Mr. POE of Texas led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

ANNOUNCEMENT BY THE SPEAKER

The SPEAKER. The Chair will entertain up to 15 requests for 1-minute speeches on each side of the aisle.

OUR PRESENCE IN AFGHANISTAN NOT WANTED

(Mr. KUCINICH asked and was given permission to address the House for 1 minute.)

Mr. KUCINICH. Why are we still in Afghanistan? Al Qaeda’s been routed. Our occupation fuels a Taliban insurgency. The more troops we send, the more resistance we meet. If we want to be truly secure, we need to redefine national security to include financial security, because America has record debt, skyrocketing unemployment, huge trade deficits, record business failures, and foreclosures.

The people of Afghanistan don’t want to be saved by us. They want to be saved from us. Our presence and our Predator drones kill countless innocents, create more U.S. enemies, and destabilize Pakistan. The U.S.-created Karzai government is hopelessly corrupt, despised by Afghans. Our solution: provide them with a high-level U.S. minder, making him less legitimate. Another strategy: buy or rent friends among would-be insurgents. Give them cash and guns. When the money runs out, they shoot at U.S. soldiers.

We played all sides in Afghanistan—and all sides want us out. They don’t want our presence, our control, our troops, our drones, our way of life. We’re fighting the wrong war in the wrong place at the wrong time. What part of “get out” do we not understand?

CONDITIONAL COMMITMENT

(Mr. POE of Texas asked and was given permission to address the House for 1 minute.)

Mr. POE of Texas. Madam Speaker, a war cannot be won from a podium, but it can be lost. Laying out our entire military strategy in Afghanistan for our enemies is not only unwise, but poses a significant threat to national security. Our enemies have proven to be patient and steadfast in their determination to wage war on democracy and freedom. The President will send more troops, but has shown his entire hand to the world.

Last night’s premature announcement by the President of an arbitrary end date for withdrawal contradicts our commitment to winning the war on terror—no matter how long it takes. It reaffirms our enemy’s belief that America will lose its will to win. It seems our policy in fighting the war in Afghanistan is the surge-and-retreat plan. Success should be the mission, not “get out of Dodge” on a certain date.

Nowhere in history has a nation told its enemy that commitment would be for a set period of time and then the struggle would be abandoned. The President has said he wants to avoid another Vietnam, yet he has reintroduced the Vietnam syndrome of conditional commitment to America’s cause.

And that’s just the way it is.

JOBS AND THE ECONOMY

(Mr. WILSON of Ohio asked and was given permission to address the House for 1 minute.)

Mr. WILSON of Ohio. Madam Speaker, I rise today to address the issue of key importance for my constituents:
jobs and the economy. I'm proud of the work that Congress has done to bolster the economy and create new jobs across our country. In Ohio, we continue to see new funds awarded and released every week. Communities across the State and every district have been positively impacted by these funds. To date, over $225 million of recovery funds have been announced to counties I represent along the Ohio River, ranging from improvements in technology investments to education funding, substantial things for our future.

Just last week, $75 million in recovery money was announced in Ohio. These funds include $8.6 million for water projects in 10 of my 12 counties. That investment represents jobs for our workers and clean water for our residents. I'm proud to work for the results that these investments have accomplished. With more than half the money to be spent, I look forward to more of these improvements throughout the State of Ohio as we put America back to work.

HONORING MIAMI-DADE POLICE DIRECTOR ROBERT PARKER

(Ms. ROS-LEHTINEN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ROS-LEHTINEN. I rise today to extend my sincere thanks to a distinguished south Floridian and a faithful public servant, Miami-Dade Police Director Robert "Bobby" Parker. After 53 years of service to our community, it is truly with great sadness that we see such a fine and dedicated police officer retiring.

In 2004, Bobby's long and successful career with the Miami-Dade Police Department culminated in the directorship of the department. Under his leadership, the department saw the implementation of unique and cutting-edge programs such as the Mortgage Fraud Task Force and the Gun Bounty Program. His foresight and hard work have consistently had a profound and positive impact on all of south Florida. He has always made his greatest efforts for the benefit of others and will be greatly missed by both the department and our community.

It is with pleasure that I join Bobby's family, friends, and peers as they honor the many accomplishments of his outstanding career. Bobby's lasting legacy will certainly be inspiring to countless officers to match his selflessness and performance.

I thank my good friend, Miami-Dade Police Director Bobby Parker, for all that he has done for our community in south Florida, and I truly wish him all the best in his years to come.

BRINGING A STRONG JOBS BILL

(Mr. ALTMIERE asked and was given permission to address the House for 1 minute.)

Mr. ALTMIERE. Madam Speaker, since our economy bottomed out in late winter and Democrats took bold and decisive action, the stock market has risen 4,000 points and America experienced its first positive GDP growth in 15 months. But more can be done and more must be done.

So as we recover from one of the most severe recessions in our Nation's history, Democrats will focus on helping Americans on Main Street, not Wall Street. We will build upon the momentum we have created for positive growth in our economy and bring to the American Dream instead of pointing fingers and calling names, this is a time when we all need to be working together to find real solutions in creating jobs for the American people right here in the United States and not outsourcing those jobs outside of here.

For my part, I will host a jobs summit to hear from the private industry, nonprofit organizations, and labor organization and educators.

HONORING KEVIN LEE MITCHEM OF MATHEWS COUNTY, VIRGINIA

(Mr. WITTMAN asked and was given permission to address the House for 1 minute.)

Mr. WITTMAN. I rise today to pay tribute to Kevin Lee Mitchem. Kevin Mitchem was a proud Mathews County resident and a fervent supporter of public education, and he was committed to lending his time and knowledge to youth in the community. Kevin was a devoted husband to his beloved wife, Sara, and a dedicated father to their two children, Rachel and Daniel. As the owner of Mitchem Seafood, Kevin was a staunch supporter of watermen and the seafood industry.

At the time of his passing, Kevin Mitchem was the chairman of the Mathews County Board of Supervisors, and prior to the chairmanship he served for 12 years as a board member. Additionally, he served on the Middle Peninsula Planning District Commission.

Kevin was deeply involved in his community and dedicated much of his time and effort to serve the residents of Mathews County. Kevin Lee Mitchem was a true friend to all who knew him and will be greatly missed. He touched many people's lives and the work that he did for his community will never be forgotten. My thoughts and prayers are with his family and friends.

DISPELLING HEALTH CARE MISINFORMATION

(Mr. GOHMERT asked and was given permission to address the House for 1 minute.)

Mr. GOHMERT. I need to dispel some of the misinformation that's been put out about the health care bill that we passed in this House. For one thing, some have said, Well, States require you to have insurance on your car, so of course we can mandate that people buy health insurance. The bill we passed is not going to provide health insurance. It's going to mandate—that you buy it, and if you don't, if you're above the poverty line, it won't be provided. In fact, you have an extra income tax if you don't buy the Cadillac insurance the government mandates.

If you want to know about the comparison, first of all, to States requiring car insurance, not one State in the country requires that a car—your own car—be insured. They require that you buy insurance to ensure against hurting another car or damaging another car. This is a whole different thing. We're mandating that you buy insurance on your own car, your own vehicle, your own body. And that's not constitutional.

WIDER WAR NOT A PATH TO PEACE AND SECURITY

(Mr. DOGGETT asked and was given permission to address the House for 1 minute.)

Mr. DOGGETT. Madam Speaker, I agree with so much of what President Obama said last night, but not so much what he would do. The path to peace and security will not be found through a wider war. Troop escalation by 40 percent, then de-escalation, all within 18 months, is totally unrealistic. We are fighting two wars on the installment plan: a few more troops, a few more months, and many more billions. 2011 will not mark the
end of this war. It will just mark the beginning of the next installment in what is a deteriorating 8-year war whose elusive end is always just over the horizon.

The better exit strategy is to have fewer troops. With some allies already prepared to abandon us, we have to accelerate this effort prop up a corrupt Karzai government that just stole over a million votes. Afghanistan can consume as many lives and as many dollars as we're willing to expend there, and leave our families no safer.

Mr. YARMUTH. Madam Speaker, I reject the notion that the Recovery Act was a failure. To the contrary, our Republican friends persist in believing the Recovery Act was a failure. The stimulus money is still going to be spent into our economy. We passed a stimulus bill that cushioned the loss of jobs and is beginning to bring jobs back. More than half the Recovery Act money is still going to be spent into our economy. We passed a new unemployment extension benefit that will take effect and cushion the blow for working families.

But American families that have lost their jobs know that we need to do more, and we are going to do more. In contrast, Republicans have offered nothing. They voted “no” on creating jobs. We are going to say “yes,” and we're going to pass another jobs bill and stimulate our economy.

Mr. WELCH. Madam Speaker, America faces two very serious challenges today. The first is an economy that continues to struggle. Too many Americans who want to work are out of work. The second is an energy policy that is failing. It’s not clean, it’s not sustainable, and it’s not affordable. We can address the jobs issue by taking on the challenge of a clean energy economy. We can create jobs. We can save homeowners money on their energy bills, and we can reduce our contribution to climate change. We can do that by investing in a national energy efficiency retrofit program.

Mr. WELCH. Madam Speaker, America faces two very serious challenges today. The first is an economy that continues to struggle. Too many Americans who want to work are out of work. The second is an energy policy that is failing. It’s not clean, it’s not sustainable, and it’s not affordable. We can address the jobs issue by taking on the challenge of a clean energy economy. We can create jobs. We can save homeowners money on their energy bills, and we can reduce our contribution to climate change. We can do that by investing in a national energy efficiency retrofit program.
Recently, 44 of my House colleagues and I wrote to President Obama, urging him to act now, to use his existing authority, to use already appropriated stimulus funds to build a national home retrofit program that will create jobs. Some call it Recovery Through Retrofit. Some call it Cash for Clunkers. I call it a sure-fire way to create jobs, and to create them now.

JOBS AND THE ECONOMY
(Ms. WATSON asked and was given permission to address the House for 1 minute.)

Ms. WATSON. Madam Speaker, Democrats have been focused on helping Main Street, not Wall Street, and momentum continues to build for additional job creation legislation. The Republicans created one of the worst recessions in history and did very little to help a recovery. The Republicans exacerbated the recession with tax cuts that favored the wealthy and did very little to help working people. Democrats acted to save the economy from falling apart, to facilitate a recovery and to put people to work.

We will build on the work we have done so far, and save jobs and get this economy moving. More than half of the Recovery Act still must be spent into our economy, boosting it in the short term and laying a new foundation for long-term prosperity. New extensions of unemployment benefits have been taking effect that will inject demand into the economy. The first-time home-buyer tax credit, which has been extended, will be renewed in less than 2 weeks.

TIME TO END THE WAR IN AFGHANISTAN
(Ms. PIN Gregg of Maine asked and was given permission to address the House for 1 minute.)

Ms. PIN Gregg of Maine. Madam Speaker, $2.5 billion—that’s my State’s share of the wars we’ve been fighting for the last 8 years, and now this country is being asked to spend another $30 billion a year to send more troops to Afghanistan. It’s too much, Madam Speaker, for a war that just isn’t working.

At a time when we are struggling to put Americans back to work, we just can’t afford to escalate a war that we need to be winding down. At a time when we have asked our men and women in uniform to return to combat again and again, we cannot afford to spend all one more time to fight to protect a government that is now considered the second most corrupt on Earth. At a time when we are working to bring affordable health care to every family in this country, we just can’t afford to spend $1 million per soldier to occupy a country that doesn’t want us there.

Don’t be mistaken, Madam Speaker. When we need to protect our vital national interests, there is no cost too great, and the greatest Armed Forces in the world will rise to meet any challenge. But this is not the time to pay that price. This is a time to end this war and bring the troops home.

SUPPORT FOR SENDING MORE TROOPS TO AFGHANISTAN
(Mr. PENCE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PENCE. After months of deliberation, the President announced yesterday his decision to endorse a request for reinforcements by our commanding officer in Afghanistan, and I support his decision. By calling for a surge of forces in Afghanistan, President Obama is embracing the counterinsurgency strategy that succeeded in Iraq and, if given a chance, will succeed again. The war in Afghanistan is a war of necessity. A decisive victory over the Taliban and al Qaeda must remain our unchanging objective.

Now while reinforcements are critical to achieving victory, the morale of our troops and the unequivocal support of those at home is also important. Our brave men and women in uniform need to know that those who send them into battle will stand by them until the battle is won. Congress should resist the temptation to impose artificial timelines for withdrawal or benchmarks, as they only demoralize our troops and embolden our enemies.

Telling the enemy, when your commitment to fight will run out is a prescription for defeat.

Congress should also reject any effort to pass a tax increase on the backs of our soldiers. Levying a war surtax at a time of runaway Federal spending is an insult to our men and women in uniform.

I look forward to joining my colleagues on this task force in the coming weeks to find real solutions that will create jobs for Nevada and the rest of the country.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE
The SPEAKER pro tempore (Ms. LORETTA SANchez of California). Pursuant to clause 8 of rule XX, the Chair will postpone further proceedings today on motions to suspend the rules on which a recorded vote or the yeas and nays are ordered, or on which the vote incurs objection under clause 6 of rule XX.

Record votes on postponed questions will be taken later.

RECOGNIZING THE EXEMPLARY SERVICE OF THE 30TH INFANTRY DIVISION DURING WORLD WAR II

Mr. KISSELL. Madam Speaker, I move to suspend the rules and agree to the resolution (H. Res. 494) recognizing the exemplary service of the soldiers of the 30th Infantry Division (Old Hickory) of the United States Army during World War II, as amended.

The Clerk read the title of the resolution.

The text of the resolution is as follows:

H. RES. 494

Whereas the 30th Infantry Division of the United States Army was first activated in October 1917 and originally consisted of National Guard units from North Carolina, South Carolina, Georgia, and Tennessee;

Whereas, during World War II, the 30th Infantry Division landed at Normandy on June 14, participated in the advance across Northern France, joined the invasion of the German Rhineland, defended the Ardennes-Alsace, and fought to the final defeat of Germany in May 1945;

Whereas the 823rd and the 733rd Tank Destroyer Battalions were periodically attached to the 30th Division throughout its campaign in Europe;

Whereas the 30th Infantry Division played a key role in the breakout of the Allied forces from Normandy at St. Lo and the subsequent advance across France and the other elements of the division participated;

Whereas the 30th Infantry Division established its role in the defense of Mortain and St. Barthelemy, France, and Hill 317 against a German counterattack in August 1944, actions in which three infantry regiments of the division (the 117th, 119th, and 120th) and a part of a fourth regiment and other elements of the division participated;

Whereas the 30th Infantry Division also played a key role stopping the German advance in the Battle of the Bulge and captured Malmey and Stavelot and its vital bridge over the Ambleve River;

Whereas, in the report prepared for General Dwight D. Eisenhower by the American combat units that fought in the European Theater, the Army’s official historian,
Madam Speaker, today I rise in strong support of House Resolution 494, which recognizes the service and sacrifices of the members of the 30th Infantry Division during World War II. And I want to commend Representative Larry Kissell of North Carolina for sponsoring this legislation, for his leadership, and for his deep passion concerning the members of the 30th Infantry.

The 30th Division was a National Guard division made up of men from several States, with many initially coming from North Carolina. These citizen soldiers established a remarkable record in Europe during the operations from 1944 through the end of the war in May of 1945.

So outstanding were their achievements that military historians of the day judged it to be the first among infantry divisions that had performed the most efficient and consistent battle service, achieving results without undue wastage of the lives of men who served in the 30th.

The commitment of the men of the 30th Division to make the sacrifices necessary to finish the mission to defeat an obvious threat to freedom and the security of the world should serve as an example and inspiration to us today. The Nation provided these men the resources necessary to win the war to which they were committed. And our American soldiers, sailors, marines have made the same commitment to this Nation today. We must heed the lessons to be learned from the 30th Division and today fully support our troops and their families with the resources necessary for them to finish the job in the wars America is fighting today.

I urge every Member to support this resolution.

Madam Speaker, I have no further requests for time, and I yield back the balance of my time.

Mr. KISSELL. Madam Speaker, I thank my colleague from Virginia for his support and remarks.

The 30th Division, after its historic stand at the battle of Mortain, fought its way into Belgium in the heavy fighting that took place before the Battle of the Bulge. They fought in the Bulge and the Bulge, crossed the bridge at Remagen, and they shook hands with the Russians on the Elbe River at the end of the war.

The 30th Division has returned to its National Guard identification, centered mostly once again in North Carolina. The 30th, as I mentioned before, is currently in Iraq on its second tour of duty of service to this Nation. So the great tradition of the 30th, the Old Hickory Division, that began during World War I continues today as these troops, men and women, serve our Nation.

Madam Speaker, on a personal note, I would like to add that my father, Richard Henry Kissell, was a sergeant in the 30th Division. He served in the Army in the early part of 1941, and he was with the 30th all the way through. As a member of the 230th Field Artillery, he steered ashore on the beaches of the Omaha D-day-plus-1, and all of the things we talked about, my father was there.

But he was just one of many that served our Nation in the 30th and all
the other forces during World War II that we call the “Greatest Generation,” that came back and did so much to make this Nation the great Nation that it continues to be today.

So it is with great pride and enthusiasm to reflect upon the aspect of the 30th Division and its relation to not only my State, to my family, but to the Nation that I encourage all my colleagues to join in voting for House Resolution 494 honoring the 30th Division.

Madam Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from North Carolina (Mr. Kissell) that the House suspend the rules and agree to the resolution, H. Res. 494, as amended.

The Chair recognizes the gentleman from North Carolina.

GENRAL LAVE

Mr. KISSELL. Madam Speaker, I request unanimous consent for Members to be able to revise their remarks during the next 5 days.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from North Carolina (Mr. Kissell) and the gentleman from Virginia (Mr. Wittman) each will control 20 minutes.

CONGRATULATING THE SAILORS OF THE UNITED STATES SUBMARINE FORCE

Mr. KISSELL. Madam Speaker, I move to suspend the rules and agree to the concurrent resolution (H. Con. Res. 129) congratulating the Sailors of the United States Submarine Force upon the completion of 1,000 Ohio-class ballistic missile submarine (SSBN) deterrent patrols.

The Clerk read the title of the concurrent resolution.

The text of the concurrent resolution is as follows:

H. CON. RES. 129

Whereas the Sailors of the United States Submarine Force recently completed the 1,000th deterrent patrol of the Ohio-class ballistic missile submarine (SSBN); Whereas this milestone is significant for the Submarine Force, its crews and their families, the United States Navy, and the entire country; Whereas this milestone was reached through the combined efforts and impressive achievements of all of the submariners who have participated in such patrols since the first patrol of USS Ohio (SSBN 726) in 1982; Whereas a result of the dedication and commitment to excellence of the Sailors of the United States Submarine Force, ballistic missile submarines have always been ready and vigilant, reassuring United States allies and deterring anyone who might seek to do harm to the United States or United States allies; Whereas the national maritime strategy of the United States recognizes the critical need for strategic deterrence in today’s uncertain world; Whereas the true strength of the ballistic missile submarine lies in the extremely talented and motivated Sailors who have voluntarily chosen to serve in the submarine community; and Whereas the inherent stealth, unparalleled firepower, and nearly limitless endurance of the ballistic missile submarine provide a credible deterrent for any enemies that would seek to use force against the United States or United States allies: Now, therefore, be it

Resolved by the House of Representatives (the Senate concurring), That Congress—

(1) congratulates the Sailors of the United States Submarine Force upon the completion of 1,000 Ohio-class ballistic missile submarine (SSBN) deterrent patrols; and

(2) honors and thanks the crews of ballistic missile submarines, submarine support facilities and their families for their continued dedication and sacrifice.

The Chair recognizes the gentleman from North Carolina.

Mr. KISSELL. Madam Speaker, I request unanimous consent for Members to be able to revise their remarks during the next 5 days.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from North Carolina (Mr. Kissell) and the gentleman from Virginia (Mr. Wittman) each will control 20 minutes.

Mr. WITTMAN. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, it is with great enthusiasm that I rise in support of House Concurrent Resolution 129, and I want to thank Representative DICKS from Washington for his work in bringing this resolution to the floor. It is an opportunity for us as a House of Representatives to congratulate the Navy and the sailors of our ballistic submarine fleet upon the completion of 1,000 missions, that’s 1,000 missions of deterrence and protecting our Nation. This silent service, the Ohio-class submarine, the highest of technology, the greatest of sailors, and the most stealthy of operations, has been in service protecting our Nation since the first cruise of the USS Ohio in 1982.

This is not an easy service. Only 5 percent of all our sailors are qualified to serve in our ballistic submarine fleet. The highest of technologies and the advancements that we have seen as a Nation are represented in this classification of service also.

Oftentimes, our sailors are on duty for 77 or more straight days and they come back then to work 35 days of Leave to give them personal time. It’s a tremendous burden upon them. But, once again, these are the highest qualified of individuals that you can find, because when they are on their ship, they have to have the knowledge of the technology to the most minute of details to be able to service the ship as needed and to complete the mission. And they have an A-plus rating for these years of service during the 1,000 missions that they have brought to us.

Madam Speaker, I reserve the balance of my time.

Mr. WITTMAN. Madam Speaker, I yield myself such time as I may consume.

Mr. DICKS. Madam Speaker, I introduced this resolution, H. Con. Res. 129, to recognize the achievements of the U.S. Submarine Force for the completion of the 1,000th Trident strategic deterrence patrol earlier this year. It is fitting that we take a moment to recall the sacrifices made by these submariners and their families to defend our freedoms and protect our way of life.
For over 27 years, Ohio-class ballistic missile means, or SSBNs, have been our most survivable form of deterrence. As a result of the commitment to excellence by everyone associated with the SSBN program, our strategic missile submarine force will always be a part of our Nation’s history. Today, these elite submarines remain on the front lines of freedom. Through their silent patrols, they will preserve peace for many years to come.

The success of the Trident program and the protection it continues to provide is a result of the sacrifices of a broad array of organizations and individuals; the submarine industrial base, which produces the advanced technologies and highest quality equipment for these ships; the maintenance facilities and their technicians and engineers who work to a demanding timeline and under difficult circumstances; the strategic teams ready for sea; the submarine training facilities which ensure that our sailors are trained and ready to perform their missions under any circumstances; and not least, the sailors and their families who dedicate their lives to supporting our Nation. Their sacrifice year after year is a large part of our Nation’s greatness.

Because I come from the Puget Sound region in the State of Washington, I have had the opportunity to watch the successes of the Trident submarine program from its inception. Back in 1972, the Navy decided that the Puget Sound would be the west coast home port for its newest class of strategic missile submarine, the Ohio-class submarines, the Ohio-class SSBN.

In August 1982, the lead ship, USS Ohio, arrived on the Bangor waterfront to start life with a new mission. Ohio was followed by seven more Trident boats, each taking up its responsibilities in this strategic defense of our Nation. Of the original 18 Trident SSBNs in the U.S. inventory, eight now call the Puget Sound their home and continue their crucial strategic deterrent role.

Additionally, after 24 years in operation, the first four SSBNs—Ohio, Michigan, Florida, and Georgia—have been converted into cruise missile submarines. Two of these platforms, Ohio and Michigan, continue their service from the Bangor submarine base in this new role. The remaining six Ohio-class SSBNs and two cruise missile submarines have always been ready from the naval submarine base at Kings Bay, Georgia.

It is truly fitting that we recognize the achievements of our Trident submarine and their families over the past 27 years. We look to them to continue to build upon their legacy of excellent service to the United States in the years ahead.

I want to thank my colleagues, Mr. KISSELL, Mr. WITTMAN, who have joined me in supporting this resolution; and I urge all of my colleagues to support it with their votes.

I would just add one thing: this is such an important program—and I have heard that the Defense Appropriations Subcommittee for 31 years—that we are now starting a follow-on to the Trident submarine program. And I can remember when we had great debates here in the House on whether we should do a single service, and whether we should have an MX missile. The one thing that we always understood is that the most survivable element of our strategic triad were these Trident submarines, and I commend Admiral Rickover and all of those who followed him for the great work that they did in inspiring these concepts, and it has been of great value to our country.

So I appreciate the gentleman from North Carolina yielding to me, and I appreciate your support of this resolution to the floor. And I urge my colleagues to vote in favor of it. Thank you.

Mr. KISSELL. I would like to, at this point in time, thank my colleagues from Virginia (Mr. WITTMAN) and from Washington (Mr. DICKS) for their words about this resolution, the importance of this resolution.

This branch of service in the Navy, to the crews of the 14, these Ohio-class submarines, we offer our appreciation and thanks to the people that make it work, all of the listings of people that were given but especially to the friends and the families of these crew members that, without them and their support for these crews, it would make this work extremely much harder than what it is already during the times of separation and trials that exist upon the families.

This branch of service remains strong. It is a clear deterrent to those who seek to destroy our Nation may incur. We once again congratulate this branch of service on its 1,000th mission of deterrence and 1,000th successful mission. I reserve my time.

Mr. WITTMAN. I yield myself such time as I may consume.

Madam Speaker, I would like to thank again Mr. DICKS from the State of Washington and his leadership and his vision especially as we progress from the Ohio-class of submarine to the next generation, which Mr. KISSELL is right, the Ohio-class has been an integral part of the triad of the defense of this Nation. It is critically important that we plan now for the next generation of submarine that will eventually replace the Ohio-class that we are extending.

And I applaud his vision, his leadership in recognizing the importance of the Ohio-class but also the efforts that make sure that we have that next class that provides for the defense of this Nation.

And I’d like to thank Mr. KISSELL, too, for his leadership and his recognition of the importance of the Ohio-class submarine and also the importance of the next class of the replacement for the Ohio-class for the future defense of this Nation.

With that, Madam Speaker, I have no other speakers, and I yield back my time.

Mr. KISSELL. Madam Speaker, at this point in time I would like to encourage all of my colleagues to join in voting “aye” on H. Con. Res. 129 to honor the Navy once again and the sailors in the Ohio-class submarines, their sacrifice, for its great work and successful 1,000 missions.

I yield back my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from North Carolina (Mr. KISSELL) that the House suspend the rules and agree to the concurrent resolution, H. Con. Res. 129.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds being in the affirmative, the ayes have it.

Mr. KISSELL. Madam Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair’s prior announcement, further proceedings on this motion will be postponed.

MILITARY FAMILY MONTH

Mr. KISSELL. Madam Speaker, I move to suspend the rules and agree to the resolution (H. Res. 861) supporting the goals and ideals of National Military Family Month, as amended.

The Clerk read the title of the resolution.

The text of the resolution is as follows:

H. RES. 861

Whereas military families, through their sacrifices and their dedication to the United States and its values, represent the bedrock upon which the United States was founded and upon which the country continues to rely in these perilous and challenging times; and

Whereas the month of November, which includes the Veterans Day holiday, was declared by the President on October 30, 2009, to be Military Family Month: Now, therefore be it

Resolved, That the House of Representa- (1) supports the goals and ideals of Military Family Month; (2) recognizes the sacrifices and dedication of military families and their contributions to the United States; and (3) expresses the appreciation to the people of the United States who observed Military Family Month with appropriate ceremonies and activities.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from North Carolina (Mr. KISSELL) and the gentleman from Virginia (Mr. WITTMAN) each will control 20 minutes.

The Chair recognizes the gentleman from North Carolina.

Mr. KISSELL. Madam Speaker, I request unanimous consent for Members to have 5 legislative days in which to extend and modify their remarks.
The Speaker pro tempore. Is there objection to the request of the gentleman from North Carolina?

There was no objection.

Mr. KISSELL. Madam Speaker, I yield myself such time as I may consume.

I would first like to recognize Congressman ROONEY from Florida for bringing this resolution to the floor. It is a very timely resolution and one that, while we recognize the importance of our military families all the time, we certainly want to have the opportunity to make it official, so to speak, for this Congress, this House of Representatives, to join in that recognition. So I thank Representative ROONEY for his efforts.

I also want to commend and thank President Obama for declaring November to be National Military Family Month as we support this resolution that will join in the goals and ideals that are set forth in this proclamation.

Mr. KISSELL. Madam Speaker, I know that our military families are dedicated but also face great challenges and difficulties. As our troops have faced repeated deployments and have gone back into the field more often than perhaps we would have liked our families, it is necessary for us, as we need for them to do, so much of the burden of this service falls back to the military family.

But the military families have responded in incredible ways. They unite around each other. They support each other. They help their single-parent families. They come together in a way not only to support themselves but to also support their family members that are deployed. It is not a surprise that this happens, because they are an extension of these men and women that serve our nation so heroically.

So with this resolution, H. Res. 861, we simply want to recognize once again the work, the dedication, the sacrifice in how our military families come together and acknowledge this in a positive way from the U.S. House of Representatives.

I reserve my time.

Mr. WITTMAN. Madam Speaker, I yield to the gentleman from Florida (Mr. ROONEY) for as much time as he may consume.

Mr. ROONEY. Thank you, Mr. WITTMAN and Mr. KISSELL, for managing this bill and for Chairman SHELTON and Ranking Member MCKAY for supporting the National Military Family Month resolution.

This resolution is about supporting our military families. We rightly give due credit time and time again in this Chamber to our service men and women who wear the uniform, especially now in a time of war. But this bill goes a step further in recognizing the spouses and the parents and the children of those men and women who serve.

As a former Army captain married to another Army captain, my wife and I met so many families at just two of our duty stations at Fort Hood, Texas, and West Point, New York. The people that we came to know in the military were truly the best people we've ever met. The sacrifice of seeing a loved one off to war and waiting the days and months for their return, sending letters, making phone calls, and waiting for a phone call or an email just to hear that they're okay; the sacrifice of moving time and time again and town to town and duty station to duty station when other families set down roots; the sacrifice of saying goodbye, the sacrifice of a mom and dad seeing their child putting on a uniform for the first time and marching at graduation and the pride that they feel, and sometimes even the sorrow of receiving a flag that draped their child's casket, this resolution honors them, moms and dads, the spouses, the children.

I urge Members to support this, and thank you for yielding, Mr. WITTMAN and Mr. KISSELL, and for supporting this bill.

Mr. KISSELL. Madam Speaker, I once again thank Representative ROONEY for bringing this resolution to the floor. And all of the ideals that he expressed, I thought for a moment I've had the opportunity to speak with many of our soldiers; and to a person, they tell me that if they just know their families are being taken care of, what a relief that is for them to concentrate on the duty that we're asking for them to perform in where the mission might be.

So once again, I ask for support for the resolution for a National Military Family Month, and I reserve the balance of my time.

Mr. WITTMAN. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I rise in strong support of House Resolution 861, which recognizes the goals and ideals of National Military Family Month. And I want to commend Representative Tom ROONEY of Florida for sponsoring this legislation.

Twenty years ago, the week of Thanksgiving was deemed Military Family Week as part of the Great American Family Project. And in 1996, with the support of the Armed Services YMCA, Military Family Week was expanded into Military Family Month, and Military Family Month seeks to recognize the sacrifices of our military families and the things they do for our Nation each and every day.

As we celebrate Veterans Day and Thanksgiving during the month of November, it is important that we celebrate the critical role of the military family.

During a time of extended conflict, it is imperative not only that we stop and take time to acknowledge the dedications and sacrifices made by our military families every day, but also that we pause to recognize the strength, commitment, and courage of the military spouse and children of our men and women serving today.

Whether deployed overseas or training at home, the families of our servicemen and -women are the foundation of our military and proudly represent a keystone in a strong national defense. Even though this resolution commemorates the month of our military families, I believe our military families should be praised every day for their selfless service to America. I urge Members to vote in favor of this resolution and American military families.

I yield back the balance of my time.

Mr. KISSELL. Madam Speaker, I join with my colleague from Virginia in recognizing that the service and dedication of our military families is not just a 1-month deal; it is something that occurs every day, and we should recognize that every day. I ask my colleagues to support the resolution, H. Res. 861.

Mr. ENGIEY of Georgia. Madam Speaker, I rise today as a proud cosponsor of H. Res. 861, a resolution supporting the goals and ideals of National Military Family Month.

The families of those who serve our country on the front lines deserve recognition and appreciation of each and every one. These family members often watch their loved ones travel to faraway lands in support of a cause and an ideal so much greater than any one individual. The support given to our service men and women by their loved ones is irreplaceable, as it is the foundation for the bravery inherent in those who labor steadfastly in the defense of liberty.

The men and women of the United States armed services rely on the support and encouragement of their families to protect the liberties and freedoms we enjoy every day at home. From the service organizations that provide holiday gifts to the letter that a parent or sibling writes to a loved one deployed or stationed abroad, the love and support of our military families is paramount. The sacrifices performed by these families should never be forgotten or diminished because they represent the very foundation of the American spirit.

Let's also make certain that we remember those individuals who are in harm's way today in Iraq and Afghanistan, as well as those who have paid the ultimate sacrifice—we are forever grateful for your heroic acts and for your service to our nation.

The brave men, women, and families who have and continue to sacrifice for our present freedoms deserve our fullest support. These individuals represent our nation's finest qualities, and they must be treated with the utmost respect and honor. Recognizing the month of November as National Military Family Month is just one small token of our appreciation for the families and their sons, daughters, brothers, and sisters who labor steadfastly for the United States and its undying values of freedom and liberty for all. It is my hope that we continue to do all we can and more for the members of our Armed Forces and their families.

Madam Speaker, I urge all of my colleagues to support this resolution.

Mr. JOHNSON of Georgia. Madam Speaker, I rise today to applaud the actions of the House of Representatives in recognizing the burden which military families bear, and honoring the importance of the sacrifices they
Whereas many elementary and secondary schools and teachers have held drives in recent years to collect items to send to veterans, members of the Armed Forces, and families of such members;

Whereas fewer than half of the Nation’s high school seniors have a basic knowledge of American history and the contributions veterans have made to the Nation’s safety and security;

Whereas it is important for elementary and secondary school students to learn about the history of the Nation and the wars and missions veterans have participated in and sacrificed for;

Whereas elementary and secondary schools across the Nation host Veterans Day programs to honor and educate students about the sacrifices veterans have made: Now, therefore, be it

Resolved, That the House of Representatives:

(1) recognizes the importance of teaching elementary and secondary school students, on Veterans Day and throughout the school year, about the sacrifices that veterans have made throughout the history of the Nation; and

(2) encourages elementary and secondary schools to engage students in learning about, and honoring, veterans and the sacrifices they have made.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New York (Mr. BISHOP) and the gentleman from Kentucky (Mr. GUTHRIE) each will control 20 minutes.

The Clerk read the title of the resolution.

Mr. BISHOP of New York. Madam Speaker, I rise today in support of H. Res. 897 recognizing the importance of teaching elementary and secondary school students about the sacrifices that veterans have made throughout the history of the Nation.

Over the recent Veterans Day holiday, I was proud to attend many ceremonies and parades held across my district to honor our veterans. Through these events and many others, students learn the important role past generations played in our Nation’s history. We watch with admiration the accomplishments of our servicemen and -women, both past and present. And as we come upon another holiday season, we are thankful for their perseverance and dedication, and are again reminded how important our military, their families, and veterans are to our Nation’s history and future.

I want to share one experience just a few weeks ago. We finished voting early, and I went for a walk around the Capitol on a beautiful fall day. As I was walking down the Mall, I walked past the World War II Memorial. I stood there, and there were older people looking at the Pacific side and the Atlantic side, and I was trying to think in my mind what they were thinking. Were they remembering a friend or colleague who did not make it home? Were they sharing that experience with grandchildren or great-grandchildren. You could just see at the memorial the pride and the tears in our veterans.

As I continued to walk, I went down to the Korean War memorial, and that is one that my family has personal experience with. My uncle, 12 years before I was born, in 1952 was killed. And so my grandfather and grandmother always talked about the sacrifice of veterans, particularly losing their oldest son in the Korean War.

Then further along the Mall there is the memorial to Abraham Lincoln with
Mr. SOUDER. Madam Speaker, today I rise in strong support of S. 1422, the Flight Crew Technical Corrections Act. Mr. BISHOP of New York. Madam Speaker, I move to suspend the rules and pass the bill (S. 1422) to amend the Family and Medical Leave Act of 1993 to clarify the eligibility requirements with respect to airline flight crews. The Clerk read the title of the bill. The text of the bill is as follows:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, SECTION 1. SHORT TITLE. This Act may be cited as the "Airline Flight Crew Technical Corrections Act".

SEC. 2. LEAVE REQUIREMENT FOR AIRLINE FLIGHT CREWS. (a) INCLUSION OF FLIGHT CREWS. Section 101(2) of the Family and Medical Leave Act of 1993 (29 U.S.C. 2611(2)) is amended—

(i) DETERMINATION.—For purposes of determining whether an employee who is a flight attendant or flight crewmember (as such terms are defined in regulations of the Federal Aviation Administration) meets the hours of service requirement specified in subparagraph (A)(ii), the employee will be considered to meet the requirement if—

(1) the employee has worked or been paid for not less than 60 percent of the applicable monthly guarantee, or the equivalent, for the previous 12-month period, for or by the employer with respect to whom leave is requested under section 102; and

(2) the employee has worked or been paid for not less than 504 hours (not counting personal commute time or time spent on vacation leave or medical or sick leave) during the previous 12-month period, for or by that employer.

(b) CALCULATION OF LEAVE FOR AIRLINE FLIGHT CREWS.—Section 102(a) of the Family and Medical Leave Act of 1993 (29 U.S.C. 2612(a)) is amended by adding at the end the following:

"(5) CALCULATION OF LEAVE FOR AIRLINE FLIGHT CREWS.—The Secretary may provide, by regulation, a method for calculating the leave described in paragraph (1) with respect to employees described in section 101(2)(D)."

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair’s prior announcement, further proceedings on this motion will be postponed.

AIRLINE FLIGHT CREW TECHNICAL CORRECTIONS ACT

Mr. BISHOP of New York. Madam Speaker, I move to suspend the rules and pass the bill (S. 1422) to amend the Family and Medical Leave Act of 1993 to clarify the eligibility requirements with respect to airline flight crews. The Clerk read the title of the bill. The text of the bill is as follows:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, SECTION 1. SHORT TITLE. This Act may be cited as the "Airline Flight Crew Technical Corrections Act".

SEC. 2. LEAVE REQUIREMENT FOR AIRLINE FLIGHT CREWS. (a) INCLUSION OF FLIGHT CREWS. Section 101(2) of the Family and Medical Leave Act of 1993 (29 U.S.C. 2611(2)) is amended—

(i) DETERMINATION.—For purposes of determining whether an employee who is a flight attendant or flight crewmember (as such terms are defined in regulations of the Federal Aviation Administration) meets the hours of service requirement specified in subparagraph (A)(ii), the employee will be considered to meet the requirement if—

(1) the employee has worked or been paid for not less than 60 percent of the applicable monthly guarantee, or the equivalent, for the previous 12-month period, for or by the employer with respect to whom leave is requested under section 102; and

(2) the employee has worked or been paid for not less than 504 hours (not counting personal commute time or time spent on vacation leave or medical or sick leave) during the previous 12-month period, for or by that employer.

(b) CALCULATION OF LEAVE FOR AIRLINE FLIGHT CREWS.—Section 102(a) of the Family and Medical Leave Act of 1993 (29 U.S.C. 2612(a)) is amended by adding at the end the following:

"(5) CALCULATION OF LEAVE FOR AIRLINE FLIGHT CREWS.—The Secretary may provide, by regulation, a method for calculating the leave described in paragraph (1) with respect to employees described in section 101(2)(D)."

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New York (Mr. BISHOP) and the gentleman from Kentucky (Mr. GUTHRIE) each will control 20 minutes.

The Chair recognizes the gentleman from New York.

GENERAL LEAVE

Mr. BISHOP of New York. Madam Speaker, I ask unanimous consent for 5 legislative days in which Members may use recess time to extend and insert extraneous materials on S. 1422 into the RECORD.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New York?

There was no objection.

Mr. BISHOP of New York. Madam Speaker, I yield myself such time as I may consume.

I rise in strong support of S. 1422, the Airline Flight Crew Technical Corrections Act, which is almost identical to H.R. 912 which the House passed in February. I am proud to be the principal author and principal sponsor of H.R. 912, and I was delighted to see it garner such support in the House of Representatives.
The Family Medical Leave Act has been a great program for working families in this country since it was passed in 1993. No one can question the benefit as provided for working women and men by being able to take time off from work to care for themselves or family members.

The intent of the law was to provide for 12 weeks of unpaid leave if an employee has worked 60 percent of a full-time schedule over the past year, which is about 1,250 hours. In order to qualify for coverage, therefore, an employee has to have logged in 1,250 hours over 12 months to be eligible. While 1,250 hours adequately reflects 60 percent of a full-time schedule for the vast majority of employees in this country, that equation does not work for flight attendants and pilots.

Flight attendants and pilots work under the Railway Labor Act rather than the Fair Labor Standards Act, which covers most 9 to 5 workers. Time between crewmember layovers, whether during the day or on overnight layovers, is based on company scheduling requirements and needs but does not count towards crewmember time at work. Flight attendants and pilots can spend up to 4 to 5 days a week away from home and family due to the nature of their job. However, all those hours will not count towards qualification.

The courts have strictly interpreted the law and insisted that crewmembers must abide by the 1,250 hours for qualification even though the intent of the law was 60 percent of a full-time schedule.

Airline flight crews have been left out of what was intended to cover them. Therefore, a technical correction is needed to ensure that FMLA benefits are extended to these employees. This legislation seeks to clarify the intent of the law.

This legislation simply states that an airline crewmember will be eligible for FMLA benefits if they have worked or been paid at least 60 percent of the applicable total monthly guarantee or the equivalent for the previous 12-month period and a minimum of 504 hours.

In keeping with current law, any sick, vacation, or commuting time does not count towards the required number of hours. This brings these transportation workers in line with the intent of the original legislation, and as promised, when the law was first passed.

Last Congress, during an Education and Labor Committee hearing, we heard from Jennifer Hunt, a flight attendant for U.S. Airways. Jennifer was denied FMLA coverage when she applied to take time off to care for her ill husband, an Iraq war vet. Jennifer, unfortunately, like many other flight attendants and pilots as well, did not meet the hourly requirement.

I urge my colleagues to support this legislation so that flight attendants like Jennifer can qualify for the FMLA.

I reserve the balance of my time.

Mr. GUTHRIE. Madam Speaker, I yield myself as much time as I might consume.

Mr. BISHOP. Madam Speaker, I rise in support of S. 1422, the Airline Flight Crew Technical Corrections Act. This bill is a companion to H.R. 912, which this House approved in February on a voice vote. The bill we consider today contains some small changes to the House-passed legislation made in the other body and is equally deserving of support.

As we have heard, this legislation is needed to address a very narrow, very specific concern. At issue is the fact that some airline personnel are subject to a unique scheduling process in which they are paid for being on-call, but in some cases are not credited with those hours in the calculation used for Family and Medical Leave Act eligibility. The technicality is that some flight crew personnel may work a full-time schedule but fail to qualify for family and medical leave. This is a real concern for those grappling with health conditions or family obligations.

Many Members have been uneasy about efforts to open up the Family and Medical Leave Act for small changes when it is clear that broader reforms are necessary. The FMLA has worked well for 16 years, offering workers the flexibility to tend to their own health or care for a loved one in their time of need without fear of losing their job. But despite the law’s many successes, it has also become clear that changes are needed. The realities of today’s workplaces are different from those of a decade and a half ago. Courts have offered evolving interpretations, and, as is often the case with such a sweeping change to employment law, there have been unintended consequences for both employers and employees.

I know the majority has worked with Members on our side of the aisle to craft legislation carefully and avoid some of the pitfalls that could come with piecemeal reform of FMLA. I want to thank them for ensuring this bill does exactly what it intends, no more and no less. The bill before us today, in fact, clarifies further several narrow points contained in the House-passed bill and makes sure that these are truly technical corrections.

I hope Members will join me in supporting this bill and sending it to the President for his signature.

With that, I reserve the balance of my time.

Mr. BISHOP of New York. Madam Speaker, may I ask if the gentleman from Kentucky has any further speakers?

Mr. GUTHRIE. Madam Speaker, we have no further speakers, and with that, I yield back.

Mr. BISHOP of New York. Madam Speaker, let me just observe that we have been working on this bill now for approximately 2 years. I am delighted that we are now at the point where we are on the verge of passage and moving this bill to the President for his signature.

I urge my colleagues to support this legislation, and with that, I yield back the balance of my time as well.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from New York (Mr. Bishop) that the House suspend the rules and pass the bill, S. 1422.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.
Act of 1974 (42 U.S.C. 5403) is amended by adding at the end the following new subsection:

“(1) WEATHER RADIOS.—

“(2) CONSTRUCTION AND SAFETY STANDARDS.—The Federal manufactured home construction and safety standards established by the Secretary under this section shall require that each manufactured home delivered for sale shall be supplied with a weather radio inside the manufactured home that—

“(A) is capable of broadcasting emergency information relating to local weather conditions;

“(B) is equipped with a tone alarm;

“(C) is equipped with Specific Alert Message Encoding, or SAME technology; and

“(2) LIABILITY PROTECTIONS.—No aspect of the function, operation, performance, capabilities, or utilization of the weather radio required under this subsection, or any instructions related thereto, shall be subject to the requirements of section 613 or 615 or any regulations promulgated by the Secretary pursuant to the authority under such sections.

SEC. 4. ESTABLISHMENT.

Not later than the expiration of the 90-day period beginning on the date of the enactment of this Act, the consensus committee established pursuant to section 604(a)(3) of the National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C. 5304(a)(3)) shall develop and submit to the Secretary of Housing and Urban Development a proposed Federal manufactured home construction and safety standard required under section 604(i) of such Act (as added by the amendment made by section 3 of this Act). Not later than the expiration of the 90-day period beginning on the date of the enactment of this Act, the consensus committee shall complete the study and submit a report regarding the results of the study to the committee on Financial Services of the House of Representatives and to the Committee on Banking, Housing, and Urban Affairs of the Senate.

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from California (Ms. Waters) and the gentleman from Virginia (Mr. Wittman) each will control 20 minutes.

The Chair recognizes the gentlewoman from California.

GENERAL LEAVE

Ms. WATERS. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks on this legislation and to insert extraneous material thereon.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from California?

There was no objection.

Ms. WATERS. Madam Speaker, I yield myself as much time as I may consume.

Madam Speaker, before I begin my remarks, I would like to thank the gentleman from Indiana (Mr. Ellsworth) for his continued leadership on this issue, and for authoring the legislation that is before us.

H.R. 320, the CJ’s Home Protection Act of 2009, is named after CJ Martin, a 2-year old boy who was killed when an F3 tornado struck his manufactured home in 2005. Over 8 million families have a place to go in the event of a tornado, whether it is a basement or an interior room. That is why Congress passed the Tornado Shelters Act, which was signed into law in 2003. That bipartisan bill authorized communities using community development block grant monies to construct or improve tornado-safe shelters located in manufactured housing parks. Unfortunately, this program is not used often enough.

H.R. 320 represents the final link in protecting families and residents in these communities. These weather radios will get warnings out, sometimes as much as half an hour or more before the storm arrives, and thereby improve the ability to build shelters. Now we are going to give residents an opportunity to hear these warnings earlier so they can take shelter from these storms.

We will never go back and know whether CJ could have survived had this legislation been passed. We do know, though, by talking to people throughout the country that these radios have in many, many cases already saved lives and will save lives if we install them in manufactured housing. We have a shot at significantly reducing over half of the deaths from tornadoes simply by taking the step together and passing this legislation. I again want to commend the chairman and ranking member for expeditiously moving this legislation, and I commend the Member from Indiana (Mr. Ellsworth) for his thoughtfulness and his dedication to this issue.

With that, Madam Speaker, I reserve the balance of my time.
Ms. WATERS. I yield such time as he may consume to the gentleman from Indiana, the author of this bill, Representative ELLSWORTH.

Mr. ELLSWORTH. Madam Speaker, I rise today in support of CJ's Home Protection Act, H.R. 320. The House considered the public safety legislation today—legislation which would require a NOAA weather radio be installed in all manufactured homes built and sold in this country—is a continuation of an effort we started 2 years ago in efforts to improve personal safety for the most vulnerable residents. The House has passed this bill by voice vote, and I hope it will receive broad support again today.

At 2 a.m. on the morning of November 6, 2005, an F3 tornado touched down in my district in southwest Indiana. The tornado hit a manufactured housing community after most people had gone to sleep, and it tragically took 25 lives, Hoosiers lives in Vanderburgh and Warrick County. These lives might have been saved if the victims knew of the dangerous storm that was approaching.

CJ, a loving and playful 2-year-old boy, was one of the victims that night. CJ and 24 other victims, including his great grandmother and great grandmother, are the reason why I'm here today. His picture is a reminder of the heart-breaking loss that severe weather can bring to families and communities throughout this country. All too frequently, this loss comes with little or no warning.

Madam Speaker, I was the sheriff of the county back in 2005, and my department oversaw the recovery effort in the aftermath of this horrendous storm. The horror and devastation the storm left behind is something I will remember the rest of my life. That is why this bill is so important to me and many others.

While CJ's is the inspiration for this important public safety legislation, Kathryn Martin, CJ's mother, is the leader in the effort. In the months after the storm, Kathryn channeled her pain and suffering toward an effort to pass similar legislation in the State of Indiana. Kathryn would not be denied. She was successful in getting the bill passed by the Indiana General Assembly. The bill would have become law had it not been vetoed by Governor Mitch Daniels. Kathryn would not be denied. She raised about weather radios, the important public safety legislation, why this bill is so important to me and many others.

I urge my colleagues to support this important public safety legislation. The cost of a NOAA weather radio is a mere $30 to $80, and for that price we can improve the safety of so many people from the sudden threat of extreme weather.

Mr. WITTMAN. Madam Speaker, I yield myself such time as I might consume. Madam Speaker, in closing, I do want to thank Ranking Member BACHUS. He has done a tremendous job in pushing forth this bill, along with the chairman. I also want to thank again Mr. ELLSWORTH for his passion and his leadership on this issue. We all know that we dread times of storm. We've just gone through one in Virginia where, luckily, we didn't lose any lives. We can do the same thing that she was trying to do in our State. The bill before us today is a fulfillment of that promise. CJ's Home Protection Act amends the Federal Manufactured Home Construction and Safety Standard to require that each manufactured home delivered for sale shall be supplied with a weather radio inside the manufactured home.

One might question that when not every area of the country endures the same dangerous tornado season, why should this be a national standard? While it's true that some regions encounter more tornadoes than others, extreme weather exists everywhere. A tornado took CJ's life. But for another child living in California, it could be a wildfire. For a child living in Texas, it could be a flash flood. Also, it should be added that NOAA weather radios are used to put out AMBER alerts. The radio must be capable of broadcasting emergency information in local weather conditions, equipped with a tone alarm and specific alert message encoding, and comply with Consumer Electronics Association standards for public receivers.

Like a smoke detector, these inexpensive devices can provide families with the warning they need to take action and protect themselves when severe weather strikes. This bill is about improving public safety, plain and simple. It's not about demonizing the manufactured housing industry. Kathryn and John Martin and the other residents of this community love their homes, and the manufactured homes they've been buying are safe. They're safe for their grandchildren. I'm a strong supporter of manufactured housing. I see this legislation as adding one more feature to enhance the safety features of these structures.

Before I conclude my remarks, Madam Speaker, I'd like to thank Chairman BARNBY FRANK and his staff at the Financial Services Committee for their efforts to move this legislation forward. This bill would not be where it is today without the strong support of Ranking Member SPEICHER BACHUS. He has been a vocal advocate for this cause from the very beginning. Thank you very much. I would also like to thank Congressman DENNIS MOORE and Congresswoman KAY GRANGER for their support as original cosponsors. Finally, I'd like to thank my good friend from Indiana, Congresswoman JOE DONNELLY, who was helpful throughout the entire process. I urge my colleagues to support this important public safety legislation. The cost of a NOAA weather radio is a mere $30 to $80, and for that price we can improve the safety of so many people from the sudden threat of extreme weather.

Mr. ELLSWORTH and his leadership, seeing where we can save lives, stood up, assumed that leadership role and has really done, I think, a great thing for folks that have manufactured homes throughout the United States. Again, thank you for your leadership. And thank you again to Mr. BACHUS, the ranking member, and your staff for your hard work on this and to the chairman for pushing this important legislation through.

Mr. JOHNSON of Georgia. Madam Speaker, I rise today to applaud the actions of the House of Representatives in addressing the need to install weather radios in all manufactured homes manufactured or sold in the United States to ensure the safety of all Americans. This bill, named after a 2-year-old boy whose life was taken away when a tornado struck his community in 2005, will allow residents to receive more timely warnings about imminent severe weather. Accordingly, the bill ensures that each manufactured home delivered for sale in the United States be supplied with a weather radio.

Nearly 20,000,000 Americans live in manufactured homes. Because manufactured homes are more affordable than traditional homes, they are a viable housing option for low and moderate-income families. With the strength of the economy, manufactured homes have become a more affordable and affordable way for many families to purchase their own homes. Thus, weather radios are essential as they provide immediate broadcast warnings of severe weather, such as floods, tornadoes, and high winds.

In March of 2009 a surprise tornado struck the City of Atlanta and caused millions of dollars worth of damage. Tornadoes can strike in many parts of the country, including places where they are rare, such as Atlanta. This is why the CJ's Home Protection Act of 2009 is an important piece of legislation that will save lives. I support this legislation and urge my colleagues to do the same.

Madam Speaker, I yield back the balance of my time.

Ms. WATERS. Madam Speaker, I have no further requests for time, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from California (Ms. WATERS) that the House suspend the rules and pass the bill, H.R. 320.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

TEMPORARY FORBEARANCE FOR FAMILIES AFFECTED BY CON-TAMINATED DRYWALL

Ms. WATERS. Madam Speaker, I move to suspend the rules and agree to the concurrent resolution (H. Con. Res. 19) to require the Comptroller General to study the extent to which the Federal Government's involvement in the mortgage market has affected the price of homes and the availability of mortgage credit for Americans, and to require the Comptroller General to report to Congress on the findings of the study.

The Concurrent Resolution will be titled the Temporary Forbearance for Families Affected by Contaminated Drywall Act.
Whereas since January 2009 over 1,300 cases of contaminated drywall have been reported from 26 States and the District of Columbia; 

Whereas noxious gases released from contaminated drywall can cause serious health effects involving the upper respiratory tract, such as bloody noses, rashes, sore throats, and burning eyes; 

Whereas toxic fumes released from contaminated drywall can corrode metals inside the home, such as air conditioning coils and electrical wiring; 

Whereas the dangers and health risks posed by contaminated drywall have forced thousands of families out of their homes and into temporary living situations, and many such families are unable to afford an additional financial burden; 

Whereas because of cases of contaminated drywall, some Americans who pay their mortgages on time are now suffering from both financial problems and health complications at no fault of their own; and 

Whereas banks and mortgage servicers can help families affected by contaminated drywall by taking into account, with respect to their mortgage payments, the financial burdens imposed by the need to respond to this problem; be it 

Resolved by the House of Representatives (the Senate concurring), That the Congress encourages banks and mortgage servicers to work with families affected by contaminated drywall by considering adjustments to mortgage payment schedules that take these financial burdens into account.

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from California (Ms. WATERS) and the gentleman from Virginia (Mr. WITTMAN) each will control 20 minutes.

The Chair recognizes the gentlewoman from California.

Ms. WATERS. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks in this resolution and to insert extraneous material thereon.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from California?

There was no objection.

Ms. WATERS. Madam Speaker, I yield to myself as much time as I may consume.

Madam Speaker, America’s homeowners are currently facing the worst economic crisis in recent memory. Foreclosures are up. Home prices have declined and many homeowners now owe more on their homes than they are worth. These economic challenges have been made worse by health and safety issues many homeowners are now facing due to the installation of Chinese drywall in their homes. Since 2007, the Consumer Product Safety Commission has received over 2,100 reports from 32 States detailing health and safety problems associated with Chinese drywall. Problems include asthma attacks, headaches, irritated eyes and skin and bloody noses.

Regarding home safety, homeowners are seeing their appliances shutting down and have witnessed the piping and wiring in their homes turn black from corrosion. This is because of the highly toxic chemicals that are in Chinese drywall. A recent CPSC study found high levels of hydrogen sulfide and formaldehyde in the air of homes built with Chinese drywall. As these are highly corrosive and dangerous chemicals, the CPSC is currently assisting homeowners with homes built with Chinese drywall to spend as much time outdoors and in the fresh air as possible. In the meantime, homeowners are desperate to remove these toxic building materials from their homes. Some have even moved out of their homes in order to complete the repairs. Unfortunately, due to the current economic crisis, many families cannot afford to pay their mortgage and pay the rent on a second home.

The resolution before us today calls on the Nation’s mortgage servicers to work with homeowners living in homes affected by Chinese drywall by providing a temporary forbearance of their mortgage and incurring in affording the cost of renting a second home while their primary residence is treated.

Madam Speaker, this is a commonsense resolution. It’s long overdue. As I mentioned earlier, homeowners affected by toxic drywall are dealing with the brunt of the economic crisis head on. Those dealing with Chinese drywall are especially vulnerable and need for their mortgage servicers to step up to the plate to assist them in dealing with this heavy burden.

I would like to thank the gentleman from Virginia (Mr. NYE) for introducing this solution. I would like to note that the Senate has already passed a concurrent resolution, and I hope that my colleagues in the House can show their support for America’s homeowners by doing the same.

Madam Speaker, I reserve the balance of my time.

Mr. NYE. I yield myself such time as I may consume.

I'd like to thank my colleague from Virginia (Mr. NYE) for introducing this legislation, and I strongly urge my colleagues to support it.

Madam Speaker, I reserve the balance of my time.

Mr. WITTMAN. I yield myself such time as I may consume.

I'd like to thank my colleague from Virginia (Mr. NYE) for introducing this legislation to encourage financial and lending institutions to work with homeowners affected by toxic drywall. I would also like to thank the chairman and ranking member of the Financial Services Committee for bringing this resolution to the floor.

As of Friday, November 20, 2009, the Consumer Product Safety Commission had received nearly 2,100 complaints from homeowners in 32 States and the District of Columbia. The Common-wealth of Virginia and particularly the Hampton Roads region has been hit hard, and many homeowners are facing significant health problems and financial ruin because of the presence of toxic drywall in their homes.

The complaints to the Consumer Product Safety Commission, which began sometime in 2006, include a rotten egg smell within the home; health concerns such as irritated and itchy eyes and skin; difficulty in breathing; persistent cough; runny noses; recurrent headaches, sinus infections, nose bleeds, and asthma attacks; and blackened and corroded metal components in electrical systems and air conditioning units.

In October, I toured the homes of several constituents affected by toxic drywall in the Hollymeade subdivision in Newport News and saw firsthand how toxic drywall has put the health and financial well-being of numerous families at risk. I met with these folks again last week to be updated on their current predicament. These home- owners, many of whom served or who are serving our country in the Armed Forces, cannot afford to carry a mortgage on a home that is uninhabitable and make arrangements to pay rent or pay a mortgage on a second home to keep their families safe. Many of these families are juggling the burdens of having a deployed spouse or a spouse preparing for deployment and an additional financial burden such as a move out of an impacted home.

Again, I would like to thank my colleague from Virginia (Mr. NYE) for introducing this legislation, and I strongly urge my colleagues to support it.

Madam Speaker, I have a personal interest in bringing this resolution to the floor. As of Friday, November 20, 2009, the Consumer Product Safety Commission had received nearly 2,100 complaints from homeowners in 32 States and the District of Columbia. The Commonwealth of Virginia and particularly the Hampton Roads region has been hit hard, and many homeowners are facing significant health problems and financial ruin because of the presence of toxic drywall in their homes.

The complaints to the Consumer Product Safety Commission, which began sometime in 2006, include a rotten egg smell within the house; health concerns such as irritated and itchy eyes and skin; difficulty in breathing; persistent cough; runny noses; recurrent headaches, sinus infections, nose bleeds, and asthma attacks; and blackened and corroded metal components in electrical systems and air conditioning units.

In October, I toured the homes of several constituents affected by toxic drywall in the Hollymeade subdivision in Newport News and saw firsthand how toxic drywall has put the health and financial well-being of numerous families at risk. I met with these folks again last week to be updated on their current predicament. These homeowners, many of whom served or who are serving our country in the Armed Forces, cannot afford to carry a mortgage on a home that is uninhabitable and make arrangements to pay rent or pay a mortgage on a second home to keep their families safe. Many of these families are juggling the burdens of having a deployed spouse or a spouse preparing for deployment and an additional financial burden such as a move out of an impacted home.

Again, I would like to thank my colleague from Virginia (Mr. NYE) for introducing this legislation, and I strongly urge my colleagues to support it.

Madam Speaker, I reserve the balance of my time.

Ms. WATERS. I yield the balance of my time to the gentleman from Virginia.

Mr. NYE. I thank my colleague very much for yielding.

Madam Speaker, I stand here today to raise awareness about a problem affecting hundreds of families in Hampton Roads, Virginia, and thousands across the United States: the problem of toxic Chinese drywall. Chinese drywall has induced serious health problems, created severe financial hardships, and driven thousands of American families from their homes.

Since January 2009, over 1,300 cases have been reported from now over 26 States and the District of Columbia. I have seen firsthand the physical, emotional, and financial burden toxic Chinese drywall creates. Just the other month I visited homes in my district that had the drywall installed. The toxins released by the drywall reeked of rotten eggs and had corroded the electrical wiring of the homes. In fact, there are homes that have had to replace expensive air conditioning units, televisions, microwaves, and other valuable appliances several times because of the harmful chemicals contained in the drywall.

Toxic Chinese drywall can also cause deep coughs, bloody noses, and severe
December 2, 2009

CONGRESSIONAL RECORD — HOUSE

H13403

eye irritation. And those are just the short-term health effects that we know about. I wouldn’t be surprised if even more serious health effects are soon found. Affected families have been left with an impossible choice: live in a home and put their family at risk, or sell and lose their homes. If both risks are true, then the total loss can be hundreds of thousands of dollars, to replace the drywall. While some more fortunate families have been able to get help from friends, relatives and neighbors, many others have moved into rental housing, forcing them to re-mortgage on the contaminated home. At a time when the economy is already struggling, this hardship is more than families can sustain.

Today, I urge my colleagues to support this resolution encouraging banks and mortgage servicers to work with their customers by allowing a grace period on their mortgage payments until they get back on their feet. Many banking institutions have already voluntarily provided mortgage forbearances for many of their customers, and I applaud the benevolence of these institutions. This can be a lifesaver for affected families.

Madam Speaker, as we work to create long-term solutions, we must also find a way to give these families some relief now. I want to thank my friends Mr. WEXLER and Mrs. MccARTHY; my colleague from Virginia (Mr. WITTMAN); Mr. BUCHANAN; as well as Ms. WATERS and Chairman Frank for working with me on this important legislation, and I applaud the benevolence of these institutions. This can be a lifesaver for affected families.

Madam Speaker, as we work to create long-term solutions, we must also find a way to give these families some relief now. I want to thank my friends Mr. WEXLER and Mrs. MccARTHY; my colleague from Virginia (Mr. WITTMAN); Mr. BUCHANAN; as well as Ms. WATERS and Chairman Frank for working with me on this important legislation, and I applaud the benevolence of these institutions. This can be a lifesaver for affected families.

I urge the task force to work expeditiously to complete the study phase and to release its protocols for identifying impacted homes and for remediation. This resolution will give homeowners the time they need to make decisions based on the Consumer Product Safety Commission studies and protocols for a more permanent solution to their situation.

Mr. FORBES. Madam Speaker, I rise today in strong support of H. Con. Res. 197, to encourage banks and mortgage servicers to work with families who are contaminated drywall on allowing temporary forbearance without penalty on payment on their home mortgages. I am a proud cosponsor of this Resolution.

Along with thousands of affected homeowners across the country, my constituents are waiting for answers on the potential health and safety hazards posed by toxic drywall imported from China between 2004 and 2007. The corrosion of electrical wiring, home appliance failure, the emission of strong odorous sulfuric compounds which cause corrosion in copper fittings commonly used in plumbing and air conditioning as well as electrical components, and the short- and long-term effects of such corrosion not only on the homes, but it should also be looking at the effects on individuals that inhabit those homes. Based on these studies completed to date, the interagency task force can begin a new phase by developing a protocol to identify homes with corrosive drywall and a process to address the corrosive drywall and its effects.

I urge the task force to work expeditiously to complete the study phase and to release its protocols for identifying impacted homes and for remediation. This resolution will give homeowners the time they need to make decisions based on the Consumer Product Safety Commission studies and protocols for a more permanent solution to their situation.

Mr. FORBES. Madam Speaker, I rise today in strong support of H. Con. Res. 197, to encourage banks and mortgage servicers to work with families who are contaminated drywall on allowing temporary forbearance without penalty on payment on their home mortgages. I am a proud cosponsor of this Resolution.

Along with thousands of affected homeowners across the country, my constituents are waiting for answers on the potential health and safety hazards posed by toxic drywall imported from China between 2004 and 2007. The corrosion of electrical wiring, home appliance failure, the emission of strong odorous sulfuric compounds which cause corrosion in copper fittings commonly used in plumbing and air conditioning as well as electrical components, and the short- and long-term effects of such corrosion not only on the homes, but it should also be looking at the effects on individuals that inhabit those homes. Based on these studies completed to date, the interagency task force can begin a new phase by developing a protocol to identify homes with corrosive drywall and a process to address the corrosive drywall and its effects.

I urge the task force to work expeditiously to complete the study phase and to release its protocols for identifying impacted homes and for remediation. This resolution will give homeowners the time they need to make decisions based on the Consumer Product Safety Commission studies and protocols for a more permanent solution to their situation.
More importantly, the task force has established an identification and remediation protocol team made up of scientists and engineers. While additional scientific studies continue, the most important next steps for the CPSC are to release the identification and remediation protocols. This will hopefully help homeowners who are currently getting the problems fixed so their homes are once again livable and up to par with market value.

I call on the CPSC and the task force to move quickly to identify and release these protocols in the most expedient manner possible. I urge the task force to work closely with homeowners and private industry to establish the most efficient and effective methods of identifying and fixing problem drywall.

On the finance side, I encourage lenders to work closely with homeowners to modify loans and extend credit for remediation once a protocol is established. The mortgage crisis of the past year would only be made worse by a new wave of people walking away from their mortgages over this issue. Any help lenders can provide in modifying loans, offering a period of forbearance on home mortgages, or helping homeowners stay in their homes will be important.

Mr. WEXLER. Madam Speaker, I rise today in support of House Concurrent Resolution 197, encouraging banks and mortgage servicers to work with families affected by contaminated drywall to allow temporary forbearance without penalty on payments on their mortgages. As a founding co-chair of the Congressional Contaminated Drywall Caucus, I am proud to sponsor this resolution and support its passage, which sheds further light on the plight of thousands of homeowners in south Florida and around the Nation dealing with the "silent hurricane" of contaminated drywall in their homes.

The Congressional Contaminated Drywall Caucus, which now has 20 members from seven States, has been working diligently over the past year to ensure that the Federal agencies and relevant organizations in the private sector work closely in this issue. I am encouraged to see the progress being made in this dialogue that produces a swift and complete response that provides relief to homeowners affected by this contaminated product.

While I believe the response has not been nearly as swift as needed, I have been encouraged by recent efforts on the part of the Inter-Agency Task Force, led by Chairman Inez Tenenbaum of the Consumer Product Safety Commission, to come to a full determination of the science behind this problem, and from there determine the appropriate response to a number of issues that victims are facing on a daily basis.

One of these issues, and often one of the most critical for those affected, is maintaining their mortgage. As our economy begins to recover from the worst recession since the Great Depression and our housing market begins to show signs of life following record foreclosures, victims living in homes with contaminated drywall face the continued threat of foreclosure. These innocent victims are being forced to make the choice of remaining in their homes and paying their mortgage or risk their own health and that of their family, or leaving their homes to find alternative housing. Should they choose to seek alternative housing, they are then responsible for both the mortgage on their contaminated home and the rent on their alternative housing.

House Concurrent Resolution 197 sends a strong statement on behalf of the entire House of Representatives that banks and mortgage lenders should work with families affected by this problem to ensure temporary forbearances on their mortgage, without penalties, to ensure victims have the ability to move their families out of harm's way without risking their financial futures or losing their homes. Providing this relief is not only the right thing to do, it is essential in ensuring affected families do not continue to put their health at risk from this defective product.

Madam Speaker, I am proud to support this resolution and encourage all of my colleagues to support this resolution.

Mr. WITTMAN. Madam Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from California (Ms. WATERS) that the House suspend the rules and agree to the concurrent resolution, H. Con. Res. 197, as amended.

The question is on the motion to proceed to the consideration of the concurrent resolution. The motion to proceed is agreed to.

The SPEAKER pro tempore. The Speaker will now allow debate on the motion to proceed. Each Member may control 20 minutes.

Mr. WEXLER. Madam Speaker, I rise today in support of House Concurrent Resolution 197, encouraging banks and mortgage servicers to work with families affected by contaminated drywall to allow temporary forbearance without penalty on payments on their home mortgages. As a founding co-chair of the Congressional Contaminated Drywall Caucus, I am proud to sponsor this resolution and support its passage, which sheds further light on the plight of thousands of homeowners in south Florida and around the Nation dealing with the "silent hurricane" of contaminated drywall in their homes.

The Congressional Contaminated Drywall Caucus, which now has 20 members from seven States, has been working diligently over the past year to ensure that the Federal agencies and relevant organizations in the private sector work closely in this issue. I am encouraged to see the progress being made in this dialogue that produces a swift and complete response that provides relief to homeowners affected by this contaminated product. While I believe the response has not been nearly as swift as needed, I have been encouraged by recent efforts on the part of the Inter-Agency Task Force, led by Chairman Inez Tenenbaum of the Consumer Product Safety Commission, to come to a full determination of the science behind this problem, and from there determine the appropriate response to a number of issues that victims are facing on a daily basis.

One of these issues, and often one of the most critical for those affected, is maintaining their mortgage. As our economy begins to recover from the worst recession since the Great Depression and our housing market begins to show signs of life following record foreclosures, victims living in homes with contaminated drywall face the continued threat of foreclosure. These innocent victims are being forced to make the choice of remaining in their homes and paying their mortgage or risk their own health and that of their family, or leaving their homes to find alternative housing. Should they choose to seek alternative housing, they
program by allowing subpoenas to be served nationwide in civil actions brought by the agency in Federal court. Currently, the Commission can issue a subpoena only within the Fed- eral jurisdictional district where a trial takes place within 100 miles of the courthouse. Witnesses and civil cases brought by the Commission are, how- ever, often located outside of a trial court’s subpoena range.

With the proliferation of Internet scams that are perpetrated in multiple States and the law has ham- pered the Commission’s ability to effi- ciently and effectively mount its cases. Unless witnesses volunteer to appear at civil trials, the Commission must take depositions where the witnesses are lo- cated and use their written or videotaped deposition testimony at trial. Because of the associated travel for numerous lawyers and associates that must be present, depositions are generally more expensive than having a witness testify at a trial.

H.R. 2873 would fix this problem by allowing the Commission to have na- tionwide service of process just as it currently has for its administrative proceedings. These changes in sub- poena procedures for civil cases would apply to the Securities Exchange Act of 1934, the Securities Exchange Act of 1934, the Investment Company Act of 1940, and the Investment Advisers Act of 1940. Nationwide service of process would produce a number of substantial advan- tageous capabilities, the same subpoena capa- bilities that many other Federal en- forcement agencies have in similar cir- cumstances.

So I appreciate the bipartisan sup- port. I appreciate the comments.

I reserve the balance of my time.

Mr. CAMPBELL. I will yield back the balance of my time.

Mr. KANJORSKI. Mr. Speaker, I reserve the balance of my time as well.

Mrs. MALONEY. Mr. Speaker, I move to suspend the rules and pass the bill, H.R. 2873, as amended.

The question was taken; and (two- thirds being in the affirmative) the bill, H.R. 2873, as amended, was passed.

The text of the bill is as follows:

EMERGENCY ECONOMIC STA- BILIZATION ACT OF 2008 AMEND- MENT

Mrs. MALONEY. Mr. Speaker, I move to suspend the rules and pass the bill, H.R. 2873, as amended, the Emergency Economic Stabilization Act of 2008 to provide for additional monitoring and accountability of the Troubled Assets Relief Program, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

(SECTION 1. ADDITIONAL MONITORING AND AC- COUNTABILITY FOR THE TROUBLED ASSET RELIEF PROGRAM.

Section 114 of the Emergency Economic Stabilization Act of 2008 (12 U.S.C. 5224) is amended by adding at the end the following new subsection:

“(c) ADDITIONAL MONITORING AND ACCOUNT- ABILITY—

“(i) Electronic database.—

“(A) In general.—The Secretary shall es- tablish an electronic database to monitor the use of funds distributed under this title.

“(B) Sources of data.—The database es- tablished under subparagraph (A) shall in- clude data from the following sources, to the extent such data is available, usable, and rel- evant to determining the effectiveness of the Troubled Asset Relief Program:

“(1) Regulatory data from any government source.

“(2) Public records.

“(3) News filings, press releases, and other forms of publicly available data.

“(4) Data collected under subparagraph (C).

“(5) All other information that is required to be reported under this title by institu- tions receiving financial assistance or proc- rament contracts under this title.

“(ii) Administrative use of data base.—The Secretary shall—

“(I) ensure that the database uses accurate data structures and taxonomies to allow for easy cross-referencing, compiling, and report- ing of numerous data elements;

“(II) ensure that the database provides for filtering of data content to allow users to screen for the events most relevant to identi- fying waste, fraud, and abuse, such as man- agement changes and material corporate events;

“(III) ensure that the database provides geospatial analysis capabilities;

“(IV) make the database available to the Comptroller General of the United States and to the Special Inspector General and the Congressional Oversight Panel established under sections 121 and 125, respectively, to provide them with accurate informa- tion on the status of the funds distributed under this title, including funds distributed through procurement contracts;

“(V) require the Director of the Troubled Asset Relief Program, in preparing the reports required under this title, to compare the data in the database with other appropriate data to identify ac- tivities inconsistent with the goals of this title;

“(B) Future uses of funds.—If the Sec- retary determines that a recipient’s use of funds distributed pursuant to this title is not meeting the goals of this title, the Secretary shall, in coordi- nation with the appropriate Federal agencies, develop recommendations for better meeting such goals, and such agencies shall provide such recommendations to such recipient.

“(B) Meeting TARP Goals.—

“(A) Determination by Secretary; re- commendations.—If the Secretary determines that a recipient’s use of funds distributed under this title is not meeting the goals of this title, the Secretary shall, in coordination with the appropriate Federal agencies, develop recommendations for better meeting such goals, and such agencies shall provide such recommendations to such recipient.

“(B) Future uses of funds.—If the Sec- retary determines that a recipient’s use of funds distributed under this title is not meeting the goals of this title, the Secretary shall, in coordination with the appropriate Federal agencies, develop recommendations for better meeting such goals, and such agencies shall provide such recommendations to such recipient.

“3. Monitoring of Credit Policies and Programs. —The Secretary shall ensure that loans made under this title are, consistent with the policies of the Troubled Asset Relief Program and the TARP objectives, extended on terms that are commensurate with the creditworthiness of the borrower and the underlying assets of the borrower.”
"(3) PUBLIC ACCESS TO DATABASE.—The Secretary shall, subject to paragraph (4), adopt rules and procedures for public access to the database created by this subsection.

"(4) PROHIBITION AGAINST DISCLOSURE OF CERTAIN INFORMATION.—

"(A) PROHIBITION.—A person or entity shall not disclose to the public information collected under this subsection that is prohibited from disclosure by any Federal or State law or regulation or by private contract or that is considered to be proprietary.

"(B) PROTECTION OF INFORMATION.—The Secretary shall implement reasonable measures to prevent the disclosure of information in violation of subparagraph (A).

"(C) CIVIL PENALTIES FOR DISCLOSURE.—

A Federal officer or employee, or a contractor of any Federal agency or employee of such contractor, who intentionally discloses to the public or intentionally causes to be disclosed to the public information prohibited from disclosure by subparagraph (A), knowing that such information is prohibited from disclosure, shall be fined under title 18, knowing that such information is prohibited from disclosure by subparagraph (A), and shall be subject to civil penalties as provided in subparagraph (B).

"(4) PROHIBITION AGAINST DISCLOSURE OF TARP DATA.—The Secretary shall ensure that the database described in subsection (A) is operated in such a way that TARP data, including regulatory filings, are not housed in different agencies but are in compatible systems and formats, making the material unavailable. These agencies are unable to know how their tax dollars are being spent without the ability to monitor inconsistencies that may indicate waste, fraud, and abuse at both the corporate and individual officer levels. By using tools that currently exist, individual filings and transactions can be pulled together to create a single view of an institution and provide better management and regulatory oversight.

SEC. 2. REDUCING TARP FUNDS TO OFFSET COSTS OF PROGRAM CHANGES.

Section 115(a)(3) of the Emergency Economic Stabilization Act of 2008 (12 U.S.C. 4225(a)(3)) is amended by striking "$700,000,000,000, as such amount is reduced by $1,293,000,000, out- standing at any one time and inserted "$700,000,000,000, as such amount is reduced by $1,293,000,000, outstanding at any one time".

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New York (Mrs. MALONEY) and the gentleman from California (Mr. CAMPBELL) each will control 20 minutes.

The Chair recognizes the gentleman from New York.

Mrs. MALONEY. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks in this legislation and to insert additional material.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New York?

There was no objection.

Mrs. MALONEY. Mr. Speaker, I yield myself as much time as I may consume.

I rise in strong support of H.R. 1232, the TARP Accountability and Disclosure Act of 2009. This bill would require the Department of the Treasury to establish a database for tracking all TARP funds. The bill would create a database available to the public on the Internet that will track in real time the spending of funds in the Federal Government's Troubled Asset Relief Program called TARP. If UPS can track millions of packages clear across the world on any continent at any time, we can certainly track where $700 billion in taxpayers' money was spent. In fact, we have a duty to do so.

When TARP began, the Treasury Department never required the financial institutions it funded to explain what they did with the money. And over a year later, we still do not know. It is past time for us to have a system so that the American people can tell in real time, enhancing its value as a regulatory tool and also as a preventative oversight tool. Taxpayers have a right to know how their tax dollars are being used. I believe that in order to ensure transparency, we should require the use of the technological tools that are available today.

Currently, TARP data are presented in filings in over 25 different agencies, including filings with the Securities and Exchange Commission, Web sites, Federal Reserve registration data, the FDIC data, over-the-counter trades, and Commodities Futures Trading Commission. While these sources are not only housed in different agencies but are in incompatible systems and formats, making the material unavailable. These agencies are unable to know how their tax dollars are being spent without the ability to monitor inconsistencies that may indicate waste, fraud, and abuse at both the corporate and individual officer levels. By using tools that currently exist, individual filings and transactions can be pulled together to create a single view of an institution and provide better management and regulatory oversight.

The basic data elements would include but not be limited to the following: the capture and standardization of every transaction the institution is involved with, wherever possible, including pressing releases and other sources of public data; counterparty filings; securities transactions; UCC filings in certain cases; and transaction data, including mortgages, debt issuance, and fund participation.

In the simplest terms, my bill allows the question to be answered, Where has the money gone? And this is a question that pundits and taxpayers ask every single day. Recently, Elizabeth Warren, who is one of the oversight regulators, stated in testimony that she has no idea where the TARP money is. This bill would change this. This would put safeguards in to ensure that proprietary information about financial services companies is not disclosed, and this bill does not put any additional burden on industry. It merely puts in a usable form information that is already required by regulators.

There is broad support for this bill from close to 40 groups from across the political field, including the Center for Democracy and Technology, the U.S. Chamber of Commerce, the NAACP, and the Heritage Foundation.

I ask unanimous consent that I place into the RECORD the list of supporters from respective organizations.

Groups that have publicly endorsed the bill (or if a 501c(3) support the “idea or policy goals” of the legislation since they cannot directly support a specific bill): United States Chamber of Commerce; Center for Democracy and Technology; OMB Watch; Project On Government Oversight; Taxpayers for Common Sense; OpenTheGovernment.org; Institute for Policy Innovation; Competitive Enterprise Institute; NAACP; Mexican American Legal Defense and Education Fund (MALDEF); National Puerto Rican Coalition (NPRCO); The Hispanic Federation; Information Technology Industry Council; Americans for Tax Reform; Center for Fiscal Accountability; 60 Plus Association; Alabama Policy Institute; American Shareholders Association; Americans for Limited Government; Americans for Prosperity; Caesar Rodney Institute; Center for Individual Freedom; Center-Right Coalition of Florida; Coalition Opposed to Additional Spending & Taxes; Council for Citizens Against Government Waste; Grassroote Institute of Hawaii; Illinois Alliance for Growth; Michigan Policy Institute; Institute for Liberty; Maine Heritage Policy Center; Mississippi Center for Public Policy; National Taxpayers Union; Oklahoma Council of Public Affairs, Inc.; Pelican Institute for Public Policy; Pioneer Institute for Public Policy Research; Rhode Island Tea Party; Small Business Hawaii; The Aarons Company; Kentucky Progress; Citizens’ Voice for Property Owners.

As we have seen from this time last year, the lack of transparency in terms of the money doled out by the fund raises questions. This bill necessary. The American people, Members of Congress, and regulators are demanding transparency. It is time that we gave it to them. They are entitled to it.

I would like to thank Members on the other side of the aisle, Mr. King and others, who have been supportive, and particularly Chairman FRANK for his leadership and STENY HOYER for his support. I urge my colleagues to support this bill at past time so that we give the American people the ability to tell in real time how their tax dollars are being used. I would add that I also believe that it would build confidence in the system, hopefully a confidence that will be managed in an appropriate way.

I reserve the balance of my time.

Mr. CAMPBELL. I yield myself as much time as I may consume.

Mr. Speaker, I rise to support this bipartisan bill. I am the lady from New York and the gentleman from New York (Mr. KING). You know, this bill is really pretty simple, and it’s really...
just about transparency, disclosure and sunshine. Last year, $700 billion of taxpayer money was made available in order to provide a rescue plan for the financial system, which was troubled at that time. We all know that much of this money has gone out, but that don’t tell us what it is being used for, where it is being employed.

Now there are those who will say that, well, because there are dollars, if you put dollars into a given financial institution it will be fungible and you don’t really know which dollar went to what, and I understand that that argument has some legitimacy. But the point of this bill is, let’s disclose and let’s make available what we do know. There is a lot of information out there, as the gentlelady from New York suggested, which is in multiple agencies and multiple places, and it’s just simply not available to Members of the House or to Members of Congress so that we could accurately determine whether this money has, is, and will be used in a manner consistent with its original objective which was to stabilize the financial system.

This bill, what it really does is, as it says, to make available, ongoing, continuous and close to real-time updates of the status of funds distributed through a standardized electronic database. That’s something which technology today enables us to do, and it’s something that the taxpayers and the Members of Congress have the right to see in order to better evaluate the use of these funds. So I stand in support of this bill.

Mrs. MALONEY. Mr. Speaker, I have no further speakers. I would just like to say that the program’s effectiveness was testified in support of by economist Mark Zandi, who said, while TARP has not been a universal success, it has been instrumental to the stabilization of the financial system and bringing an end to the credit recession, but there are still serious criticisms of the program that should give us concern about its effectiveness, its cost, and how it can be improved. This bill that brings online transparency would move us in that right direction.

I am strongly in support of it, as well as many of my colleagues.

Having no further speakers, I yield back the balance of my time.

Mr. KING of New York. Mr. Speaker, today I rise in support of H.R. 1242, the TARP Accountability and Disclosure Act. As the lead Republican sponsor of this legislation, I have worked closely with Representatives MALONEY and CARSTEN as well as Financial Services Committee Chairman FRANK and Ranking Member BACHUS to bring this important bill to the House floor.

The Emergency Economic Stabilization Act, EESA, created the Troubled Asset Relief Program, TARP, which authorized the Treasury Department to buy $700 billion worth of troubled assets from financial institutions. This money has also been used by Treasury to purchase preferred stock from banks and other financially troubled companies, such as AIG, General Motors, and Chrysler, and in support of programs such as the Targeted Investment Program, Asset Guarantee Program, and Consumer and Business Lending Initiative. As the lead Republican sponsor of this legislation, I believe that the more transparency we have, the better we understand what the federal government is doing and what the taxpayers are paying for.

Mr. Speaker, I urge my colleagues to support this legislation.

Ms. JACKSON-LEE of Texas. Mr. Speaker, I stand here today in support of H.R. 1242, which amends the Emergency Economic Stabilization Act of 2008 to provide for additional monitoring and accountability of the Troubled Assets Relief Program, TARP. I support this legislation because I believe that increased accountability will enhance the effectiveness of the TARP funds.

I would like to first thank my colleague, Congresswoman CAROLYN MALONEY, for introducing this valuable piece of legislation. The TARP funds are designated for financial institutions that have complex internal systems and systems that have not been made available to taxpayers and to Members of Congress. The nature of the TARP fund recipients makes understanding how TARP funds are used difficult. Moreover, data is currently being submitted in filings to many agencies and in distinct formats that are incompatible with one another. The TARP Accountability and Disclosure Act requires the creation of a database system within the Department of Treasury and provides for additional monitoring and accountability that will provide true transparency of how the TARP funds are used. This system would serve as an efficient mechanism for oversight, audits, and investigations. H.R. 1242 will also require that this database be made publicly available, allow for daily collection of information and for filtering of data content. Finally, it will prohibit the disclosure of information that would already be prohibited by any federal or state law or regulation including proprietary information.

So while this bill, while this is not the information reported to over 25 different federal agencies, including the SEC, Federal Reserve, FDIC, and Commodities Futures Trading Commission, but the data is located in various systems and formats that are incompatible with one another. The TARP Accountability and Disclosure Act would require all relevant TARP data collected be put in a single standardized format so these funds will be transparent and traceable.

I am pleased to report that this legislation is supported by many organizations including the Chamber of Commerce, the Center for Democracy and Technology, OMB Watch, Taxpayers for Common Sense, Heritage Foundation, Americans for Tax Reform, and the NACC.

Mr. Speaker, I urge my colleagues to support this legislation.

Mr. KING of New York. Mr. Speaker, today I rise in support of H.R. 1242, which would provide additional and necessary monitoring of Troubled Asset Relief Program funds.

Mr. Speaker, I stand in support of H.R. 1242, which would provide additional and necessary monitoring of Troubled Asset Relief Program funds.

Mr. Speaker, I yield back the balance of my time.
The question was taken. The SPEAKER pro tempore. In the opinion of the Chair, two-thirds being in the affirmative, the ayes have it.

Mrs. MALONEY. Mr. Speaker, on that I demand the yeas and nays. The yeas and nays were ordered. The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, the Chair’s prior announcement, for the next motion on the pending resolutions will be postponed.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from New York (Mr. BISHOP) that the House suspend the rules and agree to the resolution, H. Res. 897.

This will be a 5-minute vote.

The motion to reconsider was laid on the table.

So (two-thirds being in the affirmative) the rules were suspended and the resolution, as amended, was agreed to.

The result of the vote was announced as above recorded.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

So (two-thirds being in the affirmative) the rules were suspended and the resolution was agreed to.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.
RECONCILIATION OF REPORTING REDUNDANCIES AND DEVELOPMENT OF PERFORMANCE METRICS FOR HOMELAND SECURITY PREPAREDNESS PROGRAMS

(a) In General.—Title XX of the Homeland Security Act of 2002 (6 U.S.C. 601 et seq.) is amended by adding at the end the following new section:

"SEC. 2023. IDENTIFICATION OF REPORTING REDUNDANCIES AND DEVELOPMENT OF PERFORMANCE METRICS.

"(a) In General.—The Administrator shall, for grants under sections 2003 and 2004 and any other grants specified by the Administrator, submit a report to the appropriate committees of Congress by not later than 120 days after the date of the enactment of the Redundancy Elimination and Enhanced Performance for Preparedness Grants Act, and by October 1st every 2 years thereafter, that—

"(1) identifies redundant rules, regulations, and requirements, as amended by reporting by recipients of such grants, and includes a plan for eliminating such identified redundancies and requirements;

"(2) includes a plan for developing and improving the performance metrics required under section 2022(a) for such grants; and

"(3) includes an assessment of each program under which such grants are awarded.

"(b) Plan Requirements.—Each plan under subsection (a) shall—

...
“(1) shall be developed in coordination with State, local, tribal, and territorial governments; and
“(2) shall include a proposed timeline for actions to implement the plan.
“(c) Program Assessment Requirements.—Each program assessment under subsection (a)(3) shall include:
“(1) a brief summary of the purpose of the assessment, objectives, and performance goals, and of the key findings of the assessment;
“(2) an assessment of the quality of the program’s performance metrics, and the extent to which necessary performance data are collected;
“(3) a summary of how the program’s strengths and weaknesses are impacting or contributing to its failures or successes, including reasons for any substantial variation from the targeted level of performance of the program;
“(4) a description of the extent to which any trends, developments, or emerging conditions affect the need to change the mission of the program or the way that the program is being carried out;
“(5) an identification of the best practices used in the program for allocating resources in an effective and efficient manner that resulted in positive outcomes and the key reasons why such practices resulted in positive outcomes;
“(6) recommendations for program modifications to improve the results that the program achieves;
“(7) a summary of key results of the program assessment that support maximizing the amount of funds appropriated for the program; and
“(8) an assessment of the quality of customer service offered to recipients of funds under the program and a strategy for improving such service.

(b) Clause (2) of section 1831 of the Omnibus Appropriations Act, 2006, shall be amended by adding at the end of the item:

“Sec. 2032. Identification of reporting redundancies and development of performance metrics.”

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Texas (Mr. CUELLAR) and the gentleman from Alabama (Mr. ROGERS) each made an alternate Motion.

The Chair recognizes the gentleman from Texas.

Mr. CUELLAR. Mr. Speaker, I ask unanimous consent that all Members have 5 legislative days in which to re-vise and extend their remarks and insert extraneous materials on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Texas?

There was no objection.

Mr. CUELLAR. Mr. Speaker, I rise in support of this bill and yield myself such time as I may consume.

Mr. Speaker, Congress instructed FEMA, in accordance with the Post-Katrina Emergency Management Reform Act of 2006 and in the Implementing Recommendations of the 911 Commission Act of 2007 to develop performance metrics for its homeland security grants programs. As the House Committee on Homeland Security did in our October 27 subcommittee hearing I held with my ranking member hearing on emergency communications, these requirements remain poorly implemented and difficult to comprehend. What is most disconcerting is that FEMA still cannot determine our Nation’s overall preparedness or how homeland security grants have helped to protect our Nation from acts of terrorism.

It was only recently that I came to you today to ask for your support of H.R. 3980, the Redundancy Elimination and Enhancement Performance for Preparedness Grants Act. This legislation would require FEMA to work in conjunction with State, local, tribal and territorial stakeholders to develop a plan to do the following things:

Streamline homeland security grant reporting requirements, rules and regulations to eliminate redundant reporting;

Create a strategy including a timetable for establishing the much-needed performance metrics for grant programs to ensure that the funds are being directed to the areas where they will be best spent.

Require FEMA to take an inventory of each of the homeland security grant programs to include the purpose, objectives and performance goals for each.

The plan would be submitted to the appropriate congressional committees no later than 120 days after the bill’s enactment.

It will be updated biannually to ensure that the committee is able to maintain a watchful eye and the oversight on redundancies in the law that might confuse the grant recipients at the local level.

This bill will help identify inefficiencies with the DHS grants programs and this bill will increase the quality of service received by DHS grant recipients.

I urge all of my colleagues to support this important legislation.

Hon. Bennie G. Thompson, Chairman, Committee on Homeland Security, Washington, DC.

Dear Chairman Thompson: I write to you regarding H.R. 3980, the “Redundancy Elimination and Enhanced Performance for Preparedness Grants Act.”

H.R. 3980 contains provisions that fall within the jurisdiction of the Committee on Transportation and Infrastructure. I recognize and appreciate your desire to bring this legislation before the House in an expedited manner, and, accordingly, I will not seek a sequential referral of the bill. However, I agree to waive consideration of this bill with the mutual understanding that my decision to forgo a sequential referral does not waive, alter, or otherwise affect the jurisdiction of the Committee on Transportation and Infrastructure.

Further, I recognize that your Committee reserves the right to seek appointment of conferences on the bill in the House.

I appreciate your willingness to work cooperatively on this legislation. I acknowledge that the Committee on Transportation and Infrastructure has a jurisdictional interest in certain provisions of H.R. 3980. I appreciate your agreement to not seek a sequential referral of this legislation and I acknowledge that your decision to forgo a sequential referral does not waive, alter, or otherwise affect the jurisdiction of the Committee on Transportation and Infrastructure.

Since 2006, Congress has mandated FEMA to measure the Nation’s level of preparedness, as well as the readiness of State and local homeland security grant programs administered by FEMA. Both the Post-Katrina Reform Act of 2006 and the 9/11 Act of 2007 require FEMA to develop metrics that can be used to identify and close gaps in preparedness with homeland security resources. These include the Comprehensive Assessment System, the Target Capabilities List, and the State Preparedness Report.

Unfortunately, the various preparedness metrics developed since 2006 have not been properly integrated by FEMA, resulting in duplicative reporting requirements that put an undue burden.
Mr. Speaker, as you heard, this is commonsense legislation that will streamline FEMA's efforts to enhance our Nation's preparedness and response capacity. Now, we're trying to do is make sure that we get rid of any unnecessary rules and regulations that cause our local folks problems. Number two, we're also trying to make sure that we measure the results. If we're going to spend billions of dollars on grants, we've just got to make sure that we measure those particular results.

The bottom line is, Mr. Speaker, we're trying to focus on the customers, and the customers are the recipients of these grants. I certainly want to thank our ranking member, Mr. ROGERS. He's done an outstanding job there in the committee. I look forward to working with him not only on this legislation to make it law but certainly on other pieces of legislation. I urge all my colleagues to vote "aye."

Mr. THOMPSON of Mississippi. Mr. Speaker, I rise in support of H.R. 3980, the "Redundancy Elimination and Enhanced Performance for Preparedness Grants Act."

This legislation, introduced by Mr. CUELLAR, the Chairman of the Subcommittee on Emergency Communications, Preparedness and Response, requires FEMA to assess the performance of its homeland security grant program and work towards addressing any identified deficiencies.

The legislation was developed based on finding from an October subcommittee hearing where FEMA testified as to the status of the agency's efforts to establish performance measures for homeland security grants.

At the hearing, we learned that FEMA's efforts to implement statutory performance metrics-related requirements are fragmented and poorly integrated. As a result, FEMA is unable to measure how the $29 billion in homeland security grants appropriated since 2002, have improved the nation's overall level of preparedness. Without these much needed performance metrics, FEMA continues to impose redundant grant reporting requirements on State and local governments including those in my home State of Mississippi.

Not only are these redundant reporting requirements costly and time-consuming for State and local officials to prepare, but there is significant evidence that, taken together, they still do not provide FEMA with information necessary to measure the return on investment from federal grants.

Although there have been some improvements in FEMA's administration of homeland security grants, such as the improvements in grant guidance and technical assistance provided to State and local applicants, we still have a ways to go.

H.R. 3980 would complement these efforts by requiring FEMA to develop a strategy, with timelines, to establish performance metrics for its homeland security grants and provide direction to complete a program assessment of its homeland security grants. These steps are designed to improve the agency's performance, productivity and accountability to the taxpayers. It will also provide Congress with better information on FEMA's performance to allow us to conduct more effective oversight and ensure that taxpayer money is being used efficiently and effectively.

Again, thank you for the consideration of this important legislation.

Ms. RICHARDSON. Mr. Speaker, as a member of the Homeland Security Committee, I rise today in strong support of H.R. 3980, the Redundancy Elimination and Enhanced Performance for Preparedness Grants Act. This legislation directs FEMA to streamline its grants reporting process to make it more efficient and informative, and it eliminates redundant requests for information.

I would like to acknowledge Speaker PELOSI and Chairman THOMPSON for their leadership in bringing this important bill to the floor. I would also like to thank my colleague Congressman CUELLAR, who worked so hard authoring this important legislation holding FEMA accountable for our taxpayer dollars.

Mr. Speaker, on October 27, as a member of the Subcommittee on Emergency Communication, Preparedness, and Response, I heard testimony from both FEMA officials and state and local government officials about the success and failure of homeland security grant programs. Mr. CUELLAR, the chairman of the subcommittee, has worked hard to identify and eliminate these redundant grant reporting requirements.

Specifically, H.R. 3980 would eliminate much of the red-tape and improve the performance of FEMA grant programs. The bill requires FEMA to develop a strategy, with timelines, to establish performance metrics for its homeland security grants and provides direction to complete a program assessment of its homeland security grants. These steps are designed to improve the agency's performance, productivity, and accountability to the taxpayers. It will also provide Congress with better information on FEMA's performance to allow us to conduct more effective oversight and ensure that taxpayer money is being used efficiently and effectively.

Again, thank you for the consideration of this important legislation.

Ms. JACKSON-LEE of Texas. Mr. Speaker, I move to suspend the rules and agree to the resolution (H. Res. 28) expressing the sense of the House of Representatives that the Transportation Security Administration should, in accordance with the congressional mandate provided for in the Implementing Recommendations of the 9/11 Commission Act of 2007, enhance security against terrorist attack and other security threats to our Nation's rail and mass transit lines, as amended.

The Clerk read the title of the resolution.

The text of the resolution is as follows:

H. Res. 28

Whereas the Transportation Security Administration is uniquely positioned to lead the efforts to secure our Nation's rail and mass transit systems and other modes of surface transportation against terrorist attack as a result of expertise developed over six years of securing our Nation's commercial air transportation systems; and

Whereas the Transportation Security Administration's National Explosives Detection Canine Team Program has furthered the Transportation Security Administration's ability to secure our Nation's transportation systems against terrorist attack by preventing and protecting against explosives threats;

Whereas each weekday 11,300,000 passengers depend on our Nation's mass transit systems as a means of transportation;

Whereas rail and mass transit systems serve as an enticing target for terrorists and terrorist organizations, such as Al Qaeda, as evidenced by the March 11, 2004, attack on the Madrid, Spain, rail system, the July 7, 2005, attack on the London, England, mass transit system, and the July 11, 2006, and November 26, 2008, attacks on the Mumbai, India, rail system;

Whereas the Transportation Security Administration Authorization Act of 2009, which was passed by the House of Representatives on June 4, 2009, in an overwhelming and bipartisan manner, expresses Congress' commitment to bolstering the security of rail and mass transit systems; and

Whereas securing our Nation's rail and mass transit systems against terrorist attack and other security threats is essential due to their impact on our Nation's economic stability and the continued functioning of our national economy: Now, therefore, be it...
Resolved, That it is the sense of the House of Representatives that the Transportation Security Administration should—

(1) continue to enhance security against terrorist attack and other security threats to our Nation’s rail and mass transit systems and other modes of surface transportation, including as provided for in the Implementing Recommendations of the 9/11 Commission Act of 2007 (Public Law 110–53) and the Transportation Security Administration Authorization Act of 2009 (H.R. 2200) in the 111th Congress;

(2) continue development of the National Explosives Detection Canine Team Program, which has proven to be an effective tool in securing surface transportation systems against terrorist attack and professional relations with the traveling public; and

(3) improve upon the success of the Online Learning Center by providing increased personnel training standards and the establishment of a reliable source of domestically bred canines;

(4) continue to secure our Nation’s mass transit and rail systems against terrorist attack and other security threats, so as to ensure the security of commuters on our Nation’s rail and mass transit systems and prevent the disruption of rail lines critical to our Nation’s economy.

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from Texas (Ms. JACKSON-LEE) and the gentleman from Alabama (Mr. ROGERS) each 20 minutes.

The Chair recognizes the gentlewoman from Texas.

Ms. JACKSON-LEE of Texas. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and insert extraneous material on the resolution under consideration.

The SPEAKER pro tempore. Is there objection?

There was no objection.

Ms. JACKSON-LEE of Texas. Mr. Speaker, I rise in support of this resolution and yield myself such time as I may consume.

Mr. Speaker, House Resolution 28 expresses the sense of the House of Representatives that TSA should increase and enhance its efforts to secure rail and mass transit systems in ways that are consistent with the 9/11 Act and H.R. 2200.

Let me first of all say, Mr. Speaker, that in addition to this legislation, as we stand on the floor today and watch the actions in Afghanistan and Pakistan, as we see the world changing from Mumbai to Madrid, we recognize the crucialness of national security and homeland security. And so this legislation is to emphasize the importance of expanding our oversight and responsibilities to those threats to mass transit and rail transportation.

I introduced this resolution because deadlines in the 9/11 Act have passed without being satisfied, which is inexcusable given the risks faced by our Nation’s rail and mass transit systems. In addition, I authored H.R. 2200, the TSA authorization bill, which included several elements that sought to enhance TSA’s surface transportation efforts. I believe this to be an overwhelmingly bipartisan manner earlier this year. As we wait for our friends in the Senate to act on H.R. 2200, I believe that the House agreeing to this resolution recommits to our goal of TSA securing surface transportation.

Let me first of all acknowledge the professional men and women that work for the Transportation Security Administration. I am gratified to know that progress is being made of a new administration for that agency. I’ve worked very hard in H.R. 2200 to focus on their professionalism. But they need tools and they need the tools that will allow us to focus on the security of those important elements of transportation, and as well, the job engine of our community and our Nation.

Many Americans use mass transit. Many Americans use rail. Any irreversible, tragic terrorist act can impact the economy of this Nation. As we were reminded by tragic events in Russia over the weekend and in other cities around the world over the last several years, rail and mass transit systems are prime targets for terrorist acts. When they’re shut down, the economy can shut down.

This resolution recognizes TSA as being uniquely positioned to lead Federal efforts to secure our Nation’s rail and mass transit systems, and recognizes the National Explosives Detection Canine Team Program as a valuable resource, which my friend from Alabama has worked on. I might also say that this effort today, this resolution, is also to save lives. As such, it is critical that TSA’s security efforts share our commitment to securing these systems.

I urge my colleagues to join me in supporting this resolution and send a message about the importance of protecting our people, our infrastructure, and our economy.

I reserve the balance of my time. Mr. ROGERS of Alabama. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise today in support of H.R. 28, sponsored by my friend, and the gentlewoman from Texas (Ms. JACKSON-LEE). We know the Nation’s surface transportation systems are designed for accessibility and efficiency, making them vulnerable to terrorist attack. When hardening the transportation sector from terrorist attack, we must construct and finance a system of deterrence, protection and response that effectively reduces the possibility and consequences of another terrorist attack without unduly interfering with travel and commerce or public liberties.

In the 9/11 Act of 2007, Congress mandated that DHS take certain steps to ensure the security of our Nation’s public transportation systems. More than 2 years later, a number of mandates have gone unmet by the department, and this resolution expresses the sense of Congress that DHS should actually implement those mandates. It is time for DHS to move beyond the transportation sector-specific plans that identify and evaluate risk, to implementing risk reduction measures.

This resolution resolves that TSA should continue to enhance the security of mass transit and rail transportation systems, continue the development of the canine explosive detection program, and enhance on-line training programs. The resolution also takes special note that more attention is needed for school transportation systems.

With that, Mr. Speaker, I would urge my colleagues to vote for this, and yield back the balance of my time.

Ms. JACKSON-LEE of Texas. Mr. Speaker, I yield myself such time as I may consume.

I’d like to thank the staff of the Homeland Security Committee, and as we’ve stated, the staff development of this Transportation Security Committee, Mike Beland, and acknowledge the chairman of the committee for working with me and acknowledging the importance of this particular amendment and this bill.

Let me just say, as I close, we have already enunciated the parameters of securing mass transit and rail. We understand that we are behind in that effort.

I know there are committed, dedicated members of the Homeland Security Department and efforts that are ready to go. We need to give them the tools that they can work with. Even over the last couple of days as we look at actions that may be at first glance perceived to be innocent individuals intruding into the parameters of the White House, we know we have to be on alert, because no action should be taken in a simple or, if you will, non-serious manner.

So I stand today to say that this legislation, though a resolution, is serious because it emphasizes a commitment for tools and saving lives. I am delighted that my colleagues on the committee, in a bipartisan manner, have supported this. I’d like to acknowledge the ranking member of this committee, Mr. Dent; and I ask my colleagues to support this legislation, Mr. Speaker.

I believe this is a critical issue. H. Res. 28 addresses the critical issue of surface transportation, and I encourage my colleagues to vote “aye.”

With that, Mr. Speaker, for a second consecutive year, while Americans gathered with family and friends to celebrate the Thanksgiving holiday, terrorists executed deadly attacks on innocent people that were in transit, on foreign rail systems.

In the last 3 weeks, two bombings in Russia underscored that passenger rail systems remain enticing targets for acts of terrorism.
It has been nearly six months since this body overwhelmingly passed the legislation to authorize TSA’s rail and mass transit security activities (H.R. 2200).

Unfortunately, to date, the Senate has failed to move on H.R. 2200. The Senate also has yet to confirm a new TSA Assistant Secretary to fulfill the rail and mass transit security mandates that Congress overwhelmingly approved in 2007, with the passage of the Implementing Recommendations of the 9/11 Commission Act.

Plainly, there is still much to be done to secure rail and mass transit systems in the United States from bombings like the ones that occurred in Russia over the weekend, and other acts of terrorism.

In remembrance of those events, as well as the bombings of passenger rail and mass transit systems in Madrid, Spain; London, England; and Mumbai, India that occurred in recent years, H. Res. 28 instructs TSA to strengthen its efforts to secure rail and mass transit systems across the country and to build on existing programs that have shown promise.

This resolution recognizes TSA as being uniquely positioned to lead Federal efforts to secure rail and mass transit systems in the United States, and identifies the National Explosives Detection Canine Team Program as an effective and valuable resource.

House passage of both the 9/11 Act in 2007 and H.R. 2200 earlier this year by overwhelming majorities has emphasized the House of Representatives’ commitment to strengthening security of rail and mass transit systems.

I urge my colleagues to join with me in supporting this resolution and reaffirming our strong commitment to strengthening the security of our rail and mass transit systems.

Ms. RICHARDSON. Mr. Speaker, I rise today in support of House Resolution 28, which expresses the sense of the House of Representatives that the Transportation Security Administration (TSA) should increase and expand upon programs with a proven record of success, such as the Online Learning Center.

I have been in favor of training new employees基本 training for Federal air marshals. The Senate has already enacted and is now considering additional legislation to bring Federal air marshals into line with the Criminal Investigative Training Restoration Act.

In conclusion, Mr. Speaker, I support this resolution because we cannot take the safety of our Nation’s infrastructure for granted. We need to urge TSA to take all the action necessary to adequately protect our Nation and expand upon programs with a proven record of success, such as the Online Learning Center.

Mr. Speaker, I urge my colleagues to join me in supporting H. Res. 28.

Ms. JACKSON-LEE of Texas. With that, Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by Ms. JACKSON-LEE to suspend the rules and agree to the resolution, H. Res. 28, as amended.

The question was taken. The SPEAKER pro tempore. In the opinion of the Chair, two-thirds being in the affirmative, the ayes have it.

Ms. JACKSON-LEE of Texas. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered. The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair’s prior announcement, further proceedings on this motion will be postponed.

CRIMINAL INVESTIGATIVE TRAINING RESTORATION ACT

Ms. JACKSON-LEE of Texas. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 3963) to provide specialized training to Federal air marshals.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 3963

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Criminal Investigative Training Restoration Act.

SEC. 2. FEDERAL AIR MARSHALS.

Section 44917 of title 49, United States Code, is amended by adding at the end the following:

"(e) CRIMINAL INVESTIGATIVE TRAINING PROGRAM.—

"(1) NEW EMPLOYEE TRAINING.—Not later than 30 days after the date of enactment of the Criminal Investigative Training Restoration Act, the Federal Air Marshal Service shall require Federal air marshals hired after such date to complete the criminal investigative training program.

"(2) EXISTING EMPLOYEES.—A Federal air marshal who has previously completed the criminal investigative training program shall not be required to repeat such program.

"(3) ALTERNATIVE TRAINING.—Not later than 3 years after the date of enactment of the Criminal Investigative Training Restoration Act, an air marshal hired before such date who has not completed the criminal investigative training program shall be required to complete a alternative training program, as determined by the Federal Law Enforcement Training Center, that provides the training necessary by law to between the mixed basic police training, the Federal air marshal programs already completed by the Federal air marshal and the criminal investigatory training program provided through the criminal investigatory training program. Any such alternative program shall be deemed to meet the standards of the criminal investigatory training program.

