permits the chairman of the Senate Budget Committee to adjust the section 401(b) discretionary spending lim-

its, allocations pursuant to section 302(a) of the Congressional Budget Act of 1974, and aggregates for legislation making appropriations for fiscal years 2009 and 2010 for overseas deployments and other activities by the amounts provided in such legislation for those purposes and so designated pursuant to section 401(c)(4). The adjustment is limited to the total amount of budget authority specified in section 104(21) of S. Con. Res. 13. For 2009, that limitation is \$90.745 billion, and for 2010, it is \$130 billion.

On September 10, 2009, the Senate Appropriations Committee reported H.R. 3326, the Department of Defense Appropriations Act, 2010, with an amendment in the nature of a substitute. The reported bill contains \$128.221 billion in funding that has been designated for overseas deployments and other activities pursuant to section 401(c)(4). The Congressional Budget Office estimates that the \$128.221 billion in budget authority will result in \$66.653 billion in new outlays in 2010. As a result, I am revising both the discretionary spending limits and the allocation to the Senate Committee on Appropriations for discretionary budget authority and outlays by those amounts in 2010. When combined with previous adjustments made pursuant to section 401(c)(4), \$128.6 billion has been designated so far for overseas deployments and other activities for 2010.

When combining the effects of the adjustments made for both bills, I am revising today both the discretionary spending limits and the allocation to the Senate Committee on Appropriations by a total of \$130,967 million for budget authority and \$68,850 million for outlays.

I ask unanimous consent that the following revisions to S. Con. Res. 13 be printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

CONCURRENT RESOLUTION ON THE BUDGET FOR FISCAL YEAR 2010—S. CON. RES. 13; FURTHER REVISIONS TO THE CONFERENCE AGREEMENT PURSUANT TO SECTIONS 401(c)(2), 401(c)(3), AND 401(c)(4) TO THE ALLOCATION OF BUDGET AUTHORITY AND OUTLAYS TO THE SENATE APPROPRIATIONS COMMITTEE AND THE SECTION 401(b) SENATE DISCRETIONARY SPENDING LIMITS

NATIONAL PROSTATE CANCER AWARENESS MONTH

Mr. JOHNSON. Mr. President, today I wish to recognize September as National Prostate Cancer Awareness Month. Prostate cancer is the most diagnosed nonskin cancer in the United States and the most commonly diagnosed cancer in men. It is estimated that 200,000 men will be diagnosed with prostate cancer and 30,000 men will die from the disease this year. Our commitment to making awareness and

early detection of this disease a national priority must continue.

A simple blood test, the prostate-specific antigen, or PSA, can detect the risk of prostate cancer. Health experts recommend that doctors offer men yearly screening beginning at age 50. However, men with high-risk factors should consider starting yearly testing earlier. We must remember that through screening and early detection, we truly can save lives.

I am proud to add my voice to those who are working to fight prostate can-

cer, and I take this opportunity to recognize the families, professionals, and advocates who work day after day to be a powerful voice for prostate cancer patients. I commend them on their tireless efforts to raise awareness of the risks, to promote early detection and treatment, and to further our efforts to understand and eliminate this disease. We must all join these efforts to pursue increased funding for biomedical research and public health awareness
