ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Ms. JACKSON-LEE of Texas) (during the vote). There are 2 minutes remaining in the vote.

□ 1415

So (two-thirds being in the affirmative) the rules were suspended and the concurrent resolution was concurred in.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

□ 1415

ABC/WASHINGTON POST POLL BIASED

(Mr. SMITH of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SMITH of Texas. Madam Speaker, a poll is reliable only if its questions are unbiased.

A new ABC/Washington Post poll says that most Americans support a public option for health insurance, but the poll question was slanted and characterized a public option as a way to increase competition. There is no mention that a public option could increase premiums, reduce choices, and raise taxes.

In June, the same poll also asked respondents whether they would still support a public option if it made private health insurers go out of business. Support dropped to 37 percent. It's no wonder ABC and the Washington Post omitted that question from its most recent poll.

Furthermore, though it wasn't emphasized, the poll actually revealed that the American people oppose the Democrats' changes in the health care system by 48 to 45 percent. The media should present the facts, not slant the questions and the news.

MIAMI-DADE GO RED FOR WOMEN EXECUTIVE WOMEN'S BREAKFAST

(Ms. ROS-LEHTINEN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ROS-LEHTINEN. Madam Speaker, I am so pleased to recognize the important work of the Heart Association of Miami-Dade and its October 29 Go Red for Women Executive Women's Breakfast.

The National Go Red for Women Campaign, to be held in February, was started in the year 2004 to raise awareness for this critical disease. As the leading cause of death in women, every

year 8.6 million women around the world die from heart disease. Unfortunately, many women do not realize that heart disease accounts for nearly one-third of all deaths in women. Through prevention, this number will be greatly reduced.

The Go Red for Women Campaign advocates awareness and prevention for this disease that affects so many of our grandmothers, our mothers, our aunts, and our daughters. With the continued efforts of the Go Red for Women Campaign and our local south Florida chapter of the American Heart Association, we can ensure that fewer women—and men—fall victim to heart disease.

I encourage all of south Florida to attend Miami-Dade's Go Red for Women Executive Women's Breakfast in October and get involved with the Go Red for Women Campaign in February.

RYAN WHITE HIV/AIDS TREATMENT EXTENSION ACT

(Ms. WASSERMAN SCHULTZ asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. WASSERMAN SCHULTZ. Madam Speaker, I rise in strong support of the Ryan White HIV/AIDS Treatment Extension Act.

The Ryan White Act is lifesaving legislation that funds a vast array of innovative and effective services that form the health care safety net for uninsured and underinsured Americans living with HIV/AIDS. Ryan White programs are a "payer of last resort" which subsidize treatment when no other resources are available.

The program provides medical care, drugs, and support services for 500,000 people a year. It has been a huge success in reducing sickness and death from HIV disease and helping people live longer, more healthy and productive lives.

The Ryan White programs also provide funding and technical assistance to local and State primary medical care providers, support services, health care providers, and training programs. Congress must extend this critical law to ensure that vital services are not withheld from people who so desperately need them.

We must pass this legislation so that Ryan's legacy lives on with his message of love, compassion, and hope.

SUPPORT FOR HONDURAS

(Mr. DANIEL E. LUNGREN of California asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. DANIEL E. LUNGREN of California. Madam Speaker, I had the privilege a few moments ago to meet with three members of the Honduran Supreme Electoral Tribunal. Having the opportunity to speak with them, to ask them questions, and to match their words against the words of their Constitution just affirms in my mind the