"(4) AUTHORIZATION OF APPROPRIATIONS.—Not less than $3,000,000 is authorized to be appropriated for each of fiscal years 2010 and 2011 to carry out this subsection.

"(5) SAVINGS CLAUSE.—Nothing in this subsection shall be construed to reclassify Federal air marshals as criminal investigators.

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from Texas (Ms. JACKSON-LEE) and the gentleman from California (Mr. DANIEL E. LUNGREN) each will control 20 minutes. Chair recognizes the gentlewoman from Texas.

Ms. JACKSON-LEE of Texas. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and insert extraneous material on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from Texas?

There was no objection.

Ms. JACKSON-LEE of Texas. Mr. Speaker, I rise in support of this bill and yield myself such time as I may consume.

First of all, I am grateful to the gentleman from California (Mr. DANIEL E. LUNGREN), who I have worked with before, who’s worked tirelessly on this issue. I am honored to be a co-sponsor of this important legislation, and I do applaud his work.

This legislation will help to bolster the effectiveness and morale of the Federal Air Marshal Service, many of whom I visited with over my tenure as a member of the Homeland Security Committee. In my position as chairwoman of the Subcommittee on Transportation Security and Infrastructure Protection, I have promoted the need to keep our modes of transportation secure and to ensure that employees of the Department of Homeland Security have professional development opportunities and are treated fairly and given the opportunity to exercise their concern and have this Congress and this executive listen to their concerns. This bill works towards both of these important objectives.

The Federal Air Marshal Service had to quickly expand its efforts in the wake of attacks on September 11, 2001. This bill helps to restore more training measures in a way that is consistent with that necessary expansion.

In addition, this legislation provides for potential promotion opportunities.
with the gentleman from California, as we have promised, we were able to agree on language that eliminates my concern. I thank the gentleman for his cooperation and collaboration for a very important step forward. Accordingly, I’m confident that Federal air marshals—peace officers, as we use that terminology in Texas—are law enforcement officers. They are peace officers, as we use that terminology in Texas. They are law enforcement officers. We’re gratified for that expertise. This legislation will help them add to their portfolio in training on investigation, because there is not a single action that may occur that would require their service that does not require us to have the details and the information in order to bring individuals to justice. This is important.

Might I just add that Federal air marshals have risen to the call of duty. Federal air marshals came to New Orleans, Louisiana, during Hurricane Katrina. Federal air marshals have been called upon in time of disaster, and they have answered the call.

I think it is important to note as we stand on the floor of the House to present this legislation to enhance their training that we appreciate their service. We thank them for the sacrifice of their families as they travel internationally on behalf of the American people.

Mr. THOMPSON of Mississippi. Mr. Speaker, I rise in support of H.R. 3963, the “Criminal Investigative Training Restoration Act,” which has the potential of bolstering the effectiveness and morale of the Federal Air Marshal Service.

Specifically, this is a bipartisan bill adds the Federal Law Enforcement Training Center’s criminal investigative training program to the basic training required for Federal Air Marshals.

H.R. 3963 directs the Federal Air Marshal Service to provide criminal investigative training to all newly hired FAMS within 30 days of enactment.

The bill creates a three-year window for all current FAMS to be provided this additional training.

This training was provide to FAMS prior to 2001 but was halted to allow the Federal Air Marshal Service to swiftly ramp up its workforce in response to the September 11th terrorist attacks.

Unfortunately, in the eight years since 9/11, the Transportation Security Administration has not moved forward to restore this training.

I have heard that there were some concerns that there was a risk that FAMS, by virtue of taking this course, would be reclassified as “criminal investigators.”

The legislation addresses this concern head-on by clearly stating that this such a reclassification will not occur, thereby also ensuring that the pay FAMS receive is not adversely affected.

I thank the gentleman from California, Mr. LUNGREN, for introducing this legislation and working of my colleagues to include this important provision.
I urge passage of this bipartisan bill.

Ms. JACKSON-LEE of Texas. I would ask my colleagues to support this very important bill, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Texas (Ms. JACKSON-LEE) that the House suspend the rules and pass the bill. H.R. 3963. The question is now on the motion to suspend the rules.

A motion to reconsider was laid on the table.

EXTENDING CONDOLENCES TO FAMILIES OF SLAIN WASHINGTON OFFICERS

Mr. COHEN. Mr. Speaker, I move to suspend the rules and agree to the resolution (H. Res. 939) extending condolences to the families of Sergeant Mark Renninger, Officer Tina Griswold, Officer Ronald Owens, and Officer Greg Richards.

The Clerk read the title of the resolution.

The text of the resolution is as follows:

H. Res. 939

Whereas, on the morning of November 29, 2009, 4 members of the Lakewood Police Department were slain by gunfire in a senseless act of violence while preparing for their shift in Lakewood, Washington; Whereas the 4 officers have been members of the Lakewood Police Department since its founding 5 years ago, were valuable members of the community, and were deeply respected for their service; Whereas Sergeant Mark Renninger who served 13 years in law enforcement, first with the Tukwila Police Department and most recently, served with the Lakewood Police Department, is survived by his wife and 3 children; Whereas Officer Tina Griswold who served 14 years in law enforcement, first with the Lacey Police Department and most recently, served with the Lakewood Police Department, is survived by her husband and 2 children; Whereas Officer Ronald Owens who served 12 years in law enforcement, first with the Washington State Patrol and most recently, served with the Lakewood Police Department, is survived by his daughter; Whereas Officer Greg Richards who served 8 years in law enforcement, first with the Kent Police Department and most recently, served with the Lakewood Police Department, is survived by his wife and 3 children; Whereas the senseless violence against and murder of law enforcement officers, who are sworn to serve, protect, and preserve the peace of the communities, is a particularly heinous crime; and Whereas in the face of this senseless tragedy, the people of the City of Lakewood, the surrounding communities, and the State of Washington have come together in support of the law enforcement community and the victims, therefore, be it

Resolved, That the House of Representatives—

(1) extends its condolences to the families of Sergeant Mark Renninger, Officer Tina Griswold, Officer Ronald Owens, and Officer Greg Richards; and

(2) stands with the people of Lakewood, Washington, the men and women of the Lakewood Police Department, and members of the law enforcement community as they commemorate the tragic event and mourn the loss of these four dedicated public servants and law enforcement heroes.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Tennessee (Mr. COHEN) and the gentleman from Florida (Mr. POE) each will control 20 minutes.

The Chair recognizes the gentleman from Tennessee.

GENEAL LEAVE

Mr. COHEN. I ask unanimous consent that all Members may have 5 legislative days to revise and extend their remarks and include extraneous matter on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Tennessee?

There was no objection.

Mr. COHEN. I yield myself such time as I may consume.

This resolution extends condolences to the families of four Lakewood, Washington, police officers, Sergeant Mark Renninger, Officer Tina Griswold, Officer Ronald Owens, and Officer Greg Richards, who were senselessly slain by gunfire in the line of duty on Sunday, November 29, 2009. These brave and honorable Lakewood Police Department officers were ambushed as they sat in a local coffee shop, catching up on paperwork at the beginning of their Sunday morning shift.

By way of this resolution, the House of Representatives honors the lives and mourns the loss of these Lakewood police officers. We join the city of Lakewood and the entire State of Washington in celebrating the lives and grieve the deaths of these police officers.

Sergeant Mark Renninger was described as a “tough guy” who excelled at his job and was regarded as a leader and teacher in the close-knit Lakewood police force. He was married with three children.

Officer Tina Griswold liked to cook, ride her dirt bike, and was a certified diver. Her father is a retired police officer. She began working in law enforcement as a dispatcher and came to Lakewood 5 years ago as an officer. She leaves behind a 21-year-old daughter and a 7-year-old son.

Officer Ronald Owens, known to friends and family as Ronnie, was described as having a fun-loving personality and as someone who made everyone around him feel positive. Officer Owens leaves behind a daughter.

Officer Greg Richards enjoyed music in his spare time, playing drums in a rock band. He liked nothing better than spending time with his wife, Kelly, and his three children.

By passing this resolution, we want the families of these police officers to know that they are not alone in mourning the loss of the Lakewood officers. My first job, Mr. Speaker, was as an attorney for the police department. I served 3½ years as an attorney for the Memphis Police Department, and I relate to the loss that the department and this Nation have suffered.

I urge all my colleagues to support this important resolution.

I reserve the balance of my time.

Mr. POE of Texas. Mr. Speaker, I yield myself such time as I may consume.

First of all, I want to thank the gentleman from Washington (Mr. SMITH) for sponsoring this important legislation, and I rise in support of House Resolution 939. This resolution extends our condolences to the families of Sergeant Mark Renninger, Officer Tina Griswold, Officer Ronald Owens, and Officer Greg Richards. These four police officers were members of the Lakewood, Washington, police department and were ambushed by gunfire in a murderous act of violence on November 29, 2009.

These four officers were in uniform and sitting at a table in a coffee shop near their patrol area. They were preparing for their upcoming shift when a gun was fired at them.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Tennessee (Ms. JACKSON-LEE) that the House suspend the rules and pass the bill, H.R. 3963.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

As a Nation, we are grateful to peace officers and law enforcement officials sometimes go unnoticed and unappreciated by communities that they protect. So far in 2009, American police officers have lost their lives in the line of duty, protecting the rest of us. These noble men and women deserve respect and gratitude from our entire Nation. Peace officers, like Sergeant Renninger, Officer Tina Griswold, Officer Ronald Owens, and Officer Greg Richards perform their jobs every day with the knowledge that there is a possibility that they may give their lives in service to the communities that they protect.

As a Nation, we are grateful to peace officers who readily accept such a tremendous burden and to their families.
who accept that burden as well. In the wake of this vicious tragedy, we come together in support of the law enforcement community and the families of these individuals.

Sergeant Renninger was a 13-year law enforcement veteran, is survived by his wife and three children. Officer Griswold, a 14-year police veteran, is survived by her husband, a former deputy sheriff, and two children. Officer Owens, a 12-year veteran, is survived by his daughter. Officer Richard, a 12-year veteran, is survived by his wife and three children.

The four officers were original members of the Lakewood Police Department, which was founded just 5 years ago. They are the first officers from the department to be killed in the line of duty. As the resolution so aptly states, Members of Congress stand with the people of Lakewood, Washington, the men and women of the Lakewood Police Department, and members of the law enforcement community as they honor the lives and mourn the loss of these four dedicated public servants and law enforcement heroes.

I urge my colleagues to support this resolution. I reserve the balance of my time.

Mr. COHEN. Mr. Speaker, I yield as much time as the gentleman shall consume to Mr. SMITH from the State of Washington.

Mr. SMITH of Washington. I want to thank the Speaker and this Chamber for so quickly bringing this resolution to the floor.

As we have now heard of the tragic events of last Sunday, we are here to offer our condolences to the families, also to honor the lives and the service of the four officers who were so brutally slain, and to express our grief over their loss. They were ambushed early on Sunday morning, simply getting ready to go to work. It is a tragedy that leaves a deep impact on our community. And I want to also offer my condolences to all the people in Lakewood, especially their police force and the city officials, who have been so impacted by this tragic event.

The four officers who were killed were part of the police force and all of the police officers in this country who so selflessly serve and protect all of us. They were Sergeant Mark Renninger, who was a 13-year law enforcement veteran. He started out with the Tukwila Police Department before moving on to Lakewood. He is survived by his wife, two daughters, and a son.

Officer Tina Griswold served 14 years in law enforcement, starting with the Lacey Police Department before moving to Lakewood. She is survived by her husband and two children.

Officer Ronald Owens, who has served 12 years in law enforcement, started off with the Washington State Patrol before moving to Lakewood. He is survived by a daughter.

Officer Greg Richards served 8 years in law enforcement. He began with the Kent Police Department before going to Lakewood. He is survived by his wife and three children.

It is very appropriate that Congress makes clear to the families and to all members of the law enforcement community that we stand with them in grieving their loss and honoring their service. And it is also important that we remember as often as possible what our law enforcement personnel do for us.

I had the opportunity to serve as a prosecutor for a few years and work with many of the members of our law enforcement community, and what a lot of people forget is the constant danger that they are in and the courage that it takes to do their job every day. It’s easy to see a police officer on a patrol or on the beat, see them driving around, and think of the job simply in that context. But every second of every day, people who serve as police officers know the risk and danger that they are taking. And the impressive thing is they take it every single day and they do it to protect us, to give us a sense of safety and security in our community despite the danger.

The tragedy in Lakewood makes that all too clear. They were simply sitting down for a cup of coffee to get their paperwork together before going on shift. That makes it clear just how much our police officers know about risk and how willingly they take that risk and protect us.

I thank the House for pausing for a few moments today to remember the service of these four officers, to honor them for that service, to grieve over their deaths, and to express condolences to their families, to all of the people in Lakewood, and to the larger law enforcement community that does so much to protect us and show us much courage in doing so.

Mr. Speaker, I yield such time as he may consume to the gentleman from Washington (Mr. REICHERT), who’s familiar with this law enforcement agency and, as a sheriff, represented much of this area.

Mr. REICHERT. I thank the judge for yielding.

Mr. Speaker, I know that most of the people in Washington, D.C., don’t know these families that we’re talking about today. The people here in Washington, D.C., don’t know the children that these officers will no longer be able to parent.

But we do know police officers in Washington, D.C. We do know police officers here, the Capitol Hill Police Department and the D.C. Police Department, and we recognize the job they do every day to protect us.

Sometimes it’s hard to make that connection between the men and women who wear the uniform and the sacrifices they make until it happens to them in their communities, until it happens to you.

Mr. Speaker, next year on May 15, right here on the Capitol grounds, we will pay tribute and honor to peace officers that have been killed this year in the line of duty. Until this event in the nation of Washington, police officers who were brutally murdered Sunday morning just after Thanksgiving, spending the week with their family, I think it’s just and right that all of us here today extend our deepest sympathy, to stand in solidarity and in grief with the families, their fellow officers, their friends, and their community.

To those involved in the hunt for the suspect, we commend you for your hard work, your bravery, your thorough and effective work saved the lives of other citizens and other officers from harm.

Moving forward, I hope all of you understand how hard this will be for the families. I, unfortunately, have had the duty to notify family members of our loved ones lost. It’s pain and emotion that you can’t imagine. These families are devastated. So, please, I would ask all of us to remember the families, and I ask that you support Mr. Poe in his resolution to help, your help, your prayers, and your love.

Mr. COHEN, Mr. Speaker, I reserve the balance of my time.

Mr. POE of Texas. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, next year on May 15, right here on the Capitol grounds, we will pay tribute and honor to peace officers that have been killed this year in the line of duty. Until this event in the nation of Washington, police officers who were brutally murdered Sunday morning just after Thanksgiving, spending the week with their family, I think it’s just and right that all of us here today extend our deepest sympathy, to stand in solidarity and in grief with the families, their fellow officers, their friends, and their community.

To those involved in the hunt for the suspect, we commend you for your hard work, your bravery, your thorough and effective work saved the lives of other citizens and other officers from harm.

Mr. Speaker, next year on May 15, right here on the Capitol grounds, we will pay tribute and honor to peace officers that have been killed this year in the line of duty. Until this event in the nation of Washington, police officers who were brutally murdered Sunday morning just after Thanksgiving, spending the week with their family, I think it’s just and right that all of us here today extend our deepest sympathy, to stand in solidarity and in grief with the families, their fellow officers, their friends, and their community.

To those involved in the hunt for the suspect, we commend you for your hard work, your bravery, your thorough and effective work saved the lives of other citizens and other officers from harm.

Having spent most of my career at the courthouse in Houston as a prosecutor and then a criminal court judge, I saw a lot of police officers come down to the courthouse. And sometimes they didn’t return, and the reason was because some criminal had decided to take their life. But that is the occupation that they chose, to risk their lives for the rest of us. And we should always be mindful of the men and women who wear the uniform, those who wear
the uniform at home to protect us from domestic criminals and those who wear the uniform overseas to protect us from international criminals.

Peace officers, Mr. Speaker, are the last strand of wire in the fence between the people and the law. Every day they put on their uniform and they put above their heart on their chest a badge, which is really a shield, a shield that’s symbolic of protecting the community from the evil-doers. It goes back centuries ago. And yet they wear that shield to protect us from people who wish to do us harm. And when individuals make the decision to harm those that protect us, it is an American tragedy, and the whole country mourns with the families who have lost a police officer.

So I urge that we mourn the loss of these officers, that we honor their lives and their bravery, and that we pass this resolution immediately.

Mr. Speaker, I yield back the balance of my time.

Mr. COHEN. Mr. Speaker, I join with my friend from Texas in urging that we pass this resolution and that we do mourn these brave officers who lost their lives and stand with the people of Lakewood, Washington.

But I would also ask us to think about what happened, why these people lost their lives. And we may never know, but we do know that the person who killed them should have been behind bars. He was a criminal who was released from prison in Arkansas through executive clemency. And while there are certainly people who committed victimless crimes who are unnecessarily kept for long periods of times in incarceration and should have clemency or some type of executive relief, people who commit crimes of violence, as this person did, they should not be released unless there are some extra circumstances that are beyond anybody’s thought that it was appropriate.

This gentleman was not reformed. He committed other crimes. He still should have been in jail.

And you’ve got to think about mental health. The man was a criminal, but he was also mentally ill. He had delusions that he was some type of religious figure. And we’ve got to think about the mental health laws that we have up here and the opportunity to fund mental health institutions and to get mental health so that people can be treated before they commit some act out of a delusional aspect of their disease.

So there are a lot of other areas we need to be looked at as we mourn these officers and remember 9/11 and the fire people and the police people who were killed there. And we’ve got to remember the issues with guns and how this man got access to a gun to commit this crime. So there are other issues that need to be looked at.

I join all the Members of the House and ask that we pass H. Res. 939 and in morning the loss of these four fine law enforcement officers, but also that we continue our research into the causes of this heinous crime.

Mr. STUPAK. Mr. Speaker, I rise to honor the fallen officers of the Lakewood, Washington, Police Department and to offer my condolences to the families and colleagues of these officers.

The tragic events of November 29, 2009, took the lives of four officers who have served the Lakewood Police Department for many years. This is a loss not only to the police department, but to the law enforcement community across the country. It is also a solemn reminder that every day, our men and women in uniform face unpredictable threats.

We must work in Congress to ensure that our police departments are always prepared, equipped, and ready to fend off these threats. Law enforcement officers are on the front lines of protecting our communities, and we must ensure they are protected, too.

As a former State Trooper, and the co-chairman of the Congressional Law Enforcement Caucus, I extend my condolences to the fallen, to the families, and to the police department of Lake-wood, Washington.

Our thoughts and prayers are with you. Mr. PASCRELL. Mr. Speaker, I rise today to honor the memories of the four brave officers whose lives were needlessly cut short this past week in Washington State.

All four officers were members of the Lake-wood Police and were slain while preparing for their shift by Maurice Clemens, a career crim-inal who had been paroled from prison earlier this decade and was later killed by a Seattle police officer after a long manhunt.

We stand with all the police officers in Washington State who despite losing four of their own served with distinction and bravery to bring this killer to “justice.”

I have long maintained that our first re-sponders are the first line in our country’s national defense. They are on the beaten tracks every day keeping our communities and our children safe from harm.

In the words of our Federal government, this resolution describes violence against law enforcement officers as “particularly heinous, which I think is an understatement. This kind of violence against these brave community servants is not only heinous, it’s unimaginable, horrific, and unacceptable. The Federal Government must do more to protect our police officers from these kinds of violent and malicious criminals.

Congress must look at the ways we can strengthen the penalties for these kinds of horrific crimes committed against our heroes.

Our police officers are out there every day sticking their necks out for us, and we owe it to them to do everything in our power to protect them as well.

Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore (Mr. CUELLAR). The question is on the motion offered by the gentleman from Tennessee (Mr. COHEN) that the House suspend the rules and agree to the reso-lution, H. Res. 939.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the resolution was agreed to.

A motion to reconsider was laid on the table.
days in which to revise and extend their remarks and include extraneous material in the RECORD.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Tennessee?

There was no objection.

Mr. GORDON of Tennessee. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, the Radioactive Import Deterrence Act is a bipartisan bill that would ban the importation of low-level radioactive waste unless the President provides a waiver.

Low-level radioactive waste is generated by medical facilities, university research facilities, and utility companies. This waste is generated all over the United States, but finding permanent disposal sites has proven difficult. Currently, 36 States and the District of Columbia have only one approved site to store all the waste generated by those industries. That site is located in Utah. The site stores 99 percent of the United States’ low-level radioactive waste.

However, the Nuclear Regulatory Commission is currently considering the licensing of some 20,000 tons of Italian low-level waste to be permanently disposed of at the Utah site. This would be the largest importation of foreign waste ever.

The United States stands alone as the only country in the world that imports other countries’ radioactive waste for permanent disposal. Other countries are reading the signs that the U.S. is poised to become a nuclear dumping ground. Permit applications are also pending for the importation of Brazilian and Mexican waste.

Foreign waste threatens the capacity that we have set aside in this country for the waste generated by our domestic industries. It is critical that Congress protect that capacity by prohibiting these imports.

I support nuclear power as part of our energy mix. 104 commercial nuclear plants in the United States help to provide 20 percent of our Nation’s energy needs. However, in order to support the continued growth of our domestic nuclear industry, we must ban the practice of disposing of other countries’ radioactive waste. We must reserve that capacity for our domestic needs.

To expedite this legislation for floor consideration, the Committee on Ways and Means will forgo action on this bill. This is being done with the understanding that the Committee on Energy and Commerce will confirm in the legislative history of the bill that the President’s discretion to waive section 277(a) of the Atomic Energy Act of 1954 applies only to an international or international policy goal, and is not limited to the use of waste for research purposes.

I would appreciate your response to this letter, confirming this understanding with respect to H.R. 515, and would ask that a copy of our exchange of letters on this matter be included in the Congressional Record during consideration of this bill.

Once again, thank you for your work and cooperation on this legislation.

Sincerely,

CHARLES B. RANGEL,
Chairman.

COMMITTEE ON ENERGY AND COMMERCE,
WASHINGTON, DC, December 1, 2009.

Hon. Charles B. Rangel,
Chairman, Committee on Ways and Means,
Longworth House Office Building, Washing-
ton, DC.

DEAR CHAIRMAN RANGEL: Thank you for your letter regarding H.R. 515, the “Radioactive Import Deterrence Act of 2009.” The Committee on Energy and Commerce recognizes the jurisdictional interest of the Committee on Ways and Means in H.R. 515, and I appreciate your effort to facilitate consideration of this bill.

Your letter accurately stated that the report of the Committee on Energy and Commerce on H.R. 515 will confirm that the President’s discretion to waive section 277(a) of the Atomic Energy Act of 1954 applies to any important national or international policy goal, and is not limited to the use of waste for research purposes. I also concur that by forgoing action on the bill the Committee on Ways and Means does not in any way prejudice with respect to its jurisdictional prerogatives on this bill or similar legislation in the future, and I would support your effort to seek appointment of an appropriate number of conferees to any House-Senate conference involving this legislation.

I will include our letters on H.R. 515 in the Congressional Record during floor consideration of the bill and in the Committee report on H.R. 515. Again, I appreciate your cooperation regarding this legislation and I look forward to working with the Committee on Ways and Means as the bill moves through the legislative process.

Sincerely,

HENRY A. WAXMAN,
Chairman.

I reserve the balance of my time.

Mr. STEARNS. Mr. Speaker, I yield myself such time as I may consume.

The gentleman from Tennessee is a scholar and perspicacious individual, very talented, but Shakespeare said, “To err is human,” and in this case, the gentleman from Tennessee has erred particularly in this bill. So I stand here not in support of his grand bill.

I think many in Congress are perhaps frustrated that we’re not focusing on domestic nuclear waste disposal issues that obviously need to be resolved if we’re ever to revitalize our nuclear energy. Instead, we’re talking about this bill. In fact, this bill is going to hurt businesses that are trying to create economic growth. It will actually discourage it.

The administration has irresponsibly turned its back on the Yucca Mountain waste repository site, leaving us with no clear plan to dispose of high-level radioactive waste, nuclear fuel and leaving taxpayers liable for potentially billions of dollars in damages.

Now this bill, Mr. Speaker, does not focus on high-level radioactive waste, but rather it focuses on what is known as a Class A radioactive waste. Now, my colleagues, this is the lowest of lowest levels of radioactive waste. Now, supporters of this bill will say that it will help us to find disposal capacity in the United States for this waste. Let’s talk about what the GAO says.

They have testified the Class A waste disposal capacity is simply not a problem in the short term or the long term. Of course, we have some real concerns about disposal capacity for what is known as Class B and C waste, but not Class A waste.

Now, what does this legislation do to deal with spent nuclear fuel or the impending Class B and C waste disposal crisis? Nothing. Nothing is done. Instead, it would prevent U.S. companies from competing in the global marketplace by restraining trade in this very low-level waste.

Now, a lot of us will hear the word “radioactive” and this is perhaps a word that is radioactive to lawmakers, but it should not frighten us once we understand this is the same kind of waste that you find in a capsicum smoke detector. I think everybody in this Chamber, as well as everybody in the House, probably has a smoke detector in their home. So that is the type of low-level waste we’re talking about.

And I think that Americans and American workers to participate fully in the international nuclear renaissance. You know, it’s happening in China certainly, including the handling of low-level waste. This is an anti-jobs and anti-trade bill. It would simply ban Americans from the marketplace. And so that’s why, reluctantly, many on this side of the aisle oppose this legislation and voted against it when it was before the full Energy and Commerce committee.

I am also concerned that this bill may have negative unintended consequences on top of the intended ones. In addition to restricting the ability of U.S. companies to compete for foreign contracts, this bill may prevent U.S. companies in the future from working cooperatively with foreign companies on other nuclear projects. The bill would prohibit the importation of low-level waste into the United States unless it is being sent to a Federal Government or military facility or other limited exceptions.
Mr. Speaker, I yield such time as he may consume to my friend from Utah (Mr. Matheson), the coauthor of this bipartisan bill.

Mr. MATHESON. I thank Mr. Gordon for yielding.

Before I begin my comments, I have a copy of a resolution that was passed by the Salt Lake County Council in support of this bill.

A RESOLUTION OF THE SALT LAKE COUNTY COUNCIL OPPOSING THE IMPORTATION OF FOREIGN NUCLEAR/RADIOACTIVE WASTE AND ITS TRANSPORTATION TO THE UNITED STATES

Whereas, the Nuclear Regulatory Commission (NRC) has been asked for a license to import radioactive waste from dismantled nuclear reactors in Italy;

Whereas, Italy, which currently stores its nuclear/radioactive waste at power plants and other sites throughout Italy, has no permanent repository for this waste; has four closed nuclear power stations and other nuclear facilities with nuclear/radioactive waste, and for the past number of years has been unable to construct a waste disposal facility due to strong citizen opposition;

Whereas, due to having closed facilities and citizen opposition to construction of any new facility in their country, no one has been able to manage and dispose of the low-level waste incinerated at their nuclear/radioactive waste sites;

Whereas, a declaratory judgment action has been filed and is currently being actively litigated to determine whether the Northwest Interstate Compact has jurisdiction over the importation of the waste and its transportation by foreign countries which would directly impact Salt Lake County; and

Now, Therefore, the County Council hereby resolves that it urges Utah's legislative delegation to support the Radioactive Deterrent Act (RDA), HR 515 and S. 232, which would prohibit the importation of foreign nuclear/radioactive waste to this country.

Mr. Speaker, the Energy and Commerce Committee has held two hearings on this issue: one in the previous Congress and one in this Congress. And during those hearings, we really flushed out this issue in a way that I think makes pretty clear points that justify moving this bill.

First of all, what was established is that there is confusion about what U.S. policy is relative to importation of radioactive waste from foreign countries. There really is a gap in policy here because our low-level radioactive waste has developed over the last two or three decades, foreign waste wasn't even really considered. It just wasn't conceived that we would even take waste from other countries or import.

As Mr. Gordon indicated, no other country in the world takes another country's radioactive waste, and I think that appears to have been the assumption in terms of when policies have been determined in this country.

But what has happened in the last few years is that there are efforts and contracts being signed to move waste from Italy; there is discussion about Mexico, China, Britain to move low radioactive waste to this country. The Nuclear Regulatory Commission says we have no authority to determine whether or not waste from foreign countries should be allowed into this country.

So then we turn to the next regulatory body that we have in this country, and that is the system of State-run compacts that was established in Federal law primarily in 1965. And the nuclear waste compacts are the ones who also have this role in deciding how to handle low-level radioactive waste.

The State of Utah happens to be a member of the Northwest Compact. When this proposal to move waste from Italy was put before the Compact, the Compact, with the State of Utah opposing the importation of this waste, the Compact agreed with the State of Utah need to disallow it. At this point, the matter was taken to the courts. The Federal district courts have ruled the Compact courts have no authority to stop this either. That case is currently on appeal.

But what this points out—and the reason I walk through these steps—is to illustrate that there's a lot of confusion out there and everyone is pointing in a different direction of who's in charge of this issue. And this issue ought to be addressed by Congress. It's up from a public policy perspective to discuss whether or not as a policy of this country we should accept another country's radioactive waste. I happen to think we shouldn't.

No other country in the world does. I don't think we should either. There has been mention that this is a restraint of trade issue in preventing U.S. companies from competing. I don't know of any other country that takes imported waste.

For trade to exist, you have goods and services going in both directions, not just in one. I don't understand how this in any way could be described as a restraint of trade.

Secondly, the capacity of this country for handling low-level waste is an issue because from what I have heard, not many States want to have a nuclear waste site for low-level waste. Even though you have heard descriptions that this low-level waste may be no more dangerous than what's in a smoke detector. When you talk about tons and tons of this low-level radioactive waste, not a lot of States are lining up to take it.

And as we move forward as a country in a climate-constrained world where I believe—and I support development of nuclear power plants which, in addition to high-level fuel rods, do generate low-level waste—we need to have a location in this country to dispose of that low-level waste.
When the GAO did analyze the site in Utah to discuss the capacity issue, as was pointed out during the Congressional hearings before the Energy and Commerce Committee, it was pointed out that the GAO only looked at 1 year, so for how much waste was put in, and they just took that volume from that year and projected it out into the future, which I'm a little disappointed that GAO would make such an elementary mistake in terms of how you project a trend, because the 1 year they used, in terms of the volume that was deposited that year, was a particularly low year in terms of volumes of waste.

And in fact, even with that assumption, they projected that it would go out maybe somewhere between 20 and 30 years. That is not necessarily a long amount of time when you talk about storage of low-level waste in this country. That is not a long amount of time when you talk about the issue that most States don't want one of these sites located in their State. And I would submit that if you take the longer view of the life cycle of a nuclear power plant, that 20 to 30 years is not an excessively long amount of time, that's the storage capacity we've got at this site.

By the way, the GAO report also did not assume any foreign radioactive waste would be going in the site when it made its analysis of what the capacity was.

So I think this is a good bill. I think this addresses a gap in policy today. I think it will create greater certainty for the future of the nuclear industry in this country. I think it aligns the United States with the rest of the world in how we deal with importation of radioactive waste.

I want to thank Mr. GORDON for his leadership on this issue. I encourage my colleagues to support the bill.

Mr. STEARNS. Mr. Speaker, I ask how much time I have left.

The SPEAKER pro tempore. Sixteen minutes.

Mr. STEARNS. Mr. Speaker, I yield myself as much time as I may consume.

I think if you try to look at this issue in a broad sense, around the world a lot of countries are actually building nuclear power plants and there's also countries that are decommissioning them. There are currently 436 nuclear reactors worldwide with 53 under construction. China currently has 16 reactors under construction. So this renaissance is occurring. It's global.

So I think if you're going to have companies that are involved with the construction and decommission of nuclear power plants, and they want to say, Okay, I want to bid, these countries will accept the bid from the United States; but if the United States is limiting them in how they're getting rid of low level radioactive waste, it's going to make it more difficult for that company to compete.

Again, this is not a serious problem. As far as I know, there has not been any indirect harm to individuals because of this. I obviously view this bill—the authors have crafted as a safety measure, and I respect that. But low level radioactive waste, as I mentioned, is in smoke detectors as well as exit signs.

So the implementation of this bill is going to be more regulatory, and the Nuclear Regulatory Commission is already doing this. So why would we need this bill?

And I think, as pointed out earlier in my statement, we have so many other Class B and Class C waste capacity problems that we should really be concentrating on and not this form of class, which is a very low radioactive class.

So I think, Mr. Speaker, that this is not a serious problem. I respect the authors and what they are trying to do; but, I think there's not a need for this kind of regulatory overlay with the Nuclear Regulatory Commission, which has already done a wonderful job for decades.

So with that, Mr. Speaker, I would urge my colleagues not to support and vote "no" on the bill, and I reserve the balance of my time.

Mr. GORDON of Tennessee. Mr. Speaker, I yield myself such time as I may consume.

I have to say that my friend from Florida is making a valiant effort. I just want to talk to you about a couple of things.

First of all, Shakespeare also says "don't rope a dope me." This is not B and C material. We're talking about a material.

We're both pro-nuclear. We would like to see additional nuclear power help us deal with our climate change, but he says this is not a serious problem. Well, it's a very serious problem if you are a lab, if you are a hospital, if you are a utility and you have no place to take your low-level radioactive waste.

For 37 States, there is no place else to go but Utah. And when that runs out, it is out. And so that is a very serious problem.

He says it is going to hurt business. It is not going to hurt business. There is a finite amount of space there. Either you put in American waste or foreign waste; it is the same amount. So there is no business going to be hurt there.

And finally, "don't worry about it, it is a smoke detector." Well, if it is only smoke detectors, why are we putting up barbed wire fence, why do we have guards, and why does it have to stay there permanently? It is much more than that. There are serious problems here. This is a matter of American competitiveness. For that reason, I think that this bipartisan bill does need to pass.

I reserve the balance of my time.

Mr. STEARNS. Mr. Speaker, I reserve the balance of my time because I think the gentleman from Tennessee has additional speakers.

Mr. GORDON of Tennessee. Mr. Speaker, I regret that my friend from Florida has no one here to defend him today, and I yield such time as he may consume to Mr. CHAFFETZ, another person who this will directly impact in Utah.

Mr. CHAFFETZ. Mr. Speaker, I appreciate the work Mr. GORDON has done on this bill with broad, bipartisan support, and I appreciate the leadership of JIM MATHIESON, who has led out on this issue for years.

In short, for those of you who are supportive of the nuclear industry, and like me want to see the expansion of the nuclear industry, we need to make sure that we reserve the capacity so we can deal with the waste. We won't be able to have expansion unless we have the capacity to actually store the waste.

And for those of you who don't want to see any sort of expansion of the nuclear industry, then why in the world would you ever want to have nuclear waste from foreign countries?

I am a very strong supporter of nuclear power. Currently, nuclear reactors in America provide the United States with roughly 20 percent of its electricity, yet we have built no new reactors since 1978. That is why I am a cosponsor of the American Energy Act, which establishes the national goal of bringing 100 new nuclear reactors online over the next 20 years. Achieving this goal is important for our economy, our environment, and for energy independence. This is why facilities like the one located in Clive, one of the best in the Nation and really the best in the world, need to dedicate their capacities to storage of American products. Expansion of our nuclear capacity will be nearly impossible if we allow our storage facilities to become saturated with foreign nuclear waste.

I support this bill and oppose the importation of waste into the country based on the basic laws of supply and demand. If the world is saturated by Italian companies is so valuable, then why do businesses in Europe not step up to the plate? There is a reason why: With $1 billion on the line, there is not one place in Europe that is willing to step up and take it. It is dangerous. It is very dangerous. The answer, I would argue, is that other European countries do not want to take the risk of importing waste into their country. It is not a risk that I want to take for the State of Utah or for my country. And I believe that by passing this bill, I am confident that market forces will find a place for the waste somewhere other than the United States, and we can continue to propel the nuclear industry forward in the United States of America.

Mr. STEARNS. Mr. Speaker, I yield myself such time as I may consume.

I noticed that the advocates for the opponent all have these people from
Mr. GORDON of Tennessee. I yield to the gentleman from Florida.

Mr. STEARNS. I would consider that proposal. Will you withdraw this bill?

Mr. GORDON of Tennessee. Once you get it sited, then this bill may not be necessary.

Mr. STEARNS. During the process we are waiting to get sited in Florida, will you just put this bill onto a back burner?

Mr. GORDON of Tennessee. I don’t think that would be the responsible thing to do for our country.

And for that reason, I yield to the gentleman from Utah (Mr. Matheson) to clarify one of the earlier statements. Mr. Matheson. Speaker, I just wanted to clarify one comment made by the gentleman from Florida about capacity in Utah. It is interesting the company is telling people that they have so much capacity. They made a commitment to our Governor that they were not going to ask for any increase in this site. It is license capacity compared to what they have. It so happens when they came to testify before the Energy and Commerce Committee, in their written testimony they included tables that assumed great expansion of the site. But the State of Utah has not licensed that expansion. They made a commitment to our Governor that they weren’t going to apply for an increase in size from the license capacity that exists today. So I am not sure if they are talking out of both sides of their mouth now, if they are telling the other side that they have plenty of capacity, but I would just put it on the record that that company is on record that they said they would not make a license request to increase the capacity at the site.

Mr. GORDON of Tennessee. If the gentleman would stay there, reclaiming my time, the Northwest Compact, did they volunteer to take this radioactive waste?

Mr. MATHESON. The imported waste?

Mr. GORDON of Tennessee. Yes.

Mr. MATHESON. The Northwest Compact, as I made some reference to in my earlier statement, voted against taking this waste.

Mr. GORDON of Tennessee. And what was the Governor’s position?

Mr. MATHESON. The Governor of Utah was opposed to it. The State of Utah was opposed to it. Mr. GORDON of Tennessee. What action did the company then take?

Mr. MATHESON. The company then took the State and the Northwest Compact to court.

Mr. GORDON of Tennessee. They sued them? You mean they sued them to make them take this?

Mr. MATHESON. They took this action to Federal court because they disagreed with the decision of the State of Utah and the Northwest Compact. Mr. GORDON of Tennessee. I’m shocked. I reserve the balance of my time.
Mr. GORDON of Tennessee. Reclaiming my time, and I will yield right back to you, has that site been certified?

Mr. STEARNS. I think it is in the process of being certified. And there are other States that are willing to do the same thing.

Mr. GORDON of Tennessee. If you don’t mind, your colleague from Tennessee has a question for you.

Mr. GORDON of Tennessee. I yield to the gentleman from Tennessee (Mr. ROE).

Mr. ROE of Tennessee. Thank you for yielding.

It is a problem to have the waste brought into this country and then shipped out back to the country of origin or wherever it is disposed of? We have a company in our district that does that.

Mr. GORDON of Tennessee. Reclaiming my time, I understand that, and I am sympathetic to that. The difficulty is where that waste has been separated. I have been personally, and they have said that they don’t ship it all back, that they keep some of it here. And there are difficulties. Once you combine an A level with a B or C level, there are additional problems.

Now I am sympathetic to your concerns. We want to continue with that dialogue. I hope that can be rectified. But so far, we do not have that. And that is not before us today. What we have before us today is a very simple proposition: Is the United States going to be a dumping ground in the world that is going to use our limited storage space to permanently dispose of tons and tons of radioactive waste from other countries? That is the question before us today, and we have a bipartisan bill that tries to answer that.

Mr. STEARNS. I thank my colleague for allowing me the time to speak.

Mr. GORDON of Tennessee. I understand that Mr. TERRY, a member of our committee, is on his way. He is going to have to get here pretty soon. As a cosponsor of this bipartisan bill, I think he would want me to say on his behalf that it is not in the interest of Nebraska, his home State, to have no other place to send their radioactive waste, whether it is from a hospital, from a lab, or anywhere else, but to Utah. And I would say that he would be very concerned with what Nebraska is going to do with that waste if there is no other place to send it. I am sure that he would say it much more eloquently than me.

Mr. MARKEY of Massachusetts. Mr. Speaker, I rise in strong support of H.R. 515, the Radioactive Import Deterrence Act, a bipartisan bill introduced by Congressmen GORDON, MATHESON and TERRY. This important legislation will ban the importation of low-level radioactive waste into the United States. This is a bipartisan bill, cosponsored by 80 House Members, including 20 Democratic and 4 Republican members of the full Energy and Commerce Committee.

H.R. 515 was drafted in response to an attempt to bring 20,000 tons of Italian low-level nuclear waste into the United States to be processed in Tennessee and disposed of in Utah. Italy wants to ship their waste to the United States because they have no disposal capabilities of their own. And Italy is by no means the only country in this position.

In fact, the United States is the only nuclear waste-producing country in the world which allows the importation and disposal of foreign nuclear waste. No other country does, and for good reason! Why should the United States take Italian nuclear waste if they won’t take ours? I think the answer is simple: this House will not allow the United States to be the world’s nuclear dumping ground.

H.R. 515 will preserve existing disposal sites for our own waste, but it would maintain the integrity of the Low Level Waste Compact System, and protect the States from being forced to accept foreign nuclear waste.

When Congress established the Low Level Waste Compact System, it intended for the compacts to handle foreign waste. We empowered the States to establish sites for common use within the various regions, and specifically allowed them to exclude waste from outside those regions. This bill will responsibly fix a loophole which was never intended to exist.

If we fail to protect the Low Level Waste Compact System, what were supposed to be domestic disposal sites could be turned into global nuclear waste dumps. If that occurs, we could end up in a position where many States are unable—or unwilling—to participate in these compacts at all, leaving domestic companies with nowhere to go to dispose of their radioactive waste. That would not be a good development for the nuclear industry, or for the National Security.

This bill moved through the Energy and Commerce Committee under regular order, and received bipartisan support. It was reported favorably by the Subcommittee on Energy and the Environment to the full Committee by a vote, and the Energy and Commerce Committee sent the bill to this Floor by a strong vote of 34–12.

Mr. Speaker, I urge all of my colleagues to support this important legislation today.

Mr. TERRY. Mr. Speaker, I rise today in support of H.R. 515, the Radioactive Import Deterrence Act. This legislation will preserve our ability to regulate the importation of low-level radioactive waste produced in U.S. facilities such as clothing and items that are used in hospitals, research facilities, and nuclear power plants.

These low-level waste products are generated throughout the country, including Nebraska, which has two nuclear power plants and several medical facilities that generate these low-level waste materials that require processing and storage.

This legislation would bar the NRC from issuing licenses authorizing the importation of foreign low-level radioactive waste, unless waived by the President to meet national or international policy goals. It also exempts waste generated by the U.S. government or the military.

The United States is the only nation that allows imports of low-level radioactive waste from other countries. If we do not impose the ban, the importation of the United States could easily become the preferred dumping ground for low-level radioactive waste from around the globe. This could be a problem since 36 states that do not have access to a waste compact—like Nebraska—have access to only one disposal site located in the State of Utah. Also, 94 out of 104 commercial nuclear plants in the United States use the same commercial facility as those 36 states to dispose of their low-level waste.

Mr. Speaker, we should not become the low-level radioactive waste disposal dump for the entire world. Other countries that are now using or developing nuclear power and have medical facilities generating this waste should build and operate their own storage facilities and not put American communities at risk for taking care of this radioactive waste.

I urge my colleagues to vote for H.R. 515.

Mr. GORDON of Tennessee. At this time, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Tennessee (Mr. GORDON) that the House suspend the rules and pass the bill, H.R. 515, as amended.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds being in the affirmative, the ayes have it.

Mr. STEARNS. Mr. Speaker, on that demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair’s prior announcement, further proceedings on this motion will be postponed.

RECESS

The SPEAKER pro tempore. Pursuant to clause 12(a) of rule I, the Chair declares the House in recess subject to the call of the Chair.

Accordingly (at 2 o’clock and 45 minutes p.m.), the House stood in recess subject to the call of the Chair.

□ 1615

AFTER RECESS

The recess having expired, the House was called to order by the Speaker pro tempore (Mr. CUellar) at 4 o’clock and 15 minutes p.m.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The Speaker pro tempore. Pursuant to clause 8 of rule XX, proceedings will resume on motions to suspend the rules previously postponed.

Votes will be taken in the following order:

H. Con. Res. 197, by the yeas and nays;

H. Con. Res. 198, by the yeas and nays;

EMERSON changed their vote from ‘‘yea’’ to ‘‘nay.’’

Messrs. CANTOR, CANTOR of California, GOODLATTE, BUCHANAN, WAMP, and Mrs. HALVORSON changed their vote from ‘‘nay’’ to ‘‘yea.’’

So (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

TEMPORARY FOBBEARANCE FOR FAMILIES AFFECTED BY CONTAMINATED DRYWALL

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from California (Ms. Waters) that the House suspend the rules and agree to the concurrent resolution, H. Con. Res. 197, as amended.

This is a 5-minute vote.

The vote was taken by electronic device, and there were—yeas 419, nays 1, not voting 14, as follows:

The Speaker pro tempore (during the vote). There are 2 minutes remaining in this vote.

So (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

The result of the vote was announced as above recorded.

REMOVAL OF NAME OF MEMBER AS COSPONSOR OF H. RES. 648

Mr. WILSON of South Carolina. Madam Speaker, I ask unanimous consent to be removed as a cosponsor of H. Res. 648.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, the Speaker will postpone further proceedings today on the motion to suspend the rules on which a recorded vote or the
years and nays are ordered, or on which the vote incurs objection under clause 6 of rule XX.

Any record vote on the postponed question will be taken later.

SATISFACCIÓN HOME VIEWER REAUTHORIZATION ACT OF 2009

Mr. CONYERS. Madam Speaker, I move to suspend the rules and pass the bill (H.R. 3570) to amend title 17, United States Code, to reauthorize the satellite statutory license, to conform the satellite and cable statutory licenses to all-digital transmissions, and for other purposes, as amended.

The Clerk read the title of the bill. The text of the bill is as follows:

H.R. 3570

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Satellite Home Viewer Reauthorization Act of 2009".

TITLE I—STATUTORY LICENSES

SEC. 101. REFERENCE.

Except as otherwise provided, whenever in this title an amendment is made to a section or other provision, the reference shall be considered to be made to such section or provision of title 17, United States Code.

SEC. 102. MODIFICATIONS TO STATUTORY LICENSE FOR SATELLITE CARRIERS.

(a) HEADINGS RENAMED.—(1) SUBTITLES.—The heading of section 119 is amended by striking "superstations and distant television programs" and inserting "primary, secondary, and distant television programs through satellite".

(b) TABLE OF CONTENTS.—The table of contents for chapter 1 is amended by striking the item relating to section 119 and inserting the following:

"119. Limitations on exclusive rights: Sec-

ondary transmissions of distant televi-

sion programming by sate-

ellite.".

(b) UNSERVICED HOUSEHOLD DEFINED.—Sec-

tion 119(d)(10) is amended—

(1) by striking paragraph (A) and in-

serting the following:

"(A) SIGNAL ORIGINATES.—In the case of a signal originating from the Federal Communications Commission, the National Telecommunications and Information Administration, and the Register of Copyrights, shall issue regulations to protect copyright owners by preventing the unauthorized access to the secondary transmissions described in subparagraph (B)."

(2) by redesignating paragraphs (2), (3), and (4), as redesignated—

(a) by striking "paragraph (2)" and insert-

ing "paragraph (5)";

(b) by striking "paragraph (3)" and insert-

ing "paragraph (6)";

(c) by striking "paragraph (4)" each place it is specified in paragraph (1)(C))" after "shall apply with respect to secondary transmissions described under subparagraph (A) that are made after the end of the 30-day period beginning on the effective date of the regulations issued by the Secretary of Homeland Security under subparagraph (C)";

(3) by redesignating paragraphs (2), (3), and (4) as paragraphs (3), (4), and (5), respec-

itively;

(4) by striking paragraph (5) and inserting after paragraph (1) the follow-

ing:

"(2) VERIFICATION OF ACCOUNTS AND FEE PAYMENTS.—The Register of Copyrights shall verify and audit the statements of account and royalty fees submitted by satellite carriers under this subchapter by requiring parties to verify and audit the statements of accounts and royalty fees submitted by satellite carriers under this subchapter:"

(5) in paragraph (3), as redesignated, in the first sentence—

(A) by inserting "including the filing fee specified in paragraph (1)(C))" after "shall receive all fees"; and

(B) by striking "paragraph (4)" and insert-

ing "paragraph (5)";

(6) in paragraph (4), as redesignated—

(A) by striking "paragraph (2)" and insert-

ing "paragraph (3)";

(B) by striking "paragraph (4)" each place it appears and inserting "paragraph (5)";

(7) in paragraph (5), as redesignated, by strik-

ing "paragraph (2)" and inserting "par-

agraph (3)";

(G) ADJUSTMENT OF ROYALTY FEES.—Sec-

tion 119(c) is amended as follows:

(1) Paragraph (1) is amended—

(A) in the heading for such paragraph, by strik-

ing "ANALOG";

(B) in subparagraph (A)—

(i) by striking "primary analog trans-

missions" and inserting "primary trans-

missions";

(ii) by striking "July 1, 2004" and insert-

ing "July 1, 2009";

(iii) in subparagraph (B), by strik-

ing "Satellite Home Viewer Reau-

thorization Act of 2009".

(2) Paragraph (2) is amended by striking "Satellite Home Viewer Reau-

thorization Act of 2009".
(i) by striking “January 2, 2005, the Librarian of Congress” and inserting “January 4, 2010, the Copyright Royalty Judges”; and
(ii) by striking “primary analog transmission” and inserting “primary transmission”; 
(D) in subparagraph (C), by striking “Librarian of Congress” and inserting “Copyright Royalty Judges”; 
(E) in subparagraph (D)—
(i) in clause (i)—
(I) by striking “(i) Voluntary agreements” and inserting “Voluntary agreements”;—
(ii) (ii) Voluntary agreements; Filing.—Voluntary agreements; and
(II) by striking “that a party” and inserting “that is a party”; and
(ii) in clause (ii)—
(I) by striking “(ii)(I) Within” and inserting “Within”;
(ii) by striking “(ii)(I) Within” and inserting “Within”;
(ii) by striking “copyright royalty fees to account for the obligations of the parties under any applicable voluntary agreement filed with the Copyright Royalty Judges in accordance with subparagraph (D). In determining the fair market value, the Copyright Royalty Judges shall take into consideration the decision on economic, competitive, and programming information presented by the parties, including:
(iii) if there is no such stream, other—
(A) the single digital stream of program transmitted by the station as an analog signal; and
(B) the single digital stream of program affiliated with the network that, as of July 1, 2009, had been offered by the television broadcast station for the longest period of time.”;
(7) Clerical Amendment.—Section 119(d) is amended in paragraphs (1), (2), and (5) by striking “which” each place it appears and inserting “that”;
(1) Superstation Redesignated as Non-network Station.—Section 119(a)(15) is amended—
(A) by striking “superstation” each place it appears in a heading and each place it appears in text and inserting “non-network station” and
(B) by striking “superstations” each place it appears in a heading and each place it appears in text and inserting “non-network stations”;
(2) Low Power Television Stations.—Section 119(a)(15) is amended to read as follows:
(15) SECONDARY TRANSMISSIONS OF LOW POWER TELEVISION PROGRAMMING.—
“A. In general.—Notwithstanding paragraph (2)(B), and subject to subparagraphs (b) through (D) of this paragraph, the statutory license provided for in paragraph (1) shall apply to the secondary transmission by a satellite carrier of the primary transmission of the programming of a non-network station that is licensed as a low power television station, to a subscriber who resides within the same designated market area as the station that originates the programming signal.
B. No applicability to repeaters and translators.—Secondary transmissions provided for in subparagraph (A) shall not be made by any low power television station that retransmits the programs and signals of another television station for more than 2 hours each day.
C. Royalty Fees.—A satellite carrier whose secondary transmission of the primary transmission of the programming of a low power television station is subject to statutory licensing under this section shall be subject to royalty payments under subsection (b)(1)(B) for any transmission to a subscriber outside of the local market of the license provided for in paragraph (1) of this section and
D. Limitation to Subscribers Taking Local-Into-Local Service.—Secondary transmissions provided for in subparagraph (A) may be made by a satellite carrier only to subscribers who receive secondary transmissions of primary transmissions from that satellite carrier pursuant to the statutory license under section 121.
E. Removal of Significantly Viewed Provision.—
(1) Removal of Provision.—Section 119(a), as redesignated by subsection (d) is amended by striking paragraph (3) and redesignating paragraphs (4) through (17) as paragraphs (3) through (16), respectively.
(2) Conforming Amendments.—Section 119 is amended—
(A) in subsection (a)—
(1) Low Power Television Stations.—Section 119(a)(15) is amended to read as follows:
(15) SECONDARY TRANSMISSIONS OF LOW POWER TELEVISION PROGRAMMING.—
“A. In general.—Notwithstanding paragraph (2)(B), and subject to subparagraphs (b) through (D) of this paragraph, the statutory license provided for in paragraph (1) shall apply to the secondary transmission by a satellite carrier of the primary transmission of the programming of a non-network station that is licensed as a low power television station, to a subscriber who resides within the same designated market area as the station that originates the programming signal.
B. No applicability to repeaters and translators.—Secondary transmissions provided for in subparagraph (A) shall not be made by any low power television station that retransmits the programs and signals of another television station for more than 2 hours each day.
C. Royalty Fees.—A satellite carrier whose secondary transmission of the primary transmission of the programming of a low power television station is subject to statutory licensing under this section shall be subject to royalty payments under subsection (b)(1)(B) for any transmission to a subscriber outside of the local market of the license provided for in paragraph (1) of this section and
D. Limitation to Subscribers Taking Local-Into-Local Service.—Secondary transmissions provided for in subparagraph (A) may be made by a satellite carrier only to subscribers who receive secondary transmissions of primary transmissions from that satellite carrier pursuant to the statutory license under section 121.
(1) Removal of Significantly Viewed Provision.—
(1) Removal of Provision.—Section 119(a), as redesignated by subsection (d) is amended by striking paragraph (3) and redesignating paragraphs (4) through (17) as paragraphs (3) through (16), respectively.
(2) Conforming Amendments.—Section 119 is amended—
(A) in subsection (a)—

December 2, 2009

CONGRESSIONAL RECORD — HOUSE
H13429

(1) by striking “January 2, 2005, the Librarian of Congress” and inserting “January 4, 2010, the Copyright Royalty Judges”; and
(ii) by striking “primary analog transmission” and inserting “primary transmission”; 
(D) in subparagraph (C), by striking “Librarian of Congress” and inserting “Copyright Royalty Judges”; 
(E) in subparagraph (D)—
(i) in clause (i)—
(I) by striking “(i) Voluntary agreements” and inserting “Voluntary agreements”;—
(ii) (ii) Voluntary agreements; Filing.—Voluntary agreements; and
(II) by striking “that a party” and inserting “that is a party”; and
(ii) in clause (ii)—
(I) by striking “(ii)(I) Within” and inserting “Within”;
(ii) by striking “(ii)(I) Within” and inserting “Within”;
(ii) by striking “copyright royalty fees to account for the obligations of the parties under any applicable voluntary agreement filed with the Copyright Royalty Judges in accordance with subparagraph (D). In determining the fair market value, the Copyright Royalty Judges shall take into consideration the decision on economic, competitive, and programming information presented by the parties, including:
(iii) if there is no such stream, other—
(A) the single digital stream of program transmitted by the station as an analog signal; and
(B) the single digital stream of program affiliated with the network that, as of July 1, 2009, had been offered by the television broadcast station for the longest period of time.”;
(7) Clerical Amendment.—Section 119(d) is amended in paragraphs (1), (2), and (5) by striking “which” each place it appears and inserting “that”;
(1) Superstation Redesignated as Non-network Station.—Section 119(a)(15) is amended—
(A) by striking “superstation” each place it appears in a heading and each place it appears in text and inserting “non-network station” and
(B) by striking “superstations” each place it appears in a heading and each place it appears in text and inserting “non-network stations”;
(2) Low Power Television Stations.—Section 119(a)(15) is amended to read as follows:
(15) SECONDARY TRANSMISSIONS OF LOW POWER TELEVISION PROGRAMMING.—
“A. In general.—Notwithstanding paragraph (2)(B), and subject to subparagraphs (b) through (D) of this paragraph, the statutory license provided for in paragraph (1) shall apply to the secondary transmission by a satellite carrier of the primary transmission of the programming of a non-network station that is licensed as a low power television station, to a subscriber who resides within the same designated market area as the station that originates the programming signal.
B. No applicability to repeaters and translators.—Secondary transmissions provided for in subparagraph (A) shall not be made by any low power television station that retransmits the programs and signals of another television station for more than 2 hours each day.
C. Royalty Fees.—A satellite carrier whose secondary transmission of the primary transmission of the programming of a low power television station is subject to statutory licensing under this section shall be subject to royalty payments under subsection (b)(1)(B) for any transmission to a subscriber outside of the local market of the license provided for in paragraph (1) of this section and
D. Limitation to Subscribers Taking Local-Into-Local Service.—Secondary transmissions provided for in subparagraph (A) may be made by a satellite carrier only to subscribers who receive secondary transmissions of primary transmissions from that satellite carrier pursuant to the statutory license under section 121.
(1) Removal of Significantly Viewed Provision.—
(1) Removal of Provision.—Section 119(a), as redesignated by subsection (d) is amended by striking paragraph (3) and redesignating paragraphs (4) through (17) as paragraphs (3) through (16), respectively.
(2) Conforming Amendments.—Section 119 is amended—
(A) in subsection (a)—
(i) in paragraph (1), by striking “(5), (6), and (8)” and inserting “(4), (5), and (7)”;
(ii) in paragraph (2)—
(A) in subparagraph (A), by striking “par-agraphs (2) and (8)” and inserting “paragraphs (4), (5), (6), and (7)”;
(B) in subparagraph (B)(i), by striking the second sentence; and
(C) in subparagraph (D), by striking clauses (i) and (ii) and inserting the following:
“(i) INITIAL LICENSE.—A satellite carrier that makes secondary transmissions of a primary transmission made by a network station pursuant to paragraph (2) shall, not later than the 15th of each month, submit to the network a list identifying (by name and address, including street or rural route number, city, State, and 9-digit zip code) all subscribers to which the satellite carrier makes secondary transmissions of that primary transmission to subscribers in unserved households.

“(ii) MONTHLY LISTS.—After the submission of the initial lists under clause (i), the satellite carrier shall, not later than the 15th of each month, submit to the network a list identifying (by name and address, including street or rural route number, city, State, and 9-digit zip code) all subscribers to which the satellite carrier makes secondary transmissions, submit to the network that owns or is affiliated with the network station a list identifying (by name and address, including street or rural route number, city, State, and 9-digit zip code) all subscribers under clause (i) since the last submission under clause (i); and

(iii) in subparagraph (E) of paragraph (3) (as redesignated)—
(A) by striking “paragraph (3) or”;
(B) by striking “paragraph (12)” and inserting “paragraph (11)”;
(C) in subsection (b)(1), by striking the final full period at the end; and

(i) MODIFICATIONS TO PROVISIONS FOR SECONDARY TRANSMISSIONS BY SATELLITE CARRIERS.—

(1) PREDICTIVE MODEL.—Section 119(a)(2)(B)(i) is amended by adding at the end the following:

“(ii) PREDICTIVE MODEL. With respect to secondary transmissions by that satellite carrier to that subscriber of the distant signal of a station affiliated with the same television network, and the subscriber’s household shall continue to be considered an unserved household with respect to that network, until such time as the subscriber elects to terminate such transmissions.”

(2) RULES FOR LAWFUL SUBSCRIBERS AS OF APRIL 15, 1976, APPlicable TO DISTRIBUTION OF 2009 ACT.—In the case of a person who first seeks to subscribe with a satellite carrier to receive primary transmissions of a network station or non-network station satellite license under paragraph (2) in this subparagraph referred to as the ‘distant signal’, the following shall apply:

“(i) Except in the case in which clause (i) applies, the statutory license under paragraph (2) shall apply to secondary transmissions by that satellite carrier to that subscriber of the distant signal of a station affiliated with the same television network, and the subscriber’s household shall continue to be considered an unserved household with respect to that network, until such time as the subscriber elects to terminate such transmissions.”

(ii) If, at the time such person seeks to so subscribe, the satellite carrier does not offer service in the subscriber’s local market pursuant to paragraph (2), the statutory license under paragraph (2) shall apply to secondary transmissions by that satellite carrier to that subscriber of the distant signal of a station affiliated with the same television network, and the subscriber’s household shall continue to be considered an unserved household with respect to that network, until such time as the subscriber elects to terminate such secondary transmissions.”

(3) STATUTORY DAMAGES FOR TERRITORIAL BROADCAST STATIONS WITHIN A LOCAL MARKET.—The following shall apply: 

“A. If a subscriber of the distant signal of a station in the subscriber’s local market shall continue to be considered an unserved household with respect to that network, until such time as the subscriber elects to terminate such transmissions, the statutory license under paragraph (2) shall apply to such transmissions by that satellite carrier to that subscriber of the distant signal of a station affiliated with the same television network, and the subscriber’s household shall continue to be considered an unserved household with respect to that network, until such time as the subscriber elects to terminate such transmissions.”

(4) CLERICAL AMENDMENTS.—Section 119 is amended—

(A) by striking “of the Code of Federal Regula-tions” each place it appears and inserting “Code of Federal Regulations”;

(B) in subsection (d)(6) by striking “or the Direct” and inserting “or the Direct”;

(C) in subsection (e) by striking “the Secretary” and inserting “shall be subject to statutory licensing under this section if—

“A. the secondary transmission is made by a satellite carrier to the public;

(B) with regard to secondary trans-missions, the satellite carrier is in compli-ance with the rules, regulations, or authorizations of the Federal Communications Commission in effect on April 15, 1976, applicable to determining with respect to a cable system whether signals are significantly viewed in a community; or

(C) the satellite carrier makes a direct or indirect charge for the secondary transmission to—

(i) each subscriber receiving the secondary transmission; or

(ii) a distributor that has contracted with the satellite carrier for direct or indirect delivery of the secondary transmission to the public.

(2) SIGNIFICANTLY VIEWED STATIONS.—

A. In general.—The statutory license under paragraph (1) shall apply to the secondary transmission of the primary transmission of a network station or a non-net-work station satellite license to a subscriber who resides out-side the station’s local market but within a community in which the signal has been de-termined by the Federal Communications Commission to be significantly viewed in such community, pursuant to the rules, regulations, and authorizations of the Federal Communications Commission in effect on April 15, 1976, applicable to determining with respect to a cable system whether signals are significantly viewed in a community.

B. LIMITATION.—Subparagraph (A) shall apply only to secondary transmissions of the primary transmissions of network stations or non-network stations to subscribers who receive secondary transmissions from a satellite carrier pursuant to the statutory li-cense under paragraph (1).

(C) WAIVER.—A subscriber who is denied the secondary transmission of the primary transmission of a network station or a non-network station under subparagraph (B) may request a waiver from such denial by submitting a request, through the subscriber’s sat-ellite carrier, to the network station or non-network station in the local market affiliated with the same network or non-network where the subscriber is located. The network station or non-network shall accept or reject the subscriber’s request for a war-vier within 30 days after receipt of the request.
If the network station or non-network station fails to accept or reject the subscriber’s request for a waiver within that 30-day period, that network station or non-network station shall be deemed to agree to the waiver request.

“(3) SECONDARY TRANSMISSION OF LOW POWER PROGRAMMING.—

(A) IN GENERAL.—Subject to subparagraphs (B) through (D) of this paragraph, the statutory license provided under paragraph (1) shall apply to the secondary transmission by a satellite carrier of the primary transmission of a network station or a non-network station that is licensed as a low power television station, a subscriber who resides within the same local market as the station that originates the transmission.

(B) NO APPLICABILITY TO REPETITORS AND TRANSMISSIONS.—Secondary transmissions provided for in subparagraph (A) shall not apply to any low power television station that retransmits the programs and signals of another television station for more than 2 hours each day.

“(C) LIMITATION ON SUBSCRIBERS TAKING LOCAL-INTO-LOCAL SERVICE.—Secondary transmissions of a satellite carrier provided for in subparagraph (A) may be made only to subscribers who receive secondary transmissions of primary transmissions from that satellite carrier pursuant to the statutory license provided under this section.

“(D) NO IMPACT ON OTHER SECONDARY TRANSMISSIONS OBLIGATIONS.—A satellite carrier that makes secondary transmissions of a primary transmission of a low power television station may not make secondary transmissions of that primary transmission under subsection (a); and

“(E) REPORTING REQUIREMENTS.—Section 122(b) is amended—

(1) in paragraph (1), by striking ‘‘subject to subsection (a)(2), relating to significant viewed stations,’’; and

(2) in paragraph (2), by striking ‘‘$250,000’’ each place it appears and inserting ‘‘$2,500,000’’.

(2) CONFORMING AMENDMENT FOR SIGNIFICANTLY VIEWED STATIONS.—Section 122 is amended—

(A) in subsection (f), by striking ‘‘section 119 or’’ each place it appears and inserting ‘‘section 119, subsection (a)(2)(A), or’’;

(B) in subsection (g), by striking ‘‘section 119 or’’ each place it appears and inserting ‘‘section 119, subsection (a)(2)(A), or’’;

(C) in paragraph (1), by striking ‘‘which contract’’ and inserting ‘‘that contract’’;

(D) by amending paragraph (2)(A) to read as follows:

(A) IN GENERAL.—The term ‘local market’ means—

(i) in the case of a television broadcast station that is not a low power television station, the designated market area in which such station is located, and—

(ii) in the case of a noncommercial educational television broadcast station, the designated market area in which such station is located; and

(2) EMERGENCIES.—An emergency is described under this subsection if the Secretary of Homeland Security identifies such emergency as a major disaster, a catastrophic injury, or a transportation security incident.

(3) REGULATIONS.—Not later than 6 months after the date of the enactment of this section, the Secretary shall issue regulations to protect copyright owners by preventing the unauthorized access to the secondary transmissions described in paragraph (1).

(4) REPORTS TO CONGRESSIONAL COMMITTEES.—Not later than one year after the date of the enactment of this section, the Secretary shall submit a report to the Committees on the Judiciary, on Homeland Security, and on Energy and Commerce of both Houses of Congress describing the progress made in implementing this section.

SEC. 104. MODIFICATIONS TO CABLE SYSTEM SECURITY AND COPYRIGHT REQUIREMENTS UNDER SECTION 111.

(a) HEADING RENAMED.—

(1) IN GENERAL.—The heading of section 111 is amended by striking the item relating to section 111 and inserting the following:

‘‘(5) Definitions.—As used in this section:’’;
(A) primary transmission .—A ‘primary transmission’ is a transmission made to the public by a transmitting facility whose signals are being received and further transmitted by a secondary transmission service, regardless of where or when the performance or display was first transmitted. In the case of a television broadcast station, the primary stream and any multicast streams transmitted by the station constitute primary transmissions.

(ii) in the second undesignated paragraph—
(A) by striking ‘‘A secondary transmission’’ and inserting the following:
‘‘A secondary transmission’’; and
(B) by striking ‘‘cable system’’ and inserting ‘‘copyright owner’’.

(iii) in the third undesignated paragraph—
(A) by striking ‘‘A cable system’’ and inserting the following:
‘‘copyright owner’’;
(B) by striking ‘‘cable system’’ and inserting ‘‘copyright owner’’.

(iv) in the fourth undesignated paragraph, in the first sentence—
(1) by striking ‘‘A’’ and inserting the following:
‘‘The royalty fees’’;

(2) by striking ‘‘and’’ and inserting ‘‘and any such’’.

(3) by striking ‘‘any such’’ and inserting ‘‘any such’’.

(4) by striking ‘‘any such’’ and inserting ‘‘any such’’.

(5) by adding at the end the following new paragraphs:

(6) 3.75 PERCENT RATE AND SYNDICATED EXCLUSIVITY SURCHARGE NOT APPLICABLE TO MULTICAST TRANSMISSIONS.—If the royalty rates specified in sections 256.3(c) and 256.3(a)(2) of title 37, Code of Federal Regulations (commonly referred to as the ‘‘3.75 percent rate’’ or the ‘‘syndicated exclusivity surcharge’’, respectively), as in effect on the date of enactment of the Satellite Home Viewer Reauthorization Act of 2009, as such rates may be amended, or such sections redesignated, thereafter by the Copyright Royalty Judges, shall not apply to the secondary transmission of a multicast stream.

(7) COMBINATION OF ACCOUNTS AND FEE PAYMENTS.—The Register of Copyrights shall issue regulations to provide for the confidential verification and audit of the information reported on the semi-annual statements of account filed after the date of the enactment of the Satellite Home Viewer Reauthorization Act of 2009. The regulations shall provide for a single verification procedure, with respect to the semi-annual statements of account filed by a cable system, to be conducted by a qualified independent auditor on behalf of all copyright owners whose works were the subject of a secondary transmission to the public by a cable system of a performance or display of a work embodied in a primary transmission that was the subject of a statement to review and cure defects identified by any such audit.

(8) PRIMARY TRANSMISSION.—A ‘primary transmission’ is a transmission made to the public by a transmitting facility whose signals are being received and further transmitted by a secondary transmission service, regardless of where or when the performance or display was first transmitted. In the case of a television broadcast station, the primary stream and any multicast streams transmitted by the station constitute primary transmissions.

(9) SECONDARY TRANSMISSION.—A ‘secondary transmission’ is a transmission made to the public by a cable system, or by a receiving facility, through a cable system, of a performance or display that is a secondary transmission.

(10) MULTICASTING.—Multicasting is a transmission made to one or more persons within a local service area and constitutes a secondary transmission.

(11) PRIMARY TRANSMISSION.—A ‘primary transmission’ is a transmission made to the public by a transmitting facility whose signals are being received and further transmitted by a secondary transmission service, regardless of where or when the performance or display was first transmitted. In the case of a television broadcast station, the primary stream and any multicast streams transmitted by the station constitute primary transmissions.

(12) SECONDARY TRANSMISSION.—A ‘secondary transmission’ is a transmission made to the public by a cable system, or by a receiving facility, through a cable system, of a performance or display that is a secondary transmission.

(13) MULTICASTING.—Multicasting is a transmission made to one or more persons within a local service area and constitutes a secondary transmission.

(14) PRIMARY TRANSMISSION.—A ‘primary transmission’ is a transmission made to the public by a transmitting facility whose signals are being received and further transmitted by a secondary transmission service, regardless of where or when the performance or display was first transmitted. In the case of a television broadcast station, the primary stream and any multicast streams transmitted by the station constitute primary transmissions.

(15) SECONDARY TRANSMISSION.—A ‘secondary transmission’ is a transmission made to the public by a cable system, or by a receiving facility, through a cable system, of a performance or display that is a secondary transmission.

(16) MULTICASTING.—Multicasting is a transmission made to one or more persons within a local service area and constitutes a secondary transmission.

(17) PRIMARY TRANSMISSION.—A ‘primary transmission’ is a transmission made to the public by a transmitting facility whose signals are being received and further transmitted by a secondary transmission service, regardless of where or when the performance or display was first transmitted. In the case of a television broadcast station, the primary stream and any multicast streams transmitted by the station constitute primary transmissions.

(18) SECONDARY TRANSMISSION.—A ‘secondary transmission’ is a transmission made to the public by a cable system, or by a receiving facility, through a cable system, of a performance or display that is a secondary transmission.

(19) MULTICASTING.—Multicasting is a transmission made to one or more persons within a local service area and constitutes a secondary transmission.
(A) by striking “The ‘local service area of a primary transmitter’, in the case of a television broadcast station, comprises the area in which such station is entitled to insist and inserting the following:

“(4) LOCAL SERVICE AREA OF A PRIMARY TRANSMITTER.—The ‘local service area of a primary transmitter’, in the case of both the primary stream and any multicast stream transmitted by a primary transmitter that is a television broadcast station, comprises the area where such primary transmitter could have been located.”

(B) by striking “76.59 of title 47 of the Code of Federal Regulations” and inserting the following:

“76.59 of title 47, Code of Federal Regulations, or within the noise-limited contour as defined in 73.622(e)(1) of title 47, Code of Federal Regulations”; and

(C) by striking “as defined by the rules and regulations of the Federal Communications Commission.”;

(5) by amending the fifth undesignated paragraph to read as follows:

“(5) DISTANT SIGNAL EQUIVALENT.—

“(A) IN GENERAL.—Except as provided under subparagraph (B), a ‘distant signal equivalent’—

“(i) is the value assigned to the secondary transmission of any non-network television programming carried by a cable system in whole or in part of the local service area of the primary transmitter of such programming; and

“(ii) is computed by assigning a value of one to each primary stream and to each multicast stream (other than a simulcast) that is an independent station, and by assigning a value of one-quarter to each primary stream and to each multicast stream (other than a simulcast) that is a network station or a noncommercial educational station.

“(B) EXCEPTIONS.—The values for independent, network, and noncommercial educational stations specified in subparagraph (A) are subject to the following:

“(i) Where the rules and regulations of the Federal Communications Commission require a cable system to omit the further transmission of a particular program and such rules and regulations also permit the substitution of another program embodying a performance or display of a work in place of the program, or where such rules and regulations in effect on the date of enactment of the Copyright Act of 1976 permit a cable system, at its election, to omit the further transmission of a particular program and its corresponding subclauses and paragraphs, and

“(ii) offers programming on a regular basis for 16 or more hours per week to at least 25% of the affiliated television licensees of the interconnected program service in 10 or more States.”;

“(7) NONCOMMERCIAL EDUCATIONAL STATION.—A ‘noncommercial educational station’ means a person or entity that receives a secondary transmission service from a cable system and pays a fee for the service, directly or indirectly, to the cable system.

“(B) TREATMENT OF MULTICAST STREAMS.—In any case in which a cable system pays a fee for the service of a multicast stream beyond the local service area of the primary transmitter retransmitted by the cable system and its corresponding subclauses and paragraphs, no value shall be assigned to the secondary transmission service from a cable system.

“(8) REMOVAL OF VARIANT FORMS REFERENCES.—Section 111(e)(1) is amended—

“(A) in paragraph (1)(A), by striking ‘‘and’’ and inserting ‘‘and each of its variant forms.’’;

“(B) in subsection (f), by striking ‘‘and their’’ each place it appears and inserting ‘‘or the cable system.’’

“(9) EFFECTIVE DATE WITH RESPECT TO MULTICAST STREAMS.—In any case in which a cable system pays a fee for the service of a multicast stream beyond the local service area of the primary transmitter retransmitted by the cable system and its corresponding subclauses and paragraphs, no value shall be assigned to the secondary transmission service from a cable system.

“(10) PRIMARY TRANSMITTER.—A ‘primary transmitter’ is a television or radio broadcast station licensed by the Federal Communications Commission that is an appropriate local governmental authority of Canada or Mexico, that makes primary transmissions to the public.

“(11) MULTICAST STREAM.—A ‘multicast stream’ is a digital stream of programming transmitted by a television broadcast station that is not the station’s primary stream.

“(12) SIMULCAST.—A ‘simulcast’ is a multicast stream of a television broadcast station that is transmitting a program that is programmed by the station for the longest period of time.

“(13) SUBSCRIBER—subscriber”—the term ‘subscriber’ means a person or entity that receives a secondary transmission service from a cable system and pays a fee for the service, directly or indirectly, to the cable system.

“(B) SUBSCRIBE.—The term ‘subscribe’ means to elect to become a subscriber.”;

(1) TIMING OF SECTION 111 PROCEEDINGS.—Section 111(e)(1)(B) is amended by striking “‘2005’” each place it appears and inserting “‘2015’”.

(2) TECHNICAL AND CONFORMING AMENDMENTS.—

“(1) CORRECTIONS TO FIX LEVEL DESIGNATIONS.—Section 111 is amended—

“(A) in subsections (a), (c), and (e), by striking “clause” each place it appears and inserting “paragraph”;

“(B) in subsection (c)(1), by striking “clauses” and inserting “paragraphs”; and

“(C) in subsection (e)(1)(F), by striking “clause” each place it appears and inserting “paragraph”.

“(2) CONFORMING AMENDMENT TO HYPERSONIC NONNETWORK.—Section 111 is amended by striking “nonnetwork” each place it appears and inserting “non-network”.

“(3) PREVIOUSLY UNDESIGNATED PARAGRAPH.—Section 111(e)(1) is amended by striking “second paragraph of subsection (f)” and inserting “subsection (f)(2)”.

“(4) REMOVAL OF SUPERFLUOUS ANDS.—Section 111(e)(2) is amended—

“(A) in paragraph (1)(A), by striking “and” at the end;

“(B) in paragraph (1)(B), by striking “and” at the end;

“(C) in paragraph (1)(C), by striking “and” at the end;

“(D) in paragraph (1)(D), by striking “and” at the end; and

“(E) in paragraph (2)(A), by striking “and” at the end.

“(5) REMOVAL OF VARIANT FORMS REFERENCES.—Section 111 is amended—

“(A) in subsection (f), by striking “and each of its variant forms.”; and

“(B) in subsection (i), by striking “their variant forms”.

“(h) EFFECTIVE DATE WITH RESPECT TO MULTICAST STREAMS.—

“(1) IN GENERAL.—Subject to paragraphs (2) and (3), the amendments made by this section, to the extent such amendments assign a distant signal equivalent value to the secondary transmission of the multicast stream beyond the local service area of its primary transmitter, shall take effect on the date of the enactment of this Act.

“(2) DELAYED APPLICATION.—

“(A) SECONDARY TRANSMISSIONS OF A MULTICAST STREAM BEYOND THE LOCAL SERVICE AREA OF ITS PRIMARY TRANSMITTER BEFORE 2009 ACT.—In any case in which a cable system was making secondary transmissions of a multicast stream beyond the local service area of its primary transmitter before the date of the enactment of this Act, a distant signal equivalent value (referred to in paragraphs (2) and (3)) shall be assigned to secondary transmissions of such multicast stream that are made on or before June 30, 2010.

“(B) MULTICAST STREAMS SUBJECT TO PREEXISTING WRITTEN AGREEMENTS FOR THE SECONDARY TRANSMISSION OF SUCH STREAMS.—In
any case in which the secondary transmission of a multicast stream of a primary transmitter is the subject of a written agreement entered into on or before June 30, 2009, between a cable system or an association representing the cable system and a primary transmitter or an association representing the primary transmitter, a distant signal equipment agreement referred to in subparagraph (1) shall not be assigned to secondary transmissions of such multicast stream beyond the local service area of its primary transmitter made on or before the date on which such written agreement expires.

(C) No Refunds or Offsets for Prior Statements of Account.—A cable system that is a beneficiary of a temporary waiver of a multicast stream beyond the local service area of its primary transmitter made on or before the date of enactment of this Act shall not be entitled to any refund, or offset, of royalty fees paid on account of such secondary transmissions of such multicast stream.

(3) Definitions.—In this subsection, the terms “cable system”, “secondary transmission”, “multicast stream”, and “local service area” of a primary transmitter shall have the meanings given those terms in section 111(f) of title 17, United States Code, as amended by this section.

SEC. 105. Certain waivers granted to providers of local-into-local service for all DMAs.

Section 119 is amended by adding at the end the following new subsection:

“(g) Certain waivers granted to providers of local-into-local service to all DMAs.—

“(1) Injunction waiver.—A court that issued an injunction pursuant to subsection (a)(7)(B) before the date of the enactment of this subsection shall waive such injunction if the court determines that the satellite carrier that was enjoined under paragraph (1) shall continue to provide local-into-local service to all DMAs.

“(B) Limited temporary waiver.—A temporary waiver of an injunction pursuant to subsection (a)(7)(B) before the date of the enactment of this subsection shall waive such injunction if the court determines that such waiver was made on or before the date of December 31, 2009, and that the injunction, the Register of Copyrights, and the Committees on the Judiciary of the House of Representatives and the Senate.

“(C) Failure to make good faith effort to provide local-into-local service to all DMAs.—

“(1) Willful failure.—If the court issuing a temporary waiver under subparagraph (A) determines that the satellite carrier that made the request for such waiver has failed to make a good faith effort to provide local-into-local service to all DMAs and determines that such failure was willful, such failure is actionable as an act of infringement under section 501 and the court may in its discretion impose the remedies provided for in sections 502 through 506 and subsection (b)(6) of section 301.

“(2) Failure to address the qualified carrier's conduct and household eligibility requirements for a period beginning on the date that is one year after the date on which the qualified carrier is recognized as such under paragraph (3)(B), the qualified carrier shall provide the Comptroller General with all records that the Register of Copyrights considers to be directly pertinent to the following requirements under this section:

“(I) Proper calculation and payment of royalties under the statutory license under this section.

“(II) Provision of service under this license to eligible subscribers only.

“(III) Comply with the requirements of the license under this section.

“(b) Compliance determination.—Upon the expiration of a temporary waiver under this section, the court recognizing the entity as a qualified carrier may make a determination of whether the entity is providing local-into-local service to all DMAs.

“(C) Voluntary termination.—At any time, an entity recognized as a qualified carrier may file a statement of voluntary termination with the court that certified that it no longer wishes to be recognized as a qualified carrier. Upon receipt of such statement, the court shall reinstate the injunction withheld pursuant to paragraph (a)(7)(B) before the date of the enactment of this subsection.

“(D) Loss of recognition prevents future recognition.—No entity may be recognized as a qualified carrier under this section if the entity has not been recognized as a qualified carrier or has been terminated as such under subparagraph (C).

“(3) Qualifying carrier obligations and compliance.—

“(A) In general.—An entity recognized as a qualified carrier shall continue to provide local-into-local service to all DMAs.

“(B) Qualifying carrier compliance examination.—

“(i) Examination and report.—The Comptroller General shall conduct an examination and publish a report concerning the qualified carrier’s compliance with the royalty payment and household eligibility requirements of the license under this section. The report shall address the qualified carrier’s conduct during the period beginning on the date on which the qualified carrier is recognized as such under paragraph (3)(B) and ending on December 31, 2011.

“(ii) Records of qualified carrier.—Beginning on the date that is one year after the
(G) Enforcement.—Upon motion filed by an interested party, the court recognizing an entity as a qualified carrier shall terminate such designation upon finding that the entity has failed to meet the requirements imposed on the entity under this paragraph.

(5) Failure to provide service.—
(A) Penalties.—If the court determining that the failure to provide local-into-local service to all DMAs, such entity has willfully failed to provide local-into-local service to all DMAs, such finding shall result in the loss of recognition of the qualified carrier and the termination of the waiver provided under paragraph (1), and the court may, in its discretion—
(i) assess such failure as an act of infringement under section 501, and subject such infringement to the remedies provided for in sections 502 through 506 and subsection (a)(6)(B) of this section; and
(ii) impose a fine of not more than $250,000.

(B) Exception for nonwillful violation.—If the court determining that the failure to provide local-into-local service to all DMAs is nonwillful, the court may, in its discretion—
(i) the degree of control the entity had over the circumstances that resulted in the failure; and
(ii) the quality of the entity’s efforts to remedy the failure and restore service; and
(iii) the severity and duration of the service interruption.

(6) Penalties for violations of license.—A court that finds, under subsection (a)(6)(A), that an entity recognized as a qualified carrier has willfully made a secondary transmission of a primary transmission made by a network station and embodying a performance or display of a work to a subscriber who is not eligible to receive the transmission, in this section shall reinstate the injunction waived under paragraph (1), and the court may order statutory damages of not more than $2,500,000.

(7) Local-into-local service to all DMAs defined.—For purposes of this subsection:
(A) in general.—An entity provides local-into-local service to all DMAs if the entity provides local service in all designated market areas (as such term is defined in section 122) to at least 90 percent of the households in a designated market area based on the most recent census data released by the United States Census Bureau shall be considered to be providing local service to such designated market area.

(B) Household coverage.—For purposes of subparagraph (A), an entity that makes available local-into-local service with a good quality signal to at least 90 percent of the households in a designated market area based on the most recent census data released by the United States Census Bureau shall be considered to be providing local service to such designated market area.

(C) Good Quality Satellite Signal Defined.—The term ‘good quality signal’ has the meaning given such term under 17 U.S.C. 119 note; Public Law 103-369) is renumbered.

SEC. 106. TERMINATION OF LICENSE.
(a) Termination.—Section 118, as amended by this title, shall cease to be effective on December 31, 2014.

(b) Conforming amendment.—Section 4(a) of the Satellite Home Viewer Act of 1994 (17 U.S.C. 531 note; Public Law 108-369) is repealed.

SEC. 107. SURCHARGE ON STATUTORY LICENSES.
(a) Surcharge.—The Copyright Royalty Judges may establish a surcharge or surcharges to be paid, in accordance with subsection (b), by cable systems subject to statutory licensing under section 111(c) of title 17, United States Code, and satellite carriers whose secondary transmissions are subject to statutory licensing under section 119(a) of such title, in addition to the royalty fees paid by such cable systems under section 111(d)(1) of such title and by such satellite carriers under section 119(b)(1) of such title.

(b) Determination of surcharge.—Surcharges under subsection (a) shall be assessed, during fiscal years 2009 through 2019, in amounts that, in the aggregate, will equal at least $250,000.

(c) Funds unavailable for obligation.—Surcharges collected under this section shall be deposited in the Treasury of the United States and shall not be available for obligation.

(d) Authorities.—The Copyright Royalty Judges may exercise the authorities such term has under sections 502 through 506 and subsection (a) of title 17, United States Code, to carry out this section.

SEC. 108. CONSTRUCTION.
Nothing in section 111, 119, or 122 of title 17, United States Code, including the amendments made to such sections by this title, shall be construed to affect the meaning of terms under the Communications Act of 1934, except to the extent that such sections are specifically cross-referenced in such Act or the regulations issued thereunder.

TITLE II—COMMUNICATIONS PROVISIONS
SEC. 201. REFERENCE.
Except as otherwise provided, whenever in this title an amendment is made to a section or other provision, the reference shall be considered to be made to such section or provision of the Communications Act of 1934 (47 U.S.C. 151 et seq.).

SEC. 202. EXTENSION OF AUTHORITY.
Section 325(b) is amended—
(1) in paragraph (2)(C), by striking “December 31, 2009” and inserting “December 31, 2014”; and
(2) in paragraph (3)(C), by striking “January 1, 2010” each place it appears in clauses (i) and (ii) and inserting “January 1, 2015”.

SEC. 203. SIGNIFICANTLY VIEWED STATIONS.
(a) in general.—Paragraphs (1) and (2) of section 340(b) are amended to read as follows:
(1) SUBSCRIBER LIMITED TO SUBSCRIBERS TAKING LOCAL-INTO-LOCAL SERVICE.—This section shall apply only to retransmissions to subscribers of a satellite carrier who receive retransmission of a signal from that satellite carrier pursuant to section 338.

(2) SERVICE LIMITATIONS.—A satellite carrier may retransmit to a subscriber in high definition a signal of a station determined by the Commission to be significantly viewed under subsection (a) only if such carrier also retransmits in high definition the signal of a station located in the local market of such subscriber and affiliated with the same network whenever such station is available from such station.

(b) Rulemaking Required.—Within 180 days after the date of the enactment of this Act, the Federal Communications Commission shall take all actions necessary to promulgate a rule to implement the amendments made by subsection (a).

SEC. 204. DIGITAL TELEVISION TRANSITION CONFORMING AMENDMENTS.
(a) Section 338.—Section 338 is amended—
(1) in subsection (a), by striking “3 PPBTIVE DATE.—No satellite” and all that follows through “until January 1, 2002.”; and
(2) by adding subsection (g) to read as follows:
(g) CARRIAGE OF LOCAL STATIONS ON A SINGLE RECEPTION ANTENNA.—
(1) SINGLE RECEPTION ANTENNA.—Each satellite carrier that retransmits the signals of local television broadcast stations in a local market shall retransmit such stations in such market to a subscriber may receive such stations by means of a single reception antenna and associated equipment.

(2) ADDITIONAL RECEPTION ANTENNA.—If the carrier retransmits the signals of local television broadcast stations in a local market in high definition format, the carrier shall provide such additional reception antenna as specified by such market to receive such signal and associated equipment used to comply with paragraph (1).

(b) Section 339.—Section 339 is amended—
(1) in subsection (a), by striking “(A) by striking ‘TO ANALOG SIGNALS”;
(2) in the heading for subparagraph (A), by striking “TO ANALOG SIGNALS”;
(i) in the heading for clause (i), by striking “ANALOG”;
(ii) in clause (i), by striking “(aa) by striking ‘analog’ each place it appears; and
(b) by striking “2004” and inserting “2009”; and
(iii) by amending subparagraph (B) to read as follows:
(B) RULES FOR OTHER SUBSCRIBERS.—
(i) IN GENERAL.—In the case of a subscriber of a satellite carrier who is eligible to receive the signal of a network station under this section, this subparagraph referred to as a “digital signal”, other than subscribers to whom subparagraph (A) applies, the following shall apply:
(ii) in a case in which the satellite carrier makes available to such subscriber, on January 1, 2005, the signal of a local network station affiliated with the same television network pursuant to section 338, the carrier may only provide the secondary transmissions of the distant signal of a station affiliated with the same network to that subscriber if the subscriber’s satellite carrier, not later than March 1, 2005, submits to that television network the list and statement required pursuant to section 338, the carrier may only provide the secondary transmissions of the distant signal of a station affiliated with the same network to that subscriber if the subscriber seeks to subscribe to such distant signal before the date on which such carrier commences to carry pursuant to section 338 the signal’s signals to that subscriber's local market of such local television station; and
(bb) the satellite carrier, within 60 days after such date, submits to each television network the list and statement required by subparagraph (F)(ii).

(ii) SPECIAL CIRCUMSTANCES.—A subscriber of a satellite carrier who was lawfully receiving the distant signal of a network station on the day before the date of enactment of the Satellite Home Viewer Reauthorization Act of 2004 shall be permitted to receive both such distant signal and the local signal of a network station affiliated with the same network until such subscriber chooses to no longer receive such distant signal from such carrier.”;
(iv) in subparagraph (C)—
(I) by striking “analog’’;
(II) in clause (i), by striking “the Satellite Home Viewer Extension and Reauthorization Act of 2004’’ and inserting “the Satellite Home Viewer Reauthorization Act of 2009’’; and
(III) by amending clause (ii) to read as follows:
‘‘(ii) either—
‘‘(I) at the time such person seeks to subscribe to receive such secondary transmission, resides in a local market where the satellite home viewer extension plan (SHVEP) is applicable and the Commission signal of a local network station affiliated with the same television network pursuant to section 338, the carrier may provide the distant signal of a station whose prime time network programming of the affiliate is broadcast by a local station in the market where the subscriber resides, but such programming is not contained within the local station’s primary video;’’;
(v) in subparagraph (D), (I) in the heading, by striking “DIGITAL’’;
(ii) striking (i), (iii) through (v), (vii) through (ix), and (xi);
(vi) by redesignating clause (vi) as clause (v); and
(vii) by amending such clause (i) to read as follows:
‘‘(i) IN GENERAL.—If a subscriber’s request for a waiver under paragraph (2) is rejected and the subscriber submits to the subscriber’s satellite carrier a request for a test verifying the subscriber’s inability to receive a signal of the signal intensity referenced in clause (i) of subsection (a)(2)(D), the subscriber’s satellite carrier and the network station or stations servicing such market area in which such subscriber resides, but such programming is not contained within the local station’s primary video;’’.

Section 342. Process for Issuing Qualified Carrier Certification.

(a) Certification.—The Commission shall issue a certification for the purposes of section 338(k) of the Communications Act of 1934, to a satellite carrier whose satellite beams are designed, and predicted by the satellite manufacturer’s pre-launch test data, to provide a good quality satellite signal to at least 90 percent of the population in each such designated market area based on the most recent census data released by the United States Census Bureau; and
(b) by amending paragraph (4)(A) to read as follows:
‘‘(A) IN GENERAL.—If a subscriber’s request for a waiver under paragraph (2) is rejected and the subscriber submits to the subscriber’s satellite carrier a request for a test verifying the subscriber’s inability to receive a signal of the signal intensity referenced in clause (i) of subsection (a)(2)(D), the subscriber’s satellite carrier and the network station or stations servicing such market area in which such subscriber resides, but such programming is not contained within the local station’s primary video;’’.

(b) Local Market; Low Power Television Station; Satellite Carrier; Subscriber; Television Broadcast Station.—The terms ‘‘local market’’, ‘‘low power television station’’, ‘‘satellite carrier’’, ‘‘subscriber’’, and ‘‘television broadcast station’’ have the meanings given such terms in section 338(k) of the Communications Act of 1934.

(2) Network Station; Television Network; Television Network’s Terms ‘‘Network Station’’, ‘‘television network’’, and ‘‘television network’’ have the meanings given such terms in section 339(d) of such Act.

(c) Definitions.—As used in this title:

(1) Local Market; Low Power Television Station; Satellite Carrier; Subscriber; Television Broadcast Station.—The terms ‘‘local market’’, ‘‘low power television station’’, ‘‘satellite carrier’’, ‘‘subscriber’’, and ‘‘television broadcast station’’ have the meanings given such terms in section 338(k) of the Communications Act of 1934.
precludes the ability of the satellite carrier to satisfy the requirements of subparagraph (A).

(b) INFORMATION REQUIRED.—Any entity seeking the certification provided for in subsection (a) shall submit to the Commission the following information:

(1) stating that, to the best of the affiant’s knowledge, the satellite carrier provides local service in all designated market areas pursuant to the statutory license, and listing those designated market areas in which local service was provided as of the date of enactment of the Satellite Home Viewer Reauthorization Act of 2009.

(2) For each designated market area not listed in paragraph (1):

(A) Identification of each such designated market area and the location of its local receive facility.

(B) Data showing the number of households, and maps showing the geographic distribution thereof, in each such designated market area based on the most recent census data released by the United States Census Bureau.

(C) Maps, with superimposed effective isotropically radiated power predictions obtained in the satellite manufacturer’s pre-launch testing, showing that the contours of the carrier’s satellite beams as designed and the geographic area that the carrier’s satellite beams are designed to cover are predicted to achieve a satellite quality satellite signal to at least 90 percent of the households in such designated market area based on the most recent census data released by the United States Census Bureau.

(3) For any satellite relied upon for certification under this section, an affidavit stating that, to the best of the affiant’s knowledge, there has been no satellite or system failures subsequent to the satellite’s launch that would degrade the design performance to such a degree that a satellite transponder used to provide local service to any such designated market area is precluded from delivering a good quality satellite signal to at least 90 percent of the households in such designated market area based on the most recent census data released by the United States Census Bureau.

(E) Any additional engineering, design, or operational information that the Commission considers necessary to determine whether the Commission shall grant a certification under this section.

(4) CONCLUSIONS.

(1) PUBLIC COMMENT.—The Commission shall provide 30 days for public comment on a request for certification under this section.

(2) DEADLINE FOR DECISION.—The Commission shall grant or deny a request for certification within 90 days after the date on which such request is filed.

(3) SUBSEQUENT AFFIRMATION.—An entity granted qualified carrier status pursuant to section 119(g) of title 17, United States Code, shall file with the Commission within 30 months after such status was granted stating that, to the best of the affiant’s knowledge, there have been no system failures subsequent to the satellite’s launch that would degrade the design performance to such a degree that a satellite transponder used to provide local service to any such designated market area is precluded from delivering a good quality satellite signal to at least 90 percent of the households in such designated market area based on the most recent census data released by the United States Census Bureau.

(e) DEFINITIONS.—For the purposes of this section:

(1) DESIGNATED MARKET AREA.—The term ‘designated market area’ has the meaning given such term in section 122(j)(2)(C) of title 17, United States Code.

(2) ELIGIBLE SATELLITE CARRIER.—

(A) IN GENERAL.—The term ‘eligible satellite carrier’ means—

(i) a satellite carrier whose power level as designed and as measured in the carrier’s satellite transponder and as measured in the local market of a television broadcast station that is authorized to license qualified noncommercial educational television stations; and

(ii) the number of video signals in the relevant satellite transponder is not more than the then current greatest number of video signals carried on any equivalent transponder serving the top 100 designated market areas.

(B) DETERMINATION.—For purposes of subparagraph (A), the top 100 designated market areas shall be as determined by the Nielsen Station Index Directory and Nielsen Station Index United States Television Household Estimates or any successor publications as of the date of a satellite carrier’s application for certification under this section.

(2) NONDISCRIMINATION IN CARRIAGE OF HIGH DEFINITION DIGITAL SIGNALS OF NONCOMMERCIAL EDUCATIONAL TELEVISION STATIONS.

(a) IN GENERAL.—Section 338(k) is amended by adding at the end the following new paragraph:

(5) NONDISCRIMINATION IN CARRIAGE OF HIGH DEFINITION DIGITAL SIGNALS OF NONCOMMERCIAL EDUCATIONAL TELEVISION STATIONS.—

(A) EXISTING CARRIAGE OF HIGH DEFINITION SIGNALS.—If, prior to the date of enactment of the Satellite Home Viewer Reauthorization Act of 2009, an eligible satellite carrier is providing, under section 122 of title 17, United States Code, any secondary transmissions in high definition to subscribers located within the local market of a television broadcast station that is authorized to license qualified noncommercial educational television stations located within that local market in accordance with the following schedule:

(i) By December 31, 2010, in at least 50 percent of the markets in which such satellite carrier is providing any secondary transmissions in high definition.

(ii) By December 31, 2011, in every market in which such satellite carrier provides any secondary transmissions in high definition.

(B) NEW INITIATION OF SERVICE.—If, after the date of enactment of the Satellite Home Viewer Reauthorization Act of 2009, an eligible satellite carrier initiates the provision, under section 122 of title 17, United States Code, of any secondary transmissions in high definition to subscribers located within the local market of a television broadcast station of a primary transmission made by that station, then such satellite carrier shall, in high definition signals of qualified noncommercial educational television stations located within that local market in accordance with the following schedule:

(i) By December 31, 2010, in at least 50 percent of the markets in which such satellite carrier is providing any secondary transmissions in high definition.

(ii) By December 31, 2011, in every market in which such satellite carrier provides any secondary transmissions in high definition.

(c) SAVINGS CLAUSE REGARDING DEFINITIONS.

Nothing in this title or the amendments made by this title shall be construed to affect—

(1) the meaning of the terms ‘program related’ and ‘primary video’ under the Communications Act of 1934; or

(2) the meaning of the term ‘multicast’ in any regulations issued by the Federal Communications Commission.

TITLE III—REPORTS

SEC. 301. DEFINITION.

In this title, the term ‘appropriate Congressional committees’ means the Committees on the Judiciary, and on Energy and Commerce of the House of Representatives.

SEC. 302. REPORT ON MARKET BASED ALTERNATIVES TO STATUTORY LICENSING.

Not later than 1 year after the date of enactment of this Act, and after consultation with the Federal Communications Commission, the Register of Copyrights shall submit to the appropriate Congressional committees a report containing (1) proposed mechanisms, methods, and recommendations on how to implement a phase-out of the statutory licensing requirements set forth in sections 111, 119, and 122 of title 17, United States Code, by making such sections inapplicable to the secondary transmission of a performance or display of a work embodied in a primary transmission of a broadcast station that is authorized to license the same secondary transmission directly with respect to all of the performances or displays embodied in such primary transmission; and (2) any recommendations for alternative means to implement a timely and effective transition of the statutory licensing requirements set forth in sections 111, 119, and 122 of title 17, United States Code; and
The SPEAKER pro tempore. Is there objection to the request of the gentleman from Michigan?

There was no objection.

Mr. CONYERS. I yield myself such time as I may consume.

Madam Speaker, Members, H.R. 3570 extends the compulsory copyright license for satellite television providers for another 5 years, as Congress has done in each of the last two other cycles that this measure has been reauthorized.

This is an important intellectual property law and will also make a number of critical updates and much-needed clarifications to the compulsory copyright licenses for both satellite and cable television. Passage of this legislation before the end of the year is crucial. We must pass this bill in both bodies by December 31. If we don’t pass this bill, thousands upon thousands of satellite television subscribers will lose their signals.

In addition to simply reauthorizing the license, the bill ambitiously tackles several other issues for consumers, for content owners, for cable and satellite companies as well. For example, this bill restores the section 119 license to DISH Satellite Network if they serve every market in the United States, even neglected rural markets. The bill also restores the phantom signal problem that has caused instability and confusion for the cable and content industries, to the detriment of consumers.

In addition, the bill provides an audit right to content owners so they can be sure that they are being fairly compensated for the use of their intellectual property. It significantly increases penalties for copyright infringement under the licenses and updates the licenses to reflect the national digital television transition.

The Judiciary Committee marked this bill up in September and reported it with a unanimous vote of 34-0. Since the markup, we have worked with the Energy and Commerce Committee, which has jurisdiction over communications policy. The bill that we vote on today is a combined Judiciary and Commerce bill. Title I contains the Judiciary piece on copyright. Title II contains the Commerce piece on communications. The committees have done their best to respect each other’s jurisdiction, and I thank the chairman of the committee for his cooperation.

Since the markup, we have made further improvements to the language. We’ve attempted to address some concerns expressed by members of the committee. The changes include: harmonizing the so-called “grandfathering” provisions in the bill with those in the Energy and Commerce bill to ensure that consumers who lawfully receive programming are not abruptly cut off because of changes in the law; providing a method for calculating the value of multichannel programming schemes under the section 111 license; strengthening the protections for copyright owners in the qualified carrier provision, which provides an incentive for a satellite carrier to serve every market in the United States; increasing the numbers of the national emergency provisions; and authorizing a study of how the compulsory licenses may be phased out in favor of direct negotiation for copyrights over time without disrupting the television marketplace.

Title I also includes a savings clause to make absolutely clear that the changes we make and issues we address have no application to communications law unless specifically mentioned. The committee is amending the cable and satellite licenses to reflect the digital transition—something new—and multicasting, in particular, as it pertains to copyright law only. Nothing in this title should be used as a basis for conclusions concerning cable and satellite regulation in areas where Congress has not yet spoken.

Among the many Members who contributed to this progress, I would like to single out in particular my good friend from Michigan, Mr. SMITH, who serves in the dual role as a senior member of the Judiciary Committee and the Chair of the Telecommunications Subcommittee. I also must thank LAMAR SMITH, the ranking member of the Judiciary Committee, for helping us improve the bill in several ways. Of course the distinguished chairmen of Energy and Commerce, Chairman HENRY WAXMAN, and Ranking Member BARTON for all their counsel and cooperation which made this legislation possible.

We’ve been working on these issues for more than a year now, and the result is a consensus bill among just about all of the industry stakeholders, including satellite and cable companies, studios, sports leagues, public television and several others. Most importantly, it’s a bill that improves service to television consumers and fosters efficiency and competition between cable, satellite, and broadcasters. The satellite license expires in less than a month, December 31, and we must have this reauthorized without delay to avoid the immediate loss of service to tens of thousands of satellite consumers.

H. RES. 1715

Conyers, Chairman, Committee on the Judiciary, House of Representatives, Washington, DC, October 28, 2009.

HON. JOHN CONYERS, JR.,
Chairman, Committee on the Judiciary, House of Representatives, Washington, DC.

DEAR CHAIRMAN CONYERS: I write to you regarding H.R. 3570, the “Satellite Home Viewer Update and Reauthorization Act of 2009.” H.R. 3570 contains provisions that fall within the jurisdiction of the Committee on Homeland Security. I recognize and appreciate your desire to bring this legislation before the House in an expeditious manner and, accordingly, I will not seek a sequential referral of the bill. However, agreeing to waive consideration of this bill as having been constructed as the Committee on Homeland Security waiving, altering, or otherwise affecting
its jurisdiction over subject matters con-
tained in the bill which fall within its Rule X jurisdiction.

Further, I request your support for the ap-
pointment of the appropriate number of Mem-
bers of the Committee on Homeland Security to be named as conferees during any House-
Senate conference convened on H.R. 3570 or similar bill. I ask that a copy of this letter and your response be included in the legislative report on H.R. 3570 and in the Congressional Record during floor consideration of this bill.

I look forward to working with you as we prepare to pass this important legislation.

Sincerely,

BENNIE G. THOMPSON, Chairman.

Hearing of Representatives,
Committee on Homeland Security,
Washington, D.C.

Dear Mr. Chairman: Thank you for your letter regarding your Committee’s jurisdic-
tional interest in H.R. 3570, the Satellite Home Viewer Reauthorization Act of 2009.

I appreciate your willingness to support expediting floor consideration of this impor-
tant legislation today. I understand and agree that this is without prejudice to your Committee’s jurisdictional interests in this or similar bills in the future. In the event a House-Senate conference on this or similar legislation is convened, I would support your request for an appropriate number of conferees.

Per your request, I will include a copy of your letter and this response in the Com-
mittee report, as well as in the Congressional Record in the debate on the bill. Thank you for your cooperation as we work towards enactment of this legislation.

Sincerely,

JOHN CONYERS, Jr., Chairman.

I urge my colleagues to support this important legislation, and I reserve the balance of my time.

Mr. SMITH of Texas. Madam Speaker, I yield myself as much time as I may consume.

H.R. 3570, the Satellite Home Viewer Reauthorization Act of 2009, in my judgment, is the single most important copyright bill Congress will consider this year. The legislation combines two separate bills: H.R. 3570, which was intro-
duced by Chairman CONYERS and re-
ported by the Judiciary Committee on September 16, 2009, and H.R. 2994, which is the Energy and Commerce Committee’s related measure that contains amendments to the Communications Act.

The combined bill extends the com-
 pulsory license in section 119 of the Copyright Act that authorizes satellite carriers to deliver distant network pro-
gramming if the license is not ex-
tended beyond the end of this year. This bill will also extend the Section 119 license by two years for the carriage of programming up to the pool of copyright owners. The penalties for willful and large-scale infringe-
ment of the license have been in-
screased, and some damages now go directly to the pool of copyright owners.

The qualified carrier provisions have also been clarified and strengthened. While noth-
ing in the qualified carrier provisions re-
ported by the Committee lessened the quali-
 fied carrier’s obligation to comply with all aspects of the Section 119 license, the Com-
mittee recognizes that the royalty and household eligibility requirements of the Section 119 license should not be over-
shadowed by the qualified carrier’s unique commitment to provide local-into-local serv-
ice to all 210 markets. Therefore, the bill provides for at least one compliance exam-
ination and a certification requirement for the qualified carrier.

The transition from analog to digital technology, questions have arisen as to how tech-
ology, questions have arisen as to how

The SPEAKER pro tempore. Is there objection to the request of the gentle-
man from Texas?

Mr. CONYERS. Madam Speaker, I would like to insert into the RECORD at this point a more detailed description of the changes that have been made in the bill since it was last considered by the House.

Mr. SMITH of Texas. With that, I will reserve the balance of the time.

The Committee believes that the licenses in Sections 111 and 119 should be updated to accommodate the growing practice of multicasting, by which television stations transmit multiple streams of digital television programming over a single broad-
cast signal. While the Committee has en-
davored to avoid including any provisions that would interfere with existing communications law and regulation, the Committee has been cognizant of the inter-
play between the copyright and the commu-
nications elements of the legislation and in-
tends to confine its amendments to the copy-
right licenses only.

In addition to addressing issues raised by multicasting in the 111 and 119 licenses, this bill addresses important concerns raised by Members at markup.

The penalties for willful and large-scale infringe-
ment of the license have been in-
screased, and some damages now go directly to the pool of copyright owners.

The qualified carrier provisions have also been clarified and strengthened. While noth-
ing in the qualified carrier provisions re-
ported by the Committee lessened the quali-
 fied carrier’s obligation to comply with all aspects of the Section 119 license, the Com-
mittee recognizes that the royalty and household eligibility requirements of the Section 119 license should not be over-
shadowed by the qualified carrier’s unique commitment to provide local-into-local serv-
ice to all 210 markets. Therefore, the bill provides for at least one compliance exam-
ination and a certification requirement for the qualified carrier.

Finally, the bill responds to some Mem-
bers’ concerns about the continued necessity of these compulsory copyright licenses by providing for a study of policy alternatives that may enable Congress to consider eliminating the licenses without unfairly altering the tele-
vision market or diminishing the value of the copyrights involved.

Mr. CONYERS. Madam Speaker, again, I want to thank the chairman for working with us to come up with a good bipartisan product. And this bipartisan effort, by

the way, has gone on since last Feb-

uary.

I would now like to recognize several staff members on both sides of the aisle who have contributed so much to the success of this legislation. Those staff members were the most valuable asset of the Committee, sitting to my left here on the House floor on our side; and on the majority’s side it would be Stacey Dansky, the chief copyright counsel, and Elizabeth Kendall, counsel as well. I thank Chair-

man CONYERS again for his cooperative effort in getting this House bill to the floor today.

I ask unanimous consent that the gentleman from Florida (Mr. STEARNs), a senior member of the Commerce Committee, be able to control the re-
manedder of the time.

The Committee believes that the licenses in Sections 111 and 119 should be updated to accommodate the growing practice of multicasting, by which television stations transmit multiple streams of digital television programming over a single broad-
cast signal. While the Committee has en-
davored to avoid including any provisions that would interfere with existing communications law and regulation, the Committee has been cognizant of the inter-
play between the copyright and the commu-
nications elements of the legislation and in-
tends to confine its amendments to the copy-
right licenses only.

In addition to addressing issues raised by multicasting in the 111 and 119 licenses, this bill addresses important concerns raised by Members at markup.

The penalties for willful and large-scale infringe-
ment of the license have been in-
screased, and some damages now go directly to the pool of copyright owners.

The qualified carrier provisions have also been clarified and strengthened. While noth-
ing in the qualified carrier provisions re-
ported by the Committee lessened the quali-
fied carrier’s obligation to comply with all aspects of the Section 119 license, the Com-
mittee recognizes that the royalty and household eligibility requirements of the Section 119 license should not be over-
shadowed by the qualified carrier’s unique commitment to provide local-into-local serv-
ice to all 210 markets. Therefore, the bill provides for at least one compliance exam-
ination and a certification requirement for the qualified carrier.

Finally, the bill responds to some Mem-
bers’ concerns about the continued necessity of these compulsory copyright licenses by providing for a study of policy alternatives that may enable Congress to consider eliminating the licenses without unfairly altering the tele-
vision market or diminishing the value of the copyrights involved.

Mr. CONYERS. Madam Speaker, again, I want to thank the chairman for working with us to come up with a good bipartisan product. And this bipartisan effort, by
royalty purposes. The definitions in Section 111 have been amended to address the multiple digital streams that television stations are now able to transmit. The definition of “primary stream” now includes both the primary stream and any multicast streams transmitted by a television station. The "local service area" definition has been amended to clarify that the primary stream of a television broadcast station and any multicast streams of that station have the same local service area. For example, if the FCC determined that a television broadcast station is "significantly viewed" in a particular area, that area will be part of the local service area of all of the station’s digital streams for purposes of Section 111. This definition is relevant to the Copyright Act only, and is not intended to create any inference about which carriage obligations apply for cable multicast streams, which are the exclusive jurisdiction of the Communications Act and the Federal Communications Commission.

The calculation of royalties under the cable license has been amended to value multicast signals. The “distant signal equivalent” calculation that specifies a standard for determining the royalty calculation for each non-simulcast primary and multicast stream carried outside of its local service area will be subject to a separate royalty payment calculation for operators and service areas. This will be evaluated separately to determine its distant signal equivalent value assignment.

Section 119 of the Act permits cable systems to pay less than full DSE rates where FCC rules permit only a portion of a distant signal to be carried. This amendment gives the same treatment to multicast streams. The significantly viewed status of a primary stream under the FCC rules and regulations also applies to the multicast streams of the same television station and defines its status for local service area purposes. However, the 3.75 percent “market quota rate” and the “syndicated exclusivity” surcharge royalty rates are only applicable for retransmission of primary streams, and are not applicable to secondary transmission of multicast streams.

In order to clarify the different types of digital streams that may be offered by television stations, definitions for “primary stream,” and “multicast stream” have been slightly amended to define the platforms that added for “simulcast stream,” in Section 111. A “primary stream” is the digital stream that a television station is entitled to demand from the distant carriage provider within the station’s local service area under the FCC’s rules in effect on July 1, 2009. A “multicast stream” is any digital stream transmitted by a television station other than the primary stream.

The Committee recognizes that some broadcast stations may use their multicast streams to create “simulcast” streams—i.e., streams that duplicate the programming on the broadcaster’s primary stream or on other multicast streams. For example, a broadcaster may transmit the same content on two streams, but one stream will be in high definition format and the other will be in standard definition. In such instances, a DSE value will be assigned only to one of the duplicating streams. The Copyright Office may, as multicasting evolves, determine whether there are other circumstances in which two streams should be considered duplicating.

The definitions of “network station,” "independent station,” and “noncommercial station” have been expanded to include television station’s multicast streams as well as its primary stream. The “network station” definition incorporates the conditions necessary for a television station to be deemed a network station for royalty purposes. Thus, to be considered a network station for royalty purposes a multicast stream must transmit all or substantially all of the programming from an interconnected program service that (a) is owned and operated by one or more networks that supply nationwide programming for a substantial part of the typical broadcast day and (b) offers programming on a regular basis for 15 or more hours daily. The FCC's rule of 20 affiliated television station licensees located in at least 10 states. These revisions do not alter the statutory definition of “network station” as it applies to a primary stream.

DSE values are applied to individual multicast streams as of the date of enactment, except where a cable system was retransmitting a multicast stream prior to that date, in which case the assignment of a DSE value to that multicast stream shall commence on July 1, 2010. Separate treatment of multicast streams may be subject to an agreement requiring carriage of multicast streams that were entered into prior to July 1, 2009 will not be subject to a separate royalty payment by a cable system subject to an agreement requiring carriage of multicast streams that were entered into prior to July 1, 2009 will not be subject to a separate royalty payment until the first accounting period after the expiration of the agreement.

While cable operators that did not account for multicast streams in their royalty calculations prior to the effective date are not retroactively liable for royalties for such carriage obligations for any signals that they did not seek refunds or offsets of any royalties paid on account of such secondary transmissions. The Committee does not intend that any of its audit provisions in this bill alter existing liability and related damages for copyright infringements.

II. SECTION 119 GRANDFATHERING

The Committee also believes that simply because Congress changes the law, law-abiding copyright holders should not be deprived of their rights to receive payments. The advent of multicasting has introduced confusion about whether a “multicast stream” of a particular network renders a household served by the satellite carrier to stop providing distant signal programming to the household for that network. The Committee recognizes that some 30-month period of infringement. Furthermore, these vastly increased damages will be split among the Copyright Office, the copyright holders whose funds are distributed by the United States Copyright Office, to compensate copyright owners who may have been unaware of the infringement.

IV. STUDY OF ALTERNATIVES TO COMPULSORY LICENSES

Despite these improvements, the Committee is aware that the compulsory license is not a perfect system. It is, however, deeply entrenched in the current cable and satellite television industries, and cannot be eliminated at the present moment without causing intolerable disruption to the existing marketplace and the consumers. The compulsory license expires at the end of the year and must be reauthorized, but we know that the technology will continue to evolve. This legislation provides for a study of whether the license can be eliminated in the future, and how the marketplace can evolve and should transition away from the licenses.

Madam Speaker, I yield with pleasure to Chairman BOUCHER.

Mr. BOUCHER. Madam Speaker, I thank the gentleman from Michigan for yielding the customary 10 minutes to the Energy and Commerce Committee.

At this time, I would like to yield such time as he may consume to the
Mr. WAXMAN. Madam Speaker, in rise in support of H.R. 3570, the Sat-ellite Home Viewer Update and Reau-thorization Act of 2009. I want to recom-mend Mr. BOUCHER, the chairman of the Subcommittee on Communications, Technology, and the Internet as well as Subcommittee Ranking Mem-ber STEARNS for their hard work on this. Mr. BOUCHER has been work-ing on these issues since the first sat-ellite TV bill in 1988, and he and his staff have been a tremendous resource for all of us as this bill has moved for-ward. Of course I also want to thank and recognize Mr. BARTON and his staff for their work on this legislation. This has been a bipartisan effort from the start of the 111th Congress, and I appre-ciate the cooperative manner in which this legislation was processed.

This bill is an important step forward for the communication provisions of this bill update the Com-munications Act to account of the transition to digital television. The bill makes changes to the existing rules on “significantly viewed” signals in an effort to promote competition be-tween satellite and cable companies. It directs the FCC to study issues that di-rectly impact consumers, and it estab-lishes a regime that should bring for the first time satellite-delivered local television programming. It also provides a “local-into-local” service, to com-munities throughout the country that cur-rently lack such service.

These can be arcane issues, but they determine the availability of satellite-delivered video programming to Amer-i-can households. It involves communica-tions and copyright law, and we need, as technology evolves, to revisit the issues and strike the right policy balance.

The task of combining separate En-ergy and Commerce and Judiciary Com-mittee bills into a single product was complex and time consuming, but the final product is a balanced, bipar-tisan measure. I would like to com-mend Chairman CONYERS, Ranking Member SMITH and Judiciary Com-mittee staff for working cooperatively with the Energy and Commerce Com-mittee to produce a final bill. I note that the bill before us incorporates the language of H.R. 2994, H.R. 3570 was referred solely to the Committee on the Judiciary, while H.R. 2994 was referred solely to the Committee on Energy and Commerce. The members of both committees worked diligently on their respective bills to address issues within the jur-di-cion of each committee, and both committees filed reports on their sepa-rate bills.

Accordingly, the legislative history of H.R. 3570 incorporates the legis-la-tive history of H.R. 2994. The Judiciary Committee’s title of this bill concerns the use of compulsory copyright li-censes by cable and satellite companies to retransmit broadcast television pro-gramming.

The reauthorization and refinement of these provisions will serve to pro-mote competition for pay television services and to ensure that consumers can continue to benefit from this com-petition.

The Judiciary Committee wisely chose to address for the first time the existence of the so-called “multicast” signals and how these signals are being treated with respect to the compulsory copyright license. It is important to note, however, that the Judiciary Com-mittee’s treatment of multicast signals does not, and should not, have any bearing on the treatment of multicast signals in other regulatory or statu-tory contexts.

Simply put, the treatment of multicast in title I of this bill is limited in two ways. First, the language in this bill does not affect copyright law beyond what is explicitly intended by the act. To address this concern, the legis-la-tion includes savings clauses that make clear that the amendments of two complicated statutes should not lead to changes in title 47 or title 17 beyond what is explicitly intended by the act.

I address this concern, the legis-la-tion includes savings clauses that make clear that the amendments of two complicated statutes should not lead to changes in title 47 or title 17 beyond what is explicitly intended by the act.

In sum, I believe we have before us a carefully crafted bill that strikes the right balance among an array of com-plexified legal and policy matters. The bill is good for consumers, and I urge my colleagues to vote to approve this legislation.

Mr. STEARNS. Madam Speaker, I yield myself such time as I may con-sume.

My colleagues, this bill is about a hundred pages, and the Judiciary Com-mittee had probably the majority of this bill. We start at page 74 in title II, and the preponderance is in the Judici-ary. But the bill is critical in the sense that this act itself is going to expire at the end of this month and we need to make sure that the act will go on.

This has been a great display of bi-partisanship. You had two committees. The Judiciary Committee and the En-ergy and Commerce Committee had separate bills just like they have in the Senate. They have a separate bill in their Commerce Committee and also in the Judiciary. But we’ve come to-gether, and it’s a tribute to Mr. BOCU-HER and Mr. WAXMAN as well as Mr. BARTON that we came together here in the House of Representatives with a bi-partisan bill, and we now have it on the floor. And we’re hopeful that the Sen-a-tor will do the same thing, because at this point, they haven’t, and we might have to have an extension. I hope not. But I think it’s been outlined pretty much, some of the aspects about it, so I’m going to concentrate in the areas that deal with telecommunications, a committee I serve as the ranking mem-ber.

The Communications Act provisions make clerical and substantive changes to reflect the end of analog broad-casting. That’s a statement in itself with the new digital spectrum. They also require an FCC report on whether the signal strength and an-tenna standards for distant signal eli-gibility should be modified in light of the DTV transition. They implement the deal DISH has struck with broad-casters to regain authority to provide distant signals if they offer local-into-local service in all 210 markets. They clarify that nothing in this act affects must-carry rights. They clarify that if a subscriber starts receiving from their satellite operator the network pro-gramming from a local station’s multicast stream, the subscriber shall no longer receive a distant signal car-rying that network’s programming. They include language clarifying that retransmission Consent Licenses do not limit private deals nego-tiated without compulsory licenses, such as to provide in-State program-ming to orphan counties. It requires an FCC report analyzing one, the number of households that receive out-of-State signals; two, the extent to which con-sumers have access to in-State pro-gramming; and three, whether there are alternatives to use of the existing Nielsen-defined markets.

Earlier, LAMAR SMITH, the gentleman from Texas, mentioned there are some things that have to be ironed out, and I think that’s true.

While it still contains, in this bill, a provision we opposed in the committee during the markup that tries to twist DISH’s arm into carrying public broad-casting stations in high-definition for-mat, and I was the one that spoke against this, the additional views in the committee report reflect our con-cerns, and there is a chance that provi-sion will become moot since, obviously, the parties are in negotiation, and we’re hoping for a favorable negotia-tion so that will work itself out.

Madam Speaker, I reserve the bal-ance of my time.

Mr. WAXMAN. Madam Speaker, I yield myself such time as I may con-sume.

(Mr. BOUCHER asked and was given permission to revise and extend his re-marks.)

Mr. BOUCHER. Madam Speaker, in a collaborative way, the House En-ergy and Commerce, the network Judiciary Committees are presenting to the House this afternoon a renewal of the Satellite Home Viewer Act, provisions of which are scheduled to expire at the end of this year. The act entitles the delivery by satellite of distant network signals to homes that cannot receive network programming from a local tele-vision station.
We're taking the opportunity of this reauthorization to achieve a long-held goal of having all 210 local television markets across the Nation uplinked by satellite for retransmission of those local stations back into the market of their origination. The goal is to ensure that those 210 stations will not only be available to DISH subscribers who are served by satellite TV, but also to all rural and underserved areas of the Nation that will be able to receive both national television programs and local TV stations that serve their area.

At the present time, there are 28 local television markets in rural areas in various parts of the Nation that do not have local television signals delivered by either of the major satellite television carriers, and much of our effort this year has been directed toward finding a way to obtain satellite carriage of these 28 rural markets for local television signals.

Earlier this year, following extensive discussions with the company, I received a letter from EchoStar, a company commonly known in the trade as the DISH Network, agreeing to carriage for local retransmission all 210 local television markets upon certain conditions. One condition is that the company receive the ability in our legislation to import into the markets distant networks in order to supply the missing networks in the markets that do not have a full complement of the networks represented by local affiliates. The bill that we're presenting today grants that permission if EchoStar, in fact, provides local TV service in all 210 television markets nationwide.

Another condition of the company's willingness to serve all 210 markets is that the law not impose new carriage obligations that the company would have to devote its satellite capacity in order to meet. While the bill does impose some new carriage obligations, I'm optimistic that they will not be so extreme as to prevent EchoStar from launching service in all 210 local markets over the coming year.

Providing local TV service in the 28 currently unserved local markets will make local TV news, sports, weather, essential emergency information, and locally originated programs available in every part of the Nation, a goal that we're now very close to achieving. Serving the 28 now unserved local TV markets involves a major expenditure by EchoStar for ground-based facilities in each of the currently unserved markets and for the launch, in 2010, of a new satellite that itself will cost hundreds of millions of dollars.

I want to commend EchoStar for expressing a willingness to make these very substantial investments if we pass legislation that meets the conditions I have previously described, and I think our legislation does. I also commend television broadcasters and DirecTV, the other major satellite television providers, both of which groups played a highly constructive role as our negotiations proceeded. And I want to thank the gentleman from Michigan (Mr. Stupak), a member of our Commerce Committee, for bringing to our attention in very forceful terms the need to serve all of the 28 currently unserved local television markets across our Nation.

The bill before us makes other changes needed to harmonize the satellite industry's roles with the transition from analog to digital television broadcasting, and it will result in more high-definition carriage of public broadcasting television under the terms of an amendment that was offered by Mr. Barton from Florida (Mr. STEARNS) for the highly constructive and cooperative bipartisan role that they have played in helping us move this measure through our two committees.

Madam Speaker, I urge approval of the bill, and I reserve any time I may have remaining.

The SPEAKER pro tempore. The time of the gentleman has expired.

Mr. STEARNS. Madam Speaker, I yield 3 minutes to the gentleman from Texas (Mr. Barton), the distinguished ranking member of the Energy and Commerce Committee.

Mr. BARTON of Texas asked and was given permission to revise and extend his remarks.

Mr. BARTON of Texas. Thank you for the opportunity to make a statement on the floor of the House today about the Satellite Home Viewer Reauthorization and Satellite Home Viewer Extension and Reauthorization Act of 2009. It is an opportunity for me to thank our colleagues from both sides of the aisle for the hard work in bringing to our attention in very forceful terms the market issue and helping to resolve this short market issue. For us, it is an issue very much the heart and soul of how we in rural areas like my Seventh District in Tennessee, fixing a short market problem, which we have heard discussed on this floor tonight, is much more than just a convenience or an "I want to see TV" issue. For us, it is an issue of health and safety and public safety. And by working to expand the definition of the unserved customer, which we have done on a bipartisan basis in this bill, my constituents in rural west Tennessee counties like Hardin and Hardeman and Chester are now going to be able to receive that distant satellite signal that we've discussed.

The reason it is important for us is because a couple of years ago, we had a devastating tornado that swept through west Tennessee and touched down in our district. Nearly three dozen Tennesseans were killed and 150 people were seriously injured. Communities were paralyzed and had significant difficulty in receiving news alerts and communicating.

By fixing this short market, we will all rest a little better knowing that should we be faced with any other such disaster of this magnitude, that we will be better prepared and able to respond and to persevere.

I do want to take a moment to thank Chairman CONYERS, Chairman BOUCHER, Ranking Member BARTON, and Ranking Member STEARNS for all of their hard work in fixing this short market issue and helping to resolve this issue for my constituents in Tennessee.

As has been said, the bill's not perfect, and there is an area that has been mentioned mandating that a private
company like DISH Network carry public broadcasting in high def. It real-
ly does go against free market prin-
ciples. I do know that is going to con-
tinue to be worked on. We are looking forward to getting that issue resolved.

I thank the gentleman from Florida. Mr. STEARNS. Madam Speaker, how much time do I have left?

The SPEAKER pro tempore. The gen-
tleman from Florida has 7½ minutes.

Mr. STEARNS. I yield such time as she may consume to the gentlelady from Wyoming (Mrs. LUMMIS).

(Mrs. LUMMIS asked and was given permission to revise and extend her remarks.)

Mrs. LUMMIS. I would like to thank the chairman and ranking member of the Judiciary Committee for the inclu-
sion of language from my bill on state-
wide public television. Passage of this legi-
dation will remove the legal obsta-
cles for satellite carriers to offer state-
wide public television in Wyoming and other States. I don’t care whether it’s in high def or not. I just want public television carried in Wyoming and other States, and that’s what’s been achieved. So thank you kindly.

I also thank the gentleman from Georgia (Mr. DEAL) who worked dili-

gently to address the problem of local television market areas. Despite his good work, I rise today to express re-
gret for the missed opportunity the passage of this bill represents.

The decision to put off for another 5 years any real reform to the system of
designated market areas. Despite its very negative consequences for the citizens of my State. Out of Wyoming’s 23 counties, 16 do not have satellite ac-
cess to Wyoming-based stations. Over half of all television households in Wy-
oming do not have access to local tele-
vision. For a rural State like Wyoming, sat-
ellite sometimes represents the only viable option to receiving television programming. The inability to receive local stations, affects access to local content and severely limits the reach of emergency notifications.

Emergency situations, like the but-
tane tank truck that recently over-
turned on an icy highway during a blizz-
dard, should serve as proof that the availability of local stations on sat-
ellite television is not just an enter-
tainment issue. The DMA system may make sense for the densely populated areas in the East, but it has created an absurdity in the sparsely populated areas of the West. I am grateful for the inclusion of a study to find a better way to determine what the local mar-
et is.

But, Madam Speaker, people in Wy-
oming do not need a study to tell them that when their network TV station originates 400 miles away from a dif-
ferent State, they are not receiving the local content they need. For this rea-
son, I cannot support passage of this bill despite its tremendous improve-
ments.

Mr. JOHNSON of Georgia. Madam Speaker, I rise today in support of H.R. 3570, the Sat-
ellite Home Viewer Update and Reauthoriza-
tion Act of 2009. I strongly support this impor-
tant piece of satellite television reauthorization legislation.

H.R. 3570 reauthorizes satellite operators’ li-
censes to import distant network affiliate tele-
vision signals to households that cannot re-
ceive stations in their own local markets. This is important as it allows satellite and cable tele-
vision providers to carry out-of-market tele-
vision signals to households that cannot re-
ceive stations in their own local markets. This allows state public television networks to reach all their residents with important news and public affairs programming.

Alongside the chairman, I worked hard to get the phantom signal language included in the bill. I am proud of the final product and believe it is something about which all Americans can be proud.

Previously, due to flaws in existing law, broadcasters sometimes paid royalties to con-
tent producers even when programming was not actually delivered to subscribers. Royalties for the transmission of broadcast signals to cable systems were paid as if the entire cable system received the transmission, even if it was only received by some subscribers within the cable system. This has been known as the phantom signal problem. The cost of this flaw was passed down to consumers. With the current reauthorization language, my phantom signal language, the American peo-
ples will no longer be forced to pay for pro-
gramming they have not received.

I join the chairman in urging my colleagues to support this bill. As a result of this legisla-
tion, constituents in my district will not be forced to pay for satellite and cable program-
ning they have not received and, as a result, save money in this economy.

Mr. STEARNS. Madam Speaker, I have no further requests for time, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Michigan (Mr. CONYERS) that the House suspend the rules and pass the bill, H.R. 3570, as amended.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds being in the affirmative, the ayes have it.

Mr. CONYERS. Madam Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair’s prior announcement, further proceedings on this motion will be postponed.

COMMUNICATION FROM THE CHIEF ADMINISTRATIVE OFFICER OF THE HOUSE

The SPEAKER pro tempore laid before the House the following communica-
tion from the Chief Administrative Officer of the House of Representatives:

OFFICE OF THE
CHIEF ADMINISTRATIVE OFFICER,
Washington, DC, December 1, 2009.
Hon. NANCY PELOSI,
Speaker, House of Representatives, Washington, DC.

DEAR MADAME SPEAKER: This is to notify you formally, pursuant to Rule VIII of the Rules of the House of Representatives, that I have been served with a subpoena for produc-
tion of documents issued by the U.S. District Court for the District of Connecticut, in con-
nection with a criminal matter now pending in the same court.

After consultation with the Office of the General Counsel, I have determined that compliance with the subpoena is consistent with the precedents and privileges of the House.

Sincerely,

DANIEL P. BEARD.

CONGRATULATING THE DETROIT CATHOLIC CENTRAL SHAMROCKS

(Mr. MCCOTTER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MCCOTTER. Madam Speaker, today I rise to recognize the Michigan Division 1 State High School Football champions, the Detroit Catholic Central Shamrocks. On November 27, 2009, the Shamrocks defeated a fine Sterling Heights Stevenson team 31–21.

The victory earned Head coach Tom Mach his 10th State championship in his 34 seasons leading the Shamrocks. The team’s hard work, mental tough-
ness, and burning desire epitomized what it means to be a Shamrock mold-
ed by the Basilian Fathers and their mission to teach young men goodness, discipline, and knowledge. Truly this accomplishment is shared by the entire CC family.

Madam Speaker, meeting the chal-

THE WRONG DECISION ON AFGHANISTAN

The SPEAKER pro tempore. Under a previous order of the House, the following Members will be recognized for 5 minutes each.

The SPEAKER pro tempore. Under a previous order of the House, the gentle-
woman from California (Ms. LEE) is recognized for 5 minutes.

(Mr. WOLF addressed the House. His remarks will appear hereafter in the Extensions of Remarks.)

The SPEAKER pro tempore. Under a previous order of the House, the gentle-
woman from California (Ms. LEE) is recognized for 5 minutes.

(Ms. LEE of California addressed the House. Her remarks will appear hereafter in the Extensions of Remarks.)

The SPEAKER pro tempore. Under a previous order of the House, the gentle-
man from Massachusetts (Mr. MCGOVERN) is recognized for 5 minutes.
Mr. McGovern. Madam Speaker, first I want to commend President Obama for thinking long and hard about the course that he believes the United States should take in Afghanistan. That kind of deliberation is a welcome change from the previous administration. The President last night cited the resolution to authorize force in 2001 as providing the authority that he needs. I would argue that it was not Congress’ intent in 2001 to authorize decades of nation-building in Afghanistan. We voted to go after the people who committed the horrible atrocities on September 11. I would urge that before a decision is made to extend an authorization of the United States Congress have the chance to fully debate his proposal and have an up-or-down vote.

Under the Bush administration, what usually happened is that additional troops were deployed and then later, once they were already in theater, the administration would submit a supplemental request. That is backwards. We should debate and vote on this critical issue before we send additional troops.

And, Madam Speaker, this is a big deal. This is a major escalation and Congress has a major role to play. I would urge my colleagues on both sides of the aisle to continue to ask the tough questions and to continue to play our constitutional role.

CLIMATEGATE

The SPEAKER pro tempore (Mr. Garamendi). Under a previous order of the House, the gentleman from Texas (Mr. Poe) is recognized for 5 minutes.

Mr. Poe of Texas. Mr. Speaker, over the past several years, the public has come to light of fraud and corruption in the global warming scientific community. Or, as it is now called, the climate change community. These shady scientists have made claims of a global warming apocalypse and created fear in the world that we are all doomed because man is the enemy destroyer of planet Earth. But now thousands of their emails were recently leaked to the public. These emails, written by scientists at the British University of East Anglia exposed fraud and corruption in their global warming claims. Now Climategate is being exposed. These snake oil salesmen have been caught in their lies to the world. These are the very scientists who formed the foundation for world global warming claims. American politicians, the United Nations, everyone claiming that the world is headed toward this global warming catastrophe based their views on this fraudulent science. And of course the emails show numerous actions taken to silence the dissenting voices, from real scientists who didn’t manipulate the data. Obviously, they destroyed the data to make it say what they wanted it to say. It sounds like they have cooked the books. It sounds like they have picked out an outcome and are trying to fix the data to make it say what they want it to say. It sounds like a political agenda.

World economies depend on these claims that have clearly been manipulated. The U.N. global warming summit in Copenhagen that starts next Monday, December 7, is using this tainted information. The United Nations wants to exert more control over world energy and emissions, and the sovereignty of nations using information that is apparently now faulty. It is tainted with scandal, and it is deceitful.

How can the American people trust any of these claims when they have already been manipulated? Well, the American public can be fooled no longer by these pseudo scientists. One may ask why would these scientists skew the facts? Well, it is obvious. Governments all over the world give climate change the money. American politicians, for example, have picked out an outcome and are trying to fix the data to make it say what they want it to say. It sounds like they have cooked the books. It sounds like they have picked out an outcome and are trying to fix the data to make it say what they want it to say. And of course the emails show numerous actions taken to silence the dissenting voices, from real scientists who didn’t manipulate their data. Obviously, they destroyed the data to make it say what they wanted it to say. It sounds like they have cooked the books. It sounds like they have picked out an outcome and are trying to fix the data to make it say what they want it to say. It sounds like a political agenda.

The jury is still out on the global warming theory and the climate change myth. By discussing any legislation based on this theory regarding manmade climate change, we ought to have an open, honest debate from real scientists who didn’t manipulate the evidence to get an outcome-based conclusion. Further, the EPA should halt all carbon emission regulations of the energy community until we learn the facts about climate change. Honesty is a prerequisite for conclusions about climate change legislation. And now we learn that climate change is not a well settled scientific fact at all, whether the mad scientists at the University of Anglia like that fact or not.

And that’s just the way it is.
HIV/AIDS PROGRAMS

The SPEAKER pro tempore. Under a previous order of the House, the gentlewoman from Florida (Ms. ROS-LEHTINEN) is recognized for 5 minutes.

Ms. ROS-LEHTINEN. Mr. Speaker, yesterday on World AIDS Day, the administration released its 5-year strategy for the President’s Emergency Plan for AIDS Relief, otherwise known as PEPFAR. The strategy is required by the Tom Lantos and Henry J. Hyde United States Global Leadership Against HIV/AIDS, Tuberculosis and Malaria Reauthorization Act of 2008. That is a mighty long name, but it does so much good. And it begins to shift PEPFAR from an emergency program to one focused on sustainability.

Mr. Speaker, the challenges in fighting HIV/AIDS are daunting, but not in-surmountable. Over 33 million people worldwide are infected, an estimated 67 percent of whom live in Sub-Saharan Africa. Nearly 2.7 million people, including 430,000 children, were newly diagnosed last year. Over 14 million children have lost one or both parents to HIV/AIDS. AIDS is decimating an entire generation of the most productive members of society in developing countries, which will cause GDP to drop by more than 20 percent in the hardest-hit countries over the next decade.

Without effective prevention, treatment, and care efforts, the AIDS pandemic will continue to spread its mix of death and despair that is destabilizing governments and societies and undermining the security of entire regions. But one need not travel to Africa or the Caribbean or Eastern Europe to witness the devastation of HIV/AIDS; we need only to look out the front door. In my home State of Florida, Mr. Speaker, an estimated 90,000 people are living with HIV/AIDS, making us third in the Nation in the number of AIDS cases.

My home county of Miami-Dade ranks second among large metropolitan areas for people living with AIDS with over 32,000 currently diagnosed. These individuals need our assistance. They are fighting this disease.

On October 21 of this year, with a bipartisan majority, we voted in Congress to reauthorize the Ryan White HIV/AIDS Treatment Extension Act. The program has been the largest supplier of services for those living with HIV/AIDS in the United States. In the United States, over 500,000 people a year benefit from the Ryan White program. Florida alone received over $230 million in funding with Ryan White funds in 2009, and has been able to assist countless low-income Americans living with HIV/AIDS.

Fully appreciative of the challenges here at home, I am proud to have supported PEPFAR since its inception. To date, the results have been a highly effective and results-oriented program. For example, more than half of the 4 million people receiving lifesaving drugs in low- and middle-income countries around the world are directly supported through PEPFAR. PEPFAR has supported care for more than 10 million people affected by HIV/AIDS, including more than 10 million orphans and vulnerable children. At least 240,000 babies in Latin America alone have been born free of HIV/AIDS thanks to PEPFAR prevention of mother-to-child transmissions.

The achievements of our bilateral programs are truly remarkable. However, the record of our multilateral organization, while we need more robust burden sharing—particularly as the World Health Organization has revised its guidelines and vastly expanded the pool of people who require access to treatment—significant revelations of corruption in the global fund programs are cause for great concern.

Mr. Speaker, we must work together to ensure accountability, transparency, and maximum effectiveness of multilateral programs that are receiving United States support. We must work to ensure that every dime that is dedicated to PEPFAR, including our contributions to the global fund, is used for its intended purposes and delivered in the most effective, transparent, and sustainable manner possible. We must ensure that those precious resources actually reach those who are in need, without being diverted to line the pockets of unaccountable international bureaucrats or corrupt regimes.

I urge this administration to ensure that those precious resources actually reach those who are in need, without being diverted to line the pockets of unaccountable international bureaucrats or corrupt regimes.

In closing, let us recommit ourselves to saving the future by helping to save lives inflicted with HIV/AIDS.

The SPEAKER pro tempore. Under a previous order of the House, the gentlewoman from California (Ms. WOOLSEY) is recognized for 5 minutes.

(Ms. WOOLSEY addressed the House. Her remarks will appear hereafter in the Extensions of Remarks.)

AMERICAN TROOPS IN AFGHANISTAN

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from Texas (Mr. DOGGETT) is recognized for 5 minutes.

Mr. DOGGETT. Mr. Speaker, after the tragedy of 9/11, I voted for the resolution that authorized military action against those who attacked us, including sending our troops into Afghanistan. We sent a strong, unified message that we will never yield to terrorism. We have not just the right but the duty to keep America secure. I certainly agreed with taking out Osama bin Laden. It is outrageous that the Bush-Cheney-Rumsfeld administration failed to stop him, unnecessarily prolonged this conflict, strengthened our enemies as their attention and our resources were diverted to an ideologically driven invasion of Iraq.

Surely all Americans should respond affirmatively to President Obama’s call last night for unity of purpose in keeping our families secure and overcoming all of those who would do us harm. I agree with so very much of what President Obama said, but not so much with what and how he said he would accomplish our shared goal. It is true he has laid out a plan of clear and easy alternatives, and I applaud his deliberative effort. But the path to peace and security will not be found through a wider war. It is wholly unrealistic to expect that we can escalate our military forces in the harsh terrain landscape of Afghanistan by another 40 percent, then deescalate and begin bringing them home all within a mere 18 months.

We have been fighting in Afghanistan on an installment plan. A few more troops, a few more months, and a whole lot more money—billions. There is no way that 2011 will mark the end of this war or even the beginning of the end. This is just a mirage. In 18 months the results may vary, but the installment will be requested in what is already a deteriorating war that has lasted 8 years with the illusive end of the war always just over the horizon.

The better exit strategy is to have fewer troops who need to exit. We should honor the sacrifice of those who are courageously serving and put fewer of them into harm’s way. It should not take 100,000 highly equipped and trained American troops to defend less than 100 al Qaeda in Afghanistan, an estimate yesterday from the President’s National Security Adviser. Once again, we hear talk of a grand coalition, but make no mistake, it is Americans who are being asked to bear the overwhelming share of the burden. As these troops would arrive in Afghanistan, the Canadians, the Dutch, they have already announced they will be bringing their troops home at the same time our people get there.

The French and the Germans have said not one more troop. Spain may increase its total to 1,200. Iceland has two, Luxembourg has nine. Every bit of help counts certainly, but it’s clear that the great amount of blood that will be split will, once again, be American. The huge cost will be to the American taxpayer.

Now, United States Army doctrine, as written by General Petraeus, calls for one counterinsurgent for every 50 members of the population. In Afghanistan, with a population of 30 million, that would work out to about half a million additional troops, not 30,000. Whatever the exact number is, it is clear that to meet the military’s own objectives, more installments are in order. All this effort to prop up a corrupt Karzai government that just stole over 1 million votes to keep itself in power as it attempts to control a fraction of the country of Afghanistan.

\[ \square \] 1815
My fellow Americans, we must chart a better course. Congress has a constitutional responsibility to scrutinize this request carefully as well as how to pay for it, to find a better way to achieve our shared goals of protecting every American family. To do otherwise would be to let the military industrial complex continue to dictate policy.

My constituents have come to me to say that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. We are digressing from the health care debate to see that we cannot afford this. The SPEAKER pro tempore. Under a previous order of the House, the gentleman from Oregon (Mr. DEFAZIO) is recognized for 5 minutes.

(Mr. DEFAZIO addressed the House. His remarks will appear hereafter in the Extensions of Remarks.)

RECOGNIZING THE GENEROSITY OF ROSS PEROT'S GIFT TO THE U.S. ARMY COMMAND AND GENERAL STAFF COLLEGE FOUNDATION

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from Kansas (Mr. MORAN) is recognized for 5 minutes.

(Mr. MORAN of Kansas. Mr. Speaker, I rise this evening in the House of Representatives to recognize a remarkable gift that will enhance the professional education of our country's military officers and thereby improve the safety and security of every American.

In November, Mr. Ross Perot of Texas pledged $6.1 million to support two new initiatives at the U.S. Army Command and General Staff College located at Fort Leavenworth, Kansas. At a time when our country is demanding more from its military, this significant contribution will ensure that America's military leaders receive the best education and training to accomplish their missions around the world.

Mr. Perot's contribution followed a recent visit to Fort Leavenworth. He experienced firsthand the classroom instruction that U.S. officers and their interagency and international counterparts receive at the Army's Command and General Staff College, our country's oldest and largest military staff college. He also met with students and toured the Lewis and Clark Center, an impressive new building completed in 2007 to house the college.

Mr. Perot's gift will fund a new center for interagency cooperation and a new chair of ethics. As the conflicts in Iraq and Afghanistan make clear, cooperation between military and other agencies is an important component for our country's success. To address this need, the Gen. Arthur D. Simons Center for Study of Interagency Cooperation will enhance the cooperation of interagency agencies. The second initiative to be created, the Gen. Hugh Shelton Chair in Ethics, will attract world-class academics and researchers to stress the importance of ethics and values in the military.

You may notice that rather than naming these new programs after himself, Mr. Perot chose to name them after others. Col. Arthur “Bull” Simons led the 1970 Son Tay raid to free prisoners of war in Vietnam, as well as a 1979 mission to rescue, from a prison in Tehran, two of Mr. Perot's employees. Retired Army Gen. Hugh Shelton served as Chairman of the Joint Chiefs of Staff and is a friend of Mr. Perot's. Mr. Perot selflessly named his initiatives after military members who have played an important role in his life and
SMALL BUSINESS IS AMERICA’S ECONOMIC ENGINE

Mr. Speaker, I’ve introduced H.R. 4100, the JOBS Act, to answer their call. And I urge my colleagues to lend their support by cosponsoring this important legislation. It provides a 2-year moratorium on capital gains and dividends, two taxes which directly inhibit or derail a business’ ability to reinvest their revenue into creating new jobs. It reduces the lowest tax brackets by 5 percent. It cuts the payroll tax rate and the self-employment tax rate in half for 2 years. Additionally, it reduces the corporate tax rate by 10 percent for 2 years.

In fact, the United States already has the second highest corporate tax rate in the world. It’s incredible that our economy has prospered for this long under such an extraordinary tax burden.

At this time of great economic turmoil, it’s only logical to curtail this massive tax and allow our business sector to propel us back onto a stable economic footing.

Finally, just as important, my JOBS Act recoups any and all unspent stimulus dollars, putting them to work instead of towards waste.

Now is the time for a new way forward. For 11 months, the so-called stimulus has been tried and tested. Unfortunately, it has failed. But there is no reason to keep going down the same track and throwing taxpayers’ money down a rat hole towards a failed plan. And there is certainly no reason to keep sending money into Georgia’s imaginary congressional districts, double zero, 27, 86, or any others that the government has identified.

The American people demand something better than more government and more debt. There are ways that we can do something better than more unemployment insurance and COBRA extensions. We need to stop handing them dead fish and, instead, hand them a fishing pole.

have loans from local banks, and they get those loans at a reasonable interest rate because many small businesses are very good and prompt payers. The bank trusts them. The bank knows that the small business is solvent, that they run a good operation, that they're doing good work in the community, so the bank is taking that risk and is loaning that money at a fairly reasonable rate of interest, so the small businessman has this money or this liquidity in order to pay for things that he needs in his business.

Just to give an example, perhaps, of a farmer. A farmer has a nice piece of land and he decides he wants to raise some crops. But in order to do that, he needs a tractor. He doesn't have enough money to buy that tractor right off the bat with cash, and so he gets a loan from the bank to buy the tractor, and then he uses the tractor to grow crops and to produce a product which we call food. In the meantime, as he makes profit on selling his food, he makes payments to the bank to pay for his tractor. It's a simple example, but what is required for jobs and for small businesses to operate is liquidity. There has to be supply of capital, and that's available at a reasonable interest rate in order to facilitate the growth of businesses, particularly small businesses, and jobs. If there is not good liquidity, not a good source of money, then we're going to have a problem with jobs.

A fourth enemy of job creation is uncertainty. Again, put yourself in the shoes of that small businessman. You look out on the horizon and you see all kinds of things that you don't know what's going on, and you're worried about what's going on. You know as you look out at the horizon that there's talk that these taxes that used to be low are going to go up. There's talk about energy, talk about taxes, heavy taxes, on a new health care bill. There's the possibility of energy shortages; there's the possibility of anything that might be disruptive to your business. Well, that uncertainty is going to have the effect of saying, hey, before I stick my neck out and do something new, I think I'm going to just instead sit back a little bit and wait, because I don't want to be too far leveraged. I don't want to make too much of a commitment because I don't know if it's going to happen or not. As the body is buying ammunition and hoarding gold, and everybody's nervous and concerned. There's talk about this, that and the other. So when you get uncertain, uncertainty makes it hard for business people to want to add jobs, and it may reduce jobs. Businesses work well when they have a plan. They know that they're going to have so many orders for so many years, they know that they're going to build, they can plan out, buy their materials, get the equipment they need and get the manpower. And so, when you want to mess up job creation and business, all you do is introduce a lot of fear and uncertainty and you're guaranteed to be hurting jobs.

A fifth thing that is going to be harmful to job creation is a whole lot of regulations and red tape. If you're thinking about taking on some new projects, you see just mountains of red tape, regulations, and all kinds of legal fees and problems in front of you that the government has created, then you're going to be a little bit more reluctant to jump into that project. I'll give you an example. For instance, let's say you're a power company and you have a number of coal-fired power plants. You take a look at what's going on, and you take a look at the technology that's available and you say, you know, I think that it would really make a lot of sense to build a nuclear plant because coal prices are going up. We know that nuclear is safe. We know it doesn't generate any CO2, so that should make people that are worried about global warming happy, and we think that it makes sense to put a nuclear power plant. But then you start to think and say, Wait a minute. What are the regulations? What are the red tape? And how does this work? And you start to actually look, and you find out, oh my goodness, we apply for a license, and after we get done building the plant, which is going to cost millions and millions of dollars, then the government will tell us whether or not we can build it. That doesn't make sense. Doesn't the government give you a permit to operate the plant first, then you put the millions in and run the plant because you got the permit? No, you've got to get a permit to begin with, but you don't ever get any for sure that you can run that plant until after you've built it. Well, that would be an example of red tape and regulations making it so, hey, I'm not going to make that decision. I'm not going to build some big plant and a more efficient way to generate electricity because of the fact that we've got all this red tape and regulations in the way.

And then I would suggest that there is a sixth thing that's a job killer, and that is the excessive spending on the part of the Federal Government. When the Federal Government spends a whole lot of money, it has the net effect of eventually costing businesses and people that are vital. Wait and see about regulations, about spending actually is an enemy to jobs. We're going to get into that a little bit further along this evening. But I thought it would be important to start by defining our terms. Jobs are important for all of us. That's what you need to pay your mortgage. That's what you need to pay the food bill for your wife and kids. Jobs are an important thing in America, and Americans need to know that they've got something to work on anyway, a good project or some work to do and they have a sense of paying off the mortgage and working their way toward the dream of a more prosperous future. And so these are the enemies of jobs. I'm going to review them one more time.

First of all, a slow economy. Second, high taxes. Then the thinking is not enough liquidity. That is money. Fourth, uncertainty or fear. Fifth, red tape and government regulations. And sixth, the idea of excessive Federal spending, because that comes back in the form of taxes and reducing liquidity.

I am joined this evening by a very good friend of mine, Congressman SCALISE, who has a very good sense of business and a good sense of humor and is always a great contributor to our little Wednesday evening discussions.

My good friend from Louisiana, please join us.

Mr. SCALISE. I want to thank my friend from Missouri. We have been having these discussions for I guess the past few Wednesdays for a few months now. I appreciate the gentleman for hosting this hour that's become a regular tradition, not only to talk about the things that are happening in the country, but really to focus in on the ads that have been taken here in this Congress by this Democratic leadership that have actually led us to the decline in jobs that we're facing today.

Of course, so many Americans remember now how back in the beginning of this year when President Obama stood right there, right there on that well behind you, and talked about the need for a stimulus bill, a bill that spent $787 billion of money that we don't have, money that was borrowed from our children and grandchildren, and he said it had to happen so that we would stop unemployment from exceeding 8 percent.

Now, of course today, as we look at 10.2 percent unemployment, the American people are asking, Where are the jobs? And, of course, when the White House came out with this Web site, and the White House and the President bragged about the transparency, and, in fact, the President talked about the fact that the American people would be able to track every dollar, and even said that Vice President JOE BIDEN would be in charge of tracking the money, and the American people would be able to go to a Web site and see that money that was in the stimulus bill is being spent and how it's creating all these jobs. Of course you and I opposed that bill because we knew it wouldn't create jobs. In fact, we knew it would help actually lead to more unemployment because it would add so much more money to our national debt, money that we couldn't afford to spend, and money that was going to hurt small businesses and in fact did hurt small businesses.

Mr. AKIN. If I could reclaim my time, I want to think that the points that you're making are very, very good. I just want to recap what you're saying. I had, just as we got started, talked
about things that kill jobs. And one of the things that kill jobs is excessive government spending. The first thing that you came to, ironically, was this supposedly stimulus bill which the President and the Democrat leadership thought was going to improve the economy, the stimulus bill. That was what they claimed. In fact, the claim was, as you and I recall, that if we did not pass this $787 billion unfunded supposedly stimulus bill, we might get unemployment as high as 8 percent, and it’s going to be fully transparent. I guess that’s being created; and yet here we are on the floor, we’re not necessarily wiz-
and then they had the stimulus bill and then they had the budget that doubled the national debt in 5 years.

And then after cap-and-trade they came with the health care bill, the government takeover of health care, which they’ve run as the top priority. Of course, President Obama is using that as his top priority when the American people are saying, We don’t want a government takeover of health care; we want you to reform things that are broken. And we’ve presented legislation to actually fix the problems—to lower costs, to address pre-existing conditions—the real problems American families are having with health care. But what American families don’t want to see is the government take over all of health care and literally shift the hundred million more people onto a Medicare system that’s already struggling to make ends meet. And senior citizens know that.

So what they’re asking is: stop deal- ing with policies that actually are running more jobs out of our country. Go and help create jobs in small businesses by lowering tax rates. And guess what’s going to happen here on the House floor tomorrow? The Democrats are actually bringing a bill to make permanent the death tax at a 45 percent rate tax. That’s going to kill small businesses in this country. And that’s their priority instead of creating jobs.

Mr. AKIN. When I could just ask you to yield back, everything you said is exactly spot on, and it is the solution to trying to deal with unemployment. But I think what I’d like to, if it’s possible, just for a minute, get a little philosophical here and talk about the fact that when you take a look at the political parties, in general these are two different ideas about what you do when you’ve got problems with unemployment.

One of them was proposed by a little British economist by the name of Lord Keynes. He was accompanied in his mischief with a fellow by the name of Morgenthau, who was FDR’s Secretary of the Treasury. That idea was called “stimulating the economy.” The idea was that if the government will just spend enough money, it’s going to create demand, and therefore the whole economy will run. It appeals to me as an engineer about just as much as the idea of putting your bootstraps, and try to lift yourself so you can fly around the room. But the idea is that when you’ve got a bad economy, the government should spend money like mad and it’ll “stimulate the economy.” And so that was one theory.

Another theory that was developed—and that usually is the Democrat theory, although not entirely—the other theory is: get your foot off the spending and the taxing, leave enough money in the company and, particularly with small business owners, to allow them to invest. When they invest, they create jobs and you allow the free market and you allow Americans, in the ingenuity of Americans and freedom, to motivate and to build a country bigger and stronger than it was before. And by doing that the economy gets stronger because individual citizens, not the government, are the ones that are running this Nation—and there are no shortage of issues—the issue that cuts directly to the heart, the economic well-being of the liberals that are running Congress right now.

When you show that comment from FDR, it’s very telling because when this administration came in, President Obama made a point everywhere he went and he still tells today, saying he inherited the worst economy since the Great Depression. Well, first of all, if you go back and look at the Great Depression and the signs there, they were much worse than the signs he inherited. The signs he inherited weren’t as bad as what Jimmy Carter created that ultimately led us to Ronald Reagan. When Jimmy Carter was President we had double-digit unemployment, we had double-digit interest rates, and double-digit inflation. In fact, they created a new term for it called “stagflation.”

When President Obama came into office, we were less than 8 percent unemployment. So it was single digit. It was still a high number, but it was a single digit. For the Democrats, to have the inflation and very low interest rates. Right now, because of President Obama’s policies, these policies like cap-and-trade, like the spending and the stimulus bill and the health care government takeover, wherever they have led us now to double-digit unemployment; but what we’re starting to see are the telltale signs also of creeping up interest rates and inflation because of the policies of President Obama.

So when he talks about this being the worst economy since the Great Depression, I think what he was trying to do was set up an event so that he knew his policies probably would create double-digit unemployment and double-digit inflation and double-digit interest rates, because history does repeat itself. So he tried to set the stage that he was walking into something worse than what he walked into, but he’s created an economy that virtually is leading us back to the 1990s, when we did have the Great Depression and it’s because of his policies that are spending, taxing, and borrowing our country into oblivion.

I yield back.

Mr. AKIN. Just reclaiming my time, the fact is that history does not have to repeat itself. It repeats itself if people make the same dumb mistakes over and over again. That’s when it repeats itself. What we’re doing here is we’re doing the same things over and over again that have never in the past. But it doesn’t have to be that way.

I really thank my friend, Congressman SCALISE, for his perspective and for joining us. I’m also joined here on the floor by my good friend, Mr. Thompson of Pennsylvania. I’d like to yield time to the gentleman.

Mr. THOMPSON of Pennsylvania. I thank my good friend for yielding time and for also taking the leadership on this very important debate. I think of all the things that are going on in this Nation—and there are no shortage of issues—the issue that cuts directly to the heart, the economic well-being of
our citizens, are jobs. We know that we are in dire strait with jobs in this country, the first time in decades the unemployment rate has gone over double digits, at 10.2 percent.

Now looking back, I see my good friend has a chart there that talks about the stimulus and talks about the percentage of unemployed. I remember vividly sitting in this Chamber where we were talking about—and it was a mandate that we had to do something because unemployment was at 8 percent, and if we did nothing, perhaps it would go over 8.5 percent. What was done and what the Democratic Party did was to just spend, and I think misspend.

I believed in my heart back then that it was not the right thing to do, that, frankly, it would make matters worse, that it would drive up unemployment, because as people would lose confidence, those entrepreneurs, those people that are small businesses, those folks who were willing to take that risk and work long days—sometimes without taking a salary themselves to create prosperity—weren’t going to have the confidence to be able to do that.

Usually I like being right. But unfortunately, I’m sad to say that we were correct, that I was correct, when unemployment went over 10.2 percent.

Mr. AKIN. Just reclaiming my time, gentleman, you were here on the floor with me when we were talking about this very thing. It wasn’t so many months ago. It isn’t that we are great wizards of economics. It’s just that we’ve learned something from history. The fact is that the method and the approach of “stimulating the economy” or, effectively, tremendous levels of government spending and money that they don’t have, does not help an economy that’s ailing, and it’s not going to help unemployment. We were here at this 8 percent unemployment, and we were told that, Hey, if you don’t get this stimulus bill through, why, it’s going to go above 8 percent. We passed the stimulus bill, and here we are at 10.2 percent. But that’s not a coincidence.

Now of course the Obama administration would love to try to blame that on President Bush and everything. But what we actually not only learned from—even if he didn’t want to learn from a Republican, he could learn from a Democrat. He could go back to JFK. JFK was faced with this problem. He had a problem with unemployment. And what did he do? He did something that was not intuitive to Democrats. He actually lowered taxes. He did a tax reduction just the same way Ronald Reagan did.

And the effect of that tax reduction was to allow those small businesses to have more money to invest in their business. And guess what happens? When small businessmen have the liquidity and they have more money to invest in their business, they add a wing on the building, they add a new machine, a new process, a new invention, a new idea. And freedom works. What happens is, you create jobs, and the economy takes off.

Now here are some numbers that—and to my good friend, Congressman Thompson from Pennsylvania, you weren’t here at the time. But when I came in at the beginning of 2001, people don’t realize—just because the Federal Government didn’t balance their budget—they don’t like to realize how much these recessions and a bad economy hurts the Federal Government in terms of taxation, in terms of revenue. And what was going on was, you know, the liberals were crying and moaning about how much money we spent on tax reduction, and Oh, we’re giving the rich guys a deal, and you’re reducing taxes, and that’s going to cost the Federal Government all its revenue, because they calculated that if you lower the tax, you’re going to collect less revenue. That was the logic. It seems intuitive when you just look at it superficially. But what you found was—and this was an interesting number—as we reduce taxes, the businesses, those small businesses, then created more jobs because they had money to spend. They created more jobs, and the economy turns around. What happens is, we take in more revenue than we had before. But let me go in there. It’s the most pessimistic sense, what surprised me was this: If you added the cost of—supposedly the cost of the Bush tax cuts, and you added the cost of the wars in Iraq and Afghanistan together, that total dollar value was less than what we had lost by the recession and what the recession had cost the Federal Government in revenue. You see this gentleman, in Pennsylvania—and we do in Missouri, all the other States around the Union that have balanced budget amendments—and that is, when the recession comes, boy, the States are hurting. They have to really scramble because their revenues drop dramatically when we enter a recession. But that’s also true of the Federal Government. Our revenues drop tremendously.

So this formula of excessive government spending is the exact wrong thing to do. And what it does is, it turns a recession into a depression. That’s why these charts are going the way they are. This should be a warning sign that what we should not be doing is a whole lot more taxing on small business, yet it seems that every time you turn around, here comes another tax. We’ve got a lot of jobs, a lot of good hardworking people out there. Let’s take a look at just one other thing, and this will be something I would like to get your impression on because Pennsylvania is a good industrial State. You’ve got a lot of jobs, a lot of good hardworking people out there. It’s kind of a theoretical question. But does the government really create jobs? You know, on the surface, it seems like if the government takes the money and hires somebody to build a building or something, it seems like they have created a job, because somebody’s got to build the building, and they took some money, and they paid somebody, and the somebody did something.

So can the government really create jobs? What we find is that you’ve got to be careful. I just wanted you to talk about that a little bit, if you would like to, gentleman. Mr. THOMPSON of Pennsylvania. I would, and I appreciate that opportunity. The government cannot create jobs. Unemployment is now 10.2 percent. I would admit that I’m sure within that, even despite the bad unemployment, there are jobs that are temporarily subsidized by the Federal Government, even some of the projects that I originally thought would be good stimulus infrastructure projects. Well, those are not sustainable jobs. Those are just temporary jobs. Now only the government is subsidizing them. As soon as that subsidy goes away, as soon as the stimulus money is spent, those folk are laid off.

A job, as I define it, is a good family-sustaining job. That’s what I mean. That’s what I think. That grows, that not only grows but that is working in a business, mostly small businesses is my experience, that it is creating other new jobs. So this really has been fiscally irresponsible in terms of stimulus, in terms of unemployment. It hasn’t gone on for the right reasons. I think you and I are both supporters of a better plan. Now this is going back to when we were debating the stimulus originally, and the Republican alternative we had recognized that the true economic engine of this country is small businesses.

Mr. AKIN, Right.

Mr. THOMPSON of Pennsylvania. And we had proposals that were put on the table to ask the government to provide tax deductions of up to 20 percent for small businesses, benefits that went to businesses with 500 employees or less, which effectively employ a large majority of Americans throughout this Nation. They are economic engines that create prosperity, create new jobs and not jobs that will go away when government subsidies stop. These are jobs that are sustainable because they are based on real economics. They are employing people that are hard working American businesses. These are small businesses owned by individuals who are willing to make the sacrifices, take the risks to go after that.

Now as I travel around my district right now, I’ve talked with a number of people that I consider my heroes in terms of small businessmen and women, people who have started with nothing, but they’re willing to work hard to take that risk, and they had that American dream.

Mr. AKIN. Put everything on the line.

Mr. THOMPSON of Pennsylvania. Absolutely. And year after year, these
folks have been the ones that have gone out, and they've created new jobs every year by taking what they've invested, the return on their investment, and put it back into their small business. They reinvest there.

And that's what I can't believe how many of them I'm talking with right now that are sitting on the sidelines because they're afraid of what's been going on in this country since January. They're afraid of the deficit spending they've seen. They're afraid of the regulations we've seen. These are small businessmen—that most of them pay their taxes as a limited liability corporation or an S corporation. So they pay their taxes on their businesses through their personal income tax. These are the folks that my friends on the Democratic side of the aisle have been piling on in terms of new taxes, more taxes, claiming these are the rich, and they can afford to pay more taxes. Well, actually what these are are entrepreneurs, and when you pile on them, it forces them to sit on the sidelines.

Mr. AKIN. Just reclaiming my time, what you're talking about is the old proverb of killing the goose that lays a golden egg. You put the emphasis on the wrong—one part of the thing. It's a little bit tricky, because if you think about it, the government goes to hire somebody to build a highway. You say, Well, that's a good job. Somebody is building a highway. Well, it's true that for some period of time you put the emphasis on temporary—that job is there as long as we are taxing somebody to get the money in order to hire that guy. The way that economics works is that for every job, by taking taxpayers' money and creating a job with the government, what we do is we kill 2.2 jobs in the private sector.

So effectively, what you're doing is a very inefficient means of bleeding part of the sector that creates the real jobs and creating a temporarily a government job. My son is in Afghanistan. We have places where the Federal Government hires people. They're legitimate jobs that need to be done, but all of those things are balanced on the back of the private sector. If you get too greedy and you start to squeeze the private sector enough, not only do you make it sick, you can kill it. And that's what was done during the Great Depression. They started taxing those small businesses—put so many regulations on them that they killed them, and they went out of business.

And that's what's starting to happen, and that's what frightens me terribly about the approach that we've got here. As I started this evening, I talked about what are the things that destroy jobs, and you just intuitively—you are talking about the people of Pennsylvania and about the businesses you know, those courageous, quiet souls that go out and take the risks, not knowing whether they're going to end up sleeping under a park bench if their business goes out. They've put their whole life into it. They've invested in a new piece of equipment. And in the process, they create wealth and create jobs and stuff, those people. Well, what do we do if you really want to hurt them? Well, what we do is everything we've been doing for the last year. We've been doing out-of-control Federal spending on all kinds of wasteful things. For instance, that stimulus bill had billions of dollars for community organizers like ACORN. We had money in that bill to produce that Web site that created congressional districts that don't even exist, claiming the jobs were created. That's a waste of money. The next thing, as you properly pointed out, is that you start taxing people, not only for the stimulus bill, but you tax them on energy. So now this guy that's got a business, perhaps he uses a fair amount of energy, thinks, uh-oh, I'm going to have taxes on energy now. Then the issue that you properly pointed out is that you start creating this sense of fear and uncertainty. So now you've got red tape and more taxes and more taxes. The guy thinks, How in the world am I going to make a living with that? That's what's being done not just in Missouri and Pennsylvania, but it's being done by the Democrats because we're doing the wrong things. And it's not so complicated because other Presidents have shown the right way to go.

Let's just take a look at what we're doing just in the fiscal year. You started to list them off. First of all, there's the death tax, and there's their dividends and capital gains. Those are taxes that were cut by Bush back in 2001 and '03 in order to get those small businessmen up and going. So those have been cut temporarily, and now that's going to expire, and what have the Democrats told us? I yield.

Mr. THOMPSON of Pennsylvania. I think this week, tomorrow we're going to be voting on the estate tax here. Mr. AKIN. Death is a taxable event, the death tax. Mr. THOMPSON of Pennsylvania. The death tax.

Mr. AKIN. Death is a taxable event, is the way they want it to be. Mr. THOMPSON of Pennsylvania. It's not only a taxable event, but it's double taxation because all the money the government will be taxing has already been taxed at one time or another. Mr. AKIN. So you're going to sell the cows? Well, you're not going to be a dairy farmer. Are you going to sell off the acreage? You're not going to be a dairy farmer. Are you going to sell the tractor? You don't do that. You need the tractor. I think that just represents the plight of our farmers with that type of tax. There is nowhere to go. Mr. AKIN. Reclaiming my time, it's interesting you mention that. I have a nephew that worked on a dairy farm in upper New York State. What you mentioned, 80 cows. The number I recall then was about 90 cows, 90 to 100 cows. It's kind of the standard lot size. It's about how much one man can kind of operate with his family.

So if you all of a sudden have to sell half of that, even if you could—say you could sell half the cows, half the farm, half the equipment, the problem is that half of it doesn't work. It no longer works. So if with every generation, you've got to cut the business in half, and give half to the Federal Government, how in the world are we going to have jobs and a strong economy? It's just nuts.
had a couple years ago when we put it in place and it helped the economy get going.

Then on top of that, we’ve just spent $787 billion on that silly stimulus bill, $700 billion for the Wall Street bailout. And I believe talking about the biggest tax increase in the history of the country for global warming, an energy tax, along with tons of redtape that goes along with it, telling everybody in the country they’ve got to have an electrical outlet in their garage for their motorized car, whatever it is.

I mean, this is an awful lot of red-tape, regulations, and taxes, all with the effect it’s going to just kill those jobs. So there’s a reason why that red line is going up, isn’t there? Mr. THOMPSON of Pennsylvania. If the gentleman would yield.

Mr. AKIN. I yield.

Mr. THOMPSON of Pennsylvania. Certainly, we cannot forget the taxes from now on, so far as I’m aware.

Mr. AKIN. Of course that’s a couple of additional taxes on top of the small business men.

Mr. THOMPSON of Pennsylvania. Over $700 billion in taxes, much of that balanced on the backs of small businesses.

Mr. AKIN. So you’re telling the small business man now we’re going to tell you what kind of health insurance your employees need and you’re going to have to pay for it, and if you don’t do that, we’re going to fine you and you’re still going to tax you for it. And on top of that, that’s not quite enough to take out of your hide, we’re also going to put an additional 5-0.5 percent tax on top of any profits that you make in your business. So for sure you won’t be able to invest that money back into your business because we’re going to get that, too.

So on top of all of this, the redtape, the uncertainty, the lousy economy, tax after tax, now we’re going to hit them and tell them by the way, any employee you’ve got, you’re going to have to pay for their health care and we’re going to tax you heavily for that. What’s that going to make a small business men do? I yield.

Mr. THOMPSON of Pennsylvania. That’s a great point.

There was a headline in The Wall Street Journal just yesterday that said “Jobs Look as Stimulus Fades...” and I think that speaks to the original point that we’ve made that the stimulus is unsuccessful. It has failed.

I know the President is having a jobs summit tomorrow. I’m hoping, actually praying, that when he does that, that better minds prevail and he hears from people attending that summit the types of things that we’ve been talking about. And we have been talking about this since January because we know we’ve had this before. We have been talking about things such as cutting taxes for small businesses, of reducing the burdens that we put on those job creators. I mean, those are the types of things that we should be doing in terms of economic stimulus. And I know that our friends, the Democratic colleagues, are going to be looking at a stimulus two here, and my concern, my big fear is it’s going to another special interest, big spending bill that really isn’t about the jobs, but it will be in the name of jobs.

Mr. AKIN. Reclaiming my time. I appreciated your optimism. The President has declared that he’s going to have a meeting to get together and talk about the economy and everything, but I happen to know something about the invitation list. I don’t know who was invited, but I have a pretty good idea.

I know who was not invited. The U.S. Chamber of Commerce. They represent businesses and small business. They weren’t invited. The National Federation of Independent Business. These are all over. I assume you have them in Pennsylvania.

Mr. AKIN. Of course.

Mr. THOMPSON of Pennsylvania. Oh, yes.

Mr. AKIN. I have them in Missouri. These are coalitions of lots and lots of small businesses. You think they were invited? No, they’re not invited. Who is invited? All the people who got money under the first stimulus bill.

So, first of all, the whole idea of the stimulus bill is wrong economics. You’re not going to get the economy by spending more money. If getting the economy going by spending more money were how you did it, holy smokes, our economy would be red hot and on fire. We’ve been spending money like there’s no tomorrow. And the economy is not doing so well. Look at that unemployment line. Spending money is not the solution. Yet the idea of more stimulus, more stimulus, it’s just nuts.

Who was it, Einstein, that said if you keep doing the same thing and expect a different result, it’s insanity? We’re getting close.

I yield.

Mr. THOMPSON of Pennsylvania. There’s a two-part penalty to this. One is that we’re spending all this money, but this is not even money that we have. This is deficit spending. This is spending that we have to reach out to creditors and to take out loans. And who is our number one creditor? Who’s the number one entity that’s lending the economy money by not just spending; it’s deficit spending.

The last time I remember a situation like this specifically was back at the tail end of the President Carter years, and my wife and I were young. We had just married. We were looking to purchase that first home. And we weren’t making a whole lot of money, but it looked like, actually, as we looked around, that real estate wasn’t particularly very expensive, and the reason for that was because of the inflation and stagnation that was out there at that point in time. So we actually applied for a first-time homeowner’s loan from the State, and we thought we were in the money. We got that, and our interest rate was 14 percent.

Mr. AKIN. Fourteen percent.

Mr. THOMPSON of Pennsylvania. Fourteen percent. But that was a great interest rate, because at that point, inflation was commencing ending at 19 and 20 percent. But it was because of where we were in terms of high inflation and high unemployment, stagflation.

Mr. AKIN. Of course. The inflation is created by the Federal Government basically dumping more and more money into the money supply.

Mr. THOMPSON of Pennsylvania. Absolutely.

Mr. AKIN. I was just looking at a chart from 1960 up through this year, and you go along and it looks like a little saw tooth. It’s running along. It’s called M1, or the money supply, and last year we had a 10-times’ increase in the government’s release of that liquid and tax money, so far it’s failed. It’s inflation yet, but every time that people have done that in the past, sooner or later it comes around to bite you as inflation.

We were just talking about spending. Here’s kind of a chart of it. Here’s the stimulus, Wall Street bailout part two, and here’s the Stimmulus bill, and then there’s the SCHIP and then there’s the appropriations bill. There’s another bill. And then there are the other two that have not been passed yet, the cap- ital tax and the tax on health care. That’s estimates that as a trillion is being generous.

I think it’s helpful to compare a couple of things that are similar. As you recall, the Democrats were critical that Bush spent too much money. In fact, I was here some of those years. I voted against some things that the administration wanted because I thought it was too expensive. But let’s take President Bush’s biggest spending year.

This year they just calculated the numbers, and the spending is $1.4 trillion. That’s three times more spending in the first year than President Bush’s was in his worst year out of 8 years. Three times more. And it puts the level out that we have created not at 3.3 percent of GDP but at 9.9. So we’ve much more than tripled that ratio. It’s the highest it’s been since World War II because of this, because we just can’t seem to say no to spending. And that’s the formula to help with the jobs problem.

I yield.

Mr. THOMPSON of Pennsylvania. It’s almost like our Democratic colleagues look at it as a candy store and that there’s no end to it. It’s an endless supply. And I suspect that at some point where—I know that we’re probably coming up on the debt ceiling in terms of the amount of debt that we’re able
and allowed by law, by statute, to accumulate as a country. And I don’t know that exact total, but I believe it’s somewhere around $14 trillion, and the fact is that we are fast approaching that just after this past year.

It came here in January. Frankly, I think we were fiscally irresponsible in years past. I would be the first to admit that in terms of my party. And that’s one of the reasons I was motivated to come, because if we were running a household, we would not have had that debt that would not be self-amortizing within our means. And the Federal Government has not done that under the leadership of either party in years past and certainly this year with my Democratic colleagues in control.

The fact is that this is not a candy store, and in terms of raising that debt ceiling, I think that’s just providing a license for more and more deficit spending going forward into the future. And I would encourage all of my colleagues that we need to be bringing that debt down. We need to be working towards being debt free. That is fiscal responsibility. That is running this House the way we run our houses at home, and that is something that we need to restore. We have not had that for a very long time in this country, but I think that is something that we need to be committed to.

Mr. AKIN. You’re absolutely right.

"The reason that we’re getting off the wrong track here is just because of this whole liberal Democrat concept of economics. They’re trying to make two plus two equal five. They’re trying to basically repeal the law of economics.

If you and I in our household, if we thought, oh, we’re getting tight on money, we’re starting to have economic hard times in our family, so let’s go out and just run up a huge credit card bill and that will somehow make it better, people would lock us up. They would put us in little white suits and lock us away somewhere and say these people are crazy.

Mr. THOMPSON of Pennsylvania. And we did that. Unfortunately, that does happen in our Nation, and what happens is people experience bankruptcy. They ruin their lives by doing that.

Mr. AKIN. Right. Except in this case, when the Federal Government does it, we bankrupt the entire Nation.

Mr. THOMPSON of Pennsylvania. Correct.

Mr. AKIN. And one of the effects of the bankruptcy is unemployment, among other things, but it also is impoverishing everybody.

You can’t repeal the basic laws of supply and demand, and you cannot basically give away housing where people can’t afford to pay for it without expecting to have consequences. Kind of going back to the beginning of things, that’s what got us into this trouble not so many years ago.

Here’s something I think a lot of people aren’t aware of but we need to understand, how did we get into this problem? It was because of this idea that somehow we think that we are able to repeal the laws of economics.

This is September 11. It’s not 2001. This is September 11, 2003. It’s an article in The New York Times, not exactly a conservative source of information. And this is from the New York Times, it says: ‘‘The Bush administration today recommended the most significant regulatory overhaul in the housing finance industry since the savings and loan crisis a decade ago. Let’s go back to what the New York Times is. This is bad President Bush’s saying that we need to have a significant regulatory overhaul in housing finance and the strongest thing since the savings and loan crisis.’’

And I want everyone, Mr. Speaker, to understand the issues that we have taken up here as a Democratic Congress. And this is all with the understanding that we know that the unemployment rate is too high, there are too many people out of work. There is a lot more work to be done.

But if you look at the previous 8 years prior to President Obama, you will see an administration that completely caved to Wall Street and Big Business in the United States of America, push globalization, not enforce our trade laws—all with a rubber stamp from the Republican Congress.

And then all of a sudden in 2008, 2009 the bottom falls out. Wall Street collapses. We see the stock market collapse, credit locks up. On and on and on. And our friends on the other side act like that just happened by happenstance.

We bring now, in order to try to address those issues, we have to make some very difficult decisions as a country and come together as a country. And we get people ignoring the previous 8 years, when anybody who is being realistic can see how we got here.

And all we want to do now is have a conversation about how we move forward and how we use this and see this as an opportunity to address one of the major structural changes that we have in the United States of America. And there are two major ones in our economy that have been like an albatross around the necks of small businesses people all over our country and big businesses all over our country, and that is health care and that is energy.

And so this Congress has stepped up to address two of those major problems without a lick of help from the Republicans, not a lick of help. And at the end of the day, they’re going to see the wrong side of history, like they were for Social Security and Medicare and civil rights and a lot of the other major issues that really gave us things to be proud of in this country.

And so as we move forward with the House bill on health care—and now the Senate is opening up debate and having debate on the health care bill—we are trying to address the concerns of the American people.

I want everyone, Mr. Speaker, to understand the issues that we have taken up here as a Democratic Congress. And this is all with the understanding that we know that the unemployment rate is too high, there are too many people out of work. There is a lot more work to be done.

But if you look at the previous 8 years prior to President Obama, you will see an administration that completely caved to Wall Street and Big Business in the United States of America, push globalization, not whether it was immigration laws, whether it was health care, whether it was energy. You could bet your bottom
dollar that President Bush was on the side of Big Insurance, Big Pharmaceutical, Big Oil, Big Agricultural, right down the line.

And when we came in as Democrats, we began to change that. And all you have to do is—you say you can judge someone by their friends. And the Democratic Party took on the Big Oil interests. The Democratic Party is taking on the insurance industry. The Democratic Party is the one party getting the banks out of the student loan business, because that’s what’s at stake. And that’s what set over the last 8 years are on their way out the door. And President Obama got stuck with a heck of a mess, there is no question. A heck of a mess.

But in America, we have to live in reality. I know some people on the other side may not necessarily agree with that or like that, which is fine. But we are the majority party, and we have to deal with reality without illusions and deal with reality that is at hand.

And here are the facts: if we do absolutely nothing with health care, the average family of four next year will have an $1,800 increase, $1,800. And then the following year it will be another $1,800. And in the next year it will be another $1,800. That’s reality. Everyone is agreeing on that.

If we do nothing, human beings, American citizens in this country, will continue to get denied coverage by insurance companies because they have a preexisting condition. That preexisting condition could be you were involved in a domestic violence situation; that preexisting condition could be infertility, or as we even heard, spousal infertility. You’re denied. Diabetes. Cancer. That’s if we do nothing. If we do nothing, just in my congressional district in northeast Ohio we will have 1,700 families go bankrupt next year because of health care costs—if we do nothing. And on and on and right down the line. An inhumane, costly, expensive, inefficient health care system.

And so we chose to take on the big fight. We chose to make a human decision to say this problem needs to be fixed, it needs to be addressed, and we know it’s politically risky but we know we’re going to do it because there are too many people in the country, Mr. Speaker, who need us to act and not sit on the sidelines where it is safe.

And when we do it, we could have just said, You know what? We’re going to play it safe. We’re not going to do anything that’s going to upset anybody or get FOX News riled up or Rush Limbaugh or Clear Channel, the right wing talk radios. We’re just going to play it safe. But at the end of the day, history would not be very good to us because they would have said, What did they do in Washington, D.C., when this decision, these hard decisions needed to be made 10 years ago?

And our kids and our grandkids would say, Jeez, Mom. Jeez, Dad, you were in Congress during the very difficult time. We needed some big decisions to be made. What did you do when you were there? And you can look proudly at your kids and say to them, I did nothing. I played it safe. I sat on my hands because I wanted to get re-elected or I was afraid that Rush Limbaugh would make fun of me.

The reforms coming out of this House of Representatives—as I have said when I am back home in Youngstown, Ohio; in Niles, Ohio; in Warren, Ohio; in Ravenna; in Kent and Portage County; Akron; these reforms are for American people who have struggled and fought and got zero wage increases over the last 30 years, who’ve got to haggle with the insurance company, get denied, get ignored while they’re on their death bed, lose their job, lose their pension. That’s wrong, Mr. Speaker. Wrong. And we’re going to do something about it.

So let’s just take what happens when health care reform passes. There will be some time until the exchange gets set up. But that, you know, there’s a public option and what it looks like. That may take a couple of years. But immediately what happens is that no longer in America will you get denied coverage because of a preexisting condition. That’s the first thing. Then, a son or daughter, who is under the age of 27 years old, they can stay on your health care insurance. So all of those young people in their early and mid-20s who can’t get health insurance or can’t afford health insurance, they can stay on their parents’ health insurance. That gets implemented immediately.

If you have a health care catastrophe in your family—and being a Member of Congress, we get these calls, and we are out in the public and we meet these people at the fairs, at the festivals, at the bowling alley, at the bingo halls, at the civic events—there will be a cap on how much you can pay out of pocket per year on health care costs so that when we pay our taxes to the United States of America, that’s going bankrupt because they had a health care catastrophe. And all of our friends on the other side of the aisle who talk about “values” get together through our insurance industry in the United States of America unless we do what the people have always done when we needed to address a big problem in this country, and that is join together through our elected officials who we send to Washington to help us.

We need to ask them to get together and solve this problem, and that is what is happening. And we see the insurance industry and the extreme right wing of the Republican Party, the neconservatives, continue to be offended. Nobody here wants to hurt anybody. Nobody here wants to destroy America. We are here to help, and we are here to address these problems collectively as a country.

We have people on the other side of the aisle, because Rush Limbaugh says they shouldn’t, they won’t even work with us. Getting rid of preexisting conditions, letting people be on their parents’ insurance until they are 27, limiting how much out-of-pocket you can spend, making sure that they can’t knock you off the rolls if you have any extension of the role of government in any area. But there is nothing left to implement, the insurance industry in the United States of America.
be $1.50 more because of the subsidies that the American taxpayer has paid to provide the security of these ships going in and out of the Persian Gulf. Now in addition to that, subsidies for oil companies, tax credits and tax cuts to go and continue to drill, so complete subsidizing Big Oil and the oil economy. And what Democrats have said is, how do we put together an energy policy that will take some of the $750 billion of our money going out of the United States and out of our country, how do we direct it back into the United States, and at the same time reduce CO2 and at the same time resuscitate manufacturing in the United States of America through our windmills, through our solar panels, using natural gas that is here in the United States.

We don't have the kind of oil that some of these other countries do. And why do we prop up these dictators and these royal families who have no concern for our well-being, when we can use the need for energy and make it work for us and put together a system and a national policy that is pro-American. There is not a bigger, more patriotic piece of legislation in the United States of America's House of Representatives right now than the energy bill that passed this House. What kind of national security plan is it for us to continue to send money that goes to these kinds of fund terrorist organizations that don't like us when we could be putting steel workers to work making the 400 tons of steel that go in the windmills or resuscitate manufacturing in the United States of America by making sure that our people manufacture the 8,000 component parts that go into a windmill. To me that makes a good deal of sense.

And both of these issues in the long term are jobs programs. Does anybody have a Mr. Speaker, how do you stimulate manufacturing in the United States? I can't think of one. We have tried to cut taxes on the top 1 percent and hope something trickles down, and that means they will invest back in America and will create jobs in the United States. That didn't work. It did not work. The Republicans had the House, the Senate, the White House. They implemented the whole George Bush economic policy, and it didn't work.

I know our friends like to be critical of the stimulus bill, but in January we lost 750,000 jobs. Now we are still losing a couple hundred thousand jobs a month, but it is not quite as bad. We are trending in the right direction, and we do need to put together a jobs program. We do need to invest in the transportation and put thousands and thousands of people to work. We need to do that. We need to make those investments. There is no question about it. And we get back to a stable, balanced, prudent, wise, economic policy and tax policy here in the United States.

The old Keynesian economic theory that asked some of the wealthiest people in our country to pay a little more in the good times, cut taxes in the bad times and increase social spending to stimulate the economy and smooth out these rough edges, worked for a long time. We are in the construction of a great middle class, balanced investments in education and transportation and roads and bridges. It is time for us to get back to that. In the 17th Congressional District, we are putting together what is a very smart, balanced, economic policy locally where we are making the proper investments and laying the proper groundwork. What we are trying to do locally is to line up with where the national policy and the national trends are going. You had to be sleeping if you can't tell that the world is moving towards green technology, green energy. The hedge funds, the big money people are all moving there. The scientists, the engineers, all moving in that direction. All of the research moving in that direction.

And so there is health care reform and what that will do for our local economy and for our community, and there is energy. And if you see a great coach start to build your program, whether it is college football or basketball or college where you can start a game or start rebuilding your program, whether it is college football or basketball or the NBA or whatever the case may be, where you see a great coach start to implement the plan and you don't necessarily start winning all of the games right away. You saw it with Bill Walsh in San Francisco, and you see it with the Patriots and the Steelers. It doesn't always start off with the Super Bowl. And for the Browns, Mr. Speaker, it has been a rough road, but we are starting to get back to a difficult time to have been a Cleveland Browns fan. But the bottom line here is we are in a rebuilding process. We are laying the groundwork. We are making the fundamental decisions necessary to allow for long-term economic growth.

When you look at health care and 30 million more people that are going to have health insurance, we are going to need docs, we are going to need nurses. There is going to be a total reinvigoration of health care information technology.

Just, for example, I was at the National College a few days ago in Youngstown, Ohio. They have programs primarily in health, health information technology and some business entrepreneur classes. The college opened up with 50 people. It now has 850 kids from Youngstown and Campbell and Struthers and Warren going to this college to learn health information technology.

Now here we have people, young and middle-aged, looking at where the economy is going and what they need to be thinking about. And we have the investment in health information technology in the stimulus bill, the investment that we will be making in health care by making sure that everybody is covered and coordinating all of these different systems, is going to be an opportunity for many of these young kids who are doing what we asked them to do: Go to school and get educated and do the right thing, and you will be rewarded.

And so in 10 years, Mr. Speaker, in 2019, we will look back on these decisions that have been made in this Congress and we will see that we have eliminated a lot of human suffering because of what we have done with the health care system. We will see that we have reduced in costs for the insurance companies, and that has allowed small businesses to reinvest back into their own companies and give pay increases to their workers as opposed to covering all of the health care increases. We will see there where the compassion government can exist to advocate on their behalf.

A lot of people say, I am afraid of the government. It is not the government you need to be afraid of; it is the Big Oil companies you need to be afraid of. It is the big insurance company you need to be afraid of. It is the Big Oil companies you need to be afraid of. And we are taking them on. Ten years from now, it is going to be looked back upon as one of the turning points in our Nation's history, like Medicare and civil rights, and like a lot of the great programs that have been established to help our people. Average Americans are getting represented in this government.

We will look back on our energy policies, and we will see that we have reduced our dependency on foreign oil. We have given people hope. We have re-established America as an innovative leader in the world, and it will help our health care reform and lift up the middle class because we need to start making things again in the United States. We need to start making things again. And with windmills and wind turbines, these are things we can't ship in from China. We have to make them here. We are, and it is going to put middle class people back to work. So those two major issues are going to unleash the creativity needed, the American spirit needed, the American independence needed.

I am proud of what is happening here. I am proud of what is happening in the United States. I know it is difficult. I know it is tough. I know it is noisy.
Mr. Speaker, but these things are happening for us in the United States. When it is all said and done and that parent goes to get health insurance, or some young person goes to get health insurance, and they call the insurance company, and they have diabetes or cancer, and the insurance company cannot deny them.

Their parents are going to say, Did you know there was a day 5 years ago where you would have gotten denied coverage? And 20 or 30 years from now, our kids will say, You’ve got to be kidding me. That really happened in America? And we look back on the civil rights movement today. Our generation says, You’ve got to be kidding me. White people and black people weren’t allowed to drink out of the same water fountain?

That’s how we’re going to look back. Did we really as a country do that? And it is shameful that that happened in this country. Those are the same exact feelings and sentiments that we are going to have here in the United States years from now. And we will say, Did we really deny people health care? We really had people die because they couldn’t afford health care when the treatment was available and the technology was available? We really let that happen?

This is a turning point in our country’s history, and I’m proud to be a part of it.

HONORING THE GENEROSITY AND COMMUNITY SERVICE OF JERRY LONG

(Ms. FOXX asked and was given permission to address the House for 1 minute.)

Ms. FOXX. Mr. Speaker, I rise today to praise the generosity and community work of my friend, Jerry Long. Today, Jerry is being honored for his generous philanthropy back in North Carolina as the West Forsyth Family YMCA officially changes its name to the Jerry Long Family YMCA.

This honor comes to Jerry thanks to his tireless work as a community leader. He is someone who understands that making a positive difference in your community and helping your neighbors can start with the hard work and dedication of just one person.

His example of serving his community is inspiring, and this renaming is a much deserved honor. Congratulations to Jerry and his family, and thank you for your many years of giving back to Forsyth County and the communities there.

IMMIGRATION

The SPEAKER pro tempore. Under the Speaker’s announced policy of January 6, 2009, the gentleman from Iowa (Mr. KING) is recognized for 60 minutes.

Mr. KING of Iowa. Mr. Speaker, I’m privileged and honored to be recognized to address you here on the floor of the House of Representatives, and I appreciate the opportunity to, I think, help enlighten you and the Members that are listening in and anyone who might be observing this process that we have in the House of Representatives.

In this society, there is a limited amount of time that we can debate here on the floor. And as things churn through, sometimes we don’t come back and revisit subject matter, but I think it’s necessary to establish the perspective that fits into the broader picture.

The perspective that I intend to address tonight is the perspective of immigration, and that debate has gone on in this country for a number of years. It was brought up by Pat Buchanan as a candidate for President back in the 1990s. He said he would hold congressional hearings on immigration if he were elected President of the United States. He did a lot to help galvanize this immigration debate and bring the issues that are important to this country to the forefront. And since that time, people like Tom Tancredo, and probably before that time, actually, came to this floor and raised the issue of immigration and the rule of law over and over again.

Eventually, the American people began to look at the circumstances of millions of people that are in the United States illegally, their impact on our economy, this society, and this culture.

As intense as this debate got in 2006 and 2007, it got so intense, Mr. Speaker, that as the Senate began to move on a comprehensive amnesty bill that was bipartisan in its nature, however weak it was in its rationale, it had the support of the President of the United States at that time, George W. Bush, and it had the support of leaders of the Democrat and the Republican Party in the United States Senate, and as well as the American people who are in here in the House of Representatives, Mr. Speaker. And yet the American people rejected the idea of amnesty in any form, whether it be comprehensive amnesty that was proposed and then the nuances that they tried to bring through or whether it would just be blanket amnesty.

Well, here we are again, Mr. Speaker. Here we are again with a transformational issue that is slowly being brought up by the American people, and I’m here to say, let’s pay attention. My red flag is up, and I have watched the transition of issues that have unfolded since, actually for years, but intensively unfolded since the beginning of the Obama Presidency.

And these issues unfolded in this fashion, and perhaps I’ll go back and revisit them in some more detail. But the American people did go to the polls a year ago last November and sustained majorities and actually expanded majorities for Democrats in the United States Senate and in here in the U.S. House of Representatives, and they elected a President who fit their mold as a party member, a Democrat, a very liberal Democrat. In fact, President Obama, in the short time that he served in the United States Senate, had the most liberal voting record out of all 100 U.S. Senators. So they elected, I think, it’s not even close to arguable, the people in the United States elected the most liberal President in the history of this country.

And while there wasn’t a legitimate debate in the Presidential race that had to do with immigration, because neither candidate really wanted to touch the issue, they knew that they were at odds with the American people on immigration. John McCain knew that, and he didn’t bring up the subject after the nomination, at least not in a substantial way. I couldn’t say that it never happened. And Barack Obama knew the same thing and didn’t bring immigration up in a substantial way during the Presidential campaign after the nominations.

And so this Nation went forward with discussions about national security, about economic development, discussions about energy, but not discussions about immigration. Here we are today, a year and a month after President Obama was elected and we have seen these big issues come through this Congress. And here is the sequence of events, Mr. Speaker, that has taken place, and I invite anybody to challenge me on the facts of these, but it is this sequence of events.

During the Bush administration, we had the beginning of the first call for TARP funding. That was the beginning request that began by my mental marker here, chronologically, September 19, 2008, when Secretary of the Treasury at the time, Henry Paulson, came to this Capitol and asked for $700 billion. All of it. Of course, would be borrowed money. All of it would have to be paid back, and the interest on it, and the taxpayers and their grandchildren, presuming we would be able to retire our national debt in that period of time. Or it might take more generations, Mr. Speaker. $700 billion in TARP, this Congress approved half of it then, and I believe that it was actually into October, the early part of October 2008, delayed the other half, the other $350 billion to be approved by a Congress to be elected later and signed into law by a President.

This Nation went forward with a resolution of that swept through in a period of time.

And while there wasn’t a legitimate debate in the Presidential race that had to do with immigration, because neither candidate really wanted to touch the issue, they knew that they were at odds with the American people on immigration. John McCain knew that, and he didn’t bring up the subject after the nomination, at least not in a substantial way. I couldn’t say that it never happened. This Nation went forward with a resolution of that swept through in a period of time.
time of approximately 1 year. And at the
tail end, framing the nationaliza-
tion of those eight huge entities that
represent about one-third of the pri-
vate sector profits in the United
States, framed on the other end of that
national effort on the part of the
White House and their friends, was
reported that, was a $787 billion eco-
nomic stimulus plan. All of this just
raced us towards the nationalization
of an economy, the socialization of our
economy. Mr. Speaker.

The American people looked at that,
and it went so fast that they didn’t be-
lieve they had the expertise. They
trusted Wall Street. They trusted Big
Business in America, and they be-
lieved, as I did for a time in my adult
life, that Wall Street was looking out
for the foundations of free-enterprise
capitalism so that over the long term
they could continue to do business in
a free-market environment to be able to
buy, sell, trade, and make legitimate
gains on their wealth. It was rooted in
the productivity increase of the
American workers and the Amer-
ican economy. Well, it didn’t turn out
to be necessarily the case that clearly.

But that activity was unfolding, $700 bil-
lion in TARP, that eight huge national
entities of the private sector that were
nationalized by the Federal Govern-
ment, and the $787 billion economic
stimulus plan, all of that came at the
American people faster than they could
react and faster than they could un-
derstand. And they were not simple
enough in the foundational under-
standing of them that the American
people could look at that, describe it
in a bumper sticker and mobilize. It took
too long to understand them. It took
long to explain. It was harder for the
American people to get caught up, and
it was hard for Members of Congress in
the same fashion to understand the nu-
ces and the details with the level of
certainty necessary to rise up and
say, Hold it. That’s it. We’ve got to
stop. We cannot race down this path
and leap off the abyss into the social-
ized economy. But that is where we
have gone, Mr. Speaker.

The American people started to catch
up when they saw cap-and-trade being
pushed through this Congress. The cap-
and-tax legislation that taxes every bit
of energy in America and transfers
wealth from one group of people in
America to another group upon whom
they understood that. It came so fast they
couldn’t get mobilized very much.

Meanwhile, while this was going on,
organizations across America were
spontaneously growing up out of the
prairie, out of the mountains, out of
the western States and off the east
coast. People that love this Constitu-
tion, love fiscal responsibility and free-
market capitalism have risen up, and
they have carried their flags into city
after city, and they have jammed the
capitals of the States, and they have
jammed the lives of the people and the
States and the counties and the cities
in this United States Capital. And when you look out across that sea
of people, you will see represented
there, Mr. Speaker, American flags, one
after another after another, patri-
tic Americans, any one of which I
would expect to see at my own church
picnic. And among those American
flags, you will see yellow “Don’t tread
on me” flags. These are the Americans
that realize that what is also political
power as well as an economic greed in
this country.

All of that has taken place. The
American people have mobilized. By
the end of July of 2009, this year, they
had seen all of this come to pass, and
they saw cap-and-trade, or cap-and-tax,
pass off the floor of the House of Rep-
resentatives and a hurry-up rush to judg-
ment, a proposal and a model that
cannot be sustained, debated, or argued
in any logical fashion that has to do
with economics, and neither can the
science be defended, especially in light
of the emails that have been dumped
onto the Internet in the last week or
two.

And we’ve seen at least one resigna-
tion, Phil Jones, one of the scientists
promoting the climate change argu-
ment. The change actually went from
the words “global warming” to the
phrase “climate change,” because obvi-
ously they can’t show the warming of
the globe over the last decade in the
fashion that they predicted at least.

All of this happened and we saw town
hall meetings fill up across America
during the month of August and early
September. Hundreds and hundreds of
town hall meetings. Hundreds of thou-
sands of Americans came up and filled
those town hall meetings, and they
filled up the public squares, and they
stepped up and resisted the idea of a
government-run health care system of
socialized medicine in America.

Now the American people are start-
ing to get some traction. They can see
the pattern. They voted for change.
They didn’t know what the change was,
Madam Speaker. And now they have a
pretty good idea of that change that
has been in store for us, and they reject
it. It’s why they filled up the Capital
and filled up the town hall meetings.

But what we’ve seen so far is this in-
tensity, this resistance to cap-and-tax,
this resistance to a national health
care act, the resistance that brought
somewhere between 20,000 and 60,000
people here to this Capital to be out-
side this west side of the Capitol on
the Thursday before the final vote. And
some of those people that came here on
Thursday got on a plane and flew back
to their hometown, landed, and they
saw that they had a request to come
back to the Capitol to do this again on
Saturday, to do our very level best to
dump out all of our energy to kill this
socialized medicine bill.

2015

That’s the American people mobi-
lized, Madam Speaker. The American
people have contributed people to come
to the United States and become Americans.
We have a unique vitality, Madam
Speaker. It’s rooted in a lot of things.
It’s rooted in the pillars of American
exceptionalism. Among them are free
enterprise, capitalism and property rights and free-
dom of speech, religion, assembly and
the press and the right to keep and
bear arms; and also, the right to be
judged by a jury of your peers.

And the rule of law, Madam Speaker.
The rule of law says that if you are
judged, and I said this to that group of
newly naturalized Americans in Sioux
City that day, some week and a half or
two after city, and they have jammed the
capitals of the States, and they have
jammed this United States Capital.

Mr. Speaker, American flags, you will see this
city just a few weeks ago to resist
socialized medicine. They came from
every single State, including Alaska
and Hawaii. And that mobilization of
the American people that are deter-
mined to defend this country and the
values that made this a great Nation is
only a smaller part of the energy that’s
out there if this President, this major-
ty, and this Congress, this Pelosi
majority and the Harry Reid majority
down the hallway through the center
of the Capitol in the United States Sen-
ate, if they decide they want to try to
pass comprehensive amnesty to over-
haul the immigration laws in the
United States of America, rather than
enforcing them, we’ve seen nothing yet
so far this year to what we will see if
they try to bring amnesty and force
that down the throats of the American
people.

The lines have been drawn. The
American patriots have stepped up.
They understand what’s going on. This
is about the rule of law. At the core of
the argument on the part of the
American people to get caught up, and
it was hard for Members of Congress in
the same fashion to understand the nu-
ces and the details with the level of
confidence necessary to rise up and
say, Hold it. That’s it. We’ve got to
stop. We cannot race down this path
and leap off the abyss into the social-
ized economy. But that is where we
have gone, Mr. Speaker.

The American people have mobilized.
They have seen this and gotten
mobilized very much.

Meanwhile, while this was going on,
organizations across America were
spontaneously growing up out of the
prairie, out of the mountains, out of
the western States and off the east
coast. People that love this Constitu-
tion, love fiscal responsibility and free-
market capitalism have risen up, and
they have carried their flags into city
after city, and they have jammed the
capitals of the States, and they have
jammed this United States Capital.

And when you look out across that sea
of people, you will see represented
the vitality that we have got-
ten to build this dream for
this American dream, because when
we get families, we get people,
they will build this dream for
others. The vitality that we have
gotten from every donor nation is the
cream of the crop off of every donor
civilization. It’s one of the things
about being an American that’s unique.
We’re not just an appendage of Western
Europe or the other countries that
have contributed people to come to
the United States and become Americans.
We have a unique vitality, Madam
Speaker. It’s rooted in a lot of things.

It was on the first day of this Thurs-
day morning, I went home over
Thanksgiving vacation, I arrived
early on a Friday morning and I went to Sioux
City. One of the things I did that day
was to go to a naturalization ceremony
at the Federal building in Sioux City. I
have spoken to the naturalized groups
there a number of times. There were 37
new Americans that took the oath of
allegiance to the United States on that
day. They were from 11 different coun-
tries that I counted, perhaps a couple
of more. These are people that today
are as much an American citizen as the
residents of 1600 Pennsylvania Avenue,
or the residents in my house. I wel-
come the legal immigrants that come
into America, that follow the law, that
come here, lawfully, to have access to
this American dream, because when
they do, they will look for
freedom for others. The vitality that we have
gotten from every donor nation is the
cream of the crop off of every donor
civilization. It’s one of the things
about being an American that’s unique.

We’re not just an appendage of Western
Europe or the other countries that
have contributed people to come to
the United States and become Americans.
We have a unique vitality, Madam
Speaker. It’s rooted in a lot of things.

you get if you're the poorest man in America. If Bill Gates comes before that court, before the Federal court in Sioux City, Iowa, he'll be judged on the same standard as the poorest person in that room that day, or the poorest person in that room who is processed for voluntary return, or anyone who's been processed for violating our immigration laws, for that matter, those that are processed for voluntary return.

And so I asked this question, How many times do you pick up a unique individual? What's the maximum? And we go back and look at the data. Anecdotally it goes to 37 or 38 times for one single individual that's been picked up and brought to the same station, printed, photographed; and then what happens? Oh, and by the way, Madam Speaker, the process is this: Border patrol picks them up, and when they're able, they say, interdict one or more individuals, then they call the contractor. A contractor who has a van and a couple of uniformed officers. The van is set up for security so they can haul inmates or those individuals in the van. The van comes, picks them up and two of these people that look like officers, I guess you'll say they are officers, they load up the one or more illegals that have been interdicted by the border patrol, they take them up to the station where they walk in, they have their little plastic bag with their personal items in it. They sit down and they screenshot, fingerprinted, they get their pictures taken and then they put them in one of four different holding cells, and if they'll do a voluntary return, then they pick them up, it might be the same officers, it often is the same officers, that will take these illegals and haul them down to the border, turn the van sideways, open up the side door and they get out the side of the van and they're back into Mexico. The door gets closed on the van. This time I was watching, they squeeled their tires as they turned around and went back to get another load.

The things that I saw in front of my eyes were not catch and release into the United States, but catch near the border and release at the border and direct them to go back to Mexico. No further questions asked. We just have your prints and we have your digital photograph of each individual, and say, say, 37 to 38 times a unique individual—when I go back and look at the data, the data supports numbers that go up to 38 times that we process the same individual. That's part of the records. What kind of a law enforcement, what kind of a rule of law would establish the law that says that it's illegal to come into the United States and violate our immigration laws, and then pick people up, run them through the process, and drop them back off at the boarding area again, in the condition they were in and very close to the place they were in before they broke the law and not at least have a limit? Voluntary return 28 times, no consequences?

So I asked those questions: What do you do when you have these numbers that run up, even a second time, even a first time? I'd say zero tolerance. Let's use the resources down there and have zero tolerance; punish everybody to the maximum extent of the law and see what kind of a deterrent effect we can establish. That's not the case. And when they sometimes have moved people up and down for expedited removal and tried to get them a stiff sentence to punish them, at least in one case, the judge released the individual for time served.

What a demoralizing exercise to go to work every day, put on the uniform of the border patrol and go out and pick up individuals; you catch them and a contractor hauls them, they're processed through the station and hauled back to the border where they go back to Mexico to be caught again, around and around and around an ever-ending circle, and we call that enforcement of immigration law.

But at least, Madam Speaker, we have immigration law. At least it's against the law to come into the United States and violate the rules and standards that we have; and at least we have penalties that we can impose against the people that do. But we're here in a Congress that looks like it has the will to start this idea again, this comprehensive amnesty argument again, that if people can get into the United States and they express that they want to stay here, that we should just say, We'll give you amnesty and we'll give you a path to citizenship because we don't have the will to enforce the law.

And this argument, this specious, baseless argument that's been made by this side of the aisle over and over again, and by some on this side of the aisle too, Madam Speaker, some of the very same Americans, legal workers in America, who is being processed for a voluntary return. And we asked the question, How often is it the case that an illegal worker is picked up and they go through the process and they get a stiff sentence? And they have a stiff sentence and then they break the law again, and by some on this side of the aisle over and over again, a baseless argument that's been made by those that are processed for voluntary return.

And so I asked this question: What kind of a deterrent effect can we establish. And we tried to get them a stiff sentence to punish them, at least in one case, the judge released the individual for time served.

What a demoralizing exercise to go to work every day, put on the uniform of the border patrol and go out and pick up individuals; you catch them and a contractor hauls them, they're processed through the station and hauled back to the border where they go back to Mexico to be caught again, around and around and around an ever-ending circle, and we call that enforcement of immigration law.

But at least, Madam Speaker, we have immigration law. At least it's against the law to come into the United States and violate the rules and standards that we have; and at least we have penalties that we can impose against the people that do. But we're here in a Congress that looks like it has the will to start this idea again, this comprehensive amnesty argument again, that if people can get into the United States and they express that they want to stay here, that we should just say, We'll give you amnesty and we'll give you a path to citizenship because we don't have the will to enforce the law.

And this argument, this specious, baseless argument that's been made by this side of the aisle over and over again, and by some on this side of the aisle too, Madam Speaker, that some Americans, legal workers in America, who have some data now that's more compelling than anything we've seen in the last couple of years, that more than a year old since we've been accumulating, fingerprinting and taking a digital photograph of each individual that we take in, fingerprinting, taking your prints and we have your digital photograph of each individual, and say, say, 37 to 38 times a unique individual—when I go back and look at the data, the data supports numbers that go up to 38 times that we process the same individual. That's part of the records. What kind of a law enforcement, what kind of a rule of law would establish the law that says that it's illegal to come into the United States and violate our immigration laws, and then pick people up, run them through the process, and drop them back off at the boarding area again, in the condition they were in and very close to the place they were in before they broke the law and not at least have a limit? Voluntary return 28 times, no consequences?

But we're here in a Congress that looks like it has the will to start this idea again, this comprehensive amnesty argument again, that if people can get into the United States and they express that they want to stay here, that we should just say, We'll give you amnesty and we'll give you a path to citizenship because we don't have the will to enforce the law.

And this argument, this specious, baseless argument that's been made by this side of the aisle over and over again, and by some on this side of the aisle too, Madam Speaker, that some Americans, legal workers in America, who have some data now that's more compelling than anything we've seen in the last couple of years, that more than a year old since we've been accumulating, fingerprinting and taking a digital photograph of each individual that we take in, fingerprinting, taking your prints and we have your digital photograph of each individual, and say, say, 37 to 38 times a unique individual—when I go back and look at the data, the data supports numbers that go up to 38 times that we process the same individual. That's part of the records. What kind of a law enforcement, what kind of a rule of law would establish the law that says that it's illegal to come into the United States and violate our immigration laws, and then pick people up, run them through the process, and drop them back off at the boarding area again, in the condition they were in and very close to the place they were in before they broke the law and not at least
job that Americans won’t do, let me de-
scribe to you the most difficult job
there is. The most dangerous, the dirti-
est, the most stressful, the riskiest,
hottest, dustiest, dirtiest, nastiest job
to do is rooting terrorists out of places
like Fallujah or Karbala or Ramadi, or
Iraq, and the most dangerous job in
Afghanistan, for example. That’s the
most difficult job there is. It’s the
most dangerous. It’s the dirtiest. You
don’t get to take a shower every day
and sit down and take a coffee break
when the bullets are flying or the IEDs
are being detonated.
And what do we pay Americans to
do that? The lowest ranking marines—a
couple of years ago I checked the num-
ber—about $8.09 an hour; presuming it
is a 40-hour week, and it’s not. Can you
look those people in the eye that are
defending our safety and our security,
Madam Speaker, and say to them,
There are jobs Americans won’t do?
That marine, that soldier, he’s going to
look at you and he’s going to wonder, well, what’s
dirtier or more dangerous, what’s nastier than this job that I’m doing for
the love of my country? For the love of
my country and $8.09 an hour? And we
have to take this insult that there’s
jobs that Americans don’t do?
Americans do every job. I look at my
family. I look at my neighbors. It’s
hard to come up with a job that we
haven’t done. That includes processing
meat. I’ve done a fair amount of it my-
self. But if I look at the meat process-
ing plant around my neighborhood, 25
years ago, at about that era of time, if
you wanted to get a job in the packing
plant around my neighborhood, you
had to know somebody to get in. These
weren’t union jobs, but you had to know
somebody to get a job like that be-
cause they paid well. The benefits
were competitive with anywhere else. I
watched people grow up and maneuver
and position themselves to go through
school and get out of school so they
could get on the line at the packing
plant, just the way a lot of miners
got in line to go down and mine
some coal or steelworkers lined up at
the mill and generation after genera-
tion went to work at the steel mill.
These are proud jobs, and there’s dig-
ity in every kind of work that’s nec-
-essary to be done.
□ 2030
But at the time, 25 or 30 years ago,
you had to know somebody to get a job
to work in the packing plant, and the
job paid about the same as a school
teacher made then. Today, that same
job is usually held by someone whom
we suspect is illegal, and it pays about
half of what a teacher is making.
So what we’ve seen is we’ve seen an
oversupply of labor that has poured
into these jobs because people can go in
and do these jobs without being par-
ticularly literate or particularly edu-
cated. You can do it without being
particularly ambitious.
And so the young American that
grew up that really only wanted to go
and do his or 40 or 45 hours a week and go
work in the plant and punch the clock
and come home and raise his kids
and play ball and take them fishing
and modestly pay for a modest house
and give an opportunity for his children
and focus his life on other things other
than always career advancement, that
opportunity is nearly gone in America
today because we have an oversupply of
labor that’s willing to work cheap and
they can compete in these jobs because
they don’t have the love of my country
for $8.09 an hour. And we have
to take this insult that what we have out
there, I can’t draw a distinction very
much between what is going on
between the years of Larry Summers,
whether you want to mine some gold or
peanuts, all of these things add to
good. They’re not essential. They’re
dirty. You make us feel important
when the bullets are flying or the IEDs
are being detonated.
And what do we pay Americans to
do that? The lowest ranking marines—a
couple of years ago I checked the num-
ber—about $8.09 an hour; presuming it
is a 40-hour week, and it’s not. Can you
look those people in the eye that are
defending our safety and our security,
Madam Speaker, and say to them,
There are jobs Americans won’t do? That
marine, that soldier, he’s going to
look at you and he’s going to wonder, well, what’s
dirtier or more dangerous, what’s nastier than this job that I’m doing for
the love of my country? For the love of
my country and $8.09 an hour? And we
have to take this insult that there’s
jobs that Americans don’t do?
Americans do every job. I look at my
family. I look at my neighbors. It’s
hard to come up with a job that we
haven’t done. That includes processing
meat. I’ve done a fair amount of it my-
self. But if I look at the meat process-
ing plant around my neighborhood, 25
years ago, at about that era of time, if
you wanted to get a job in the packing
plant around my neighborhood, you
had to know somebody to get in. These
weren’t union jobs, but you had to know
somebody to get a job like that be-
cause they paid well. The benefits
were competitive with anywhere else. I
watched people grow up and maneuver
and position themselves to go through
school and get out of school so they
could get on the line at the packing
plant, just the way a lot of miners
got in line to go down and mine
some coal or steelworkers lined up at
the mill and generation after genera-
tion went to work at the steel mill.
These are proud jobs, and there’s dig-
ity in every kind of work that’s nec-
-essary to be done.
□ 2030

for $8.09 an hour. And we have
to take this insult that what we have out
there, I can’t draw a distinction very
much between what is going on
between the years of Larry Summers,
and other political subdivisions come in and skim the cream off that production out of the private sector that I've just described.

And then you have people like those who have been appointed by the President, by the President, or the President himself, who sit back, get this thoughtful look on their face, and they think. Let me see, if I could borrow a few hundred billion dollars from the Chinese and promise to pay interest on a few hundred billion dollars, then I could drop this money in and I could do a few hundred billion dollars' worth of patronage—patronage jobs that will call for more political loyalty and the government jobs that are temporarily created by the taxation and the borrowing that takes place.

Never mind about 4 years from now or 8 years or a decade or two or a generation from now. We'll just borrow that money now and drop this into the economy and give this big, giant economic stimulus a spin. That's what's been going on, but it has gone into over-drive in the last year. And while this is going on, we have this immigration policy that's becoming more and more errant in its philosophy and its results.

I've talked about the lack of will to enforce immigration law just by illustrating what we're doing. We're doing catch-and-return as opposed to catch-and-release. We're just returning them to the border and releasing them there. So catch-return-release is a better way to describe what is going on with immigration law in the United States. We have a Secretary of the Department of Homeland Security that has essentially said, I'm not going to go out and do raids on employers, even if I know there might be thousands there that are working there illegally. She's essentially said that she just wants to go in and find the employers that are violating immigration law.

Now, I think we should do that; but I think when we encounter people that are in this country illegally, whether they're working or whether they aren't, we have an obligation when we encounter people unlawfully present in the United States to take them back and put them where they're lawfully present. All we're doing is putting people back into the condition they were in before they broke the law. Deporting someone who violated immigration law in the United States is the equivalent of catching—let's just say you catch a bank robber and he's got the money and you say, Hold it, you're going to have to give up the money and I'm going to take you outside the door of the bank, and then you lose that money. That's the equivalent of deportation.

Any nation that doesn't have the will to put people back in the condition they were and the location they were in before they broke the law, on immigration cannot sustain any kind of enforcement whatsoever. It's predicated on the ability to return them to where they came and keep them out. That's why. Not only do we need to use all levels of law enforcement; we need the 287(g) program to be refurbished again to what it was before it was distorted by the Secretary of Homeland Security for the purposes, I believe, of jerking the 287(g) local law enforcement cooperation out of understand that what Sheriff Joe Arpaio down in Maricopa County. It was one of the strong motivations that took place.

We have, as far as I can determine, a rule of law, we have got to have cooperation at all levels of government with all laws. We cannot have local law enforcement take a position that they don't have the authority to enforce immigration law. Of course they do. The Attorney General should know that. There's an Attorney General's opinion that supports it; a previous Attorney General actually under Ashcroft. There are several Federal court cases that support the authority and the jurisdiction of the Attorney General to enforce Federal immigration law.

And I could drop those all into the RECORD here tonight, Madam Speaker. They are a matter of fact here in America, no matter how they have tried to disguise the open border. They don't want to enforce immigration law. They want to see a greater number of people come into the United States, and they want to empower themselves politically with the masses of those that are here illegally.

But they're running up against a little problem, Madam Speaker. This problem is the growing problem of unemployment in America: the pressure on our economy—the pressure on our economy that's watching us lose, over the last month, 190,000 jobs. We lost 190,000 jobs last month that were eliminated by the downward spiral of our economy. During the same period of time our Federal Government saw fit to approve 75,000 green cards, not to count the illegal immigrants there.

So a government, led by the White House, that was going to save or create 3.5 million jobs now has to admit that, according to the CBO, you can't determine what number of jobs have been saved alone. What matters is going to save these 1,000 jobs. And I always knew that those were pretty slippery words. It's hard to pin down a definition when you say save or create. But on that day—in fact, that moment—when I heard the language from the President that he was going to save or create 3.5 million jobs with the $787 billion, my instantaneous response was, as long as there are 3.5 million jobs left in America, they will be the jobs the President points to and says, See, those are the jobs that I saved with the $787 billion stimulus plan.

That's how this language works. If you're going to create jobs, you should be able to quantify how you're going to do that, and you should lay out the cost per job to create them. If you're going to save jobs, how do you invest money in saving a job? I suppose you could go to a company and say, Listen, we're going to buy up all of this product that you're producing because you have put 1,000 jobs here, and part of the money that we're contributing to buy this product we wouldn't buy otherwise is going to save these 1,000 jobs that you have. It is pretty hard to measure.

The Federal Government didn't really do much analysis. They just set up this Web site. This Web site, Madam Speaker, is recovery.gov/transparency/summaries, and the list goes on.

Well, I didn't look at all 50 States. I went as far as Iowa before I actually learned all what jobs have been saved. And I always knew that those were pretty slippery words. It's hard to pin down a definition when you say save or create. But on that day—in fact, that moment—when I heard the language from the President that he was going to save or create 3.5 million jobs with the $787 billion, my instantaneous response was, as long as there are 3.5 million jobs left in America, they will be the jobs the President points to and says, See, those are the jobs that I saved with the $787 billion stimulus plan.
districts that don’t exist. Just for the State of Iowa, on this Web site, recovery.gov/transparency, for the jobs that were created in western Iowa, alleged by the White House’s Web site, they spent $862,498 per job created. Now, get that, $862,498 per job—created. These are the district numbers. Seventh, Eighth, 16th, 17th, 19th, 24th, and 31st Iowa Congressional Districts, jobs created at the cost of $862,498, and that leaves off the double-aught district of the State of Iowa. That’s zero-zero. That’s double goose egg. That’s nonexistent, if you could put nonexistent there without a decimal point and carry it out to infinity. There they spent $114,000 to create five nonexistent jobs.

This is what’s going on with these Keynesian economics on steroids while they’re propping up immigration, while we have Americans that need jobs, want jobs, line up for jobs. While this is going on, we have this kind of fuzzy math accounting and a complete misunderstanding of where wealth comes from, a complete misunderstanding of the foundation of our economy. And I know John Maynard Keynes had some ideas, and I know he has got followers, and I know FDR was one of them. But Keynesian economics was a misfit, a misfit. Keynesian economics that was in the 1930s, I can solve all of your unemployment in America. Just take me to an abandoned coal mine, and I will go out and drill a bunch of holes out there, and I will bury American cash in there, and then I will fill that coal mine up with garbage—this was before the EPA was created, by the way, Madam Speaker—and turn the entrepreneurs loose to go dig the money up at the rate of 900,000 a year. And every one of those 900,000 or more this year. There were 900,000 jobs granted to people who were—when the card was advertised, and we’re at the pace to go to 900,000 or more this year.”

There are 900,000 jobs granted to people who were—at the time the card was advertised—not Americans, while Americans are lined up 20 million deep. We’re tripping out almost 1 million jobs a year because of the legal immigration, and we know that there are 7 million to 8 million or more jobs that are taken by illegals, and we know that if we enforce the law—if we enforce a law for every illegal that’s removed from a job, it opens up a job slot for an American to step into.

Madam Speaker, any sane nation would go after this enforcement. They would adjust their immigration policy to reduce the legal immigration because of the recession that we’re in. Here is what’s going on in this chart, Madam Speaker. The workforce enforcement free-fall—what we’ve seen happen is, the unemployment has gone up 58 percent overall. At the same time that happened, here is the enforcement that has gone down. Department of Homeland Security administrative arrests are down 68 percent; criminal arrests are down 60 percent; criminal indictments are down 58 percent, almost reflecting the same; criminal convictions are down 63 percent. This whole level is down roughly 60 percent or a little bit more in the enforcement of our immigration laws, while unemployment is up almost the same thing, almost 60 percent.

What nation that needs a sound economic policy would go down this path of reducing its enforcement of immigration law while it watched unemployment go up to 10.2 percent and rising to 15.7 million by definition unemployed, more than 20 million altogether, and still we grant green cards at the rate of 900,000 a year. And every one of them supplants—if they go to work, they supplant a job an American citizen could have doing other things. We must—Madam Speaker, I would say—consider the benefits of enforcement free-fall—what we’ve seen happen. Here is the enforcement that has gone down. Department of Homeland Security administrative arrests are down 68 percent; criminal arrests are down 60 percent; criminal indictments are down 58 percent, almost reflecting the same; criminal convictions are down 63 percent. This whole level is down roughly 60 percent or a little bit more in the enforcement of our immigration laws, while unemployment is up almost the same thing, almost 60 percent.

raise a family on. And yes, today it takes two workers in a family to make this happen. Mom and dad to raise the kids, working together and making ends meet as best they can.

But that’s not really possible today for uneducated and unskilled Americans. Their dreams have been taken away by illegal immigration. And somewhere, somewhere in America thousands of times over, over Thanksgiving and coming up for Christmas, there will be a broken family, or a battered family, a brother, sisters sitting around the table, and they’ll say grace and ask the blessings on their turkey, and they’ll start to talk as they eat, and somebody will be unemployed. And their brother or sister will have a job, and they’ll understand that there are people who are in the United States illegally that are filling those slots that they could have, and this discussion, which becomes a nationwide discussion, the rejection of amnesty starts to swell.

As the subject is brought forward here before this Congress—if it is—you will see the American people rise up, and their rejection of amnesty that we saw in 2006 and ’07 will be child’s play compared to the anger of the American people who see themselves employed, 20 million or more, watching them being replaced by legal immigrants at the rate of almost 1 million a year and watching 8 million, or maybe twice as many, illegals working in America, taking jobs that Americans will do.

In fact, taking jobs, according to the USA Today article that I referenced, that Americans are standing in line to do right next to people—that if I needed to come and hand out the work permits, they would be compelled to deport many of these workers. This Nation does not have a logical and coherent enforcement of immigration law.

One of the things we need to do for a tool is to pass my New IDEA Act. The acronym is this: The New Illegal Deduction Elimination Act. It brings the IRS into this so that the IRS—it clarifies to the IRS that wages and benefits are not deductible for income tax purposes. It allows the IRS to do the audit and deny the business expense of wages and benefits paid to illegals, which takes—when the interest and the penalty and the tax liability that accrues from that decision at a 54 percent rate, will take your $10 an hour illegal up to $16 an hour.

Employers will understand that they would rather go with the legal worker at $13 or $14 an hour than the illegal that could cost them $16 an hour, and we have the IRS into this. They love enforcing their work. I know that. So we bring the IRS into the mix, and they would be required under the New IDEA Act to cooperate with the Social Security Administration and the Department of Homeland Security. We can shut down this jobs magnet. We can control this border. We can reestablish the rule of law in America. We can reinvent this economy, and we can produce a tight enough labor supply that the wages and benefits paid to our workers, whatever their education level is—if they’re willing to work, they need to be able to sustain themselves in this country.

We’re moving away from it today. We can move this back. We can refurbish the middle class in America. That’s one of our charges during this time. It’s one of our opportunities during this time, Madam Speaker, and I urge that you and everyone in this Congress bring special attention to the preservation of the rule of law which is more important than our economy is today in this country.

LEAVE OF ABSENCE
By unanimous consent, leave of absence was granted to:
Mr. Larsen of Washington (at the request of Mr. Hoyer) for after 1:30 p.m. today.

SPECIAL ORDERS GRANTED
By unanimous consent, permission to address the House, following the legislative program and any special orders heretofore entered, was granted to:
(The following Members (at the request of Mr. McGovern) to revise and extend their remarks and include extraneous material:)
Ms. Lee of California, for 5 minutes, today.
Mr. McGovern, for 5 minutes, today.
Ms. Woolsey, for 5 minutes, today.
Mr. DeFazio, for 5 minutes, today.
Mr. Doggett, for 5 minutes, today.
Ms. Kaptur, for 5 minutes, today.
Mr. Grayson, for 5 minutes, today.
(The following Members (at the request of Mr. Poe of Texas) to revise and extend their remarks and include extraneous material:)
Ms. Poe of Texas, for 5 minutes, December 8 and 9.
Ms. Ros-Lehtinen, for 5 minutes, today and December 3.
Mr. Jones, for 5 minutes, December 8 and 9.
Mr. Burton of Indiana, for 5 minutes, today, December 3 and 4.
Mr. Moran of Kansas, for 5 minutes, today.
Mr. Broun of Georgia, for 5 minutes, today.
Ms. Foxx, for 5 minutes, today.

SENATE ENROLLED BILL SIGNED
The Speaker announced her signature to enrolled bills of the Senate of the following titles:
S. 1599, An act to amend title 36, United States Code, to include in the Federal charter of the Reserve Officers Association leadership positions newly added in its constitution and bylaws.
S. 1600, An act to permit each current member of the Board of Directors of the Office of Compliance to serve for 3 terms.

ADJOURNMENT
Mr. King. Madam Speaker, I move that the House do now adjourn.

4820. A letter from the Administrator, General Services Administration, transmitting informational copies of lease prospectuses that support the General Services Administration's Fiscal Year 2010 Capital Investment and Leasing Program; to the Committee on Transportation and Infrastructure.

4821. A letter from the Secretary, Department of Labor, transmitting the Department's report, entitled, “2008 Findings on the Worst Forms of Child Labor”, pursuant to 19 U.S.C. 2464; to the Committee on Ways and Means.

4822. A letter from the Branch Chief, Publications and Regulations, Internal Revenue Service, transmitting the Service's final rule Cost-of-Living Adjustments for 2010 to certain individuals (RIN: 2050-0002); received October 21, 2009, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Ways and Means.

4823. A letter from the Chief, Publications and Regulations Branch, Internal Revenue Service, transmitting the Service's final rule — Guidance as fall within the jurisdiction of the committee for consideration of such provisions; to the Committee on Ways and Means.

4826. A letter from the Chief, Publications and Regulations Branch, Internal Revenue Service, transmitting the Service's final rule — Tax-exempt sales of articles for use by the purchaser as supplies for vessels or aircraft (Rev. Rul. 2009-34) received October 21, 2009, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Ways and Means.

4828. A letter from the Chief, Publications and Regulations Branch, Internal Revenue Service, transmitting the Service's final rule — Final Regulations; and Notice to Pension Plan Participants received November 13, 2009, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Ways and Means.

4830. A letter from the Secretary, Department of Energy, transmitting a report entitled “Report on Residual Radiological and Beryllium Contaminations at Atomic Weapons Employer Facilities and Beryllium Vendor Facilities”; jointly to the Committees on the Judiciary and Education and Labor.

4831. A letter from the Office Manager, Department of Health and Human Services, transmitting the Department's final rule — Interim Final Rules Prohibiting Discrimination Based on Genetic Information in Health Insurance and Employment; and Final Rule - Federal Register Notice on Insurance Coverage and Group Health Plans for Tobacco Use and Dependence Based on Genetic Information (RIN: 0938-AP37) received October 7, 2009, pursuant to 5 U.S.C. 801(a)(1)(A); jointly to the Committees on Ways and Means and Energy and Commerce.

4832. A letter from the Administrator, FEMA, transmitting the Department's report on the Preliminary Damage Assessment information on FEMA-1897-DR for the State of New York; jointly to the Committees on Transportation and Infrastructure, Appropriations, and Homeland Security.

4833. A letter from the Administrator, FEMA, transmitting the Department's report on the denial of appeal for disaster assistance for the State of Oklahoma; jointly to the Committees on Transportation and Infrastructure, Appropriations, and Homeland Security.

4834. A letter from the Administrator, FEMA, transmitting the Department's report on the Preliminary Damage Assessment information on FEMA-1896-DR for the State of New York; jointly to the Committees on Transportation and Infrastructure, Appropriations, and Homeland Security.

4835. A letter from the Administrator, FEMA, transmitting the Department's report on the denial of appeal for disaster assistance for the State of Pennsylvania; jointly to the Committees on Transportation and Infrastructure, Appropriations, and Homeland Security.

REPORTS OF COMMITTEES ON PUBLIC BILLS AND RESOLUTIONS

Under clause 2 of rule XIII, reports of committees were delivered to the Clerk for printing and reference to the proper calendar, as follows:

Mr. WAXMAN: Committee on Energy and Commerce. H.R. 515. A bill to prohibit the importation of certain low-level radioactive material into the United States; and for other purposes; to the Committee on the Whole House on the State of the Union.

Mr. POLIS: Committee on Rules. House Resolution H. Res. 341. Resolution providing for consideration of the bill (H.R. 4154) to amend the Internal Revenue Code of 1986 to repeal the new carryover basis rules in order to prevent tax increases and the imposition of compliance burdens on many more estates that would benefit from repeal, to retain the estate tax with a $3,500,000 exemption, and for other purposes; to the House Calendar.

DISCHARGE OF COMMITTEE

Pursuant to clause 2 of rule XIII the Committee on Ways and Means discharged from further consideration. H.R. 4154 referred to the Committee of the Whole House on the State of the Union.

PUBLIC BILLS AND RESOLUTIONS

Under clause 2 of rule XII, public bills and resolutions of the following titles were introduced and severally referred, as follows:

By Mr. RANGEL (for himself and Mr. CAMP):

H.R. 4159. A bill to amend the Internal Revenue Code of 1866 to make technical corrections, and for other purposes; to the Committee on Ways and Means.

By Mr. HODES:

H.R. 4170. A bill to amend the Emergency Economic Stabilization Act of 2008 to strike the authority of the Secretary of the Treasury to extend the Troubled Asset Relief Program after 2009, and for other purposes; to the Committee on Financial Services, and in addition to the Committee on Ways and Means, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. TEAGUE (for himself, Ms. MACK, Mr. KINSELL, and Mrs. HALVORSON):

H.R. 4171. A bill to provide for the reauthorization of the Emergency Economic Stabilization Act of 2008 to extend the Troubled Asset Relief Program, and for other purposes; to the Committee on Financial Services, and in addition to the Committee on Ways and Means, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. CARTER (for himself, Mr. WESTMORELAND, and Mr. BURGESS):

H.R. 4173. A bill to provide for financial regulatory reform, to protect consumers and investors, to enhance Federal understanding of the financial system, to prohibit certain counterthe-counter derivatives markets, and for other purposes; to the Committee on Financial Services, and in addition to the Committees on Government Reform, and Ways and Means, for consideration.
for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

Mr. BERRY (for himself and Mr. CHILDERS),

H.R. 4177. A bill to provide emergency disaster assistance to certain agricultural producers that suffered losses during 2009, to provide emergency disaster assistance to certain livestock producers that suffered losses during 2008 or 2009, and for other purposes; to the Committee on Ways and Means.

Mr. CONVERS (for himself, Mr. JOHNSON of Georgia, Ms. LEWIS of California, and Mr. MASSA),

H.R. 4179. A bill to amend the Internal Revenue Code of 1986 to keep Americas working by creating a public work-sharing tax credit that stimulates demand in the private sector labor market and provides employers with an alternative to layoff; to the Committee on Ways and Means.

Mr. HASTINGS of Florida (for himself, Mr. MORAN of Virginia, Mrs. CAPPS, Ms. BERSKLEY, Ms. NORTON, Mr. STARK, Ms. WATSON, Ms. EDWARDS of Maryland, Mr. GRIJALVA, Mr. GRAYSON, Ms. CHU, Mr. MEeks of New York, Mr. CUMMINGS, Mr. HALL of New York, Mr. ACKERMAN, Mr. SPIER, Ms. LORETTA Sanchez of California, Mr. DISSON, Mr. DINGELL, Mr. BLUMENSTEIN, Mr. WOOLSEY, Ms. KILLILEA of Michigan, Ms. CLARK, Ms. PEIRCE of Maine, Ms. HIRONO, Mr. FILNER, Mr. ABERCROMBIE, and Mr. WAXMAN),

H.R. 4180. A bill to amend title 10, United States Code, to include the disclosure of sexual orientation by a member of the Armed Forces to a Member of Congress as a lawful and protected communication and to prohibit retaliatory personnel actions against members of the Armed Forces who make such a disclosure; to the Committee on Armed Services.

Mr. BACA,

H.R. 4181. A bill to provide grants to States to improve high schools and raise graduation rates while ensuring rigorous standards, to develop and implement effective school models for struggling students and dropouts, and to improve State policies to raise graduation rates, and for other purposes; to the Committee on Education and Labor.

By Mrs. LOWEY,

H.R. 4182. A bill to amend the Homeland Security Act of 2002 to limit the number of Urban Area Security Initiative grants awarded and to clarify the risk assessment formula to be used when making such grants, and for other purposes; to the Committee on Homeland Security.

By Mr. MCDERMOTT (for himself, Mr. BOLILE, Mr. CONVER, Mr. SIREs, Mr. ACKERMAN, Ms. SCHAKOWSKY, Ms. HIRONO, Mr. LEWIS of Georgia, Mr. CAPUANO, Ms. DeLAUDE, Mr. MICHAUD, Ms. WOOLSEY, Mr. GRIJALVA, Mr. KILDER, Mr. LEVIN, Mr. CARDOZA, Ms. BERSKLEY, Mr. ELLISON, Mr. DEFAZIO, Ms. PINGREE of Maine, Mr. LANGEVIN, and Ms. MCCOLLUM),

H.R. 4183. A bill to amend the Assistance for Unemployed Workers and Struggling Employers Act of 1974, as amended, for the purposes of depreciation; to the Committee on the Judiciary.

By Mr. CONYERS (for himself, Mr. AXIN, Mr. CARNahan, Mr. GRAVES, Mr. SULLIVAN, Mr. ISRAEL, Mr. WILSON of South Carolina, and Mr. CASTER),

H.R. 4184. A bill to protect consumers from discriminatory State taxes on motor vehicle rentals; to the Committee on the Judiciary.

By Mr. ABERCROMBIE,

By Mr. BERRY (for himself and Mr. CHILDERS),

H.R. 4186. A bill to provide for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. CLEAVER (for himself, Mr. MATHESON, Ms. TILLIS, Ms. HERRERA Sandoval, Mr. BLUMENTHAL of Connecticut, Mr. MELANCON, Mr. ISRAEL, Mr. KING, Mr. KRATOVIL, Mr. LARSEN of Connecticut, Mr. MELANCON, Mr. MICHAUD, Mr. MINDICK, Mr. MITCHELL, Mr. MOORE of Kansas, Mr. PATTON, Mr. MURPHY of Pennsylvania, Mr. MURPHY of New York, Mr. NYE, Mr. ROSS, Mr. SALAZAR, Mr. SCHIFF, Mr. SCOTT of Georgia, Mr. SHULER, Mr. SMITH of Washington, Mr. SPAcE, Mr. TANNER, and Mr. UPTON),

H. Res. 942. A resolution commending the Real Salt Lake soccer club for winning the 2009 Major League Soccer Cup; to the Committee on Oversight and Government Reform.

ADDITIONAL SPONSORS

Under clause 7 of rule XII, sponsors were added to public bills and resolutions as follows:

H.R. 43: Mr. TIM Murphy of Pennsylvania, Mr. TORNHERRY, Mr. REHRH, and Mr. ACKERMAN.

H.R. 223: Ms. CHU.

H.R. 233: Ms. BEAN.

H.R. 305: Mr. POLIS of Colorado.

H.R. 432: Mr. COSTA.

H.R. 470: Mr. SOUDER.

H.R. 482: Mr. HINCHey.

H.R. 537: Mr. GRIJALVA.

H.R. 571: Ms. WOOLSEY.

H.R. 606: Ms. WATSON.

H.R. 646: Mr. JOHNSON of Georgia.

H.R. 690: Mr. ADLER of New Jersey.

H.R. 725: Mr. RACA.

H.R. 734: Ms. RICHARDSON.

H.R. 739: Ms. SlaUGHTER.

H.R. 768: Mr. LULIAN.

H.R. 847: Mr. MARKEY of Massachusetts.

H.R. 916: Ms. BALDWIN and Mrs. CAPPS.

H.R. 930: Mr. MORAN of Virginia.

H.R. 960: Mr. PIERLUISI and Mr. CONNOLLY of Virginia.

H.R. 1045: Mr. PIERLUISI and Mr. CONNOLLY of Virginia.

H.R. 1204: Mr. SPRATT.

H.R. 1215: Ms. WATSON.

H.R. 1230: Mr. CLAVEY.

H.R. 1236: Ms. SlaUGHTER.

H.R. 1318: Mr. McMAHON.

H.R. 1386: Mr. FRANK of Massachusetts.

H.R. 1465: Mr. PERRILLO and Mr. PItTS.

H.R. 1538: Mr. MORAN of Virginia and Ms. MPudUE.

H.R. 1623: Mr. MCCOTTER and Mr. MARCHANT.

H.R. 1628: Mr. BILBRAY.

H.R. 1792: Mr. TERRY.

H.R. 1869: Ms. BERSKLEY, Mr. WAlS, Ms. TSONGAs, Ms. GIFFORDS, and Mr. LEWIS of Georgia.

H.R. 1900: Mr. CARNAHAN.

H.R. 1974: Mr. SCOTT of Virginia and Mr. WOLF.

H.R. 2006: Mr. Bishop of Georgia, Mr. DEFAZIO, and Ms. EDDIE BERNICE JOHNSON of Texas.

H.R. 2068: Mr. WOLF.

H.R. 2074: Mr. NADler of New York, Mr. JOHNSON of Georgia, Mr. HONDA, Mr. SQUIRES, Mr. SCHIFF, Ms. MCCOLLUM, Mr. TONKO, Mr. BRALEY of Iowa, Mr. GRIJALVA, Mr. MAssA, Mr. Davis of Illinois, Ms. CORRINE Brown of Florida, Ms. PAYNE of Maine, and Mr. PASTor of Arizona.

H.R. 2108: Ms. SlaUGHTER.
CONGRESSIONAL EARMARKS, LIMITED TAX BENEFITS, OR LIMITED TARIFF BENEFITS

Under clause 9 of rule XXI, lists or statements on congressional earmarks, limited tax benefits or limited tariff benefits were submitted as follows:

OFFERED BY MR. RANGEL

H.R. 4154, the Permanent Estate Tax Relief for Families, Farmers and Small Businesses Act, does not contain any congressional earmarks, limited tax benefits, or limited tariff benefits as defined in clause 9 of rule XXI.

DELETIONS OF SPONSORS FROM PUBLIC BILLS AND RESOLUTIONS

Under clause 7 of rule XII, sponsors were deleted from public bills and resolutions as follows:

CONGRESSIONAL RECORD — HOUSE

H. RES. 55: MR. BLUNT.
H. RES. 98: MR. WEINER.
H. RES. 615: MR. WOLF and MR. PUTNAM.
H. RES. 704: MR. PITTS, MS. ROYBAL-ALIARD, MS. WATERS, MR. GORDON of Tennessee, MR. PAYNE, MR. DRISER, MR. GORMERT, MR. PENCE, MR. LEWIS of California, MR. OLIVER, MR. PLATTS, MR. ALEXANDER, MR. COOPER, MR. CONWAY, MR. CARTER, MR. YOUNG of Florida, and MR. WAXMAN.
H. RES. 771: MR. NADLER of New York.
H. RES. 776: MR. FORSTER, MR. MOORE of Kansas, MR. SCOTT of Georgia, MR. CARNAHAN, MS. HERSHEY SANDLIN, and MR. MATHERSON.
H. RES. 779: MS. JENKINS, MR. KIRK, and MR. ROSKAM.
H. RES. 852: MR. LUCAS, MR. BOOZMAN, MR. MILLER of Florida, MR. SOUDER, MR. FLEMING, MR. GORMERT, MR. KINGSTON, MR. CARTER, MR. NEUBAUER, MR. SHIMKUS, MR. MANZULLO, MS. LUMMIS, MR. TURNER, MR. CASSIDY, MR. COHLE, and MS. MCMORRIS ROGERS.
H. RES. 862: MS. BEAN, MR. KIRK, MR. SCHOCK, MR. EHlers, and MR. BLUMENAUER.
H. RES. 888: MR. KIRK, MR. SMITH of New Jersey, and MR. LOBIONDO.

CONGRESSIONAL EARMARKS, LIMITED TAX BENEFITS, OR LIMITED TARIFF BENEFITS

Under clause 9 of rule XXI, lists or statements on congressional earmarks, limited tax benefits or limited tariff benefits were submitted as follows:

OFFERED BY MR. RANGEL

H.R. 4154, the Permanent Estate Tax Relief for Families, Farmers and Small Businesses Act, does not contain any congressional earmarks, limited tax benefits, or limited tariff benefits as defined in clause 9 of rule XXI.

DELETIONS OF SPONSORS FROM PUBLIC BILLS AND RESOLUTIONS

Under clause 7 of rule XII, sponsors were deleted from public bills and resolutions as follows:

H. RES. 648: MR. WILSON of South Carolina and MR. POE of Texas.
The Senate met at 9:30 a.m. and was called to order by the Honorable Tom Udall, a Senator from the State of New Mexico.

PRAYER

The Chaplain, Dr. Barry C. Black, offered the following prayer:

Let us pray.

Eternal God, thank You for the gift of this day. Help us to use it for Your glory. Guide our lawmakers to labor with diligence for the good of our Nation. Deliver them from bitterness, frustration, and futility as they lift their eyes to You, their ever-present help for life’s difficulties. Lord, save them from the futile repetition of old errors and the restoration of old evils. May they live such exemplary lives that people who see their good works will glorify You. Use the Members of this body to increase opportunities for more abundant life to people everywhere. Help our lawmakers to be aware of Your nearness and to recognize Your voice as You lead them to Your desired destination. We pray in Your sacred Name. Amen.

PLEDGE OF ALLEGIANCE

The Honorable Tom Udall led the Pledge of Allegiance, as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

APPOINTMENT OF ACTING PRESIDENT PRO TEMPORE

The PRESIDING OFFICER. The clerk will please read a communication to the Senate from the President pro tempore (Mr. Byrd).

The assistant legislative clerk read the following letter:

U.S. SENATE
PRESIDENT PRO TEMPORE

To the Senate:

Under the provisions of rule I, paragraph 3, of the Standing Rules of the Senate, I hereby appoint the Honorable Tom Udall, a Senator from the State of New Mexico, to perform the duties of the Chair.

ROBERT C. BYRD,
President pro tempore.

Mr. Udall thereupon assumed the chair as Acting President pro tempore.

RECOGNITION OF THE MAJORITY LEADER

The ACTING PRESIDENT pro tempore. The majority leader is recognized.

SCHEDULE

Mr. Reid. Mr. President, following leader remarks, the Senate will resume consideration of the health care reform legislation. It will be for debate only until 11:30 a.m., with alternating blocks of time. The first 30 minutes will be under the control of the Republicans; the majority will control the next 30 minutes.

The Senate will recess from 11:30 a.m. until 12:30 p.m. today. Following the recess, the Senate will resume consideration of the health care legislation. I am hopeful we can have some votes this afternoon. We have been unable to work that out with the minority and so we will see what the afternoon brings.

HEALTH CARE REFORM

Mr. Reid. Mr. President, this historic health care reform bill before us is strong, and it is a strong head start in the right direction toward urgently needed change. But similar to nearly every bill to come before the Senate, it stands to benefit from the constructive input of all Senators. This good bill will be even better when this body debates it, refines it, and improves it.

I am pleased we have begun the amendment process. I hope we will soon be able to begin voting on those amendments—the ones drafted and sponsored by both Republicans and Democrats. But as we delve into the details and give the individual parts of this bill the considerable thought and attention they deserve, let’s not forget the big picture.

So as we begin the third day of debate on this bill, let’s remember what it does: First, we are making it more affordable for every American to live a healthy life. Second, we are doing it in a way that is fiscally responsible and in a way that will help our economy recover.

This bill does not add a dime to the deficit—quite the opposite. In fact, we will cut it by $130 billion in the first 10 years and as much as $4 trillion in the next 10 years. We do this by keeping costs down. This critical piece of legislation will cost less than $35 billion a year over the next decade—well under President Obama’s goal. It will make sure every American can afford quality health care. We will make sure that more than 30 million Americans who don’t have health care today will soon have it. It will not only protect Medicare, but it will make it stronger. In short, this legislation saves lives, saves money, and saves Medicare.

The Congressional Budget Office and respected economists outside Washington have studied it, and they agree. The bill will do what we set out to do at the beginning of this Congress: It will lower costs and increase value so all Americans can afford quality health care, not just a few.

The experts have crunched the numbers, and they have come back with positive reviews. It will help parents afford to take care of their children and help bosses provide coverage for their workers. It creates more choices and more competition in the health care market. It will protect everyone against insurance company abuses, and for all the changes, in areas where our health care system does work, it keeps it the way it is.

I am very happy with the way Democratic Senators have stood for these
principles and those who have defended them against hollow attacks from the other side. One after another, Republicans have come to the floor with disingenuous claims.

For example, they have talked about health care premiums, overlooking the fact that those costs will go down for the vast majority of Americans—in fact, 93 percent. They have talked about the deficit, ignoring the fact that health care reform will do more to lower the deficit than any other measure has in years—remember, over 20 years, almost $4 trillion. They have tried to scare seniors, saying you are going to die soon, as an example, closing their eyes to the fact that we strengthen Medicare and cut waste, fraud, and abuse from the program. They have tried to scare women, closing their ears to the fact that we will make it easier than ever for women to get the preventive screenings they need, and that is a gross understatement. They claim to speak for the American people but neglect to mention that, for the last year, a majority of the American people have consistently said it is more important than ever to nurse our health care system back to health.

What is the most consistent Republican attack on this bill? They carefully avoid the number of people in this legislation but completely discount the number of people it helps. Can anyone think of a more superficial way to measure the worth of a bill than how many pages it is printed on? As far as I can tell, they only threat that poses is more paper cuts, perhaps.

Those who want to keep the broken system the way it is throw everything they can at the bill, but nothing has stuck. Incredibly, my distinguished counterpart, the Republican leader, last week, called the health care crisis manufactured, in spite of the fact that 750,000 people filed for bankruptcy last year—70 percent of them because of health care costs. One sensible Republican counterpart is right—it was manufactured. This health care crisis has been manufactured by the greedy insurance companies that raise families’ rates on a whim and deny health care to the sick.

Remember, the health care industry is exempt from the antitrust laws. They can conspire to fix prices with no civil or criminal penalties. No other business is like that, except baseball. This is precisely the way managed care works, but Republicans controlling the first 30 minutes of time are the ones who enabled them, who empowered them, and who sat idly by while the problem grew worse and worse, until it finally collapsed into a crisis.

My Republican friends have been so busy coming up with distortions that they have forgotten to come up with solutions. They seem more concerned with scaring the American people than helping them. This barrage of baseless accusations underscores how desperate some are to distract the American people from the real debate and from the fact they have no vision for fixing our health care system, which is broken.

Yes, correcting the record has taken a long time. That is OK. We will continue to do so as long as necessary. Democrats are more than willing to defend this good bill. After all, it is not hard to do. As Mark Twain, a great Nevadan, said: ‘‘If you tell the truth, you don’t have to remember anything.’’

I wish to note that I especially appreciate the assistant leader, my friend of decades, Senator Durbin, for his brilliant statements on the floor during the last several weeks on this health care issue. I am inspired by his spunk, his intelligence, and his ability to deliver a message.

RESERVATION OF LEADER TIME

The Acting President pro tempore. Under the previous order, the leadership time is reserved.

SERVICE MEMBERS HOME OWNERSHIP TAX ACT OF 2009

The Acting President pro tempore. Under the previous order, the Senate will resume consideration of H.R. 3590, which the clerk will report. The assistant legislative clerk read as follows:

A bill (H.R. 3590) to amend the Internal Revenue Code of 1986 to modify the first-time home buyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes.

PENDING:

Mr. KYL. Mr. President, to continue our debate on the McCain amendment to ensure Medicare benefits for our seniors are not cut, as would happen under this legislation, I wanted to talk a little bit about the commitments we have made to our seniors and what exactly would happen under the legislation that is before us.

As we all know, seniors have paid into the Medicare Program, and that is with the expectation that they will get the benefits that have been promised to them. The question is, Why would we, at this point, reduce the benefits that have been promised to them, especially if the purpose is not to enhance the financial viability of Medicare, which everyone knows is going broke but, rather, to use that money to establish a new entitlement program?

Let me break down the list of cuts seniors would face under this legislation. First, $2.5 billion would be cut from hospitals that treat seniors, $120 billion from the Medicare Advantage plan. By the way, that Medicare Advantage plan serves almost 40 percent of the Arizona seniors on Medicare. It cuts $14.6 billion from nursing homes, $42.1 billion from home health care, and $7.7 billion from hospice care. These are deep cuts, and you cannot avoid jeopardizing the health care seniors now have under Medicare by making these deep cuts. That is why the Chief Actuary at the Centers for Medicare and Medicaid Services—we use the initials CMS—believes these cuts would cause some providers to end their participation in Medicare, which, of course, would further threaten seniors’ access to care. There would not be as many providers to whom they could go for their services.

Our friends on the other side of the aisle say part of this is an intention to eliminate waste, fraud, and abuse. Of course, we have known for many years that there is waste, fraud, and abuse in Medicare, but actually doing something about the problem and recognizing it are two different things. If it were easy to wring hundreds of billions of dollars of savings from Medicare by just pointing to waste, fraud, and abuse, we would have done it a long time ago. Certainly the President would, during his first year in office, want to do that, given the fact we are talking about a lot of cuts. I am trying to find sources of revenue for the various spending programs he has proposed. If it were that easy to do, it would have been done before now.

Moreover, Medicare faces a $38 trillion, 75-year unfunded liability. That is almost incomprehensible. Most of us believe that whatever savings we could achieve in Medicare, to the extent you could eliminate waste, fraud, and abuse, for example, you should do that to help Medicare. But, of course, we could eliminate waste, fraud, and abuse, for example, you should do that to help Medicare. But, of course, this would happen to our seniors as well.

Next I want to talk about what seniors are telling us. They believe, according to public opinion surveys—and I have talked to enough of them to know this is true—that these Medicare cuts are going to jeopardize their health care. They are troubled in particular by this $120 billion proposed cut to Medicare Advantage. It has been called the crown jewel of Medicare. It is the private insurance addition to Medicare in which many are able to get the preventive screenings and the services for women.

Mr. ENZI. Mr. President, I suggest the absence of a quorum.

The Acting President pro tempore. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. KYL. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The Acting President pro tempore. Without objection, it is so ordered.

Mr. KYL. Mr. President, to continue our debate on the McCain amendment to ensure Medicare benefits for our seniors are not cut, as would happen under this legislation, I wanted to talk a little bit about the commitments we have made to our seniors and what exactly would happen under the legislation that is before us.

As we all know, seniors have paid into the Medicare Program, and that is
of benefits such as dental, vision, hearing, physical fitness programs, and other things, as I said, that they could not get otherwise. One in four of the beneficiaries in Arizona, as I said, signs up for this program—more than 329,000 seniors. They like the low deductibles and copayments in Medicare Advantage.

But the Congressional Budget Office has bad news for the seniors who like this program and who like the extra benefits they have under Medicare Advantage because, as the Congressional Budget Office notes, it would cut benefits on average by 64 percent over the next 10 years, from an actuarial value of $135 to $49 a month. Think about that. The actuarial value of the benefits the average Medicare Advantage participant has is worth $135 a month today. It would be cut in this bill to $49 a month. That is a 64-percent cut, according to the Congressional Budget Office. When we say we are not cutting benefits, seniors currently receive, that is not true. The legislation would do that.

I have been sharing letters from constituents who have expressed concerns to me. Let me share three more letters today.

One recently arrived from Joseph and Mary-Lou Dopak of Sun City West, in Arizona, of course. They wrote as follows:

The plan to reduce our coverage and take $320 billion from Medicare Advantage is a slap in the face to all seniors. The Medicare Advantage plan works because Medicare funds are given to a private insurance company to administer the plan.

We do not want our Medicare Advantage plan robed to fund a government-operated comprehensive health insurance plan. Common sense tells us that will not work.

The President should be fixing what ails the current health care system, instead of putting everyone into a government-operated health care plan.

For our President to pick on Medicare Advantage is totally unfair to those of us upon whose backs this country has been built.

A constituent from Tucson, AZ, wrote a rather short and direct letter, and so it is easy to quote here.

I am a senior citizen age 83. If I lose my Medicare Advantage coverage, I'll also lose my primary care physician of 14 years because he does not accept Medicare Direct. Senator McCain, do not let them take away my Medicare Advantage.

I get these letters every day. I have not yet met a constituent come up to me and say: Please, would you take away the Medicare Advantage Program, it is not right. Everybody has said, of course: Please preserve this important program.

Finally, a constituent from Phoenix, AZ, who suffers from multiple sclerosis, describes what it means to her.

I am 57-year-old woman with multiple sclerosis, currently on Social Security Disability. I have $14,000 a year and have been on the Secure Horizons Medicare Advantage plan for a long time now. 

I realize it is hard for Congress to understand why I keep our Medicare Advantage plans in order to have [quality] health care at a price we can afford. 

We need you to help protect Medicare Advantage plans for the seniors in your State. We are the ones you need to fight for and we should not have to choose between going to the doctor and getting our medications and having food on the table and a place to live. Please do your part to protect our Medicare Advantage plans and keep prices within our reach.

As I said, these are the kinds of letters we get all the time. It is hard for these folks to understand, first of all, why, having paid into the plan and having taken advantage of what is a comprehensive program under Medicare, that would be taken away from them. I think it is even harder for them to fathom that the reason it is being done is to pay for a new program rather than to keep Medicare itself solvent.

I tell folks like this that I will continue to fight for her and I will continue to try to protect this program because we believe it is essential. It is why I support the McCain amendment to commit the bill back to committee. It is why we are not talking about a further delay here. But it addresses both of the key issues of cuts and savings. If the McCain amendment passes, it would send the bill back to the Finance Committee to address the Medicare cuts from the bill. That is all it does. But, second, those savings would be applied to Medicare rather than to fund a new government program. Those savings could therefore address the $120 billion in Medicare Advantage cuts, which has been identified by everyone. It can be used to strengthen the Medicare trust fund rather than to fund a new health care entitlement program.

We believe the first thing we should do to see whether we can actually fix this bill—I have been quoted as saying that I don’t think we can fix this bill. But that, I mean, with all due respect to my colleagues on the other side of the aisle, I don't think they want to make the changes that are necessary for the American people to begin to support this kind of legislation. Seniors are overwhelmingly opposed to the Medicare cuts. That is a fact. If my colleagues on the other side of the aisle are not willing to support the McCain amendment or something like it, I don't know how we could then say we can fix this bill. So I hope my colleagues will use this process we have to actually make amendments to the bill and not simply have a political discussion.

Republicans have pointed out that there are better ways to reform the health care problems we have today than to do it on the backs of seniors. We put forth a bounty of ideas. Let me just recoup them.

We think we could start by doing everything they can to continue to operate—and they will, probably. What they will try to do is tax their local citizenry, raise property taxes, in all probability, to make up for the Medicare cuts because they are going to have a hospital there and they are going to do everything they can to keep a hospital there.

But what a terrible gesture on our part here, to take money that has been going into Medicare and then steal it for a new program that is not going to get everybody covered on top of that and from a program that is already set to go insolvent by 2017. It is like writing a big fat check on an overdraft, and then to make up for the Medicare cuts because they are going to have a hospital there and they are going to do everything they can to keep a hospital there.

We are the ones you need to fight for and we should not have to choose between going to the doctor and getting our medications and having food on the table and a place to live. We don’t think this is the way.

Certainly, on behalf of my senior citizen constituents and others who are on Medicare Programs, I am going to continue to fight for them, as my colleague John McCain is, and therefore I support his amendment to eliminate the Medicare cuts under this bill.

The Acting President pro tempore, the Senator from Kansas is recognized.

Mr. BROWNBACK. Mr. President, I rise to speak in favor of the McCain motion, and I do it from the perspective of a representative of the State of Kansas.

We have a number of senior citizens and hospitals that are Medicare-dependent. We have a number of providers for whom a majority of their practice is Medicare reimbursement. They are scared to death of these cuts, and the cuts are well documented. Nearly $500 billion for the 43 million senior citizens on a program that is already projected to go insolvent by 2017, specific cuts of $135 billion from hospitals, $120 billion from 11 million seniors in Medicare Advantage, $65 billion from nursing homes, nearly $8 billion from hospice, where people are getting their final care for cancer and diseases that are killing them—$8 billion cut from hospice.

What that does in a State such as mine and in many rural hospitals, it cuts the legs out from under them. They are not going to have the money they need to operate. They are going to do everything they can to operate—and they will, probably. What they will try to do is tax their local citizenry, raise property taxes, in all probability, to make up for the Medicare cuts because they are going to have a hospital there and they are going to do everything they can to keep a hospital there.
Anesthesiologists. They are looking at these things and saying: This is really going to hurt us and our ability to provide services and care. I talked with other individuals who look at this, and they say: Wait a minute, you are going to change everything to try and get a few more people and you are going to gut a Medicare program that is not paying the bills now, that a number of private insurance plans are helping to subsidize Medicare and Medicaid, and you are going to cut the reimbursements that are not making sense to individuals that would take place.

I get called by a number of individuals across the State of Kansas saying they are very scared of this bill and what it is going to do to their health care. I do telephone townhall meetings, as a number of individuals across this body do, and the individuals there whom you get on a random phone calling basis are scared and mad about this bill as well as what it does to their health care. I get it from individuals. I get it from mail.

I was in a meeting in Kansas the week of Thanksgiving, and I polled the audience—it was an audience that was mostly over the age of 65—how many were in favor of the overall bill? There were about 200-some people there, and 10 were in favor. How many opposed? Everybody else, with a few saying they don’t have an opinion. But it was 90 percent opposed to this bill. And it is because they look at it and they see what it is going to do to them, and they don’t see it providing the care that is being promised—and adding, on top of that, to the deficit.

One of two things is going to happen on these Medicare cuts, because we have seen, in the past, efforts to control the spending in Medicare passed by this body and then each year those cuts try to restrain the spending on Medicare being approved.

One of two things is going to happen. Either these cuts in Medicare are going to take place, and it is going to cripple the program and particularly hurt it in a number of rural areas across the country and in my State, or these cuts will never take place in Medicare and it is going to add to a ballooning deficit and debt that is taking place right now. Either choice is an irresponsible choice for this body to do. It is irresponsible for this body to do.

Most people look at it and say: I want to get more people covered, and I want to bend down the cost curve. But let’s do that on an incremental basis.

Senator KYL spoke about incremental changes that can take place, whether it is tort reform, allowing bigger pooling on health insurance, whether it is starting more community-based clinics, one that I look at as something that has worked in my State to get more people covered at an earlier age and their health care needs. All of those are incremental, low cost, and, in some cases, ones that actually do bend down the cost curve and that can help, not a gargantuan $2.5 trillion program that takes $500 billion out of Medicare that is already headed toward insolvency in less than a decade. The bill doesn’t make sense to individuals.

Then to do it on top of a time period when the President, 10 days ago, comes back from China, meeting with our bankers, as most people look at it, and the bankers lecturing us on why are we spending more money which we don’t have, going further and further into debt at this point in time, being lectured by the Chinese when we ought to be talking to them about what they are doing about human rights and currency. We are being lectured about fiscal irresponsibility, and it is because of bills such as this. If we just stop and slow down and listen to seniors and others across this country, there is a commonsense middle ground that we can go to, that doesn’t cost anything along the nature that we have been talking about in regard to the commonsense test in most States—we are not doing, something that does not pass the commonsense test in Tennessee, something that most Americans cannot do, something that does not pass the commonsense test in most States—we are going to take $464 billion out of this program, $464 billion—something that most Americans cannot do, something that does not pass the commonsense test in Tennessee, and my guess is doesn’t pass the commonsense test in most States—we are going to take $464 billion out of this program, this entitlement which is underfunded and insolvent, and we will leverage it to create legislation that would put in place a commission, eight Republicans and eight Democrats, to actually solve that issue. We realize we do not have the resources in Medicare to actually deal with the liability that we have with.

The fact is, the other piece of this that is extremely troubling is that we all know we have the issue of SDR, the doc fix, which is a colloquial term to describe the fact that in any year after this bill passes, physicians across the country will be receiving a 23-percent cut for serving Medicare recipients. Medicare recipients understand what that means. It means they will have less physicians to deal with the needs they will have at that time. This bill, instead of dealing with that issue, deals with it for one year. What that means is there is about $250 billion worth of expenses that are not being dealt with this Medicare savings.

Let me go walk it one more time. We have a program that is insolvent. We have a program that cannot meet the needs of those people who have paid into it for years and many of us concerned to pay into. This program is insolvent, and we are going to take monies out of this program, $464 billion—something that most Americans cannot do, something that does not pass the commonsense test in Tennessee, and my guess is doesn’t pass the commonsense test in most States—we are going to take $464 billion out of this program, this entitlement which is underfunded and insolvent, and we will leverage it to create a new entitlement for Americans. Yet we are not going to deal with the fundamentals of what that means which is a $250 billion issue. We are going to kick the can down the road. We are going to cause physicians around the
country next year to, if this bill passes—if not, certainly they will be dealing with that this year—but we are going to cause physicians around the country another year to be concerned about these huge cuts, not deal with it in this bill, and supposedly deal with a $250 billion obligation that could have been dealt with during this health care reform that now is not met, that is going to create additional fiscal burdens to this country and certainly great distress to seniors and physicians who care for them.

I tried to stick with the basic fundamental building blocks of this bill. I don't think anybody in this body has ever heard me focus on some of the more emotional issues. The fact that we would use Medicare moneys to create a new entitlement, the fact that we would have an unfunded mandate to States through Medicaid of $25 billion, to me, is problematic; the fact that premiums are going to increase, whether it is the CBO number of 10 to 13 percent or the Olver Wyman number in my State which says 60 percent, the fact that private premiums are going to go up and the fact that we are using 6 years' worth and 10 years' worth of revenues—I don't know how we have gotten caught up in this debate in such a manner that we are ignoring basic fundamentals that I don't think any of us on our own accord would be supporting.

The fact is, I am afraid this, again, has become nothing but a political victory for the President.

I hope we will do is step back and deal with a bipartisan way that will stand the test of time. I ran on health care reform. I would like to see us do responsible health care reform. The basic fundamentals of this bill do not meet that test.

I yield my time expired. I thank the Chair and the Senators on the other side of the aisle who have worked hard to put this bill together. I hope they will step back away from these flawed issues and I hope in some form or fashion we will put together a bill that will stand the test of time.

The ACTING PRESIDENT pro tempore, The Senator from Connecticut is recognized.

Mr. DODD. Mr. President, how much time do we have?

The ACTING PRESIDENT pro tempore. The Senator has 30 minutes.

Mr. DODD. Mr. President, let me first talk about the Medicare issue, because this has been the subject of sort of round-and-round debate, back and forth over the last couple of days. It is important to share, again, as empathetically as I know how what is being done with regard to Medicare. The whole idea is to strengthen Medicare, to put it on a sounder footing, to extend its solvency from 8 years by an additional 5 years, and doing it by making it a stronger, more reliable source of health care for older Americans.

In fact, the finest and largest organization representing older Americans, which doesn't lightly endorse proposals without examining them thoroughly—hardly a partisan group given the fact of where they have been on these issues—put out, once again, in the last 24 hours, a statement laying out the facts of what is included in the bill drafted by the Finance Committee principal in this area of Medicare.

Let me recite, if I may, the facts as they identify themselves, none of which is of the health care reform proposals being considered by Congress would cut Medicare benefits or increase out-of-pocket costs for Medicare services. That is not from the Democratic National Committee. It is not from the HELP Committee or the Finance Committee. This is from AARP saying: None of the proposals in this bill cut Medicare benefits or cut Medicare services.

Fact No. 2, the health care reform bill drafted by the Finance Committee will lower prescription drug costs for people in the Medicare Part D coverage gap, or the so-called doughnut hole with which many seniors are familiar.

We are going to cut the cost of prescription drugs. This is from some partisan group announcing what is in the bill. This is from an objective, nonpartisan analysis of the bill that is before us.

Fact No. 3, health care reform will protect seniors' access to their doctors and reduce the cost of preventive services so patients stay healthier. Again, that is critical.

I assume others understand this; it is not something you wonder why you have to explain it. It is better to catch a problem before it becomes a major problem. Through mammograms, colonoscopies, obviously examinations and screenings, you can discover that an individual has a problem and, if discovered early enough, address it. As a result, every nurse—or many of my colleagues know because it became rather public, I went through cancer surgery in August. It was discovered that I had an elevated PSA test, indicating I had prostate cancer. That screening let me know that I had a growing problem that I had to deal with. So I went through a variety of discussions on what best to do, what was the best way to handle all of this and decided that surgery made the most sense.

The cost of that surgery is expensive. It is not cheap—$5,000, $6,000, $7,000, $8,000 to do it. If I had not discovered I had prostate cancer and it had grown, I could have become 1 of the 30,000 men a year in this country who die from it, or if I had waited longer for it to be full-blown cancer, I am told it could have easily cost $250,000. So by catching this early and getting the needed treatment, I was not only able to stay alive and stay healthier, with two young daughters aged 4 and 8—and looking forward to the day I may dance at their weddings—but also there were the savings because it did not grow into a problem that would require massive expenditures to deal with it.

Our bill deals with that. We provide for the first time ever that seniors and other Americans have access to prevention and screening tests that would allow them to discover problems they have early on. That is according to AARP. That is what we drafted in this legislation. It is a major benefit.

I listened to our colleague from North Carolina yesterday, Senator Hagan, talk about nurses in a hospital in her State of North Carolina who were not getting mammograms early, not because they did not want them but because, of course, the out-of-pocket expenses for them are so high they could not afford to do it and pay rent and put food on the table and take care of their families.

That hospital in North Carolina decided they were no longer going to require their nurses to pay those high out-of-pocket expenses and they eliminated that. As a result, every nurse—or almost every nurse—in that hospital got those mammograms early on, and, of course, could identify problems before they became larger issues for them to grapple with.

What would this bill of ours do? That is a major achievement—a major achievement. So the suggestion is, we ought to roll back and commit this bill. But that would eliminate the kind of investments we make in reducing the cost of prescription drugs or providing the kinds of benefits so people can get screenings and treat problems while they are still small.

As a Senator, I have a health care plan that allows me to do that. I am 1 of 8 million people in this country who are Federal employees. We all get to do that. Why should a Senator’s battle with cancer be more important than someone else’s in this country? Why shouldn’t every American male over the age of 50 be able to be screened to determine whether they might have prostate cancer?

That is what we are talking about. That is what we are achieving in this bill. The idea that the status quo is OK is wrong. It is not OK. To say we ought to throw the bill back into committee, again—we all know what the meaning of that is, of course. It will mean an end to this legislation. Those are the facts.

Fact No. 4. If you will; Rather than weaken Medicare, the health care reform will strengthen the financial status of the Medicare Program. That is from AARP. That is not some partisan conclusion.

I say, respectfully, to our colleagues, and having been through this at great length over the summer, filling in for our friend whom we have now lost, Senator Kennedy, we went through long debates and discussions early on, a lot of bipartisan discussions. As Senator Kennedy said earlier, as to the bill that came out of the Health, Education, Labor, and Pensions Committee in the Senate, we conducted the longest
markup in the history of that committee, going back decades, in order to listen to each other and to try to provide a bipartisan bill. In many ways, that bill is a bipartisan bill. It did not get bipartisan votes; it came out of the committee. But the substance of the legislation includes the ideas and thoughts of our colleagues across the political spectrum, and it is important the public know that during the debate.

This is not a bill that was rushed through, jammed through. My colleagues and I spent weeks and weeks—months—with Democrats and Republicans gathered around the table late into the evenings talking about how we can shape this bill on a bipartisan basis. I attended many of those meetings in his office. No one can accuse the Senator from Montana of not reaching out to the other side as part of this solution. He went beyond the extra mile to come back to committee, in effect, killing the legislation. That is the effect of what would happen if the McCain amendment were adopted.

Rather than engage in this kind of debate back and forth, where the Republicans say Medicare gets cut and the Democrats say no, it does not, I wished to share with my colleagues this morning what bipartisan, outside groups say about this bill. Listen to those who have made an analysis of this bill who do not wear a partisan hat, who do not have a political label attached to them, who are saying every syllable, every punctuation mark in the bill to determine what it does for people. The most important, significant organization that represents the interests of the elderly in this country has analyzed this bill and has said to America: This is a good bill. This bill strengthens Medicare, provides benefits, and reduces costs.

That is what we have tried to achieve over these many months. So let’s move on. If you want to cut this bill, if you want to change all this, then offer an amendment that will go back to committee, in effect, killing the legislation. That is the effect of what would happen if the McCain amendment were adopted.

3 days, has tried to make the case that seniors’ Medicare benefits are in jeopardy because “this legislation cuts Medicare.” I have heard that statement over and over and over again. In fact, the last speaker on the other side made that same point.

I am confused when I hear those statements. Why am I very surprised? Because it is totally, patently false. It is false. It is untrue. There are no benefits cut here, none. That is part of the private plans, the Medicare Advantage plans, which are vastly overpaid—the nonpartisan MedPAC organization states they are vastly overpaid by about 14 percent—one could say those private plans—it is not Medicare; those private plans, Medicare Advantage; those are not Medicare plans, those are private plans, private insurance plans—they may be overprescribing some non-guaranteed benefits for beneficiaries, things such as eyeglasses or something like that, precisely for that. That is true. But none of the guaranteed benefits—the basic benefits under Medicare that every senior knows about when he or she goes to the doctor; and it is care under Medicare— is reduced. None.

In fact, this legislation adds benefits to seniors. For example, it virtually fills up this thing we call the doughnut hole. That is the portion of prescription drug payments that seniors otherwise would have to pay $500 of that is going to be paid for, and the rest of it is going to be paid for at least for 1 more year. So that is an additional benefit. Then all the screening provisions that are in this bill, that is an additional benefit. There are many other benefits that are added onto the ordinary benefits seniors have.

So it is not true—it is not true—that the basic guaranteed benefits under Medicare are cut. None of the guaranteed benefits are cut. None. So it is totally untrue. It is false when people make the claim that “Medicare is being cut.”

They are being very clever, the people who are making those claims. What they are saying when they say Medicare will be cut—they want you to think they mean benefits will be cut—but deep in their mind, what they are holding back in their mind—well, when pressed, they will agree, well, it is the infrared, it is the pharmaceutical companies. For example, right now it is the medical equipment manufacturers, it is the pharmaceutical industry. That is being cut. That is “Medicare” that is being cut and, therefore, that will hurt seniors. That is kind of the way they get around it.

Well, the fact is, the way you preserve the solvency of the trust fund is to make sure there are not so many payments, frankly, by Uncle Sam going to pay for all the doctors and hospitals and so forth so the solvency of the trust fund is not cut. That is why this legislation extends the solvency of the Medicare trust fund. If this legislation were not to pass, the Medicare trust fund would probably go insolvent in about the year 2017. But this legislation extends the solvency of the trust fund for at least 5 more years to 2022.

So I wish to make it very clear that this legislation we are considering does not cut Medicare benefits. In fact, the hospitals and docs, I would say, are going to find at least a 5-percent increase in growth over the next 10 years in payments to them under the Medicare Program—growth. I have a chart which I showed yesterday on the floor. It showed, for each of the various years, it is a 5-percent increase in growth for all those industries. They are being cut 1.5 percent, but that is from a 6.5-percent growth, to net down to a 5-percent growth for each of the years.

You ask analysts on Wall Street how hospitals are doing. They are doing great under this legislation. You ask analysts on Wall Street how the pharmaceutical industry is doing. They are doing great under this legislation.

So why are they doing fine? Why, objectively, are they doing fine? Why do the CEOs of these organizations not grumble too much? Because they know what they may lose in a little bit of a reduction in their payments—they will still get a lot more. You ask any analyst about other industries—home health care, hospice care, you name it—they are all doing OK. Wall Street analysts say they are doing fine.

So it is not true that Medicare is going to go broke under this legislation. First of all, there is no reduction in benefits. That is very clear. Senator DODD read a letter from AARP making that very clear. Also, the reductions are in the rate of growth of provider payments; they are reductions in the rate of growth of provider payments, and they are going to do fine. Providers do not care that much because they are making it on volume because everybody is going to have health insurance. They have quite a bit—a 5-percent growth rate anyway. So it is not true—it is not true—that Medicare is in jeopardy because of this legislation. It is not true that benefits are going to be cut. In fact, just the opposite is true.

This legislation strengthens benefits, increases benefits, extends the length of the Medicare trust fund to a future date further down the road, so it stays solvent for many years than otherwise is the case.

This legislation helps seniors. It helps seniors, contrary to what you are hearing on the other side that it hurts seniors. If you just look at the facts, not the rhetoric—not the rhetoric but just look at the facts, look at the facts and look at who the supporters of this legislation are and objective groups and what they say about this legislation—you cannot help but be compelled...
to the conclusion that this legislation is not only good for seniors, it is very good for seniors.

RECOGNITION OF THE MINORITY LEADER
The ACTING PRESIDENT pro tempore. The Republican leader is recognized.
Mr. McCONNEL. Mr. President, with the apologies to my good friends from Montana and Connecticut, I was unavoidably detained at the opening and would like to now, on my leader time, give my opening remarks.

The ACTING PRESIDENT pro tempore. The Senator has the floor.

AFGHANISTAN
Mr. McCONNEL. Mr. President, the challenges of the ongoing war in Afghanistan are immense, but Americans believe in the mission. They trust the advice of our commanders in the field to see that mission through.

So I support the President's decision to follow the advice of General Petraeus and General McChrystal in ordering the same kind of surge in Afghanistan that helped turn the tide in Iraq.

These additional forces will support a counterinsurgency strategy that will enable us to begin the difficult work of reversing the momentum of the Taliban and keeping it from power.

The President is right to follow the advice of the generals in increasing troops, and he is also right to focus on increasing the ability of the Afghan security forces so they can protect the people.

By doing both, he has made it possible for our forces to create the right conditions for Afghanistan—the right conditions for them to defend themselves, create a responsible government, and remain an ally in the war on terror.

Although our forces are in Afghanistan to defend our security interests, the people of Afghanistan must assume a greater burden in the future. The President's plan recognizes that.

Once we achieve our objectives—an Afghanistan that can defend itself, govern itself, control its borders, and remain an ally in the war on terror—then we can reasonably discuss withdrawal, a withdrawal based on conditions, not arbitrary timelines.

But, for now, let me show it to the American people, to those who died on 9/11, and to the many brave Americans who have already died on distant battlefields in this long and difficult struggle, to make sure Afghanistan never again serves as a sanctuary for al-Qaeda. We owe it to the men and women who are now deployed or who will soon be deployed to provide every resource they need to prevail.

HEALTH CARE REFORM
With every passing day, the American people become more and more perplexed about the Democratic plan for health care, and they like it less and less.

Americans thought reform meant lowering costs. This bill actually raises costs. Americans thought reform meant helping the economy. This bill actually makes it worse. Americans thought reform meant strengthening Medicare. This bill raids it to create a new government program that will have the same problems that Medicare does. Americans thought reform meant what they are getting is the opposite—more spending, more debt, more burdens on families and businesses already struggling to get by.

One of the biggest sources of money to pay for this experiment is Medicare. This bill cuts Medicare Advantage by $120 billion. It cuts hospitals by $135 billion. It cuts home health care by $42 billion. It cuts nursing homes by $15 billion. It cuts hospice by $8 billion.

Reform shouldn't come at the expense of seniors. The McCain amendment guarantees it wouldn't. The McCain amendment would send this bill back to the Finance Committee with instructions to remove the language that McCain amendment also says any funds generated from rooting out waste, fraud, and abuse should be used to strengthen Medicare, not to create an entirely new government program.

A vote favor of the McCain amendment is a vote to protect Medicare. Let me say that again. A vote in favor of the McCain amendment is a vote to protect Medicare. A vote against the McCain amendment is a vote to raid this vital program in order to create another one for an entirely new group of Americans. So a vote against the McCain amendment is a vote to take money out of Medicare to create a program for an entirely different set of Americans. A vote against the McCain amendment is a vote against our seniors, and it is a vote against real health care reform.

Mr. President, I yield the floor.
Mr. DODD. Mr. President, how much time remains?

The ACTING PRESIDENT pro tempore. There is 3½ minutes.

Mr. DODD. I yield myself 5 minutes, if I may. I want to go back, if I can. I wish to put up these charts. Again, I say this respectfully, because I genuinely believe that people across the spectrum want to see some reform of the health care system. The question is whether the proposal that has been laid before us by the Finance Committee造福 the American people. They tell our proposals and have suggested we do just that. We strengthen Medicare and we preserve those benefits. Our bill saves $380 billion in order to strengthen the Medicare proposal. It improves the quality of health care for seniors as part of our commitment. In fact, Senator Coburn's Patient Choice Act actually imposes $40 billion more in cuts to Medicare Advantage than our bill does.

I find it somewhat intriguing that those who are arguing for the Coburn proposal as an alternative and simultaneously suggesting we ought not to do anything to Medicare Advantage have
Mr. BAUCUS. Will the Senator yield for a question?
Mr. ALEXANDER. If it is on your time.
Mr. BAUCUS. Is it paid for?

Mr. ALEXANDER. The Senator is right. It is paid for by cutting grandma’s Medicare. It is paid for by cutting grandma’s Medicare by $465 billion over a 10-year period of time, and about $500 billion in taxes.

Mr. BAUCUS. That is a second question I would love to debate with the Senator. But on the first question only, the Senator admits it is paid for?

Mr. ALEXANDER. No. I admit it costs $2.5 trillion, and the attempt to pay for it is through Medicare cuts, tax increases, and increases to the deficit by not including the physician reimbursement in the health care bill.

Mr. BAUCUS. One more question. I think we all know the House has taken action on physician reimbursement, and the Senate will also do so before we adjourn. That is the so-called doc fix. That is a separate issue. That will be paid for. Putting the doctor issue aside, health care reform—and I say that because we take up the doc fix virtually every year. We don’t take up health care reform every year. That is an entirely separate proposition, separate legislative endeavor.

If the Senator will bear with me and take one out of the table for a second—we can address that later—health care reform—to use a 10-year number, or when you start in 2010 or in 2014, wherever you are starting—either there is $1 trillion or $2.5 trillion, depending on when you start, not getting into how it is paid for. Is it paid for and therefore it is not deficit; am I not correct?

Mr. ALEXANDER. I will concede to the Senator from Montana that the attempt of the Democrats to pay for this $2.5 trillion bill consists of Medicare cuts, tax increases, and additions to the deficit by not including the physician reimbursement, which is an essential part of any 10-year health care plan. There may be other problems, but those are the three things I know about.

Mr. BAUCUS. Is it true those provisions are not guaranteed benefits? I am talking about guaranteed benefits that seniors expect to get when they go to the doctor, fee for service, expected benefits, under ordinary Medicare, not benefits that a private plan may pay in addition.

Mr. ALEXANDER. Mr. President, it is clear there are no cuts in Medicare. The Chair and the Senator from Montana and the Senator from Connecticut have all agreed that is a big part of how the bill is supposedly paid for. It is specific enough to say that $135 billion comes from hospitals; $120 billion from Medicare Advantage, which 11 million seniors have; nearly $15 billion from nursing homes; $40 billion from home health agencies; $8 billion from hospices.

The Director of the CBO testified that provisions like that would result in specific cuts to benefits for Medicare Advantage. He said that fully half of the benefits currently provided to seniors under Medicare Advantage would disappear. Those changes would reduce the extra benefits, such as dental, vision, and hearing coverage, that currently are made available to beneficiaries.

Mr. BAUCUS. One more question. Does the Senator agree this legislation will extend the solvency of the Medicare trust fund for 5 years, and failure to pass this would mean the solvency of the Medicare trust fund would not be extended for 5 years?

Mr. ALEXANDER. Mr. President, I wholeheartedly disagree with that. The Medicare trustees have said that between 2015 and 2017 Medicare will be approaching insolvency. They have asked that we take urgent action. The urgent action recommended by a bipartisan majority is that we take $465 billion out of the Medicare Program over 10 years and spend it on a new entitlement.

It is hard for me to understand how that can make Medicare more solvent, and then move money out of grandma’s Medicare and spend it on someone else.

Mr. MCCAIN. Will the Senator yield?

Mr. ALEXANDER. Yes.

Mr. MCCAIN. Isn’t it true—and the Senator from Arizona said it was like passing the costs on to seniors. Senator Boxer, in the same way, compared it to Enron accounting when you have a proposal that, as soon as the bill becomes law, you begin to raise taxes and cut benefits, and then you wait 4 years before any of the benefits are then extended to the beneficiaries? That, on its face, is a remarkable piece of legislation. It is, which is the object of the Senator’s complaint. It is, as I understand by now, punitive.

Mr. ALEXANDER. I say to the Senator from Arizona that he is exactly right. Another way to describe it, the Senator from Arizona said it was like writing a big check on an overdrawn bank account and buying a new car. Maybe another way, if I may respond to the Senator from Arizona—I ask unanimous consent that Republican Senators, on our time, be allowed to engage in a colloquy.

The PRESIDING OFFICER. Is there objection?

Without objection, it is so ordered.

Mr. ALEXANDER. I would like to finish responding to Senator McCain, if I might.

Mr. BAUCUS. Then I have a question on the same subject.

Mr. ALEXANDER. I hope the Parliamentarian is keeping track of the Republican time. I am enjoying the questioning, and I thank the Senator for his question. One of his facts, in fact, a great compliment has been paid to the Senator from Arizona. It is rare that a Senator can have something he said actually begin to break through the fog.

Dana Milbank, a columnist for the Washington Post, wrote a column about it being all about grandma and wondering why we never mention grandma. Maybe Mr. Milbank hasn’t seen the movie “My Big Fat Greek Wedding,” where the man said, “I’m the head of the house,” and the woman said, “I’m the neck, because I can turn the head any way I want.”

We are talking about grandma because she can help persuade grandpa. If we take $465 billion out of Medicare over 10 years, grandma and grandpa and those who are younger and looking forward to Medicare will be affected.

I may say to the Senator from Arizona—and I see the Senator from Oklahoma and the Senator from Nebraska—that it wasn’t long ago, in response to the question—in fact, in 2005, when we sought to restrain the growth of Medicare by $10 billion over 5 years, and this is what they said—remember, they are “restraining” the growth of Medicare by $465 billion and spending it on a new program, and Republicans were, at that time, trying to save $10 billion over 5 years.

“An immoral document,” said Senator Reid and Senator Dodd. The Senator from Connecticut said that funding for Medicare would be cut. Senator Rockefeller: “A moral disaster of monumental proportion.” Senator Boxer, in the same way, compared it to Katrina. Senator Kerry said we are “passing the costs on to seniors.” Senator Levin said people are “going to be hurt by this bill.” “Irresponsible and cruel,” said Senator Kyl. Senator Reid and Senator Hillary Clinton also made similar comments.

That was for $10 billion of restraining the growth of Medicare to spend it on the existing program. Yet this proposal by the Democrats would take $465 billion and spend it on a new program.

Mr. MCCAIN. Isn’t it true—and the Senator from Montana is on the Senate floor and wants to enter into this. Maybe he can respond to his comments of 14 years ago. We weren’t trying to create a new entitlement program, which is the object of the Senator’s bill. We were just trying to enact some savings in the Medicare system.
What did Senator BAUCUS say? He said:

And above all, we must not use Medicare as a piggy bank.

What are we using the $483 billion in cuts in Medicare for?

Then he said:

The administration's proposal is not useful. Perhaps some changes lie ahead. But if they do, they should be made for the single purpose of keeping Medicare services for senior citizens and people with disabilities.

Isn't it true that now that we are taking $483 billion out of a failing system the Medicare trustees say is going to go bankrupt, and the Senator from Montana, 14 years ago, said:

Seniors could easily be forced to give up their doctor, as doctors begin to refuse Medicare patients and hospitals—especially rural hospitals—close.

Isn't that the effect of taking $483 billion in cuts in Medicare? Then the Senator from Montana went on to say:

Equivalent to blowing up the house and erecting a pontoon where it used to be.

Instead of blowing up a pup tent, I would say what they are doing is like a hydrogen bomb. Finally, Senator BAUCUS said:

Staggering. The leadership now proposes something like $250 billion in Medicare cuts. It is staggering. It is a reduction of nearly a quarter in Medicare services by the year 2002.

All of us here learn about the issues. Apparently, the Senator from Montana didn’t learn much, because he was deeply concerned 14 years ago about a very small savings in Medicare. Now he wants to spend $2.5 trillion and taking $483 billion out of Medicare to create a new entitlement system.

Mr. BAUCUS. Might I respond to the Senator?

Mr. ALEXANDER. Mr. President, I am happy to see a debate actually break out on the Senate floor on this issue.

Mr. BAUCUS. Here is your opportunity; here is your chance.

Mr. ALEXANDER. As long as it is on Democratic time.

Mr. BAUCUS. It is on both sides. We have even time.

Mr. ALEXANDER. I mean whatever time the Senate uses should be on Democratic time.

Mr. BAUCUS. Yes. The basic question, obviously, is how to protect Medicare benefits. I think most of us would say less is better. It is not clear how much more Medicare beneficiaries and extend the solvency of the Medicare trust fund. I think we would all agree that excessive payments to providers would cause insolvency of the trust funds to come earlier rather than later. We all agree with that proposition.

The next question is, What would excessive payments to providers be? Do providers get paid excessively? I think that is an honest question we should ask ourselves in a way to help extend the solvency of the Medicare trust fund. In fact, in 1995, many Senators, especially on the other side of the aisle, did say just that, that we have to cut Medicare in order to save benefits. That was made by many Senators. I have them right in front of me, if anybody wants to hear them. I am not going to go through all of that, but it is the truth. That is exactly what we are doing in this bill. We are trying to help extend the solvency of the Medicare trust fund by cutting down on excessive provider payments from the Medicare trust fund.

How do we decide whether payments are excessive? I think it is the basic question here. All we can do is just give it our best shot, make our best judgment. I think it makes sense to look at the recommendations by outside independent groups, what they think. One is MedPAC, the Medicare Payment Advisory Commission. That is an outside group, as we all know, that advises Congress on Medicare payments. As Members of Congress, we are not totally competent to know exactly what dollars should go to which industry and whether our recommendations are obligations to think about. As Senators, we must be responsible to do the best we can. MedPAC has said these groups have been overpaid. And Wall Street analysts tend to agree. In fact, MedPAC said, with respect to Medicare Advantage, that they have been overpaid. I forget the exact amount but much less than the $118 billion reduction in this bill.

In fact, I totaled up and looked at the proposals of providers—hospitals, nursing homes, home health, hospice, PhRMA, you name it—and on average their growth rate over the next decade is going to be 6.5 percent. That is the growth rate of providers. We decided to trim that a little bit by 1.5 percent. So it is 5 percent. It is a 5-percent growth rate in an attempt to try to find the right levels of reimbursement to providers, which will also help extend the solvency of the Medicare trust fund.

When we talk to providers, they basically agree with those cuts. They basically agree. Why do they basically agree? They basically agree because they know that with much more coverage, with many more people having health insurance, they could spread out their business. They may lose a little on margin, but they can pick it up on volume. That is exactly what their business plan is under this bill.

Wall Street analysts say—quote them—these people are doing great, they are doing well under this bill. They are not getting hurt. So we do achieve a win-win—I don’t like that phrase, by the way, but I will use it here—where the solvency of the trust fund is being extended and where reimbursement rates to providers are fair— not being hurt; it is fair. And that is why they want this bill, by and large. Most groups tend now to want this bill enacted because they know it is good for the companies, for the seniors, and it is good for them too.

Mr. MCCAIN. Mr. President, may I just mention again, $70 billion in fraud, abuse, and waste, and Senator COBURN, the doctor, can tell you, that is nowhere in this bill. The fact is, maybe some of the providers have been bought off, jawboned, or had their arms twisted or given a good deal, like PhRMA has. Recipients have not. Medicare recipients worried you cannot get $483 billion without ultimately affecting their benefits, and that is a fact.

Again, conspicuous by its absence, I say to the Senator from Montana, totally conspicuous by its absence is any meaningful malpractice reform, which has been proven in the State of Texas and other States to reduce costs and to increase the supply of physicians and caregivers. There is nothing in this bill that is meaningful about medical malpractice reform.

I had a townhall meeting with doctors in my State, and everyone stood up and said: I practice defensive medicine because I fear being sued.

If you are really serious, I say to the Senator from Montana, if you are really serious about this, medical malpractice should be a key and integral part of it. Even the CBO cost it out at about $54 billion a year. When you count in all the defensive medicine, it could be as much as $200 billion over 10 years. That is conspicuous by its absence. I think it brings into question the dedication of really reducing health care costs across America.

Mr. ALEXANDER. Mr. President, we have enjoyed our discussion with the distinguished chairman of the Finance Committee and thank him for his questions.

Senator COBURN, who is a physician—the Senator from Montana talked about doctors being overpaid. He talked about——

Mr. BAUCUS. No, no, no, I did not. With all due respect, I did not say that.

Mr. ALEXANDER. Didn’t I hear the words “providers overpaid”? I, BAUCUS, I talked about hospitals. I did not talk about doctors overpaid. If I may say to my friend from Tennessee, this legislation pays more to primary care doctors, a 10-percent increase in Medicare reimbursement for each of the next 5 years. I did not say “doctors.”

Mr. ALEXANDER. I must have misunderstood. Normally when we talk about providers, we talk about hospitals and physicians.

I see a physician on the Senate floor, the Senator from Oklahoma. I wonder if he, having heard this debate, might want to comment. I might say, isn’t it true that the McCain motion, which we have on the floor, would send this back to the Finance Committee and say: If there are savings, let’s spend it on Medicare to actually strengthen it?

Mr. COBURN. Mr. President, I thank the Senator. The first comment I have is about relying on what Wall Street analysts say today. They have about this much credibility in this country today. Look at the economic situation we find ourselves in because of what
Wall Street analysts have said, that is the first point I would make. The second point is that the majority whip yesterday said we should cut Medicare Advantage because of the 14 percent. Senator Dorgan just recently went after the Patients' Choice Act because we actually make it be competitively bid without any reduction in benefits. Your bill, for every Medicare Advantage, cuts 50 percent of the benefits of that program.

The difference is—and I agree with the majority whip—we do need to have the savings in Medicare Advantage, but the way you get that is through competitively bidding it while at the same time maintaining the requirements for the benefits that are offered. There is a big difference in those two. Ours ends up being pure savings to save Medicare. The savings in this bill are to create a new entitlement.

The other point I wish to make is, if you are a senior out there listening and if you are going to be subject to the new increase in Medicare tax, for the first time in history, we are going to take in a Medicare tax and not use it for Medicare, we are going to use it for something else under this bill. This one-half of 1 percent is now going to be consumed in something outside of Medicare. So no longer do we have a Medicare tax for the Medicare trust fund. We have a Medicare tax that funds the Medicare trust fund plus other programs.

I say to my colleagues, I think we want a little bit of the same things. How do we go about it—the Senator from Montana recognized the fact that we are going to increase payments to primary care physicians. Ask yourself the question why only 1 in 50 doctors last year who graduated from medical school is going into primary care. Why do you think that is? Could it be that the government that is setting the payment rates created a maldistribution in remuneration to primary care physicians; therefore, we are choosing to go where the money is, make 200 percent more over their lifetime by spending a additional year in residency rather than doing primary care?

What this bill does, and what the Senator from Arizona is trying to do by sending this bill back, is to refocus on the fact that Medicare money ought to be used for Medicare. If, in fact, we are going to slow the growth of Medicare, can we do that without cutting illnesses in half? How do you control the growth in this bill for 11 million Americans who now have Medicare Advantage will diminish their benefits. That is out of the $120 billion that is going to come. You cannot tell a senior who is in a rural community, who are on the lower rungs of the ladder, who uses Medicare Advantage to equalize their care with somebody who can afford a Medicare supplemental policy, you cannot tell them this is not going to diminish their benefits and their care, because it is. And in the bill, it actually states that it is going to decrease their benefits.

Mr. MCCAIN. Will the Senator yield?

Very briefly, the Senator from Montana talked about the support the bill gets. AARP makes more money from Medigap plans they sell to seniors. AARP should be opposing the bill, but other groups such as 60 Plus are educating seniors.

The American Medical Association endorsement of the bill—shocking. The bill puts the government in charge, but AARP cut a deal to get their Medicare payments addressed by increasing the deficit by $250 billion.

Mr. COBURN. On that agreement, will the Senator yield for a minute?

Mr. MCCAIN. PhRMA—my God, if there ever was an obscene alliance made that will harm seniors because it has the administration against drug re-importation from Canada and competition for treatment of Medicare patients.

So now we understand a little bit better why these special interest groups, 500-some that have visited the White House in recent months, according to White House logs.

Mr. COBURN. The Senator would probably be interested in—and, I know, my colleagues on the other side—that the American Medical Association now represents less than 10 percent of the actively practicing physicians in this country. The physicians as a whole in this country are adamantly opposed to this bill. The reason they are opposed to this bill is because you are insuring government between them and their patient. That is why they are opposed to this bill.

So you have the endorsement of the AHA which represents less than 10 percent of the practicing doctors actively practicing doctors—in this country because not only will it increase payments, but CPT code revenue is protected. That is the revenue AMA gathers from the payment system that continues to be fostered in this bill, which is their main source of revenue.

Mr. MCCAIN. May I ask my colleagues—

Mr. MCCAIN. PhRMA, my God, if there ever was an obscene alliance made that will harm seniors because it has the administration against drug re-importation from Canada and competition for treatment of Medicare patients.

So now we understand a little bit better why these special interest groups, 500-some that have visited the White House in recent months, according to White House logs.

Mr. COBURN. The Senator would probably be interested in—and, I know, my colleagues on the other side—that the American Medical Association now represents less than 10 percent of the actively practicing physicians in this country. The physicians as a whole in this country are adamantly opposed to this bill. The reason they are opposed to this bill is because you are insuring government between them and their patient. That is why they are opposed to this bill.

So you have the endorsement of the AHA which represents less than 10 percent of the practicing doctors actively practicing doctors—in this country because not only will it increase payments, but CPT code revenue is protected. That is the revenue AMA gathers from the payment system that continues to be fostered in this bill, which is their main source of revenue.

Mr. COBURN. May I ask my colleagues—

Mr. MCCAIN. May I ask my colleagues, I think we want a little bit of the same things. Why we do go about it—the Senator from Montana recognized the fact that we are going to increase payments to primary care physicians. Ask yourself the question why only 1 in 50 doctors last year who graduated from medical school is going into primary care. Why do you think that is? Could it be that the government that is setting the payment rates created a maldistribution in remuneration to primary care physicians; therefore, we are choosing to go where the money is, make 200 percent more over their lifetime by spending a additional year in residency rather than doing primary care?

What this bill does, and what the Senator from Arizona is trying to do by sending this bill back, is to refocus on the fact that Medicare money ought to be used for Medicare. If, in fact, we are going to slow the growth of Medicare, can we do that without cutting illnesses in half? How do we go about it—the Senator from Montana recognized the fact that we are going to increase payments to primary care physicians. Ask yourself the question why only 1 in 50 doctors last year who graduated from medical school is going into primary care. Why do you think that is? Could it be that the government that is setting the payment rates created a maldistribution in remuneration to primary care physicians; therefore, we are choosing to go where the money is, make 200 percent more over their lifetime by spending a additional year in residency rather than doing primary care?
On October 6, the Wall Street Journal ran a story saying that McCain planned to pay for his health care plan "in part" through reduced Medicare and Medicaid spending, quoting Holtz-Eakin. The Journal characterizes these reductions as both "cuts" and "savings." Importantly, Holtz-Eakin did not say that any benefits would be cut, and the one direct quote from him in the article makes clear that he's talking about economics:

Wall Street Journal, Oct. 6: Mr. Holtz-Eakin says the Medicare and Medicaid changes would improve the programs and eliminate fraud, but he didn't detail where the cuts would come from. "It's about giving them [Medicare beneficiaries] the benefit package that has been promised to them by law at lower cost," he said.

Nevertheless, a Democratic-leaning group quickly twisted his quotes into a report with a headline stating that the McCain plan "requires deep benefit and eligibility cuts in Medicare and Medicaid"—the opposite of what Holtz-Eakin is saying. The report was issued by the Center for American Progress Action Fund, headed by John D. Podesta, former chief of staff to Democratic President Bill Clinton. The report's authors are a former Clinton administration official, a former aide to Democratic Sen. Bob Kerrey and a former aid to Democratic Sen. Barbara Mikulski. The Journal reporter cited a $1.3 trillion estimate of the amount McCain would cut $882 billion from Medicare alone, "requiring cuts in benefits, eligibility, or both."

Obama elaborated on the theme Oct. 18 in a stump speech in St. Louis, Mo., claiming "flatly that there are face major medical hardships under McCain:

"Obama, Oct. 18: But it turns out, Senator McCain would pay for part of his plan by making drastic cuts in Medicare—$882 billion worth. Under his plan, if you count on Medicare, you would have fewer places to get care, and less freedom to choose your doctors. You'll pay for your drugs, receive fewer services, and get lower quality care."

Update, Oct. 21: A second and even more misleading Obama ad begins: "How will your Medicare [beneficiaries] the benefit package that has been promised to them by law at lower cost," he said.

Mr. McCain's intentions, but even so it clearly quoted him as saying McCain planned on "giving [Medicare and Medicaid beneficiaries] the benefit package that has been promised."

Nevertheless, a Democratic-leaning group quickly twisted his quotes into a report with a headline stating that the McCain plan "requires deep benefit and eligibility cuts in Medicare and Medicaid"—the opposite of what Holtz-Eakin was saying. The report was issued by the Center for American Progress Action Fund, headed by John D. Podesta, former chief of staff to Democratic President Bill Clinton. The report's authors are a former Clinton administration official, a former aide to Democratic Sen. Bob Kerrey and a former aide to Democratic Sen. Barbara Mikulski.

The first sentence said—quite incorrectly—that McCain "disclosed this week that he would pay for Medicare and Medicaid to pay for his health care plan." McCain said no such thing, and neither did Holtz-Eakin. The Journal reporter cited a $1.3 trillion estimate of the amount McCain would cut, over 10 years, to make his health care plan "budget neutral," as he promises to do. The estimate comes not from McCain, but from the Urban-Brookings Tax Policy Center. McCain and Holtz-Eakin haven’t disputed that figure, but they haven’t endorsed it either.

Nevertheless, the report assumes McCain would divide $1.3 trillion in "cuts" proportionately between the two programs, and comes up with this: The McCain plan will cut $882 billion from Medicare and Medicaid spending, roughly 13 percent of Medicare's projected spending over a 10-year period." And with such a cut, the report concludes, Medicare spending will not keep pace with inflation and enrollment growth—thereby requiring cuts in benefits, eligibility, or both."

Mr. DODD. Mr. President, may I inquire how much time remains on both sides?

The PRESIDING OFFICER. Thirty seconds remains for the minority.

Mr. DODD. The minority has 30 seconds.

Mr. JOHANNES. Mr. President, I will speak very quickly, since we have 30 seconds.

Reality does set in. We have looked at the impact of these cuts on our nursing home beds in Nebraska. We have helped to pay for the rest of his health care plan "with major reductions to Medicare and Medicaid."

Eighthundred and eighty-two billion from Medicare alone. "Requiring cuts in benefits, eligibility, or both."

Mr. McCain... Taxing Health Benefits... Cutting Medicare. We Can't Afford John McCain.

Obama. I'm Barack Obama and I approved this message.

The ad quotes the Wall Street Journal as saying McCain would pay for his health care plan with "major reductions to Medicare and Medicaid," which the ad says would total $882 billion from Medicare alone—"requiring cuts in benefits, eligibility, or both."

Obama elaborated on the theme Oct. 18 in a stump speech in St. Louis, Mo., claiming "flatly that there are major medical hardships under McCain:

"Obama, Oct. 18: But it turns out, Senator McCain would pay for part of his plan by making drastic cuts in Medicare—$882 billion worth. Under his plan, if you count on Medicare, you would have fewer places to get care, and less freedom to choose your doctors. You'll pay for your drugs, receive fewer services, and get lower quality care."

Update, Oct. 21: A second and even more misleading Obama ad begins: "How will your Medicare [beneficiaries] the benefit package that has been promised to them by law at lower cost," he said.

Mr. McCain, Mr. President, I hope the Senator from Nevada will stop making false claims—repeating the false claims that were in attack ads on me throughout the campaign, funded by tens of millions of dollars, about my positions on health care in America which the fact checkers found to be totally false.

As the narrator says that McCain's plan "means a 22 percent cut in benefits," the ad displays a footnote citing an Oct. 6 Wall Street Journal story as its authority.

FactCheck: But, in fact, the Journal story makes no mention of any 22 percent reduction, or any reduction at all.

I hope, among other things, in his, may I describe, frustration, that the Senate majority leader would at least make symbolic meaningful discussion about the facts involving how much longer I can continue. To constantly be up against regulation and funding, when all you want to do is make a difference in someone's life, is exhausting.

This is a high-risk venture. This shouldn't be about taking our best shot, this should be about getting this legislation right.

I thank the Chair.

The PRESIDING OFFICER. The Senator from Connecticut.

Mr. DODD. Mr. President, let me, if I can, address a couple of points. First of all, I made this point but it deserves being made again because the suggestion somehow that this bill doesn't provide any benefits to anyone until the year 2014 is untrue. I could spend the next 40 minutes describing the various things our bill does immediately. Upon the enactment of this legislation, there are tax breaks immediately for small businesses to be able to reduce the cost of health care in a market where small businesses pay, on average, 18 percent more for health care. Part of that is what we do. As pointed out by the CBO, under our bill you are actually seeing premium cost reductions in the small
business market, as well as the individual market and the large-group market.

Right away our legislation closes a good part of that doughnut hole, which is an immediate benefit to the cost of prescription drugs for the elderly. That doesn't happen for 1 or 5 years from now, but immediately.

We provide immediate screening and prevention services for Americans. As I mentioned earlier, that is not only the humane thing to do, it is also a great cost saver. If you can detect an early problem and deal with it, the cost savings are monumental, and we all know that.

Under our health care plans as Senators—we get 23 different options every year to choose from—we have that benefit. I am a beneficiary of that benefit, having identified a health care problem early through screening. That was not only beneficial to me personally, because I am going to be alive for a long time down the road, but also, it saved thousands of dollars in long-term medical costs that would have occurred if I had not identified the problem. Those are simple things that are included in our bill that happen immediately.

You can't be dropped by your health care carrier, as you are today. Today, you can be dropped for no cause—for no reason whatsoever. That is stopped immediately on the adoption of this legislation.

So when I heard my good friend from Arizona saying there are no benefits in this bill for 4 or 5 years, that is not true. And again, a simple reading of the legislation would identify any number—I have here a long list—of benefits that will happen immediately.

The issue Senator Baucus has raised over and over again is the issue of guaranteed benefits under Medicare. Guaranteed benefits. Let me challenge my colleagues to identify a single guaranteed benefit under Medicare that is cut by the bill before us. There is not a single benefit under the guaranteed program that is in any way disadvantaged or reduced as a result of this legislation. What is cut are private health care plans under the Medicare Advantage Program. The reason why we are doing this is Medicare Advantage overpayments cost every senior more money. A typical elderly couple pays 40 more per year in Part B premiums to pay for the Medicare Advantage overpayments, even if they are not enrolled in these plans. That is $90, on average, for every couple, and they get none of the benefits from it. Fully 78 percent of beneficiaries are forced to pay higher premiums for non-Medicare extra benefits they will never see.

Again, I understand some people would like to have these additional benefits. I understand that. They are not guaranteed Medicare benefits. These are extra benefits that are provided for under Medicare Advantage. But 78 percent of our elderly are paying higher premiums so a smaller percentage of people can get those benefits. Why should 78 percent of the elderly in this country pay a higher premium for a smaller percentage of people under private health care plans?

What Senator Baucus and the Finance Committee tries to do is to reduce those benefits. There are not guaranteed Medicare benefits. There is no guaranteed Medicare benefit that is cut under this bill, and I defy any Member of this body to find one guaranteed benefit that is reduced under this plan.

Mr. BURR. Will the Senator yield for a question?

Mr. DODD. I will be happy to yield to my friend.

Mr. BURR. I would ask the distinguished Senator from Connecticut if we empower the independent Medicare advisory board to come up with $23.4 billion in cuts under Medicare? Can the Senator from Connecticut assure me that the independent Medicare advisory board would not find a benefit that is not provided under this plan?

Mr. DODD. Absolutely. That is not allowed under this. You cannot cut guaranteed benefits. Going back and looking at providers—

Mr. BURR. If the Senator will yield for an additional question: Is this board empowered to find $23.4 billion worth of cuts?

Mr. DODD. Not under guaranteed benefits. That is very clear.

Mr. BURR. Will the Senator show me that they are not mistaken, isn't the verdict in—a cease and desist order for Medicare Advantage tell me this plan, run by private health insurance companies, costs more than basic Medicare. These companies promised us, when they got involved, they would show us how to run a health insurance plan. They would show us how to provide Medicare benefits and they would save us money. Some have. But by and large, if I am not mistaken, isn't the verdict in—a 14 percent increase in cost for Medicare benefits under this Medicare Advantage?

Mr. DODD. My colleague from Illinois is absolutely correct, it is 14 percent. In some States it is 50 percent more.

Mr. DURBIN. When we talk about saving over $100 billion in the Medicare Program over the 10 years, part of it is by saying to those private health insurance companies that are overcharging Medicare recipients, the party is over. The subsidy is over. We are going to make sure that every American who qualifies for Medicare gets the basic benefits, but we will not allow these private health insurance companies to get a subsidy from the Federal Government at the expense of Medicare and its recipients.

Mr. DODD. And then charging the other 78 percent of Medicare recipients to raise their premiums. That is the outrage of all this.

Mr. DURBIN. So the motive behind the McCain amendment is less about saving Medicare and more about saving private health insurance program called Medicare Advantage.

Mr. DODD. And talk about mis-branding, calling something Medicare
Advantage. It is neither Medicare nor an advantage. Quite the opposite, in fact.

You are accurate in your numbers, by the way, because I want people to know, as much as we respect the Senator from Illinois and his math, the numbers he identifies of $100 billion this program is costing us, comes from the Congressional Budget Office. We didn’t make up these numbers. That is the cost savings by modifying Medicare Advantage. In other words, how much they have cost us so much and deprived the overwhelming majority of our elderly the benefits they end up paying for. So I appreciate very much the Senator’s question.

Mr. BAUCUS. If the Senator will yield for another question, might I ask my friend if it isn’t also true that in the June MedPAC report it states that Medicare Advantage overpayments cost taxpayers an extra $12 billion?

Mr. DODD. That is correct. And again, that is MedPAC.

Mr. BAUCUS. Well, that is right, that is MedPAC. I think the point the Senator from Illinois is making needs to be underlined two or three or four times here—and the Senator from Connecticut. It too—and that is there is a huge distinction between Medicare and these private insurance plans.

Mr. DODD. I think too many of our fellow citizens hear the word Medicare Advantage and assume that is the Medicare Program, and it is not.

Mr. BAUCUS. It is not. It is a private plan.

What Medicare Advantage is overpaid—that is what those insurance companies are overpaid, and a lot of that goes back to the Part D drug bill and so forth—those overpayments necessarily mean better benefits for persons who signed up for those plans. Mr. DODD. In fact, there is no evidence that overpayments to plans leads to better health care. That is again according to MedPAC.

Mr. BAUCUS. If that is true, why might that be the case, just so people understand?

Mr. DODD. Because insurers, not seniors or the Medicare Program, determine how these overpayments are used. And too often they are used to line the pockets of insurers, to increase their profits and not to provide benefits.

Mr. BAUCUS. Does Medicare decide what the benefits will be for those folks?

Mr. DODD. No. It is the private carriers that decide that.

Mr. BAUCUS. The private insurance carriers.

Mr. DODD. Yes, they are the ones that set the rates and determine where the profits go. That is why it is such a misnomer to call this Medicare Advantage, because it is neither Medicare nor an advantage.

The PRESIDING OFFICER. The time has expired.

Mr. COBURN. Mr. President, I ask unanimous consent for 2 additional minutes.

The PRESIDING OFFICER. Is there objection?

Mr. COBURN. Reserving the right to object, I will ask for 2 additional minutes for my side.

Mr. DODD. Well, I gave 2 minutes to my friends earlier.

Mr. COBURN. How about 1?

Mr. DODD. If he wants 2 additional minutes, I have no problem giving my colleague 2 additional minutes.

Mr. BAUCUS. You already said it, but I think it is worth repeating—

The PRESIDING OFFICER. Without objection, the request is agreed to.

Mr. BAUCUS. Most seniors, as they pay Part B premiums under fee for service, don’t get any benefit whatsoever?

Mr. DODD. That is correct. None whatsoever. In fact, all they do get is higher premiums.

Mr. BAUCUS. That is right. Higher premiums.

Mr. DODD. Higher premiums. And 78 percent, almost 80 percent are paying more for a program from which they never get any benefit.

Mr. BAUCUS. The figure I saw—I guess it is $90 a year they pay extra and get no benefit from it.

Mr. DODD. I agree with the Senator from Connecticut and you do exactly what Senator Durbin is suggesting: Preserve Medicare Advantage, and under Medicare Advantage 78 percent of our elderly pay more premiums, never get any benefit, and we are going to take the Medicare Advantage out of the MedPAC amendment and you do exactly what Senator Durbin is suggesting: Preserve Medicare Advantage, and under Medicare Advantage 78 percent of our elderly pay more premiums, never get any benefit. The seniors who can afford to pay Part B premiums under fee for service, don’t get any benefit whatsoever. In fact, all they do get is higher premiums.

Mr. BAUCUS. The figure I saw—I guess it is $90 a year they pay extra and get no benefit from it.

Mr. DODD. I agree with the Senator.

Mr. COBURN. I appreciate my chairman and one of the promises was: If you have what you have now and you like it, you can keep it. What is happening under this bill for 11 million seniors on Medicare Advantage, that is not going to happen. If they like it, they are not going to be able to keep what they have. You can’t deny that. That is the truth.

Medicare Advantage needs to be reformed. There is no question about it. I agree. As the Senator alluded to, in the Patients Choice Act we actually save $160 billion in the Patients’ Choice Act, but we don’t diminish any of the benefits, and we do that because CMS failed to competitively bid it, because when it was written—and I understand who wrote it—when it was written we didn’t make them competitively bid it. You could get the same savings, actually get more savings and not reduce benefits in any amount, if you competitively bid that product. But we have decided we are not going to do that.

The second point I make with my colleagues is the vast majority of people on Medicare Advantage are on the lower bottom economically. They can’t afford an AARP supplemental bill. They can’t afford to pay an extra $150 or $200 a month. So what happens most of the time with Medicare Advantage is working people up to what everybody else in Medicare gets because most people can afford—84 percent of the people in this country can afford to buy a Medicare supplemental policy because Medicare doesn’t cover everything.

Your idea to try to save money, I agree with. But cutting the benefits I do not agree with. You are right, Senator Dodd, the basic guaranteed benefits have to be supplied to Medicare Advantage and then the things above that which you get from the supplemental policy, what you can afford to buy, is what these people get. And what you are taking away from poorest of our elderly is the ability to have the same care than people who get can afford to buy a supplemental policy. That is the difference.

The PRESIDING OFFICER. The time of the Senator has expired.

Mr. COBURN. I appreciate my chairman for his courtesy in yielding the time.

The PRESIDING OFFICER. Under the previous order, the Senate stands in recess until 12:30 p.m. Thereupon, the Senate, at 11:35 a.m., recessed until 12:30 p.m. and reassembled when called to order by the Presiding Officer (Mrs. HAGAN).

SERVICE MEMBERS HOME OWNERSHIP TAX ACT OF 2009—Continued

The PRESIDING OFFICER, the Senator from Iowa.
Mr. GRASSLEY. Madam President, on Monday the Congressional Budget Office sent a letter to the Senator from Indiana, Mr. BAYH, that provides a very comprehensive analysis of what health insurance premiums will look like as a result of the bill that is being considered, introduced by Senator Reid. Listening to that discussion, I am starting to wonder if anyone actually read the letter. I hear a lot of people saying this letter proves that premiums will go down under the Reid bill, even though that is not what the letter says. I am here to tell my colleagues what the letter really says.

The letter makes it very clear that premiums will increase on average by 10 to 13 percent for people buying coverage in the individual market. Since it seems to fly by everybody what this letter actually said about increasing premiums, I brought down a chart to show everyone in case they missed it. The CBO says the letter makes it very clear that for the individual market, premiums are going to go up 10 to 13 percent. My colleagues keep saying premiums are going to go down, conveniently forgetting, then, to mention this 10 to 13-percent increase. They prefer to talk only about the percent of Americans in the individual market who are getting subsidies. It is true that government is spending $500 billion in hard-earned taxpayer money to cover up the fact that this bill drives up insurance premiums. So we might as well repeat it: Premiums will go up faster under this bill.

Supporters of this bill are covering this increase in cost how? By handing out subsidies. If you are one of the 14 million who don’t happen to get a subsidy, you are out of luck. You are stuck with a plan that is 10 to 13 percent more expensive and also, simultaneously with it, an unprecedented new Federal law that mandates that you purchase insurance. If you don’t purchase insurance, you are going to pay a penalty to the IRS every time you file your income tax. Some may say this is just the individual market. It only accounts for a small portion of the total market. If you are comfortable with 14 million people paying more under this bill than they would under current law, let’s look at the employer-based market.

The Congressional Budget Office analysis says this bill maintains the status quo in the small group and large group insurance market. Is that something to be celebrating? Are expectations so low at this point that my friends on the other side of the aisle are celebrating that this bill will increase premiums for some and maintain the status quo for everyone else? I am being generous in using the phrase “status quo” because this bill actually makes things worse for millions of people. This bill is so bad that my friends on the other side of the aisle are trying to convince the American people that this is just more of the same, when that doesn’t happen to be the case.

Whatever happened to bending the growth curve? If that is too Washingtonese for people, the goal around here of a bill at one time was to make sure the inflation in insurance didn’t continue to go up so much that it would put people out of work. Then what about the President’s promise that everyone would save $2,500? According to the Congressional Budget Office, almost every small business will pay between 1 percent more to 2 percent less for health insurance. That means, of course, that compared to what businesses would have paid under current law, this bill will either raise premiums 1 percent or decrease them a whopping 2 percent. It doesn’t sound like this bill is providing any real relief or, for sure, not providing $2,500 savings for every American, as President Obama repeatedly pledged during the campaign. Larger businesses will pay between 1 percent more to 3 percent less for health insurance. Once again, that doesn’t sound like relief; it sounds like more of the same.

In fact, the Congressional Budget Office has confirmed that between now and 2016, premiums will continue to grow at twice the rate of inflation. I thought Congress was considering health reform to put an end to unsustainable premium increases.

This bill cuts Medicare by $500 billion, raises taxes by $500 billion, restructures 17 percent of our economy, and spends $2.5 trillion. Yet some of my colleagues on the other side of the aisle are celebrating that they have achieved the status quo when, in fact, the situation will be worse. I always thought the status quo was unacceptable. I thought businesses could not afford the status quo. I thought the status quo was killing American businesses, making this country less competitive. But Member after Member keeps coming down to Washingtonese for people, the goal around here of a bill at one time was to make sure the inflation in insurance didn’t continue to go up so much that it would put people out of work. But this bill fails to address that concern because it raises taxes, higher premiums, increased deficits, less Medicare. They are celebrating that they spent $2.5 trillion to raise premiums for 14 million people, not bending the growth curve of inflation, health care, and not cutting costs. Don’t take my word for it. Read the letter. Read the letter from the Congressional Budget Office. I have copies I will pass out if anybody wants them. I have this chart that demonstrates that point.

I also wish to take a few minutes at this time to correct some inaccurate comments made earlier by some of my colleagues. When we are talking about 17 percent of the economy and something that touches the lives of every single American, I want to make sure we have an honest and accurate debate. This morning I heard at least three Members on the other side of the aisle say that Medicare Advantage is not part of Medicare. This is totally false. But don’t take my word for it. I would like to have Members turn to page 50 of the handbook, “Medicare and You.” Presumably it has the date of 2010 on it. It is sent out every year. In it, I think I have two copies of this letter. It is sent out every year. In fact, I think I have two copies of this letter. I also wish to take a few minutes at this time to correct some inaccurate comments made earlier by some of my colleagues. When we are talking about 17 percent of the economy and something that touches the lives of every single American, I want to make sure we have an honest and accurate debate. This morning I heard at least three Members on the other side of the aisle say that Medicare Advantage is not part of Medicare. This is totally false.

But don’t take my word for it. I would like to have Members turn to page 50 of the handbook, “Medicare and You.” Presumably it has the date of 2010 on it. It is sent out every year. In fact, I think I have two copies of this in my household. If anybody wants to save paper and not waste taxpayer money, they can get on the Internet and tell them only to send one to their house next year. I have done that.

This book says, for those who say Medicare Advantage is not part of Medicare:

A Medicare Advantage plan is another health coverage choice that you may have as part of Medicare.

That repeat, despite what Members were saying earlier, the “Medicare and You” handbook says very clearly: Medicare Advantage Plans are part of Medicare. So if you are cutting Medicare Advantages, benefits, you are, in fact, cutting Medicare benefits. Next, I hear a lot of Members talking about guaranteed benefits versus statutory benefits. I can’t speak for my other 99 colleagues, but the seniors in Iowa who have come to rely upon the free flu shots, eyeglasses, and dental care Medicare Advantage provides don’t care if they are guaranteed or if they are statutory. Seniors in Iowa just want to know they will still have $2.5 trillion and premiums will still increase as fast or faster, they would say that was a pretty bad investment. Well, I will not argue with what our constituents would say on that point. I agree with them.
these benefits after health reform is passed.

The Senator from Connecticut challenged any Member to come down to the Senate floor and point out where this bill will cut benefits. He even read a section from page 1,004 of the 2,074-page bill that talks about how the Medicare Commission cannot cut benefits or ration care. I have read page 1,004. What Senator DODD failed to mention is that this section only refers to Parts A and B of Medicare. It fails to protect any protection that Medicare Part D, the prescription drug benefit, or the Medicare Advantage Program that covers 11 million seniors.

Are we now going to start hearing that Medicare Part D is not part of Medicare either? In fact, on page 1,005, it specifically says the Medicare Commission can “[i]nclude recommendations to reduce Medicare payments under parts C and D.”

I have asked CBS, and they have confirmed that this policy could result in higher premiums and less benefits to seniors. In fact, this is what Congressional Budget Office Director Elmendorf said, and we have that on a chart for you to see the quote I am going to read. The reduction in subsidies to [Part D] would raise the cost to beneficiaries.”

Lastly, I wish to raise an issue about access to care. I keep hearing my friends on the other side of the aisle talk about how these cuts will not affect seniors. They say they are just overpayments to providers. Well, in my opinion, if you cannot find a doctor or if you cannot find a home health provider or a hospice provider to deliver care, then that tends to be a very big problem. I would even consider that a cut in benefits or hurting access to care.

But, once again, do not take my word for it. In talking about similar cuts to Medicare, the Office of the Actuary at the Centers for Medicare & Medicaid Services said providers that rely on Medicare might end their participation, “[p]ossibly jeopardizing access to care for beneficiaries.”

So let’s be accurate and let’s be honest. Medicare Advantage is part of Medicare, and this bill cuts benefits seniors have come to rely on. The Medicare Commission absolutely has authority to cut benefits and to raise premiums, and this bill will jeopardize that access to care.

Those are all facts. They are not my facts but facts taken directly from the language of this 2,074-page bill and from reports of the Congressional Budget Office and the Office of the Actuary at the Centers for Medicare & Medicaid Services.

I yield the floor.

The PRESIDING OFFICER. The Senator from Illinois?

Mr. DURBIN. Madam President, it seems to me following the Senator from Iowa every day. I, first, wish to acknowledge my friendship and respect for him. But the Medicare Advantage Program, which the Republican side is trying to protect, is a program which is private health insurance.

The largest political opponent to health care reform in America is the private health insurance industry. We have optimistically estimated this bill will cost $170 billion over the next 10 years—no small amount. We believe that money is better spent on extending benefits to Medicare beneficiaries, not in providing additional profits to already profitable private health insurance companies.

Yes, Medicare Advantage policies are offering Medicare benefits, but they are charging more for it than the government. So it did not turn out to be a bargain. It turned out to be a loss to the Medicare Program. They did not do what they promised to do. We want to hold them accountable. The McCain amendment wants to let them off the hook and basically say: Private health insurance companies, keep drawing that money out of Medicare. We are not going to hold you accountable.

That earns the McCain Advantage Program, that decision by Congress to give them a special privilege in selling this health insurance is, too darn expensive for senior citizens and people who rely on Medicare. That is why we are opposing the McCain amendment.

I might add, this is the third day of the debate on health care reform in America. We have yet to vote on a single amendment and the Republican leaders refuse to allow us to bring an amendment to the floor for a vote. How can you have an honest debate about a bill of this seriousness and magnitude if you cannot bring a measure to a vote on the floor?

Those who follow the Senate know it is a peculiar institution and its rules protect minorities, and individual Senators can object to a vote. The Republican Senators have objected to even on the McCain amendment, which I believe was filed on Monday, and here we are on Wednesday. We have talked about it. We know what is in it. We should vote on it. But the Republicans do not want to let the White House in on this. They want to keep this out in the hope that our desire to go home for Christmas means we will walk away from health care reform.

Well, if a few of the Republican Senators could have just left the Democratic caucus, they would know better. We are determined to bring this bill to a vote. We are determined to bring real health care reform to this country. We know what is at stake.

The current health care system in America is not affordable for most Americans. Health insurance premiums have gone up dramatically in cost. Individuals cannot afford to buy a policy. Businesses are dropping coverage of their employees. We know the costs are unaffordable.

Unless we start bringing those costs down, this great health care system in America is going to collapse. We need to preserve the things that are good in this system and fix those that are broken. Affordable health care is the first thing we need to address. The second thing we need to address, quite obviously, is to make sure every American has the right, as a consumer, to get coverage when they need it.

How many times have you heard the story of people who pay their health insurance premiums their whole lives, then somebody gets sick in their house—a new baby, a child, your wife, your husband—a big medical bill is coming, you go to the health insurance company, and you are in for a battle. They will not pay it. They say: Oh, we took a look at your application you filed a few years ago. You failed to disclose that you had acne when you were an adolescent. Am I making that up? No. That is an actual case. Because you did not disclose that you had acne as an adolescent, you failed to disclose a preexisting condition, so we have no obligation to pay for anything. If this sounds farfetched, believe me, it is an actual case—and there are many others like it.

Private insurance companies have spent a fortune hiring an army of people, sitting in front of computer screens, talking to the people who are paying the premiums, and above their computers is a sign that says: “Just Say No.” They say no consistently because every time they say no, their profits go up. But it leaves individuals and families in a terrible situation—denied coverage because they could not carry their health insurance policy with them after they
lost their job; denied coverage because of a cap in the amount of money the policy would pay; rescinded, where they walk away from an insurance policy because of some objection they have, legal objection; or how about one of your kids who turned age 24, no longer covered by your family health plan, now out on their own, maybe fresh from college, and has no job and no health insurance.

This bill addresses those issues. This bill contains the concern people will have over a preexisting condition. It takes away the power of the health insurance companies to say no. It finally creates a situation, which we have waited for for a long time. America is the only civilized, industrialized country in the world where a person can die for lack of health insurance. It does not happen anywhere else—only in America. Madam President, 45,000 people a year die for lack of health insurance.

Who are these people? Let me give you an example, one person whom I met. Her name is Jude, and she works in a motel in southern Illinois. She is 60 years old, a delightful, happy woman. She is the one who takes the dishes at the end of this little breakfast they offer at the motel. She could not be happier and nicer. She is 60 years old, with diabetes. She never had health insurance in her life—never. She goes to work every day, works 30 hours a week, makes about $12,000 a year. She does not have health insurance, but she does have diabetes. She said to me: If I had health insurance, I would go to the doctor. I have had some bumps that have concerned me for a little while here, but I can’t afford it, Senator.

That is an example of a person who does not have the benefit of health insurance. This bill we are talking about—this bill we are going to produce for everyone to read on the Internet; it is already there; it has been there for 10 days already; it will continue to be there—this bill makes sure that 94 percent of the people in America have health insurance coverage. That is an all-time high for the United States of America.

I might also say, despite the criticisms—and they are entitled to be critical on the Republican side of the aisle—they have yet to answer the most basic criticism I have offered. Where is your bill? Where is the Republican bill? The President wrote on the Republican side of the table. I have been in the Senate 11 years; I have been in the Senate for a number of years on behalf of innovators, and they do not say a thing. I have been on both sides of the table. I have been in the Senate for a number of years on behalf of innovators, and they do not say a thing.

This bill addresses those issues. This bill contains the concern people will have over a preexisting condition. It takes away the power of the health insurance companies to say no. It finally creates a situation, which we have waited for for a long time. America is the only civilized, industrialized country in the world where a person can die for lack of health insurance. It does not happen anywhere else—only in America. Madam President, 45,000 people a year die for lack of health insurance.

It does not happen anywhere else—only in America. Madam President, 45,000 people a year die for lack of health insurance.

Medical malpractice reform proposals described in the Federal State Reform Act. Government does not have a medical malpractice law, not in general terms. It does for specific programs such as Indian health care, for example, or federally qualified clinics. But when it comes to the general practice of medicine, that is governed by State laws, and the States decide when you can sue, what you can sue for, and the procedures you have to follow. In almost every State there has been a system that has developed over the years and uses regularly change and update their laws. The States try to strike a balance to protect patients, preserve their hospitals and doctors and other medical providers, ensure that those who are injured are not injured for a second time, and manage the cost of their system.

At least twenty-eight States, as of last year, have decided to impose caps on noneconomic damages in medical malpractice cases. A long time ago, before I came to Congress, I used to be a practicing lawyer in Springfield, IL, and I handled medical malpractice cases. So I do not profess to be an expert, nor even have current knowledge of medical malpractice, but I did in a previous life have some experience. I defended doctors, when they were sued, for a number of years on behalf of insurance companies, and I represented plaintiffs who were victims of medical negligence, both on the plaintiff and defendant sides of the table. I have been in the courtroom. I have gone through the process.

Here is what it comes down to. If you are a victim of medical malpractice, medical negligence, the jury can give you an award, which usually includes a number of possibilities: pay your medical bills, pay for any lost wages, pay for any additional expenses that may be associated with the court case, and most of all, I say there are these basic elements that are involved in a medical malpractice lawsuit.

The pain and suffering part of it—it is pain, suffering, loss of a spouse or child, loss of fertility, scars, and disfigurement—is an area where many States have said: We want to limit the amount you can recover for pain and suffering, what they call noneconomic losses. It is not medical bills. It is not lost wages. So my State, for example, has a limitation of $500,000 on noneconomic damages in a medical malpractice case, recently enacted by our general assembly. In the State of Texas, it is $250,000. Those are so-called caps, limitations on the amount of money a jury can award for pain and suffering, when they find, in fact, you were a victim of medical negligence.

Some States have decided to establish caps on pain and suffering, how much you can recover; one State has not. Some States have gone to the extreme by putting a cap, putting a cap on medical malpractice premiums and to reduce, even more importantly, the incidence of medical errors.

and paying each year. This is a decrease from 2007 where the number was 11,478. So the number of malpractice claims has gone down. The number of paid claims for every 1,000 physicians has decreased from 25.2 in 1991 to 11.1 in 2008. That is a little over 1 percent of doctors actually paying malpractice claims.

Not only is the number of claims decreasing, but the amount they are paying to victims is decreasing as well. The National Association of Insurance Commissioners—a group that is biased one way or the other when it comes to plaintiffs or defendants—said in 2003, malpractice claim payouts peaked at $8.46 billion. In 2008 that number had been cut in half. In 5 years it went down from $8.4 billion to $4 billion. So rather than a flood of frivolous lawsuits, fewer lawsuits are being filed and dramatically less money is being paid out.

Incidentally, the New York Times in a summary of research in September of this year found that only 2 to 3 percent of medical negligence incidents actually lead to malpractice claims. So it is not credible to argue that we have this flood of malpractice cases—they are going down. This flood of payouts for malpractice in America. It has been cut in half in 5 years.

A third key consideration in this debate is cost. One of the main goals of pursuing health care reform is to try to reduce the cost of the system and we want to try to do that in a way that won’t compromise the quality of care. There has been a lot of talk about the Congressional Budget Office report that was ordered up by Senator HATCH on October 9. The Congressional Budget Office for years said they could not put a price tag on medical malpractice reform in terms of savings to the system, but on October 9 they reported to Senator HATCH that they could. Senator HATCH went on to say:—this is a cited study—4,853 more Americans would be killed each year by medical malpractice—or 98,000 over the next 10-year period of time that the CBO examines. So if you accept their projection on the savings for medical malpractice reform asked for by Senator HATCH, you cannot escape the fact that they say yes, you will save money, but more Americans are going to die because there will be more malpractice.

Let’s look at the savings that can be achieved through reduced malpractice insurance premiums. The CBO said a $250,000 Federal damage cap would reduce overall malpractice premiums by about 10 percent and would reduce overall health care spending by .2 percent. Do we need a federally mandated cap to achieve that? Malpractice insurance premiums are already going down. The Medical Liability Monitor’s comprehensive survey of premiums in the areas of internal medicine, general surgery and OB/GYN: “The most recent three years have shown a leveling and now a reduction in the overall average rate change” for medical malpractice premiums. There was a time in the early 2000s where malpractice premiums were going up 20 percent a year, in 2003, 2004, and 9 percent in 2005. Since then they have gone down. According to the CBO, liability premiums in 2006, by .4 percent—I am sorry, .4 percent increase in 2007, but a 4.3 percent decrease in 2008. That is without any Federal cap on damages.

Let’s also consider the issue of defensive medicine. Many people claim that doctors do things such as order tests to protect themselves because they are afraid of being sued. I agree that there are undoubtedly some doctors who think that way. There was a famous article printed in the New Yorker where a surgeon named Atul Gawande, who went to McAllen, TX—you probably saw this, Senator CORNYN—and he wanted to know in this article why in McAllen, TX, they were paying more for Medicare patients than any other place in the United States. So he visited with doctors and surgeons and hospital administrators to ask them why. What is peculiar about that city and elderly people? He said, with the doctors, and the first doctor said, Well, it is defensive medicine. We are doing all of these extra tests and extra costs to Medicare to cover ourselves, to protect ourselves. The doctor sitting next to him said, With the Texas law, nobody is filing malpractice lawsuits around here. We are doing these extra procedures because it is a fee-for-service system. You are paid more when you do more. So at least in this case there was a dispute as to whether this was truly defensive medicine or overbilling.

Dr. Carolyn Clancy, the director for the Agency of Healthcare Research and Quality in the Department of HHS, has called medical errors a national problem of epidemic proportions. According to that agency, the rate of adverse events has risen about 1 percent in each of the past 6 years. The Institute of Medicine estimated that up to 98,000 people died in America due to preventable medical errors. These medical errors cost a lot. A 2003 study published in the Journal of the American Medical Association found the medical error problem in U.S. hospitals in the year 2000—just 1 year—led to approximately 32,600 deaths, 2.4 million extra days of patient hospitalization, and an additional cost of $9.3 billion.

I wish to also say a word about the medical malpractice insurers. Remember, insurance companies and organized baseball are the only two businesses in America exempt from the antitrust laws. What it means is that insurance companies can literally legally sit down and collude and then it comes to the prices they charge, and they do. They have official organizations—one used to be known as the Insurance Services Offices—that would sit down to make sure the insurance companies knew what the other insurance company was charging, and they could literally work out the premiums, how much they charge.

The same thing was true in market allocation. Insurance companies, unlike any other business in America, can pick and choose where they will do business: Company X, you take St. Louis; company Y, you take Chicago; company Z, you get Columbus, OH. They can do it legally.

So the obvious question is: If this is not on the square in terms of real competition from health insurance companies, are these companies, in fact, paying any kind of money they shouldn’t? Let me see if I can find a chart here. My staff was kind enough to bring these out. Well, I can’t. They are great charts, but I can’t find the one I am looking for at this moment.

According to the information of the National Association of Insurance Commissioners, in 2008, medical malpractice insurers charged $11.4 billion...
in premiums, but only paid out $1.1 billion in losses. In other words, they took in $7 billion more than they paid out in losses. That is a loss ratio of 36 percent, which means they are basically collecting $3 for every $1 they pay out—how does that compare to the rest of the insurance industry? Well, it turns out that private automobile liability insurance had a loss ratio of 66 percent, a payout of $2 out of every $3; homeowners, 72 percent; and medical malpractice insurance, 36 percent. These medical malpractice insurance companies are holding back premiums and not paying them out. It reached a point in my State where our insurance commissioner ordered that they declare a dividend and pay back some of the premiums they had collected from doctors and hospitals when it came to malpractice insurance.

But rather than get lost in statistics, as important as they are, I think it is important that we also talk about the real-life stories that are involved in medical malpractice. I hear these terms such as “frivolous lawsuits” and “jackpot justice” and people taking advantage of the system, but let’s not forget the real life stories that lie behind malpractice. Let me show my colleagues a picture here of a couple. This is Molly Akers of New Lenox, IL, a lovely young lady, with her husband. Molly Akers had a swelling in her breast and went to her doctor who performed a biopsy that showed she had breast cancer. Molly had several mammograms which found no evidence of a tumor, but the doctors decided that despite the mammograms, she must have a rare form of breast cancer. They recommended a mastectomy, removing Molly Akers’ right breast. After the operation, the doctor called her into the office and said that on further review, she never actually had breast cancer. The radiologist had made a mistake. He reviewed her slides and suddenly switched the slides with someone else. Molly was permanently disfigured by an unnecessary surgery. She said afterwards:

I never thought something like this could happen to me, but I know now that medical malpractice can ruin your life.

By the way, that other woman whose slides were switched with Molly’s was told she was cancer free. What a horrific medical error that turned out to be.

This next picture is of Glenn Steinberg of Chicago. He went into surgery for the removal of a tumor in his abdomen. Ten days after the surgery, while still in the hospital, Glenn was having severe gastrointestinal problems. The doctors did the only thing that showed the original surgery took place, and they found a 4-inch metal retractor from the surgery lodged against his intestine. A second surgery was performed to remove the metal piece, during which Glenn’s lung was aspirated, and he died later that night.

Glenn’s wife, Mary Steinberg, lost her husband. She said:

Not a day goes by that I don’t miss Glenn’s companionship and the joy he brought to our household. Because of gross negligence, he was not here to support me when my son went off to serve in Iraq.

In this photo is a group of kids, including Martin Hartnett of Chicago. When Martin’s mom Donna arrived at the hospital to deliver, her labor wasn’t progressing. Her doctor broke her water and found out that it was abnormal.

Rather than considering a C-section, Donna’s doctor started to administer a drug to induce contractions. Six hours later, she still hadn’t delivered, but her son’s fetal monitoring system began indicating that he was in severe respiratory distress. The doctor finally decided it was time to perform an emergency C-section, but it was another hour before Donna was taken into the operating room.

During that time, the doctor failed to administer oxygen or take immediate steps to help Martin breathe. After he was born, Martin was in the intensive care unit for 3 weeks. Later, Donna learned that Martin had substantial brain damage and cerebral palsy—a direct result of failure to respond to indications of serious respiratory distress. The doctor finally decided it was time to perform an emergency C-section, but it was another hour before Donna was taken into the operating room.

During that time, the doctor failed to administer oxygen or take immediate steps to help Martin breathe. After he was born, Martin was in the intensive care unit for 3 weeks. Later, Donna learned that Martin had substantial brain damage and cerebral palsy—a direct result of failure to respond to indications of serious respiratory distress. The doctor finally decided it was time to perform an emergency C-section, but it was another hour before Donna was taken into the operating room.

During that time, the doctor failed to administer oxygen or take immediate steps to help Martin breathe. After he was born, Martin was in the intensive care unit for 3 weeks. Later, Donna learned that Martin had substantial brain damage and cerebral palsy—a direct result of failure to respond to indications of serious respiratory distress. The doctor finally decided it was time to perform an emergency C-section, but it was another hour before Donna was taken into the operating room.

Donna’s doctor told her not to have any more children because there was a serious problem with her DNA, which could result in similar disabilities in any of her future kids. Since then, Donna has given birth to three perfectly healthy sons.

Donna sued the doctor responsible for Martin’s delivery and received a settlement. She is thankful she has money from the settlement to help cover the costs associated with Martin’s care that aren’t covered by health insurance, such as the wheelchair-accessible van that she bought for $100,000 and the $100,000 she spent making changes to her home so her son can get around the house in a wheelchair.

What would Donna have done without the money from that settlement? It is a scary thought because Martin is going to require a lifetime of care. When we put caps on recoveries and say there is an absolute limit to how much someone who has created a problem has to pay out, we have to think about it in terms of real-life stories, such as Martin. Martin will live for a long time, and he is going to need help. Somebody needs to be responsible for that. The person who caused this should be responsible for it. That is pretty basic justice in America.

Donna’s story is not unique. In Texas, through medical liability reform, it is possible to have more money for doctors and, as a consequence, increase medical malpractice insurance. We can, in fact, reduce the cost of medical malpractice insurance. We can, in fact, reduce medical errors. We should not do it at the expense of innocent victims—people who went in, with all the trust in the world, to doctors and hospitals and had unfortunate and tragic results.

Every time I get up to speak on this subject I always make a point of saying—and I will today—how much I respect the medical profession in America. There isn’t one of us in this Chamber, or anyone watching this, who can’t point to men and women in the practice of medicine who are true heroes in their everyday sacrifice to serve not only our praise but our nation. They richly deserve to be thanked. We need to be thankful for the millions of lives changed or lost because of it. We should not forget the real life stories that lie behind malpractice. Let me show my colleagues a picture here of a couple. This is Molly Akers of New Lenox, IL, a lovely young lady, with her husband. Molly Akers had a swelling in her breast and went to her doctor who performed a biopsy that showed she had breast cancer. Molly had several mammograms which found no evidence of a tumor, but the doctors decided that despite the mammograms, she must have a rare form of breast cancer. They recommended a mastectomy, removing Molly Akers’ right breast. After the operation, the doctor called her into the office and said that on further review, she never actually had breast cancer. The radiologist had made a mistake. He reviewed her slides and suddenly switched the slides with someone else. Molly was permanently disfigured by an unnecessary surgery. She said afterwards:

I never thought something like this could happen to me, but I know now that medical malpractice can ruin your life.

By the way, that other woman whose slides were switched with Molly’s was told she was cancer free. What a horrific medical error that turned out to be.

This next picture is of Glenn Steinberg of Chicago. He went into surgery for the removal of a tumor in his abdomen. Ten days after the surgery, while still in the hospital, Glenn was having severe gastrointestinal problems. The doctors did the only thing that showed the original surgery took place, and they found a 4-inch metal retractor from the surgery lodged against his intestine. A second surgery was performed to remove the metal piece, during which Glenn’s lung was aspirated, and he died later that night.

Glenn’s wife, Mary Steinberg, lost her husband. She said:
This is an important topic. We will talk about it more. I appreciate the Senator raising the issue. We have a different view about it. If we can save $54 billion and still allow each of these people who were harmed by medical negligence to recover—which, in fact, they would under the Texas cap—we could recover the lost wages, their medical bills, and they would be able to receive large amounts of money for pain and suffering. But no one should understand that these individuals would somehow be precluded or that the courthouse doors would be shut to people who are victims of medical negligence.

There needs to be some reasonable limitations that will help, in the end, make health care more accessible, which is what we are talking about.

I want to focus briefly on the cuts to Medicare. It is a huge part of legislation we are considering. Of course, we are told by the CBO that as a result of Medicare cuts and the huge number of tax increases this bill is “paid for.”

In other words, assuming the assumptions of the CBO took into account, which span for a 10-year budget window and are almost never true in the end—but if you take it on faith that we are going to raise taxes by $3/2 trillion and cut Medicare by $5/4 trillion, they say this is a neutral bill—notwithstanding the fact that it spends $2.5 trillion over 10 years—basically, what we are saying to America’s seniors, those already vested in the Medicare Program, is that we are going to take $464 billion that would go into the Medicare Program and we are going to use it to create a new government entitlement program.

Our record of fiscal responsibility, when it comes to entitlement programs, is one of failure. We know Medicare, Social Security, which is another entitlement program, and Medicaid have run up tens of trillions of dollars in unfunded liabilities. Most of them are riddled with fraud, waste, and abuse.

The question I have, and I think many have, is why in the world would you take money out of the Medicare Program that is scheduled to go insolvent in 2017, that has tens of millions of dollars in unfunded liabilities, why would you take $3/2 trillion out of Medicare to create yet another entitlement program that, no doubt, will have many of the problems we see now under our current entitlement programs? It just doesn’t make sense, if you are guided by the facts.

Of course, our colleagues on the floor have said: We can cut $465 billion out of Medicare and, you know what, Medicare beneficiaries would not feel a thing. Well, I don’t think that is possible when you cut $135 billion in hospital payments, when you cut $120 million out of Medicare Advantage on which 11 million seniors depend, on which they depend for their health care, or when you cut $15 billion from payments to nursing homes, another $40 billion in home health care. I think one of the most effective ways of delivering low-cost health care is in people’s homes. You then add to that—and you cut $8 billion from hospice, which is where people go during their final days in their terminal illness. Some of my colleagues claim these cuts won’t hurt patients, but many people, including me, disagree. As a matter of fact, to quote President Obama’s own Medicare actuary, he said providers might end their participation in the program. In other words, as with Medicare now, in my State, 58 percent of doctors will see a new Medicare patient because reimbursement rates are so low. Yet we are going to take money from Medicare to create a new entitlement program. This would mean putting in my mind that providers—in the words of the Medicare actuary—might be hedging their bets. I think he is hedging his bets. He also said many will end their participation in the program and thus used the participation to care for beneficiaries.

We have heard some of the debate earlier about when our side of the aisle made proposals to fix some of the problems with the Medicare Program—not to create a new entitlement program—by taking this amount of money, $464 billion, from it. When we tried to fix it earlier, some colleagues, including the majority leader, called those cuts immoral and cruel. To quote President Obama on the campaign trail, he was one of those who criticized Senator McCain for some of the proposals he made to try to fix the broken Medicare Program.

As we have heard from a Texas Hospital Association, the Medicare cuts to hospitals simply will not work because—and this is another sort of accounting trick that in Washington, DC, and in Congress people think we can get away with and fool the American people because what is actually happening. People are a lot smarter than I think Members of Congress sometimes give them credit for. Under the Senate bill, the expanded coverage doesn’t start until 2014. But the hospital cuts begin immediately.

I have talked about the broken Medicare Program and, frankly, I think a lot of people would rather see us fix Medicare and Medicaid before we create yet another huge entitlement program that is riddled with fraud, that is on a dishonest path, and one that, frankly, promises coverage but ultimately denies access to care because of unrealistically low payments to providers. We are going to make that worse if this bill passes, not better.

Well, this bill also includes something else that I think the public needs to be very aware of. It uses not only budget gimmicks that our friends on the other side of the aisle said that this bill creates, that it extends the life of the Medicare trust fund for a few years, the problem is it doesn’t solve the fundamental imminent bankruptcy of Medicare. That is left with the option the bill provides by the distinguished majority leader creates a new, unaccountable, unelectable board of bureaucrats to make further cuts to Medicare Programs.

After the Reid bill pillages Medicare for $5/4 trillion, as I said, to pay for a new entitlement, it creates a board of unelected, unaccountable bureaucrats, the so-called Medicare advisory board, which sounds pretty innocuous but they have been given tremendous powers—to meet budget targets—another $23 billion in the first years alone.

If Congress doesn’t substitute those cuts with other cuts to providers or benefits, the board’s Medicare cuts would go into effect automatically. The Medicare advisory board, physicians, hospitals, and everyone else who depends on Medicare would have no say in what happens to personal medical decisions because they would just be cut and shut down by this elected, appointed board.

The government-charted boards of experts we have in existence today are not always right. We may remember the Medicare Payment Advisory Commission, so-called MedPAC, which was created by Congress in 1997, has recommended more than $200 billion in cost cuts in the last year alone that Congress has not seen fit to order. In other words, this MedPAC board makes recommendations, and Congress is then left with the option to act to make those cuts. Congress has said no to the tune of $200 billion in the last year alone.

Then there is another relatively notorious board of experts—unaccountable, nameless bureaucrats—that we have learned a little bit about in the last few days: the U.S. Preventive Services Task Force. They are supposed to recommend preventive services but just recently said that women under the age of 50 do not need a mammogram to screen for breast cancer. Respected organizations, such as the American Cancer Society and the Komen Advocacy Alliance, disagree based on their own rigorous review of the latest medical evidence.

I support the bill. As the father of two daughters, I can tell you, I do not want my wife or my daughters restricted in their access to diagnostic tests that may save their lives if their doctor recommends, in his or her best medical judgment, that they get those tests. Yet what we will have in the future, if the medical advisory board is passed, is an unelected, unaccountable board of bureaucrats.
that can make cuts, based on expert advice, which will ultimately limit access to diagnostic tests, including tests such as mammograms, which became very controversial. The Secretary of Health and Human Services came out immediately after and said, We will never allow cuts that have an adverse effect.

Not even the Secretary of Health and Human Services, under this provision, could reverse the decision of this unelected, unaccounted board which may well—I would say probably will in some cases—limit a person's access to diagnostic tests and procedures that could save their life even though their personal physician in consultation with that patient, may say: This is what you need. When you give that power to the government, not only to render expert advice but then to decide whether to pay or not to pay for a procedure, then the government—namely, some bureaucrat in Washington, DC—is going to make the decisions based on a cost-benefit analysis.

OK, on a cost analysis, we can afford, according to the decision of the U.S. Preventive Services Task Force, to lose women to breast cancer—women between the age of 40 and 49—because we don’t think they need a mammogram. And on a cost-benefit analysis, they may say: Tough luck. But that is not where we should go with this legislation.

Many health care providers are concerned about the Medicare Payment Advisory Commission. According to a letter from 20 medical specialty groups, they said:

We are writing today to reiterate our serious concerns with several provisions that were included in the health care reform bill . . . and to let you know that if these concerns are not adequately addressed when the health care reform package is brought to the Senate floor, we will have no other choice but to oppose the bill.

Included in those concerns was the “establishment of an Independent Medicare Commission whose recommendations could become law without congressional action” . . .

A letter from the American Medical Association today:

AMA policy specifically opposes any provision that would empower an independent commission to mandate payment cuts for physicians. . . . Further, the provision does not apply equally to all health care stakeholders, and for the first four years significant portions of the Medicare program would be wall-to-wall savings.

This is an example of another trade association that basically decided to cut a deal with the administration behind closed doors, and they have been prevented from some of these cuts under this Medicare Commission while physicians have not been accorded similar treatment, and they do not think it is fair. They think it is unfair, and I agree with them.

This letter goes on to say:

In addition, Medicare spending targets must be achieved through increases in volumes that may be a result of policy changes, innovations that improve care, greater longevity, and unanticipated spending for such things as influenza pandemics. These are critical issues with the potential for significant adverse consequences for the program, which must be properly addressed through a transparent process that allows for notice and comment.

Sounds to me as if the American Medical Association thinks this is a lousy idea, and I agree with them.

The artificial budget triggers that the Medicare advisory board would have to meet leave virtually no room for medical innovation. It is unbelievable what medical science in America and across the world has done to increase people’s ability to live longer due to a result of heart disease, for example. People who would have died in the seventies are today living healthy because they are taking prescription medications to keep their cholesterol in check, and they have access to innovative surgical procedures, such as stents and other things that can not only improve their quality of life but their longevity as well.

If we have the Medicare advisory board saying: We are not going to pay for anything—let alone a test that can crush medical innovation and have a direct impact on quality of life and longevity. What if we find a cure for Alzheimer’s in 2020, but because this board says: It is too expensive, we are not going to pay for it. What if there are things we cannot anticipate today, which we know there will be because who ever heard of the H1N1 virus or swine flu just a year ago?

Some of my colleagues have said an “independent board,” such as the Medicare advisory board, would insulate health care payment decisions from politics. But the very charter of the Medicare advisory board was the result of a deal cut behind closed doors with the White House, a political deal, and it has a lot of reasons why, as we can tell, I don’t think it is going to work well.

According to Congress Daily:

Hospitals would be exempt from the (board’s) ax, according to the committee staff. The decision was made because they already negotiated a cost-cutting agreement with [the chairman of the Finance Committee] and the White House. “It’s something that we worked out with the committee, which considered our sacrifices,” said Richard Coorsh, spokesman for the Federal Mediation of American Hospitals. A committee aide and spokesmen for the American Hospital Association reiterated that hospitals received a pass—

They were protected from 4 years of cuts—based on the $155 billion cost-cutting deal already in place.

Is that the kind of politics we want to encourage behind closed doors—deals cut to protect one sector of the health care industry and sacrifice another while denying people access to health care? That is the kind of politics I would think we would want to avoid.

The truth is, the Reid bill gives more control over personal health decisions to Washington, DC, where politics will always play a role in determining winners and losers when the government is in control because people are going to come to see their Members of Congress and say: Will you help us? We are your constituents. And Members of Congress are always going to try to be responsive, if they can, within the bounds of ethics to their constituents.

This needs to be not a process that is dictated by politics but on the merits and on the basis of the sacred doctor-patient relationship. If we really want to insulate health care from politics, we need to give more control to patients—to patients, to families, to mothers and fathers, sons and daughters—to make health care decisions in consultation with their physician, not nameless, faceless, unaccountable bureaucrats.

I filed an amendment to completely strike the Medicare advisory board from the Reid bill and my colleagues to support it at the appropriate time. The Medicare advisory board empowers bureaucrats to make personal medical decisions instead of patients, whose power to determine their own future, in consultation with their doctor, we ought to be preserved.

The Medicare advisory board is an attempt to justify the $½ trillion pillaging of Medicare from America’s seniors to create a new entitlement program that should be nearly $38 trillion in unfunded liabilities, not steal from a program that is already scheduled to go insolvent in 2017.

At a time of insolvent entitlement programs, record budget deficits, and unsustainable national debt, this country simply cannot afford a $2.5 trillion spending binge on an ill-conceived Washington health care takeover.

I yield the floor.

Mr. GREGG addressed the Chair.

The PRESIDING OFFICER. Mr. GREGG.

Mr. GREGG. Madam President, it is the tradition in this body that a person seeking recognition gets recognized, is it not?

The PRESIDING OFFICER. It is, and I say the Senator from California was here earlier.

Mrs. FEINSTEIN. If I might, Madam President, my understanding was we alternate, go from side to side. I have been sitting here waiting.

Mr. GREGG. Madam President, I believe I have the floor.

The PRESIDING OFFICER. The Senator from New Hampshire.

Mr. GREGG. Madam President, it is the tradition in this body that a person seeking recognition gets recognized, is it not?

The PRESIDING OFFICER. It is, and I say the Senator from California was here earlier.

Mrs. FEINSTEIN. If I might, Madam President, my understanding was we alternate, go from side to side. I have been sitting here waiting.

Mr. GREGG. Madam President, I believe I have the floor.

The PRESIDING OFFICER. The Senator from New Hampshire.

Mr. GREGG. Madam President, I ask unanimous consent that at the conclusion of remarks of the Senator from California, I be recognized.

The PRESIDING OFFICER. Without objection, it is so ordered.

The Senator from California.

AMENDMENT NO. 2791

Mrs. FEINSTEIN. Madam President, I admire the Senator’s gentility. I think you very much.

I rise to say a few words on behalf of the Mikulski amendment, but before I do, I wish to make a generic statement.
Those of us who are women have essentially had to fight for virtually everything we have received. When this Nation was founded, women could not inherit property and women could not receive a higher education. In fact, for over a century, women could not vote. It was not until 1920, after perseverance and demonstrating, that women achieved the right to vote. Women could not serve in battle in the military, and today we now have the first female general. So it has all been a fight.

Senator MIKULSKI and Senator BOXER in the House in the 1980s carried this fight. Those of us in the 1990s who came here added to it. You, Madam President, have added to it in your remarks earlier. The battle is over whether women have adequate prevention services provided by this bill. I thank Senator MIKULSKI and Senator BOXER for their leadership and for their perseverance and their willingness to discuss the importance of preventing disease in ensuring women have access to the same affordable preventive health care services as women have access to the same affordable preventive health care services. Senator KULSKI—and she is a champion for us—thanks Senator MIKULSKI and Senator BOXER, Senators HARKIN, CARDIN, Dodd, and others, for coming to the floor and helping this battle.

The fact is, women have different health needs than men, and these needs often generate additional costs. Women of childbearing age spend 68 percent more in out-of-pocket health care costs than men. Most women don’t know that, but it is actually true. So we believe all women—all women—should have access to the same affordable preventive health care services as women who serve in Congress, no question. The amendment offered by Senator MIKULSKI—and she is a champion for us—will ensure that, in fact, the case. It will require insurance plans to cover at no cost basic preventive services and screenings for women. This may include Pap smears, family planning, screenings to detect postpartum depression, and other annual women’s health screenings. In other words, the amendment increases access to the basic services that are a part of every woman’s health care needs at some point in her life.

Let me address one point because there is a side-by-side amendment submitted by the Senator from Alaska. Nothing in our bill would address abortion. Our bill has never been defined as a preventive service. The amendment could expand access to family planning services—the type of care women need to avoid abortions in the first place.

As I mentioned, the Senator from Alaska has offered an alternative version of this proposal. But regardless of the merits or problems with her proposal, it remains a kind of budget bust-er. According to the CBO, the amendment would cost $30.6 billion over 10 years. In other words, this amendment alone would require us to spend some of the surplus raised by the CLASS Act or some of the budget surpluses in the bill. The underlying bill, as written, reduces the budget deficit by $130 billion in the first 10 years and as much as $650 billion in the second 10 years. This is a very important thing, in my view, and we need to maintain these savings. The Mikulski amendment would do that. It costs $940 million over 10 years as opposed to the $24 billion to $30 billion in the Murkowski amendment.

The Mikulski amendment is, I believe, the best way to expand access to preventive care for women, while keeping this bill fiscally responsible. We often like to think of the United States as a world leader in health care, with the best and the most efficient system. But the facts actually do not bear this out. The United States spends more per capita on health care than other industrialized nations but in fact has worse results. According to the Commonwealth Fund, the United States ranks No. 1 in avoidable mortality. That means avoidable death. This analysis measures how many people in each country survive a potentially fatal yet treatable medical condition. The United States lags behind France, Japan, Spain, Sweden, Italy, Australia, Canada, and several other nations.

According to the World Health Organization, the United States ranks No. 24 in the world in healthy life expectancy. This term measures how many years a person can expect to live at full health—robust health. The United States again trails Japan, Australia, France, Sweden, and many other countries.

These statistics show we are not spending our health care resources wisely. The system is failing to identify and treat people with conditions early on that can be controlled. Part of the answer, without question, is expanding coverage. Too many Americans cannot afford basic health care because of lack of health insurance. But another piece of the puzzle is ensuring this coverage provides affordable access to preventive care—the ability to be screened early—and that is what the Mikulski amendment will accomplish.

Women need preventive care—screenings and tests—so that potentially serious or fatal illnesses can be found early and treated effectively. We all know individuals who have benefited from early mammograms that suddenly identifies an early cancer before it has spread or before it has metastasized; a Pap smear that finds precancerous cells that can be removed before they progress to cancer and cause serious health problems; cholesterol testing or a blood pressure reading that suggests a person might have cardiovascular disease which can be controlled with medication or lifestyle changes. This is how health care should work—a problem identified, the patient is treated.

The Mikulski amendment will give women more access to this type of preventive care. Statistics about life expectancy and avoidable mortality can make it easy to forget that we are talking about real patients and real people who die too young because they lack access to health care. Physicians for Reproductive Choice and Health shared the following story, which comes from Dr. William Leininger in California, and here is what he says:

In my last year of residency, I cared for a number of two who had been treated for cervical cancer when she was 23. At that time, she was covered by her husband’s insurance, but it was an abusive relationship and she lost her health insurance when they divorced. For the next 5 years, she had no health insurance and never received follow-up care, which would have revealed that her cancer had returned. She eventually remarried and regained health insurance, but by the time she came back to see me, her cancer had spread. She had two children from her previous marriage, and her driving motivation during her last rounds of palliative care was to survive long enough to ensure that her abusive ex-husband would not gain custody of her children after her death. She succeeded. She was 28 years old when she died.

Cases like these explain why the United States trails behind much of the industrialized world in life expectancy. For this woman, the loss of her health coverage, which meant she could not afford follow-up care to address her cancer—a type of cancer that is often curable if found early. And that is where prevention comes in. So this tragic story illustrates the need to improve our system so women can still afford health insurance after they divorce or lose their jobs. And it shows why health reform must adequately cover all the preventive services women need to stay healthy.

The Mikulski amendment is a fight—I am surprised, but it is a fight—but it will help expand access to preventive care while keeping this bill fiscally responsible. To me, it is a no-brainer. If you can prevent illness, you should. In and of itself it will end up being a cost savings. So I have a very difficult time understanding why the other side of the aisle won’t accept that this amendment is more fiscally responsible by far than their measure, will do the job, and will give women preventive care and begin to change that statistic which shows that, among other nations, we do so badly.

I thank the Presiding Officer for coming to the floor and speaking out on this, and I hope there are enough people in this body who recognize that virtually everything women have gotten in history has been the product of a fight, and this is one of those.

I yield the floor.

The PRESIDING OFFICER (Mr. CARDIN). The Senator from New Hampshire.

Mr. GREGG. Mr. President, I ask unanimous consent that the next Republican speaker be the Senator from Louisiana, Senator VITTER.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. GREGG. Mr. President, at this point I rise to speak generally about
the bill and specifically about this Medicare proposal—the proposal in the bill and the motion that has been offered by Senator MCCAIN, which I think is an excellent idea.

Let’s start with the size of this bill. It is a massive expansion of Medicaid and a massive new entitlement created that we don’t have today. This bill, when it is fully implemented, will take the size of the Federal Government from about 20 percent of GDP or a little less—where it has historically been in the post-World War II period—up to about 24 or 25 percent of GDP. To accomplish that, and claim you are not going to increase the deficit, requires a real leap of faith. Because it means that to pay for this—by the MCCAIN motion it is so important—you are going to have to reduce Medicare spending by $1 trillion, when this bill is fully implemented—$1 trillion over a 10-year window. In fact, during the period from 2010 to 2029, Medicare spending will be reduced in this bill by $3 trillion. Those dollars will not be used to make Medicare more solvent. And we know we have serious problems with Medicare. Those dollars will be used to create a brandnew entitlement and to dramatically increase the size of government for people who do not pay into the hospital insurance fund; for people who have not paid Medicare taxes, for the most part but, rather, for a whole new population of people going under entitlement people getting this new entitlement under the public plan. So if you are going to reduce Medicare spending in the first 10 years by $350 billion, and the second 10 years fully implemented—there is some overstatement—$1 trillion. And then, over a 19-year period, the two decades, by $3 trillion, instead of using those monies—those seniors’ dollars—to try to make Medicare more solvent, they are going to be used for the purposes of expanding and creating a new entitlement and expanding Medicaid.

This is hard to accept as either being fair to our senior population or being good policy from a fiscal standpoint. Why? Because if we are in a Medicare situation, we know Medicare as it is structured today has an unfunded liability of $55 trillion—$55 trillion. That means in the Medicare system we do not know how we are going to pay $55 trillion worth of benefits we know we are now obligated for.

The answer we get from the other side of the aisle is: Well, this $55 trillion number goes down, because this bill cuts Medicare and, therefore, the burden that the federal government has on revenues, or the reduction in that, go toward the purpose of making Medicare more solvent? No. Those monies are taken and spent. Those monies are taken and created to make a larger government. They aren’t used to reduce the deficit or to reduce the debt, all of which is being driven, in large part, by this $55 trillion worth of unfunded liability as we go forward. No, they are being used to create a brandnew entitlement which has nothing to do with Medicare and which is going to be paid for, in large part, by seniors, or by a reduction in their benefit structure.

That makes very little sense, because essentially you are taking money out of the Medicare system and using it to expand the government, in fact what we should be doing, if you are going to take money out of the Medicare system, is using it to reduce the obligations of the government—the debt obligation—so the Medicare system becomes more affordable. That is not the goal here, however.

Then, of course, there is the practical aspect of this. We know these types of proposals are plug numbers to a great degree, because we know this Congress is not going to stand up to a $3 trillion cut in Medicare over the next 10 years and a $3 trillion cut in Medicare over the next 20 years. Why do we know that? I know it from personal experience. I was chairman of the Budget Committee the last time we tried to address the fact that we have an out-year liability in Medicare that is not sustainable—this $55 trillion. We know it is not affordable. We know we have to do something about it. So I suggested, when I was chairman of the Budget Committee, that we reduce Medicare spending, or its rate of growth, by $10 billion over 5 years. That was the practical approach to a real jump in deficit reduction—by $450 billion, and the second 10 years dramatically increase the size of government by $10 billion over a 5-year period, less than 1 percent of Medicare spending. My suggestion was that we do that by requiring—primarily we get most of that money by requiring senior citizens who have not paid Medicare taxes, for a reasonable proportion of their Part D premium and then take those moneys and basically try to make Medicare a little more solvent with it. We got no votes from the other side of the aisle—none, zero—on that proposal.

Now they come forward with a representation that they are going to reduce Medicare spending and benefits to seniors by $3 trillion over the next 20 years and $500-some odd billion over the next 10 years, and they expect this to be taken seriously? Of course not. This is all going to end up being unpaid-for expenditures in expansion of these programs.

These brandnew entitlements that are being put in this bill and this expansion of other entitlements that do not deal with Medicare, by the way, are going to end up being in large part paid for by creating more debt and passing it on to our children. As I mentioned earlier, that is a fiscal sin for our kids. They are going to get a country, as it is today, that has about $70 trillion in unfunded liability just in the Medicare and Medicaid accounts, to say nothing of the other deficits we are running up around here. Now we are going to throw another huge amount on their backs.

Some percentage of this $2.5 trillion—probably a majority of it—will end up being added to the deficit and debt and we will look out into the outyears even though it is represented that it is not going to be. The only way you can claim you are going to pay for this, of course, is with these Medicare cuts and
these tax increases that are in this bill, and these fee increases. We are going to spend a little time on the tax increases and fee increases and the speciousness of those proposals, but right now we are focusing on Medicare.

In addition, there is the issue of how this bill got to a score in the first 10 years that made it look as if it was more fiscally responsible. I have heard people from the other side. Again, I respect the chairman of the Finance Committee for acknowledging that this bill, if fully implemented, is a $2.5 trillion bill. But a lot of folks are claiming this is just an $843 billion bill, that is all it is in the first 10 years, that is all it costs. There are so many major budget gimmicks in this bill that I do not think that Bernie Madoff would be embarrassed—embarrassed by what this bill does in the area of gamesmanship.

Let's start with the fact that it begins most of the fees, most of the taxes, and most of the Medicare cuts in the first year of the 10 years, but it does not begin the spending on the new program, the new entitlements, until the fourth and fifth year. So they are matching 4 and 5 years of spending against 10 years of income and Medicare cuts and claiming that therefore there is a balance. Ironically, it is represented and rumored—and I admit this is a rumor—that originally they were going to start in the third year. The Medicare system under this bill. Of course, nobody knew what the bill was because it was written in private and nobody got to see it. But then they got a score from CBO that said it didn't work that way, so they simply moved the spending back a year and started it in the fourth year. They sent it back to CBO, and CBO said: If you take a year of spending out in the 10 years and you still have the 10 years of income from the taxes, fees, and cuts in Medicare, you get a better score. We will give you a better score. You will get closer to balance. It is a pretty outrageous little game of hide the pea under the shell.

This is probably the single biggest—in my experience, I have been on the Budget Committee for quite a while—in my experience, it is the single biggest gaming of the budget system I have ever seen around here. But it is not the only one; there is something else called the CLASS Act.

Mr. HATCH. What is the current cost of our health care across the board in this country, without this bill?

Mr. GREGG. It is about 16 to 17 percent of our gross national product.

Mr. HATCH. That is $2.5 trillion?

Mr. GREGG. Mr. HATCH. The Senator is saying they are going to add, if you extrapolate it out over another 10 years, $2.5 trillion.

Mr. GREGG. It takes the spending from 16 to 17 percent to about 20 percent of GDP.

Mr. HATCH. If I understand my colleague correctly, he is saying, to reach this outlandish figure of $843 billion, literally they do not implement the program until 2014 and even beyond that to a degree, but they do implement the tax increases?

Mr. GREGG. The Senator from Utah, of course, being a senior member of the Finance Committee, is very familiar with those numbers, and that is absolutely correct.

Mr. HATCH. Is that one of the budget gimmicks my colleague is talking about?

Mr. GREGG. I think that is the biggest in the context of what it generates in the way of Pyrrhic, nonexistent savings because it basically says we are really not spending—because it doesn't fully implement the plan in the first year, it says we are not spending that much money. In fact, we know that when the plan is fully implemented, it is a $2.45 trillion not a $840 billion bill.

Mr. HATCH. Am I correct that the Democrats have said—and they seem to be unified on this bill—that literally this bill is budget neutral? But as I understand it, in order to get to the budget neutrality, they are socking it to a program that has about $38 trillion in unfunded liabilities called Medicare—

Mr. HATCH. Mr. GREGG. It is correct.

Mr. HATCH. To the tune of almost $500 billion or $1/2 trillion in order to pay for this? Am I correct that? No. 2. Why wouldn't they lose out when they start taking $500 billion out of Medicare? And what are they going to do with that $500 billion? Are they going to put it into something else? Are they using this just as a budgetary gimmick? What is happening here? As the ranking member on the Budget Committee today, you really could help all of us understand this better.

Mr. BAUCUS. Will the Senator yield for a question?

Mr. GREGG. If I can first answer the question of the Senator from Utah, and then I will be happy to answer the chairman of the Finance Committee.

The Senator from Utah basically is correct in his assumption. Essentially, they are claiming an approximately $400-some-odd billion savings in Medicare over 10 years which they are then using to finance the spending in this bill over the last 5 years, 5 to 6 years of the 10-year window. In the end, after the first year, you claim that you are going to fully implement the Medicare cuts, it represents $3 trillion of Medicare reductions over a 20-year period.

Where does it come from? It comes from two different accounts, primarily. One is, just about anybody who is on Medicare Advantage today—about 25 percent of those people will probably completely lose their Medicare Advantage insurance, and it is 12,000 people in Utah, 18,000 in Montana, so say 4,000 people.

Mr. HATCH. How many people are on Medicare Advantage?

Mr. GREGG. I believe 11 million people.

Mr. HATCH. That will be what percentage of people on Medicare?

Mr. GREGG. About 25 percent of those people will lose their Medicare insurance under this proposal, mostly in rural areas. And second, because there is $160 billion of savings scored. You can't save that type of money in Medicare Advantage unless people don’t get the Medicare Advantage advantage.

Second, it comes in significant reductions in provider payments. How do provider payments get paid for when they are cut, I ask the Senator from Utah. I suspect it is because less health care is provided.

Mr. HATCH. How does that affect the doctors?

Mr. GREGG. It certainly affects the hospitals, and it probably affects the doctors. I have heard the Senator from Montana say they are going to straighten out the doctor problem down the road, but that is another $250 billion over the years. I don't know where they are going to get the money from. But, yes, it would affect, in my opinion, all providers—doctors, hospitals, and other people who provide health care to seniors. You cannot take $450 billion out of the Medicare system and not affect people's Medicare.

Mr. HATCH. Am I wrong in saying Medicare is already headed toward insolvency and that it has up to almost $38 trillion in unfunded liability over the years for our young people to have to pay for?

Mr. GREGG. The Senator from Utah is correct again. The Medicare system is headed toward insolvency, and it goes cash-negative in 2013. I believe—maybe it is 2012—and the sense that it is paying out less than it takes in, and it has an unfunded liability that exceeds, actually, $38 trillion now. I think it is up around—

Mr. HATCH. Then how can our friends on the other side take $1/2 trillion out of Medicare, which is headed toward insolvency, to use for some programs they want to now institute anew?

Mr. GREGG. I think the Senator from Utah has asked one of the core questions about this bill. Why would you use Medicare savings, reductions in Medicare benefits, which will definitely affect recipients, for the purposes of creating a new program rather than for the purposes of making health care more solvent?

Mr. HATCH. If you are going to do that in the first place? And are these savings ever going to really come about? One wonders about that also.
Mr. HATCH. I heard someone say today on the floor—I don’t know who it was, I can’t remember—that Medicare Advantage really isn’t part of Medicare. Is that true?

Mr. GREGG. Actually, I would yield to the Senator from Utah on that issue—not the floor but yield on that question because I think the Senator from Utah was there when Medicare Advantage was drafted as a law.

Mr. HATCH. There is there in the Medicare modernization conference, along with the distinguished chairman of the committee, Senator BAUCUS, and others, when we did that because we were not getting health care to rural America. The Medicare Advantage really isn’t part of Medicare, Medicare Advantage. The Medicare+Choice plan didn’t work. Doctors would not take patients. Hospitals could not pay; they could not take patients. There were all kinds of difficulties in rural America. So we did Medicare Advantage, and all of a sudden we were able to take care of those people. It costs a little more, but that is because we went into the rural areas to do it.

But this would basically decimate Medicare Advantage, wouldn’t it, what is being proposed here? And that is part of Medicare.

Mr. GREGG. I believe it is a legal part of Medicare, Medicare Advantage.

Mr. HATCH. No question about it.

Mr. GREGG. And this would have a massively disruptive effect on people who get Medicare Advantage because you are going to reduce it—the scoring is there will be a reduction in Medicare Advantage payments of approximately $102 billion. And there is, and there is no way you are going to keep getting the advantages of Medicare Advantage if you have that type of reduction in payments.

Mr. HATCH. How can they take $5 trillion out of Medicare? That is not all Medicare Advantage. Medicare Advantage is only part of that, the deductions they will make there. But how can they do that and still run Medicare in a responsible, constructive, decent, and honorable fashion?

Mr. GREGG. If the Senator will allow me to respond, the problem here is we have rolled the Medicare issue into this major health reform bill—or the other side has—and they have used Medicare as a piggy bank for the purposes of trying to create a brand new entitlement which has nothing to do with senior citizens. Yes, Medicare needs to be addressed. It needs to be reformed. The beneficiaries probably has to be reformed. But we should not use those dollars for the purposes of expanding the government with a brand new entitlement. We should use those dollars to shore up Medicare so we don’t have this massive insolvency with a $38 trillion ceiling, sometime in the next month, to, I don’t know what it is going to be, but I have heard rumors it may be as high as $50 trillion. Now we have another $9 trillion of debt coming at us just by the budgets projected for the next 10 years. Now we are going to, 30 years from now, have this huge bill come in as the people who decided to buy into the CLASS Act suddenly go into the retirement home. There will not be any money there for them. It is gone. It will have been spent by a prior generation to make this bill balanced.

The CLASS Act has been described as a Ponzi scheme relative to its effect on the budget. It is using dollars which should be segregated and protected under an insurance program. If this were an insurance company, for example, they would actually have to invest those dollars in something that would be an asset which would be available to pay for the person when they go into the nursing home so they are actuarially sound. But that is not what happens under this bill. Under this bill, those dollars go out the door as soon as they come in for the purposes of representing that this bill is in fiscal balance. It is not. It is not in fiscal balance, obviously.

Even if you were to accept these incredible activities of budgetary gimmickry, the fundamental problem with this bill is it grows the government by $2.5 trillion, and we can’t afford that when we already have a government that well exceeds our capacity to pay for it. Inevitably, we will pass on to the young people. They are going to pay for the person when they go into their earning careers and raise their families, a government that is so expensive, they will be unable to buy a home, send their kids to college or do the things they wish to do that give one a quality of life.

I have certainly taken more than my fair share of time at this point. The Senator from Louisiana was going to go next.

I yield the floor.

The PRESIDING OFFICER. The Senator from Montana.

Mr. BAUCUS. Mr. President, it has been a very interesting discussion, listening to the Senator from New Hampshire. Several points. One, the underlying bill is clearly not a net increase in government spending on health care. The numbers are bandied about by those on the other side—$1 trillion, $2.5 trillion, et cetera. I do acknowledge and thank the Senator from New Hampshire for forcing the debate. It is paid for. He did say that. He did agree this is all paid for. So I just hope when other Senators on that side of the aisle
start talking about this big cost, $1 trillion, $2 trillion, whatever; that they do admit it is paid for. The ranking member of the Senate Budget Committee flatly said: Yes, it is all paid for. I would hope other Members on that side of the aisle heed the statement of the Senator from New Hampshire, ranking member of the Senate Budget Committee, for saying it is all paid for.

But don't take my word for it or his word. It is what the CBO says. In fact, let me point to a letter to Senator Reid not too long ago:

The CBO expects that during the decade following the 10-year budget window, the increases and decreases in Federal budgetary commitment to health care stemming from this legislation would roughly balance out so that there would be no significant change in that commitment.

That is, a commitment to health care, to government health care spending, no change basically. It is flat. Although it is a little better than flat because the subsequent CBO letter has said the underlying bill achieves about $130 billion in deficit reduction over 10 years and one-quarter of a percent of GDP reduces the deficit over the next 10 years. The Senator from New Hampshire talks about large deficits this country is facing. That is true. Frankly, all of us in the Senate have a responsibility to try to reduce that budget deficit as best we possibly can. Bear in mind, this underlying health care bill helps reduce the budget deficit. Sometimes people on the other side like to suggest that $1 trillion over 10 years will add to the budget deficit. Again, we have definitely established it does not add to the budget deficit at all, not one thin dime.

In addition, we actually reduce the budget deficit through health care reform, through this underlying legislation. The Medicare trust fund is in jeopardy, in part, because baby boomers are retiring more but also because health care costs are going up at such a rapid rate. That is health care costs for everybody. It is health care costs for me, for every Senator, for every senior, for businesses. Let's not forget, we spend in America about 60 percent more per person on health care than the next most expensive country, about 50 to 60 percent more per person. The trend is going in the wrong direction. We are going to spend about $33 trillion in America on health care over the next 10 years. That is going to be somewhat evenly divided between public expenditures and private. Every other country in the world has figured out ways to limit the rate of growth of increase in health care spending. We haven't. We are the only industrialized country—in fact, developing country—that hasn't figured out how to get some handle on the rate of growth of increase in health care spending.

One could say: Gee, let's forget about it. Just let the present trend continue. We all bandy about different figures. One I am fond of at least remembering is the average health care insurance policy in America today costs about $13,000. If we do nothing over 8 years, it will be $30,000. That is a much higher rate of increase than income for America. The average income between the wages of the average American and what they are paying on health care will widen all the more if we do nothing. We have to do something. This legislation is a good-faith effort to begin to get a handle on the rate of growth of spending in this country.

The Senator from New Hampshire was being honest, frankly. Some on the other side are being not quite so honest. He is basically saying: Yes, it is true we are not cutting beneficiary cuts, although he talks about Medicare Advantage. Let me point out that there is nothing in this legislation that requires any reductions in any beneficiary cuts. In fact, guaranteed benefits under Medicare are expressly not to be cut. It is the language of this bill. The portion we are talking about is Medicare Advantage. The fact is, there is nothing in this bill that requires any cuts at all in Medicare Advantage payments. Those Medicare Advantage payments are in addition to the guaranteed Medicare payments, such as gym memberships, things such as which are not part of traditional Medicare.

Why is it there is nothing in here that requires cuts for those extras? That is because the decision on what benefits or what extras Medicare Advantage plans have to give the guaranteed benefits, that is by law. But the decision as to what extras should go to their members is a decision based not upon us in the government, in Congress, not upon the HHS Secretary; it is based on the corporate officers of these companies. They are overpaid, Medicare Advantage plans, right now. Everybody knows they are overpaid. Even they, privately, will tell you they are overpaid. They are overpaid based upon legislation that Congress passed in 2003, the Medicare Part D, by setting those high benchmarks. They are overpaid. The MedPAC commission also said they are overpaid to the tune of about 18 and 14 percent. So the reductions that are provided for in this bill, in Medicare Advantage plans, the effect of those reductions is up to the officers of those plans.

They could cut premiums people otherwise pay. They could cut benefits to help themselves, help their salaries. They could cut stockholders. They could cut administrative costs. All they can decide what they want to do. That is solely a decision of the executives of Medicare Advantage plans. Private insurance plans is what they are. They are private insurance plans, so there is nothing here that says the fringes, the extras, have to be cut at all. Those provisions basically keep those fringes and maybe have a little less return to their stockholders or maybe make some savings in their administrative costs, maybe not increase their salaries. There is nothing here that requires those fringes, those extras, to be cut, nothing whatsoever.

The Senator from New Hampshire says: Oh, it is about $400 billion to $500 billion of reduction benefits for providers in this legislation. That is true. Well, let's look and see what the consequences of that are. First of all, that means the Medicare trust fund's solvency is extended. It is more flush with cash. I would think all Senators here would like to extend the life of the Medicare trust fund. A good way to do that is by what we are doing in this bill, saving about $450 billion over 10 years that otherwise would be paid to Medicare providers is not being paid, and those benefits inure to the trust fund.

There is no dispute—none whatsoever—that this legislation extends the life of Medicare. The trend that by another 5 years. That is because of those changes in the structure and also because there are no cuts in benefits. There are no cuts in benefits, I say to Senators. Although sometimes Senator says that side like to either say or strongly imply there are cuts in benefits, there are no cuts in benefits. There are no cuts in the guaranteed benefits with the basic benefits, and there are no required cuts for the fringes or the extras because the officers can make that decision not to cut, if they want to. That is their choice, as I have explained a few minutes ago.

Let's look to see what the other side proposed not too many years ago in 1997. They proposed cutting the Medicare benefit structure, cutting payments to providers, big time—big time. They proposed a 12.4-percent cut to providers back in 1997, when they were in the minority. They said that by part to save the Medicare trust fund, to extend the life of the Medicare trust fund.

I have a hard time understanding why back then it was a good thing to do, because it was about twice as heavy a cut—let's see, twice as heavy a cut to Medicare providers back then, in 1997, than it is today. Nobody over there has explained why it was the right thing to do back then but not the right thing to do today, when the goal is the same. The goal is the same; that is, to extend the solvency of the trust fund.

One could say—I think the Senator from New Hampshire did say—well, let's take those savings, which do extend the solvency of the trust fund, but not—he said—provide another program. I think he wants to use that to cut the deficit. That is what I think he wants to do. That is a very basic, fundamental, values question I think this country should face; that is, do we want to set up a system where virtually all Americans have health insurance? We are the only industrialized country in the world that does not have a system where its citizens have health insurance—the only industrialized country...
in the world. It is a very basic question. I think we should ask ourselves as Americans: In every other industrialized country, health insurance, health care is a right. That is the starting point. In every other country that has a health care system, health care is a right that everybody should have health care.

Of course, it is true, people are different. Some are tall, some are short. Some are very athletically endowed, some are not. Some are fat, some are not. But health care does not care—that is a way to put it—whether you are dumb, smart, tall, skinny. It affects everybody: that is, diseases affect everybody, and everybody needs health care regardless of your station in life, regardless of your income, regardless of whether you are an egghead, you are brilliant, or an athlete. It makes no difference whatsoever. We are Americans.

I frankly believe other countries on that point have it right: that is, that they treat all their citizens basically equally because disease is indiscriminate—who is going to get disease—accidents are indiscriminate—who is going to get in an accident—and so forth. So we could do $400 billion, $500 billion, and reduce the deficit with it and forget any health insurance coverage. That would be an option. That is a legitimate question we could ask ourselves. I frankly think the better choice is $300 billion and reduce the deficit by $2 trillion, not by $1 trillion, less than $1 1/2 trillion over that same 10-year period. So if they could commit back then to $2 trillion, you could, my gosh, this is a quarter of that. That is not too bad and not going to hurt anybody, and providers are not going to be leaving.

I might add too. I have a letter from AARP to the majority leader dated today. It has been handed to me. In part it says:

The legislation before the Senate properly focuses on provider reimbursement reforms.

Most importantly, the legislation does not reduce any guaranteed Medicare benefits.

This is a letter today from the American Association of Retired People. I will re-read that portion. It is addressed to Senator Reid:

The legislation before the Senate properly focuses on provider reimbursement reforms.

And, man, we need about a week or so to talk about all the reforms in this bill that are so important so we have a better health care system focusing more on the right direction. I think we need to focus on this recent action and talk about this and fix it in the context of this health care reform debate.

What am I talking about? Well, on Tuesday, November 17—literally just a couple weeks ago—the U.S. Preventive Services Task Force, which is an official government-sanctioned body—a task force about preventive medicine—issued new recommendations regarding breast cancer screening for women, in choosing the use of mammography. This is a specific and important example of that, which is breast cancer screening through mammography, and also through the practice of self-examination.

This is very timely because 2 weeks ago, a U.S. government-endorsed panel issued new recommendations on this topic, which I believe, along with tens of millions of Americans, is a major step forward, but that is sunshine, which shows what is in this bill, the more people are going to say: Hey, that was a good thing they did back then in December or January.

I yield the floor.

The PRESIDING OFFICER. The Senator from Louisiana.

Mr. VITTER. Mr. President, I rise to talk about a very important topic on the floor right now, along with the Medicare issue: that is, preventive services, particularly for women. I want to focus on a very specific and important example of that, which is breast cancer screening through mammography, and also through the practice of self-examination.

The legislation before the Senate properly focuses on provider reimbursement reforms.

Most importantly, the legislation does not reduce any guaranteed Medicare benefits.

In the letter they also say:

AARP believes that savings can be found in Medicare through smart, targeted changes aimed at improving health delivery, eliminating waste and inefficiency, and aggressively weeding out fraud and abuse.

That is important. It is very important. I might add too, that every person who pays a Part B premium—every American today—every senior today who pays that quarter, that 25 percent of Part B today, pays also for the waste that is in the system today, especially under Part B. So if we get the waste out, we also will be able to reduce that. Part B premium payment that seniors have to pay too. I think that is a good thing.

So the more you dig into this bill, the more you see the good features. I do not think all the good features have been pointed out in this bill. One of our jobs here is to point out what they are, so when this legislation passes—mark my words, this legislation is going to be enacted. It is going to be enacted. I will not say exactly when, but certainly, if not this month, it will be signed by the President either this month or next month—then Americans are going to start to see: Oh, gee, there is a lot in there. This is good. I didn't even know that. This is good. I didn't know that. This is good. I didn't know that. This may not be perfect, but they started in the right direction. That is pretty good. They are going to like it.

I hear all these references to polls around here, and that is because of all the confusion. In part. But once it is passed and people look to see what is in it—they will look to see what is in it because that is the law. They are forced to look to see what is in it because that is the law.

I know some of my colleagues on the other side of the aisle may say: Yes, when they look to see what is in it, they will see how bad it is. I disagree. That is not my view. My view is, the more legislation is subjected to public debate, the more sunshine, the more people are going to say: Hey, that was a good thing they did back then in December or January.

I yield the floor.
No. 2, for women aged 50 to 74, the routine mammogram recommendation was to get a routine mammogram to screen against breast cancer every year. The task force, 2 weeks ago, stepped back from that and said: No, every other year is probably good enough. So not every year.

No. 3, for women over the age of 75, the previous recommendation was to have routine screening at least every 2 years. The new recommendation from the task force steps back from that and says: No, we do not recommend routine screening over the age of 75.

And, No. 4, the task force 2 weeks ago said: We no longer recommend breast self-examination by women to detect lumps to get treatment early. We do not believe in that. We do not think the science is clear on that. We step back from that.

Those are four huge changes in their previous recommendations. Those are four concrete recommendations. Completely at odds with what I believe is the clear consensus in the medical community and the treatment community.

When I first read about these new U.S. Preventive Services Task Force recommendations around November 17, I had the immediate reaction I just enunciated, but I said: I am not an expert. I am not a doctor. I am not a medical expert. I want to hear from folks who are much closer to this crucial issue than me. So, my wife, whom I literally lived through this issue herself. Those breast cancer survivors were all women who got breast cancer and had it detected relatively early, in their forties. So they are exactly the group of people these new recommendations would work against because the new recommendations say don’t get regular mammogram screening in your forties.

Again, I was interested in hearing from the real experts, both medical experts and the survivors, what they thought about it. I wasn’t very surprised, quite frankly, when they all had exactly the same reaction that I did to these new U.S. Preventive Service Task Force recommendations. Everybody I asked — my wife said this is a big step backward. This will make us move in the wrong direction. Increased screening, early detection is a leading reason we are winning increasingly the fight against breast cancer. It is a leading reason we are doing so much better in the wrong direction. Increased screening, and prevention shall be considered the basic, focused suggestion. Let's show prevention and screening.

So, again, whatever we do in this Senate floor to urge us to take focused, specific action to legislatively repeal any impact of these new recommendations by the U.S. Preventive Services Task Force issued in November.

This topic is on the Senate floor. It is on the floor through the Mikulski amendment. There is probably going to be a Republican alternative to that Mikulski amendment. My concern is, in terms of everything on the floor now, none of it directly, specifically takes back the impact of those new recommendations. I think that is the first matter we should all come together on, 100 to nothing, on this topic. We can have a broader debate. We can have different approaches to the best approach to prevention and screening. But the first concrete, focused thing we should do right now on the Senate floor today is come together, 100 to nothing, to legislatively overrule any impact of those new recommendations. That is, again, what I have been hearing from experts not just in Baton Rouge, not just in that one room, but across the country: experts in terms of oncologists, other medical doctors, leaders of associations across the country and, perhaps most importantly, breast cancer survivors. I daresay that is what every Member of this body has heard from their States since the new recommendations came out around November 17.

So, again, whatever we do in this broader debate, I have a very simple, basic, focused suggestion. Let's show the American people we can come together around something on which I believe we all agree.

There is an expression: It is mom and apple pie because it is literally about mom and our wives and our daughters and, obviously, half the population. So let's come together around this issue and let's legislatively overrule any legal impact, any legal consequence of these new task force recommendations.

That is what my Vitter amendment, No. 23808, does. I had hoped the amendments on the Senate floor on this general topic would do that already. Unfortunately, the one that is pending now, at least the Mikulski amendment, does not do that. In fact, in some ways it points to the new recommendations of the task force and holds up those new recommendations. Our current law holds up the current recommendations. I think because the new recommendations they promulgated around November 17 are so egregious, such a bad idea, because the consensus around the country starting with experts and oncologists is so clear that we should not have any impact of those new recommendations, again, my Vitter amendment No. 23808, which is currently filed as a second-degree amendment to the Mikulski amendment, would do that.

Let me be perfectly clear and read my text because it is very short:

For the purposes of this Act, and for the purposes of any other provision of law, the current recommendations of the United States Preventive Service Task Force regarding breast cancer screening, mammography, and prevention shall be considered the most current other than those issued in or around November 2009.

So what it does is simple. It says we are erasing, we are canceling out any effect of those new recommendations made by the task force in and around November 2009. We are saying that never happened because the consensus is so clear against it. Again, I expected the Mikulski amendment to do that directly. It doesn’t do that. It does other things about prevention, which is fine. We can debate those points. We can have a discussion about that. But I think we need to all come together to absolutely, categorically, specifically, legislatively take back, overrule these new recommendations.

I am certainly eager to work with everyone in this body starting with Senator MIKULSKI, starting with Senator BOWEN, who will offer a Republican alternative to include this language. I hope this language, which seems to me is a no-brainer given the consensus on the topic, can be included in both of those amendments. It should be just accepted and included in the Mikulski amendment. It should be accepted and included in the Murkowski amendment. That would be my goal so that whatever happens on these votes, we come together in a unified way. Literally, it is the essence that I am trying to say: No, time out. These new recommendations of the U.S. Preventive Services Task Force from November of
this year are a huge step backwards, a huge mistake. That is what the experts are saying. That is what oncologists are saying. That is what cancer specialists are saying. That is what leaders of cancer associations are saying. That is what, perhaps most importantly, breast cancer survivors are saying.

We can look at history in this country in the last several decades and happily point to real progress in this fight. One of the causes of that good news, that breakthrough, is something that happened since the late 1960s when my wife Wendy's mom passed away from breast cancer, clearly one of the underlying reasons, clearly one of the leading causes is dramatic improvement in this prevention and screening, using mammography, also educating about self-examination.

So, again, I have this second-degree amendment. My hope and my goal would be that this language, which should be uncontroversial, would be accepted as well as any Republican alternative, and that whatever happens in terms of those votes, we come together and make crystal-clear that this task force of unelected bureaucrats—didn't include a single oncologist, didn't include a single breast cancer survivor—made a very big mistake and we are going to make sure those new recommendations don't have any impact in terms of law, in terms of government programs, in terms of legal impact on insurance companies.

I am looking forward to working with everyone on the floor, including Senator Mikulski, including Senator Murray and others to pass this language. It should be a no-brainer. It is mom and apple pie. Let's pass it and at least in this focused way come together and do the right thing in direct reaction to something that just happened 2 weeks ago.

Thank you, Mr. President. I yield the floor.

The PRESIDING OFFICER. The Senator from Ohio is recognized.

Mr. BROWN. Mr. President, I certainly appreciate Senator Vitter's empathy for victims of breast cancer, for people who obviously should be tested for breast cancer, in many cases more frequently than they are. I am sorry about Wendy's mother's death from breast cancer.

I think, though, that Senator Vitter missed the larger point. While most of us in this Chamber disagree with the finding of that Bush-appointed commission, that committee, that commission, task force—I think the bigger question is that a whole lot of the status quo which Senator Vitter has defended, sort of ad hoc, the bigger question is under the status quo so many women aren't getting tested for breast cancer. It is estimated that 4,000 breast cancer deaths could be prevented just by increasing the percentage of women who receive breast cancer screening.

The Mikulski amendment is so important. It is important because in this country today, if you take a group of 1,000 women who have breast cancer and who have insurance, and 1,000 women who have breast cancer who don't have insurance, those who don't have insurance are 40 percent more likely to die. So the issue is that committee—I think that commission made a mistake. We pretty much, most people of us, think the commission made a mistake. I am not sure why those people whom President Bush put on the commission made the decision they did. It should have been oncologists sitting; Senator Vitter is right about that.

The larger point is that women without insurance don't get tested, and women without insurance are 40 percent more likely to die of breast cancer than those with insurance. At the same time, as the Presiding Officer knows, in the State of Maryland, women typically pay more for their insurance than men do on the average.

So if we are going to do this right, it means we need insurance reform, which Senator Mikulski has defended, that a preexisting condition, no more men and women who have their insurance canceled because they got too sick last year and had too many expenses and the insurance companies practiced re-scoring, no more. No more if I have insurance and if I have a child born with a preexisting condition do I lose my insurance.

I come to the floor pretty much every day reading letters from people in Ohio—from Girard and Gallipolis and Lima, all over my State. Typically, people were pretty happy with their insurance if they had written me a year ago, these people. But today these people writing found out today their insurance doesn't cover what they thought it did. They end up losing their insurance because of a preexisting condition. They can't get insurance because they once had breast cancer. They have had this discrimination against women of tender or geography or disability. That is what is important about the bill and what is important about the Mikulski amendment.

That is why I would hope Senator VITTER, as he is pushing for assistance for women with breast cancer—I applaud him for that—would go deeper than just dismissing the recommendations of one government commission and that, in fact, he would advocate for better testing, more frequent testing for women who are not getting tested often enough today, and that the rates for women would be comparable to the rates for men. That is, again, why the Mikulski amendment is so important.

I will repeat; the health reforms legislation as is will finally put an end to discrimination discrimination that charges women significantly higher premiums because they have had children.

It is considered a preexisting condition by some insurance companies if a woman had a C-section because she might get pregnant again and she is going to have another C-section and that costs more. A woman with a C-section has a preexisting condition. A woman who has been—in some cases, with some insurance companies' policies—victimized by domestic violence has a preexisting condition because the husband or the boyfriend or whoever hit her the one time, the insurance companies would suggest, is going to do it again. So she has a preexisting condition. What kind of health care system is that?

That is why I suggest Senator VITTER support the Mikulski amendment and why it is so important. It will ensure that women are able to access needed preventive care and screenings, and whatever additional cost, one of the things, in spite of the McCain amendment—and I appreciated Senator Baucus's comments a minute ago about how ironic it is, I was in the House of Representatives for the Senate now for the last 3 or so, I have heard so many colleagues eviscerate Medicare. They have tried to cut Medicare, privatize it, and come at it from all different directions repeatedly over these last 15 years. Now they want to tell us they are the ones who want to protect Medicare. In fact, this legislation saves money and saves lives, and this legislation saves Medicare.

One of the things this legislation does for Medicare beneficiaries is it will begin to provide these preventive care screenings so seniors will pay no copay. It is not cutting Medicare and services, as my friends on the other side say—all those who are opposed to this, most of whom have tried to slow this legislation down. We cannot even vote on the McCain amendment. We are ready to do it, but the Republicans don't seem to want to move forward on this legislation.

Let me go back to why the Mikulski amendment makes so much sense. All health care plans would cover comprehensive women's preventive care and screenings, requiring that recommended services be covered at no cost to women. We know that to get preventive screenings and care—if we make them at no cost, the chances of people getting them are significantly higher. More than half of women delay or avoid preventive care because of the costs. One in five women at age 50 has not received a mammogram in the past 2 years.

That isn't because the Commission, appointed by the former President Bush, made this decision; it is not because of their bureaucratic decision that Senator VITTER rails about, and many of us agree with; it is not because 1 in 5 women age 50 has not received a mammogram and if you are half of women delay or avoid preventive care because of the costs.
In 2009, some 40,000 women will lose their lives to breast cancer; 4,000 breast cancer deaths, one-tenth of those who could have been prevented by increasing these preventive screenings. These kinds of mammograms, this preventive care, and annual oncological visits will be covered for free for women.

This amendment would broaden the comprehensive set of women's health services that health insurance companies must cover and pay for.

First, I would ensure that women of all ages are able to receive annual mammograms, covered by their insurer. It would encourage coverage of pregnancy and postpartum depression screenings, Pap smears, screenings for domestic violence, and annual women's health screenings. It makes so much sense. It would save the lives of women, and it means women would suffer from a lot less illnesses. It will save money for the health care system because these illnesses will be detected much earlier, and women will get the kind of care they should. That is what this whole legislation is about and what the Mikulski amendment will add to.

This amendment will remove any and all financial barriers to preventive care so we can diagnose diseases and illnesses early—when we have the best chance at being able to save lives, obviously.

Understand again, this legislation and the Mikulski amendment are supported by the National Organization for Women, the National Partnership of Women and Families, the American Cancer Society Cancer Action Network, and all kinds of women's organizations. They understand this is the best thing for women in this country.

I hope the Senate can proceed to a vote on this amendment. I hope my Republican colleagues will not just talk about the bad decision of this Commission—it is think it was a bad decision—but actually do something about it, something substantive, and give women in this country a fairer shake from health care insurance companies and cover these preventive services and cancer screenings. It will make a big difference if we can move forward and expand preventive health care services to women.

I yield the floor.

The PRESIDING OFFICER (Mr. Menendez). The Senator from Oklahoma is recognized.

Mr. COBURN. Mr. President, I wish to pick up where Senator Brown left off. I will describe one of my real patients, but I will not use her real name. I will call her "Sheila." Sheila was 32 years old. She came in with a breast mass. I examined it and thought it was a cyst. I sent her to get an ultrasound, which confirmed a cyst. OK. We did a mammogram to make sure. The mammogram said it looks like a cyst. The standard procedure for somebody with a cyst is to watch it expectantly, unless it is painful, because 99 percent of them are benign cysts. I had the good fortune to do a needle drainage on her cyst 3 days after she had her mammogram. There were highly malignant cells within the cyst. She has since died.

The reason I wanted to tell the story about Sheila is because the Senator from Ohio, in supporting the Mikulski amendment, doesn't recognize, we don't allow the Preventive Services Task Force to set the rules and guidelines. We do something worse: We let the Secretary of HHS set the guidelines. The people who ought to be setting the guidelines are not the government; they are the professional societies that know the literature, know the standards of care, know the best practices; and, in fact, the Mikulski amendment doesn't mandate mammograms for women. It leaves it to HRSA, the Health Resources Services Administration, which has no guidelines on it today whatsoever.

So what we are saying with the Mikulski amendment is, we want the government to, once again, decide—all of us are rejecting what the Preventive Services Task Force has said, but instead we are going to shift and pivot and say yes the HRSA decide what your care should be.

The other aspect of the Mikulski amendment I fully agree with. I don't think there ought to be a copay on any preventive services. I agree 100 percent. But the last place we ought to be making decisions about care and process and procedure is in a government agency that, No. 1, is going to look at cost as much as at preventive effectiveness. If the truth be known, the Preventive Services Task Force, from a cost standpoint—as a practicing physician, I know how to read what they put out—from a cost standpoint, it is exactly right. From a clinical standpoint, they are exactly wrong, because if you happen to be under 50 and didn't have a screening mammogram and your cancer was missed, to you, they are 100 percent wrong. You see, the government cannot practice medicine effectively. What we are trying to do in this bill throughout is have the government practice medicine, whether it is the comparative effectiveness panel or the Medicare Payment Advisory Commission. What we have asked is for the government to make decisions.

Let me tell you what that is. That is the government standing between me and my patient. It is denying me the ability to use my knowledge, my training, my 25 years of well-earned gray hair, and combine that with family history, social history, psychological history, where it might be important, and clinical science, and me putting my hand on a patient such as I did Sheila. Most physicians would never have stuck a needle in that breast, and she probably would not have lived 12 years if she lived. She would have lived 1 or 2 years. But she got 12 years of life because clinical judgment wasn't deferred or denied by a government agency.

There is a wonderful member of the British Parliament who happens to be a physician. When we were debating the issue of the comparative effectiveness panel, we said to the British, "What do you need to know?" I asked him: What about the national institute of comparative effectiveness in England? Here is what he said: As a physician, it ruins my relationship with my patient because no longer is my patient 100 percent my concern. Now my patient is 80 percent my concern and the government is 20 percent of my concern. So what I do is I take my eye off my patient 20 percent of the time to make sure I am complying with what the national institute of comparative effectiveness says—even if it is not in my patient's best interest.

When we pass a bill that is going to subterfuge or undermine the advocacy doctors for their patients, they are the wonderful health care we have in this country will decline. There are a lot of other things about the bill I don't agree with. But the No. 1 thing, as a practicing physician, that I disagree with is the very fact—the thing I am most concerned about is in the art of medicine I get to go the other way for my patient.

What we have in this bill is what we passed with the stimulus bill, the comparative effectiveness panel—which is utilized in this bill—and we have the Medicare Payment Advisory Commission saying you have to cut. Where do we cut? Whose breast cancer screening do we cut next year? When we have the Commission saying you have to cut. Where do we act affirmatively in another way, we are dividing the loyalty of every physician in this country away from their patients. They are no longer a 100-percent advocate for their patients. This is a government-centered bill. It is not a patient-centered bill.

Going back to the Mikulski amendment and what will come with the Murkowski amendment, the Murkowski amendment is far better. It does everything that we but doesn't divide the loyalty or advocacy of the physician. Here is what it does. The Murkowski amendment says nobody steps between you and your doctor—nobody, not an insurance company, not Medicare or Medicaid. We use as a reference the professional societies in this country who do know best, whether it be for mammograms and the American College of Surgeons, the American College of OB/GYNs, the American College of Radiology, the American Academy of Internal Medicine or the American College of Physicians, which have come to a consensus in terms of what best practices are...
Congressional Record — Senate

December 2, 2009

S12123

Mr. COBURN. No required reductions in what?

Mr. BAUCUS. As soon as I get the page number, I guess I would like to page to it. Senator Coburn, I will read it to him. Let me also reference what CBO has said. I will be happy to yield to the chair on the question of what CBO has said. I will be happy to yield to the chairman if he wants to talk now.

Mr. BAUCUS. As soon as I get the page number, I guess I would like to ask the Senator from Oklahoma a question.

Mr. COBURN. I will be happy to yield for a question.

Mr. BAUCUS. What page?

Mr. COBURN. Page 869, subtitle C, part C—I won’t go through reading it—reduces Medicare Advantage payments. The differential from $135 to—I will read it to the chairman. The chairman is shaking his head. Let me read it to him. Let me also reference what CBO has said. I will be happy to yield to the chairman if he wants to talk now.

Mr. BAUCUS. As soon as I get the page number, I guess I would like to ask the Senator from Oklahoma a question.

Mr. COBURN. I will be happy to yield for a question.

Mr. BAUCUS. What page?

Mr. COBURN. Page 869, subtitle C, part C.

Mr. BAUCUS. I don’t have it with me right now, but there are no required reductions in fringes or extras—

Mr. COBURN. No required reductions in what?
Mr. BAUCUS. Fringes, such as gym memberships, and extras such as that. The bill basically provides that there be no reductions in guaranteed Medicare payments. There is a long list of what guaranteed Medicare payments are.

Even the Medicare Advantage companies, which are private companies with officers and they have stockholders—they have to report to their board of directors, and they have all these administrative costs, very huge admin costs. The reductions to Medicare Advantage—the application of reductions to Medicare Advantage plans are at the discretion of the officers. The officers can decide they are not going to cut the fringes; that is, the fringes and the extras that are beyond, in addition to the guaranteed Medicare benefits.

Mr. COBURN. The fact is, if you like what you have, you cannot keep it, for 2.6 million Americans. You can say that is not true. That is what CBO says. Here are their numbers. They sent the report to the chairman.

Mr. COBURN. Will the Senator yield?

Mr. BAUCUS. It is true—first of all, we need to back up. Isn’t it true that the MedPAC commission came to the conclusion that the Medicare Advantage plans are overpaid?

Mr. COBURN. Absolutely. I agree with the chairman.

Mr. BAUCUS. It is also true that it is their recommendation that the Medicare plans overpaid by the amount of 14 percent.

Mr. COBURN. I don’t know the actual amount. I agree with the chairman that they are overpaid.

Mr. BAUCUS. That is true. They are overpaid.

Mr. COBURN. Yes.

Mr. BAUCUS. If they are overpaid, doesn’t that necessarily mean there are reductions in payments attributable to each beneficiary by definition?

Mr. COBURN. I disagree with that.

Mr. BAUCUS. If they are overpaid—Mr. COBURN. Here is what I would say. This morning, the claim made by the chairman and Senator Dodd is that Medicare Advantage is not Medicare. Medicare Advantage is Medicare law. It was signed into law. It is a part of Medicare. The chairman would agree with that?

Mr. BAUCUS. Absolutely. In 2003, I made the mistake and agreed to give the Medicare Advantage plans way more money than they deserved. And as the Senator from Oklahoma has said, they are overpaid.

Mr. COBURN. I agree with the chairman. You won’t hear that from me. How did we get there? How did we get there? How did we get there, to where they are overpaid? We have an organization called the Center for Medicare and Medicaid Services. They are the ones who let the contract, are they not? They, in fact, are. Twenty-five percent of the overpayment has to be rebated to CMS today; the Senator would agree with that? Seventy-five percent for extra benefits, 25 percent rebate. How did we get to where they are overpaid? Because we have a government-centered organization that is incompetent in terms of how they accomplished the implementation of that bill.

What was said by Senator Dodd this morning—and I confronted him already on it, but it bears repeating—is that the Patients’ Choice Act eliminates the dollars without eliminating the services because it mandates competitive bidding with no elimination in services for Medicare Advantage. So if you want to save money, competitively bid rather than go through eight pages of reductions year by year in the payments that go back to Medicare Advantage.

We have this complicated formula that nobody who listens to this debate would understand. I know the chairman understands it because he helped write it. But the fact is 2.6 million Americans, according to CBO, will see a significant change in their Medicare benefits. Medicare Advantage is Medicare Part C. We have had a kind of a differential made that it isn’t really Medicare. It is Medicare. And 20 percent of the people in this country who are on Medicare are on Medicare Part C—Medicare Advantage—and they like it. And why do they like it? Because most of them don’t have enough money to buy a supplemental Medicare policy to cover the costs that are associated with deductibles and copays and outliers. So I agree with the chairman that Medicare Advantage is overpaid, but I disagree with the way you are going about getting there.

I also disagree with taking any of the money that is now being spent on Medicare Part C and creating another program. I think all that money ought to be put back into the longevity of Medicare.

In case you don’t understand how impactful that is, we now owe, in the next 75 years—actually, we don’t owe it, because none of the Senators sitting here will be around. Our kids are going to get to pay back $4 trillion in money for Medicare we will have spent, that allowed to grow, in fraud, close to $100 billion a year and then did nothing about it. This bill does essentially nothing about that $100 billion a year, or $1 trillion every 10 years. If we were to eliminate that—which this bill does not—we would markedly extend the life and lower the debt that is going to come to our children.

That leads me to the other important aspect of the health care debate. We know when you take out the funny accounting—the Enron accounting—in this bill, and you match up revenues with expenses, you are talking about a $2.5 trillion bill. The chairman of the
Finance Committee readily admits he has it paid for, and CBO says you have it paid for. But how does he pay for it? He pays for it with the 2.6 million people who like what they have today and who are going to lose what they have today by raising Medicare taxes. Then the Medicare taxes he raises he doesn’t spend on Medicare, he spends that on a new entitlement program. Think about what we are doing. Is there a better way to accomplish what we are trying to accomplish? I thank the chairman for indulging me and allowing me to continue this long. I will wind up with a couple of statements and then share the floor with him.

You know, after practicing medicine for 25 years, I know we have a lot of problems in health care, and I appreciate the efforts of the chairman of the Finance Committee to try to find a solution for health care. It is not an easy solution, but it is a solution. And it is a solution that grows the government. It puts the government in charge of health care and creates blind bureaucracies and mandating how they will do it. Wouldn’t it be better to incentivize tort reform in the States? Wouldn’t it be better to incentivize physicians based on outcomes? Wouldn’t it be better to incentivize good behavior by medical supply companies, DME, drug companies, hospitals, physicians, through accountable care organizations, through transparency for both quality and price?

We don’t have any of that in here. What we have is a government-centered bureaucracy that, according to CBO figures, will add 25,000 Federal employees to implement this program—25,000. If you call the Federal Government, how long does it take you now to get an answer? Yet we are going to add 25,000 Federal employees in health care. That is an extrapolation of the amount of agencies, dividing what CBO says per agency and per cost they will come up with. Wouldn’t it be better to fix the things that are broken, rather than to try to fix all of health care?

I heard one of my colleagues today say on the floor, and I think it is true, that people in America are upset with us, and I think rightly so. I apologize to the people for my arrogance. I apologize to the American people for the arrogance of this bill; the thinking that we got it right; that we can fix it in Washington; that we don’t have to listen to the people out there; that we don’t have to listen to people who are actually experiencing the consequences of what we are going to do. I apologize for the arrogance of saying we can create a $2.5 trillion program and that we know best. Well, you know what, we don’t know what is best.

As Senator Alexander has said so many times, what needs to happen is we need to start over. We need to protect the best of American medicine. And what is the best? Well, if you get sick anywhere in the world, this is the best place in the world to get sick, whether you have insurance or not. If you have Medicare and you have chronic disease, this is the best place in the world. It costs too much, there is no question, but it is the best place. If you have cancer, you are one-third more likely to live and be cured of that than anywhere else in the world—for any cancer. It just costs too much. This bill doesn’t address the true causes of the cost. What are the true causes of the cost? Well, No. 1, we know Medicare and Medicaid underpay and so we get a cost shift that is $1,700 per year per family in this country. So you get to pay three taxes in this country on health care: You pay your regular income tax, you pay for Medicare, and it also now starting to pay for Medicare as well; you have to pay a 1.45 percent, plus your employer gets to pay 1.45 percent of every dollar you earn, for your health insurance costs $1,700 per year because Medicaid and Medicare don’t compensate for the actual cost of the care because of the government-centered role that is played in terms of the mandates, the rules, and regulations.

We have a tort system in this country that costs upward of $200 billion in waste a year, which is 8 percent of the cost. Ninety percent of all cases are settled without a trial in favor of the providers. So we spend all this money practicing defensive medicine and there is not one thing in this bill to fix that problem. That is 8 percent.

Take your health care premium, or your percentage of your health care premium, and apply 8 percent, and that is going down the drain because I am ordering tests you don’t need and I need to protect myself in case somebody tries to extort money from me with a lawsuit that I know is going to get thrown out, but I have to have it there to prove it. And then we have inefficiencies.

Ultimately, what we need to do is to protect what is good, incentivize the correct behavior in what is wrong, and go after the fraud in health care with a vengeance—put doctors in jail, hospital administrators in jail. Don’t slap them with a fine and ban them from Medicare. When people are stealing our kids’ money, up to $100 billion a year, need to go to jail. We pay play and chase. We pay everybody and then we try to figure out whether the decrease in a paid. Nobody else does that, but the government does, and that is who we are getting ready to put in charge of another $2.5 trillion worth of health care?

One of the reasons health care is in trouble in this country is that 61 percent of all the health care is run through the government today. Look at TRICARE for our military, look at VA care, look at Indian health care, at SCHIP and Medicaid. There is an estimate of $15 billion a year in fraud in New York City alone on Medicaid. That is one estimate, per year, in one city on Medicaid. And then Medicare. And we are going to say those are running so good that we might to move another $2.5 trillion, or 15 percent of health care, to where we are at 76 percent of all health care is run by the government? I reject that out of hand until we can demonstrate we are good at what we do.

What we ought to be doing is turning it back. The private sector isn’t the answer to everything. I agree with that. I can’t stand 80 percent of the insurance bureaucrats I deal with. But at least I have a fighting chance they might do something for a patient. I never get a call back from Medicare. They do not call me back. The State doesn’t call me back on Medicaid when I need to do something. So I go on and fix it, and if somebody else fixes it for $2.5 trillion, that is the kind of system we have today. Think about the mothers in this country in a Medicaid system where 40 percent of the primary care doctors in this country won’t take children. That is Medicaid. That is realistic Medicaid today in our country. So they have a sick kid, but they can’t get in to a doctor, even though they have insurance. They have Medicaid, but they can’t get in. Why can’t they get in? Because only 1 in 50 doctors last year who graduated from medical school goes into primary care. We have created an abrupt shortage in primary care. And, No. 2, the payment is not enough to pay for the overhead to see the child. So we have a woman who is worried about her sick kid, and care is delayed if you can’t get in. It doesn’t matter if you have Medicaid if you can’t be seen. So what happens? She goes to the emergency room. What happens in the emergency room? We spend three or four times as much as we should, because that is an emergency department. The doctor has no knowledge of the child or the mother. He doesn’t want to get sued, so we have a 40-percent defensive medicine cost in the emergency room.

The answer is not more government health care. The answer is creating the incentives for people to do the right thing. The only way we get things under control in health care in this country and the only way we create access for people in this country is to decrease the cost of health care. This bill doesn’t decrease the cost of health care. If we want to make sure we do what is best for American medicine, we need to fix what we will do it one significant part at a time. I can’t imagine dealing with thousands, tens of thousands of more bureaucrats in December 2, 2009

CONGRESSIONAL RECORD — SENATE

S12125
Mr. MERKLEY. Mr. President, I rise today to share a few thoughts about our health care proposal and also to address the amendment of my good friend from Maryland, Senator MIKULSKI. We have heard the word “arrogant” echo in this Chamber. “The bill before us is arrogant.”

I come to it with a somewhat different perspective. For 10 years, as a representative of a working class neighborhood back in Oregon, as a State legislator, I have heard a lot of stories from America’s working families—from the millions in my House district back home, a lot of stories regarding health care. There is a lot of concern that they can’t afford health care. There is a lot of concern that their children do not have appropriate coverage. There is a lot of concern that their health care is tied to their job, and if they lose their job they are going to lose their health care.

There is a huge amount of stress for America’s families who understand if you have health care you have to worry about losing it, and if you don’t have it you have to worry about getting sick. That is why we are here today in this Chamber debating health care because we have heard from our constituents, so many of us know from our personal experience what a dysfunctional, broken health care system we have in America.

Sometimes, listening to this conversation on the Senate floor, you would think this is a rather complicated debate. But the heart of this bill is not that complicated. The heart of this bill is that every single American should have affordable, quality health care, and that we can take a model that has worked very well for the Federal employees of our Nation, a model that encourages competition, a model that says let’s create a marketplace where every individual, every small business that currently struggles to get health care and has to pay a huge premium for health care—enable them to join a health care pool that will negotiate a good deal on their behalf.

I think every American who has tried to get health care on their own, every small business that is paying a 15- to 20-percent premium because they don’t have the clout of a large business, understand if they could join with other businesses, if they could join with other individuals, they would get a lot better deal.

Americans understand if there is a large pool of citizens who are seeking health insurance that insurers are going to be attracted to market their goods. We have seen that in the Federal employees system, where insurers come and compete. It turns the tables. It takes the power away from the insurance companies and it gives the power to the American citizen because now the citizen is in charge. Now the citizen gets to choose between health care providers instead of having to search for one from whom they can possibly get a policy.

I do not find that it is arrogant to try to create a system in which individuals and small businesses get health care that is more affordable. I don’t find that a bill that says we are going to invest in prevention is arrogant, that is smart. I don’t find a bill that says we are going to create incentives to do disease management arrogant, so someone suffering from diabetes managed rather than ending up with an expensive amputation of their foot. That is intelligent, that is not arrogant.

I don’t find that having a bill that says every single American is going to find affordable health care, and if they are too poor to afford it we will provide a subsidy to assist them, to get everyone in the door, that is not arrogant. That is saying we are all in this together as citizens and that health care is a fundamental factor in the quality of life. It is a fundamental factor in the pursuit of happiness. It is not arrogant to find for fundamental access to health care.

I rise specifically to address the amendment offered by my good friend from Maryland, Senator MIKULSKI. The legislation we are considering has many parts that make health care more affordable and available, that expand access; many parts to hold insurance companies accountable. But a big part of health care reform also deals with helping people avoid illness or injury in the first place. That is what Senator MIKULSKI’s amendment does and why it is so important that it be included in this proposal.

Preventive screening saves lives. That is a fact. Early detection saves lives. That is a fact. Too many women forgo both because of the cost.

I want to share a story from a physician in Oregon. The physician is Dr. Linda Harris. I am going to quote her story in full. It is not that long. She says:

I work one day a week at our county’s public health department. There I met Sue, a 31-year-old woman who came in with pelvic pain and bleeding. She proved to have extremely aggressive cervical cancer that was stage IV when I diagnosed it.

She continues:

When Sue was 18 she had a tubal ligation after she gave birth to her only child. As a single mom she did not have the financial resources to have more children. She concentrated on raising her daughter. Sue also worked, sometimes 2 jobs at once, but never the kind of job that offered health insurance. But because she had a tubal ligation she did not qualify for our State’s family planning expansion project that provides free annual exams, Pap smears and contraceptive services to many of our clients.

The doctor continues:

Cervical cancer is an entirely preventable disease. Pap smears almost always find it in its premalignant form, but Sue never came in for a Pap smear or an annual exam. Her lack of affordable access to basic health care proved fatal. When Sue died of cervical cancer her daughter was 13.

That is the completion of the story that the doctor shared. Sue should not be viewed as a statistic in a broken health care system. But, instead, we
should take her story to heart, about the importance of preventive services. Sue is one of 44,000 Americans who die each year because they lack insurance, according to a recent Harvard Medical School study.

Let me repeat that statistic because I think it is hard to get your hands around—44,000 Americans die each year because they lack insurance. I don’t think it is arrogant to say we should build a health care system that gives every single American access to affordable, high-quality care that 44,000 of our mothers and fathers, our sons and brothers, our daughters, our wives, our sisters—so that 44,000 of them do not die each year because they lack insurance.

Senator MIKULSKI’s amendment will help keep this tragedy from happening to our families. To put it plainly, it will save lives. It does this by allowing the Health Resources and Services Administration to develop evidence-based guidelines to help bridge critical gaps in coverage and access to affordable preventive health services—the same approach the bill takes to address gaps in preventive services for children. This will guarantee women access to the kinds of screenings and tests that can prevent illnesses or stop them early.

As the American Cancer Society Cancer Action Network notes:

“Transforming our broken “sick care” system depends on an emphasis on detection and early prevention, enabling us to find diseases when they are easier to survive and less expensive to treat.

That last point is also important. Treating illnesses also saves money. With so much emphasis on the cost of health care, we should all agree that it is common sense to include reforms that lower health care costs for all Americans.

I was noticing that her amendment has a long list of organizations stating how important this is—the National Organization for Women, the National Partnership for Women and Families, the Religious Coalition for Reproductive Choice, the American Cancer Society-Cancer Action Network, the National Family Planning and Reproductive Health Association.

I applaud Senator MIKULSKI for offering this amendment. I urge my colleagues to remember the 44,000 Americans who die every year because they lack insurance, because they do not have access to preventive services, and vote to include this important reform.

The PRESIDING OFFICER. The Senator from Maryland.

When we have an amendment offered by the Senator from Maryland. I would like to offer a little bit later an amendment, but I would like to speak to the amendment now, if I may. I am proposing this as a side-by-side to the MIKULSKI amendment to make sure that we allow for an openness, a transparency on preventative services, not just mammograms. I don’t want to limit it to only mammograms, because we know that preventive services in so many other aspects of our health are also equally key and equally important. What I am looking to do with my amendment is to rely on the expertise, not of a government-appointed task force but to rely on the expertise of medical organizations and the experts, whether they be in the college of OB/GYNs or surgeons or oncologists, rely on them and their expertise to determine what services, what preventive services should be covered.

What we are seeking to do is allow for a level of information so an individual can select insurance coverage based on recommendations by these major professional medical organizations on preventive health services, whether it is mammography or for cervical cancer screening.

I think we learned from the announcement from the USPSTF, the Preventive Services Task Force, that when we have government engaging in the decisions as to our health care and what role they actually play, there is a great deal of concern and consternation. I have heard from many colleagues on both sides of the aisle: That task force was wrong. We think they have made a mistake in their recommendations.

What we are intending to do with this amendment is keep the government from making a decision that is out of our health care plan, rather than relying on unelected individuals, basically individuals who are appointed by an administration to set this part of the panel of 16, on the Preventive Services Task Force. My amendment specifies that all health plans must consult the recommendations and the guidelines of the professional medical organizations with preventive services and that benefits should be covered by all health insurance plans.

I know at least those of us who are on the Federal employees health benefits have an opportunity to subscribe to the Blue Cross/Blue Shield plan. This is their booklet that is out for 2010. This is under their standard basic option plan. Turn to preventive care for adults that is covered. They provide, under this particular plan, for preventive diagnostic tests and screening procedures for colorectal cancer tests, for prostate cancer, cervical cancer, mammograms, ultrasound, abdominal aneurysm. There is a list we can look to.

What we don’t see laid out in this booklet or any of the other pamphlets that outline given plans out there is, OK, for instance, the breast cancer test, is there an age restriction. We make a determination as to what they will select.

If you go to the Web sites of these professional medical organizations, for instance, the American Congress of Obstetricians and Gynecologists, they recommend that cervical cancer screening should begin at age 21 years, regardless of sexual history. Cervical cytology screening is recommended.
every 2 years for women between the ages of 21 and 29. The American Society of Clinical Oncology, as to the recommendations for mammography, urges all women beginning at age 40 to speak with their doctors about mammography every year starting at age 40. As age 50, at the latest, they should be receiving mammograms. The American College of Surgeons, in their recommendations, recommend that women get a mammogram every year starting at age 40.

As an individual who is looking to make a determination as to what the experts are saying out there, what is being recommended, I would like to know that this information is made available to me to help me make these decisions. What our amendment would require is that plans would be required to provide this information directly to the individuals through the publications they produce on an annual basis. What we are talking about not is the doctors. It is the specialists who will be recommending what preventative services to cover, not those of us here in Washington, DC, in Congress, not the Secretary of Health and Social Services, who may or may not be a doctor or a professional, not a task force that has been appointed by an administration. We are trying to take the politics out of this and put it on the backs of the medical professionals who know and understand this. This is where we want to be putting the emphasis. This is where we want to be relying on the professionals, not the political folks.

Additionally, my amendment ensures that the Secretary of Health and Human Services shall not use any recommendations made by the U.S. Preventive Services Task Force to deny coverage of any items or services. This is the crux of so much of what we are discussing right now with these latest recommendations that came out by USPSTF. The big concern by both Republicans and Democrats and everyone is the insurance companies are going to be using these recommendations now to deny coverage to women under 50 or to a woman who is over 50. If she wants to have a mammogram every year; that she would only be allowed coverage for those mammograms every other year rather than on an annual basis. We want to take that away from the act will, of the amendment. To suggest that we will deny coverage based on the recommendations of this government task force is not something I think most of us in this country are comfortable with.

We specify very clearly that the Secretary cannot use any recommendations from the USPSTF to deny coverage of any items or services. We also include in the amendment broad protections to prevent, again, the bureaucrats, the government from making decisions about Health and Human Services, from denying care to patients based on the use of comparative effectiveness research.

Finally, we include a provision that ensures that the Secretary of Health and Human Services may not define or classify abortion or abortion services as preventative care or as preventative services.

This amendment is relatively straightforward. It relies, essentially, on the recommendation of practicing doctors, as opposed to the bureaucrats, to the politicians, to those in office. My amendment addresses the concern that came out with the coverage determinations for your health care decisions. What we are doing here, quite simply, is making it transparent, making clear that the preventive services recommended by the professional medical organizations are visible, are transparent. We require the insurance companies to disclose that information that is recommended and, again, recommended by the professionals.

This is a good compromise. It basically keeps the government out, and it keeps them from dictating to the insurance companies to disclose the information to potential enrollees and allows for, again, a transparency that, to this point in time, has been lacking. It has been suggested by at least one other amendment earlier that my amendment would cost somewhere in the range of $30 billion. I would like to note for the record, we have not yet received a score on this. We fully believe it will be much less than has been suggested. When the statement was made, it was not with a full view of the amendment we have before us and is not consistent with that. I did wish to acknowledge that as we begin the discussion on my amendment.

Mr. ENZI. Mr. President, first, I wish to thank the Senator from Alaska for the tremendous work she has done on this issue and for the dozens of people she has talked to over the last couple days to try to come up with an amendment that would actually solve the problem everybody has been talking about.

I appreciate the Senator from Maryland recognizing this major flaw in the bill, and it is in the bill. The U.S. Preventive Services Task Force is in the bill. That is exactly the group that specified this new policy on mammograms that has upset people all across the country. It upset everybody so much that we have an amendment on the floor by the Senator from Maryland reacting to that and reacting to the fact that it is in the bill at the current time.

So I appreciate the Senator from Alaska coming up with a plan that actually is more comprehensive than the amendment from the Senator from Maryland because the Senator has had a little bit longer to work on it. I appreciate the words the Senator has in there that “you cannot deny.” The Senator is on the Health, Education, Labor, and Pension Committee, and I know we have worked on this issue in committee. I hoped this kind of a realization would have been made at that time. We had some amendments where you could not deny based on this or the comparative effectiveness or could not prohibit based on it. We know all those amendments failed, meaning there was probably some intention to deny or to prohibit based on these groups.

So I appreciate the Senator bringing up the fact that it is the caregivers who will have some say in this so that when you cannot deny you and your doctor. I wish the Senator would go into a little bit of some of her background from Alaska and that Senator and Alaska have been very involved in breast cancer for a long time, and people ought to be aware of the kind of services that are available out there and what the costs of those services are.

Ms. MURKOWSKI. I appreciate the question from my colleague from Wyoming. Senator knows, coming from a rural State, that our health care costs are typically higher, and it is not just an issue of cost, but it is an issue of access, and particularly in my State, where most of our communities are not connected by roads, it is very difficult to gain access to a provider. It is even more difficult to gain access, for instance, to mammography units.

I have been involved in this issue, in terms of women’s health and cancer screening, for many decades now, primarily because my mother got started in it back when I was still in high school and saw a need to provide for breast cancer screening for women in rural areas, where they could not afford to fly into town, as we would call it, for the screenings. So she engaged in an effort—and continues to this day—to raise money for not only mobile mammography units but to figure out how we move those units from village to village.

Essentially, what they have been able to do, over the years, is you put that mobile mammography unit on the back of a barge and you take it up and down the river and get to every village and offer free screenings for women. You fly it into a village, where you are not on a river. We have been making this effort, again, for decades, working, chipping away slowly at the issue of breast cancer. We recognize it in our State. Particularly with our Alaska Native populations, we see higher levels of breast cancer than we would like. We are trying to reduce that.

But when these recommendations came out several weeks ago from the USPSTF, I will tell you, there was a buzz around my State amongst women about: Well, now what do I do? Where do I go? Do I want to go in for my screening? What should I do?

There is an article that was actually in the news just, I guess, a couple weeks ago, and it cites a comment from a doctor. Her comment was, the new recommendations were confusing patients who usually come in for their annual screenings. She said: My schedulers have called to schedule patients
to come in for their followup mammogram, and they have been told: Well, I don’t have to do that now. This government group says I don’t have to do that.

Mr. President and my colleague from Wyoming, maybe some do not. But what about the people who are at risk? These are the ones whom I think we are continuing to hear from who say: Please, add some clarity to this.

Mr. ENZI. Mr. President, I know there is a word that somebody turns a family upside down as much as the word “cancer,” and it does not matter which form of cancer it is. It is just drastic because we do not know all the implications of it. Maybe someday we will. Maybe someday we will know how people get it, and we will be able to cure it with a vaccine. But, so far, what we have are some mechanisms for putting it into remission.

One of the reasons I know how upsetting that is and how it turns the world upside down is 3 1/2, 3 3/4 years ago my wife was diagnosed with colon cancer. She had screenings, but she listened to her body. She said: Something is the matter here. She kept going to doctors. So even if they do not recommend the screening, body is saying something is the matter, pursue it until you are either convinced nothing is the matter or a doctor finds what is the matter. That is the advice she gives to everybody. These are things that need to be between the patient and the doctor.

Now that she is in remission, one of the things the doctor recommended was that she take Celebrex. That is something normally for arthritic pain, but what they found was in some patients that will keep polyps from growing that will turn into cancer in the colon, and we definitely do not want that to recur again. So she is taking that. But it is a constant fight with making sure that is an approved medication and that it can be done and that it will be paid for.

If that were just a task force recommendation—first of all, since she had the screening, they would say she does not have a problem and, later, she would die from it. But she was able to listen to her body, get the treatment she needed, and now is continuing to get the treatment without a task force saying: No, 99 percent of the people do not need that. Her doctor and she are able to make that decision.

On other screenings, once you have cancer, there are other times you need to have MRIs, other kinds of tests run. That, again, has to be up to the doctor and the patient to determine how often those are needed. Again, I know from talking to a number of people whom I know—not just ladies either—who have had cancer, once you have had cancer and you are in remission, you would actually prefer to have your screening a little bit earlier for the mental reassurance you get with it.

Again, from talking to people—and we have talked to more now because we are trying to give some reassurances to them when this terrible word comes up—when they go to the doctor, one of the first things that happens is they weigh in, they take your blood pressure. When you are waiting for a decision on how the blood test you got the day before turned out or whatever it was, that blood pressure goes through the roof. Quite frequently, you cannot leave the doctor’s office until you have—you went there for the information, so, of course, you will stay for the information. They will 2 hours, they will not let you leave until they do the blood pressure test again, to make sure it goes down below the critical stage.

That is how much impact this has on people.

So I am glad the Senator did something that goes a little bit further, covers a few more things, and makes sure people have access to their doctor, to the tests they need, and not to be relying on some government bureaucracy to say: We have turned the grades. That is—oh, or 85 percent of the cases—oh, those are needed. Again, I know from hearing some government experts that those are needed. But it is a constant fight with making sure that is an approved medication and that it can be done and that it will be paid for.

One of the reasons, again, that there has been a great deal of discussion is the fact that the U.S. Preventive Services Task Force lowered its grade for these screenings to C.

That sparked the political firestorm, as many women became confused about what services they could get and when they could get them. The health care bills before Congress further confused the issue because they rely heavily on the recommendations of the task force. That is what is in the bill. The underlying Reid bill says—and the Mikulski amendment restates—that all health plans must cover preventive services that receive an A or B grade from the task force. Let’s see, we just said that was a C grade.

Because breast cancer screenings for women under the age of 50 are no longer classified by the task force as an A or B, plans would not have to cover those services. So Senator MIKULSKI drafted an amendment to try to fix this problem, but I think it confuses the matter some more.

I say to the Senator, I appreciate the effort you have gone to, to try to clarify that and expand it to some other areas—and to not add another layer of bureaucracy—by saying that all services and screenings must be covered by health plans.

However, the previous amendment does not have any guidelines that are specifically for women or prevention.

Ms. MURKOWSKI. If I may comment on the Senator’s last statement, this is very important for people to understand. There has been much said about the Mikulski amendment and what it does or does not do. It is very important for women to understand the Mikulski amendment will not provide for those mammograms for women who are younger than age 50. Her amendment specifically provides that it is “evidence-based items or services that have in effect a rating of ‘A’ or ‘B’ in the current recommendations of the United States Preventive Services Task Force.”

So you go to the task force report, and as the Senator has noted, women who fall between the ages of 40 and 49 receive a grade of C, and the recommendation is, specifically: Do not screen routinely. Individualized decision to begin biannual screening, according to the patient’s context and values. But they have received a C designation by USPSTF.

According to the Mikulski amendment, those women who are younger than 50 years of age will not be eligible
Congresswoman Debbie Wasserman Schultz just went through a recent bout of cancer, and I think that was diagnosed at age 41. For those women who fall into this category, this amendment the Senator from Maryland has introduced does not address the concerns that have been raised by these recommendations coming out of this preventive task force. Again, I think we understand that what this amendment specifically allows for is first-dollar coverage for immunizations for children, children’s health services as outlined with the HRSA—Human Resources Services Administration—guideline. But, in fact, the requirement to provide for screening coverage for women who are not in this A or B category—in other words, anybody younger than 50—we need to understand that what this amendment ensures that the Secretary from ever determining that abortion is a preventive service.

So I hope all of my colleagues, whether they are pro-life or pro-choice, would support this change of what we consider that controversial issue. Don’t sidetrack the debate on the preventive issues because what we are talking about is the preventive issues, and I appreciate the Senator covering that.

Ms. MURKOWSKI. I am glad the Senator mentioned the issue of abortion services. I think there is a vagueness in the amendment Senator Mikulski has offered. Some have suggested that it would allow those in the Human Resources Services Administration, HRSA, to define abortions as a preventive test, which could provide that health insurance plans then be mandated to cover it. That has generated some concern, obviously. Some have opposed the amendment, saying that if Congress were to vest executive branch entity sweeping authority to define services that private plans must then cover, merely by declaring a given service to constitute preventive care, then that authority could be employed in the future to require all health plans to cover abortions.

So all we are doing with my amendment is just making very clear there are no vagaries, there is no second-guessing. It just makes very clear that the Secretary’s decision of what preventive services are to include abortion services.

Mr. ENZI. Mr. President, as I said before, my wife says that she had probably never mentioned the word colon twice in her whole life, and since then she has become an encyclopedia for people who have a very similar problem. She had a colonoscopy a short time before. She was still having problems, and they had said there is no problem, but she kept getting it checked, and all the time there was a problem. So people need to listen to their bodies, and they need to listen to their doctors, and they shouldn’t have a bureaucrat coming in between that. So I thank the Senator.

Ms. MURKOWSKI. I thank the Senator for the dialog here today. I think this is an important part of our discussion as we debate health care reform on the floor. We have had good conversations already yesterday and today about the cuts to Medicare, the impact we will feel as a nation if these substantive cuts advance. But I think this discussion—and we are narrowing it so much on what the recommendations have been from the task force, but I think it is a good preview of what the American people can expect if we move in the direction of government-run health care, of bureaucrats, whether it is the Secretary of Health and Human Services or whether it is task forces that have been appointed by those in the administration, who are then able to make that determination as to what is best for you and your health care and your family’s health care.

In the discussion we have had today about ensuring that it is not best left to these entities, these appointed entities to make these determinations, but let’s leave it to—or let’s allow the information to come to us from the medical professionals. Senator Murkowski has spoken so eloquently on the floor about relying on those who really know and understand, who live this and who practice this, rather than us as politicians who want to be doctors. I don’t want to be a doctor. I want to be able to rely on the good judgment of a provider I trust, and I want him or her to be able to make those decisions based on their understanding of me and my health care needs and what is best for me and what the best practices are that are out there, rather than having a task force telling them: That is the protocol for Lisa. She is 52. She is able to get a mammogram every other year now. I want to know that it is me and my doctor who are making those decisions.
I am sure I am not going to be the only person to say this, but I would like to respond briefly to the colloquy that just took place between the Senator from Wyoming and the Senator from Alaska because, as I understand it, their words advocated and prescribed for preventive services that are in the A and B category as a floor, not a ceiling, at a minimum, and it instructs the Health Resources and Services Administration to provide recommendations and guidance for comprehensive women’s preventive care and procedures. Once that is done, then all plans would be required to be totally apart from the A or the B.

In terms of the Health Resources and Services Administration being an entity that wants to get between you and your doctor, these are actually scientists, not bureaucrats. It is an independent panel.

I think it comes with some irony to hear the concern expressed on the other side of the aisle repeatedly about bureaucrats coming between Americans and their doctors and telling them what care they can and cannot have when my experience in Rhode Island when my experience in Michigan leading up to this debate, the Presiding Officer, Senator Stabenow’s experience in Michigan leading up to this debate—all of our experience in our home States leading up to this debate—has been that the problem has been the private for-profit insurance industry is out there denying care every chance it gets.

I think the distinguished Senator from Illinois who was presiding when I told the story of a family member of mine who died recently who was diagnosed with a very serious condition. He went to the National Institutes of Health to get the best possible treatment. He got the best specialist on his particular diagnosis in the country, and when he took that back to New York, his insurance company said: I am sorry, that is not the indicated care. That is just one experience I have had. Hundreds of Rhode Islanders have been in touch with me about their nightmare stories of being burdened with a terrible diagnosis and when they go to see what it is going to cost, is it covered. Right now, we know that half the women in this country, in fact, post-pone, delay getting the preventive care they need because they can’t afford it.

The amendment from the distinguished Senator from Michigan, the Presiding Officer, the Senator from Michigan is recognized.

Ms. STABENOW. I thank my colleague from Rhode Island because I couldn’t agree more with what he just said. In terms of who is standing between, in this case, a woman and her doctor or any patient and their doctor. Right now, I assume the Senator would agree with me that the first person, unfortunately, the doctor may have to call is the insurance company to see whether he can treat somebody, to see what it is going to cost, is it covered. Right now, we know that half the women in this country, in fact, postpone, delay getting the preventive care they need because they can’t afford it.

So the amendment from the distinguished Senator from Maryland is all about making sure women can get the preventive care we need, whether it is the mammogram, whether it is the cervical cancer screenings, whether it is focused on pregnancy.

Would the Senator from Rhode Island agree that right now in the marketplace, I understand that about 60 percent of the insurance companies in the individual market don’t cover maternity care?

They don’t cover prenatal care. They don’t cover maternity care, labor and delivery, and health care through the first year of a child’s life. That is standing between a woman, her child, and her doctor. That is the ultimate standing between a woman and her doctor, since they were not going to cover that.

I think one of the most important things we are doing in this legislation is to ensure something as basic as maternity care. When we are 29th in the world in the number of babies that make it through the first year of life, that live through the first year of life, that is something we should all be extremely outraged about, concerned about.

This legislation is about expanding health care coverage, preventive care, making sure babies and moms can get prenatal care, that babies have every chance in the world to make it through the first year of life because we have adequate care there. Yet the ultimate standing between a woman and her doctor is the insurance company saying: We don’t think maternity coverage is basic care.

Mr. WHITEHOUSE. If the Senator will yield.

Ms. STABENOW. Yes.

Mr. WHITEHOUSE. is the business model of the private health insurance industry now. They want to cherry-pick out anybody who might be sick, and that is why we have the pre-existing condition exclusion.

Then they have a whole army of insurance company officials whose job it is to deny care. I went to the Cranston, RI, community health center a few months ago. It is a small community health center providing health care in the Cranston, RI, area. It doesn’t have a great big budget. I asked them how difficult it is to deal with the insurance companies in order to get approval and get claims paid. They said: Well, Senator, 50 percent of our personnel are engaged not in providing health care but in fighting with the insurance industry to get permission for care and to get claims paid.

Ms. STABENOW. Will the Senator repeat that to me? That is astounding. He said 50 percent?

Mr. WHITEHOUSE. Yes. Half of the staff of the community health center was dedicated to fighting with the insurance industry, and the other half was actually providing the health care.

In addition, they had to have a contract for experts, consultants, to help fight against the insurance industry. That was another $200,000—$200,000 for a little community health center, plus half of their staff.

What we have seen in the past 8 years is that the administrative expense of the insurance industry has doubled. That is what they are doing. It is like an arms race. They put on more people to try to prevent you from getting care because it saves them money when they do. They have a profit motive to deny people.

In the case of a member of my family whom they tried to deny, he had the fortitude to fight back and eventually they caved. But for every person like him who fights and gets the coverage they paid for and are entitled to, some will be too ill, too frightened, too old, too weak, too confused, or some simply don’t have the resources, when they are burdened with a terrible diagnosis like that, to fight on two fronts. So they give up and the insurance companies take money.

It is systematized. Not once have I heard anybody on the other side of the aisle in the Senate complain about that. It is a scandal across this country. It is the way they do business. I don’t think there is a person on the Senate floor who hasn’t heard a story of a friend or a loved one or somebody they know and care about who has been through that process. It is not hypothetical. It is happening now, and it is happening to all of us. But it is only when the concern is raised, this suddenly this concern is raised, this “oh my gosh, you are going to get bureaucrats.” But they happen to have no
Ms. STABENOW. The sign behind the Senator is right. It is about saving lives, money, and Medicare.

Mr. WHITEHOUSE. As the Senator noted, there is an astonishing similarity between the interests of the private health insurance industry and the arguments made by our friends on the other side. It is amazing. They are identical, virtually, to one another. I have yet to hear an argument about health care coming from the other side of the aisle that does not reflect the interests and the welfare of the private insurance industry, about which for years I never heard them complain while they were denying care.

We have another example beyond Medicare. I am struck that today is the first day since the President’s speech in which he announced another 30,000 troops to be deployed to Afghanistan in addition to the ones there. All of us in the Senate and in America are proud of our soldiers. We wish them well. Those of us who have visited Afghanistan know how challenging an environment it is and how difficult it is to be away from one’s family. There can be no doubt in our minds that we want the best for our men and women in the service. Everybody agrees we want the best for them. Our friends on the other side also want the best for them.

When we give them health care, what do we give them that we think is the best? We give them government health care through TRICARE and through the Veterans’ Administration. I have not heard of complaints about that. It is a model, where people who don’t have insurance, people who are eliminating the private sector. We are not saying they can’t offer insurance. We are saying to the insurance companies that they have to stop the insurance abuses. We are saying if they want to be able to ask us to cover these folks, we are saying to the insurance companies they have to stop the insurance abuses. There are no pretty little words about this. There is no saying they are eliminating the private sector. We are not saying we are eliminating the private sector. We are not going to the VA model or even the Medicare model.

This is reasonable, modest, and should be widely supported on a bipartisan basis. These ideas have come from both Democrats and Republicans over the years, and yet we still get arguments that are wholly and completely protecting the interests of an industry that we are, in fact, trying to engage and provide affordable health care insurance.

Mr. BAUCUS. Mr. President, who has the floor? We are all talking.

Mr. PRESIDENT. Mr. President, who has the floor? The Senator from Montana is recognized. A colloquy was going on and it was terrific.

Mr. BAUCUS. I ask my colleagues, is it not true that basically in America, although all of America spends about $2.5 trillion on health care, basically it is 50/50. It is 41 or 42 percent public and about 60 percent private. We in America have roughly a 50-50 system today; is that right?

Ms. STABENOW. I say to our colleague that I believe that is the case. In my State, we have 60 percent in the private market through employers.

Mr. BAUCUS. This legislation before us basically retains the current division. What we are doing is coming up with uniquely American ideas. We are not Great Britain, France, or Canada. We are roughly 50-50—a little more private in fact. In 2007, we were 46 percent private and 54 percent public. Roughly, that is where we are. It might change even more slightly. But we are not those other countries, we are America.
December 2, 2009  
CONGRESSIONAL RECORD — SENATE  
S12133

This legislation before us maintains that philosophy: is that correct?
Ms. STABENOW. Absolutely. In fact, I think it invites the private sector to participate in a new marketplace.
Mr. WHITEHOUSE. If I may interject, I think that it is a relatively familiar American principle to put public and private agencies side by side in competition, in fair competition, and let the best for the consumer win. We see it in public universities. Many of us have public universities that we are very proud of. They compete with private universities. I think every one of us has a public university in our State, and it is a model that works very well in education. Many of us—unfortunately not in Rhode Island—have public authorities that compete with the private power industry.
In fact, some of the most ardent opponents of a public option go home and buy their electricity from a public electric cooperative or a public power authority. We see it in workers compensation insurance. A lot of health care is delivered through workers compensation insurance.
Mr. BAUCUS. But isn't that a pretty good system—put too many eggs in one basket? Doesn't each keep the others on their toes a little bit?
Mr. WHITEHOUSE. I think it is the oldest principle of competition, as the distinguished chairman of the Finance Committee pointed out.
Mr. BAUCUS. Doesn't this legislation provide for more competition than currently exists?
Mr. WHITEHOUSE. I think it does.
Mr. BAUCUS. For example, with exchanges, with health insurance market reform and with the ratings reform.
Mr. WHITEHOUSE. All of those, and a public option. All of that adds to a better environment. One of the interesting things about this is you only have one health care market. America is founded on market principles. We all believe in market principles. One of the things about the market is that people will cheat on it if there are not rules around the market. If you don't make sure that the bread is good, honest, healthy bread, some rascal will come and will sell cheap, lousy, contaminated bread in the market. You have to have discipline and walls to protect the integrity of the market.
The health insurance market has lacked. That is overdue. I think it will enliven the market in health insurance and animate the market principle.
Mr. BAUCUS. I ask my colleagues, is there anything in this legislation which will interfere with the doctor-patient relationship; that is, to date people choose their own doctors, whichever doctor they want. They can, by and large, go to the hospital they want, although the doctor may send them to another hospital. Is there anything in this legislation that diminishes that freedom of choice patients would have to choose their doctor?
Mr. WHITEHOUSE. Nothing.
Ms. STABENOW. If I may add, I think one of the most telling ways to approach that is the fact that the American Medical Association, the physicians in this country, support this legislation because they are the last ones who would support putting somebody—somebody else, I should say, because I believe we have insurance company bureaucrats frequently between our doctors and patients—but they would not be supporting us if it were doing what we have been hearing it is doing.
Mr. BAUCUS. What about the procedures doctors might want to choose for their patients? Is there anything in this legislation which interferes with the doctor-patient relationship?
Ms. STABENOW. As a member of the Finance Committee with the distinguished chairman, we have heard nothing that would in any way interfere with procedures. In fact, I believe through the fact we are making insurance more affordable, we are going to make more procedures available because more people will be able to afford to get the care they need.
Mr. WHITEHOUSE. The American Academy of Family Physicians and the American Nurses Association support this legislation because they know that instead of interfering between the doctor and the patient, we are actually lifting out the interference that presently exists at the hands of the private insurance for-profit industry between the patient and the doctor. They want to see this, and that is one of the important reasons.
Another important reason, something the distinguished chairman of the Finance Committee is very responsible for, beginning all the way back at the beginning of the Renaissance, the Finance Committee, under his leadership, had the “prepare to launch” full-day effort on delivery system reform.
What you will see is doctors empowered in new ways to provide better care, to have better information.
Mr. BAUCUS. I might ask my friend—that is very true—Could he explain maybe how doctors may be, in this legislation, empowered to have better information to help them provide even better care? What are some of the provisions?
Mr. WHITEHOUSE. There are a great number of ways and much of it is thanks to the chairman’s leadership and Chairman Dodd on the HELP Committee. We put together a strong package melded by Leader Reid. The main ingredients are taking advantage of electronic health records so you are not running around with a paper record, you are not having to fill out that clipboard again, they are not having the expensive and time consuming procedures available because they cannot access the one you had last week. If you have drugs you are taking, the drug interactions that might harm you will be caught by the computer and signal the doctor so they can be aware of it and make a decision whether to change the medication. The electronic health record is a part of that.
Investment in quality reform is a huge issue. Hospital-acquired infections are prevalent throughout this country. They cost about $60,000 each on average. They are completely preventable. Nobody would spend more money on preventative care than Senator STABENOW from Michigan because it was in her home State that the Keystone Project began, which has since migrated around the country. It has gone statewide in my home State through the Rhode Island Institute. It has been written up by the health care writer Dr. Atul Gawande in the New Yorker magazine. What the information from Senator STABENOW’s home State of Michigan shows is that there is increased safety, decreased length of stays in intensive care units and over $150 million by better procedures to prevent hospital-acquired infections.
Ms. STABENOW. If I may add to that and I thank the chairman for putting in language on the Keystone initiative in the bill—in this bill, we are, in fact, expanding what has been learned about saving lives and saving money by focusing on cutting down on infections in the intensive care units, by focusing on surgical procedures, things that actually will save dollars, don’t cost a lot, and save lives. But they involve thinking a little differently, working a little bit differently as a team. Our physicians, hospitals, and nurses have found that if they made quality a priority, it became a priority.
There are so many things in this legislation that will save money, save lives, increase they quality, that is what this is all about, which is why so broadly we see the health care community, all the providers, nurses, doctors, and so on, supporting what we are doing.
Mr. BAUCUS. I think it is important not to overpromise because some of these initiatives, some of these programs will take a little time to take effect. In fact, some of the provisions do not take effect for a couple, 3 years. But still, wouldn’t my colleagues agree that some of these are going to probably yield tremendous dividends in the future, especially generally the focus on quality, not outcomes, reimbursing physicians and hospitals based on quality, not outcomes, the pilot projects, the bundling, the counter care organizations and other similar efforts in this legislation. One of the two or both may want to comment on that point. I think this is a point well taken.
Mr. WHITEHOUSE. It is a very important point. Again, this is not something that emerged suddenly or overnight. The distinguished Senator from the Finance Committee has been working hard on this a long time, back even before “prepare to launch,” which is an early reflection of the work he has been doing.
As we look at this bill, and as people who have been watching this debate have seen, this legislation saves lives, saves money, and saves medicine. We can vouch for that through the findings of the Congressional Budget Office. But the Congressional Budget Office has been very conservative in its scoring.

Mr. BAUCUS. Very.

Mr. WHITEHOUSE. There is a letter the CBO wrote to Senator CONRAD. There is testimony and a colloquy he engaged in which is in the Budget Committee that makes clear that beyond the savings that are clear from this legislation, there is a promise of immense further savings. What he said is: Changes in government policy—

Such as these—

have the potential to yield large reductions in both direct and indirect Federal health care spending without harming health. Moreover, many experts agree on some general directions in which the government might easily move.

The chairman of the Finance Committee has developed those general directions through those hearings and it is now in the legislation. But the conclusion he reaches is:

The specific changes that might ultimately reduce the amount spent cannot be foreseen today and could be developed only over time through experimentation and learning.

The MIT report that came out the other day, Professor Gerber, Dr. Gerber said the toolbox to achieve these savings through experimentation and learning is in this bill. I think his phrase was everything you could ask for is in this bill.

As the distinguished chairman of the Finance Committee knows better than I do, there are big numbers at stake here. If you look at what President Obama’s Council on Economic Advisers has estimated, there is $700 billion a year—when we talk numbers, we usually multiply by 10 because it is a 10-year window. When people say there is this much in the bill, it is over 10 years. This is 1 year, $700 billion in waste.

The New England Health Care Institute estimated $550 billion annually in excess costs and waste. The Lewin Group, which has a relatively good opinion around here, and George Bush’s former Treasury Secretary, Secretary O’Neill, have estimated it is over $1 trillion a year. So whether it is $700 billion or $1 trillion, even if these tools in the toolbox that we will refine through learning and experimentation achieve only a third, it is $230 billion or $300 billion a year.

Mr. BAUCUS. Right. Some people are worried, perhaps, gee, there they go back there in Congress. They talk about waste—which is good; we want to get rid of waste. But then when they talk about waste, they talk about cutting out the waste, some think: Gee, if they are cutting off the waste, and they are cutting health care reimbursements, gee, won’t that hurt health care in America? Won’t that reduce quality? If they are cutting so much, $800 billion, $700 billion, $800 billion—that is a lot of money—aren’t they going to start cutting quality health care in America?

I see my good friend, the chairman of the HELP Committee, over there. He may want to join in this discussion as well, adding different points as to why the legislation we are putting together increases quality, does not cut quality, but it increases quality at the same time. When my colleagues might comment on all of that because it is an extremely important point to drive home our legislation improves quality health care.

Mr. DODD. I was going to raise the point, I say to my colleague and chairman of the Finance Committee, that there are a lot of good things about our health care system. We want to start off acknowledging that our providers, doctors do a magnificent, wonderful job. But we see the system is fundamentally broken because it is based on quantity rather than quality.

That is my question. There is a question mark at the end of it. It is my opinion that is what is. In other words, doctors and hospitals—these are the systems—are rewarded based on how many patients you see, how many hospital beds are filled, how many tests get done, how many screenings are provided along the way. So it is all based on volume. The system survives. Inherent in that is the question, if that is what drives the system, only quantity, then obviously what you are going to end up doing is have a sick care system, not a health care system.

If we asked, what are you trying to do over all—to fundamentally shift from a quantity-based system to a quality-based system where we try to keep people out of doctors’ offices, out of hospitals, out of situations where they need to be there. That is what we are trying to achieve. To do that, we need to incentivize the system in reverse. The incentives today are to fill all these places. We are trying to incentivize by keeping people healthier, living a better health style, stopping smoking, losing weight, eating better food—all of these things that are not only good for you but overall save money. Am I wrong?

Mr. BAUCUS. I think my colleague is exactly right. As he was speaking, I was thinking of that article a lot of us have referred to often, the June 1 New Yorker article by Atul Gawande, comparing El Paso, TX, and McAllen, TX. They are 1 border towns. In El Paso health care more quantity per person are about half what they are in McAllen. And yet the outcomes in El Paso are better than they are in McAllen.

On the other side, why is the world in such a thing? Why is there twice as much spent in McAllen than El Paso and the outcomes are different? The answer is we have a system which allows the McAllens in the system, that allows payment in basic quantity and volume as opposed to quality.

I believe it depends on the community what the culture is. Some communities have a culture of patient-focused care. The current system allows that, but, unfortunately, if the culture in the community is making money our reimbursement system today allows for that as well. So I think one of the things we are trying to do is to get more quality in the system—reimbursement to pay doctors and hospitals—more quality, as you have said—and the good news is we are even out a lot of the geographic disparities that have occurred in the country over time and so the quality will increase and the cost and the waste will decrease.

Mr. DODD. One last question I wished to raise, if I could, because our colleague from Montana said something yesterday that I think deserves being repeated, as I understood him, on the point he just made about the Gawande piece, which did that comparison between McAllen, TX, in Hidalgo County, where the peak is, and El Paso, the county in the United States, and El Paso, and then I think you talked about Minnesota as well.

There is a fellow by the name of Don Berwick, a doctor who is an expert on integrated care, and one of the things he says—and I think you said this yesterday it deserves being repeated—it isn’t just at the Cleveland Clinic or the Mayo Clinic where this happens—that kind of culture that exists at community hospitals and small hospitals all over the country where they have figured out integrated care; that is where doctors and hospitals have figured out how to provide services and reduce costs.

I have 31 hospitals in my State, and similar to all our colleagues, I have been visiting many of them and talking to them. Manchester Hospital is a very small hospital in Manchester, CT—a community hospital—and they have reduced costs and increased quality because they have figured out, between the provider physicians and the hospital, how to do that. My point is—and your point is—that is happening all across America in many places, and we need to be rewarding that when it occurs.

Mr. BAUCUS. There is no doubt about that. In fact, it is interesting the Senator mentioned his name because not too long ago on a question. I said: Why, Dr. Berwick, is it that in some communities they get it and some they do not? His answer was that sometimes there is somebody—maybe it is a hospital or someone who is a pretty dominant player—who kind of starts it out and gets it right, and that is true.

He invited 10 integrated systems to Washington, DC, to kind of talk over what works and what doesn’t work.
These are not the big-named institutions; they are the lesser named institutions. In fact, one of them I can probably say is the Billings Clinic, in Billings, MT—not too widely known, but they participated last year—the same process and integration with the doctors, the nurses and the hospital. They have significantly cut costs, they have significantly improved the quality, and they are very proud of what they have done.

Mr. BAUCUS. May I offer a specific example from the bill as an illustration of this?

One of the very few areas in which the Congressional Budget Office is prepared to document savings from these quality improvements is in the area of hospital readmissions. The chairman of the Finance Committee worked very hard to get hospital readmission language in his bill. I think we had it in the HELP bill as well. Chairman Dodd, and it is in the bill. Leader Reid put together it is in his bill. It is a $7 billion—$7 billion of money that hospitals would otherwise be paid when somebody gets out of the hospital and is readmitted within 30 days for the same condition.

The reason they are willing to apply those savings is because now you can demonstrate that if you have better preadmission planning, then people will go out and they will do better on their own. They will do better at home, or they will do better in a nursing home, and therefore they will not come back. So you save lives because the health care is better, and you save money because they do not come back to the hospital. You improve on the front end. The hospital will do that. They will invest and improve on the front end because they don't want to pay on the back end if they are not recovering their costs with the readmission. It is a win-win for everyone. The individual American who has to be readmitted to the hospital and undergo, once again, all the procedures and all the risks that being in a hospital entails because he or she didn't get a proper discharge plan is not helped out by having to go back to the hospital.

Mr. BAUCUS. I have very direct experience in this. My mother was in the hospital 3 years ago—in another hospital, not the Billings Clinic—and there was no plan. There was no way to help deliver health care for her when she left the hospital and went into a rehab center—sort of a nursing home. Sure enough, she didn't get the proper meds, she didn't get the proper attention, the doctor did not see her every day or after that, and hold her to be readmitted to the hospital. She had a gastrointestinal issue, and, sure enough, they took care of her back in the hospital. But once she was discharged, they did it right. They improved upon the mistakes they had made.

So I saw firsthand, and it irritated the dickens out of me, frankly, in seeing how they did not pay sufficient attention to my mother. If this happens to my mother, my gosh, I bet it is even worse in other situations.

Mr. DODD. If my colleagues will yield, I wish to thank Senator Whitehouse for an opportunity to speak on our committee for the duration of our markup and he did a stunning job. He was a very valuable member of the committee and he made some wonderful suggestions to our bill all the way through the process.

I was told the other night by a friend of mine—Jack Conners, who is very involved in Boston and sits on the board and chairs the board of the hospitals in Boston—I think my colleague from Rhode Island may recognize the name—the average elderly person discharged from the hospital gets, on average, four medications—on average. Within 1 month, that individual, in most cases living alone, maybe with someone else, but on in years and so less capable of understanding it all, is basically now on four medications—or only taking parts of them—and finding themselves right back in the hospital as a readmission.

In our bill, we do a little bit to address that, and I think there is some effort in the Finance Committee bill through telemedicine—are ways now through technology to provide some advice. This might not be a bad idea in terms of employment issues. It wouldn't take much to train people to be a home health care provider and to stop in. Your mother was in a nursing home, but most people end up in their apartment.

Mr. BAUCUS. Well, she is now home and getting great attention. I made sure of that.

Mr. DODD. We could help people who are being discharged, and the savings, by employing some people to do it. I think, would vastly be less than the cost of sending them back to the hospital.

Mr. BAUCUS. An example of that, I was talking to the head of Denver Health. It is an integrated system. I have forgotten the name, but she was so enthusiastic about the integration she performed with Denver Health. It is an integrated system. I have the patients here—heart patients—and when they are discharged we ask them: Are you taking your meds? Are you controlling your blood pressure? Are you taking your medication to control your blood pressure?

They say: Oh, yeah, yeah, yeah, I am taking my meds.

She says: Well, why is your blood pressure so high?

The response is: Well, I, I, I. Because they are integrated with their pharmacy, which is part of their system, to check the refill rate of the patients. Sure enough, they find their patient's refill history shows they are not taking their meds. So they get the patients back and they say: You are not taking your meds.

They say: Oh, I guess I wasn't.

They tell them: We are checking on you.

So, sure enough, they take their meds, and they have a much better outcome, generally, with their cardiac patients because of that integration.

Mr. DODD. Absolutely.

Mr. WHITEHOUSE. Right now, our payment system is driving them away from having that kind of simple discussion. It doesn't always support the electronic prescribing that would let you know they are not picking up their meds. But President Obama did a great job on that, with the electronic health record funding he put through.

But this question of doing what you are paid to do, if all you are paid for are procedures, they are paid doing the discharge summary, if they couldn't get paid for that, but they did get paid when the person came back and was readmitted and maybe $40,000, $50,000 a day, it doesn't take too long to figure out where their effort is going to be. It is not in those areas that save money for the system but hurt them financially because we have set up the payment system with all these perverse incentives.

Mr. BAUCUS. I don't know how much love my colleague wanted to speak, but some time ago I know Senator Hatch wanted to speak at 5 o'clock, so I am trying to be traffic cop here.

Mr. DODD. If I could, Mr. Chairman, make the case—because I think it needs to be said and, unfortunately, over, over, and over again—because it is argued on the other side that we are cutting back on providers of the hospitals, for instance. That is accurate. We are doing that. If that is all we were doing, we would not have great legitimacy. But what we have done in this bill is to try to create a justification for that and provide the resources that make those savings reasonable. If you are having fewer readmissions in a hospital, which the hospitals support, if you are doing the kinds of things we are talking about to keep people healthy so they do not go back in, then these numbers become realistic numbers.

It is not just saying we are cutting out funding. We are improving systems in bill. People pick up the bill all the time and say: Look at all the pages. It is because a lot of thought has gone into this to do exactly what Senator Whitehouse and the chairman of the committee talked about all day yesterday. This isn't just a bunch of language here. It goes to the heart of this and how we intend to accommodate the interests of the individual by improving their quality and simultaneously reducing the cost.

Everyone has made those claims that is what we need to do—increase quality, reduce cost, increase access. So
you can’t just say it and not explain how you do it. What we have done in our bill is explain how we do that, how we increase access, how we improve quality for the individual and institutions and simultaneously bring down cost. That is what we spent the last year working on, to achieve exactly what is in these pages that people weigh and pick up all the time. If they would look into them, they would see the kind of achievements we have reached.

These achievements have been recognized by the most important organizations affecting older Americans—AARP and the Commission to Preserve Social Security and Medicare. They have examined this. These are not friends of ours. These are people who objectively analyze what we are doing, and it is their analysis, their conclusion, reached independently, along with many others, that we have been able to reduce these costs, these savings, in this bill and simultaneously increase access and improve quality.

That has been the goal we have all talked about for years. This bill comes as close to achieving the reality of those three missions than has ever been achieved in this Congress, or any Congress for that matter. So when people talk about these cuts in Medicare, they need to be honest enough for people to realize what we have done is to stabilize Medicare, extend its solvency, and guarantee those benefits to people who rely on Medicare. That has all been achieved in this bill.

So when people start with these scare tactics and language to the contrary, listen to those organizations who don’t bring any political brief to this, who don’t have an R or a D at the end of their name. Their organizations are designed, supported, financed by, and applauded by the very individuals who designed, supported, financed by, and approved by the individuals who don’t have an R or a D at the end of their name. Their organizations are designed, supported, financed by, and applauded by the very individuals who need long-term services and supports with such things as: assistance in transportation, in-home meals, help with household chores, professional help getting ready for work, adult day care, and professional personal care. It also saves about $2 billion in Medicaid savings. There are very few provisions which almost instantly do that.

Again, these dollars have to remain intact for just this purpose. You cannot raid this fund for any other purpose—which was a concern legitimately raised by some, that this $75 billion may be used for other purposes. We have attempted to write into this legislation prohibitions to keep these moneys from being offered for any other purpose.

In fact, Senator Gregg, when he offered his amendment, said: I offered an amendment, which was ultimately accepted, that would require the CLASS Act premiums be based on a 75-year actuarial analysis of the program’s costs. My amendment ensures that instead of promising more than we can deliver, the program will be fiscally solvent and we won’t be passing the buck—or really passing the debt—to future generations. We have attempted to do this and the HELP Committee unanimously accepted this amendment.

Which we did. I hear some of my colleagues say this bill did not have anything to do with long-term care. Talk to the 161 Republican amendments I took during committee markup—this was one of the amendments, Senator Gregg’s amendment, which we accepted unanimously. My colleague from Utah was of course, a member of the committee. He diligently worked to include every amendment that was offered and I know remembers as we adopted one of his amendments dealing with biologics in the committee that Senator Kennedy strongly supported in conjunction with Senator Hatch. But this CLASS Act is a unique and creative idea. We thank our colleagues from Massachusetts, no longer with us, for coming up with and conceptualizing this idea that individuals, not the government, contributing to a fund, could eventually draw down to provide these benefits should they become disabled. Individuals often want to continue working and being self-sufficient without getting into Medicaid. It costs your income, restraints you entirely.

Here is a totally privately funded program, no public money, just what you are willing to contribute over a period of years to protect against that eventuality that you might become disabled, so you can continue to function.

I have one case here, Sara Baker, a 33-year-old woman in my home State of Connecticut living in Norwalk. Two years ago Sara’s mother, who was only 57 years old at the time, suffered a massive stroke. The stroke left the right side of her body completely paralyzed. She lost 100 percent of her speech. Sara recalls that fateful day when she got the call. I will quote her: I was living out west in Arizona—working, dating—living and loving my life. Then . . . I got the phone call. . . . In seconds, literally, my entire world fell apart. I swear I can still feel that feeling through my whole body when I think about it. So there I was in a state of complete and total lunacy, getting on a plane with one suitcase—home to Connecticut. Guess what? I lost my job.

Sara’s mother was transferred to a rehab hospital. Sara went to the hospital every single day for 2 months to be at her mother’s side as she went through therapy. Sara’s mother had worked as an RN for 17 years. Her mom and the hospital social worker both agreed that her health insurance was “as good as they come.”

However, when it comes to long-term care, they don’t come as good. Her mother was abruptly discharged from the rehabilitative hospital after 60 days, when insurance company decided she had made enough “progress.”

Sara went 9 months without working, dipped into what savings she had, and then went into debt to provide the long-term services and supports her mother needed. As she recalled, and I will quote her again:

I made the whole house wheelchair accessible. I became a team of doctors, nurses, aides, and a homemaker. I helped her shower, get dressed, cut food, gave medicine, took her blood pressure. . . . What would have happened if I wasn’t there? Basically, one of two things—I could have hired someone to come to the house, all out of pocket of course, or the State could have depleted her assets—her home, savings, everything—and she would have been put in a nursing home funded by Medicaid.

Stories like Sara’s are not the exception, unfortunately. They happen every minute of every day, all across our country. They are common in my State.
as well as any other State in the Nation. At any moment any one of us or someone we love can become disabled and need long-term services.

We also have an aging population. In my home State of Connecticut, the number of people 85 and older will increase to 650,000 by 2030, a population most likely to need long-term care, will grow by more than 70 percent in the next 20 years.

Families such as Sara’s are doing the right thing. They take care of each other, as most people understand we all will try and do. They do whatever they have to do. But the cost of long-term care can be devastating on middle-class working families. While 46 million Americans lack health insurance, more than 200 million lack any protection against the costs of long-term care. The CLASS Act will help fill that gap. It doesn’t solve it all. It helps fill a gap. It is an essential part of health care reform. The CLASS Act will establish a voluntary—purely voluntary, there are no mandates on employers, no mandates on employees, no mandates on anyone—national insurance program.

If you decide, only you decide, voluntarily to contribute and participate in this, it is a long-term care insurance program financed by premium payments collected through payroll at the request of the individual, not a mandate on the employer. When individuals develop functional limitations, their mother, their parent can receive a cash benefit in the range of $75 a day, which comes to over $27,000 a year.

It is not intended to cover all the costs of long-term care but it could help many families like Sarah’s. It could pay for respite care, allowing family caregivers to maintain employment. It could pay for home modifications. It could pay for assistive devices and equipment. It could pay for personal assistance services—allowing all individuals with disabilities to maintain their independence, and community participation. It could allow individuals to stay in their homes versus having to go to a nursing home. It would prevent individuals from having to impoverish themselves by selling off everything they have, to then go through that title XIX window and become Medicaid recipients and then be constrained on what they could possibly earn.

Think about what if this young woman Sara had a family living out West, her own children instead of being single, how would she have done that? How would she have been able to pack up a whole family and move from the West to the East to take care of her mother in those days? Many families face these issues every day.

So while this proposal is not going to solve every problem, it is a very creative, innovative idea that does not involve a nickel of public money, not a nickel. It is all voluntary, depends upon the individual willing to make that contribution, to provide that level of assistance. Lord forbid they should end up in a situation where they find themselves disabled and need some long-term services to allow them to survive and be part of their community life, including going back to work, without impoverishing themselves, selling off everything they have in order to make themselves qualified for Medicaid assistance.

I applaud my colleague from Massachusetts. Too often of great things he did over the years. He was a champion of so much when it came to working families and their needs in health care. But this idea, the Kennedy idea of the CLASS Act, is one that has a wonderful legacy to it. It is the heart of this bill. It has been endorsed and supported by over 275 major organizations in the country. I have never seen a proposal such as this receive a level of support across the spectrum that the CLASS Act.

I know there will be those who try to take this out of the bill. I will stand here hour after hour and defend this very creative, innovative idea that can make a difference in the lives of millions of our fellow citizens, not only today but for years to come.

I again thank Senator Kennedy and his remarkable staff who did such a wonderful job on this as well, and I thank Senator Gregg though I think he is critical of the program. Senator GREGG’s ideas were adopted unanimously in our markup of the bill and provided the actuarial soundness of this proposal for a long 75 years to come. For that, I think it is useful to him, for the amendments which were adopted by every Republican and every Democrat on the committee at the time of our markup last summer.

I see my colleague from Utah, and I have great respect for my friend from Utah. He and I have worked on so many issues together. Either he would get me in trouble politically or I would get him in trouble politically when we went to work together. The very first major piece of legislation I ever worked on in the Chamber was to establish some Federal support for families who needed it for childcare. It was a long, drawn-out battle, but the person who stood with me almost a quarter of a century ago to make that happen—and today it has almost become commonplace for people to get that kind of assistance—but as long as I live, I will never forget I had a partner and he made that possible. Whatever differences we have—and that is not the only thing we have worked on together, but it was the very first thing I worked on and he joined me in that effort—it became the law of the land and today millions of families manage to navigate that difficult time of making sure their families are going to get proper care and attention while they go out and work and try to provide for them as well. I thank him for that and many other things as well.

The PRESIDING OFFICER. The Senator from Utah is recognized.

Mr. HATCH, Mr. President. I thank my colleague. There is no question he is a great Senator. I have always enjoyed working with him and we have done an awful lot together. I want to compliment Senator WHITThouse too, a terrific human being and a great addi- tion to this Senate. I have a lot of respect for him. He gives me heartburn from time to time, as does Senator DODD. On the other hand, they are great people and very sincere. Our chairman of the committee, Max BAUer, he is wonderful. I used to do the best he can under the circumstances. I applaud him for it. Senator STABENOW from Michigan and I have not seen eye to eye on a lot of things, but we always enjoy being around each other.

This is a great place, there is no question about it. We have great people here. But that doesn’t make us any less unhappy about what we consider to be an awful bill.

Tonight, right now, today, let me talk about a few specific things. Today the senior Senator from Illinois came to the floor and spoke about my efforts to reduce the costs associated with medical malpractice liability. I don’t think his statement should go unchallenged.

Not only were a number of his state- ments simply incorrect as factual matters, but some of them even bordered on being offensive. I am not offended, I can live with it, I can take criticism, but for them I think we were a little bit over the top.

First of all, he referred to the recent letter I received from the CBO which indicated that the government would realize significant savings by enacting some simple tort reform measures. I don’t know anybody in America who has any brains who doesn’t realize we have to do something about tort reform when it comes to health care. According to the CBO, these measures would produce the difference of a trillion over 10 years. That is a lot of money. Private sector savings would be even more significant. According to the CBO, we would likely see a reduction of roughly $125 billion in private health care spending over the same 10-year period, and that, in my view, is a low es- timate. Democrats apparently want the American people to think these numbers are so insignificant that this issue should be ignored in this health care bill, and I have to respectfully disagree.

I may be one of the few Senators in this body who actually tried medical malpractice cases. I actually defended them. I defended doctors, hospitals, nurses, health care practitioners. I understood the pressures.

There are cases where there should be huge recoveries. I would be the first to admit it. I saw the wrong eye taken out, the wrong leg taken off, the wrong kidney. You only have one of each of those. You get your bottom dollar we settled those for significant amounts of money. But I also saw that the vast majority of the cases were frivolous,
brought to get the defense costs which then only ranged from $50,000 to $200,000, depending on the jurisdiction. If a lawyer can get a number of those cases they can make a pretty good living by bringing those cases just to get the defense costs, which of course adds to all the cost of health care. There is no use kidding about it.

Furthermore, Senator DURBIN, the distinguished Senator from Illinois, cited the same CBO letter in order to claim that the tort reform measures supported by many on my side of the aisle would cause more people to die.

GIVE ME A BREAK.

I can only assume he is referring to the one paragraph in the CBO letter that addresses the effect of tort reform on health outcomes. In that single paragraph the CBO referred to three studies. One of these studies indicated that a reduction in malpractice lawsuits would lead to an increase in mortality of the three.

The other two studies cited by the CBO found that there would be no effects on health outcomes and no negative effects could be expected. So, let’s be clear, the CBO did not reach a conclusion. These studies were cited only to show that there is disagreement in this area and, once again, the majority of the studies cited said there would be no negative effects on health outcomes. Apparently, omitting data and studies that disagree with your conclusions is the norm.

In his speech earlier today, the distinguished Senator from Illinois also discounted the prominence of defensive medicine in our health care system, saying only that “some doctors” perform unnecessary and inappropriate procedures in order to avoid lawsuits. Once again, the facts would contradict this generalization. A number of studies demonstrate this. For example, a 2002 nationwide survey of 800 Pennsylvania physicians—where I used to practice law—in high-risk specialties found that 93 percent of these physicians had practiced some form of defensive medicine. That was published in the Journal of the American Medical Association, June 1, 2005.

In addition, a 2002 nationwide survey of 300 physicians—this is the Harris Interactive “Fear of Litigation Study”—found that 79 percent of physicians ordered more tests than are necessary. Think about that. If 79 percent are ordering more tests than are necessary, you can imagine the multibil lions of dollars in unnecessary defensive medicine that comes from that. But that is not the end of that “Fear of Litigation Study.” Seventy-four percent of physicians referred patients to specialists who they knew didn’t need. Think of the cost, the billions of dollars in cost. Fifty-two percent of physicians suggested unnecessary invasive procedures. The word “invasive” is an important word. Fifty-two percent. Why? Because they are trying to protect themselves by making sure that everything could possibly be done. Forty-one percent of physicians prescribed unnecessary medications. This is a nationwide survey of physicians.

The costs associated with defensive medicine are real—I would say unnecessary defensive medicine because I believe there are some defensive medicine approaches that are necessary. In the past the doctors to do but not to the extent of these doctors ordering more tests than are necessary, ordering more specialists than are necessary, suggesting unnecessary invasive procedures, unnecessary medications. This is the medical profession itself that admits this.

In another study Pricewaterhouse found that defensive medicine accounts for approximately $210 billion every year or 10 percent of the total U.S. health care cost. Here are some more facts from another study. Of the $2.2 trillion spent every year on health care in the United States, as much as $1.2 trillion can be attributed to wasteful spending—$1.2 trillion of $2.2 trillion. Yet, the Democrats want to do away with defensive medicine because it is being utilized to a significant extent. According to this study, defensive medicine is the largest single area of waste in the health care system. It is on par with inefficient claim processing and care spent on preventable conditions.

Yet, despite these overwhelming numbers—and I know some Democrats will say that is Pricewaterhouse and they must have been doing it at the expense of somebody who had an interest. Pricewaterhouse and other accounting firms generally try to get it right. They got it right here. Those of us who were in that business can attest to it. Yet, despite these overwhelming numbers on the other side, they have opted to overlook them and instead relate horrific stories associated with doctors’ malpractice, apparently trying to imply that Republicans simply don’t care about these truly tragic occurrences. However, nothing could be further from the truth. In fact, in all the proposals that have been offered during this debate, there has not been a single suggestion to prevent plaintiffs from obtaining the compensation they are entitled to. There was not one suggestion that they should. Instead, we have sought to impose some limits on the noneconomic damages. All economic damages charges awarded for actual loss, past, present, and future—are fine, fair game. We’ve sought only impose some limits on the noneconomic damages in order to define the playing field, encourage settlement, and introduce some level of predictability to the system.

It is no secret that personal injury lawyers—some of them—are prolific political contributors to those politicians who fight against tort reform. With a Democratic majority and a Democrat in the White House, their lobbying efforts during this Congress have reached unprecedented levels. Given this reality, it is obvious why trial lawyers have not been asked to give up anything in the current health care legislation.

After passage of this health care bill will be asking the American people to pay higher health care premiums, for seniors to give up Medicare Advantage, which 25 percent of them have enlisted in, for businesses to pay higher taxes, for medical device manufacturers to pay more just to bring a device to the market that may save lives or make lives more worth living. The only group that has not been asked to sacrifice or change the way they do business happens to be the medical liability personal injury lawyers.

I would hope we would focus our efforts more on helping the American people than on preserving a fund-raising stream for politicians. Sadly, that is the direction we don’t want to see happening in the current debate.

As I said, there are some very honest and decent attorneys out there who bring cases that are legitimate where there should be high rewards. But the vast majority of cases brought are less than legitimate and the resulting costs are costing every American citizen an arm and a leg. It is something we ought to resolve. We ought to resolve it in a way that takes care of those truly injured but get rid of these frivolous cases driving up the cost for every American.

Not too long ago, I talked to one of the leading heart specialists in Washington. He acknowledged, we all order a lot of tests and so forth that we don’t need, that we know we don’t need. But we do it so that the history we have of the patient shows we did everything possible to rule out everything that possibly could occur, even though we know we don’t need it. To be honest, under the current system of lawsuits, I don’t blame them. They are trying to protect themselves.

We should also discuss the shortage of doctors we have going into high-risk specialties. We have areas in this country where you can’t get obstetricians and gynecologists to the people. Law schools will tell you, at least the ones I know, that there aren’t that many young people going into obstetrics and gynecology today because they may not make as much money and the high cost of medical liability insurance is so high that they really can’t afford to do it. And, of course, they don’t want to get sued.

So much for that. I love my distinguished friend from Illinois, and he knows it. I care for him. But let me tell you, I think he knows better. He knows that I know better. I would be the first to come to bat for somebody who was truly injured because of the negligence of a doctor. I don’t have any problem with that at all.

I just thought I would make a few comments about this but, again, say...
that I understand some of the excesses that go on on the floor. But that was an excess this morning, even though I know my dear friend is sincere and dedicated and one of the better lawyers in this body. Having said that, I will end on that particular subject.

Let me only spend a few minutes to talk about the Medicare provisions in this Democratic Party health care bill. Throughout the health care debate, we have heard the President plead not to "mess" with Medicare. Unfortunately, that is not the case with the bill before the Senate. To be clear, the Reid bill reduces Medicare by $165 billion to fund a new government program. Unfortunately, seniors and the disabled in the United States are the ones who suffer the consequences as a result of these reductions. Everyone knows Medicare is extremely important to 43 million seniors and disabled Americans covered by the Medicare Program.

Throughout my Senate service, I have fought to preserve and protect Medicare for both beneficiaries and providers. Medicare is already in trouble today. The program faces tremendous changes in the very near future. The Medicare trust fund will be insolvent by 2017, and the program has more than $37 trillion in unfunded liabilities. This is going to be saddled onto our children and grandchildren.

The President will make the situation much worse. Why is that the case? Again, the Reid bill cuts Medicare to fund the creation of a new government entitlement program. More specifically, the Reid bill will cut nearly $135 billion from hospitals—where are they going to get this money?—$120 billion from Medicare Advantage, almost $15 billion from nursing homes, more than $40 billion from home health care agencies, and close to $8 billion from hos- pice care centers. These cuts will then make beneficiary access to care as Medicare providers find it more and more challenging to provide health services to Medicare patients. Many doctors are not taking Medicare patients now because of low reimbursement rates.

Let me stress to my colleagues that cutting Medicare to pay for a new government entitlement program is irresponsible. Any reductions to Medicare should be used to preserve the program, not to create a new government bureaucracy.

As I just said, the President has consistently pledged: We are not going to mess with Medicare. Once again, this is another example of a straightforward pledge that has been broken over the last 11 months. Maybe you cannot blame the President because he is not sitting in this body. The body is breaking it.

This bill strips more than $120 billion out of the Medicare Advantage Program that currently covers 10.6 million seniors or almost one out of four seniors in the Medicare Program. According to the Congressional Budget Office, under this bill the value of the so-called "additional benefits," such as vision care and dental care, will decline from $135 to $42 by 2019. That is a reduction of more than 70 percent in benefits. You heard me right: 70 percent.

During the Finance Committee's consideration of health care reform, I offered an amendment to protect these benefits for our seniors, many of whom are low-income Americans and reside in rural States and rural areas. However, the majority did not support this important amendment. The majority chose to skirt the President's pledge about no reduction in Medicare benefits for our seniors by characterizing the benefits being lost—vision care, dental care, and reduced hospital deductibles—as "extra benefits."

Let me make the point as clearly as I can. When we promise American seniors we will not reduce their benefits, let's be honest about that promise. So many Americans rushed to the President and said, "Mr. President, we trust you. You can't mess with Medicare." The President, not the other side of the aisle, is the one responsible for the cuts.

Throughout the health care debate, I have been a vocal critic of the President's proposals. I opposed the President's 2009 budget, the President's healthcare plan, the President's employer mandate, the President's health care tax, the President's health care takeover, the President's health care abolition, and the President's health care mandate. I opposed the President's proposals because they are a violation of Medicare, not to create a new government run health program.

It is important details such as these that the majority does not want us to discuss and debate in full view of the American people. They call it slow-walking. They call it obstructionism. Making sure we take enough time to discuss a 2,074-page bill that will affect every American is the sacred duty of every Senator in this Chamber. We will take as long as it takes to fully discuss this bill, and you can talk for a month about various parts of this bill that are outrageous and some that are not, but I think you cannot make that argument good, too, in all fairness—not many, however.

I have heard several Members from the other side of the aisle characterize the Medicare Advantage Program as a giveaway to the insurance industry. You know, when you cannot win an argument, you start blaming somebody else. So they want a government insurance company to take the place of the insurance industry. Well, maybe that is what some Members want. They want the government to compete with the insurance industry. But how do you compete with a government-sponsored entity? And there are comments that the so-called government plan will cost more than the current Medicare Advantage Program. I am not happy with the insurance industry either, but, by gosh, let's be fair.

Let me give everyone watching at home a little history lesson on the creation of the Medicare Advantage Program. I served as a member of the House-Senate conference committee which wrote the Medicare Modernization Act of 2003. The distinguished Senator from Montana would agree with me, it was months of hard, slogging work every day to try to come up with the Medicare Modernization Act of 2003. Among other things, this law created the Medicare Advantage Program. It gives people vision care, dental care, et cetera.

When conference committee members were negotiating the conference report back then, in 2003, several of us insisted that the Medicare Advantage Program was necessary in order to provide health care coverage choices to Medicare beneficiaries. At that time, there were many parts of the country where Medicare beneficiaries did not have adequate choices in coverage. In fact, the only choice offered to them was traditional fee-for-service Medicare, a one-size-fits-all, government-run health program.

By creating the Medicare Advantage Program, we were providing beneficiaries with choice in coverage and then empowering them to make their own health care decisions as opposed to the Federal Government making them for them. Today, every Medicare beneficiary may choose from several health plans.

We learned our lessons from Medicare+Choice, which was in effect at the time, and its predecessors. These plans collapsed, especially in rural areas, because Washington decided—
again, government got involved—to set artificially low payment rates. In fact, in my home State of Utah, all of the Medicare+Choice plans eventually ceased operations because they were all operating in the red. You cannot continue to do that. It was really stupid what we were expending the time and the fear history could repeat itself if we are not careful.

During the Medicare Modernization Act conference, we fixed the problem. We increased reimbursement rates so all Medicare beneficiaries, regardless of where they lived—be it Fillmore, UT, or New York City—had choice in coverage. Again, we did not want beneficiaries stuck with a one-size-fits-all, Washington-run government plan. There were both Democrats and Republicans on that committee, by the way, and the leader was, of course, the distinguished Senator from Montana. I admire him for the way he led it, and I admire him for trying to present what I think is the most untenable case here on the floor during this debate. He is a loyal Democrat. He is doing the best he can, and he deserves a lot of credit for sitting through all those meetings and all of that markup and even getting up and standing day-in and day-out on the floor here.

Today, Medicare Advantage works. Every Medicare beneficiary has access to a Medicare Advantage plan, if they so choose, and close to 90 percent of Medicare beneficiaries participating in the program are satisfied with their health coverage. But that can all change should this health care reform legislation currently being considered become law.

In States such as Utah, Idaho, Colorado, New Mexico—just to mention some Western States—Wyoming, Montana—you can name every State—rural America was not well served, and we did Medicare Advantage.

The Silver Sneakers Program is one that has made a difference in the lives of more than 10 million Americans nationwide—almost 11 million Americans. The so-called "extra benefits" I mentioned earlier are being portrayed as gym memberships as opposed to lower premiums, copayments, and deductibles.

To be clear, the Silver Sneakers Program is one that has made a difference in the lives of many seniors because it encourages them to get out of their homes and remain active. It is changing their condition at its best. It has been helpful to those with serious weight issues, and it has been invaluable to women suffering from osteoporosis and joint problems.

In fact, I have received several hundred letters telling me how much Medicare Advantage beneficiaries appreciate this program. They benefit from it. Their lives are better. They use health care less. They do not milk the system. They basically have a better chance of living and living in greater health.

Throughout these debates, regardless of where we are, throughout these markups, throughout these hearings that have led us to this point, every health care bill I know of has a prevention and wellness section in the bill that will encourage things such as the Silver Sneakers Program that has benefited senior citizens so much and was not one of the major costs of Medicare Advantage.

Additional income for these beneficiaries receive other services such as coordinated chronic care management, which is important, coordinated chronic care management for seniors; dental coverage—really important for low-income seniors; vision care—can you imagine how many Americans over 60 or 70 or 80 or 90 years of age? How about those who are over 70 or 80 years of age? And hearing aids—can you imagine how important that is to our senior citizens? This program helps these seniors, and it helps them get the way.

Let me read some letters from my constituents. These are real lives being affected by the cuts contemplated in the bill.

Remember, there is almost $500 billion cut from Medicare, which goes insolvent by 2017 and has an almost $38 trillion unfunded liability.

Let me read this letter from a constituent from Layton, UT:

I recently received my healthcare update for 2009. I am in a Med Advantage plan with Blue Cross/Blue Shield. Thanks to the cuts in this program by Medicare, my monthly premiums have risen by 49% and my office visit copay has increased 150%. Senator Hark. I am on a fixed income and this has really presented a problem for me and many others I know on the same program. And, at my age I certainly can’t find a job that would help cover the gap. I would lose my life to my retirement and thanks to the current economy I’ve lost a lot of those monies that were intended to help supplement my income.

This letter is from a constituent from Logan, UT, where the great Utah State University is:

Please stop the erosion of Medicare Advantage for seniors. Very many of us are already coping with prescription care and not to mention those who cannot afford needed medications. Hardest hit are ones on Social Security who are just over the limit for extra help but are still with the rising medical costs that go way beyond the so-called “cost of living increases” which we are not getting this year anyway. If those in government who make these decisions had to live as we do day to day, I think we would find better conditions for seniors. The difference in decision making changes when you are hungry and cold your own self.

Here is a constituent from Pleasant Grove, UT:

Please do not phase out the Medicare Advantage program, senior citizens need it. Our supplemental insurance rates go up every year and our income does not keep pace with the cost of living.

Here is a constituent from Salt Lake City, UT:

We met with our insurance agent this morning about the increased costs of our Medicare Advantage plans due to the health care reform bill now before Congress.

Our premium costs have already been significantly increased with the coverage substandard. What is important that is to people living in substantial retirement in 80s and who cannot afford these increases and are hurt by the decreased coverage. We are writing to you to have you stop the cuts and restore the coverage to Medicare Advantage plans. This is an issue that is very important and very real to us at this point in our lives. Please stop the cuts and restore the coverage.

I can’t support any bill that would jeopardize health care coverage for Medicare beneficiaries. I truly believe if this bill before the Senate becomes law, Medicare beneficiaries’ health care coverage could be in serious trouble.

I have been in the Senate for over 30 years—33 to be exact. I pride myself on being bipartisan. I have coauthored many bipartisan health care bills since I first joined the Senate in 1977. Almost everyone in this Chamber wants a health care reform bill to be enacted this year. I don’t know of anybody on either side who would not like to get a health care bill enacted.

On our side, we would like to do it in a bipartisan way, but this bill is certainly not bipartisan. It hasn’t been from the beginning. We want it to be done right. History has shown that to be done right, it needs to be a bipartisan bill that passes the Senate with a minimum of 75 to 80 votes. We did it in 2003 when we considered prescription drug legislation, and I believe we can do it again today if we have the will and if we get rid of the partisanship. I doubt there has ever been a bill of this magnitude affecting so many American lives that has passed this Chamber on an almost—maybe in a complete—straight party-line vote. The Senate is not the House of Representatives. This body has a different constitutional mandate than the House. We are the deliberative body. We are the body that has in the past and should today be working through these difficult issues to find clear consensus. True bipartisanship is what is needed.

In the past, the Senate has approved many bipartisan health care bills that have eventually been signed into law. I know a lot of them have been mine, along with great colleagues on the other side who deserve the credit as well. The Balanced Budget Act in 1997 included the Hatch-Kennedy SCHIP program. How about the Ryan White Act. I stood right here on the Senate floor and called it the Ryan White bill. His mother was sitting in the audience at the time. How about the Orphan Drug Act. When I stood right here on the Senate floor and called it the Ryan White bill. His mother was sitting in the audience at the time. How about the Orphan Drug Act. When I stood right here on the Senate floor and called it the Ryan White bill. His mother was sitting in the audience at the time. How about the Orphan Drug Act. When I stood right here on the Senate floor and called it the Ryan White bill. His mother was sitting in the audience at the time. How about the Orphan Drug Act. When I stood right here on the Senate floor and called it the Ryan White bill. His mother was sitting in the audience at the time. How about the Orphan Drug Act. When I stood right here on the Senate floor and called it the Ryan White bill. His mother was sitting in the audience at the time. How about the Orphan Drug Act. When I stood right here on the Senate floor and called it the Ryan White bill. His mother was sitting in the audience at the time. How about the Orphan Drug Act. When I stood right here on the Senate floor and called it the Ryan White bill. His mother was sitting in the audience at the time. How about the Orphan Drug Act. When I stood right here on the Senate floor and called it the Ryan White bill. His mother was sitting in the audience at the time.
hadn’t been for that little, tiny orphan drug bill. That was a major bill when I
was chairman of the Labor and Human Resources Committee. They now call it
the Health, Education, Labor, and Pensions Committee.

How about the Americans With Disabilities Act. Tom Harkin stood there.
I stood here, and we passed that bill through the Senate. It wasn’t easy.
There were people who thought it was too much Federal Government, too
much this, too much that. But Senator Harkin and the chairman—I said at a lot of
Democrats and a lot of Republicans, as the final vote showed—that we should
take care of persons with disabilities if they would meet certain qualifications.

How about the Hatch-Waxman Act. We passed that. Henry Waxman, a dear
friend of mine, one of the most liberal people in all of the House of Represent-
atives and who is currently the very powerful chairman of the Energy and
Commerce Committee over there, we got to work, we got to fight, we got
together, put aside our differences, and we came up with Hatch-Waxman
which basically almost everybody ad-

If we look at what has happened, the
HELP Committee, the Health, Edu-
cation, Labor and Pensions Committee,
came up with a totally partisan bill.
Not one Republican was asked to con-
tribute to it. They just came up with
some very good programs.

Like I say, my home State of Utah has
taken important and aggressive
steps toward sustainable health care
reform. The current efforts to intro-
duce the defined contribution health
benefits system and implement the
Utah health care exchange are laudable
accomplishments.

A vast majority of Americans—I be-
lieve this to be really true—agree a
one-size-fits-all Washington govern-
ment solution is not the right ap-
proach. That is why seniors and every-
body else except a very few are up in
arms about these bills. That is what
this bill is bound to force on us: a one-
size-fits-all, Washington-run, con-
trolled government program. I am not
just talking about the government op-
tion. That is a small part of the argu-
ment today. If we pass this bill, we will
have Washington governing all of our
lives with regard to health care. I can’t
think of a worse thing to do when I
look at the mess they have made with
social security and our pensions.

Unfortunately, the path we are tak-
ing in Washington right now is to sim-
ply spend another $2.5 trillion of tax-
payer money to further expand the role
of the Federal Government. I just wish the Senate Majority was back, keep
their arrogance of power in check,
and truly work on a real bipartisan bill
that all of us can be proud of. They
have the media with them selling this
bill as less than $1 trillion. Give me a
break. Between what they will charge
people in their respective States. I admit
legislators closer to the people are
have 50 State laboratories determining
which basically almost everybody ad-

For months I have been pushing for a fis-
cially responsible and step-by-step pro-
posal that recognizes our current need
for spending restraint while starting us
on a path to sustainable health care re-
form. There are several areas of con-
sensus that can form the basis for sus-
tainable, fiscally responsible, and bi-
partisan reform.

These include:

Reforming the health insurance mar-
ket for every American by making sure
no American is denied coverage simply
based on a preexisting condition. Some
of my colleagues on the other side have
tried to blast the insurance industry,
saying they are an evil, powerful indus-
try. We need to reform them, no ques-
tion about it, and we can do it if we
work together.

Protecting the coverage for almost 85
percent of Americans who already have
coverage they like by making that cov-
erage more affordable. This means re-
ducing costs by rewarding quality and
coordinated care, giving families more
information on the cost and choices
of their coverage and treatment options,
and—I said it earlier—discouraging
drivers of health care cost. We made our
society and made the lives of a high
percentage of our doctors, espe-
cially in those very difficult fields of
medicine, painful and those fields not
very popular to go into today. And, of
course, we need to promote prevention
and wellness measures.

We could give States flexibility to
design their own unique approaches to
health care reform. Utah is not New
York, Colorado is not New Jersey, and
York is not Utah, and New Jersey is
not Colorado. Each State has its own
demographics and its own needs and its
own problems. Why don’t we get the
people who know those States best to
States that care work. We know the
legislators closer to the people are
going to be very responsive to the
people in their respective States. I admit
some States might not do very well,
but more will do much better than what we will do here with some
big albatross of a bill that really does
not have bipartisan support.

Actually, in talking about New York,
what works in New York will most like
not work in Colorado, alone Utah. As we move forward on health
care reform, it is important to recog-
nize that every State has its own
unique mix of demographics. Each
State has developed its own institu-
tions and its challenges, and each
has its own successes. We can
have 50 State laboratories determining
how to do health care in this country
in accordance with their own demo-
graphics, and we could learn from the
States that care. We could also learn from the States that make mis-
takes. We could learn from the States
that cross-bred ideas. We could make
insurance so that it crosses State lines.
Can you imagine what that would do
to costs? We could do it. But there is
no desire to do that today with this
partisan bill.

There is an enormous reservoir of ex-
pertise, experience, and field-tested re-
fom. We should take advantage of that
by placing States at the center of
t heir challenges, and
each has its own successes. We can
have 50 State laboratories determining
how to do health care in this country
in accordance with their own demo-
graphics, and we could learn from the
States that care. We could also learn from the States that make mis-
takes. We could learn from the States
that cross-bred ideas. We could make
insurance so that it crosses State lines.

Is it perfect? No. But we could help it
to be, with a fraction of the Federal
dollars that this bill is going to cost.
This bill over 10 years is at least $2.5
trillion, and I bet my bottom dollar it
will be over $2.5 trillion. That is on top
of some $2.4 trillion of health care spend-
ing, half of which they claim may be
not well spent. We know a large percentage
of that is not well spent.
my knowledge, had even been asked to help, and it is a tremendously partisan bill—both of which are tremendously costly too.

Then the distinguished Senator from Montana tried to come up with a bill that he could be part of. He was in the Finance Committee, but in the end, even with the Gang of 6—and I was in the original Gang of 7, but I couldn’t stay because I knew what the bottom bill was going to be, and I knew I couldn’t support it. He voluntarily left, not because I wanted to cause any problems but because I didn’t want to cause any problems. I found myself coming out of those meetings and decrying some of the ideas that were being pushed in those meetings. I just thought it was the honor- able thing to do to absent myself from the Gang of 7. It became a Gang of 6 and then the three Republicans finally concluded that they couldn’t support it either.

But I will give the distinguished chairman from Montana a great deal of credit because he sat through all of that. He worked through all of it. He worked through it in the committee, but then it became a partisan exercise in conference.

Yes, there were a couple of amendments accepted: My gosh, look at that. Then what happened? They went to the majority leader’s office in the Senate, and they brought the HELP bill and the bill from the Finance Committee, and they melded this bill, this 2,074-page bill with the help of the White House. Not one Republican I know of had anything to do with it, although I know my dear friend, the distinguished majority leader, did from time to time talk with at least one Republican, but only on, as far as I could see, one or two very important issues in the bill. There are literally thousands of important issues in this bill, not just one or two. There are some that are more important than others, but they are all important.

I am not willing to saddle the American people with this costly, overly expensive, bureaucratic nightmare this bill will be. I hope my colleagues on the other side will listen, and I hope we can start over on a step-by-step approach that takes in the needs of the respective States that is not a one-size-fits-all solution, that both Republicans and Democrats can work on, which will literally follow the principles of federalism and get this done in a way that all of us can be proud of.

I don’t have any illusions and, thus far, it doesn’t look like that will happen. But it should happen. That is the way it should be done. I warn my colleagues on the other side, if they succeed in passing this bill without bipartisan support—if they get one or two Republicans, I don’t consider that bipartisan support. You should at least get 75 to 80 votes on a bill this large, which is one-sixth of the American economy, 17 percent of the American economy. You should have to get 75 to 80 votes minimally. It would even be better if you can get more, as we did with CHIP and other bills. On some we have gotten unanimous votes—on bills that cost money, by the way. Republic- 

ans have voted for them, too. Republic- 

ans will vote for a good bill even if it costs some money, but not do that for a vote for something costing $2.5 trillion to $3 trillion. I don’t think the American people are going to stand for it.

Beware, my friends, of what you are doing. I can tell you right now this isn’t going to make that point as clear as I can.

With that, I yield the floor.

Mr. BURRIS. Mr. President, as a life- long public servant, I have always be- lieved in the fundamental greatness of this country. I am sure this is a belief shared by every single one of my colleague to whom I drove us to serve in the first place, just as it has driven generations of Americans to serve in many capacities throughout our history. Democrat or Republican, liberal or conservative, we are united by our underlying faith in the demo- cratic process and our respect for the people we have come here to represent.

That is what makes this country great, the belief that together we can make progress. Together, we can shape our own destiny. That is why we gather here, this House and Chamber, to bring the voices of the American people to Washington, to the very center of our democracy.

Earl Warren, the late Chief Justice of the Supreme Court, articulated this very well.

Legislators represent people, not trees or acres. Legislators are elected by voters, not farms or cities or economic interests.

He said this in reference to a court case about elected representatives at the State level, but his insight rings especially true here in the highest law- making body in the land.

I ask my colleagues to reflect upon this simple truth for a moment. We ad- dress one another as “the Senator from Illinois” or “the Senator from Texas”, or “the Senator from Colorado” or “the Senator from Utah,” but we do not speak for towns, or companies, or lines on a map. Our solemn duty is to listen to the people we represent and give voice to their concerns and interests heard in Washington. We strive to do this every day, but far too often par- tisan politics get in the way.

When it comes to difficult issues such as health care reform, the voices of the people sometimes get lost in all of the talk about Democrats versus Demo- crats, red States versus blue States. The media gets caught up in the horse race and, more often than we would wish, the atmosphere of partisanship follows us into this Chamber.

As the health care reform bill has cleared the first hurdle and moved to the Senate floor, I urge my colleagues to listen to the people—not just to the party leadership—as they decide how to vote. If they shut out the health care insurance lobbyists, the special in- terests, and the partisan tug of war, they might be surprised at what they will hear from the American people.

Standing here today, in the weight of consensus is hard to ignore. Folks stop me on the streets, stop me in hallways outside of my office, talk to me on airplanes; they call, write, email. They come in every way possible. The message is always the same: We need real health care reform. They are telling me don’t give up and don’t back down. That is because the American people overwhelmingly sup- port reform. They need health care re- form now—not tomorrow or next year, they need it now.

I urge my colleagues to think of the uninsured people in their own States. Think about that. Who are the uninsured people in their own States? These are the folks who need reform the most. We have all heard at least a few of the heart- breaking stories. Sadly, we will never be able to hear them all because there are many. So I ask you to listen and to take a stand on their be- half. It is time to bring comprehensive health care reform to every State in the Union, because in my home State of Illinois, 15 percent of the population is uninsured. In the most advanced country on Earth, this is simply unac- ceptable. We need to dramatically expand access to quality, affordable health care. But it is not just a blue States issue, it is an American issue. This is a problem that all of us must solve.

Eighteen percent of the people in Tennessee and Utah don’t have health insurance and cannot get the quality care they need. The number of uninsured stands at 20 percent in Alaska, and it is nearly 21 percent in Georgia, Florida, and Wyoming. In Oklahoma, North Carolina, and Louisiana, more than 22 percent of the total population is unin- sured, and 24 percent without health insurance in Mississippi. More than a quarter of the population in New Mex- ico can’t get health insurance. In the great State of Texas, almost 27 percent of the population has no health cov- erage. These numbers speak for them- selves. We need to expand coverage to include more of these people.

A recent study conducted by Harvard University shows that the uninsured are almost twice as likely to die in the hospital as similar patients who do have insurance. This human cost is unac- ceptable, and the financial cost is too much to bear.

While my friends on the other side seek to delay and derail health care re- form at this crucial juncture, this bill seeks to save the health of our citizens, to save the lives of Americans, and to save the money in the federal treasury. I urge every one of you to support this bill.
Mr. DURBIN. I thank the Senator.

Mr. ENSIGN. Mr. President, I ask unanimous consent that I and my two colleagues be able to engage in a colloquy.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. ENSIGN. Mr. President, I would like to start by talking about the bill in general.

Mr. DURBIN. Mr. President, will the Senator from Nevada yield for a question before he starts?

Mr. ENSIGN. Yes.

Mr. DURBIN. Can the Senator give us an indication of how long he expects the colloquy to last?

Mr. ENSIGN. Maybe 40 minutes, somewhere in there.

Mr. DURBIN. I thank the Senator.

Mr. ENSIGN. Mr. President, there is a lot of talk about this bill. I wish to make some general comments about it. First, the comments of my colleague from Illinois, he said there are not $1 trillion in Medicare cuts. According to the Congressional Budget Office, there are $461 billion to $495 billion in Medicare cuts. So maybe not quite $1 trillion, but we are certainly getting close.

There are, however, $2 trillion in new taxes in this bill, 84 percent of which will be paid by those making less than $200,000 a year, a direct violation of the campaign pledge made by President Barack Obama, then-Candidate Obama.

This bill will result in increased premiums and health care costs for millions of Americans. This is a massive government take-over of our health care system. As a matter of fact, according to the National Center for Policy Analysis, in this 2,074 page bill—there are almost 1,706, 1,697 to be exact—references to the Secretary of Health and Human Services for the first time in your State and all the good, hard-working people who desperately need this help.

That is the spirit that drove each of us to enter public service in the first place. That is what makes this country great, the belief that policy is decided by the interests of the people, not big corporations or political parties.

This country is more than just a set of lines on a map, and the more you cross those lines, the more you learn that ordinary Americans don’t care who scores political points or who gets reelected. They care about results. They care about real costs and real health outcomes.

It is need for leaders to deliver. It is time to stand for the uninsured, the sick, the poor, and all those who cannot stand for themselves. I say to my colleagues, it is time to come together on the side of the American people and make health care reform a reality.

This health care legislation that is being debated on this floor will save lives, it will save money, and it will save Medicare.

I yield the floor.

The PRESIDING OFFICER. The Senator from Nevada.

Mr. ENSIGN. Mr. President, I ask unanimous consent that I and my two colleagues be able to engage in a colloquy.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. ENSIGN. Mr. President, I would like to start by talking about the bill in general.

Mr. DURBIN. Mr. President, will the Senator from Nevada yield for a question before he starts?

Mr. ENSIGN. Yes.

Mr. DURBIN. Can the Senator give us an indication of how long he expects the colloquy to last?

Mr. ENSIGN. Maybe 40 minutes, somewhere in there.

Mr. DURBIN. I thank the Senator.

Mr. ENSIGN. Mr. President, there is a lot of talk about this bill. I wish to make some general comments about it. First, the comments of my colleague from Illinois, he said there are not $1 trillion in Medicare cuts. According to the Congressional Budget Office, there are $461 billion to $495 billion in Medicare cuts. So maybe not quite $1 trillion, but we are certainly getting close.

There are, however, $2 trillion in new taxes in this bill, 84 percent of which will be paid by those making less than $200,000 a year, a direct violation of the campaign pledge made by President Barack Obama, then-Candidate Obama.

This bill will result in increased premiums and health care costs for millions of Americans. This is a massive government take-over of our health care system. As a matter of fact, according to the National Center for Policy Analysis, in this 2,074 page bill—there are almost 1,706, 1,697 to be exact—references to the Secretary of Health and Human Services for the first time in your State and all the good, hard-working people who desperately need this help.

That is the spirit that drove each of us to enter public service in the first place. That is what makes this country great, the belief that policy is decided by the interests of the people, not big corporations or political parties.

This country is more than just a set of lines on a map, and the more you cross those lines, the more you learn that ordinary Americans don’t care who scores political points or who gets reelected. They care about results. They care about real costs and real health outcomes.

It is need for leaders to deliver. It is time to stand for the uninsured, the sick, the poor, and all those who cannot stand for themselves. I say to my colleagues, it is time to come together on the side of the American people and make health care reform a reality.

This health care legislation that is being debated on this floor will save lives, it will save money, and it will save Medicare.

I yield the floor.
groups to take advantage of that purchasing power. They are called small business health plans.

I believe my colleagues are going to talk about an idea they have, something I talked about for years, the idea of a loser pays model. There are several models out there. They are going to talk about a loser pays model, which other countries have engaged in and they do not have nearly the frivolous lawsuits nor the defensive medicine we practice in this country.

However, order unnecessary tests in the United States because of fear of frivolous lawsuits? Talk to any doctor, and they will tell you every one of them orders unnecessary tests simply to protect themselves against the possibility that a jury may say: Gee, why didn’t you order this test even though it was not indicated at the time?

That accounts for a large amount of medical costs. As a matter of fact, the Congressional Budget Office said $100 billion between the private and public sector would be saved with a good medical liability reform bill.

I believe we need a patient-centered health care system, not an insurance company-centered health care system. Not what this bill does, a government-centered health care system, where bureaucrats are in control of your health care. We need a patient-centered system.

Before we have the Mikulski amendment. This is more of government-centered health care. There is a report out based on prevention that indicates that mammograms should not be paid for, basically, for women under 50 years of age, from 40 to 50 years of age, and women in the Medicare population age, the report indicates that they do not need annual mammograms. This was based mainly on cost. If you look at it from a cost standpoint, that is prohibitive.

But think about it. If you are a woman and you get cancer and you could have had a mammogram diagnose it a lot earlier, you sure would rather have had that mammogram rather than have that mammogram denied.

The Senator from Maryland has proposed an amendment to try to fix the problem. The problem is, instead of one government entity determining whether someone is going to get coverage, the amendment turns it over to the Secretary of Health and Human Services. Another government bureaucrat will determine whether something such as a mammogram will be paid for. According to the Associated Press, her amendment does not even mention mammograms.

Senator MURKOWSKI and Senator COBURN have come up with an alternative that actually puts the decision of whether to order preventive services in the hands of experts in the field. Whether it be a mammogram for breast cancer, or an MRI, which most people think is going to be better than a mammogram for diagnosing breast cancer, or whether it is a test for prostate cancer for men. Those kinds of things should be determined by experts in the field, not by government bureaucrats.

The various colleges—the American College of Obstetrics and Gynecology, for instance, has come out with certain recommendations, along with the American College of Surgeons. Those are the experts with peer-reviewed evidence telling the individuals who should determine what the recommendations are as to whether we pay for preventive services, not government bureaucrats.

Unfortunately, the Mikulski amendment just gives that determination to a government bureaucrat. That is why we should reject the Mikulski amendment, and adopt the amendment offered by the Senator from Alaska, the Murkowski amendment puts the decision making of one of the experts, where that decision should be made.

Let me close with this point. We have seen a lot of comparisons where people say one country has a better health care system than the United States. Let me give you the example of cancer survival rates.

This chart compares the average cancer survival rates in the European Union and the United States, it makes the point as to whether a government bureaucrat is making a health decision or the doctor and the patient are making the health treatment decision. For kidney cancer, the European Union has a 56 percent 5 year survival rate; the United States, 63 percent survival rate after 5 years. On colorectal cancer, about the same difference between the United States and the European Union. Look at breast cancer, 79 percent after 5 years in the European Union; 90 percent in the United States.

The most dramatic difference is on prostate cancer, 78 percent survival after 5 years in the European Union; 99 percent survival rate in the United States.

These are dramatic differences. Where would you rather get your health care if you had one of these cancers? The United States or Europe? Canada, has even worse results than this. As a matter of fact, Belinda Stronach, a member of the Canadian Parliament, led the charge against a private system side by side with the government-run Canada. She did not want the private system.

Tragically, a couple years later, she developed breast cancer. Did she stay in Canada to get treatment, where there is a government-run health care system she did she go? She came to the United States. She was actually treated at UCLA. Why, because we have a superior system of quality in the United States.

We have a problem with cost. Some of the incremental steps I talked about will address costs. I wish to turn it over now to my colleagues who are going to talk about medical liability reform. Let’s look out for the patient instead of the trial lawyers in the United States. Their idea on a loser pays system, I think, has a lot of merit, and it is something this body should consider very seriously.

Congressional Record — Senate

December 2, 2009
form of payments to medical suppliers for our Medicare beneficiaries.

In the spring of this year, 2009, the independent Medicare Trustees Report reported back to Congress and said that unless real, meaningful reforms are made in the Medicare system, Medicare is going to start running out of money before Medicare goes totally broke. And those individuals who are baby boomers, who have been paying into this program for 40 years, 50 years, or whatever it may be, are all of a sudden going to reach the Medicare age, where they expect to reap the benefits of the Medicare taxes they have been paying for all these years, and guess what. Not only are benefits going to be reduced, but unless something happens, unless there is meaningful reform and it is done today, there is not going to be a Medicare Program.

I want to go back to something the junior Senator from Illinois said a few minutes ago. In talking about this issue of cuts in Medicare, he said this bill is a debate now that was filed by Senator REID does not have cuts in Medicare. He could not be more incorrect. And that is not a Republican statement. It is not a statement by anybody other than the Congressional Budget Office. I refer to a letter that was already introduced during the course of this debate—a letter dated November 18—to the HONORABLE HARRY REID, the majority leader. I would refer the Senator to page 10 of that letter in which the Director of the Congressional Budget Office says this in reference to provisions affecting Medicare, Medicaid, and other programs:

Other components of the legislation would alter spending under Medicare, Medicaid and other programs. In total, the Budget Office estimates that enacting these provisions would reduce direct spending by $491 billion over the 2010-2019 period.

Then the letter goes on, on this page alone, to delineate three areas where Medicare provisions are going to be reduced or cut, and I would specifically refer to them, but first is a fee-for-service sector, and this is other than physician services. It is going to be reduced by $192 billion over 10 years. The Medicare cuts Senator CHAMBLISS was talking about, they are going to reduce Medicare by $464 billion over a 10-year period. But thank goodness we had hospice available, and he spent 2 days in the hospital. Otherwise, he was able to live in his assisted-living home, have my wife go by and spend quality time with him, which she will tell you today were the best 2 days of her life as far as her relationship with her father was concerned, because she had hospice there to take care of him. Yet here we are talking about reducing a benefit by $5 billion that saved no telling how many thousands of dollars in the case of my family, and you can multiply that across America, and it is pretty easy to see we don’t need to be reducing a benefit that is going to save us money in the long run.

I would like to turn it over to my friend from South Carolina, who also has some comments regarding Medicare, and then we will talk about our loser pays bill.

Mr. GRAHAM. I thank my friend from Georgia, and I will try to be brief. I guess to say that we need to do health care reform is pretty obvious to a lot of people. The inflationary increases in the private sector, to business, to health care, to health care area, are unsustainable. The way our Democratic colleagues and friends try to get to revenue neutrality on the additional spending, to get it down to where it doesn’t score in a deficit format, is they take $464 billion out of Medicare to offset the spending that is required by this bill.

Here is the question for the country: How many people in America really believe this Congress or any other Congress is actually going to reduce Medicare spending by $464 billion over 10 years? I would argue that if you believe that, you should not be driving. There is absolutely no history to justify that conclusion.

In the 111th Congress, there were 200 bills proposed—nay, I was wildly on some of them—to increase the amount of payments to Medicare. In 1997, we passed a balanced budget agreement when President Clinton was President slowing down the growth rate of Medicare. That worked fine for a while, we kept cutting spending, along with hospitals, about the revenue reductions. Every year since about 1999, 2000, we have been forgiving the reductions that were due under the balanced budget agreement because none of us want to go back to our doctors and say we are going to honor those cuts that were created in 1997 because it is creating a burden on our doctors. Will that happen in the future? You better believe it will happen in the future. In 2007, Senator Frist and Senator Grassi introduced an amendment to reduce Medicare spending by $33.8 billion under the reconciliation instructions. It got 23 votes. I remember not long ago the Republican majority proposed reducing Medicare by $10 billion. Not one Member of the Democratic Senate voted for that reduction. They had to fly the Vice President back from Pakistan to break a tie over $10 billion.

So my argument to the American people is quite simple. We are not going to reduce Medicare by $464 billion, and if we don’t do that, the bill is not paid for, and that creates a problem of monumental proportions. If we
do reduce Medicare by $464 billion and take the money out of Medicare to create another government program, we will do a very dishonest thing to seniors. We are damned if we do and damned if we don't. And during the whole campaign, I don't remember anybody suggesting that we needed to put Medicare to health care reform for non-Medicare services, but that is exactly what we are doing.

To my Democratic colleagues: There will come a day when Republicans and Democrats may have to look down and seriously deal with the underfunding of Medicare and with the impending bankruptcy of Medicare. Everything we are doing in this bill may make sense to save Medicare from bankruptcy, but it doesn’t make sense to pay for another government-run health care program outside of Medicare. It makes no sense to take the savings we are trying to find in Medicare and not use them to save Medicare from bankruptcy. I think that is going to be a budget disaster.

So let it be said that this attempt to pay for health care, to make it revenue neutral, will require the Congress to do something with Medicare that it has never done and is not going to do in the future. So the whole concept is going to fall like a house of cards.

The way we have tried to pay for this bill has so many gimmicks in it, it would make an Enron accountant blush.

Now, as to tort reform, quite frankly, I used to practice law and did mostly plaintiffs’ work. I am not a big fan of Washington taking over State legal systems. I prefer to let States do what they are best at doing and let the Federal Government do a few things well—and we are doing a lot of things poorly. But if we are going to take over the entire health care system, that is going to be the option available to us, then we also have to nationalize the way we deal with lawsuits.

And to the AMA: There will come a day, if we keep going down the road here, where the Federal Government will determine how you get to be a doctor. There will be no State medical societies, and we will have a national system to police doctors. That is what is coming if we continue to nationalize health care.

So, with Senator Chambliss, I have tried time and time again with a more reasoned approach when it comes to legal reform. I have always believed people deserve their day in court. There is no better way to resolve a dispute than to have a jury do it. I would rather have a jury of independent-minded citizens decide a case than a bunch of politicians or any special interest group. So the jury trial, to me, is a sacrosanct concept that has served this country well.

But one thing I have always been perplexed about in America is that the risk of suing somebody is very one-sided. Most developed nations have a loser pays rule. I think you should have your day in court, but there ought to be a downside to bringing another person into the legal system. So I think a loser pays rule will do more to modify behavior than any attempt to cap damages. Let both wallets be on the table. You can have your day in court, but if you lose, you are going to have to pay some of the other side’s legal cost, which will make you think twice.

As to the indigent person, most people who are not indigent. The judge would have the ability to modify the consequences of a loser pays rule, but we need to know going in that both wallets are on the table. Under our proposal, we have mandatory arbitration where the doctor and the patient will submit the case to an arbitration panel. If either side turns down the recommendation of the panel, they can go to court. But then the loser pay rule kicks in.

I think that will do more to weed out frivolous suits than arbitrarily capping what the case may be worth in the eyes of a jury. I think it really does create a financial incentive not to bring frivolous lawsuits that does not exist today.

If the cost is a $500,000 damage cap, most of the people I know would say: I will take the $500,000. That is not much of a deterrent. But if we told someone they can bring this suit if the arbitration didn’t go their way, but if they go to court and they risk in some of their financial assets, people will think twice. I think that is why this is a good idea. The National Chamber of Commerce has endorsed it, and I am proud of the fact that they have endorsed it.

I would rather not go down this road, but if we are going to nationalize health care, we also need to do something about the legal system that is going to be affected by the nationalization of health care.

A final comment I would like to make about what we are doing is that it is probably worrisome to people at home that we are about to change one-sixth of the economy and cannot find one Republican vote to help. I guess there are two ways to look at that: It is the problem of the Republican Party or maybe the bill is structured in a way that is so extreme there is no middle to it. I would argue that what we have done is provide a middle ground for the extreme. It is pretty extreme, in my view, to take a program that is $38 trillion underfunded, cut it, and take the money to create a new program rather than saving the one that is in trouble. It is pretty extreme, in my view, to take a country that is so far in debt you cannot see the future and add $2.5 trillion of more debt onto a nation that is already debt laden in the name of reforming health care.

When you look at the second 10-year window of this bill, it adds $2.5 trillion to the national debt. Is that necessary to reform health care? Do we need any more money spent on health care or should we just take what we spend and spend it more wisely? The first 10 years is a complete gimmick. What we do in the first 10 years of this bill is collect the $4 trillion in taxes for the 10-year period, and we don’t pay any benefits until the first 4 years are gone. That is a hard budget process by the Federal Government. This is a chance to set in motion a single-payer health care plan that the most liberal Members of the House and the Senate have been dreaming of. This is a liberal bill written by and for liberals, and it is not going to get any moderate support on the Republican side—and there is some over here to be had—and they are going to have a hard time convincing those red State Democrats that this is good public policy. That is where we find ourselves, trying to change one-sixth of the economy in a way that you don’t have any hope of bringing people together.

I would argue we should stop and start over.

I thank my good friend from Georgia for trying to find a way to change lawsuit abuse in a more reasoned fashion.

Mr. Chambliss. I thank my colleague from South Carolina, Senator Graham, for his thoughtful proposal that we went through in thinking through the loser pays bill and the amendment we have filed. Just like you, having practiced law for 26 years before I was elected to the House, the same year you were, and then we were elected over here, I tried plaintiffs cases as well as defendants cases. I never represented a defendant in a malpractice case. I was always on the other side.

I have great sympathy for individuals who are wronged by a physician who is negligent. You and I agree that anybody who is the victim of negligent action ought to have their day in court. That is what we provide for under our bill. There is absolutely no question about the fact that anybody who is subject to negligent acts on the part of a physician, they can have their day in court, and they should have their day in court if that is what they decide they want to do.

But under a loser pays provision like we have designed, we can eliminate, hopefully, the frivolous lawsuits that add significantly to the cost of health care delivery in this country. In 2003, direct tort litigation costs in America accounted for 2.2 percent of our GDP. That is double the percentage of Canada, Great Britain, Germany, France, and Australia—all of which have loser pays systems.

The State of Alaska has had a loser pays system since 1884 and tort claims in the State of Alaska constitute a smaller percentage of total litigation than the national average.
Florida, which applied a loser pays rule to medical malpractice suits from 1981 to 1985, saw 54 percent of their plaintiffs drop their suits voluntarily.

It does make a difference on frivolous suits. In the State of Florida during that same period of time, the jury awarded for plaintiffs rose significantly. Just as in our situation, anybody who had a legitimate case in Florida during that period of time had the right to have their case adjudicated by a jury. Those who made the decision to do so received a significantly higher award. That is the way the system ought to work.

This is a win-win situation for the cost of health care delivery. It is a benefit to the physicians—sure, because they eliminate part of their significant cost of delivering health care services. But it also is a huge benefit to those individuals in America who are subject to negligent acts on the part of physicians.

I ask unanimous consent that a letter from Senator Graham and myself from Bruce Josten at the U.S. Chamber of Commerce, dated November 3, 2009, be printed in the RECORD, and I yield the floor.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

Hon. Lindsey Graham, U.S. Senator, Washington, DC.
Hon. Saxby Chambliss, U.S. Senator, Washington, DC.

Dear Senators Graham and Chambliss:
The U.S. Chamber of Commerce, the world's largest business federation representing more than three million businesses and organizations of every size, sector, and region, thanks you for introducing S. 2662, the "Fair Resolution of Medical Liability Disputes Act of 2009."

This legislation represents a positive and significant step toward providing a more reliable justice system for the victims of medical malpractice. Your bill encourages the states to find alternative methods for resolving medical liability claims and provides them with the latitude to develop unique approaches that fit the needs of their diverse populations. The Chamber commends you for making this important and thoughtful effort to bring needed reforms to America's medical liability systems.

The reform of medical liability reform is central to any serious effort to overhaul America's healthcare system. The Congressional Budget Office recently determined that without health care reform would result in a total national healthcare spending by $11 billion in 2009 and reduce the federal budget deficit by $54 billion over 10 years. The Chamber's estimates of healthcare savings may be too conservative. Yet nonetheless, the $54 billion in deficit reduction is significant, representing over 10 percent of the net cost of the insurance coverage provisions agreed to in the Finance Committee's "America's Healthy Future Act of 2009."

We are confident that you will be a forceful advocate for medical liability improvements that will expand access to justice for injured patients and lower the cost of health care.

There is bipartisan agreement that for healthcare reform to be successful, it must "bend the growth curve," making healthcare delivery more efficient and slowing healthcare inflation. Medical liability reform should play a critical role in any such effort. The Chamber appreciates your work and believes that this legislation is a path toward working with you and the Senate in the coming weeks and months to refine your legislation and advance commonsense changes to our system of resolving medical liability claims.

Sincerely,

R. Bruce Josten.

The PRESIDING OFFICER. The Senator from Illinois is recognized.

Mr. DURBin. Could the Chair inform me how much time was used on the Republican side during the last group of speakers?

The PRESIDING OFFICER. That was 42 minutes 14 seconds.

Mr. DURBin. I thank the Chair. I am going to proceed to speak in the same manner and yield to the Senator from Vermont. Our time will be less than that in total.

I see the Senator from Louisiana is here. We are going to be speaking less than 42 minutes. We guarantee him that much. We will follow the same process, if there is no objection, that was just followed with three Republican speakers who spoke in that 42-minute period of time.

I ask unanimous consent that Senator Sanders be recognized after me to speak and that our total time be no more than 42 minutes.

Mr. VITTER. Objection?

Mr. DURBin. The PRESIDING OFFICER. Is there objection? Objection is heard.

Mr. DURBin. Mr. President, I just offered that to the Republican side, and they asked me for permission and I gave permission, unanimous consent.

We will speak as long as we like. We will enter into a colloquy. I hope the Senator from Louisiana will reconsider.

Let me try to address a few of the issues that have been raised on the Senate floor. First, the issue of medical malpractice, this is an issue often brought up on the other side of the aisle. The first thing I would like to say is this is the bill we are debating. It is 2,074 pages, and one extra page makes it 2075 pages. It has taken us a year to put this together. There have been a series of committee hearings that have led to the creation of this legislation. It has been posted on the Web site for anyone interested. If they go to Google, for example, and put in "Senate Democrats," they will be led to a Web site which will let them read every word of this bill. It has now been out there for 12 days at least, and it will continue to be there for review by anyone interested.

If you then Google "Senate Republicans" and go to their Web site on health care and look for the Senate Republican health care reform bill, you will find—this bill, the Democratic bill, because there is no Senate Republican health care bill. For a year, and with an enormous number of speeches, they have come to the floor and talked about health care but have never sat down and prepared a bill to deal with the health care system, which leads us to several conclusions.

This is hard work and they have not engaged in that hard work. It is easier to criticize a bill that is not out there. They have chosen that route. That is their right to do. This is the Senate. We are the majority party. We are trying to move through a bill. But all of the ideas they have talked about tonight and other evenings have not resulted in a bill. Second, it may be that they do not want to see a change in the current system; they are happy with the health care system as it exists today. That is possible. In fact, I think it drives some of them to the point where they criticize our bill but do not want to change the system because they like it.

I guess there are some things to like about it. There are good hospitals and good doctors in America. Some people are doing very well with the current system. But we also know there are some big problems. We know the current system is not affordable. We know the cost of health insurance has gone up 131 percent in the last 10 years; that 10 years ago a family about $6,000 a year for health insurance. Now that is up to $12,000 a year. We anticipate in 8 years or so it will be up to $24,000 a year. Roughly 40 percent or more of a person's gross income will be paid in health insurance.

That is absolutely unsustainable. So businesses are unable to offer health insurance as well as individuals are unable to buy health insurance. The Republicans have not proposed anything, nothing that will make health insurance more affordable. This bill addresses that issue. They have nothing.

Second, we know there are about 50 million Americans without health insurance. These are people who work for businesses that cannot offer a benefits package. They are people who are recently unemployed, and they are people in such low-income categories they cannot afford to buy their own health insurance, and their children—50 million. This bill we have before us will give coverage to 94 percent of the people in America, the largest percentage of people insured in the history of our country.

The Republicans have failed to produce a bill that expands coverage for anyone in America. Under the Republican approach, nothing would be done to help the 50 million uninsured.

The third issue is one about health insurance companies. Everybody has an experience there. It is, unfortunately, not good for most, because when you pay premiums all your life and then need the health insurance, many times it is not there. What we do is give consumers bargaining power and a fighting chance with health insurance. That is an affordable approach. It eliminates discrimination against people because of a preexisting condition and putting caps on the
Mr. SANDERS. The Republicans fail to offer anything that deals with health insurance reform. That is a fact. They have said a lot about Medicare.

I would like to tell you that tomorrow, so I will be cosponsoring the Bennet amendment and Senator BENNET of Colorado will be offering an amendment which could not be clearer on the issue of this bill and the Medicare Program. The amendment is so short and brief and direct and understandable, I want to read a couple of highlights:

Nothing in the provisions of, or amendments made by, this Act shall result in the reduction of guaranteed benefits under title XVIII of the Social Security Act.

That is Medicare. What Senator BENNET is saying is that people will have their Medicare benefits guaranteed. Nothing in this bill will infringe on their Medicare benefits, despite everything that has been said.

The Bennet amendment goes on to say:

Savings generated for the Medicare program under title XVIII of the Social Security Act under the provisions of, and amendments made by, this Act shall extend the solvency of the Medicare trust funds, reduce Medicare premiums and other cost-sharing for beneficiaries, and expand guaranteed Medicare benefits and protect access to Medicare providers.

All of the speeches made in the last 3 days about how this bill threatens Medicare—it does not—will be completely cleared up by the Bennet amendment. I hope some Republicans who have a newfound love of the Medicare Program, which was started many years ago, will join us in voting for this amendment. It would be great to see if their love of Medicare is a result in their votes for the Bennet amendment. This is a critically important amendment. I commend him for being so straightforward and showing real leadership on an issue of this magnitude.

I know the Senator from Vermont is interested in speaking. I am prepared to yield for comments and questions. Before I do, I wish to say by way of introduction that we heard one of our Representatives say this is a single-payer bill, that at the end of the day we will have created a single-payer system. I think the Senator from Vermont is familiar with the concept of single payer, and I would invite his comments or questions through the Chair to me about his feelings on this issue.

Mr. SANDERS. I thank my friend from Illinois for asking that question because, coincidentally, we have just introduced and brought to the desk legislation for a single-payer national health care program. I suggest to my friend from Illinois and my Republican friends that it is a very different bill than the legislation we are now looking at. In no way, shape, or form is the legislation being debated now a single-payer national health care program. As my friend from Illinois understands—and I ask his views on this—I have heard some of our Republican friends talk about a bill that is being voted on today. This current health care system is that we have right now. I ask my friend from Illinois, do you think we can do better than being the only major country in the industrialized world that does not guarantee health care to all its people? Can we do better than that?

Mr. DURBIN. In response to the Senator from Vermont, we must do better. This is the only civilized, developed, industrialized country in the world where a person can literally die because they don't have health insurance. Forty-five thousand people a year die because they don't have health insurance. What does that mean? One illustration: If you had a $5,000 copay on your health insurance policy, and people face that—and you go to the doctor and the doctor says: Durbin, we think you need a colonoscopy, and I realize I have to pay the first $5,000 and the colonoscopy is going to cost $3,000, and I say I am going to skip it—which people do, and bad things happen—I develop colon cancer and die, my insurance has failed me. Basic preventive care is not there. We are the only civilized, developed country where that is a fact.

Mr. SANDERS. I ask my friend from Illinois, has he talked to physicians who have, on that issue, told him that they have lost patients who walked into their office and they say: Why didn't you come in here 6 months ago or a year ago? And that patient says: I didn't have any money, and I thought maybe the pain in my stomach or my chest would get better.

I have had that conversation with physicians. I wonder if the Senator has talked to physicians who have said the same thing.

Mr. DURBIN. A lady I met 2 weeks ago in southern Illinois, 60 years old, a hostess at a hotel who serves breakfast in the morning—they are there as we travel around our States—has never had health insurance in her life, is diabetic, and told me that her income is so low, $12,000 a year, she could not afford to go to a physician to check out some lumps she had discovered. That is the reality of our health care system in the wealthiest, greatest nation on Earth.

Mr. SANDERS. We have heard discussions of death panels. I think the Senator might agree with me that when we talk about death panels, we are talking in reality about 45,000 people who die every single year because they don't get to a doctor on time. That seems to me to be what a death panel is.

In the midst of all this, with 46 million uninsured, with 45,000 people dying every year because they don't get to a doctor when they should, when premiums have doubled in the last 9 years, when we have almost 1 million Americans going bankrupt because of medically related bills, I ask my friend from Illinois, isn't it time for a change? Isn't it time this country now moves forward and provides health care for all of our citizens in a comprehensive and cost-effective way?

Mr. DURBIN. Mr. President, I certainly agree with the Senator from Vermont, I would add one more statistic of the many—millions of people filing for bankruptcy in America each year because of health care costs, medical bills they can't pay, three-fourths of them have health insurance. Three-fourths of them were paying premiums. These were the people turned down when they needed coverage. These were the people who ran into caps on coverage on their policies. These are folks who had to battle it out and lost the battle with the insurance companies to try to get lifesaving drugs. That is the reality of the current system.

The fact is, the Republican side of the aisle has not produced an alternative. We have. We have worked long and hard to do it. They have not.

Mr. SANDERS. I ask my friend from Illinois if we are not dealing with the personal health care issue of 46 million uninsured and people dying; are we not dealing with a major economic issue? How are businesses going to compete with the rest of the world when every single year they are seeing huge increases in their health insurance premiums, and rather than investing in the business that they are supposed to be in, they are having to spend enormous sums of money as health care costs soar? I know small businesses in Vermont tell me that in some cases not only can they not provide health insurance to their workers, they cannot even provide it for themselves. I have to believe there is a similar situation in Illinois.

Mr. DURBIN. It is. We are sent many books and some of them I have a chance to glance at. This is the recent one I received, entitled “Bend the Health Care Trend.” They have here information which says: American health care spending reached $2.4 trillion in 2008 and will exceed $4 trillion by 2018. We expect a doubling of basic health insurance premiums in 8 to 10 years, and we know what you just described is happening. Even bus drivers, bus drivers in a couple, a husband and wife, are finding themselves not only unable to provide health insurance for their employees, because of its cost, they can't cover themselves.

I had a friend of mine, one of my boyhood friends, I grew up with him and his wife. His small business had one of their employees under the health insurance plan, and his wife had a baby with a serious illness. As a result, their premiums went through the roof. He had only his group health insurance. He had to cancel the insurance he gave to his employees. He gave his employees the $300 a month, whatever it
was they were paying, and said: We are all on our own now. We have to go in the private market. The couple with the sick baby couldn’t find any health insurance. My friend, who was in his 60s, and his wife are in a pitched battle every year about how much they have to pay for health insurance and the company, the only one that will cover them, each year excludes whatever they turned a claim in for last year. So that is the reality of health insurance for small businesses.

I also want to tell my friend from Vermont, about one-third of all realtors in America are uninsured, have no health insurance. They are independent contractors, and they have no health insurance, one out of three.

Mr. SANDERS. While we are talking about the economics of health care, I wonder if my friend from Illinois has had the same experience I have had in Vermont where people tell me they are staying healthy, not because they want to stay on their job but because the job is providing decent health insurance. They can’t go where they want to go because the new job may not provide insurance or they are afraid about the interval when they may not have health insurance at all. I wonder if my friend from Illinois happened to see the piece in the paper, unbelievable, where a middle-aged fellow joined the U.S. military because his wife was suffering from cancer; and he can’t try to get health care for her so he joined the military. Does the Senator think this is what should be going on in the greatest country in the world?

Mr. DURBIN. We can do better. I would say to those who call our plan a single-payer plan, what we are trying to do is to get fair treatment from private health insurance companies for consumers and families across America and to give them choices. The Senator from Illinois will understand, is part of the Federal Employees Health Benefits Program. So am I. Most Members of Congress belong to the program. Eight million Federal employees and Members of Congress are part of this program. It may be the best health insurance in America. And we can shop. I just got a notice in the mail that says open enrollment is coming. If you don’t like the way you were treated by your health insurance plan last year, you can pick a new one and shop. It is a generous plan, more money will be taken out of your check. If it is not, less money will be taken out. We can shop. What we do on the insurance exchanges in this bill is say to these Americans who wouldn’t otherwise have options, a not-for-profit health insurance plan with lower costs that people can choose, if they care to. Giving people that choice, giving them an option to go shopping for the most affordable, best health insurance plan is what we enjoy as Members of Congress and what every American family should.

Mr. SANDERS. I ask my friend from Illinois, does he think some of our Republican colleagues are so threatened and so upset by giving the American people the option to choose a public Medicare-type plan as opposed to a private insurance plan? Do you think that maybe, just maybe, our friends are more interested in representing the interests of the big private insurance companies rather than the needs of the American people?

Mr. DURBIN. I say to my colleague from Vermont, I am waiting for the first Republican Senator to offer an amendment to this bill to abolish Medicare. I think that really believe that government health insurance is such a bad idea, they ought to step right up and show.

Mr. SANDERS. I would say to my friend from Illinois that that is an interesting proposal and, in fact, I was almost thinking of offering an amendment about that. We have a lot of people in this country who stand up and say: Get the government out of health care. Well, I think some of my Republican friends have kind of echoed that message. I do think that the Senate from Illinois is right. We may bring forth an amendment to allow our Republican friends to say: Let’s abolish the Veterans’ Administration. Because, as you know, that is a government-run program which most veterans in my State and I think around the country are very proud of. They think it is a good program. From what the statistics tell us, it is a very cost-effective way to provide quality health care to all of our veterans. Maybe we should bring forward an amendment to those who say get the government out of health care. If you want to abolish the Veterans’ Administration, go for it. And what about TRICARE. Maybe you want to abolish TRICARE. Go for it. Maybe you abolish SCHIP, which is providing high quality health insurance for millions of kids. Maybe we might work together and bring forth an amendment.

Let our Republican friends who say get the government out of health care, let them abolish the Veterans’ Administration, Medicare, SCHIP, Medicaid, let them do that. We will see how many votes they might get.

Mr. DURBIN. I do not think you will hear that. I think you will hear a lot of speeches about socialized medicine, socialism, and the big reach of government.

When it comes right down to it, there is not a single Member from the other side who wishes he stepped on it before. I will offer an amendment to abolish it. They will have their chance in this bill, and if they want to, they can. I do not think the people who have this coverage today would like to see it go.

Mr. SANDERS. It might be an interesting amendment, I would say to my friend. There is another area where it is a semigovernment nonprofit, which I know the Senator from Illinois feels very strongly about, and that is the Federally Qualified Community Health Centers begun by Senator Kennedy over 40 years ago, where we now have over 1,200 community health centers all over this country. In fact, I know the Senator from Illinois is quite interested, I think, in the National Health Service Corps so we can help young people being uninsured in this country. We have 60 million people who do not have access to a doctor on a regular basis.

If we expand the Community Health Center Program, if we expand to a significant degree the National Health Service Corps so we can help young people become primary health care physicians by paying off their very substantial medical debts, would my friend agree with me that this would be a major step forward in improving primary health care in America?

Mr. SANDERS. I suggest to my friend from Illinois that we could take it a step further. I go to the Capitol physician’s office. That is where I go. We pay extra money for it. I have Blue Cross/Blue Shield, but I go there. Do you know who runs the Capitol physician’s office, which I suspect the vast majority of the Members of Congress go to and get very fine primary health care?

Well, it is that terrible government agency, the U.S. Navy. So maybe some of our friends who are busy denouncing government health care might want to say: Do they not want to take the advantage of that very fine, high quality health care, and that speaks for the whole military as well. While we are at it, maybe you should abolish health care for the U.S. military, which is all government run and, by the way, generally regarded as pretty good quality health care.

I would ask my friend his views on that.
issue. I can recall when President Obama came forward with his stimulus bill, the recovery and reinvestment bill, that the Senator from Vermont was one of the leaders to put additional funds in the bill to build clinics all across America—in rural areas they represent, and the towns and cities we represent as well—for the very reason the Senator mentioned: Because for a lot of people who I represent in downstate, southern Illinois, in some of the rural regions, it is a long drive to a doctor's primary care. So these community health clinics, FHQA clinics, are going to offer people primary care.

I think as a result of this bill, when we enact it—and I feel very good about the enactment of this because I think we sense this is a moment in history we should not miss—we are going to see this network grow across America. And it has proven itself to be so good.

In the city of Chicago, I have visited these community health clinics. I will bet that in Vermont what I find there—many times I will walk in the door. The administrator will be there. We will start talking. I will meet the doctors. I will meet the nurses. When I finally get a chance to drink a cup of coffee and talk to them for a few minutes, I say—and I mean it—if I were sick, I would feel confident walking into the front door of this clinic, that I would be in the best of hands—better than the most expensive clinic in my State.

Mr. SANDERS. My friend from Illinois makes the point. And I have visited virtually all of them in the State of Vermont. We have gone from 2 to 8, with 40 satellites. We have over 100,000 people in the State of Vermont who now use these Federally Qualified Health Centers.

I know my friend from Illinois is also aware that when you talk about health care, you have to talk about dental care.

Mr. DURBIN. Yes.

Mr. SANDERS. Because what is true in Vermont is true in Illinois. You have a whole lot of people who do not have access to a dentist, which these Federally Qualified Health Centers now provide, and mental health counseling, and low-cost prescription drugs.

So I thank my friend from Illinois also aware that when you talk about health care, you have to talk about dental care.

Mr. DURBIN. Right.

Mr. SANDERS. Would my friend from Illinois agree, it does not make a whole lot of sense for people who do not have health insurance today to go into an emergency room and run up a huge cost or to get terribly ill because they do not have access to a doctor when they should and end up in the hospital? That doesn't make a lot more sense, both for the personal health of the individual and saving money for the system, to provide health care to people when they need it.

Mr. DURBIN. I agree with the Senator from Vermont. I would say we have some of the best health care in America but also the most expensive health care in America. We spend more per person than any other nation on Earth, and a lot of it has to do with money not being well spent. People who do not have access to a medical home, which we establish in this bill, people who do not have access to a community health care clinic, in desperation, will take a baby with a high fever in to an emergency room.

Mr. SANDERS. Right.

Mr. DURBIN. They will wait for hours to flag down a doctor. Once there, they will have the most expensive care they could ever face, when they could have gone for a doctor's appointment.

Mr. SANDERS. Exactly.

Mr. DURBIN. And taken care of it for a fraction of the cost. That is not good for the hospitals because many of them are giving charity care they do not get compensated for, and they pass that cost along to other patients, and it certainly is not good for the families involved.

Mr. SANDERS. At this point, let me thank my friend from Illinois for allowing me to engage in this colloquy with him. I am going to yield back the floor to him and thank him for his very good work.

Mr. DURBIN. I thank the Senator from Vermont.

I say at this point in time, we have three or four amendments before the Senate on health care reform. We started the debate on Monday. We are now wrapping up Wednesday. We are about to go into the 4th day of the debate on one of the most important bills in the history of the U.S. Senate, and we have yet to reach an agreement with the Republican side of the aisle to have the amendments voted on.

If we are only doing four amendments or three amendments in 4 days, this is not going to be the kind of debate the American people expected. They expected us to bring issues before the floor here, debate them, with a reasonable period of time, and then vote and move to another issue. Certainly, there are a lot of things to talk about.

So I hope the Republican side of the aisle will have a change of heart and will start to join us in this dialog, will offer their amendments in a timely fashion—we will give them their opportunity to debate them—and then bring them to a vote. But the fact is, we have not had a single vote this week on health care reform amendments because of objections from the other side. That is not in the interest of moving forward this important legislation and giving Members an opportunity to present their amendments and have them voted on in a timely fashion.

Mr. President, I yield the floor.

The PRESIDING OFFICER. The Senator from Illinois.
usual form; that each of the above referred amendments or motion be subject to an affirmative 60-vote threshold, and that if the amendments or motion do not achieve that threshold, then they be withdrawn; further, that if any of the above listed amendment or motion, regardless of achieving the 60-vote threshold, that if the yeas and nays are ordered, the vote would occur immediately with no further debate in order with respect to this particular consent.

The PRESIDING OFFICER. Is there objection?

Mr. VITTER. Mr. President, reserving my right to object.

The PRESIDING OFFICER. The Republican leader.

Mr. McCONNELL. Mr. President, reserving the right to object, and I will not object. I would just like to point out that there is some difficulty actually on both sides getting to the two votes that are designated in this consent agreement.

Our side of the aisle, the Republican side of the aisle, was prepared to vote on both of those amendments tonight. Then a problem developed on the other side, which I understand because we had had a problem on our side earlier. But I do just want to make it clear that Republicans were prepared and fully ready and willing to vote on the two amendments in the consent agreement tonight.

Mr. President, I do not object.

Mr. VITTER. Mr. President, reserving the right to object.

The PRESIDING OFFICER. The Senator from Louisiana.

Mr. VITTER. Thank you, Mr. President.

Mr. President, I certainly concur with the distinguished majority whip's goal of more amendments and more votes.

With regard to this very important screening and mammography issue, my goal has been a very focused one. I have a filed second-degree amendment that has a very simple, focused objective, which I believe is extremely non-controversial. I believe it would be supported by everyone in this body, and that is simply to ensure that there is no legal force or effect to the recent recommendations issued in November of 2009 by the U.S. Preventative Services Task Force with regard to breast cancer screening, use of mammography, and self-examination.

As the Senator from Illinois knows, those new recommendations were shocking in that they took a giant step back from the previous recommendations and took a giant step back in terms of recommended screening, which virtually every expert I know of strongly disagrees with.

So this filed, simple second-degree amendment simply says that those new recommendations of November of this year have no force and effect. I will read the amendment. It is very short. To be clear, it does nothing more than that.

For the purposes of this Act, and for the purposes of any other provision of law, the current recommendations of the United States Preventive Service Task Force regarding breast cancer screening, mammography, and prevention shall be considered the most current other than those issued in or around November 2009.

So we are simply ensuring that those new recommendations—which I strongly disagree with, experts strongly disagree with, I believe all of my colleagues do—have no legal force and effect. So I would simply ask that the unanimous consent proposal be modified so that the Mikulski amendment incorporates this language. I would propose that as an alternative unanimous consent request.

The PRESIDING OFFICER. Is there objection to the request, as modified?

Mr. DURBIN. I object.

The PRESIDING OFFICER. Objection is heard.

Is there objection to the original request from the Senator from Illinois?

Mr. VITTER. Yes, I continue to reserve my right to object. I am very disappointed about objecting to this important and what should be non-controversial provision. I would suggest another solution, which is to take the unanimous consent request on the floor and modify it so there is simply a vote on this second-degree amendment, amendment No. 2808, immediately before the vote on the Mikulski amendment.

The PRESIDING OFFICER. Is there objection to the request, as modified?

Mr. DURBIN. Mr. President, reserving the right to object.

The PRESIDING OFFICER. The Senator from Illinois.

Mr. DURBIN. Mr. President, I am not sure I would support or oppose the amendment offered by the Senator from Louisiana, but this matter has been on the floor now for 3 days. I say to the Senator, there is a pending amendment here on your side of the aisle from Senator Mikulski on this issue, and I would hope that the Senator has approached her to incorporate his language. I do not know if the Senator approached Senator Mikulski. But at this point we think what effort being made at fairness on both sides, that there will be Democratic amendments and Republican amendments both offered—Mikulski and Murkowski and McCain and Bennett—and so I would object because I believe we have the basis for a fair agreement at this point.

The PRESIDING OFFICER. Objection is heard. Is there objection to the original request of the Senator from Illinois?

Mr. VITTER. Mr. President, reserving my right to object, again, I am very disappointed to hear that. I have approached both sides. Senator Murkowski has incorporated similar language, and I was hoping we could come together, 100 to nothing, to actually pass this on to the bill, whichever alternative tomorrow is voted up—and maybe they both will be—but whichever is voted up or whichever is voted down, I think it is very important to come together and state that we don’t want these new task force recommendations to have any force and effect.

So let me propose a third and final alternative unanimous consent request that at any point after these votes, but before cloture is filed on the pending matter, this amendment No. 2808 receive a vote on the Senate floor as a first-degree amendment to the underlying bill.

Mr. DURBIN. Mr. President, reserving the right to object, may I suggest to my friend from Louisiana, would you consider approaching Senators Mikulski and Murkowski the first thing tomorrow and see if they are prepared to work with you on this? This Mikulski amendment has been pending for 3 days.

Mr. VITTER. Mr. President, if I could?

Mr. DURBIN. Well, then, I object.

The PRESIDING OFFICER. Objection is heard.

Is there objection to the original request?

Mr. VITTER. Mr. President, reserving the right to object, I don’t think I can respond directly. I didn’t mean to cut the Senator off. If he has any further statement, I will be happy to listen to it. But just so I can respond directly, the first thing today, I approached both those Members and everyone involved in this debate about this language and certainly the majority side has had this language for at least 7½ hours. The equivalent of this language has been incorporated into the Murkowski amendment, but my hope is that the amendment be accepted in the Mikulski amendment because it is not clear which is going to be adopted. I don’t see the great controversy here. So that was my hope. And that is why I approached those two Senators and the majority side 7½ hours ago about it with specific language.

So I renew my last unanimous consent request I made in that spirit.

Mr. DURBIN. Reserving the right to object, the staff advises me that they are reaching out to Senator Mikulski at this moment. I don’t know if we can be in contact with her this evening, but I would ask the Senator from Louisiana if he would consider allowing us to go forward with this unanimous consent request and hope we can still modify it tomorrow, if there is an agreement with Senator Mikulski at that point. I don’t think that jeopardizes the right of the Senator from Louisiana to offer this at a later time during the course of this debate.

Based on that, I would continue to object.

The PRESIDING OFFICER. Objection is heard.
Is there objection to the original unanimous consent of the Senator from Illinois?

Mr. VITTER. Mr. President, reserving the right to object, merely to respond through the Chair, I would say I have no objection in that spirit. I have given the language to the majority side. I have been working both at the staff level and Member level with many folks. This should be non-controversial. I don’t know of any Senator who disagrees with this. So I will accept that offer. I will not object to this pending unanimous consent, but I truly hope the offer is made in good faith because I believe, when anyone reads this language, they will agree with it.

Again, it simply says these latest recommendations by the U.S. Preventive Services Task Force, made 2 weeks ago, will not have any legal force and effect. I believe all of us—certainly, it is my impression and, I guess, we will find out tomorrow morning—I believe all of us want to stop them from having force and effect because it is a great step backward in terms of breast cancer screening and mammography and even education about self-examination.

So I certainly take that offer and look forward to the majority side re-reading this language and hopefully accepting it tomorrow morning because I can’t imagine, on substantive grounds, objecting to the language.

Thank you. With that, I will not object.

The PRESIDING OFFICER. Without objection, the request from the Senator from Illinois is agreed to.

Mr. DURBIN. I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The bill clerk proceeded to call the roll.

Mr. DURBIN. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

AMENDMENT NO. 2808 TO AMENDMENT NO. 2791

Mr. DURBIN. Mr. President, I ask unanimous consent that the previous order with respect to H.R. 3590 be modified to provide that the Vitter amendment No. 2791 be agreed to and the motion to reconsider be laid upon the table; that the order be further modified to provide that the vote with respect to the Mikulski amendment now reflect the Mikulski amendment, as amended.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment (No. 2808) was agreed to, as follows:

(Purpose: To prevent the United States Preventive Service Task Force recommendations from restricting mammograms for women)

On page 2 of the amendment, after line 15 insert the following: "(5) for the purposes of this Act, and for the purposes of any other provision of law, the current recommendations of the United States Preventive Service Task Force regarding breast cancer screening, mammography, and prevention shall be considered the most current other than those issued in or around November 2009."

MORNING BUSINESS

Mr. DURBIN. Mr. President, I ask unanimous consent that the Senate proceed to a period of morning business, with Senators permitted to speak therein for up to 10 minutes each.

Without objection, it is so ordered.

REMEMBERING MARY JOSEPHINE OBERST

Mr. MCCONNELL. Mr. President, today I rise to honor the life of a Kentucky heroine, Ms. Mary Josephine Oberst of Owensboro. Ms. Oberst passed away on November 13, 2009, at the age of 95. A native Kentuckian, she proudly served her country as a member of the Army Nurse Corps beginning in 1937. In July 1941, Ms. Oberst was sent to the Philippines and in early March of the following year, when Bataan and Corregidor fell to the Japanese during the Battle of the Philippines, more than 60 nurses, including Ms. Oberst, were taken as prisoners of war, POWs, by the Japanese. These nurses, later christened the "Angels of Bataan," were held as POWs for 33 months. During this time, Ms. Oberst continued her duties as a nurse, caring for fellow prisoners, even though she herself suffered from malaria and significant weight loss. In early February 1945, the 41st Tank Battalion rescued the POWs who were later brought back to the United States.

After overcoming the medical conditions which resulted from her imprisonment, Ms. Oberst was appointed captain and continued to serve as a member of the Army Nurse Corps. She worked in hospitals in Louisville, KY; Fort Knox, KY; and Ashford, WV, until her retirement from the Corps in 1947. Ms. Oberst was honored for her duty with several military service awards, including the Bronze Star Medal. Mary Josephine Oberst was a woman of high character, who faithfully served our country. Today, I wish to honor her life and her service, as well as give my condolences to her family for their loss.

AMINATOU HAIDAR

Mr. LEAHY. Mr. President, I want to bring to the attention of Senators who may not already be aware, a situation that has been unfolding in Morocco and the Canary Islands.

Last year, I had the privilege of meeting Ms. Aminatou Haidar, called by some the "Sahrawi Gandhi," who received the 2008 human rights award from the Robert F. Kennedy Center for Justice and Human Rights. Ms. Haidar is a focus of attention again today because she is on a hunger strike in the Canary Islands after being summarily deported by the Moroccan Government on her way home to Western Sahara from the United States, where, coincidently, she had been to receive the "Civil Courage Prize" from the Train Foundation.

Ms. Haidar is no newcomer to difficulties with the Moroccan authorities. She was first imprisoned in 1987 when she was a 20-year-old college student, after calling for a vote on independence for Western Sahara in which she was released after 4 years, during which she was badly mistreated, she continued her advocacy for the right of the Saharawi people to choose their own future.

Arrested again in 2005 and separated from her two daughters, she led a group of 37 other Saharawi prisoners on a 51-day hunger strike for better prison conditions, investigations into allegations of torture, and the release of political prisoners.

Since her 2006 release, she has continued her nonviolent struggle, which has brought widespread attention to the cause of the Saharawi people. The United Nations Security Council has repeatedly endorsed a referendum on self-determination for the people of Western Sahara.

On November 13, when Ms. Haidar arrived at the airport in El-Ayoun, she was detained by Moroccan authorities. She was told that by insisting on writing her place of residence as "Western Sahara" on her immigration form, she was in effect waiving her Moroccan citizenship. Her passport was taken, and she was forcibly put on a plane without travel documents to the Canary Islands, a Spanish archipelago located 60 miles west of the disputed border between Morocco and Western Sahara.

She remains there at the airport, separated from her daughters, in the 17th day of a hunger strike, and her health is reportedly rapidly deteriorating. She has refused an offer of a Spanish passport, insisting that she be a "foreigner in her own country," and the Moroccan Government refuses to reinstate her passport. She is, in effect, a stateless person.

This is unacceptable. Article 12 of the International Covenant on Civil and Political Rights, which Morocco has ratified, states in part, "Everyone shall be free to leave any country, including his own. . . No one shall be arbitrarily deprived of the right to enter his own country."

The situation in Western Sahara is a difficult one for the Saharawi people and the Moroccan Government. It is a protracted dispute in which the international community has invested a great deal to try to help resolve, without success. I recall the time and energy former Secretary of State James Baker devoted to it. The solution he proposed was rejected by the Moroccan Government.

Morocco and the United States are friends and allies, and I have commended the Moroccan Government for
positive steps it has taken in the past to improve respect for human rights and civil liberties. On a recent trip to North Africa, Secretary Clinton was complimentary of Morocco's efforts to reach a peaceful solution in Western Sahara. But the Saharawi people, including Aminatou Haidar, have passionately advocated for the right to self-determination, and the international community, including the U.N., has long supported a referendum on self-determination, which has thus far been blocked by the Moroccan Government.

I have no opinion on what the political status of Western Sahara should be, but I am disappointed that the Moroccan authorities have acted in this way because it only adds to the mistrust and further exacerbates a conflict that has proven hard enough to resolve. Nothing positive will be achieved by denying the basic rights of someone of Ms. Haidar's character and reputation, the right to travel of other residents of Western Sahara, as the Moroccan authorities have increasingly done in the last 2 months.

In the past, the United States has opposed proposals to extend the U.N.'s mandate in Western Sahara, currently limited to peacekeeping, to human rights monitoring. The recent crackdown on Ms. Haidar and other Saharawis who continue to insist on a referendum on self-determination suggests that human rights monitoring is needed and should be seriously considered when the U.N. mission comes up for renewal in April. I encourage the Department of State to review this question and to consult with the Congress about it.

I am confident that our relations with Morocco, already strong, will continue to deepen in the future. We share many important interests. But the United States was also instrumental in the creation of the Universal Declaration of Human Rights, and while we sometimes fall short ourselves, we will continue to strive to defend those whose fundamental rights are denied, wherever it occurs.

I appreciate the efforts the Department of State has made to try to help resolve this situation. I urge the Moroccan Government to reconsider its decision to deport Ms. Haidar, which will not advance its interests in the conflict over Western Sahara. It should return her passport, admit her, and let her return to her home and family.

60TH ANNIVERSARY OF THE VOICE OF AMERICA'S UKRAINIAN SERVICE

Mr. CARDIN. Mr. President, for six decades the Voice of America's, VOA, Ukrainian-language service has been providing an invaluable service through its consistent broadcasting of factually comprehensive news and information to the people of Ukraine. During the first four decades of its existence, the Ukrainian service reached a Ukrainian population starving for information under an extremely strictly controlled, propagandistic Soviet media environment. Ukrainians went to great lengths and some risks to overcome Soviet censorship, which included the jamming of VOA and other shortwave international broadcasting.

During the Cold War VOA Ukrainian provided its listeners with uncensored news about such monumental events as the Hungarian Revolution, the Prague Spring, rise of Solidarity, and the fall of the Berlin Wall. A variety of shows worked to open the outside world to Ukrainian listeners, including a Popular Music Show, a Youth Show, and the long running series Democracy in Action, which was about how democracy works in the United States.

The Ukrainian service also focused on developments within Ukraine itself. VOA broadcasts about Soviet human rights violations in Ukraine, including its coverage of activities of the Helsinki Monitoring Commission, gave sustenance to Helsinki Monitors and other Ukrainian human rights activists, especially those languishing in the gulag for daring to call upon the Soviet government to live up to its Helsinki Final Act obligations. They knew that they were not forgotten. Furthermore, the Ukrainian service also provided objective information about the Chornobyl nuclear disaster and the development of Ukraine's movement for democracy and independence, culminating in the December 1, 1991, referendum in Ukraine in which an overwhelming majority of Ukrainians voted for the restoration of their nation's independence.

For nearly two decades since, VOA's Ukrainian service has continued to fill an important role in Ukraine's evolving democracy. VOA reported on the first independent elections and accelerated the U.S.'s considerable support and assistance for Ukraine, including in the dismantling of the nuclear arsenal it inherited from the Soviet Union. During the Orange Revolution, VOA Ukrainian helped to reassure millions of Ukrainians that the international community would not sanction electoral fraud.

As Ukraine has evolved, so has the Ukrainian Service. While no longer broadcasting on radio as it did for most of its 60 years, it reaches more Ukrainians than ever with daily broadcasts over Ukrainian television—something unthinkable during Soviet rule—and reporting on its website. It continues to report on what is happening in Ukraine, but also it continues to cover every aspect of American life and society. As Chairman of the Helsinki Commission, I commend the ongoing role of VOA's Ukrainian service in helping Ukraine fulfill its aspirations in becoming a more fully democratic, independent, and secure.

WORLD AIDS DAY

Mr. CARDIN. Mr. President, I rise today in recognition of World AIDS Day, an international commemoration held each year on December 1 to raise awareness of HIV and AIDS around the world. The theme for this year’s World AIDS Day is “universal access and human rights.”

Around the world, 33 million people were living with HIV in 2007, including 2.7 million new infections. In the U.S., more than 1.2 million people are infected with HIV. According to the Joint United Nations Program on HIV/AIDS, or UNAIDS, global reports indicated that 2 million people died from AIDS-related causes in 2007.

Globally, sub-Saharan Africa is the hardest-hit region when it comes to HIV infection, accounting for two-thirds of all people living with HIV and for three-quarters of AIDS deaths in 2007. Sadly, 75 percent of young people worldwide who are newly infected with HIV are girls living in sub-Saharan Africa.

According to the results of a global youth survey conducted in 99 countries, 50 percent of young people have a dangerously low knowledge of how the disease is contracted and can be prevented. Another report by UNAIDS collected data from 64 countries and found that fewer than 40 percent of young people have basic information about HIV. This knowledge gap is particularly disturbing when taking into account a UNICEF report that indicates that 4.9 million young people, ages 15-24, are living with HIV worldwide.

Despite these statistics, recent advances in prevention and treatment of HIV give hope for the future. Globally, approximately 36 percent of the 730,000 children under 15 who needed antiretroviral drugs to treat HIV in 2008 were receiving the necessary therapy, according to UNAIDS. This is a huge increase from just a little over 10 percent in 2005.

The percentage of pregnant women living with HIV who received antiretroviral treatment between conception and delivery to prevent mother-to-child transmission has increased from 9 percent in 2004 to 33 percent in 2007.

Despite recent improvements in treatment coverage and declining mother-to-child transmission of HIV, problems remain in preventing and treating the disease. In addition, the number of new HIV infections continues to outpace the advances made in treatment numbers for every two people put on antiretroviral drugs, another five become newly infected with the disease. Clearly, prevention measures are essential to continue the fight against HIV/AIDS.

The United States is immune from the effects of HIV/AIDS, and the epidemic is deeply felt among Marylanders as well. At the end of 2007, Maryland had 28,270 people living with HIV and AIDS. That same year, Maryland ranked fourth in the U.S. for the number of AIDS cases per 100,000 people.

The Maryland Department of Health and Mental Hygiene has estimated that
there are between 6,000 and 9,000 Mary-
landers who are unaware that they are
infected with HIV. Of the 1.2 million
people in the United States who are es-
timated to be infected with HIV, as
many as 21 percent are unaware that
they have the virus.

To address this problem, it is crucial
that HIV screening be readily available and
accessible to everyone at little or no
cost. This will increase the rate of
diagnosis in individuals that have HIV
and will accelerate their treatment.

The Patient Protection and Afford-
able Care Act will address this need and
will help achieve the goals outlined by
the theme of this year’s World AIDS
Day campaign of “universal ac-
cess and human rights.”

First and foremost, the bill elimi-
nates discrimination based on pre-ex-
esting conditions. Individuals with HIV
will no longer be rejected from insur-
ance coverage because of their disease.

The bill also encourages outreach to
enroll underserved populations in
Medicare and CHIP, including
adults and children with HIV/AIDS.
It provides personal responsibility edu-
cation grants to States to create HIV/ 
AIDS education programs for adoles-
cents.

The bill will also cover preventive
services recommended by the U.S. Pre-
ventive Services Task Force, including
HIV testing for all pregnant women.
This testing will be provided at no indi-
vidual cost, making it universally ac-
table to all women in the U.S. Test-
ing pregnant women for HIV is vital for
prevention efforts, allowing women
who test positive to begin antiretrovi-
ral drugs to prevent trans-
mission to their baby.

Furthermore, the Mikulecki amend-
ment, which I have cosponsored, would
allow coverage for HIV testing for all
women, regardless of risk, based on ex-
pert recommendations from the Health
Resources and Services Administra-
tion.

The Patient Protection and Afford-
able Care Act also provides grants to
encourage training health care workers
to treat individuals with HIV/AIDS and
other vulnerable populations.

Because of the numerous provisions
in the bill that will help the prevention
and treatment of HIV/AIDS, several
groups have expressed their support for
the Patient Protection and Affordable
Care Act. Among the groups that I
have heard from is the HIV Medicine
Association, an organization rep-
resenting 3,600 physicians, scientists,
and health care professionals who work
on the frontlines of the HIV/AIDS epide-
mic in communities across the coun-
try.

We must continue to fight HIV/AIDS,
and I urge my colleagues to support
the measures outlined in the Patient
Protection and Affordable Care Act
that will further our efforts to combat
this disease.

RECOGNIZING REAL SALT LAKE
SOCCER TEAM

Mr. HATCH. Mr. President, I rise and
offer my congratulations to the Real
Salt Lake soccer team, the newly
crowned champions of Major League
Soccer. While Utah has a number of
sports teams with proud traditions—
both collegiate and professional—Real
Salt Lake has brought to my home
State its first major professional
championship since 1971, when the
Utah Stars won the ABA title. Fans
throughout the nation were thrilled.
Real Salt Lake came to Utah in 2004
and faced difficulties during its first
three seasons. In just its fourth season,
however, Real Salt Lake made an
improbable run to the Western Conference
Finals, despite only sneaking into the
playoffs on the last day of the regular
season. They eventually lost that game
by a score of 1–0, but with their first
playoff appearance, and opening their
new world class soccer-specific sta-
dium, their future was filled with
promising signs.

In 2009 Real Salt Lake delivered on
that promise. Once again, it was the
last team to qualify for the playoffs and
was the lowest overall seed. De-
spite being the lowest seed in the play-
offs, this team of overachievers sure
made some noise once they got there.
They quickly reeled off a string of con-
secutive upsets against glitzier oppo-
nents with 1) a 3–2 victory after po-
sing top-seeded and defending
MLS champion Columbus and then
powerhouse Chicago, and its star
Cuauhtemoc Blanco.

On November 22, the title game in
Seattle pitted the little-known up-
starts of Real Salt Lake against the
Western Conference champions, the
Los Angeles Galaxy and its mega-stars
Landon Donovan and David Beckham.
After 90 minutes of regulation play and
30 minutes of overtime, the game re-
mained scoreless. In the penalty kick
shootout, Real Salt Lake emerged vic-
torious 5–4 as Donovan’s potential
game-tying spot kick sailed harmlessly
over the crossbar. Real Salt Lake had
delivered the first championship of its
kind in Utah in nearly four decades—and
it couldn’t have come in a more ex-
citing fashion or to a more deserving
group of athletes.

In the end, it wasn’t the Galaxy of
stars that prevailed; it was Real Salt
Lake with a fight and pride that
mirrors the words emblazoned on the sign
in its home locker room: “THE TEAM IS
THE STAR.” That was cer-
tainly on display in the title tilt
against Los Angeles. It was reflected in
Real Salt Lake Robbie Findley’s break-
through 64th-minute strike that knotted
the score at 1–1 and made the team’s
overtime and penalty kick heroics possi-
ble. It was reflected in the play of
Salt Lake goalkeeper and Cup final
MVP Nick Rimando, who turned away
penalties from L.A.’s Jovan Kirovski
and Edson Buddle before besting Dono-
van. Finally, RSL’s determination to
overcome the odds also mirrors that of
its owner, Dave Checketts, coach Jason
Kreis and general manager Garth
Lagerwey—all of whom turned the
team into a champion despite the
disappointments that some said it couldn’t be done.

No, Real Salt Lake’s roster did not
have the league’s biggest names. But
in the words of midfielder Clint Mathis,
better known as Cletus, RSL was “the
better team in every game.” As much
as anything else, that explains why
champion Real Salt Lake is now the
highest light in MLS Horizont.

Once again, I congratulate Real Salt
Lake on this accomplishment. Senator
BENNETT and I have introduced a reso-
lution expressing the Senate’s con-
gratulations for Real Salt Lake and I
urge my colleagues to offer their sup-
port.

Mr. BENNETT. Mr. President, I wish
to commend and congratulate Real
Salt Lake for winning the 2009 Major
League Soccer Cup. I am delighted to
do so, and feel it is a privilege to honor
the MLS Cup champions on the Senate
floor. The story of Real Salt Lake is
more than just a story about a soccer
team capturing the MLS title; it is a
story about banding together to over-
come obstacles and defy the odds. It is
a story counterbalanced by “the experts.”
In many ways, the
story of Real Salt Lake is part and par-
cel of the American experience.

On November 22, 2009, in Seattle, WA,
Real Salt Lake, the hardest-working,
underdog, underfunded, under-
nominated RSL, took on the better-known
and widely acclaimed L.A. Galaxy. Just to
give a sense of what RSL was up against,
listed on the roster for the Galaxy were
U.S. National Team star Landon Dono-
van, and the internationally ac-
claimed, indeed iconic, David
Beckham. The RSL roster, on the other
hand, didn’t include what’s known as
a “designated player,” or in other words,
a recognized superstar. If that wasn’t
even the Galaxy entered the postseason
riding high, having finished
second in the Western Conference in
the regular season with a 12–6–2
record, and were expected by most
to perform well if not to win the cham-
pionship. RSL had a far different expe-
rience during their regular season, fin-
ishing with an 11–12–7 record. Indeed,
they barely managed to make it into the
eight team playoff that would de-
termine the MLS Cup Champion.

Considering these facts, it would
have been easy for RSL fans to just
file this loss and move on. But
that wasn’t their attitude. When asked
about not having a star player, instead
of bemoaning that fact, the team’s cap-
tain, Kyle Beckerman, said, “We’ve
really bought into the ‘star is the
team’ here in Salt Lake. When we work
as a team and [are] doing well it’s be-
cause everybody’s playing well. It pays
off.” This team unity had initially paid
off in the postseason for RSL as they
made some noise once they got there.

Despite this, many doubted whether
they could win against the Galaxy in the
championship game. When asked

CONGRESSIONAL RECORD — SENATE
December 2, 2009
about their chances, head coach Jason Kreis sarcastically replied, “Wow, it sounds like we better not even go. We don’t even have a chance, do we?” He knew RSL possessed something special.

Even in the final match, such outspoken statements could be risky. At halftime, RSL was trailing 1-0. Two of their key players were unable to continue playing, sidelined by injury and illness. If ever there was a time to give up, it seemed that this was it. But that wasn’t their attitude. Coach Kreis made a surprise substitution, and encouraged his players to “be confident,” and play aggressively. And, well you can see where this is going. After 90 minutes of play, 30 minutes of overtime, and seven rounds of penalty kicks that included two blocked shots by RSL goalkeeper Nick Rimando, defender Robbie Russell converted the final penalty kick to seal the victory, establishing RSL as the champions of Major League Soccer.

Now I wish to place this victory into some context. This was significant for Utah in that it was the first professional sports crown to go to the State of Utah since the Utah Stars basketball team won the American Basketball Association title back in 1971. RSL’s victory was notable not only because Jason Kreis, at the age of 36, became the youngest manager in MLS history to lead his team to the title, but also because RSL became the first franchise in professional sports history to win a championship after finishing the regular season without a winning record. Think about that for a minute—if there is ever a reason to dismiss a team, a losing record in the regular season should be it. But that wasn’t RSL’s attitude. Rather than dwelling in self-pity and regret, RSL fought on, determined to prove their detractors wrong. They believed they could beat the entire league, and they went out and did just that. Their story exemplifies the American values of hard work, resilience, and overcoming the odds.

Once again, I congratulate RSL for their victory; I join with their fans in celebrating this championship; and I hope that this is one of many more championships to come for Utah.

ADDITIONAL STATEMENTS

COACHED FOR LIFE

• Mr. BAUCUS. Mr. President, today I wish to speak about the life lessons we learn from participating in athletic activities. I can think of none better to teach our young athletes. Michael T. Powers, author of many inspirational books once said, “High school sports: where lessons of life are still being learned, and where athletes still compete for the love of the game and their teammates.” High school sports are a way of life across Montana and they create an important sense of community in small towns and cities all over Big Sky country. In many areas across the state, small high schools will pool their resources to field football teams each fall; many play six or eight man games.

This year Ed Flaherty, a native Montanan co-authored the book “Coached for Life” about the experience he and his teammates had on the State champion Great Falls Central High School football team in 1962. I was inspired by the stories of these young men and how the lessons learned in the field from their coaches shaped who they became as people and their experiences later in life.

The young men that made up Great Falls Central’s 1962 Championship squad truly embody the best of Montana ideals and values, like hard work and taking responsibility. They labored tirelessly both on and off the field and achieved not only athletic glory, but also learned the value of a good education and how to be role models and ambassadors for their school. Great Falls has always been a working class town and many families made significant financial sacrifices to allow their children to attend Great Falls Central, a private Catholic school. Coaches Bill McMahon and Poncho McMahon reminded the players each day that playing football at Central was a privilege and that they had a responsibility to their teammates, their school, and the community to give it their all on the practice field, in the game, and in the classroom. No doubt the coaches pushed these young men each and every day, they did it to instill discipline and to make them the best they could be.

The 1962 season was a special one for Great Falls Central. The goal of the team was to win the State championship. A year earlier, the coaches drove some of their players north 115 miles to Great Falls to play in a championship game, not only to scout two of the best teams in the State but also to witness a championship win. The Central players took it all in and knew they wanted to be the ones holding up the trophy the following season. The Mustangs achieved that goal, making it through the 1962 season undefeated and beating their rival, the defending State champions, Havre High 34-6 in the Montana Class A State championship game in front of more than 5,000 elated fans on their home field.

Having gone through this experience, the men later in life were able to rise up against the many challenges that were thrown their way. At a team reunion in 2002, 40 years after their championship run, the players and coaches got together to reflect and share their life stories. Some have gone on to be teachers and coaches, passing on the lessons they learned from McMahon and McMahon. Some, like Ed Flaherty, have achieved successful careers in business and in turn gave back to their communities. Some served their country heroically in the military. All have taken the lessons they learned from the fall of 1962 and have helped their communities and become leaders. Ed Flaherty has compiled these stories in his book and brings to life that amazing season and what it truly means to be coached for life.

TRIBUTE TO HARRY R. BADER

• Mr. BEGICH. Mr. President, I wish to congratulate Fairbanks, AK resident Mr. Harry R. Bader for being the first Civilian Response Corps-Active Officer in the United States agency for International Development, USAID, to be trained and ready for world-wide deployment.

Mr. Bader’s specialized training, which will allow him to work in high threat environments, was recognized by the Administrator of USAID in a November 23, 2009, ceremony in Washington, DC. Currently, Mr. Bader is the USAID Deputy Environmental Officer for the Democracy, Conflict and Humanitarian Assistance Bureau.

USAID’s Civilian Response Corps is a commendable program. The Corps plays an integral part in U.S. national security strategy. One of their missions is to bring military and civilian efforts in order to stabilize fragile states and to improve the effectiveness of counter-insurgency operations.

As an active officer, Mr. Bader’s environmental security specialty will be brought to bear in those areas of the developing world where scarcity or degradation of natural resource contribute to conflict. His task will be to find ways to reduce the means and motivations for violence.

Mr. Bader’s diverse educational and professional backgrounds make him well suited to excel as a Civilian Response Corps-Active Officer. He has a law degree from Harvard and B.A. from Washington State University. The USAID Civilian Response Corps is a commendable program. The Corps plays an integral part in U.S. national security strategy. One of their missions is to bring military and civilian efforts in order to stabilize fragile states and to improve the effectiveness of counter-insurgency operations.

He taught at the University of Alaska Fairbanks as an associate professor of resources policy at the School of Natural Resources Management. During his tenure, he served on the Alaska Sea Grant Legal Research Team, which was created in response to the Exxon Valdez oil spill, and afterwards focused on oversight of hazardous materials.

At the Alaska Department of Natural Resources, Mr. Bader was the northern region land manager in Fairbanks, where he was responsible for the stewardship of 40 million acres of public land in the arctic and boreal regions of Alaska. He often collaborated with industry and academia in developing land use policy.

Until recently, Mr. Bader was active with the Environmental Law Institute, a consulting firm that specializes in resource management issues in challenging social and physical environments. He travelled to Tajikistan, Iraq,
and Ukraine lending his expertise in the development of democracy and governance. Mr. Bader is also perusing a midcareer doctorate at the Yale School of Forestry and Environmental Studies.

I applaud Harry on this appointment and am confident he will make contributions to security and environmental improvement wherever he is assigned by the Corps.

TRIBUTE TO DONALD DOWD

Mr. KERRY. Mr. President, I congratulate Don Dowd for his lifetime public service to New England and to the Commonwealth of Massachusetts. For more than half a century Mr. Dowd has been a fixture in the culture, civic life, and politics of our region of the United States. I also congratulate one of the many organizations with which Mr. Dowd has been associated—Special Olympics Massachusetts, part of the international Special Olympics organized by Eunice Shriver in 1968.

Special Olympics Massachusetts has just moved into a new state-of-the-art office and training center in Marlborough. The Yawkey Sports Training Center has training rooms, a gymnasium and outdoor soccer fields, all right in the heart of Massachusetts, less than a 90-minute drive from 90 percent of the population of the Commonwealth.

Mr. Dowd has been one of the biggest and most active supporters of Special Olympics, a global force for understanding and change, involving 2.5 million athletes representing more than 140 countries. Special Olympics Massachusetts currently serves more than 10,000 athletes and involves 11,000 volunteers and 1,600 coaches. With its new training center, which opened this fall, Special Olympics Massachusetts hopes to expand the program to 20,000 athletes by 2010. Mr. Dowd began his public service career as the Assistant Regional Director of the U.S. Postal Service for the six New England States during the Presidency of John F. Kennedy. He was political adviser to Robert F. Kennedy’s Presidential campaign in 1968. And he was an aide and close friend to Senator Edward M. Kennedy throughout Ted’s entire 47-year career in the Senate. Mr. Dowd coordinated the 1979 opening of the John F. Kennedy Library Foundation Board since its inception. Mr. Dowd continues to do consulting work since his retirement from his regional executive position with the Coca-Cola Company.

He is a lifelong resident of Springfield, MA, and as such once played a little known role in getting Ted Kennedy to make a cameo appearance in a video production. Twentieth Century Fox invited every town in Springfield to enter videos to make the case that their town should be the Springfield in “The Simpsons” animated movie and television program, and it was no secret that the mayor in the Simpsons cartoon was a spoof on Ted.

Mr. President, I thank Mr. Dowd for his service and dedication to our region and our country. And I congratulate Special Olympics Massachusetts on their new facilities and express my appreciation for all it contributes to the physical, social, and psychological development of people with intellectual disabilities.

RECOGNIZING SHAW AND TENNEY

Ms. SNOWE. Mr. President, today I wish to honor a Maine small business with a long standing reputation for producing elegant and practical instruments used by the maritime industry. Founded in 1858, Shaw and Tenney of Orono, ME, has been producing renown, specialty handcrafted wooden oars and paddles for over a century and a half. In 1968, Mr. Tenney, the last of the line of his forebears, sent his latest boats to the Royal Saudi Naval Force’s whale boats.

This historic company got its start on the Millinocket River near Orono where its founder, Frank Tenney, first launched his signature oars and paddles as part of the Orono Manufacturing Company. During the 19th century, Maine rivers and coastal waters served as critical highways not only for commercial interests. Oars and paddles were a critical highway for transporting people and goods throughout the State. Small boats such as skiffs, peapods, and canoes were several of the major vessels employed in promoting greater commerce, and Mr. Tenney’s quality oars and paddles served as an indispensable tool in helping to propel major industries to new heights across the State.

In the 1890s, Mr. Tenney merged his small manufacturing company with the Boston-based George Shaw Company, which produced similar goods. Together they formed what is now formally known as Shaw and Tenney.

The newly merged business soon moved to downtown Orono’s Main Street and remained there until nearly 1950, when it relocated again to the company’s current location at 20 Water Street. The Tenney family retained ownership until about 1970 when the company underwent three short-lived transitions to new owners. The current proprietors, Steve and Nancy Holt, share the privilege of carrying forward the legacy of this unique novelty company. Since the Holts came aboard, they have expanded the company’s product line to include other specialty products such as masts, spars, boat hooks, and flagpoles. At the same time, the Holts take pride in producing the same quality product that’s earned Shaw and Tenney its stellar reputation for dependable marine instruments.

More than just ordinary oars and paddles, the Shaw and Tenney product line is composed of individual pieces of art specially handcrafted to be both practical and refined. Much of the company’s well-earned success lies in the quality of the raw material used to construct its distinguished oars and paddles. To make its flat- and spoon-bladed oars, Shaw and Tenney mostly utilizes clear, solid, eastern red spruce supplied by two mills located within a 50-mile radius of the company’s facility. In fact, clear red spruce has the highest strength-to-weight ratio of any North American softwood, providing the finished products with a noticeable lightweight durability. Each piece of lumber is carefully critiqued before generating the exceptional, distinct oar or paddle.

Shaw and Tenney’s artifacts are showcased across the country and, indeed, the world. Its traditional rowing oars can be found at places as diverse as California’s Disneyland and the Royal Saudi Naval Force’s whale boats.

Domestic travelers will also notice Shaw and Tenney oars in Las Vegas as gondoliers ferry visitors around the city’s reproduction of Venice’s Grand Canal. Furthermore, many U.S. Marines give the company’s paddles as a gift when an officer leaves the ranks and it is not uncommon for customers to request fancy oars to use as balusters or stair rails in their homes.

Shaw and Tenney has truly crafted a legendary product that highlights the ingenuity and craftsmanship of Mainer’s enduring legacy. Since its start on the banks of a small Maine river, this impressive small business has blossomed into a tradition and world-renowned specialty industry. Congratulations to everyone at Shaw and Tenney for over 150 years of their extraordinary hard work, and I offer my best wishes for their continued success in the future.

MESSAGES FROM THE PRESIDENT

Messages from the President of the United States were communicated to the Senate by Mrs. Neiman, one of his secretaries.

EXECUTIVE MESSAGES REFERRED

As in executive session the Presiding Officer laid before the Senate messages from the President of the United States submitting sundry nominations which were referred to the appropriate committees. (The nominations received today are printed at the end of the Senate proceedings.)

MESSAGES FROM THE HOUSE

At 12:33 p.m., a message from the House of Representatives, delivered by Mr. Cole, one of its paying clerks, announced that the House has passed the following bills, in which it requests the concurrence of the Senate:

H.R. 3029. An act to establish a research, development, and technology demonstration program to improve the efficiency of gas turbines used in combined cycle and simple cycle power generation systems.
H.R. 3598. An act to ensure consideration of water intensity in the Department of Energy’s energy research, development, and demonstration programs to help guarantee efficient, safe, and sustainable delivery of energy and water resources.

H.R. 3667. An act to designate the facility of the United States Postal Service located at 16555 Springs Street in White Springs, Florida, as the “Clyde L. Hillhouse Post Office Building”.

EC–3854. A communication from the Director, Regulations Management Office, Veterans Affairs Administration, Department of Veterans Affairs, transmitting, pursuant to law, the report of a rule entitled “Servicemembers’ Group Life Insurance—Dependent Coverage” (RIN2900–AN39) received in the Office of the President of the Senate on November 19, 2009; to the Committees on Veterans’ Affairs

EXECUTIVE REPORTS OF COMMITTEES

The following executive reports of nominations were submitted:

By Mr. LEVIN for the Committee on Armed Services.
(Nominations without an asterisk were reported with the recommendation that they be confirmed.)

**INTRODUCTION OF BILLS AND JOINT RESOLUTIONS**

The following bills and joint resolutions were introduced, read the first and second times by unanimous consent, and referred as indicated:

- By Mr. MENENDEZ: S. 2823. A bill to amend chapter 417 of title 49, United States Code, to require air carriers and ticket agents to notify consumers of all taxes and fees applicable to airline tickets in a timely manner, to prohibit the imposition of fuel surcharges that do not correlate to the fuel costs incurred by air carriers, and for other purposes; to the Committee on Commerce, Science, and Transportation.

- By Mr. KOHL (for himself and Mr. DURBIN): S. 2824. A bill to establish a small dollar loan-loss guarantee fund, and for other purposes; to the Committee on Banking, Housing, and Urban Affairs.

**SUBMISSION OF CONCURRENT AND SENATE RESOLUTIONS**

The following concurrent resolutions and Senate resolutions were read, and referred (or acted upon), as indicated:

- By Mrs. MURRAY (for herself and Ms. CANTWELL): S. Res. 366. A resolution extending condolences to the families of Sergeant Mark Hummerer, Officer Tina Griswold, Officer Ronald Owens, and Officer Greg Richards; considered and agreed to.

**ADDITIONAL COSPONSORS**

S. 435

At the request of Mr. CASEY, the name of the Senator from Vermont (Mr. SANDERS) was added as a cosponsor of S. 435, a bill to provide for evidence-based and promising practices related to juvenile delinquency and criminal street gang activity prevention and intervention to help build individual, family, and community strength and resiliency to ensure that youth lead productive, safe, health, gang-free, and law-abiding lives.

S. 497

At the request of Mr. WEBB, the name of the Senator from Mississippi (Mr. COCHRAN) was added as a cosponsor of S. 497, a bill to amend the Internal Revenue Code of 1986 to allow Federal civilian and military retirees to pay health insurance premiums on a pretax basis and to allow a deduction for TRICARE supplemental premiums.

At the request of Mr. DURBIN, the name of the Senator from Oregon (Mr. WYDEN) was added as a cosponsor of S. 497, a bill to require the Public Health Service Act to authorize capitation grants to increase the number of nursing faculty and students, and for other purposes.
DURBIN) and the Senator from Louisiana (Ms. LANDRIEU) were added as cosponsors of amendment No. 2795 intended to be proposed to H.R. 3590, a bill to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes.

STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. KOHL (for himself and Mr. DURBIN):

S. 2824. A bill to establish a small dollar loan-loss guarantee fund, and for other purposes; to the Committee on Banking, Housing, and Urban Affairs.

Mr. KOHL. Mr. President, I rise to introduce the Safe Affordable Loan Act. This legislation will increase the access for low and moderate income Americans to mainstream financial institutions while reducing the relevance of payday lenders. Additionally, the bill will encourage community banks and credit unions to provide small dollar loan amounts to families across their communities.

There are approximately 30 million Americans operating on the fringe of the financial system. They are known as the “unbanked.” The average income for these individuals is approximately $25,000 with little to no savings. Additionally, these consumers rely on check cashing services or payday lenders as a way to access credit. Most of these operations charge excessive fees and interest rates that leave consumers financially devastated. Without access to mainstream financial services, consumers can be trapped in a cycle of debt with little hope of escape.

In 2008, the FDIC launched a Small Dollar Loan program, which offers voluntary participants CRA credit to provide consumers with affordable small dollar loans. I am proud that two banks from Wisconsin, Mitchell Bank in Milwaukee and Benton State Bank in Benton are participating in this valuable program. While this program has been beneficial to communities across the country, only 31 banks have chosen to participate. That is a drop in the bucket compared to the 23,000 payday lender operations. Without other incentives, many people find themselves and into payday lenders and other loan alternatives.

The legislation I am proposing would create a loan-loss reserve fund that financial institutions could access in order to mitigate some of the risk associated with offering small dollar loans. Financial institutions will be able to access the reserve fund and could potentially recover 60 percent of a lost loan, provided that their loans meet certain requirements. The institutions must offer loans that have no prepayment penalties, have a repayment period longer than 60 days and has an interest rate of 36 percent APR or lower. Additionally, the loan size cannot exceed $2,500. In order to protect the government from excessive risk taking by the financial institutions, the fund administrator will take into consideration the overall default rate of the loan program. In addition, the institution offers to determine the reimbursement rate. Furthermore, the financial institutions would be required to report payment history to the credit reporting bureaus which will help consumers build credit or repair bad credit.

As we consider changes to our financial system, we should include reforms that will help increase access to many of those who are left out. I look forward to working with my colleagues on this important issue in the Banking Committee to move it towards passage.

SUBMITTED RESOLUTIONS

SENATE RESOLUTION 366—EXTENDING CONDOLENCESTO THE FAMILIES OF SERGEANT MARK RENNINGER, OFFICER TINA GRISWOLD, OFFICER RONALD OWENS AND OFFICER GREG RICHARDS

Mrs. MURRAY (for herself and Ms. CANTWELL) submitted the following resolution; which was considered and agreed to:

S. Res. 366

Whereas on the morning of November 29, 2009, 4 members of the Lakewood Police Department were slain by gunfire in a senseless act of violence while preparing for their shift in Lakewood, Washington;

Whereas the 4 officers have been members of the Lakewood Police Department since its founding 5 years ago, were valuable members of the community, and were deeply respected for their service;

Whereas Sergeant Mark Renninger, who served 13 years in law enforcement, first with the Kent Police Department and most recently with the Lakewood Police Department, is survived by his wife and 3 children;

Whereas Officer Tina Griswold, who served 14 years in law enforcement, first with the Lacey Police Department and most recently with the Lakewood Police Department, is survived by her wife and 2 children;

Whereas Officer Ronald Owens, who served 12 years in law enforcement, first with the Washington State Patrol and most recently with the Lakewood Police Department, is survived by his wife and 2 children;

Whereas Officer Greg Richards, who served 8 years in law enforcement, first with the Kent Police Department and most recently with the Lakewood Police Department, is survived by his wife and 3 children;

Whereas the senseless violence against and murder of law enforcement officers, who are sworn to serve, protect, and preserve the peace of the communities, is a particularly heinous crime; and

Whereas the people of the City of Lakewood, the surrounding communities, and the State of Washington have come together in support of the law enforcement community and the families of the victims: Now, therefore, be it

Resolved, That the Senate—

(1) extends its condolences to the families of Sergeant Mark Renninger, Officer Tina Griswold, Officer Ronald Owens, and Officer Greg Richards; and

(2) stands with the people of Lakewood, Washington, the men and women of the Lakewood Police Department, and members of the law enforcement community as they honor the memory of these 4 dedicated public servants and law enforcement heroes.

AMENDMENTS SUBMITTED & PROPOSED

SA 2798. Mr. INOUYE submitted an amendment intended to be proposed to amendment SA 2798 (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2800. Mr. CORYN submitted an amendment intended to be proposed to amendment SA 2786 (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2802. Mr. CORYN submitted an amendment intended to be proposed to amendment SA 2786 (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2803. Mr. CORYN submitted an amendment intended to be proposed to amendment SA 2786 (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2804. Mr. CORYN submitted an amendment intended to be proposed to amendment SA 2786 (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2805. Mr. CORYN submitted an amendment intended to be proposed to amendment SA 2786 (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2806. Mr. CORYN submitted an amendment intended to be proposed to amendment SA 2786 (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2807. Mr. CORYN submitted an amendment intended to be proposed to amendment SA 2786 (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2808. Mr. VITTER submitted an amendment intended to be proposed to amendment SA 2791 (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.
SA 2809. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2810. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2811. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2812. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2813. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2814. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2815. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2816. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2817. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2818. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2819. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2820. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2821. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2822. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2823. Mr. COBURN submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2824. Mr. COBURN submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2825. Mr. COBURN submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2826. Mr. BENNET (for himself, Mr. HARKIN, Mr. DODD, Mr. MURR, Mrs. DINGELL, Mr. CAPRIO, Mr. BURRIS, and Mr. BURRIS) submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2827. Mr. TESTER submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2828. Mr. WHITEHOUSE (for himself, Mr. KERRY, Mr. FEINGOLD, and Mr. FRANKEN) submitted an amendment intended to be proposed by him to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2829. Mr. GRAHAM (for himself and Mr. CHAMBLISS) submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2830. Mr. BROWNBACK (for himself and Mr. LAUTENBERG) submitted an amendment applied to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2831. Mr. JOHANNES submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2832. Mr. JOHANNES submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2833. Mr. JOHANNES submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2834. Mr. JOHANNES submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2835. Mr. JOHANNES submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2836. Mr. JOHANNES submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2837. Mr. SANDERS (for himself, Mr. BURRIS, and Mr. BROWN) submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2838. Mr. SANDERS submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, supra; which was ordered to lie on the table.
amendment SA 2796 proposed by Mr. Reid (for himself, Mr. Baucus, Mr. Dodd, and Mr. Harkin) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2813. Mr. Sanders submitted an amendment intended to be proposed to amendment SA 2796 proposed by Mr. Reid (for himself, Mr. Baucus, Mr. Dodd, and Mr. Harkin) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2855. Mr. Sanders submitted an amendment intended to be proposed to amendment SA 2796 proposed by Mr. Reid (for himself, Mr. Baucus, Mr. Dodd, and Mr. Harkin) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2856. Mr. Sanders submitted an amendment intended to be proposed to amendment SA 2796 proposed by Mr. Reid (for himself, Mr. Baucus, Mr. Dodd, and Mr. Harkin) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2857. Mr. Sanders submitted an amendment intended to be proposed to amendment SA 2796 proposed by Mr. Reid (for himself, Mr. Baucus, Mr. Dodd, and Mr. Harkin) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2859. Ms. Snowe (for herself, Ms. Landrieu, and Mrs. Lincoln) submitted an amendment intended to be proposed to amendment SA 2796 proposed by Mr. Reid (for himself, Mr. Baucus, Mr. Dodd, and Mr. Harkin) to the bill H.R. 3590, supra; which was ordered to lie on the table.

SA 2908. Mr. Inouye submitted an amendment intended to be proposed to amendment SA 2796 proposed by Mr. Reid (for himself, Mr. Baucus, Mr. Dodd, and Mr. Harkin) to the bill H.R. 3590, supra; which was ordered to lie on the table.

TEXT OF AMENDMENTS

SA 2798. Mr. Inouye submitted an amendment intended to be proposed to amendment SA 2796 proposed by Mr. Reid (for himself, Mr. Baucus, Mr. Dodd, and Mr. Harkin) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

At the end of subtitle D of title V, add the following:

SEC. 5116. DEMONSTRATION GRANTS FOR FAMILY NURSE PRACTITIONER TRAINING PROGRAMS.

(a) Establishment of Program.—The Secretary of Health and Human Services (referred to in this section as the "Secretary") shall establish a training demonstration program for family nurse practitioners (referred to in this section as the "program") to employ and provide intensive, one-year training for nurse practitioners who have graduated from a nurse practitioner program not more than one year prior to commencement of the training, for careers as primary care providers in Federally qualified health centers (referred to in this section as "FQHCs") and nurse-managed health clinics, in order to increase access to primary care in impoverished, urban, and rural underserved communities.

(b) Purpose.—The purpose of the program is to enable each grant recipient to—

(1) provide new nurse practitioners with a depth, breadth, volume, and intensity of clinical training necessary to serve as primary care providers in the complex settings of FQHCs and nurse-managed health clinics and

(2) train new nurse practitioners to work under a model of primary care, including the use of electronic health records, planned care and chronic conditions, interdisciplinary team-based care, that is consistent with—

(A) the principles of health care set forth by the Institute of Medicine; and

(B) the needs of vulnerable populations;

(3) create a model of FQHC- and nurse-managed health clinic-based training for nurse practitioners that may be replicated nationwide;

and

(4) provide additional intensive learning experiences with high-volume, high-risk, or high-burden conditions encountered in FQHCs and nurse-managed health clinics, such as HIV/AIDS, prenatal care, orthopedics, geriatrics, diabetes, asthma, and obesity prevention.

(c) Grants.—The Secretary shall award grants to eligible entities that meet the eligibility requirements established by the Secretary for operating the nurse practitioner primary care programs described in subsection (a) in such entities.

(d) Eligible Entities.—To be eligible to receive a grant under this section, an entity shall—

(1) be a FQHC as defined in section 1861(aa) of the Social Security Act (42 U.S.C. 1395x(aa)); or

(2) be a nurse-managed health clinic, as defined in section 300A-1 of the Public Health Service Act (as added by section 5203 of this Act); and

(3) submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary may require.

(e) Priority in Awarding Grants.—In awarding grants under this section, the Secretary shall give priority to eligible entities that—

(1) demonstrate sufficient infrastructure in size, scope, and complexity to undertake the requisite training of a minimum of 3 nurse practitioners per year and the half-time employment of a qualified program coordinator;

(2) will provide that such program will entail 12-full months of full-time, paid employment for each awardee, and will offer each awardee benefits consistent with the benefits offered to other full-time employees of such entity;

(3) will assign not less than 1 staff nurse practitioner or physician to each of 4 preceptors, and the awardee is the primary provider for the patient, per week, and during such clinics, ensure that the assigned staff nurse practitioner or physician shall be available exclusively to the awardees and have no other assigned clinical or administrative duties;

(4) will provide to each awardee specialty rotations consisting of 3 sessions per week, either within or outside of the FQHC or nurse-managed health clinic, based upon the capability of the FQHC or nurse-managed health clinic to continue clinical training in prenatal care and women's health, adult and child psychiatry, orthopedics, geriatrics, and at least 3 other high-volume, high-burden specialties such as cardiology, cardiology, diabetes, asthma, urgent care (minor trauma), and pain management;

(5) enable awardees to practice alongside other primary care providers so that the awardees may consult with such primary care providers as necessary;

(6) provide continuous and didactic sessions on high-volume, high-risk health problems;

(7) have implemented (or will complete, not later than the application deadline) an implementation of health information technology, and will make use of an electronic training evaluation system;

(8) provide continuous training to a FQHC standard of a high performance health system that includes access to health care, continuity, planned care, team-based, prevention-oriented care, and the use of electronic health records and other health information technology;

(9) have a record of recruiting, training, caring for, and otherwise demonstrating competency in advancing the primary care of individuals who are from underserved minority groups or from a poor urban or rural, or otherwise disadvantaged background;

(10) have a record of training health care professionals in the care of vulnerable population members such as children, homeless individuals, victims of abuse or trauma, individuals with mental health or substance-related disorders, individuals with HIV/AIDS, and individuals with disabilities; and

(11) have a record of collaboration with other safety net providers, schools, colleges, and universities that provide health professional training, establish formal relationships, and submit joint applications with rural health clinics, area health education centers, and community health centers located in underserved areas, or that serve underserved populations.

(f) Eligibility of Awardees.—

(1) In General.—To be eligible for acceptance as a nurse practitioner training program funded through a grant awarded under this section, such an individual shall—

(A) be licensed or eligible for licensure in the State in which the program is located as an advanced practice registered nurse or advanced practice nurse and be eligible or board-certified as a family nurse practitioner;

(B) demonstrate commitment to a career as a primary care provider in a FQHC or in a nurse-managed health clinic.

(2) Preference.—In awarding grants under this section, an individual shall—

(A) be eligible for licensure in the State in which the program is located as an advanced practice registered nurse or advanced practice nurse and be eligible or board-certified as a family nurse practitioner;

(B) demonstrate commitment to a career as a primary care provider in a FQHC or in a nurse-managed health clinic.

(3) Duration of Award.—Each grant awarded under this section shall be for a period of not more than 3 years. A grant recipient may carry over funds from one fiscal year to another without obtaining approval from the Secretary.

(4) Grant Amount.—Each grant awarded under this section shall be in an amount not to exceed $600,000 per year, as determined by the Secretary, taking into account—

(A) the status of the recipient as a financial need recipient of the FQHC or nurse-managed health clinic, considering, Federal, State, local, and other operational
funding provided to the FQHC or nurse-managed health clinic; and
(2) other factors, as the Secretary determines appropriate.

(1) TECHNICAL ASSISTANCE GRANTS.—The Secretary may award technical assistance grants to FQHCs and nurse-managed health clinics that plan to establish, or that have established, a nurse practitioner residency program, for the purpose of providing technical assistance to other recipients of grants under this section.

(2) AUTHORIZATION OF APPROPRIATIONS.—To carry out this section, there is authorized to be appropriated such sums as may be necessary for each of fiscal years 2011 through 2014.

SA 2799. Mr. CORNYN submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

SEC. ___ENTITLEMENT REFORM.

Notwithstanding any other provision of this Act (or amendment made by this Act), this Act (and amendments), other than this section, shall not take effect until such time as the Office of the Actuary for the Centers for Medicare & Medicaid Services certifies to Congress that the implementation of this Act (and amendments) would reduce the Federal budgetary commitment to health care by January 1, 2019, as compared to Federal budgetary commitment to health care by January 1, 2019 that would have resulted if such Act (and amendments) is not implemented.

SA 2800. Mr. CORNYN submitted an amendment intended to be proposed to amendment SA 2799 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place in title I, insert the following:

SEC. 1. LOWERING COSTS FOR FAMILIES.

Notwithstanding any other provision of this Act (or an amendment made by this Act), this Act (and amendments), other than this section, shall not take effect until such time as the Office of the Actuary for the Centers for Medicare & Medicaid Services certifies to Congress that the implementation of this Act (and amendments) would reduce the Federal budgetary commitment to health care by $2,500 for the average American family.

SA 2801. Mr. CORNYN submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place in title I, insert the following:

SEC. 1. INELIGIBLE FOR FEHBP.

Effective January 1, 2010, no Member of Congress shall be eligible to obtain health insurance coverage under the program chapter 89 of title 5, United States Code.

SA 2804. Mr. CORNYN submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

On page 436, between lines 14 and 15, insert the following:

SEC. 2. NONAPPLICATION OF MEDICAID ELIGIBILITY EXPANSIONS UNTIL REDUCTION IN MEDICAID FRAUD RATE.

Notwithstanding any other provision of this Act, any provision of this Act or any amendment made by this Act that imposes federally-mandated expansions of eligibility for Medicaid shall not apply to any State before the date on which the Secretary of Health and Human Services certifies that the average payment error rate measure (commonly referred to as "PERM") for all State Medicaid programs does not exceed 3.9 percent.

SA 2805. Mr. CORNYN submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place in title I, insert the following:

SEC. 1. REQUIREMENT OF ELIMINATION OF THE FEDERAL DEFICIT.

Notwithstanding any other provision of this Act (or an amendment made by this Act), no Federal outlays authorized under this Act (or such an amendment) may take effect until the Office of Management and Budget certifies that the Federal budget deficit has been eliminated.

SA 2806. Mr. CORNYN submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place in title I, insert the following:

SEC. 1. ENSURING LOWER HEALTH CARE COSTS.

Notwithstanding any other provision of this Act (or an amendment made by this Act), this Act (and amendments), other than this section, shall not take effect until such
time as the Office of the Actuary for the Centers for Medicare & Medicaid Services certifies to Congress that the implementation of this Act (and amendments) would reduce projected National Health Expenditures by January 1, 2019, as compared to the projected National Health Expenditures by January 1, 2018.

SA 2807. Mr. CORNYN submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

Beginning on page 1000, strike line 19 and all that follows through line 2 on page 1053.

SA 2808. Mr. VITTER submitted an amendment intended to be proposed to amendment SA 2791 proposed by Ms. MIKULSKI, Mr. HARKIN, Ms. BOXER, and Mr. FRANKEN) to the amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

On page 2 of the amendment, after line 15 insert the following:

"(v) the purposes of this Act, and for the purposes of any other provisions of law, the current recommendations of the United States Preventive Service Task Force regarding breast cancer screening, mammography, and prevention shall be considered the most current other than those issued in or around November 2009."

SA 2809. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2792 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

On page 1008, between lines 8 and 9, insert the following:

"(vii) The proposal shall not include any recommendation that would reduce payment rates for items and services furnished by providers of services or suppliers which would have the effect of restricting access to treatment for individuals with autism."

SA 2810. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

Beginning on page 723, strike line 3 and all that follows through page 739, line 17.

SA 2811. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

On page 1006, between lines 8 and 9, insert the following:

"(vii) The proposal shall not include any recommendation that would reduce payment rates for items and services furnished by providers of services or suppliers which would have the effect of restricting access to treatment for individuals with childhood cancer."

SA 2812. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

On page 842, strike line 3 and all that follows through page 846, line 10.

SA 2813. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

On page 923, between lines 7 and 8, insert the following:

"SEC. 3211. PROTECTING CHOICE AND COMPETITION FOR MEDICARE BENEFICIARIES.

No provisions of amendments made by this Act that change the Medicare Advantage program under part C of title XVIII of the Social Security Act in a manner that would result in decreased choice and competition for Medicare beneficiaries shall take effect and are repealed."

SA 2814. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

On page 1006, between lines 8 and 9, insert the following:

"(vii) The proposal shall not include any recommendation that would reduce payment rates for items and services furnished by providers of services or suppliers which would have the effect of restricting access to treatment for individuals with juvenile diabetes."

SA 2815. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

On page 1006, between lines 8 and 9, insert the following:

"(vii) The proposal shall not include any recommendation that would reduce payment rates for items and services furnished by providers of services or suppliers which would have the effect of restricting access to treatment for individuals with autism."

SA 2816. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

On page 1006, between lines 8 and 9, insert the following:

"(vii) The proposal shall not include any recommendation that would reduce payment rates for items and services furnished by providers of services or suppliers which would have the effect of restricting access to treatment for individuals with cancer."

SA 2817. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

Beginning on page 826, strike line 5 and all that follows through page 836, line 22.

SA 2818. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

On page 1006, between lines 8 and 9, insert the following:

"(vii) The proposal shall not include any recommendation that would reduce payment rates for items and services furnished by providers of services or suppliers which would have the effect of restricting access to treatment for individuals with chronic obstructive pulmonary disease (COPD)."
SA 2819. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

Beginning on page 974, strike line 12 and all that follows through page 999, line 16.

SA 2820. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

Beginning on page 1000, between lines 8 and 9, insert the following:

```
''(vii) The proposal shall not include any recommendation that would reduce payment rates for items and services furnished by providers of services or suppliers located in rural areas.
```

SA 2821. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

Beginning on page 889, strike line 17 and all that follows through page 903, line 15.

SA 2822. Mr. CRAPO submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

Beginning on page 1000, strike line 19 and all that follows through page 1053, line 2.

SA 2823. Mr. COBURN submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

Strike section 2953.

SA 2825. Mr. COBURN submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place, insert the following:

```
SEC. 182. BUREAUCRAT LIMITATION.

For each new bureaucrat added to any department or agency of the Federal Government for the purpose of implementing the provisions of this Act (or any amendment made by this Act) or a subdepartment or agency shall ensure that the addition of such new bureaucrat is offset by a reduction of 1 existing bureaucrat at such department or agency.
```

SA 2826. Mr. BENNET (for himself, Mr. HARKIN, Mr. DODD, Mr. BROWN, Mr. DURBIN, Mr. INOUYE, Mr. BEGGICH, Mr. BAYH, and Mrs. SHAIKEN) submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

On page 1134, between lines 3 and 4, insert the following:

```
Subtitle G—Protecting and Improving Guaranteed Medicare Benefits

SEC. 3601. PROTECTING AND IMPROVING GUARANTEED MEDICARE BENEFITS.

(a) PROTECTING GUARANTEED MEDICARE BENEFITS.—Nothing in the provisions of, or amendments made by, this Act shall result in a reduction of guaranteed benefits under title XVIII of the Social Security Act.

(b) ENSURING THAT MEDICARE SAVINGS BENEFIT THE MEDICARE PROGRAM AND MEDICARE BENEFICIARIES.—(A) Notwithstanding any other provision of law, amounts received under a grant under this section shall be used to provide Medicare beneficiaries with the benefits described in subsection (b) of this section; and

(B) the provisions of any program or programmatic, and as appropriate infrastructure changes needed to promote healthy living and reduce disparities.

2. COMMUNITY TRANSFORMATION PLAN.—(A) IN GENERAL.—An eligible entity that receives a grant under this section shall submit to the Director (for approval) a detailed plan that includes the policy, environmental, programmatic, and as appropriate infrastructure changes needed to promote healthy living and reduce disparities.

(B) ACTIVITIES.—Activities within the plan may focus on (but not be limited to)—

(i) creating healthier school environments, including increasing physical activity opportunities, promotion of healthy lifestyle, emotional wellness, and prevention education, and activities to prevent chronic diseases;

(ii) creating the infrastructure to support active living and access to nutritious foods in a safe environment;

(iii) developing and promoting programs targeting a variety of age levels to increase access to nutrition, physical activity and smoking cessation, improve social and emotional wellness, enhanced safety in a community, or address any other chronic disease priority area identified by the grantee;

(iv) assessing and implementing worksite wellness programming;

(v) working to highlight healthy options at restaurants and other food venues;
(vi) prioritizing strategies to reduce racial and ethnic disparities, including social, eco-
nomic, and geographic determinants of health; and
(vii) addressing special populations needs, including all age groups and individuals with
disabilities, and individuals in both urban, rural, and frontier areas.

(3) COMMUNITY-BASED PREVENTION HEALTH ACTIVITIES.—

(A) IN GENERAL.—An eligible entity shall use
means provided under a grant under this
section to implement a variety of pro-
grams, policies, and infrastructure improve-
ments to promote healthier lifestyles.

(B) ACTIVITIES.—An eligible entity shall im-
plement activities detailed in the commu-
nity transformation plan under paragraph
(2).

(C) IN-KIND SUPPORT.—An eligible entity
may provide in-kind resources such as staff,
equipment, or office space in carrying out
activities under this section.

(4) EVALUATION.—

(A) IN GENERAL.—An eligible entity shall use
means provided under a grant under this
section to conduct activities to measure
changes in the prevalence of chronic disease
risk factors and community members par-
cipating in preventive health activities

(B) TYPES OF MEASURES.—In carrying out

subparagraph (A), the eligible entity shall, with
respect to residents in the community,

(i) changes in weight;
(ii) changes in property ownership;
(iii) changes in tobacco use prevalence;
(iv) changes in emotional well-being and
overall mental health;
(v) other factors using community-specific
data from the Behavioral Risk Factor Sur-
veillance Survey; and

(vi) other factors as determined by the
Secretary, including differential suscepti-
bility, mortality, or morbidity due to chronic

diseases such as cancer, diabetes, and car-
diovascular disease.

(C) REPORTING.—An eligible entity shall
annually submit to the Director a report
containing an evaluation of activities car-
died out under the grant.

(D) DISSEMINATION.—A grantee under this
section shall—

(A) meet at least annually in regional or
national sessions to train, to share best
practices, and lessons learned with respect to
activities carried out under the grant; and

(B) develop models for the replication of

successful programs and activities and the
mentoring of other eligible entities.

(5) TRAINING.—

(1) IN GENERAL.—The Director shall develop
a program to provide training for eligible en-
tities on effective strategies for the preven-
tion and control of chronic disease and the
link between physical, emotional, and social
well-being.

(2) COMMUNITY TRANSFORMATION PLAN.—
The Director shall provide appropriate feed-
back and technical assistance to grantees to
establish community transformation plans

(3) EVALUATION.—The Director shall pro-
vide a literature review and framework for the
evaluation of programs conducted as part of the grant program under this section.

(a) AUTHORIZED OF INITIATIVE.—

(1) IN GENERAL.—The Secretary of Health
and Human Services, in collaboration or con-
junction with the Director of the National
Center for Health Equity (including the As-
istant Secretary for Minority Health), shall
establish an initiative—

(A) for purposes of carrying out the ini-
tiative described in paragraph (1), a popula-
tion shall be considered a health dis-
parity population if there is a significant dis-
parity in the overall rate of chronic disease
incidence, prevalence, morbidity, mortality,
or survival rates in the population as com-
pared to the health status of the general pop-
ulation;

(B) CHRONIC DISEASES.—In this paragraph,
the term "chronic disease" includes hyper-
tension, diabetes, cancer, and heart disease.

(C) COMMON ADMINISTRATIVE STRUCTURE.—
The initiative described in subsection (a)
shall—

(1) utilize a common administrative struc-
ture to ensure coordinated implementation,
oversight, and accountability;

(2) be amenable to regional organization in
order to meet the specific needs of rural com-

communities throughout the United States;

(3) involve elements located in rural com-
nunities and areas.

(2) HEALTH DISPARITY POPULATION.—

(A) IN GENERAL.—For purposes of carrying
out the initiative described in paragraph (1), a
population shall be considered a health dis-

parity population if there is a significant dis-
parity in the overall rate of chronic disease
incidence, prevalence, morbidity, mortality,
or survival rates in the population as com-
pared to the health status of the general pop-
ulation;

(B) CHRONIC DISEASES.—In this paragraph,
the term "chronic disease" includes hyper-
tension, diabetes, cancer, and heart disease.

(C) COMMON ADMINISTRATIVE STRUCTURE.—
The initiative described in subsection (a)
shall—

(1) utilize a common administrative struc-
ture to ensure coordinated implementation,
oversight, and accountability;

(2) be amenable to regional organization in
order to meet the specific needs of rural com-

munities throughout the United States;

(3) involve elements located in rural com-
nunities and areas.

(C) DESIGN.—The initiative described in
subsection (a) shall be designed to reach
urban communities and populations that ex-
perience a disproportionate share of chronic
disease burden, including African Americans,
American Indians or Alaska Natives, Hawai-
ian ethnics, Pacific Islander Natives, Asian-
ians, Hispanics, or Latins, and others
under-served rural populations.

(D) ESTABLISHMENT OF INITIATIVE AND
GRANTS.—The initiative described in subsection (a), the Secretary of Health
and Human Services shall, from funds appro-
propriated to carry out this section—

(1) use 50 percent for the establishment
of such initiative; and

(2) use 50 percent to award competitive

grants or contracts to organizations, univer-
sities, or similar entities to carry out the ini-
tiative, with preference given to entities
having a demonstrable track record of serv-

ice to rural communities, including tribally-
affiliated colleges or universities.

SA 2828. MR. WHITEHOUSE (for him-
self, Mr. KERRY, Mr. FEINGOLD, and Mr.
FRANKEN) submitted an amendment in-

b) amendment to the bill H.R. 3590, to amend the Internal Revenue code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was or-
deferred to the table; as follows:

At the appropriate place, insert the fol-
lowing:

SEC. 4. DISMISUAL OF A CASE OR CONVER-
SION TO A CASE UNDER CHAPTER 11 OR

13.

Section 707(b) of title 11, the United States Code, is amended by adding at the end the
following:
"(8) No judge, United States trustee (or bankruptcy administrator, if any), trustee, or other party in interest may file a motion under paragraph (2) if the debtor is a medically distressed debtor.

SEC. 5. CREDIT COUNSELING.

Section 109(h)(4) of title 11 United States Code, is amended by inserting "a medically distressed debtor," after "(or trust)", and before the period at the end.

SEC. 6. NONDISCHARGEABILITY OF CERTAIN ATTORNEYS FEES.

Section 523(a) of title 11, United States Code, is amended—

(1) by striking paragraph (18), by striking "or" at the end; and

(2) by striking paragraph (19), by striking the period at the end, and by inserting "; or"; and

(3) by inserting after paragraph (19) the following:

"(20) in a case arising under chapter 7 of this title, owed to an attorney as reasonable compensation for representing the debtor in connection with the case.".

SEC. 7. EFFECTIVE DATE; APPLICATION OF AMENDMENTS.

(a) EFFECTIVE DATE.—Except as provided in subsection (b), this title and the amendments made by this title shall take effect on the date of enactment of this Act.

(b) APPLICATION OF AMENDMENTS.—The amendments made by this title shall apply only with respect to cases commenced under title 11, United States Code, on or after the date of enactment of this Act.

SEC. 8. ATTESTATION BY DEBTOR.

Any debtor who seeks relief as a medically distressed debtor in accordance with the amendments made by this title shall attest in writing and under penalty of perjury that the medical expenses of the debtor were genuine, and were not specifically incurred to bring the debtor within the coverage of the medical bankruptcy provisions, as provided in this title and the amendments made by this title.

SA 2829. Mr. GRAHAM (for himself and Mr. CHAMBLISS) submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill S. 3398, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyer credit, in the case in which a member of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place, insert the following:

TITLE —MEDICAL LIABILITY REFORM

SEC. 1. SHORT TITLE.

This title may be cited as the “Fair Resolution of Medical Liability Disputes Act of 2009”.

SEC. 2. FINDINGS.

Congress finds that—

(1) the health care and insurance industries are industries affecting interstate commerce, and the health care malpractice litigation systems throughout the United States affect interstate commerce by contributing to the high cost of health care and premiums for malpractice insurance purchased by health care providers; and

(2) the Federal Government, as a direct provider of health care and as a source of payment for health care, has a major interest in health care and a demonstrated interest in assessing the quality of care, access to care, and the costs of care through the evaluation activities of several Federal agencies.

SEC. 3. DEFINITIONS.

(1) ALTERNATIVE DISPUTE RESOLUTION SYSTEM; ADR.—The term “alternative dispute resolution system” or “ADR” means a system established under this title that provides for the resolution of health care malpractice claims in a manner other than through a civil action in Federal or State court.

(2) COVERED HEALTH CARE MALPRACTICE ACTION.—The term “covered health care malpractice action” means a civil action in which a covered health care malpractice claim is made by a health care provider or health care professional.

(3) COVERED HEALTH CARE MALPRACTICE CLAIM.—The term “covered health care malpractice claim” means a malpractice claim (excluding product liability claims) relating to the provision of, or the failure to provide, health care services involving a defendant covered health care professional or provider.

(4) COVERED HEALTH CARE PROFESSIONAL.—The term “covered health care professional” means an individual, including a physician, nurse, chiropractor, nurse midwife, physical therapist, social worker, or physician assistant—

(A) who provides health care services in a State;

(B) for whom individuals entitled to, or enrolled for, benefits under part A of title XVIII of the Social Security Act (42 U.S.C. 1395j et seq.), enrolled for benefits under part B of such Act (42 U.S.C. 1395 et seq.), or enrolled for benefits under part B of such Act (42 U.S.C. 1395 et seq.) comprise not less than 25 percent of the total patients of such professional, as determined by the Secretary; and

(C) who is required by State law or regulation to be licensed or certified by a State as a condition for providing such services in the State.

(5) COVERED HEALTH CARE PROVIDER.—The term “covered health care provider” means an organization or institution—

(A) that is engaged in the delivery of health care services in a State; and

(B) for which individuals entitled to, or enrolled for, benefits under part A of title XVIII of the Social Security Act (42 U.S.C. 1395j et seq.), enrolled for benefits under part B of such Act (42 U.S.C. 1395 et seq.), or enrolled for benefits under part B of such Act (42 U.S.C. 1395 et seq.) comprise not less than 25 percent of the total patients of such organization or institution, as determined by the Secretary; and

(6) LEGAL EFFECT OF UNCONTESTED ADR DECISION.—For purposes of this subsection, the term “court of competent jurisdiction” means—

(A) with respect to actions filed in a State court, the appropriate State trial court; and

(B) with respect to actions filed in a Federal court, the appropriate United States district court.

(2) EFFECTIVE DATE; APPLICATION OF AMENDMENTS.—For purposes of this subsection, the term “court of competent jurisdiction” means—

(A) with respect to actions filed in a State court, the appropriate State trial court; and

(B) with respect to actions filed in a Federal court, the appropriate United States district court.

(3) COURT OF COMPETENT JURISDICTION.—For purposes of this subsection, the term “court of competent jurisdiction” means—

(A) with respect to actions filed in a State court, the appropriate State trial court; and

(B) with respect to actions filed in a Federal court, the appropriate United States district court.

(4) LEGAL EFFECT OF UNCONTESTED ADR DECISION.—A decision reached under an alternative dispute resolution system that is not contested under subsection (a) shall, for purposes of enforcement by a court of competent jurisdiction, have the same status in the court as the verdict of a covered health care malpractice action adjudicated in a State or Federal trial court.

(5) STANDARD OF JUDICIAL REVIEW.—The standard of judicial review of a claim filed under subsection (c) shall be de novo.

(6) AWARD OF COSTS AND ATTORNEYS’ FEES AFTER INITIAL ADR RESOLUTION.—

(A) IN GENERAL.—In the case of a covered health care malpractice action brought in any State or Federal court after ADR, if the final judgment or order issued (exclusive of costs, interest, and attorneys’ fees incurred after judgment or trial) in the action is not more favorable to a party contesting the ADR decision than the ADR decision, the opposing party may file with the court, within 10 days after the final judgment or order is issued, a petition for payment of costs and expenses, including attorneys’ fees, which shall be heard by a court of competent jurisdiction.

(B) EFFECTIVE DATE; APPLICATION OF AMENDMENTS.—For purposes of this subsection, the term “court of competent jurisdiction” means—

(A) with respect to actions filed in a State court, the appropriate State trial court; and

(B) with respect to actions filed in a Federal court, the appropriate United States district court.

(3) COURT OF COMPETENT JURISDICTION.—For purposes of enforcement by a court of competent jurisdiction, have the same status in the court as the verdict of a covered health care malpractice action adjudicated in a State or Federal trial court.

(4) STANDARD OF JUDICIAL REVIEW.—The standard of judicial review of a claim filed under subsection (c) shall be de novo.

(5) AWARD OF COSTS AND ATTORNEYS’ FEES AFTER INITIAL ADR RESOLUTION.—

(A) IN GENERAL.—In the case of covered health care malpractice action brought in any State or Federal court after ADR, if the final judgment or order issued (exclusive of costs, interest, and attorneys’ fees incurred after judgment or trial) in the action is not more favorable to a party contesting the ADR decision than the ADR decision, the opposing party may file with the court, within 10 days after the final judgment or order is issued, a petition for payment of costs and expenses, including attorneys’ fees, which shall be heard by a court of competent jurisdiction.

(B) EFFECTIVE DATE; APPLICATION OF AMENDMENTS.—For purposes of this subsection, the term “court of competent jurisdiction” means—

(A) with respect to actions filed in a State court, the appropriate State trial court; and

(B) with respect to actions filed in a Federal court, the appropriate United States district court.

(3) COURT OF COMPETENT JURISDICTION.—For purposes of enforcement by a court of competent jurisdiction, have the same status in the court as the verdict of a covered health care malpractice action adjudicated in a State or Federal trial court.

(4) STANDARD OF JUDICIAL REVIEW.—The standard of judicial review of a claim filed under subsection (c) shall be de novo.

(5) AWARD OF COSTS AND ATTORNEYS’ FEES AFTER INITIAL ADR RESOLUTION.—

(A) IN GENERAL.—In the case of a covered health care malpractice action brought in any State or Federal court after ADR, if the final judgment or order issued (exclusive of costs, interest, and attorneys’ fees incurred after judgment or trial) in the action is not more favorable to a party contesting the ADR decision than the ADR decision, the opposing party may file with the court, within 10 days after the final judgment or order is issued, a petition for payment of costs and expenses, including attorneys’ fees, which shall be heard by a court of competent jurisdiction.

(B) EFFECTIVE DATE; APPLICATION OF AMENDMENTS.—For purposes of this subsection, the term “court of competent jurisdiction” means—

(A) with respect to actions filed in a State court, the appropriate State trial court; and

(B) with respect to actions filed in a Federal court, the appropriate United States district court.

(3) COURT OF COMPETENT JURISDICTION.—For purposes of enforcement by a court of competent jurisdiction, have the same status in the court as the verdict of a covered health care malpractice action adjudicated in a State or Federal trial court.

(4) STANDARD OF JUDICIAL REVIEW.—The standard of judicial review of a claim filed under subsection (c) shall be de novo.
contesting the ADR decision with respect to the claim or claims than the ADR decision, the court shall order the contesting party to pay the costs and expenses of the opposing party and the court may order attorneys’ fees incurred with respect to the claim or claims after the date of the ADR decision, unless the court finds that requiring the payment of such costs and expenses would be manifestly unjust.

(3) LIMITATION.—Attorneys’ fees awarded under this subsection shall be in an amount reasonably attributable to the claim or claims involved, calculated on the basis of an hourly rate of the attorney, which may not exceed the rate in effect in the court at the time the claim is filed and the complexity of the case. Attorneys’ fees under this subsection may not exceed—

(A) the actual cost incurred by the party for attorneys’ fees payable to an attorney for services in connection with the claim or claims; or

(B) if no such cost was incurred by the party due to a contingency fee agreement, a reasonable cost that would have been incurred by the party for noncontingent attorneys’ fees payable to an attorney for services in connection with the claim or claims.

(4) The requirements of this section shall apply only to each covered health care malpractice claim arising out of an event occurring on or after the date that is 270 days after the date of enactment of this Act.

SEC. 05. BASIC REQUIREMENTS FOR STATE ALTERNATIVE DISPUTE RESOLUTION SYSTEMS.

The alternative dispute resolution system of a State meets the requirements of this section if the system—

(1) applies to all covered health care malpractice claims under the jurisdiction of the courts of such State;

(2) requires that a written opinion resolving the dispute be issued not later than 180 days after the date on which each party against whom the claim is filed has received notice of the claim (other than in exceptional cases for which a longer period is required for the issuance of such an opinion), and the opinion shall contain—

(A) findings of fact relating to the dispute; and

(B) a description of the costs incurred in resolving the dispute under the system (including any fees paid to the individuals hearing and resolving the claim), together with an appropriate assessment of the costs against one of the parties;

(3) requires individuals who hear and resolve claims under the system to meet such qualifications as the State may require (in accordance with regulations of the Attorney General);

(4) is approved by the State or by local governments in the State;

(5) respect a State system that consists of multiple dispute resolution procedures—

(A) permits the parties to a dispute to select the procedure to be used for the resolution of the dispute, assigns a particular procedure to the parties;

(B) provides for the transmittal to the State agency responsible for monitoring or discipline of professional and health care providers of any findings made under the system that such a professional or provider committed malpractice, unless, during the pendency of the case, the system resolves the claim against the professional or provider, the professional or provider brings an action contesting the decision made under the system; and

(7) provides for the regular transmission to the Administrator of the Agency for Health Care Quality and Information on disputes resolved under the system, in a manner that assures that the identity of the parties to a dispute shall not be revealed.

SEC. 06. CERTIFICATION OF STATE SYSTEMS; APPLICABILITY OF ALTERNATIVE FEDERAL SYSTEM.

(a) CERTIFICATION.—

(1) IN GENERAL.—Not later than 270 days after the date of enactment of this Act and periodically thereafter, the Attorney General, in consultation with the Secretary, shall determine whether the alternative dispute resolution systems of each State meet the requirements of this title.

(2) BASIS FOR CERTIFICATION.—The Attorney General shall certify the alternative dispute resolution system of a State under this subsection for a calendar year if the Attorney General determines under paragraph (1) that such system meets the requirements of section 05.

(b) APPLICABILITY OF ALTERNATIVE FEDERAL SYSTEM.

(1) ESTABLISHMENT AND APPLICABILITY.—Not later than 270 days after the date of enactment of this Act, the Attorney General, in consultation with the Secretary, shall establish by rulemaking an alternative Federal ADR system for the resolution of covered health care malpractice claims during a calendar year in States that do not have an alternative dispute resolution system that is certified under subsection (a) for such year.

(2) REQUIREMENTS FOR SYSTEM.—Under the alternative Federal ADR system established under paragraph (1),—

(A) paragraphs (1), (2), (6), and (7) of section 10006 shall apply to claims brought under such system;

(B) the claims brought under such system shall be heard and resolved by medical and legal experts appointed as arbitrators by the Attorney General, in consultation with the Secretary; and

(C) with respect to a State in which such system is in effect, the Attorney General may (at the request of such State) modify the system to take into account the existence of dispute resolution procedures in the State that are not resolution of health care malpractice claims.

(3) TREATMENT OF STATES WITH ALTERNATIVE SYSTEM IN EFFECT.—If the alternative Federal ADR system established under this subsection is applied with respect to a State for a calendar year such State shall reimburse the United States, at such time and in such manner as the Secretary may require, for the costs incurred by the United States during such year as a result of the application of the system with respect to the State.

SEC. 07. GOAL STUDY OF PRIVATE LITIGATION INSURANCE.

The Comptroller General of the United States shall—

(1) undertake a study of the effectiveness of private litigation insurance markets, such as those in the United Kingdom and Germany, in providing affordable access to courts, evaluating the merit of prospective claims, and ensuring that prevailing parties in ‘‘loser pays’’ systems are reimbursed for attorneys’ fees;

(2) not later than 270 days after the date of enactment of this Act, submit to Congress a report describing the results of such study.

SA 2830. Mr. BACHUS submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. Baucus, Mr. Dodd, and Mr. Harkin) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

On page 143 of the amendment, after line 7, add the following:

SEC. 10011. CERTIFICATION.

(a) IN GENERAL.—This title (other than this section), and the amendments made by this title, shall be applicable only if the Secretary of Health and Human Services certifies to Congress that the implementation of this title, and the amendments made by this title, will—

(1) pose no additional risk to the public’s health and safety; and

(2) result in a significant reduction in the consumer costs of covered products to the American consumer.

(b) EFFECTIVE DATE.—Notwithstanding any other provision of this title, or of any amendment made by this title—

(1) for any reference in this title, or in such amendments, to the date of enactment of this title shall be deemed to be a reference to the date of the certification under subsection (a); and

(2) each reference to “January 1, 2012” in section 10006(c) shall be substituted with “90 days after the effective date of this title”.

SA 2831. Mr. JOHANNES submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. Baucus, Mr. Dodd, and Mr. Harkin) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

On page 436, between lines 14 and 15, insert the following:

SEC. 2008. NONAPPLICATION OF ANY MEDICAID ELIGIBILITY EXPANSION UN TIL REDUCTION IN MEDICAID FRAUD RATE.

Notwithstanding any other provision of this Act, with respect to a State, any provision of this Act or an amendment made by this Act that imposes a federally-mandated expansion of eligibility for Medicaid shall not apply to the State before the date on which the State Medicaid Director certifies to the Secretary of Health and Human Services that the Medicaid payment error rate measurement (commonly referred to as “the Medicaid error rate”) for the State does not exceed 5 percent.

SA 2832. Mr. JOHANNES submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

On page 2074, after line 25, add the following:
Notwithstanding any other provision of this Act, with respect to a State, any provision of this Act or an amendment made by this Act that imposes a federal requirement on the State Medicaid Director certifies to the Secretary of Health and Human Services that at least 90 percent of the individual or waiver, any such waiver of such plan, is enrolled in the plan or waiver.

SA 2834. Mr. JOHANNES submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

On page 340, between lines 21 and 22, insert the following:

Sec. 300B. Inclusion in income.—Any payment under subparagraph (A) shall be includible in gross income for the taxable year in which such payment is distributed to the employee.

(b) Terms relating to flexible spending arrangements.—For purposes of this section—

(A) Flexible spending arrangements.—A flexible spending arrangement is a benefit program under which an employee's contributions to such program are deferred and contributions to such program are not includible in gross income under section 125 of the Internal Revenue Code of 1986, and are not taken into account as a part of compensation of an employee under section 3121(a) of the Internal Revenue Code of 1986.

(B) Health and dependent care arrangements.—The terms “health flexible spending arrangement” and “dependent care flexible spending arrangement” mean any flexible spending arrangement (or portion thereof) which provides payments for expenses for medical care (as defined in section 213(d)) or dependent care (within the meaning of section 129), respectively.

SA 2835. Mr. JOHANNES submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

On page 1050, between lines 8 and 9, insert the following:

(vii) The proposal shall not include any recommendation that would reduce payment rates for items and services furnished by a critical access hospital (as defined in section 1861(mm)(1)).

Sec. 6122. Improvements to 340B program integrity.
Sec. 6131. GAO study to make recommendations on improving the 340B program.

TITLE I—AMERICAN HEALTH SECURITY

SEC. 1000. SHORT TITLE.

This title may be cited as the “American Health Security Act of 2009”
resident alien” means an alien lawfully admitted for permanent residence and any other alien lawfully residing permanently in the United States under color of law, including an alien with lawful temporary resident status under section 210, 210A, or 234A of the Immigration and Nationality Act (8 U.S.C. 1100, 1101, or 1255a).

SEC. 1002. ENROLLMENT.
(a) IN GENERAL.—Each State health security program shall provide a mechanism for the enrollment of individuals entitled or eligible for benefits under this title. The mechanism shall—

(1) include a process for the automatic enrollment of individuals at the time of birth in the United States or at the time of immigration into the United States or other acquisition of lawful resident status in the United States;

(2) provide for the enrollment, as of January 1, 2011, of all individuals who are eligible to be enrolled as of such date; and

(3) include a process for the enrollment of individuals made eligible for health care services under subsections (b) and (c) of section 1002.

(b) AVAILABILITY OF APPLICATIONS.—Each State health security program shall make applications for enrollment under the program available—

(1) at employment and payroll offices of employers located in the State;

(2) at local offices of the Social Security Administration;

(3) at social services locations;

(4) at outreach sites (such as provider and practitioner locations); and

(5) at other locations (including post offices and schools) accessible to a broad cross-section of eligible to enrollment.

(c) ISSUANCE OF HEALTH SECURITY CARDS.—In conjunction with an individual’s enrollment for benefits under this title, the State health security program shall provide the individual with a health security card that shall be used for purposes of identification and processing of claims for benefits under the program. The State health security program may provide for issuance of such cards by employers for purposes of carrying out enrollment pursuant to subsection (a)(2).

SEC. 1003. RELATIONSHIP TO EXISTING FEDERAL HEALTH PROGRAMS.
(a) MEDICARE, MEDICAID, AND STATE CHILDREN’S HEALTH INSURANCE PROGRAM (SCHIP).—

(1) IN GENERAL.—Notwithstanding any other provision of law, subject to paragraph (2),—

(A) no benefits shall be available under title XVIII of the Social Security Act for any item or service furnished after December 31, 2010;

(B) no individual is entitled to medical assistance under a State plan approved under title XIX of such Act for any item or service furnished after such date;

(C) no individual is entitled to medical assistance under an SCHIP plan under title XXI of such Act for any item or service furnished after such date; and

(D) no payment shall be made to a State plan under title XXI of such Act for any item or service furnished after such date.

(2) TRANSITION.—In the case of inpatient hospital services and extended care services furnished during a continuous period of stay which began before January 1, 2011, and which had not ended as of such date, for which benefits are not available under a State plan under title XIX, or a State child health plan under title XXI, of the Social Security Act, the Secretary of Health and Human Services and each State plan, respectively, shall provide for continuation of benefits under such title or plan until the end of the period of stay.

(b) FEDERAL EMPLOYERS HEALTH BENEFITS PROGRAM.—No benefits shall be made available under chapter 8 of title 5, United States Code, for coverage period occurring after December 31, 2010.

(c) CHAMPUS.—No benefits shall be made available under sections 1079 and 1086 of title 10, United States Code, for items or services furnished after December 31, 2010.

(d) TREATMENT OF BENEFITS FOR VETERANS AND NATIVE AMERICANS.—Nothing in this title shall affect the eligibility of veterans for the medical benefits and services provided under title XVIII, unemployment, or eligibility for, or eligibility for, such services; and

(e) TREATMENT OF BENEFITS FOR VETERANS AND NATIVE AMERICANS.—Nothing in this title shall affect the eligibility of veterans for the medical benefits and services provided under title XVIII, unemployment, or eligibility for, or eligibility for, such services; and

(f) TREATMENT OF BENEFITS FOR VETERANS AND NATIVE AMERICANS.—Nothing in this title shall affect the eligibility of veterans for the medical benefits and services provided under title XVIII, unemployment, or eligibility for, or eligibility for, such services; and

(g) ADMISSION TO MEDICAL FACILITIES.—Home dialysis supplies and equipment.

(h) AMBULANCE.—Emergency ambulance services.

(i) PROSTHETIC DEVICES.—Prosthetic devices, including replacements of such devices.

(j) ADDITIONAL ITEMS AND SERVICES.—Such other medical or health care items or services as the Board may specify.

(k) PROHIBITON OF BALANCE BILLING.—No person may impose a charge for covered services for which benefits are provided under this title.

(l) DuplicaTE HEALTH INSURANCE.—Each State's health security program shall prohibit the sale of health insurance in the State if payment under the insurance duplicate health services for which payment may be made under such a program.

(m) STATE PROGRAM MAY PROVIDE ADDITIONAL BENEFITS.—Nothing in this title shall be construed as limiting the benefits that may be made available under a State health security program to residents of the State at the expense of the State.

(n) EMPLOYERS MAY PROVIDE ADDITIONAL BENEFITS.—Nothing in this title shall be construed as limiting the benefits that an employer may provide to employees or their dependents, or to former employees or their dependents.

SEC. 1100. DEFINITIONS RELATING TO SERVICES.
(a) COMMUNITY-BASED PRIMARY HEALTH SERVICES.—In this title, the term “community-based primary health services” means—

(1) by a rural health clinic;

(2) by a federally qualified health center (as defined in section 1905(g)(2)(B) of the Social Security Act), and which, for purposes of this title, include services furnished by State and local health agencies;

(3) in a school-based setting;

(4) by public education agencies and other providers of services to children entitled to assistance under the Individuals with
Disabilities Education Act for services furnished pursuant to a written Individualized Family Services Plan or Individual Education Plan under such Act; and

6. a nonprofit entity receiving Federal assistance under the Public Health Service Act.

(b) Preventive Services.—

(1) In General.—In this title, the term “preventive services” means items and services—

(A) which—

(i) are specified in paragraph (2); or

(ii) the Board determines to be effective in the maintenance and promotion of health or minimize services which the individual is equal to the actuarial value of the days of inpatient residential services furnished in accordance with subparagraph (B) during the year after such services have been furnished to the individual for 30 days during the year (rounded to the nearest day), but only if the services furnished to an individual described in section 1104(b)(1) such services are furnished in conformance with the plan of an organized system of care for mental health and substance abuse services in accordance with section 1104(b)(2).

(B) Intensive Residential Services.—

(i) is legally authorized to provide such services under the law of the State (or under a State regulatory mechanism provided by State law) in which the facility is located or is certified to provide such services by an appropriate accreditation entity approved by the Secretary; and

(ii) meets such other requirements as the Secretary may determine.

(C) Services Furnished to at-Risk Children.—In the case of services furnished to an individual described in section 1104(b)(1), no service may be treated as an intensive residential service under subparagraph (A) unless the service is furnished in conformity with the plan of an organized system of care for mental health and substance abuse services in accordance with subsection (D).

(D) Management Standards.—No service may be treated as an intensive residential service under subparagraph (A) unless the service is furnished in accordance with standards established by the Secretary for the management of such services.

(3) Intensive Community-Based Services Defined.—

(A) In General.—The term “intensive community-based services” means items and services described by the Secretary as intensive community-based services under subparagraph (D) for an unlimited number of days during any calendar year furnished in accordance with the standards established by the Secretary for the management of such services, and, in the case of services furnished to an individual described in section 1104(b)(1) who is not an inpatient of a hospital, in conformity with the plan of an organized system of care for mental health and substance abuse services in accordance with section 1104(b)(2).

(B) Intensive Community-Based Services.—

(i) is legally authorized to provide services under the law of the State (or under a State regulatory mechanism provided by State law) in which the facility is located or is certified to provide such services by an appropriate accreditation entity approved by the Secretary; and

(ii) meets such other requirements as the Secretary may determine.

(C) Services Furnished to at-Risk Children.—In the case of services furnished to an individual described in section 1104(b)(1), no service may be treated as an intensive residential service under subparagraph (A) unless the service is furnished in conformity with the plan of an organized system of care for mental health and substance abuse services in accordance with subsection (D).

(D) Management Standards.—No service may be treated as an intensive residential service under subparagraph (A) unless the service is furnished in accordance with standards established by the Secretary for the management of such services.
forth the physician’s diagnosis, the type, amount, frequency, and duration of the items and services provided under the plan, and the goals for treatment under the plan, but does not include any item or service that is not furnished in accordance with standards established by the Secretary for the management of such services.

(2) CARE.—The items and services described in this subparagraph are—

(i) preventive health services consisting of the items and services described in subparagraph (C);

(ii) case management services, including collaboration with the Board, other staff trained to work with psychiatric nurses, behavioral aides, and health professionals to the extent authorized under title XIX;

(iii) other staff or physicians (or other mental health professionals, or geneticists) who are required to provide such patients, to the extent authorized under State law.

(iv) in-home services;

(v) case management services, including collaboration with the Board, other staff trained to work with psychiatric nurses, behavioral aides, and health professionals to the extent authorized under State law.

(vi) ambulatory detoxification services.

(vii) other such items and services as the Secretary may provide (but in no event to include meals and transportation).

(3) PREVENTION AND DIAGNOSIS.—In this title, the term “physician” means the individual’s primary care physician. The term “care coordinator” means an individual described in paragraph (1) (other than a care coordinator described in paragraph (2)); the term “care coordination” means the following:

(i) the provision of services to the individual in an ambulatory setting in accordance with the treatment plan and the goals for treatment under the plan, including emergency dental treatment and diagnostic services.

(ii) case management services, consisting of case management services, in cooperation with other staff and providers and in consultation with any quality review program or plan of care.

(iii) coordination of services, by the Secretary; and

(iv) diagnosis or active treatment of the individual’s condition, reasonably expected to improve or maintain the individual’s condition and functional level and to prevent relapse or hospitalization, and furnished pursuant to such guidelines relating to frequency and duration of services as the Secretary shall by regulation establish (taking into account accepted norms of medical practice and the reasonable expectation of patient improvement).

(4) ITEMS AND SERVICES INCLUDED AS PARTIAL HOSPITALIZATION SERVICES.—For purposes of subparagraph (B)(i), partial hospitalization services consist of the following:

(i) individual and group therapy with physicians or psychologists (or other mental health professionals to the extent authorized under State law).

(ii) occupational therapy requiring the skills of a qualified occupational therapist.

(iii) services of social workers, trained psychiatric nurses, behavioral aids, and other staff trained to work with psychiatric patients (to the extent authorized under State law).

(iv) drugs and biologicals furnished for therapeutic purposes (which cannot, as determined in accordance with regulations, be self-administered).

(v) individualized activity therapies that are not primarily recreational or diversionary.

(vi) family counseling (the primary purpose of which is treatment of the individual’s condition).

(vii) patient training and education (to the extent that training and educational activities are closely and clearly related to the individual’s care and treatment).

(viii) diagnostic services.

(D) PROGRAMS DESCRIBED.—A program described in paragraph (A) is a program (whether facility-based or freestanding) which is furnished by an entity—

(i) legally authorized to furnish such a program under State law (or the State regulatory mechanism provided by State law) or certified to furnish such a program by an appropriate accreditation entity approved by the Secretary, in consultation with the Secretary; and

(ii) meeting such other requirements as the Secretary may impose to assure the quality of the intensive community-based services provided.

(g) CARE COORDINATION SERVICES.—

(i) IN GENERAL.—In this title, the term “care coordination” means services provided by care coordinators (as defined in paragraph (2)) to individuals described in paragraph (3) for the coordination and monitoring of home and community-based long term care services to ensure appropriate, cost-effective utilization of such services in a comprehensive and continuous manner, and includes—

(A) transition management between inpatient facilities and community-based services, other than those described in subparagraph (D); and

(B) evaluating and recommending appropriate patient care services, in cooperation with patients and other providers and in conjunction with any quality review program or plan of care.

(ii) DIAGNOSIS OR TREATMENT OF THE INDIVIDUAL’S CONDITION.—The term “diagnosis or active treatment of an individual’s condition” means the following:

(A) diagnosis or active treatment of an individual’s condition, reasonably expected to improve or maintain the individual’s condition and functional level and to prevent relapse or hospitalization, and furnished pursuant to such guidelines relating to frequency and duration of services as the Secretary shall by regulation establish (taking into account accepted norms of medical practice and the reasonable expectation of patient improvement).

(B) CARE.—In this title, the term “care coordinator” means an individual or nonprofit or public agency or organization which the State health security program determines—

(i) is capable of performing directly, efficiently, and effectively the duties of a care coordinator described in paragraph (1); and

(ii) demonstrates capability in establishing and periodically reviewing and revising plans of care and in monitoring the provision and quality of services under any program.

(C) INDEPENDENCE.—State health security programs shall establish safeguards to assure that care coordinators have no financial interest in treatment decisions or placements. Care coordination may not be provided through any structure or mechanism through which quality review is performed.

(D) ELIGIBLE INDIVIDUALS.—An individual described in this paragraph is an individual described in section 1183 (relating to individual planning for long term and chronic care services).

(h) DENTAL SERVICES.—

(A) IN GENERAL.—In this title, subject to subparagraph (B), the term “dentist” means oral health care that is required as a direct result of, or would have a direct impact on, an underlying medical condition. Such term includes oral health care directed toward control or elimination of pain, infection, or reestablishment of oral function.

(B) MEDICALLY NECESSARY ORAL HEALTH CARE.—The term “medically necessary oral health care” means oral health care that is required as a direct result of, or would have a direct impact on, an underlying medical condition. Such term includes oral health care directed toward control or elimination of pain, infection, or reestablishment of oral function.

(C) REQUIREMENTS.—

(i) MEDICAL NECESSARY ORAL HEALTH CARE.—The term “medical necessity oral health care” means services that are reasonable and necessary for the diagnosis or treatment of a medical condition or condition that is directly related to, an underlying medical condition.

(ii) DIAGNOSIS OR TREATMENT OF THE INDIVIDUAL’S CONDITION.—The term “diagnosis or active treatment of an individual’s condition” means the following:

(A) diagnosis or active treatment of an individual’s condition, reasonably expected to improve or maintain the individual’s condition and functional level and to prevent relapse or hospitalization, and furnished pursuant to such guidelines relating to frequency and duration of services as the Secretary shall by regulation establish (taking into account accepted norms of medical practice and the reasonable expectation of patient improvement).

(B) CARE.—In this title, the term “care coordinator” means an individual or nonprofit or public agency or organization which the State health security program determines—

(i) is capable of performing directly, efficiently, and effectively the duties of a care coordinator described in paragraph (1); and

(ii) demonstrates capability in establishing and periodically reviewing and revising plans of care and in monitoring the provision and quality of services under any program.

(C) INDEPENDENCE.—State health security programs shall establish safeguards to assure that care coordinators have no financial interest in treatment decisions or placements. Care coordination may not be provided through any structure or mechanism through which quality review is performed.

(D) ELIGIBLE INDIVIDUALS.—An individual described in this paragraph is an individual described in section 1183 (relating to individual planning for long term and chronic care services).

(iii) MEDICAL NECESSARY ORAL HEALTH CARE.—The term “medically necessary oral health care” means services that are reasonable and necessary for the diagnosis or treatment of a medical condition or condition that is directly related to, an underlying medical condition.

(j) IMPLICATIONS.—In this title, the term “care coordinator” means an individual or nonprofit or public agency or organization which the State health security program determines—

(i) is capable of performing directly, efficiently, and effectively the duties of a care coordinator described in paragraph (1); and

(ii) demonstrates capability in establishing and periodically reviewing and revising plans of care and in monitoring the provision and quality of services under any program.

(k) LIMITATIONS.—In this title, the term “care coordinator” means an individual or nonprofit or public agency or organization which the State health security program determines—

(i) is capable of performing directly, efficiently, and effectively the duties of a care coordinator described in paragraph (1); and

(ii) demonstrates capability in establishing and periodically reviewing and revising plans of care and in monitoring the provision and quality of services under any program.

(l) ELIGIBLE INDIVIDUALS.—An individual described in this paragraph is an individual described in section 1183 (relating to individual planning for long term and chronic care services).

(m) MEDICAL NECESSARY ORAL HEALTH CARE.—The term “medically necessary oral health care” means services that are reasonable and necessary for the diagnosis or treatment of a medical condition or condition that is directly related to, an underlying medical condition.
CHILDREN.—Individuals 18 years of age or older determined (in a manner specified by the Board) to—

The system provides for the development and implementation of individualized treatment plans by multidisciplinary and multiagency teams, which are recognized and followed by the applicable agencies and providers in the area.

The system ensures the delivery and coordination of the range of mental health services and substance abuse treatment services required by individuals under 22 years of age who have a serious emotional disturbance or a substance abuse disorder.

The system provides for the management of the individualized treatment plans described in subparagraph (D) and for a flexible response to changes in treatment needs over time.

The system provides for the involvement of the families of children to whom mental health services and substance abuse treatment services are provided in the planning of treatment and the delivery of services.

The system provides services and substance abuse treatment services, to be provided in the least restrictive and most appropriate setting.

The system provides for the involvement of multiagency teams, which are recognized and followed by the applicable agencies and providers in the area.

The system provides for the involvement of the families of children to whom mental health services and substance abuse treatment services are provided in the planning of treatment and the delivery of services.

In applying subsection (a), the Board shall make national coverage determinations with respect to those services that are experimental in nature. Such determinations shall be made consistent with a process that provides for input from representatives of health care professionals and patients and public comment.

In the case of services for which the American Health Security Quality Council (established under section 1401) has recognized a national practice guideline, the services are considered to meet the standards specified in section 1101(a) if they have been provided in accordance with such guideline or in accordance with such guidelines as are provided by the State health security program consistent with subparagraph (E). For purposes of this subsection, a service shall be considered to have been provided in accordance with a practice guideline if the health care provider providing the service exercised appropriate professional discretion to deviate from the guideline in a manner authorized or anticipated by the guideline.

Specific limitations—

(a) Abuse of eyeglasses, contact lenses, hearing aids, and durable medical equipment.—Subject to section 1101(e), the Board may impose such limits relating to the dispensation of eyeglasses, contact lenses, hearing aids, and durable medical equipment to which individuals enrolled for benefits under this title are entitled, if such limits are made under authority of the Board as the Board deems appropriate.

(b) Overlap with preventive services.—The overlap with preventive services described in section 1101(a) (other than paragraph (3)) which also are preventive services are required to be covered only to the extent that they are required to be covered as preventive services.

Miscellaneous exclusions from covered services.—Covered services under this title do not include the following:

(A) Surgery and other procedures (such as orthodontia) performed solely for cosmetic purposes (as defined in regulations) and hospital, medical, or other services incident thereto, unless—

(i) required to correct a congenital anomaly;

(ii) required to restore or correct a part of the body which has been altered as a result of accidental injury, disease, or surgery; or

(iii) otherwise determined to be medically necessary and appropriate under section 1101(a).

(B) Personal comfort items or private rooms in inpatient facilities, unless determined to be medically necessary and appropriate under section 1101(a).

(C) The services of a professional practitioner if they are furnished in a hospital or other facility which is not a participating provider.

Miscellaneous exclusions from covered services.—Covered services under this title do not include the following:

(A) Surgery and other procedures (such as orthodontia) performed solely for cosmetic purposes (as defined in regulations) and hospital, medical, or other services incident thereto, unless—

(i) required to correct a congenital anomaly;

(ii) required to restore or correct a part of the body which has been altered as a result of accidental injury, disease, or surgery; or

(iii) otherwise determined to be medically necessary and appropriate under section 1101(a).

(B) Personal comfort items or private rooms in inpatient facilities, unless determined to be medically necessary and appropriate under section 1101(a).

(C) The services of a professional practitioner if they are furnished in a hospital or other facility which is not a participating provider.

(M) Nursing facility services and home health services.—Nursing facility services and home health services may require, as a condition of payment, that payment be made to providers, that meets the following:

(i) required to correct a congenital anomaly;

(ii) required to restore or correct a part of the body which has been altered as a result of accidental injury, disease, or surgery; or

(iii) otherwise determined to be medically necessary and appropriate under section 1101(a).

(M) Nursing facility services and home health services may require, as a condition of payment, that payment be made to providers, that meets the following:

(i) required to correct a congenital anomaly;

(ii) required to restore or correct a part of the body which has been altered as a result of accidental injury, disease, or surgery; or

(iii) otherwise determined to be medically necessary and appropriate under section 1101(a).

(N) The Board may impose such limits relating to the dispensation of eyeglasses, contact lenses, hearing aids, and durable medical equipment to which individuals enrolled for benefits under this title are entitled, if such limits are made under authority of the Board as the Board deems appropriate.

(N) The Board may impose such limits relating to the dispensation of eyeglasses, contact lenses, hearing aids, and durable medical equipment to which individuals enrolled for benefits under this title are entitled, if such limits are made under authority of the Board as the Board deems appropriate.
(A) Services to eligible persons will be furnished by the provider without discrimination on the ground of race, national origin, income, religion, age, sex or sexual orientation, or any other factor that is subject to the professional qualifications of the provider illness. Nothing in this sub-
paragraph shall be construed as requiring the provider to furnish services which are outside the scope of the
provider’s normal practice.

(b) No charge will be made for any covered services other than for payment authorized by
this title.

(C) The provider agrees to furnish such in-
formation as may be reasonably required by the Board or a State health security pro-
gram, in accordance with uniform reporting
standards established under section 1305(g)(1), for—

(1) quality review by designated entities;

(2) the making of payments under this
title (including the examination of records
as may be necessary for the verification of
information on which payments are based);

(3) statistical or other studies required
for the implementation of this title; and

(iv) such other purposes as the Board or
State may determine.

(D) The provider agrees not to bill the pro-
gram for any services for which benefits are
not available because of section 110(d).

(E) Such payments shall be made to an
individual, the provider agrees not to employ
or use for the provision of health services
any individual or other provider who or which has a participation agreement
under this subsection terminated for cause.

(F) In the case of a provider paid under a
fee-for-service basis under section 110, the
provider agrees to submit bills and any re-
quired support documentation relating to
the provision of covered services within 30
days (or such shorter period as a State
health security program may require) after
the date of providing such services.

2. TERMINATION OF PARTICIPATION AGREEMENTS.

(A) IN GENERAL.—Participation agreements
may be terminated, with appropriate no-
tice—

(i) by the Board or a State health security
program for failure to meet the requirements
of this title; or

(ii) by a provider.

(B) TERMINATION PROCESSES.—Providers shall
be provided notice and a reasonable oppor-
tunity to correct deficiencies before the
Board or a State health security program
terminates an agreement unless a more in-
mediate termination is required for public
safety or similar reasons.

SEC. 1202. QUALIFICATIONS FOR PROVIDERS.

(a) IN GENERAL.—A health care provider is
classified to be qualified to provide covered services if the provider is licensed or cert-
tified and meets—

(1) all the requirements of State law to
provide such services;

(2) applicable requirements of Federal law
to provide such services; and

(3) any applicable standards established
under subsection (b).

(b) MINIMUM PROVIDER STANDARDS.—

(1) IN GENERAL.—The Board shall establish,
evaluate, and update national minimum
standards to assure the quality of services
provided under this title and to monitor ef-
forts by State health security programs to
assure the quality of such services. A State
health security program may also establish
additional minimum standards which pro-
viders must meet.

(2) NATIONAL MINIMUM STANDARDS.—The na-
tional standards under subsection (b)

(1) shall be established for institutional pro-
viders of services, individual health care
practitioners, and comprehensive health
service organizations. Except as the Board
may specify in order to carry out this title,
a hospital, nursing facility, or other institu-
tion that is not a facility approved under sec-
tion 1510, shall meet the minimum stan-
dards for such a facility under the medicare
program under title XVIII of the Social Se-
curity Act. Such standards also may include
where appropriate, a reference to—

(A) adequacy and quality of facilities;

(B) training and competence of personnel
(including continuing education require-
ments);

(C) comprehensiveness of service;

(D) continuity of service;

(E) patient satisfaction (including waiting
time and satisfaction with provider);

(F) performance standards (including orga-
nization, facilities, structure of services, ef-
iciency of operation, and outcome in
palliation, improvement of health, stabiliza-
care, and rehabilitation).

(3) TRANSITION IN APPLICATION.—If the
Board provides for additional requirements
for providers under this subsection, any such
additional requirement shall be implemented
in a manner that provides for a reasonable
period during which a previously qualified
provider is permitted to meet such an addi-
tional requirement.

4. EXCHANGE OF INFORMATION.—The Board
shall provide for an exchange, at least annu-
ally, that will provide for the development of
programs of information with respect to quality
assurance and cost containment.

SEC. 1203. QUALIFICATIONS FOR COMPREHENSIVE
HEALTH SERVICE ORGANIZATIONS.

(a) IN GENERAL.—For purposes of this title,
a comprehensive health service organization
(in this section referred to as a “CHSO”) is
a public or private organization which, in re-
turn for a capitated payment amount, under-
takes to furnish, arrange for the provision of,
or provide services and physician services;

(1) a full range of health services (as iden-
tified by the Board), including at least hos-
pital services and physicians services; and

(2) out-of-area coverage in the case of ur-
getly needed services;

to an identified population which is living in
or near a specified service area and which en-
rolls voluntary in the organization.

(b) ENROLLMENT.—

(1) IN GENERAL.—All eligible persons living in
or near the specified service area of a
CHSO and eligible for the organiza-
tion; except that the number of enrollees
may be limited to avoid overtaxing the re-
sources of the organization.

(2) MINIMUM PERIOD.—Subject to paragraph (3), the minimum period of en-
rollment with a CHSO shall be twelve
months, unless the enrolled individual be-
comes ineligible to enroll with the organiza-
ion.

(3) WITHDRAWAL FOR CAUSE.—Each CHSO
shall permit an enrolled individual to disenroll from the organization for cause at
any time.

(c) REQUIREMENTS FOR CHSOs.—

(1) ACCESSIBLE SERVICES.—Each CHSO, to
the maximum extent feasible, shall make all
services readily and promptly accessible to
enrollees who live in the specified service
area.

(2) CONTINUITY OF CARE.—Each CHSO shall
furnish services in such manner as to provide
continuity of care and (when services are
furnished by different providers) shall pro-
vide coordination of services to such serv-
icises and at such times as may be medically
appropriate.

(3) BOARD OF DIRECTORS.—In the case of a
CHSO that is a private organization—

(A) CONSUMER REPRESENTATION.—At least
one-third of the members of the CHSO’s
board of directors must be consumer mem-
ers with no direct or indirect, personal or
family financial relationship to the organi-
ization.

(b) PROVIDER REPRESENTATION.—The
CHSO’s board of directors must include at
least one member who represents health care
providers.

(c) PATIENT GRIEVANCE PROGRAM.—Each
CHSO must have in effect a patient griev-
ance program and must conduct regular
surveys of the satisfaction of members with
services provided by or through the organi-
ization.

5. MEDICAL STANDARDS.—Each CHSO
must promulgate standards for health care practitioners associated with the
organization which will promulgate medical stand-
ards, oversee the professional aspects of the delivery of care, perform functions of a
pharmacy and drug therapeutics committee, and
monitor and review the quality of all
health services (including drugs, education,
and preventive services).

6. PREMIUMS.—Premiums or other charges
by a CHSO for any services not paid for
under this title must be reasonable.

7. UTILIZATION AND BONUS INFORMATION.—

Each CHSO must—

(A) comply with the requirements of sec-
tion 1876(o)(8) of the Social Security Act (re-
quiring the CHSO to provide information
plans that provide specific inducements to
reduce or limit medically necessary serv-
ices);

(B) make available to its membership utili-
zation information and data regarding finan-
cial performance, including bonus or incen-
tive payment arrangements to practitioners.

8. PROVISION OF SERVICES TO ALL PERSONS.

Each CHSO must provide for the marketing of its services (in-
cluding dissemination of marketing mate-
rials) to potential enrollees in a manner that
is designed to enroll individuals representa-
tive of the different population groups and
gender areas in accordance with the
organization’s population and meets such requirements as the
Board or a State health security program
may specify.

9. BROAD MARKETING.—Each CHSO must
provide for the marketing of its services (in-
cluding dissemination of marketing mate-
rials) to potential enrollees in a manner that
is designed to enroll individuals representa-
tive of the different population groups and
gender areas in accordance with the
organization’s population and meets such requirements as the
Board or a State health security program
may specify.

10. ADDITIONAL REQUIREMENTS.—Each
CHSO must meet—

(A) such requirements relating to min-
imum enrollment;

(B) such requirements relating to financial
solvency;

(C) such requirements relating to quality
and availability of care; and

(D) such other requirements, as the Board or
a State health security program
may specify.

11. PROVISION OF EMERGENCY SERVICES.

A CHSO must provide emergency services to persons who are not
enrolled in the organization. Payment for such services, if they are covered services to eligi-
bility, shall be made to the organiza-
tion unless the organization requests that it
be made to the individual provider who fur-
nished the services.

SEC. 1204. LIMITATION ON CERTAIN PHYSICIAN
REFERRALS.

(a) APPLICATION TO AMERICAN HEALTH SEC-
URITY PROGRAM.—Section 1877 of the Social Security Act, as amended by subsections (b)
and (c), shall apply under this title in the
same manner as it applies under title XVII of
the Social Security Act and in applying such section under this title any refer-
ences in such section to the Secretary or
Title XVIII of the Social Security Act are deemed references to the Board and the American Health Security Program under this title, respectively.

Title III—Uniform Reporting Standards; Annual Report; Studies

(1) | Uniform Reporting Standards—The Board shall establish uniform reporting requirements and standards to ensure an adequate national data base regarding health services practitioners, services and finances of State health security programs pursuant to this title. The Board shall annually report to Congress on the following: |
| | (A) the status of implementation of the Act; |
| | (B) enrollment under this title; |
| | (C) benefits under this title; |
| | (D) expenditures and financing under this title. |

Title V—Cost-containment Measures and Achievements

(1) | The President shall fill any vacancy in the membership of the Board in the same manner as the original appointment. The vacancy shall not affect the power of the remaining members to execute the duties of the Board. |
| (2) | The President may reappoint an appointed member of the Board for a second term in the same manner as the original appointment. A member who has served for 2 consecutive 6-year terms shall not be eligible for reappointment until 2 years after the member has ceased to serve. |
| (3) | The President shall annually report to Congress on the following: |
| (A) | the status of implementation of the Act; |
| (B) | enrollment under this title; |
| (C) | benefits under this title; |
| (D) | expenditures and financing under this title. |

Title VII—Executive Director

(1) | The President shall establish the position of Executive Director of the Board. The Director shall be appointed by the Board and shall serve as secretary to the Board and perform duties in the administration of this subtitle as the Board may assign. |
| (2) | The Board is authorized to delegate to the Director or to any other officer or employee of the Board or, with the approval of the Secretary of Health and Human Services, (and subject to reimbursement of identifiable costs), to any other officer or employee of the Department of Health and Human Services, any of its functions or duties under this title, other than: |
| (A) | the issuance of regulations; or |
| (B) | the determination of the availability of funds and their allocation to implement this title. |

Title VIII—Compensation

(1) | The Executive Director of the Board shall be entitled to compensation at a level equivalent to level III of the Executive Schedule, in accordance with the provisions of section 5313 of title 5, United States Code. |

Title IX—General Provisions

(a) | The Secretary of Health and Human Services shall annually report to Congress on the following: |
| | (A) the issuance of regulations; or |
| (b) | The Secretary of Health and Human Services shall annually report to Congress on the following: |
| | (A) the status of implementation of the Act; |
| | (B) enrollment under this title; |
| | (C) benefits under this title; |
| | (D) expenditures and financing under this title. |

Title X—Uniform Reporting Standards; Annual Report; Studies

(1) | The Board shall establish uniform reporting requirements and standards to ensure an adequate national data base regarding health services practitioners, services and finances of State health security programs pursuant to this title. The Board shall annually report to Congress on the following: |
| | (A) the status of implementation of the Act; |
| | (B) enrollment under this title; |
| | (C) benefits under this title; |
| | (D) expenditures and financing under this title. |
Executive Schedule, in accordance with section 3314 of title 5, United States Code.

(1) INSPECTOR GENERAL.—The Inspector General of the United States Department of Health and Human Services shall make available to the Board all information which may appear desirable.

(b) STAFF.—(1) The Board shall employ such staff as it considers necessary.

(c) ACCESS TO INFORMATION.—The Secretary of Health and Human Services shall make available to the Board all information available from sources within the Department or from other sources, pertaining to the duties of the Board.

SEC. 1302. AMERICAN HEALTH SECURITY ADVISORY COUNCIL.

(1) IN GENERAL.—The Board shall provide for an American Health Security Advisory Council (in this section referred to as the “Council”) to advise the Board on its activities.

(2) MEMBERSHIP.—The Council shall be composed of—

(a) the Chair of the Board, who shall serve as Chair of the Council; and

(b) twenty members, not otherwise in the employ of the United States, appointed by the Board without regard to the provisions of title 5, United States Code, governing appointments in the competitive service.

The appointed members shall include, in accordance with section (e), individuals who are representative of State health security programs, public health professionals, providers of health services, and individuals who have expertise in areas of the country who are representative of consumers of such services, including a balanced representation of employers, unions, consumer organizations, and population groups with special health care needs. To the greatest extent feasible, the membership of the Council shall represent the various geographic regions of the United States and shall reflect the racial, ethnic, and gender composition of the population of the United States.

(d) STAFF.—(1) Each appointed member of the Council shall hold office for a term of 4 years, except that—

(ii) any member appointed to fill a vacancy occurring during the term for which he or she was appointed shall hold office for the remainder of such term; and

(e)/terms of office shall expire, as designated by the Board at the time of appointment, 5 at the end of the first year, 5 at the end of the second year, 5 at the end of the third year, and 5 at the end of the fourth year after the date of enactment of this Act.

(f) VACANCIES.—(1) The Board shall fill any vacancy in the membership of the Council in the same manner as the original appointee. The vacancy shall not affect the power of the remaining members to execute the duties of the Council.

(2) VACANCY APPOINTMENT.—Any member appointed to fill a vacancy shall serve for the remainder of the term for which the predecessor of the member was appointed.

(3) REAPPOINTMENT.—The Board may reappoint a member of the Council for a second term in the same manner as the original appointment.

(g) QUALIFICATIONS.—(1) PUBLIC HEALTH REPRESENTATIVES.—Members of the Council who are representatives of State health security programs and public health professionals shall be individuals who have expertise in the financing and delivery of care under health programs.

(2) PROVIDERS.—Members of the Council who are representative of providers of health care shall be individuals who are outstanding in fields related to medical, hospital, or other health services, or who are representative of organizations or associations of professional health practitioners.

(3) CONSUMERS.—Members who are representative of consumers of health care in a position to inform the Board on the requirements of the appropriate segment of the population for personal health services, who are familiar with the needs of consumers for personal health services and are experienced in dealing with problems associated with the consumption of such services.

(h) DUTIES.

(1) IN GENERAL.—It shall be the duty of the Council—

(A) to advise the Board on matters of general policy in the administration of this title, in the formulation of regulations, and in the performance of its duties under section 1301; and

(B) to study the provisions of this title and the utilization of health services under it, with a view to recommending any changes in the administration of the Act or in its provisions which may appear desirable.

(2) REPORT.—The Council shall make an annual report to the Board on the performance of its functions, including any recommendations it may have with respect thereto, and the Board shall promptly transmit the report to the Congress, together with a report by the Board on any recommendations of the Council that have not been followed.

(3) MEETINGS.—The Council shall meet as frequently as the Board deems necessary, but not less than 4 times each year. Upon request of 7 or more members it shall be the duty of the Chair to call a meeting of the Council.

(i) COMPENSATION.—Members of the Council shall be reimbursed by the Board for travel and per diem in lieu of subsistence expenses during the performance of duties of the Board in accordance with subchapter I of chapter 51 of title 5, United States Code.

(j) FACIAL NERVOUSNESS.—The provisions of the Federal Advisory Committee Act shall not apply to the Council.

SEC. 1303. CONSULTATION WITH PRIVATE ENTITIES.

The Secretary and the Board shall consult with private entities, such as professional organizations, representatives of recognized associations of experts, medical schools and academic health centers, consumer groups, and labor and business organizations, to ensure the adequacy of recommendations, policy initiatives, and information gathering to assure the broadest and most informed input in the administration of this title. Nothing in this title shall prevent the Secretary from adopting guidelines developed by such a private entity if, in the Secretary’s judgment, such guidelines are generally accepted as reasonable and prudent and consistent with this title.

SEC. 1304. STATE HEALTH SECURITY PROGRAMS.

(a) SUBMISSION OF PLANS.—(1) IN GENERAL.—Each State shall submit to the Board a plan for a State health security program for providing for health care services to eligible individuals in the State in accordance with this title.

(2) REGIONAL PROGRAMS.—A State may join with one or more neighboring States to submit to the Board a plan for a regional health security program instead of separate State health security programs.

(b) REVIEW AND APPROVAL OF PLANS.—(1) IN GENERAL.—The Board shall review plans submitted under subsection (a) and determine whether such plans meet the requirements for approval. The Board shall not approve a plan unless a majority of the States signifying their approval of the plan (or State law) provides, consistent with the provisions of this title, for the following:—

(A) Payment for required health services for eligible individuals in the State in accordance with this title.

(B) Adequate administration, including the designation of a single State agency responsible for the administration (or supervision of the administration) of the program.

(C) The establishment of a State health security budget.

(D) Establishment of payment methodologies (consistent with part II of subtitle E).

(E) Assurances that individuals have the freedom to choose practitioners and other health care providers for services covered under this title.

(F) A procedure for carrying out long-term regional management of health care services that—

(i) ensures participation of consumers of health services and providers of health services; and

(ii) gives priority to the most acute shortages and maldistributions of health personnel and facilities, and the recognition of financial inadequacies in the delivery of covered services and to the means for the speedy alleviation of these shortcomings.

(G) The licensure and regulation of all health providers and facilities to ensure compliance with Federal and State laws and to promote quality of care.

(H) The establishment of an independent ombudsman for consumers to register complaints about the organization and administration of the State health security program and help resolve complaints and disputes between consumers and providers.

(I) Publication of an annual report on the operation of the State health security program which report shall include information on cost, progress towards achieving full enrollment, public access to health services, quality review, health outcomes, health professional training, and the health needs of medically underserved populations.

(J) Provision of a fraud and abuse prevention and control unit that the Inspector General shall establish.

(2) PAYMENT FOR ELIGIBLE INDIVIDUALS.—(A) IN GENERAL.—EACH STATE.—If the Board finds that a State plan submitted under paragraph (1) does not meet the
programs in the same manner as they apply to State medical assistance plans under title XIX of such Act (except that in applying such provisions any reference to the Secretary shall be to the Board's designee); (1) Section 1128 (relating to exclusion of individuals and entities); (2) Section 1128A (civil monetary penalties); (3) Section 1128B (criminal penalties). (4) Section 1124 (relating to disclosure of ownership and related information). (5) Section 1126 (relating to disclosure of certain owners).

SEC. 1311. REQUIREMENTS FOR OPERATION OF STATE HEALTH SECURITY PROGRAMS.

(a) REQUIREMENT.—In order to meet the requirement of section 130(b)(1)(A), each State health security program shall establish and maintain a health care fraud and abuse control unit (in this section referred to as a “fraud unit”) that meets requirements of this section and other requirements of the Board. Such a unit may be a State Medicaid fraud control unit (described in section 1902(o) of the Social Security Act).

(b) STRUCTURE OF UNIT.—The fraud unit must—

(1) be a single identifiable entity of the State government;

(2) be separate and distinct from the State agency with principal responsibility for the administration of the State health security program and meet the previous requirements of this section.

SEC. 1401. AMERICAN HEALTH SECURITY QUALITY COUNCIL.

(a) ESTABLISHMENT.—There is hereby established an American Health Security Quality Council (in this subtitle referred to as the “Council”).

(b) DUTIES OF THE COUNCIL.—The Council shall perform the following duties:

(1) PRACTICE GUIDELINES.—The Council shall review and approve the practice guideline developed under part B of title IX of the Public Health Service Act. The Council shall determine whether the guideline should be recognized as a national practice guideline to be used under section 1104(d) for purposes of determining payments under a State health security program.

(2) STANDARDS OF QUALITY, PERFORMANCE MEASURES, AND MEDICAL REVIEW CRITERIA.—The Council shall review and evaluate each State’s system of quality, performance measures, and medical review criterion developed under part B of title IX of the Public Health Service Act. The Council shall determine whether the standard, measure, or criterion is appropriate for use in assessing or reviewing the quality of services provided by State health security programs.

(3) CRITERIA FOR ENTITIES CONDUCTING QUALITY REVIEWS.—The Council shall develop minimum criteria for competence for entities conducting and continuous external quality review for State quality review programs under section 1403. Such criteria shall require such an entity to have—

(a) a structure that meets the requirements of this section;

(b) a practice guidelines that may affect the Board’s determination of coverage of services under title XIX of the Social Security Act.

(4) REPORTING.—The Council shall report to the Board annually on the conduct of activities under this section and shall report to the Board annually any information obtained from outcomes research and development of practice guidelines that may affect the Board’s determination of coverage of services under title XIX of the Social Security Act.

(5) OTHER FUNCTIONS.—The Council shall perform the functions of the Council described in section 1401.

(c) APPOINTMENT AND TERMS OF MEMBERS.—

(1) IN GENERAL.—The Council shall be composed of 10 members appointed by the President. The President shall first appoint individuals on a timely basis so as to provide for the operation of the Council by not later than January 1, 2010.

(2) SELECTION OF MEMBERS.—Each member of the Council shall be a member of a health...
profession. Five members of the Council shall be physicians. Individuals shall be appointed to the Council on the basis of national reputations for clinical and academic excellence. To the greatest extent feasible, the membership of the Council shall represent the various geographic regions of the United States and shall reflect the racial, ethnic, and gender composition of the population of the United States.

(3) TERMS OF MEMBERS.—Individuals appointed to the Council shall serve for a term of 5 years, and the terms of 4 of the individuals initially appointed shall be, as designated by the President at the time of their appointment, for 1, 2, 3, and 4 years.

(4) VACANCY APPOINTMENTS.—Any member appointed to fill a vacancy shall serve for the remainder of the term for which the predecessor of the member was appointed.

(3) REAPPOINTMENT.—The President may reappoint any member to the Council for a second term in the same manner as the original appointment. A member who has served for 2 consecutive 5-year terms shall not be eligible for reappointment until 2 years after the member has ceased to serve.

(e) CHAIR.—The President shall designate 1 of the members of the Council to serve at the will of the President as Chair of the Council.

(f) COMPENSATION.—Members of the Council who are not employees of the Federal Government shall be entitled to compensation at a level equal to level II of the Executive Schedule, in accordance with section 5313 of title 5, United States Code.

SEC. 1402. DEVELOPMENT OF CERTAIN METHODOLOGIES, GUIDELINES, AND STANDARDS.

(a) PROFILING OF PATTERNS OF PRACTICE; IDENTIFICATION OF OUTLIERS.—The Council shall adopt methodologies for profiling the patterns of practice of health care professionals and for identifying outliers (as defined in subsection (c)).

(b) CENTERS OF EXCELLENCE.—The Council shall develop guidelines for certain medical procedures designated by the Board to be performed in designated centers which can meet standards for frequency of procedure performance and intensity of support mechanisms that are consistent with the high probability of desired patient outcomes. The Council shall develop a methodology for identifying medical centers which—

(1) are capable of delivering high quality care; and

(2) are qualified to conduct quality reviews under the program, including inside case-review and outside case-review, in accordance with section 1402(c).

(c) QUALIFICATIONS.—An entity is not qualified to conduct quality reviews under this subsection (a) unless the entity satisfies the criteria for competence for such entities developed by the Under Secretary for Health and Human Services and meets all the standards established under paragraph (1). Positive improvements in quality shall be documented by reductions of utilization, clinical care process and improvement in patient outcomes.

(d) INTERNAL QUALITY REVIEW.—Nothing in this section shall preclude an institutional provider from establishing its own internal quality review and enhancement programs.

SEC. 1404. ELIMINATION OF UTILIZATION REVIEW PROGRAMS; TRANSITION.

(a) INTENT.—It is the intention of this title to replace by January 1, 2013, random utilization controls with a systematic review of patterns of practice that compromise the quality of care.

(b) SUPERSEeding CASE REVIEWS.—(1) IN GENERAL.—Subject to the succeeding provisions of this subsection, the program of quality review provided under the previous sections of this title supersedes all existing Federal requirements for utilization review programs, including requirements for random case-by-case reviews and programs requiring pre-certification of medical procedures on a case-by-case basis.

(2) TRANSITION.—Before January 1, 2013, the Board and the States may exercise existing utilization review and pre-certification authority to ensure an effective transition to pattern of practice-based reviews.

(3) CONSTRUCTION.—Nothing in this subsection shall be construed as requiring a pre-certification of medical procedures on a case-by-case basis.

(4) OUTLIER DEFINED.—In this title, the term ‘outlier’ means a health care provider whose pattern of practice, relative to applicable national comparative standards, significantly deviates from acceptable standards of practice; and

(ii) with respect to a provider who has been determined to be an outlier; or

(A) the adoption of practice guidelines (whether developed by the Federal Government or other entities); and

(b) the identification of outliers (consistent with methodologies adopted under section 1402(a));

(c) the development of remedial programs and monitoring for outliers; and

(d) the application of sanctions (consistent with the standards developed under section 1402(c)).

(2) STATE DISCRETION.—A State may apply subsection (a) standards other than those established under paragraph (1) so long as the State demonstrates to the satisfaction of the Council on an annual basis that the standards applied have been as efficacious in promoting and maintaining quality of care as the application of the standards established under paragraph (1). Positive improvements in quality shall be documented by reductions of clinical care process and improvement in patient outcomes.

(c) QUALIFICATIONS.—An entity is not qualified to conduct quality reviews under this subsection (a) unless the entity satisfies the criteria for competence for such entities developed by the Council under this section.

(d) INTERNAL QUALITY REVIEW.—Nothing in this section shall preclude an institutional provider from establishing its own internal quality review and enhancement programs.

SEC. 1405. STATE QUALITY REVIEW PROGRAMS.

(a) REQUIREMENT.—In order to meet the requirement of section 404(b)(1)(H), each State health security program shall establish 1 or more qualified entities to conduct quality reviews of the provision of covered health care services under the program, in accordance with standards established under subsection (b)(1) (except as provided in subsection (b)(2)) and subsection (c).

(b) FEDERAL STANDARDS.—(1) IN GENERAL.—The Council shall establish standards with respect to—

(A) the adoption of practice guidelines (whether developed by the Federal Government or other entities); and

(B) the identification of outliers (consistent with methodologies adopted under section 1402(a));

(2) STATE DISCRETION.—A State may apply subsection (a) standards other than those established under paragraph (1) so long as the State demonstrates to the satisfaction of the Council on an annual basis that the standards applied have been as efficacious in promoting and maintaining quality of care as the application of the standards established under paragraph (1). Positive improvements in quality shall be documented by reductions of clinical care process and improvement in patient outcomes.

(c) QUALIFICATIONS.—An entity is not qualified to conduct quality reviews under this subsection (a) unless the entity satisfies the criteria for competence for such entities developed by the Council under this section.

(d) INTERNAL QUALITY REVIEW.—Nothing in this section shall preclude an institutional provider from establishing its own internal quality review and enhancement programs.

SEC. 1406. STATE HEALTH SECURITY BUDGET;

(a) NATIONAL HEALTH SECURITY BUDGET.—(1) IN GENERAL.—By not later than September 1, the Board shall establish a national health security budget, which—

(A) specifies the total expenditures (including expenditures for administrative costs) to be made by the Federal Government and the States for covered health care services under this title; and

(B) allocates those expenditures among the States consistent with section 1504.

Pursuant to subsection (b), such budget for a year shall not exceed the budget for the preceding year increased by the percentage increase in gross domestic product.

(2) DIVISION OF BUDGET INTO COMPONENTS.—The national health security budget shall consist of at least 4 components:

(A) A component for quality assessment activities (consistent with the national health security spending growth limit); and

(B) A component for health professional education expenditures.

(C) A component for administrative costs.

(D) A component in this subtitle referred to as the ‘‘operating component’’ for operating expenses of other entities described in subparagraphs (A) through (C), consisting of amounts not included in the other components. A State may provide for the allocation of this component between capital expenditures and other expenditures.

(3) ALLOCATION AMONG COMPONENTS.—Taking into account the State health security budgets established under section 1503, the Board shall allocate the national health security budget among the components in a manner that—

(A) assures a fair allocation for quality assessment activities (consistent with the national health security spending growth limit); and

(B) assures that the health professional education expenditure component is sufficient to provide for the amount of health professional education expenditures sufficient to meet the needs for covered health care services (consistent with the national health security spending growth limit under subsection (b)(2)).

(b) BASIS FOR TOTAL EXPENDITURES.—(1) IN GENERAL.—The total expenditures specified in such budget shall be the sum of the capitation amounts computed under section 1502(a) and the amount of Federal administrative expenditures needed to carry out this title.

(2) NATIONAL HEALTH SECURITY SPENDING GROWTH LIMIT.—For purposes of this part, the national health security spending growth limit described in this paragraph for a year is calculated as the sum of the national health security spending growth limit for the previous year minus the percentage increase (if any) in the amount of eligible individuals residing in any State the United States' national health security spending growth limit for the first quarter of the previous year minus the percentage increase (if any) in the number of eligible individuals residing in any State the United States' national health security spending growth limit for the first quarter of the second previous year to the first quarter of the previous year.

(c) DEFINITIONS.—In this title—

(1) CAPITAL EXPENDITURES.—The term ‘‘capital expenditures’’ means expenses for the purchase, lease, construction, or renovation of capital facilities and for equipment and other capital assets necessary to carry out this title.

(2) HEALTH PROFESSIONAL EDUCATION EXPENDITURES.—The term ‘‘health professional education expenditures’’ means expenses for the health professional education component established under this part.
education expenditures” means expenditures in hospitals and other health care facilities to cover costs associated with teaching and related research activities.

SEC. 1502. ESTABLISHMENT OF INDIVIDUAL AND STATE CAPITATION AMOUNTS.

(a) CAPITATION AMOUNTS.—

(1) INDIVIDUAL CAPITATION AMOUNTS.—In establishing the national health security budget under section 1501(a) and in computing the national average per capita cost under section 1501(b)(1), the Board shall establish a method for computing the capitation amount for each eligible individual residing in a State. The capitation amount for an eligible individual in a State classified within a risk group (established under subsection (d)(2)) is the product of—

(A) a national average per capita cost for all covered health care services (computed under subsection (b));
(B) the State adjustment factor (established under subsection (c) for the State; and
(C) the risk adjustment factor (established under subsection (d) for the risk group.

(2) STATE CAPITATION AMOUNT.—

(A) IN GENERAL.—For purposes of this title, the term “State capitation amount” means, for a State for a year, the sum of the capitation amounts under paragraph (1) for all the residents of the State in the year, as estimated by the Board before the beginning of the year involved.

(B) USE OF STATISTICAL MODEL.—The Board may provide for the computation of State capitation amounts based on statistical models that fairly reflect the elements that comprise the State capitation amount described in subparagraph (A).

(C) POPULATION INFORMATION.—The Bureau of the Census shall assist the Board in determining the national average per capita cost, and risk group classification of eligible individuals.

(b) COMPUTATION OF NATIONAL AVERAGE PER CAPITA COST.

(1) FOR 2010.—For 2010, the national average per capita cost under this paragraph is equal to—

(A) the average per capita health care expenditures in the United States in 2008 (as estimated by the Board);
(B) increased by the Board’s estimate of the actual amount of such per capita expenditures during 2009 and
(C) updated to 2010 by the national health security spending growth limit specified in section 1501(b) in 2010.

(2) FOR SUCCEEDING YEARS.—For each succeeding year, the national average per capita cost under this subsection is equal to the national average per capita cost computed under this subsection for the previous year increased by the national health security spending growth limit specified in paragraph (1) not later than June 1 before the year involved.

(c) STATE ADJUSTMENT FACTORS.—

(1) IN GENERAL.—Subject to the succeeding paragraph, the Board shall develop for each State a factor to adjust the national average per capita costs to reflect differences between the State and the United States in—

(A) average labor and nonlabor costs that are necessary to provide covered health services;
(B) any social, environmental, or geographic condition affecting health status or the need for health care services, to the extent such a condition is not taken into account in the establishment of risk groups under subsection (d); and
(C) the geographic distribution of the State’s population, particularly the proportion of the population residing in medically underserved areas, to the extent such a condition is not taken into account in the establishment of risk groups under subsection (d).

(2) PERIODIC ADJUSTMENT.—In establishing the national health security budget before the beginning of each year, the Board shall provide for appropriate adjustments in the State adjustment factors under this subsection.

(d) ADJUSTMENTS FOR RISK GROUP CLASSIFICATION.

(1) IN GENERAL.—The Board shall develop an adjustment factor to the national average per capita costs under subsection (c) for individuals classified in each risk group (as designated under paragraph (2)) to reflect the relative actual average per capita costs of health services of the different States as of the time of enactment of this title.

(2) RISK GROUPS.—The Board shall designate a series of risk groups, determined by the Board, that includes such factors as represent distinct patterns of health care services utilization and costs.

(e) STATE SECURITY BUDGETS.

(1) IN GENERAL.—In establishing the national health security budget before the beginning of each year, the Board shall provide for appropriate adjustments in the risk adjustment factors under this subsection.

SEC. 1503. STATE CAPITATION AMOUNTS.

(a) ESTABLISHMENT AND SUBMISSION OF BUDGETS.—

(1) IN GENERAL.—Each State health security program shall establish and submit to the Board for each year proposed and a final State health security budget, which specifies the following:

(A) The total expenditures (including expenditures for administrative costs) to be made under the program in the State for the provision of comprehensive health care services under this title, consistent with subsection (b), broken down as follows:

(i) By the 4 components (described in section 1501(a)(2)), consistent with subsection (b).

(ii) Within the operating component—

(i) expenditures for operating costs of hospitals and other facility-based services in the State;

(ii) expenditures for payment to comprehensive health care service organizations;

(iii) expenditures for payment of services provided by health care practitioners; and

(iv) expenditures for other covered items and services.

Amounts included in the operating component include amounts that may be used by providers for capital expenditures.

(B) The total revenues required to meet the State health security budget under section 1501 for the year.

(c) LIMIT ON CLAIMS PROCESSING AND BILLING EXPENDITURES.—Each State health security budget shall provide that State administrative expenditures, including expenditures for claims processing and billing, shall not exceed 3 percent of the total expenditures under the State health security program, unless the budget may be used for purposes of providing assistance to workers who are currently performing functions in the administration of the health insurance system and who may experience economic dislocation as a result of the implementation of the program.

(d) APPROVAL PROCESS FOR CAPITAL EXPENDITURES PERMITTED.—Nothing in this subsection shall be construed as preventing a State health security program from providing for a process for the approval of capital expenditures based on information derived from regional planning agencies.

SEC. 1504. FEDERAL PAYMENTS TO STATES.

(a) IN GENERAL.—Each State with an approved State health security program is entitled to an allocation from the American Health Security Trust Fund, on a monthly basis each year, of an amount equal to one-twelfth of the product of—

(A) the State capital expenditure amount (computed under section 1502(a)(2)) for the State for the year; and

(B) the Federal contribution percentage (established under subsection (d)).

(b) FEDERAL CONTRIBUTION PERCENTAGE.—The Board shall establish a formula for the number of eligible individuals, the number of eligibles residing in medically underserved areas, and the number of eligibles residing in medically underserved areas, to the extent such a condition is not taken into account in the establishment of risk groups under subsection (d); and
(D) any other factor relating to operating costs required to assure equitable distribution of funds among the States.

(2) MODIFICATION OF HEALTH PROFESSIONAL EDUCATION COMPONENT.—With respect to the portion of the national health security budget allocated for professional education, the Board shall modify the State adjustment factors so as to take into account—

(A) differences among States in health professional education programs in operation as of the date of the enactment of this title; and

(B) differences among States in their relative need for expenditures for health professional education, taking into account the health professional education expenditures proposed in State health security budgets under section 1503(a).

(3) BUDGET NEUTRALITY.—The State adjustment factors, as modified under paragraph (2), shall be applied under this subsection in a manner that results in neither an increase nor a decrease in the total amount of the Federal contributions to all State health security programs by virtue of the application of such factors.

(4) PHASE-IN.—In applying State adjustment factors under this subsection during the period from 2009 through 2010, the Board shall phase-in, over such period, the use of factors described in paragraph (1) in a manner so that the adjustment factor for a State is based on a blend of such factors and a factor that reflects the relative actual average per capita costs of health services of the different States as of the time of enactment of this title.

(5) PERIODIC ADJUSTMENT.—In establishing the national health security budget before the beginning of each year, the Board shall provide for appropriate adjustments in the State adjustment factors under this subsection.

SEC. 1505. STATE HEALTH SECURITY BUDGETS.

(a) ESTABLISHMENT AND SUBMISSION OF BUDGETS.—

(1) IN GENERAL.—Each State health security program shall establish and submit to the Board for each year a proposed and a final health security budget, which specifies the following:

(A) The total expenditures (including expenditures for administrative costs) to be made under the program in the State for the provision of comprehensive health care services under this title, consistent with subsection (b), broken down as follows:

(i) By the 4 components (described in section 1501(a)(2)), consistent with subsection (b).

(ii) Within the operating component—

(i) expenditures for operating costs of hospitals and other facility-based services in the State;
establishment of a Federal contribution percentage for each State. Such formula shall take into consideration a State’s per capita income and revenue capacity and such other relevant information and faciltiy-based care, including institutional and facility-based care, as the Board determines to be appropriate. In addition, during the 5-year period beginning with 2010, the Board shall provide for a transition adjustment to the formula in order to take into account current expenditures by the State (and local governments thereof) for health services provided under the State health security program. The weight-averaged Federal contribution percentage for all States shall equal 86 percent and in no event shall such percentage be less than 81 percent nor more than 91 percent.

(c) USE OF PAYMENTS.—All payments made under this section may only be used to carry out the State health security program. 

(d) EFFECT OF SPENDING EXCESS OR SURPLUS.—

(1) SPENDING EXCESS.—If a State exceeds its budget in a given year, the State shall continue to fund covered health services from its own revenues. 

(2) SURPLUS.—If a State provides all covered health services for less than the budgeted amount for a year, it may retain its Federal payment for that year in amounts consistent with this title.

SEC. 1505. ACCOUNT FOR HEALTH PROFESSIONAL EDUCATION EXPENDITURES.

(a) SEPARATE ACCOUNT.—Each State health security program shall—

(1) include a separate account for health professional education expenditures; and

(2) in a general manner, consistent with subsection (b), in which such expenditures are to be distributed among different types of institutions and the different areas of the State.

(b) DISTRIBUTION RULES.—The distribution of funds from the account must take into account higher costs of training health professional students in clinical education programs in health professional shortage areas.

PART II—PAYMENTS BY STATES TO PROVIDERS

SEC. 1510. PAYMENTS TO HOSPITALS AND OTHER FACILITY-BASED SERVICES FOR OPERATING EXPENSES ON THE BASIS OF APPROVED GLOBAL BUDGETS.

(a) DIRECT PAYMENT UNDER GLOBAL BUDGET.—Payment for operating expenses for institutions or facilities in proportion to the number of hospital services and nursing facility services, under State health security programs shall be made directly to each institution or facility by each State health security program under an annual prospective global budget approved under the program. Such a budget shall include payment for outpatient care and non-facility-based care that is furnished by or through the facility. In the case of a hospital that is wholly owned (or controlled) by a comprehensive health service organization that is paid under section 1513 on the basis of a global budget, the global budget of the organization shall include the budget provided for under this section.

(b) ANNUAL NEGOTIATIONS; BUDGET APPROVAL.—

(1) IN GENERAL.—The prospective global budget for an institution or facility shall—

(A) be developed through annual negotiations between—

(i) a panel of individuals who are appointed by the Governor of the State and who represent consumers, labor, business, and the State government; and

(ii) the institution or facility; and

(B) be based on a nationally uniform system of cost accounting established under standards of the Board.

(2) EFFECT OF NEGOTIATION.—In developing a budget through negotiations, there shall be taken into account at least the following:

(A) With respect to inpatient hospital services, the number, and classification by diagnosis-related group, of discharges.

(B) An institution’s or facility’s past expenditures for health professional education.

(C) The extent to which debt service for capital expenditures has been included in the proposed operating budget.

(D) The extent to which capital expenditures are financed directly or indirectly through reductions in direct care to patients, including (but not limited to) reductions in staff, restrictions on the type and number of services, or changes in emergency room or primary care services or availability.

(E) Change in the consumer price index and other price indices.

(F) The cost of reasonable compensation to health care practitioners.

(G) The compensation level of the institution’s or facility’s workforce.

(H) The extent to which the institution or facility is providing health care services to meet the needs of residents in the area served by the institution or facility, including the institution’s or facility’s occupancy level.

(I) The institution’s or facility’s previous financial performance, based on utilization and outcomes data provided under this title.

(J) The type of institution or facility, including whether the institution or facility is part of a clinical education program or serves a health professional education, research or other training purposes.

(K) Technological advances and changes.

(L) Costs of the institution or facility associated with meeting Federal and State regulations.

(M) The costs associated with necessary public outreach activities.

(N) In the case of a for-profit facility, a reasonable rate of return on equity capital, independent of the operating expenses necessary to fulfill the objectives of this title.

(O) Incentives to facilities that maintain costs below previous reasonable budgeted levels without reducing the care provided.

(P) With respect to facilities that provide mental health services and substance abuse treatment services, any additional costs incurred in the treatment of dually diagnosed individuals.

The portion of such a budget that relates to expenditures for health professional education shall be determined by the Board, in consultation with the State health security program for covered health services for an enrollee, based on actuarial

(a) FEE FOR SERVICE.—

(1) IN GENERAL.—Every independent health care practitioner is entitled to be paid, for the provision of health care services under the State health security program, a fee for each billable covered service.

(b) PAYMENT BASED ON NEGOTIATED PROSPECTIVE FEE SCHEDULES.—The Board shall establish models and encourage State health security programs to implement alternative payment methodologies that incorporate global fees for related services (such as all outpatient procedures for treatment of a condition) or for a basic group of services (such as primary care services) furnished to an individual over a period of time, in order to encourage continuity and efficiency in the provision of services. Such methodologies shall be designed to ensure a high quality of care.

(3) BILLING DEADLINES; ELECTRONIC BILLING.—A State health security program may deny payment for any service of an independent health care practitioner by which it did not receive a bill and appropriate supporting documentation (which had been previously specified) within 30 days after the date the service was provided. Such a program may require that bills for services for which payment may be made under this section, or for any class of such services, be submitted electronically.

(b) PAYMENT RATES BASED ON NEGOTIATED PROSPECTIVE FEE SCHEDULES.—With respect to any payment methodology for a class of services of practitioners, the State health security program shall establish, on a prospective basis, a payment schedule. The State health security program may establish such a schedule after negotiations with organizations representing the practitioners involved. Such fee schedules shall be designed to provide incentives for practitioners to choose primary care medicine, including general internists and pediatrics, and to improve the quality of care. In this section shall be construed as preventing a State from adjusting the payment schedule amounts on a quarterly or other periodic basis by more than 10 percent. The payment schedule amounts under the schedule will exceed the budgeted amount with respect to such expenditures.

(c) BILLABLE COVERED SERVICE DEFINED.—In this section, the term “billable covered service” means a service covered under section 1101 for which a practitioner is entitled to compensation by payment of a fee determined under this section.

SEC. 1512. PAYMENTS TO COMPREHENSIVE HEALTH SERVICE ORGANIZATIONS.

(a) IN GENERAL.—Payment under a State health security program to a comprehensive health service organization to its enrollees shall be determined by the State—

(1) based on a global budget described in section 1510; or

(2) based on the basic capitation amount described in subsection (b) for each of its enrollees.

(b) BASIC CAPITATION AMOUNT.—

(1) IN GENERAL.—The basic capitation amount described in subsection (a) for an enrollee shall be determined by the State health security program on the basis of the average amount of expenditures that would have been made for health professional education costs for covered health services for an enrollee, based on actuarial

SEC. 1511. PAYMENTS TO HEALTH CARE PRACTITIONERS BASED ON PROSPECTIVE FEE SCHEDULES.

(a) FEE FOR SERVICE.—

(1) IN GENERAL.—Every independent health care practitioner is entitled to be paid, for the provision of health care services under the State health security program, a fee for each billable covered service.

(b) PAYMENT BASED ON NEGOTIATED PROSPECTIVE FEE SCHEDULES.—The Board shall establish models and encourage State health security programs to implement alternative payment methodologies that incorporate global fees for related services (such as all outpatient procedures for treatment of a condition) or for a basic group of services (such as primary care services) furnished to an individual over a period of time, in order to encourage continuity and efficiency in the provision of services. Such methodologies shall be designed to ensure a high quality of care.

(3) BILLING DEADLINES; ELECTRONIC BILLING.—A State health security program may deny payment for any service of an independent health care practitioner by which it did not receive a bill and appropriate supporting documentation (which had been previously specified) within 30 days after the date the service was provided. Such a program may require that bills for services for which payment may be made under this section, or for any class of such services, be submitted electronically.

(b) PAYMENT RATES BASED ON NEGOTIATED PROSPECTIVE FEE SCHEDULES.—With respect to any payment methodology for a class of services of practitioners, the State health security program shall establish, on a prospective basis, a payment schedule. The State health security program may establish such a schedule after negotiations with organizations representing the practitioners involved. Such fee schedules shall be designed to provide incentives for practitioners to choose primary care medicine, including general internists and pediatrics, and to improve the quality of care. In this section shall be construed as preventing a State from adjusting the payment schedule amounts on a quarterly or other periodic basis by more than 10 percent. The payment schedule amounts under the schedule will exceed the budgeted amount with respect to such expenditures.

(c) BILLABLE COVERED SERVICE DEFINED.—In this section, the term “billable covered service” means a service covered under section 1101 for which a practitioner is entitled to compensation by payment of a fee determined under this section.
characteristics (as defined by the State health security program).

(2) ADJUSTMENT FOR SPECIAL HEALTH NEEDS.—The State health security program shall adjust such average amounts to take into account the special health needs, including a disproportionate number of medically underserved individuals, of populations served by the State health security program.

(3) ADJUSTMENT FOR SERVICES NOT PROVIDED.—The State health security program shall adjust such average amounts to take into account the cost of covered health care services that are not provided by the comprehensive health service organization under section 1203(a).

SEC. 1513. PAYMENTS FOR COMMUNITY-BASED PRIMARY HEALTH SERVICES.

(a) IN GENERAL.—In the case of community-based primary health services, subject to subsection (b), payments under a State health security program shall—

(1) be based on a global budget described in section 1510;

(2) be based on the basic primary care capitation amount described in subsection (c) for each individual enrolled with the provider of such services; or

(3) be made on a fee-for-service basis under section 1511.

(b) PAYMENT ADJUSTMENT.—Payments under paragraph (a) may include, consistent with the budgets developed under this title—

(1) an additional amount, as set by the State health security program, to cover the costs of services provided to persons not covered by this title whose health care is essential to overall community health and the control of communicable disease and for whom the cost of such care is otherwise uncompensated;

(2) an additional amount, as set by the State health security program, to cover the reasons and adjustments described in section 1515(b), for such care furnished under this title, that is necessary for the maintenance or restoration of health or of employability or self-management of such persons;

(3) a capitation amount as defined by the State health security program on the basis of the average amount of expenditures that is estimated would be made under the State health security program for such an enrollee, based on actuarial characteristics (as defined by the State health security program).

(4) ADJUSTMENT FOR SPECIAL HEALTH NEEDS.—The State health security program shall adjust such average amounts to take into account the special health needs of the populations served, including a disproportionate number of medically underserved individuals, of populations served by the provider.

(5) ADJUSTMENT FOR SERVICES NOT PROVIDED.—The State health security program shall adjust such average amounts to take into account the cost of community-based primary health services that are not provided by the provider.

SEC. 1514. PAYMENTS FOR PRESCRIPTION DRUGS.

(a) Establishment of List.—The Board shall establish a list of approved prescription drugs and biologicals that the Board determines are necessary for the maintenance or restoration of health or of employability or self-management and eligible for coverage under this title.

(b) Exclusions.—The Board may exclude reimbursement for ineffective, unsafe, or overpriced products where better alternatives are determined to be available.

(c) CHARGES BY INDEPENDENT PHARMACIES.—Each State health security program shall provide for payment for a prescription drug or biological covered under this title, for insulin, and for medical foods, the Board shall from time to time determine a product price which shall constitute the maximum to be recognized under this title as the cost of a drug to a provider thereof. The Board may conduct negotiations, on behalf of State health security programs, with product manufacturers and distributors in determining the applicable product price or prices.

(d) Adjustment for Services Not Provided.—Under subsection (a), the State health security program may adjust the product price or prices which shall constitute the maximum to be recognized under this title as the cost of a drug to a provider thereof. The Board may conduct negotiations, on behalf of State health security programs, to cover the costs of services provided to persons not covered by this title whose health care is essential to overall community health and the control of communicable disease and for whom the cost of such care is otherwise uncompensated.

SEC. 1515. PAYMENTS FOR APPROVED DEVICES AND EQUIPMENT.

(a) Establishment of List.—The Board shall establish a list of approved durable medical equipment and therapeutic devices and equipment (including eyeglasses, hearing aids, and prosthetic appliances), for localities and for individuals, for which the Board determines are necessary for the maintenance or restoration of health, or of employability or self-management, and eligible for coverage under this title, that are appropriate services in underserved areas, particularly in rural and inner-city, underserved areas.

SEC. 1516. PAYMENTS FOR OTHER ITEMS AND SERVICES.

In the case of payment for other covered health service, payment under a State health security program shall be established by the program—

SEC. 1517. PAYMENT INCENTIVES FOR MEDICALLY UNDERSERVED AREAS.

(a) Model Payment Methodologies.—In addition to the payment amounts otherwise provided in this title, the Board shall establish model payment methodologies that promote the provision of covered health care services in medically underserved areas, particularly in rural and inner-city, underserved areas.

(b) Construction.—Nothing in this subtitle shall be construed as limiting the authority of State health security programs to provide additional incentives, consistent with the State health security budget, to encourage the provision of medically necessary and appropriate services in underserved areas.

SEC. 1518. AUTHORITY FOR ALTERNATIVE PAYMENT METHODOLOGIES.

A State health security program, as part of its plan under section 130(a), may use a payment methodology other than a methodology required under this part so long as—

(1) such payment methodology does not affect the entitlement of individuals to coverage, and does not result in lower payment to encourage an increase in the number of primary care providers, the ability of individuals to choose among qualified providers, the benefits covered under the program, or the compliance of the program with the State health security budget under part I;

(2) the program submits periodic reports to the Board showing the effectiveness of the alternative methodology, in order for the Board to evaluate the appropriateness of applying the alternative methodology to other States.

PART III—MANDATORY ASSIGNMENT AND ADMINISTRATIVE PROVISIONS

SEC. 1520. MANDATORY ASSIGNMENT.

(a) No Balance Billing.—Payments for benefits under this title shall constitute payment in full for such benefits and the entity furnishing an item or service whose payment is made under this title shall accept such payment as payment in full for the item or service and may not accept any payment for any other item or service other than accepting payment from the State health security program in accordance with this title.

(b) Enforcement.—If an entity knowingly and willfully bills for an item or service accepted for payment in violation of subsection (a), the Board may impose sanctions against the entity as determined by the Board, and the Board shall notify the entity in writing of its decision and the basis for that decision.

SEC. 1521. PROCEDURES FOR REIMBURSEMENT; APPEALS.

(a) Procedures for Reimbursement.—In accordance with standards issued by the Board, a State health security program shall establish a timely and administratively simple process for the review of payment claims by providers under this title.

(b) Appeals Process.—Each State health security program shall establish a streamlined process to handle all grievances pertaining to payment to providers under this title.
the same manner as they applied to the Federal Hospital Insurance Trust Fund under part A of title XVIII of such Act, except that the American Health Security Standards Board shall coordinate the Board of Trustees of the Trust Fund.

(d) TRANSFER OF FUNDS.—Any amounts remaining in the Initial Insuring Trust Fund or the Federal Supplementary Medical Insurance Trust Fund after the settlement of claims for payments under title XVII of such Act shall be transferred into the American Health Security Trust Fund.

PART II—TAXES BASED ON INCOME AND WAGES

SEC. 1533. PAYROLL TAXES ON EMPLOYERS.

(a) IN GENERAL.—Section 3111 (relating to tax on employers) is amended by redesignating subsection (c) as subsection (d) and inserting after subsection (b) the following new subsection:

"(c) HEALTH CARE.—In addition to other taxes, there is hereby imposed on every employer an excise tax, with respect to having individuals in his employ, equal to 8.7 percent of the wages (as defined in section 3401(a)(1)) paid by the employer in employment (as defined in section 3121(b))."

(b) SELF-EMPLOYMENT INCOME.—Section 1401 (relating to rate of tax on self-employment income) is amended by redesignating subsection (c) as subsection (d) and inserting after subsection (b) the following new subsection:

"(c) HEALTH CARE.—In addition to other taxes, there shall be imposed for each taxable year, on the self-employment income of every individual, a tax equal to 8.7 percent of the amount of the self-employment income for such taxable year.

(c) COMPARABLE TAXES FOR RAILROAD SERVICE.

(1) TAX ON EMPLOYERS.—Section 3221 is amended by redesignating subsection (c) as subsections (d) and inserting after subsection (b) the following new paragraph:

"(c) HEALTH CARE.—In addition to other taxes, there is hereby imposed on every employer an excise tax, with respect to having individuals in his employ, equal to 8.7 percent of the compensation paid by such employer for services rendered to such employer."

(2) TAX ON EMPLOYEE REPRESENTATIVES.—Section 3221 (relating to tax on employee representatives) is amended by redesignating subsection (c) as subsection (d) and inserting after subsection (b) the following new paragraph:

"(c) HEALTH CARE.—In addition to other taxes, there is hereby imposed on every employee benefit plan the tax imposed by this section.

(d) EFFECTIVE DATE.—The amendments made by this section shall apply to remuneration paid after December 31, 2010.

SEC. 1536. HEALTH CARE INCOME TAX.

(a) SUBJECT TO TAX.—For purposes of this section, the tax imposed by this section shall be treated as imposed by section 1."

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to any arrangement forming a part of a State health security program established pursuant to section 1001(b) of the American Health Security Act of 2009.

SEC. 1601. ERISA INAPPLICABLE TO HEALTH COVERAGE ARRANGEMENTS UNDER STATE HEALTH SECURITY PROGRAMS.

Section 4 of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1003) is amended—

(1) in subsection (a), by striking ‘‘(b)’’ and inserting ‘‘(b), (c), (d), and (e)’’;

(2) by adding at the end the following new subsection:

"(f) The provisions of this title shall not apply to any arrangement forming a part of a State health security program established pursuant to section 1001(b) of the American Health Security Act of 2009.’’.

SEC. 1602. EXEMPTION OF STATE HEALTH SECURITY PROGRAMS FROM ERISA PRE-EMPTION.

Section 514(b) of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1144(b)) (as amended by sections 174(b)(3)(B) and 182(b) of this title) is amended by adding at the end the following new paragraph:

"(8) Subsection (a) of this section shall not apply to a State health security program established pursuant to section 1001(b) of the American Health Security Act of 2009.’’.

SEC. 1603. PROHIBITION OF EMPLOYEE BENEFITS Duplicative of Benefits Under State Health Security Programs; Coordination in Case of Workers’ Compensation.

(a) IN GENERAL.—Part 5 of title I of the Employee Retirement Income Security Act of 1974 is amended by adding at the end the following new section:

"PROHIBITION OF EMPLOYEE BENEFITS Duplicative of Benefits Under State Health Security Programs; Coordination in Case of Workers’ Compensation.

SEC. 519. (a) Subject to subsection (b), no employee benefit plan may provide benefits
which duplicate payment for any items or services for which payment may be made under a State health security program established pursuant to section 1001 of the Employee Retirement Income Security Act of 1974.

“(b)(1) Each workers compensation carrier that is liable for payment for workers compensation services furnished in a State shall reimburse the State health security plan for the State in which the services are furnished for the cost of such services.

“(2) In this subsection:

“(A) The term ‘workers compensation carrier’ means an insurance company that underwrites workers compensation medical benefits with respect to 1 or more employers and includes an employer or fund that is financially at risk for the provision of workers compensation medical benefits.

“(B) The term ‘workers compensation medical benefits’ means, with respect to an enrollee who is an employee subject to the workers compensation plans of a State, the comprehensive medical benefits for work-related injuries and illnesses provided for under such laws with respect to such an employee.

“(C) The term ‘workers compensation services’ means items and services included in workers compensation medical benefits and includes items and services (including rehabilitation services and long-term-care services) commonly used for treatment of work-related injuries and illnesses.”.

(b) CONFORMING AMENDMENT.—Section 519(b) of such Act (29 U.S.C. 1144(b)) is amended by striking paragraph (9).

(c) CLERICAL AMENDMENT.—The table of contents in section 1 of such Act is amended—

(1) by redesignating section 931 as section 931a;

(2) by inserting after section 930 the following:

“PART D—HEALTH CARE QUALITY IMPROVEMENT PROGRAMS

SEC. 931. HEALTH CARE DELIVERY SYSTEM RESEARCH, QUALITY IMPROVEMENT AND RELATED PROVISIONS.

Title IX of the Public Health Service Act (42 U.S.C. 299 et seq.) is amended—

(a) IN GENERAL.—The purposes of this section are to—

“(1) enable the Director to identify, develop, evaluate, disseminate, and provide training in innovative methodologies and strategies for quality improvement practices in the delivery of health care services that represent best practices (referred to as ‘best practices’) in health care quality, safety, and value; and

“(2) ensure that the Director is accountable for preparing a model to pursue such research in a collaborative manner with other related Federal agencies.

(b) GENERAL FUNCTIONS OF THE CENTER.—The Center for Health Health Care Research and Quality (referred to in this section as the ‘Center’), or any other relevant agency or entity designated by the Director, shall—

“(1) carry out its functions using research from a variety of disciplines, which may include epidemiology, health services, sociology, psychology, human factors engineering, biostatistics, health economics, clinical research, and health informatics;

“(2) conduct, cultivate, and coordinate activities consistent with the purposes described in subsection (a), and for—

“(A) best practices for quality improvement practices in the delivery of health care services; and

“(B) that include changes in processes of care that the redesigning of systems used by provid- ers that will reliably result in intended health outcomes, improve patient safety, and reduce medical errors (such as skill development for health care workers, team-based health care delivery and rapid cycle process improvement) and facilitate adoption of improved workflow;

“(c) RESEARCH FUNCTIONS OF CENTER.—

“(1) IN GENERAL.—The Center shall support, such as through a contract or other mechanism, research activities to evaluate system improvement and the development of tools to facilitate adoption of best practices
that improve the quality, safety, and efficiency of health care delivery services. Such support may include establishing a Quality Improvement Network Research Program for the purpose of gathering, scaling, and disseminating of interventions to improve quality and efficiency in health care. Recipients of funding under the Program may include national coalitions, or multi-site quality improvement networks.

(2) RESEARCH REQUIREMENTS.—The research conducted pursuant to paragraph (1) shall—

(A) address concerns identified by health care institutions and providers and communicate to the Center pursuant to subsection (b) of this section;

(B) reduce preventable morbidity, mortality, and associated costs of morbidity and mortality by building capacity for patient safety research;

(C) support the discovery of processes for the reliable, safe, efficient, and responsive delivery of health care, taking into account discoveries from clinical research and comparative effectiveness research;

(D) allow communication of research findings and translate evidence into practice recommendations, including those related to a variety of settings, and which, as soon as practicable after the establishment of the Center, shall include—

(i) Implementation of a national application of Intensive Care Unit improvement projects relating to the adult (including geriatric), pediatric, and neonatal patient populations;

(ii) practical methods for addressing health care associated infections, including Methicillin-Resistant Staphylococcus Aureus and Vancomycin-Resistant Enterococcus infections and other emerging infections; and

(iii) practical methods for reducing preventable hospital admissions and readmissions;

(E) expand demonstration projects for improving the quality of children’s health care and the use of health information technology, such as through Pediatric Quality Improvement Collaboratives and Learning Networks, consistent with provisions of section 13339 of the Social Security Act for assessing and improving quality, where applicable;

(F) identify and mitigate hazards by—

(i) analyzing events reported to patient safety reporting systems and patient safety organizations; and

(ii) using the results of such analyses to develop specific methods of response to such events;

(G) include the conduct of systematic reviews of existing practices that improve the quality, safety, and efficiency of health care delivery, as well as new research on improving such practices; and

(H) include the examination of how to measure and evaluate the progress of quality and patient safety activities.

(d) DISSEMINATION OF RESEARCH FINDINGS.—

(1) PUBLIC AVAILABILITY.—The Director shall make the research findings of the Center available to the public through multiple media and appropriate formats to reflect the varying needs of health care providers and consumers and diverse levels of health literacy.

(2) LINKAGE TO HEALTH INFORMATION TECHNOLOGY RESEARCH.—The Secretary shall ensure that research findings and results generated by the Center are shared with the Office of the National Coordinator for Health Information Technology and with information technology providers and consumers of the health information technology extension program under section 3012, as well as any relevant standards, certification criteria, or implementation specifications.

(6) PRIORITY.—The Director shall identify and regularly update a list of priorities focusing on the research and dissemination activities of the Center, taking into account—

(1) the cost to federal health programs;

(2) consumer assessment of health care experience;

(3) provider assessment of such processes or systems as to minimize individual and population distress and injury to the health care workforce;

(4) the potential impact of such processes or systems on functional status of patients, including vulnerable populations including children;

(5) the areas of insufficient evidence identified under subsection (c)(4); and

(6) the evolution of meaningful use of health information technology, as defined in section 3009.

(f) FUNDS.—There is authorized to be appropriated to carry out this section $20,000,000 for fiscal years 2010 through 2014.

SEC. 932. QUALITY IMPROVEMENT TECHNICAL ASSISTANCE IMPLEMENTATION.

(a) IN GENERAL.—The Director, through the Center for Quality Improvement and Patient Safety of the Agency for Healthcare Research and Quality (referred to in this section as the ‘Center’), shall award—

(1) technical assistance grants or contracts to eligible entities to provide technical support to institutions that deliver health care and health care providers (including rural and urban providers of services and suppliers with limited infrastructure and financial resources to implement and support quality improvement activities, providers of services and suppliers with low performance scores, and providers of services and suppliers for which there are disparities in care among subgroups of patients) so that such institutions and providers understand, adopt, and implement the models and practices identified in the research conducted by the Center, including the Quality Improvement Networks Research Program; and

(2) implementation grants or contracts to eligible entities to implement the models and practices described under paragraph (1).

(b) ELIGIBLE ENTITIES.—

(1) TECHNICAL ASSISTANCE AWARD.—To be eligible to receive a technical assistance grant or contract under subsection (a)(1), an entity—

(A) may be a health care provider, health care provider association, professional society, health care worker organization, Indian health organization, quality improvement organization, patient safety organization, local quality improvement collaborative, the Joint Commission, academic health center, university, institution of higher education, or a research institute, or an entity under any such name, or any other entity identified in the research conducted by the Center under section 931;

(B) the perception of the health care institution and provider, or systems and opportunities to minimize quality, safety, and efficiency of health care and health care providers (including geriatric), pediatric, and neonatal populations;

(C) or systems and opportunities to minimize patient safety reporting systems and patient safety practices identified in the research conducted by the Center; or

(D) may receive a technical assistance grant or contract under subsection (c)(2)(B); and

(E) shall have demonstrated expertise in providing information and technical support to health care providers regarding quality improvement.

(2) IMPLEMENTATION AWARD.—To be eligible to receive an implementation grant or contract under subsection (a)(2), an entity—

(A) may be a hospital or other health care provider or consortium of providers, as determined by the Secretary; and

(B) shall have demonstrated expertise in providing information and technical support and assistance to health care providers regarding quality improvement.

(c) APPLICATION.—

(1) TECHNICAL ASSISTANCE AWARD.—To receive a technical assistance grant or contract under subsection (a)(1), an eligible entity shall submit an application to the Secretary at such time, in such manner, and containing—

(A) a plan for implementation of a model or practice identified in the research conducted by the Center including—

(i) financial cost, staffing requirements, and timeline for implementation; and

(ii) pre- and projected post-implementation quality measure performance data in targeted improvement areas identified by the Secretary; and

(B) such other information as the Director may require.

(2) IMPLEMENTATION AWARD.—To receive a grant or contract under subsection (a)(2), an eligible entity shall submit an application to the Secretary at such time, in such manner, and containing—

(A) a plan for implementation of a model or practice identified in the research conducted by the Center including—

(i) the cost to Federal health programs; and

(ii) reducing or eliminating such fees for such institutions and providers that serve low-income populations; and

(B) such other information as the Director may require.

(3) MATCHING FUNDS.—The Director may not award a grant or contract under this section to an entity unless the entity agrees that it will make available (directly or through contributions from other public or private entities) non-Federal contributions toward the activities to be carried out under the grant or contract in an amount equal to 30 percent of the total amount provided under the grant or contract. Such non-Federal matching funds may be provided directly or through donations from public or private entities. Such matching funds may be provided in-kind, fairly evaluated, including plant, equipment, or services.

(4) EVALUATION.—

(a) IN GENERAL.—The Director shall evaluate the performance of each entity that receives a grant or contract under this section. The evaluation of an entity shall include a study of—

(A) the success of such entity in achieving the implementation, by the health care institutions and providers assisted by such entity, of the models and practices identified in the research conducted by the Center under section 931;

(B) the perception of the health care institution and provider, or systems and opportunities to minimize quality, safety, and efficiency of health care and health care providers, or systems on health status and function of patients, including children;

(C) or systems on which to focus research and containing—

(i) the areas of insufficient evidence identified in the research conducted by the Center; or

(ii) the evolution of meaningful use of health information technology, as defined in section 3009.

(b) EFFECT OF EVALUATION.—Based on the outcome of the evaluation of the entity under paragraph (a), the Director shall determine whether to renew a grant or contract with such entity under this section.

(7) COORDINATION.—The entities that receive a grant or contract under this section shall coordinate with health information technology regional extension centers under section 3012(c) and the primary care extension program established under section 399W of this title regarding the dissemination of quality improvement, system delivery reform, and best practices information.

SEC. 902. ESTABLISHING COMMUNITY HEALTH TEAMS ON THE BASIS OF PATIENT-CENTERED MEDICAL HOME.

(a) IN GENERAL.—The Secretary of Health and Human Services (referred to in this section as the ‘Secretary’) shall publish a program to provide grants to or enter into contracts with eligible entities to establish...
community-based interdisciplinary, interprofessional teams (referred to in this section as ‘‘health teams’’) to support primary care practices, including obstetrics and gynecology practices in the hospital service areas served by the eligible entities. Grants or contracts shall be used to—

(1) establish a system to provide support services to primary care providers; and
(2) provide capitated payments to primary care providers as determined by the Secretary.

(b) ELIGIBLE ENTITIES.—To be eligible to receive a grant or contract under subsection (a), an entity shall—

(1) be a State or State-designated entity;
(2) be an Indian tribe or tribal organization, as defined in section 4 of the Indian Health Care Improvement Act;
(3) submit a plan for achieving long-term financial sustainability within 3 years;
(4) report that describes and evaluates, as requested by the Secretary, the activities carried out by the entity under subsection (c), for—

(c) REQUIREMENTS FOR HEALTH TEAMS.—A health team established pursuant to a grant or contract under subsection (a) shall—

(1) establish contractual agreements with primary care providers to provide support services;
(2) support patient-centered medical homes, defined as a mode of care that includes—

(A) personal physicians;
(B) whole person orientation;
(C) coordinated and integrated care;
(D) ability to include through evidence-informed medicine, appropriate use of health information technology, and continuous quality improvements;
(E) transitional care; and
(F) payment that recognizes added value from additional components of patient-centered care;

(3) collaborate with local primary care providers and existing State and community based resources to coordinate disease prevention, chronic disease management, transitional care between health care providers and settings and case management for patients, including children, with priority given to those amenable to prevention and with high-risk medical, developmental, or behavioral problems such as through the use of infolines, health information technology, or other means as determined by the Secretary;

(4) provide 24-hour care management and support during transition in care settings including—

(A) a transitional care program that provides onsite visits from the care coordinator, assists with the development of discharge plans and medication reconciliation upon admission to and discharge from the hospitals, nursing homes, and under subsection (c) of such section; and

(B) discharge planning and counseling support to providers, patients, caregivers, and authorized representatives;

(C) assuring that discharge care plans include medication management, as appropriate;

(D) referrals for mental and behavioral health services, which may include the use of infolines; and

(E) transitional health care needs from adolescence to adulthood;

(5) incorporate health care providers, patients, caregivers, and authorized representatives in program design and oversight;

(6) provide support necessary for local primary care providers to—

(A) coordinate and provide access to high-quality health care services;

(B) coordinate and provide access to preventive and health services;

(C) provide access to appropriate specialty care and inpatient services;

(D) provide quality-driven, cost-effective, culturally appropriate, and patient- and family-centered health care;

(E) provide access to pharmacist-delivered medication management services, including medication reconciliation;

(F) provide coordination of the appropriate use of complementary and alternative (CAM) services, as recommended by the experts desribed in subsection (e);

(G) promote effective strategies for treatment planning, monitoring health outcomes and resource use, sharing information, treatment decision support, and organizing care to avoid duplication of service and other medical management approaches intended to improve quality and value of health care services;

(7) provide local access to the continuum of health care services in the most approprate setting, including access to individudals that implement the care plans of patients and coordinate care, such as integrative health care practitioners;

(8) conduct a report that permits evaluation of the impact of the collaborative effort on patient outcomes, including collection of data on patient experience of care, and identification of areas for improvement; and

(9) establish a coordinated system of early identification and referral for children at risk for developmental or behavioral problems such as through the use of infolines, health information technology, or other means as determined by the Secretary;

(b) MEDICATION MANAGEMENT SERVICES.

SEC. 933. GRANTS OR CONTRACTS TO IMPLEMENT MEDICATION MANAGEMENT IN TREATMENT OF CHRONIC DISEASES.

(a) IN GENERAL.—The Secretary, acting through the Patient Safety Research Center on Healthcare Quality and Safety (in this section as the ‘‘Center’’), shall establish a program to provide grants or contracts to eligible entities to implement medication management (referred to in this section as ‘‘MTM’’) services provided by licensed pharmacists, as a collaborative, multidisciplinary, team-based approach to the treatment of chronic diseases for targeted individuals, to improve the quality of care and reduce overall cost in the treatment of such diseases. The Secretary shall commence the program under this section not later than May 1, 2010.

(b) ELIGIBLE ENTITIES.—To be eligible to receive a grant or contract under subsection (a), an entity shall—

(1) provide a setting appropriate for MTM services as recommended by the experts described in subsection (e);

(2) submit to the Secretary a plan for achieving long-term financial sustainability;

(3) where applicable, submit a plan for coordinating MTM services through local community health teams established in section 3502 of the Patient Protection and Affordable Care Act or in collaboration with primary care extension programs established in section 399W;

(4) submit a plan for meeting the requirements of section 399; and

(d) PROVIDERS.—A provider who contracts with a care team shall—

(1) provide a care plan to the care team for each patient participant;

(2) provide access to participant health records; and

(3) meet regularly with the care team to ensure integration of care.

(5) PROVIDERS.—A provider who contracts with a care team shall—

(1) provide a care plan to the care team for each patient participant;

(2) provide access to participant health records; and

(3) meet regularly with the care team to ensure integration of care.
‘(6) documenting the care delivered and communicating essential information about such care, including a summary of the medication review, and the recommendations of the pharmacist to ensure appropriate care for the patient and appropriate use of the medications by the patient, caregiver, and other authorized representatives;

‘(7) providing education and training designated to enhance patient adherence with therapeutic regimens;

‘(8) coordinating and integrating MTM services within the broader health care management services provided to the patient; and

‘(9) such other patient care services allowed under pharmacist scopes of practice in use in other Federal programs that have implemented MTM services.

‘(d) TARGETED INDIVIDUALS.—MTM services provided by licensed pharmacists under a grant or contract awarded under subsection (a) shall be offered to targeted individuals who—

‘(1) take 4 or more prescribed medications (including over-the-counter medications and dietary supplements);

‘(2) take any ‘high risk’ medications;

‘(3) have 2 or more chronic diseases, as identified by the Secretary; or

‘(4) undervisit at least one of the following care or other factors, as determined by the Secretary, that are likely to create a high risk of medication-related problems.

‘(e) WTR MEMB EXPRTS.—In designing and implementing MTM services provided under grants or contracts awarded under subsection (a), the Secretary shall consult with States, Federal, private, public, and academic entities, pharmacy and pharmacist organizations, health care organizations, consumer advocates, chronic disease groups, and other stakeholders involved in the research, dissemination, and implementation of pharmacist-delivered MTM services. In making such consultations, the Secretary determines appropriate. The Secretary, in collaboration with this group, shall determine whether it is possible to incorporate rapid cycle process improvement methods, such as lean tools, used in Federal programs that have implemented MTM services.

‘(f) REPORTING TO THE SECRETARY.—An entity that is the holder of a grant for a project to design, implement, and evaluate key elements of prehospital care, emergency medical care, and trauma care, under subsection (a), shall submit to the Secretary a report that describes and evaluates, as requested by the Secretary, the activities carried out under subsection (c), including quality measures endorsed by the entity with a contract award under section 1890 of the Social Security Act, as determined by the Secretary.

‘(g) EVALUATION AND REPORT.—The Secretary shall submit to the relevant committees of Congress a report which shall—

‘(1) assess the impact of patient-cost sharing requirements on medication adherence and recommendations for modifications;

‘(2) evaluate the extent to which participating pharmacies and pharmacy benefit managers, including pharmacy benefit managers that provide services to multiple health plans, engage in activities designed to promote the use of appropriate medications for patients with chronic diseases, and assess how any such conflict might be appropriately addressed.

‘(h) GRANTS OR CONTRACTS TO FUND DEVELOPMENT OF PERFORMANCE MEASURES.—The Secretary shall award grants to eligible entities for the purpose of funding the development of performance measures that assess the effectiveness of medication therapy management services.

SEC. 2004. DESIGN AND IMPLEMENTATION OF REGION-ALIZED SYSTEMS FOR EMERGENCY CARE.

(a) IN GENERAL.—Title XII of the Public Health Service Act (42 U.S.C. 300d et seq.) is amended—

‘(1) in section 1203—

‘(A) in the section heading, by inserting ‘FOR TRAUMA SYSTEMS’ after ‘GRAINS’; and

‘(B) in subsection (a), by striking ‘Administrator of the Health Resources and Services Administration’ and inserting ‘Assistant Secretary for Preparedness and Response’;

‘(2) by inserting after section 1203 the following:

‘SEC. 1204. COMPETITIVE GRANTS FOR REGION-ALIZED SYSTEMS FOR EMERGENCY CARE RESPONSE.

‘(a) IN GENERAL.—The Secretary, acting through the Assistant Secretary for Preparedness and Response, shall award not fewer than 4 multyear contracts or contract grants to eligible entities for the purpose of funding pilot projects that design, implement, and evaluate innovative models of regionalized, comprehensive, and accountable emergency care and trauma systems.

‘(b) ELIGIBLE ENTITY; REGION.—In this section:

‘(1) ELIGIBLE ENTITY.—The term ‘eligible entity’ means—

‘(A) a State or a partnership of 1 or more States and 1 or more local governments; or

‘(B) an Indian tribe (as defined in section 4 of the Indian Health Care Improvement Act) or a partnership of 1 or more Indian tribes.

‘(2) REGION.—The term ‘region’ means an area within a State, an area that lies within multiple States, or a similar area (such as a metropolitan area), as determined by the Secretary.

‘(3) EMERGENCY SERVICES.—The term ‘emergency services’ includes acute, prehospital, and trauma care.

‘(4) PILOT PROJECTS.—The Secretary shall award a contract or grant under subsection (a) to an eligible entity that proposes a pilot project to design, implement, and evaluate an emergency medical and trauma system that—

‘(A) coordinates with public health and safety services, emergency medical services, medical facilities, trauma centers, and other entities in a region to develop an approach to emergency medical and trauma system access throughout the region, including 9–1–1 Public Safety Answering Points and emergency medical dispatch;

‘(B) includes a mechanism, such as a regional medical direction or transport communications system, that operates throughout the region to ensure that the patient is matched with the appropriate facility (whether an initial facility or a higher-level facility) in a timely fashion; and

‘(C) allows for the tracking of prehospital and hospital resources, including inpatient bed capacity, emergency department capacity, trauma center capacity, on-call specialists, ambulance diversion status, and the coordination of such tracking with regional communications and hospital designation decisions; and

‘(b) contains a consistent region-wideprehospital, hospital, and interfacility data management system that—

‘(1) submits to the National EMS Information System, the National Trauma Data Bank, and others;

‘(2) reports to data appropriate to Federal and State databases and registries; and

‘(3) contains a consistent region-wideprehospital, hospital, and interfacility data management system that

‘(c) APPLICATION.—

‘(1) IN GENERAL.—An eligible entity that seeks a contract or grant described in subsection (a) shall submit to the Secretary an application at such time and in such manner as the Secretary may require.

‘(2) APPLICATION INFORMATION.—Each application shall include—

‘(A) an assurance from the eligible entity that the proposed system—

‘(i) has been coordinated with the applicable State Office of Emergency Medical Services (or equivalent State office);

‘(ii) includes consistent indirect and direct medical oversight of prehospital, hospital, and interfacility transport throughout the region;

‘(iii) coordinates prehospital treatment and triage, hospital destination, and interfacility transport throughout the region;

‘(iv) includes a categorization or designation system for special medical facilities throughout the region that is integrated with the transport and destination protocols; and

‘(v) includes a regional medical direction, patient tracking, and resource allocation system that supports day-to-day emergency care surge capacity and is integrated with other components of the national and State emergency preparedness system; and

‘(vi) addresses pediatric concerns related to integration, planning, preparedness, and coordination of emergency medical services for infants, children and adolescents; and

‘(B) such other information as the Secretary may require.

‘(d) REQUIREMENT OF MATCHING FUNDS.—

‘(1) IN GENERAL.—The Secretary may not make a grant under this section unless the State or consortium involved agrees, with respect to the costs to be incurred by the State (or consortium) in carrying out the purpose for which such grant is made, to make Federal contributions (in cash or in kind under paragraph (2)) toward such costs in an amount equal to not less than $1 for each $3 of Federal funds provided in the grant. Such contributions may be made directly or through donations from public or private entities.

‘(2) NON-FEDERAL CONTRIBUTIONS.—Non-Federal contributions required in paragraph (1) may be in a kind, fairly evaluated, including equipment or services (and excluding indirect or overhead costs), and amounts provided by the Federal Government, or services assisted or subsidized by any significant extent by the Federal Government, may not be included in determining the amount of such non-Federal contributions.

‘(3) PRIORITY.—The Secretary shall give priority for the award of the contracts or grants described in subsection (a) to an eligible entity that serves a population in a medically underserved area (as defined in section 338(b)(3)).

‘(4) Not later than 90 days after the completion of a pilot project under subsection (a), the recipient of such contract or
grant described in shall submit to the Secretary a report containing the results of an evaluation of the program, including an identification of—
(1) the impact of the regional, accountable emergency care and trauma system on patient health outcomes for various critical care categories, such as trauma, stroke, cardiac, pediatric, and neurological emergencies, and pediatric emergencies;
(2) the system characteristics that contribute to the effectiveness and efficiency of the program (to the extent practicable);
(3) methods of assuring the long-term financial sustainability of the emergency care and trauma system;
(4) the State and local legislation necessary to implement and to maintain the system;
(5) the barriers to developing regionalized, accountable emergency care systems, as well as the methods to overcome such barriers; and
(6) recommendations on the utilization of available funding for future regionalization efforts.

"(c) DISSEMINATION OF FINDINGS.—The Secretary shall disseminate to the public and the appropriate Committees of the Congress, the information contained in a report made under subsection (e).

"(d) AUTHORITY.—For the purpose of carrying out parts A through C, beginning on the date of enactment of the Patient Protection and Affordable Care Act, the Secretary shall transfer authority in administering grants and related authorities under such parts to the Administrator of the Health Resources and Services Administration to the Assistant Secretary for Preparedness and Response.

"SEC. 498D. SUPPORT FOR EMERGENCY MEDICAL RESEARCH.—(a) EMERGENCY MEDICAL RESEARCH.—The Secretary shall support Federal programs administered by the National Institutes of Health, the Agency for Healthcare Research and Quality, the Health Resources and Services Administration, the Centers for Disease Control and Prevention, and other agencies involved in improving the emergency care system to expand and accelerate research in emergency medical care systems and emergency medicine, including—
(1) the basic science of emergency medicine;
(2) the model of service delivery and the components of such models that contribute to enhanced patient health outcomes;
(3) the translation of basic scientific research into improved practice; and
(4) the development of timely and efficient delivery of health services.

"(b) PHILANTHROPIC, EDUCATION, AND MEDICAL RESEARCH.—The Secretary shall support Federal programs administered by the National Institutes of Health, the Agency for Healthcare Research and Quality, the Health Resources and Services Administration, the Centers for Disease Control and Prevention, and other agencies to coordinate and expand research in pediatric emergency medical care systems and pediatric emergency medicine, including—

"(1) an examination of the gaps and opportunities in pediatric emergency care research and a strategy for the optimal organization and funding of such research;
(2) the evaluation of emergency services as an integrated component of the overall health system;
(3) system-wide pediatric emergency care planning, preparedness, coordination, and funding;
(4) pediatric training in professional education;
(5) research in pediatric emergency care, specifically on the efficacy, safety, and health outcomes of medications used for infants, children, and adolescents in emergency care settings in order to improve patient safety.

"(c) IMPACT RESEARCH.—The Secretary shall support research to determine the economic impact of, and savings that result from, the implementation of coordinated emergency care systems.

"(d) PROGRAM TO FACILITATE SHARED DECISIONMAKING.—

"(1) PURPOSE.—The purpose of this section is to facilitate collaborative processes between patients, caregivers or authorized representatives, and clinicians that engages the patient, caregiver or authorized representative in decisionmaking, provides patients, caregivers, or authorized representatives with information about trade-offs among treatment options, and facilitates the incorporation of patient preferences and values into the decisionmaking process.

"(2) REQUIREMENTS FOR PATIENT DECISION AIDS.—

"(A) IN GENERAL.—For purposes of supporting consensus-based standards for patient decision aids and certifying such patient decision aids, the Secretary shall establish a program to award grants or contracts to eligible entities to support and disseminate patient decision aids and to develop, update, or produce patient decision aids. The entity shall conduct research into improved practice; and
"(B) IMPACT RESEARCH.—The Secretary shall support research to determine the economic impact of, and savings that result from, the implementation of coordinated emergency care systems.

"(B) TIMING FOR FIRST CONTRACT.—As soon as practicable after the date of the enactment of this section, the Secretary shall enter into the first contract under subparagraph (A).

"(C) PERIOD OF CONTRACT.—A contract under subparagraph (A) shall be for a period of 18 months (except such contract may be renewed after a subsequent review process).

"(2) DUTIES.—The following duties are described in this paragraph:

"(1) DEVELOP AND IDENTIFY STANDARDS FOR PATIENT DECISION AIDS. The entity shall synthesize evidence and convene a broad range of experts and key stakeholders to develop and identify consensus-based standards to evaluate patient decision aids for preference sensitive care.

"(2) ENDORSE PATIENT DECISION AIDS.—The entity shall review patient decision aids and develop a certification process for such patient decision aids which allows for the award, renewal, or cancellation of certification.

"(3) PROGRAM TO DEVELOP, UPDATE AND PATIENT DECISION AIDS TO ASSIST HEALTH CARE PROVIDERS AND PATIENTS.—

"(1) IN GENERAL.—The Secretary, acting through the Director of the Centers for Disease Control and Prevention and the Director of the National Institutes of Health, shall establish a program to award grants or contracts to eligible entities to support and disseminate patient decision aids and to develop, update, or produce patient decision aids. The entity shall give priority to the review and certification of patient decision aids for preference sensitive care.

"(2) REQUIREMENTS FOR PATIENT DECISION AIDS.—Patient decision aids developed and produced pursuant to a grant or contract under paragraph (1)—

"(A) shall be designed to engage patients, caregivers, or authorized representatives in informed decisionmaking with health care providers;

"(B) shall present up-to-date clinical evidence about the risks and benefits of treatment options in a form and manner that is appropriate and accessible for patients, caregivers, and authorized representatives from a variety of cultural and educational backgrounds to reflect the varying needs of consumers and diverse levels of health literacy;

"(C) shall, where appropriate, explain why there is a lack of evidence to support one treatment option over another;

"(D) shall address health care decisions across the age span, including those affecting vulnerable populations including children;

"(E) shall provide decision aids that involve the patient, caregiver, or authorized representative in decisionmaking; and

"(F) shall be designed to be transferrable to other clinical settings and situations.

"(3) PROGRAM TO FACILITATE SHARED DECISIONMAKING.—The Secretary shall support research to determine the economic impact of, and savings that result from, the implementation of coordinated emergency care systems.

"(4) NON-DUPLICATION OF EFFORTS.—The Secretary shall ensure that the activities under
this section of the Agency and other agencies, including the Centers for Disease Control and Prevention and the National Institutes of Health, are free of unnecessary duplicative efforts.

"(e) GRANTS TO SUPPORT SHARED DECISION-MAKING IMPLEMENTATION.—

(1) IN GENERAL.—The Secretary shall establish a program to provide for the phased-in development, implementation, and evaluation of shared decision-making using patient decision aids to meet the objective of improving the understanding of patients of their medical treatment options.

(2) SHARED DECISION-MAKING RESOURCE CENTERS.—

(A) IN GENERAL.—The Secretary shall provide grants for the establishment and support of Shared Decision-Making Resource Centers (referred to in this subsection as ‘Centers’)

(1) provide technical assistance to providers and to develop and disseminate best practices and other information to support and accelerate adoption, implementation, and effective use of patient decision aids and shared decision-making by providers.

(B) OBJECTIVES.—The objective of a Center is to help consumers and patients actively participate in training by Shared Decision-Making Resource Centers or comparable training programs to develop and disseminate best practices and research on the implementation and effective use of patient decision aids.

(3) SHARED DECISION-MAKING PARTICIPATION GRANTS.—

(A) IN GENERAL.—The Secretary shall provide grants to health care providers for the development and implementation of shared decision-making techniques and to assess the use of such techniques.

(B) PREFERENCE.—In order to facilitate the use of best practices, the Secretary shall provide a preference in making grants under this subsection to health care providers who participate in training by Shared Decision-Making Resource Centers or comparable training programs.

(C) LIMITATION.—Funds under this paragraph shall not be used to purchase or implement patient decision aids other than those certified under the process identified in subsection (b).

(D) GUIDANCE.—The Secretary may issue guidance regarding the use of patient decision aids.

(F) FUNDING.—For purposes of carrying out this section there are authorized to be appropriated $100,000,000 for fiscal year 2010 and each subsequent fiscal year.

SEC. 2006. PRESENTATION OF PRESCRIPTION DRUG BENEFIT AND RISK INFORMATION.

(a) IN GENERAL.—The Secretary of Health and Human Services (referred to in this section as the ‘Secretary’), acting through the Commissioner of Food and Drugs, shall determine whether the addition of quantitative summaries of the benefits and risks of prescription drugs in a standardized format (such as a table or drug facts box) to the promotional labeling or print advertising of such drugs would improve health care decision-making by clinicians and patients and consumers.

(b) REVIEW AND CONSULTATION.—In making the determination under subsection (a), the Secretary shall review all available scientific evidence and research on decision-making and social and cognitive psychology and consult with drug manufacturers, clinicians, patients and consumers, experts in health-related initiatives of vulnerable ethnic minorities, and experts in women’s and pediatric health.

(c) REPORT.—Not later than 1 year after the date of enactment of this Act, the Secretary shall submit to Congress a report that provides—

(1) the determination by the Secretary under subsection (a); and

(2) the reasoning and analysis underlying that determination.

(d) AUTHORIZATION.—If the Secretary determines under subsection (a) that the addition of quantitative summaries of the benefits and risks of prescription drugs in a standardized format (such as a table or drug facts box) to the promotional labeling or print advertising of such drugs would improve health care decision-making by clinicians and patients and consumers, the Secretary, not later than 3 years after the date of submission of the report under subsection (c), shall promulgate proposed regulations as necessary to implement such format.

(e) CLARIFICATION.—Nothing in this section shall be construed to restrict the existing authorities of the Secretary with respect to benefit and risk information.

SEC. 2007. DEMONSTRATION PROGRAM TO INTEGRATE QUALITY IMPROVEMENT AND PATIENT SAFETY INTO CLINICAL EDUCATION OF HEALTH PROFESSIONALS.

(a) IN GENERAL.—The Secretary may award grants to eligible entities or consortia under this section to carry out demonstration projects to develop and implement academic and curricular curricula that integrates quality improvement and patient safety in the clinical education of health professionals. Such awards shall be made on a competitive basis and pursuant to peer review.

(b) ELIGIBILITY.—To be eligible to receive a grant under subsection (a), an entity or consortium shall—

(1) enter into, or participate in, an application at such time, in such manner, and containing such information as the Secretary may require;

(2) be or include—

(A) a health professions school;

(B) a school of public health;

(C) a school of nursing;

(D) an institution with a graduate medical education program; or

(F) an institution with a graduate medical education program; or

(G) a school of health care administration;

(3) collaborate in the development of curricula described in subsection (a) with an organization that accredits such school or institution;

(4) provide for the collection of data regarding the effectiveness of the demonstration project; and

(5) provide matching funds in accordance with subsection (c).

(c) MATCHING FUNDS.—In general—

(1) IN GENERAL.—The Secretary may award a grant to an entity or consortium under this section only if the entity or consortium agrees to make available non-Federal contributions toward the costs of the program to be funded under the grant in an amount that is not less than $1 for each $5 of Federal funds provided under the grant.

(2) DETERMINATION OF AMOUNT CONTRIBUTED.—Non-Federal contributions under paragraph (1) may be in cash or in-kind, fairly valued, including equipment or services. Amounts provided by the Federal Government, or services assisted or subsidized to any significant extent by the Federal Government, may not be included in determining the amount contributed.

(d) EVALUATION.—The Secretary shall take such action as may be necessary to evaluate the projects funded under this section and publish, make publicly available, and disseminate the results of such evaluations on as wide a basis as is practicable.

(e) REPORTS.—Not later than 2 years after the date of enactment of this section, and annually thereafter, the Secretary shall submit to the Committee on Health, Education, Labor, and Pensions and the Committee on Finance of the Senate and the Committee on Energy and Commerce and the Committee on Education and Labor of the House of Representatives a report that—

(1) describes the specific projects supported under this section; and

(2) contains recommendations for Congress based on the evaluation conducted under subsection (d).

SEC. 2008. IMPROVING WOMEN’S HEALTH.

(a) ESTABLISHMENT OF OFFICE.—There is established within the Office of the Secretary, an Office on Women’s Health (referred to in this section as the ‘Office’). The Office shall be headed by an Assistant Secretary for Women’s Health who may report to the Secretary.

(b) DUTIES.—The Secretary, acting through the Office, with respect to the health concerns of women, shall—

(1) establish short-range and long-range goals and objectives with respect to women’s health, which shall be carried out by—

(A) such entities of the Department of Health and Human Services and, as relevant and appropriate, coordinate with other appropriate offices on activities within the Department that relate to disease prevention, health promotion, service delivery, research, and public and health care professional education, for issues of particular concern to women through the use of an Office established under title I of this subchapter;

(2) provide expert advice and consultation to the Secretary concerning scientific, legal, ethical, and policy issues relating to women’s health;

(3) monitor the Department of Health and Human Services’ offices, agencies, and regional activities regarding women’s health and identify needs regarding the coordination of activities, including intramural and extramural multidisciplinary activities;

(4) establish a Department of Health and Human Services Office on Women’s Health, which shall be chaired by the Deputy Assistant Secretary for Women’s Health and composed of senior level representatives of the Offices and offices of the Department of Health and Human Services;

(5) establish a National Women’s Health Information Center to—

(A) facilitate the exchange of information regarding matters relating to health information, health promotion, preventive health services, research advances, and technical assistance in the appropriate use of health care;

(B) facilitate access to such information; and

(C) provide technical assistance with respect to the exchange of information (including facilitating the development of materials for such technical assistance);

(6) coordinate efforts to promote women’s health in programs and policies with the private sector; and

(7) through publications and any other means appropriate, provide for the exchange of information and coordination between recipients of grants, contracts, and agreements under subsection (c), and between the Office and health professionals and the general public;

(8) assess the impact of grants and contracts on efforts to improve women’s health; and

(9) develop and implement demonstration projects, as appropriate, to improve women’s health.

(c) GRANTS AND CONTRACTS REGARDING DUTIES.—

(1) IN GENERAL.—The Secretary may award grants and contracts to—

(A) a health professions school;

(B) a school of public health;

(C) a school of nursing;

(D) an institution with a graduate medical education program; or

(F) an institution with a graduate medical education program; or

(G) a school of health care administration;

(2) contain—

(A) a description of the duties to be performed with respect to the demonstration project; and

(B) requirements that the grantee, in carrying out a demonstration project, take into account the concerns of women.

(c) GRANTS AND CONTRACTS REGARDING DUTIES.—

(1) IN GENERAL.—The Secretary may award grants and contracts to—

(A) a health professions school;

(B) a school of public health;

(C) a school of nursing;

(D) an institution with a graduate medical education program; or

(F) an institution with a graduate medical education program; or

(G) a school of health care administration;

(2) contain—

(A) a description of the duties to be performed with respect to the demonstration project; and

(B) requirements that the grantee, in carrying out a demonstration project, take into account the concerns of women.

(c) GRANTS AND CONTRACTS REGARDING DUTIES.—

(1) IN GENERAL.—The Secretary may award grants and contracts to—

(A) a health professions school;

(B) a school of public health;

(C) a school of nursing;

(D) an institution with a graduate medical education program; or

(F) an institution with a graduate medical education program; or

(G) a school of health care administration;

(2) contain—

(A) a description of the duties to be performed with respect to the demonstration project; and

(B) requirements that the grantee, in carrying out a demonstration project, take into account the concerns of women.
“(1) AUTHORITY.—In carrying out sub-
section (b), the Secretary may make grants
to, and enter into cooperative agreements,
contracts, and interagency agreements with,
public and private entities, agencies, and or-
ganizations.

“(2) EVALUATION AND DISSEMINATION.—The
Secretary shall directly or through contracts
with public and private entities, agencies, and
organizations, provide for evaluations of
projects carried out with financial assistance
provided under paragraph (1) and for the dis-
semination of information developed as a re-

result of such projects:

“(d) REPORTS.—Not later than 1 year after
the date of enactment of this section, and
every second year thereafter, the Secretary
shall prepare and submit to the appropriate
committees of Congress a report describing
the activities carried out under this section
during the period for which the report is
being prepared.

“(e) AUTHORIZATION OF APPROPRIATIONS.—
For the purpose of carrying out this section,
there are authorized to be appropriated such
sums as may be necessary for each of the fis-
cal years 2010 through 2014.

“(2) TRANSFER OF FUNCTIONS.—There are
transferred to the Office on Women’s Health
(established under section 229 of the Public
Health Service Act, as added by this sec-
tion), all functions exercised by the Office
on Women’s Health of the Public Health Service
prior to the enactment of this section,
including all personnel and compensa-
tion authority, all delegation and assign-
ment authority, and all remaining appro-
priations. All orders, determinations, rules,
regulations, permits, agreements, grants,
contracts, certificates, licenses, registra-
tions, privileges, and other administrative
actions that—

(A) have been issued, made, granted, or al-
lowed to become effective by the President,
any Federal agency or official thereof, or by
a court of competent jurisdiction, in the
performance of functions transferred under this paragraph; and

(B) are in effect at the time this section
takes effect, or were final before the date
of enactment of this section and are to be
effective on or after such date,

shall continue in effect according to their
terms, terminations, suspensions,
set aside, or revoked in accordance
with law by the President, the Secretary,
or other authorized official, a court of com-
petent jurisdiction, or by operation of
law.

(b) CENTERS FOR DISEASE CONTROL AND
PREVENTION OFFICE OF WOMEN’S HEALTH.—
Part A of title III of the Public Health Serv-
ces Act (42 U.S.C. 298aa et seq.) is amended by
adding at the end the following:

“SEC. 310A. CENTERS FOR DISEASE
CONTROL AND PREVENTION OFFICE OF
WOMEN’S HEALTH.

“(a) ESTABLISHMENT.—There is established
within the Office of the Director of the Cen-
ters for Disease Control and Prevention, an
office to be known as the Office of Women’s
Health (referred to in this section as the ‘Of-
cine’), headed by a Director to be appointed
by the Secretary, or type of medical intervention are different
for women, or for which there is reasonable
evidence that such factors or types may

“(d) AUTHORIZATION OF APPROPRIATIONS.—
For the purpose of carrying out this section,
there are authorized to be appropriated such
sums as may be necessary for each of the fis-
cal years 2010 through 2014.

(c) OFFICE.—WOMEN’S HEALTH RE-
SEARCH.—Section 486(a) of the Public Health
Service Act (42 U.S.C. 287d(a)) is amended by
inserting “and who shall report directly to
the Director” before the period at the end
thereof.

(d) SUBSTANCE ABUSE AND MENTAL
HEALTH SERVICES ADMINISTRATION
section 301(f) of the Public Health Service Act (42 U.S.C. 290aa(i)) is amended
by inserting “and who shall report directly to
the Director” before the period at the end
thereof.

(e) OFFICE.—OFFICE OF HEALTHCARE
QUALITY ACTIVITIES REGARDING WOMEN’S
HEALTH.—Part C of title IX of the Public
Health Service Act (42 U.S.C. 299c et seq.) is amended—

(1) in paragraph (1), by inserting “who
shall report directly to the Administrator”
before the period;

(2) by redesignating paragraph (4) as para-
graph (5); and

(3) by inserting after paragraph (3), the fol-
lowing:

“(4) OFFICE.—Nothing in this subsection
shall be construed to preclude the Secretary
from establishing an Office on Sub-
stance Abuse and Mental Health Administra-
tion an Office of Women’s Health."

(2) ESTABLISHMENT.—The Director of the Office
shall—

“(1) report to the Director of the Centers
for Disease Control and Prevention on the
current status of women’s health activities
within the Centers; including prevention pro-
grams, public and professional education,
services, and treatment;

“(2) establish short-range and long-range
goals and objectives within the Centers for
women’s health and, as relevant and appro-
priate, coordinate with other appropriate of-
fices on activities within the Centers that re-
late to prevention, research, education and
training, service delivery, and policy devel-

opment, for issues of particular concern to
women;

“(3) identify projects in women’s health
that should be conducted or supported by
the Centers;

“(4) consult with health professionals, non-
governmental organizations, consumer or-
ganizations, women’s health professionals,
and other individuals and groups, as appropri-
ate, on the policy of the Centers with regard to
women; and

“(5) serve as a member of the Department
of Health and Human Services Coordinating
Committee on Women’s Health (established
under section 229(b)(4))."

“(c) AUTHORIZATION OF APPROPRIATIONS.—
For the purpose of carrying out this section,
there are authorized to be appropriated such
sums as may be necessary for each of the fis-
cal years 2010 through 2014.

(f) HEALTH RESOURCES AND SERVICES
ADMINISTRATION OFFICE OF WOMEN’S
HEALTH. Title VII of the Social Security Act (42
U.S.C. 901 et seq.) is amended by adding at the
end the following:

“SEC. 713. OFFICE OF WOMEN’S
HEALTH."

“(a) ESTABLISHMENT.—There is established
within the Office of the Adminis-
trator of the Health Resources and Services
Administration, an office to be known as the
Office of Women’s Health. The Office shall be
headed by a director who shall be appointed by
the Administrator.

“(b) PURPOSE.—The Director of the Office
shall—

“(1) report to the Administrator on the
current Administration level of activity regard-
ing women’s health across, where appro-
priate, age, biological, and sociocultural con-
texts;

“(2) establish short-range and long-range
goals and objectives within the Health Re-
sources and Services Administration for
women’s health and, as relevant and appro-
priate, coordinate with other appropriate of-
ices on activities within the Administration
that relate to health care provider training,
health service delivery, research, and dem-
stration projects, for issues of particular
concern to women;

“(3) report to the Director on the current
Agency level of activity regarding women’s
health, across, where appropriate, age, bio-
logical, and sociocultural contexts, in all as-
spects of Agency work, including the develop-
maintenance reports and clinical prac-
tice protocols and the conduct of research
into patient outcomes, delivery of health
care services, quality of care, and access to
health care services;

“(4) consult with health professionals, non-
governmental organizations, consumer orga-
nizations, women’s health professionals, and
other individuals and groups, as appropriate,
on Agency policy with regard to women; and

“(5) serve as a member of the Department
of Health and Human Services Coordinating
Committee on Women’s Health (established
under section 229(b)(4))."

“(c) AUTHORIZATION OF APPROPRIATIONS.—
For the purpose of carrying out this section,
there are authorized to be appropriated such
sums as may be necessary for each of the fis-
cal years 2010 through 2014.

“(d) AUTHORIZATION OF APPROPRIATIONS.—
For the purpose of carrying out this section,
there are authorized to be appropriated such
sums as may be necessary for each of the fis-
cal years 2010 through 2014.

“(e) AUTHORIZATION OF APPROPRIATIONS.—
For the purpose of carrying out this section,
there are authorized to be appropriated such
sums as may be necessary for each of the fis-
cal years 2010 through 2014.

“(f) AUTHORIZATION OF APPROPRIATIONS.—
For the purpose of carrying out this section,
there are authorized to be appropriated such
sums as may be necessary for each of the fis-
cal years 2010 through 2014.

“(g) AUTHORIZATION OF APPROPRIATIONS.—
For the purpose of carrying out this section,
there are authorized to be appropriated such
sums as may be necessary for each of the fis-
cal years 2010 through 2014.
SEC. 3001. NATIONAL PREVENTION, HEALTH PROMOTION AND PUBLIC HEALTH COUNCIL.

(a) ESTABLISHMENT.—The President shall establish, within the Department of Health and Human Services, a council to be known as the ‘‘National Prevention, Health Promotion and Integrative and Public Health’’ (hereafter referred to in this section as the ‘‘Council’’).

(b) CHAIRPERSON.—The President shall appoint the Secretary of Health and Human Services to serve as the chairperson of the Council.

(c) COMPOSITION.—The Council shall—

(1) be composed of—

(A) the Secretary of Health and Human Services;

(B) members to be appointed by the President.

(d) AUTHORITY.—The Council shall—

(1) provide coordination and leadership at the federal, state, and local levels to advance and promote evidence-based prevention, health promotion, and health care practices; and improve health outcomes for the people of the United States;

(2) develop and publish a strategic plan on a biennial basis that incorporates the most effective and achievable means of improving the health status of all Americans; and

(3) establish and conduct its operations in accordance with the requirements of this section and the amendments made by this section (or the amendments made by this section).

SEC. 3002. NATIONAL PREVENTION, HEALTH PROMOTION AND PUBLIC HEALTH STRATEGIES AND TARGETS.

(a) ESTABLISHMENT.—The President shall establish within the Department of Health and Human Services a council to be known as the ‘‘Council on Prevention, Health Promotion, and Integrative and Public Health’’ (hereafter referred to in this section as the ‘‘Council’’).

(b) COUNCIL.—The Council shall—

(1) develop a national strategy for the promotion of prevention, health promotion, and integrative and public health practices in the United States;

(2) establish and conduct its operations in accordance with the requirements of this section and the amendments made by this section (or the amendments made by this section).

SEC. 3003. NATIONAL PREVENTION, HEALTH PROMOTION AND PUBLIC HEALTH STRATEGIES AND TARGETS.

(a) ESTABLISHMENT.—The President shall establish within the Department of Health and Human Services a council to be known as the ‘‘Council on Prevention, Health Promotion, and Integrative and Public Health’’ (hereafter referred to in this section as the ‘‘Council’’).

(b) COUNCIL.—The Council shall—

(1) develop a national strategy for the promotion of prevention, health promotion, and integrative and public health practices in the United States;

(2) establish and conduct its operations in accordance with the requirements of this section and the amendments made by this section (or the amendments made by this section).
(3) make recommendations to improve Federal efforts relating to prevention, health promotion, public health, and integrative health care practices to ensure Federal efforts are consistent with available standards and evidence.

(b) REPORT.—Not later than July 1, 2010, and annually thereafter through January 1, 2015, the Comptroller General shall submit to the President and the relevant committees of Congress, a report that—

(1) describes the activities and efforts on prevention, health promotion, and public health and activities to develop a national strategy conducted by the Council during the period for which the report is prepared;

(2) describes the national progress in meeting specific prevention, health promotion, and public health goals defined in the strategy and further describes corrective actions recommended by the Council and taken by relevant agencies and organizations to meet these goals;

(3) contains a list of national priorities on health promotion and disease prevention to address lifestyle behavior modification (smoking cessation, proper nutrition, appropriate physical health, behavioral health, substance use disorder, and domestic violence screenings) and the prevention measures for the 5 leading disease killers in the United States;

(4) contains specific science-based initiatives to achieve the measurable goals of Healthy People 2010 regarding nutrition, exercise, mental health, and targeting the 5 leading disease killers in the United States;

(5) contains specific plans for consolidating Federal programs, functions, and Centers that exist to promote healthy behavior and reduce disease risk (including eliminating programs and offices determined to be ineffective in meeting the priority goals of Healthy People 2010);

(6) contains specific plans to ensure that all Federal health care programs are fully coordinated with science-based prevention recommendations by the Director of the Centers for Disease Control and Prevention; and

(7) contains specific plans to ensure that all non-Department of Health and Human Services prevention programs are based on the science-based guidelines developed by the Centers for Disease Control and Prevention or paragraphs (a) and (b).

(i) PERIODIC REVIEWS.—The Secretary and the Comptroller General of the United States shall conduct periodic reviews, not less than every 5 years, and evaluations of every Federal disease prevention and health promotion initiative, program, and agency. Such reviews shall be evaluated based on effectiveness in meeting metrics-based goals with an analysis posted on such agencies’ public Internet websites.

SEC. 2002. PREVENTION AND PUBLIC HEALTH FUND.

(a) PURPOSE.—It is the purpose of this section to establish a Prevention and Public Health Fund, referred to in this section as the ‘Fund’), to be administered by the Department of Health and Human Services, Office of the Secretary, to provide for expanded and sustained national investment in prevention and public health programs to improve health and help restrain the rate of growth in private and public sector health care costs.

(b) FUNDING.—There are hereby authorized to be appropriated, and appropriated, to the Fund, for fiscal year 2010, $2,000,000,000; for fiscal year 2011, $2,750,000,000; for fiscal year 2012, $3,500,000,000; for fiscal year 2013, $4,250,000,000; and for fiscal year 2014, $5,000,000,000; and for fiscal year 2015, $2,000,000,000.

(c) USE OF FUND.—The Secretary shall transfer amounts in the Fund to accounts establishing the Public Health Service to increase funding, over the fiscal year 2010 level, for programs authorized by the Public Health Service Act, for prevention and public health programs to support activities including prevention research, and health screenings, such as the Community Transformation grant program, the Education and Outreach program for Preventive Benefits, and Immunization programs.

(d) TRANSFER AUTHORITY.—The Committee on Appropriations of the Senate and the Committee on Appropriations of the House of Representatives may for the transfer of funds in the Fund to eligible activities under this section, subject to subsection (c).

SEC. 3003. CLINICAL AND COMMUNITY PREVENTIVE SERVICES.

(a) PREVENTIVE SERVICES TASK FORCE.—

Section 915 of the Public Health Service Act (42 U.S.C. 299b-4) is amended by striking subsection (a) and inserting the following:

"(a) ESTABLISHMENT AND PURPOSE.—The Director shall establish a Preventive Services Task Force to be composed of individuals with appropriate expertise. Such Task Force shall review the scientific evidence related to the effectiveness, appropriateness, and cost-effectiveness of clinical preventive services for the purpose of developing recommendations for the health care community, and updating previous clinical preventive recommendations, to be published in the Guide to Clinical Preventive Services (referred to in this section as the ‘Guide’), for individuals and organizations delivering clinical services, including individuals, health care systems, professional societies, employers, community organizations, non-profit organizations, Congress and other policy-makers, governmental public health agencies, health care quality organizations, and organizations developing national health objectives. Such recommendations shall consider clinical preventive recommendations from the Agency for Healthcare Research and Quality, the National Institutes of Health, the Centers for Disease Control and Prevention, and the Academy of Medicine, specialty medical associations, patient groups, and scientific societies.

(b) DUTIES.—The duties of the Task Force shall include—

(1) the development of additional topic areas for new recommendations and interventions related to those topic areas, including those related to specific sub-populations and age groups;

(2) at least once during every 5-year period, review interventions and update recommendations for existing topic areas, including new or improved techniques to assess the health effects of interventions;

(3) improved integration with Federal Government health objectives and related target setting for health improvement;

(4) the enhanced dissemination of recommendations;

(5) the provision of technical assistance to those health care professionals, agencies and organizations that request help in implementing the Guide recommendations; and

(6) at least once during every 5-year period, report to Congress and related agencies identifying gaps in research, such as preventive services and interventions that receive an insufficient evidence statement. In addition, the Secretary shall require the Foundation to in this section as the ‘Guide’), for individuals and organizations delivering clinical services, including individuals, health care systems, professional societies, employers, community organizations, non-profit organizations, Congress and other policy-makers, governmental public health agencies, health care quality organizations, and organizations developing national health objectives. Such recommendations shall consider clinical preventive recommendations from the Agency for Healthcare Research and Quality, the National Institutes of Health, the Centers for Disease Control and Prevention, and the Academy of Medicine, specialty medical associations, patient groups, and scientific societies.

(5) OPERATION.—Operation. In carrying out the duties under paragraph (2), the Task Force is not subject to the provisions of Appendix 2 of title 5, United States Code.

(6) INDEPENDENCE.—All members of the Task Force convened under this subsection, and any recommendations made by such members, shall be independent and, to the extent practicable, not subject to political pressure.

(7) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as may be necessary to carry out the provisions of this section for each fiscal year."

SEC. 3004. COMMUNITY PREVENTIVE SERVICES TASK FORCE.

(a) ESTABLISHMENT AND PURPOSE.—The Director of the Centers for Disease Control and Prevention shall convene an independent Community Preventive Services Task Force (referred to in this section as the ‘Task Force’) to be composed of individuals with appropriate expertise. Such Task Force shall review the scientific evidence related to the effectiveness, appropriateness, and cost-effectiveness of community preventive interventions for the purpose of developing recommendations, to be published in the Guide to Community Preventive Services (referred to in this section as the ‘Guide’), for individuals and organizations delivering population-level services for primary care professionals, health care systems, professional societies, employers, community organizations, non-profit organizations, schools, governmental public health agencies, Indian tribes, tribal organizations and urban Indian organizations, medical groups, Congress and other policy-makers. Community preventive services include all articles, programs, processes or activities designed to affect or otherwise affecting health at the population level.

(b) DUTIES.—The duties of the Task Force shall include—

(1) the development of additional topic areas for new recommendations and interventions related to those topic areas, including those related to specific sub-populations and age groups, as well as the social, economic and physical environment; the health impact assessment and populations and health disparities among sub-populations and age groups; and

(2) at least once during every 5-year period, review interventions and update recommendations related to existing topic areas, including new or improved techniques to assess the health effects of interventions; and

(3) improved integration with Federal Government health objectives and related target setting for health improvement; and

(4) the enhanced dissemination of recommendations; and

(5) the provision of technical assistance to those health care professionals, agencies and organizations that request help in implementing the Guide recommendations; and

(6) at least once during every 5-year period, report to Congress and related agencies identifying gaps in research, such as preventive services and interventions that receive an insufficient evidence statement. In addition, the Secretary shall require the Foundation to in this section as the ‘Guide’), for individuals and organizations delivering clinical services, including individuals, health care systems, professional societies, employers, community organizations, non-profit organizations, Congress and other policy-makers. Community preventive services include all articles, programs, processes or activities designed to affect or otherwise affecting health at the population level.
“(3) improved integration with Federal Government health objectives and related target setting for health improvement; 

(4) the enhanced dissemination of recommendations based on scientific evidence, taking into account the cost-effectiveness of health promotion programs, including the use of new media; 

(5) the provision of technical assistance to those health care professionals, agencies, and organizations that request help in implementing the recommendations, including assistance related to populations and age groups not adequately addressed by current recommendations; and 

(6) providing yearly reports to Congress and related agencies identifying gaps in research and recommending priority areas that deserve additional funding, including areas related to populations and age groups not adequately addressed by current recommendations.

(c) ROLE OF AGENCY.—The Director shall provide ongoing administrative, research, and technical support for the operations of the Task Force, including coordinating and supporting the dissemination of the recommendations of the Task Force, ensuring adequate staff resources, and assistance to those organizations requesting it for implementation of Guide recommendations.

(d) COORDINATION WITH PREVENTIVE SERVICES Task Force.—The Task Force shall take appropriate steps to coordinate its work with the U.S. Preventive Services Task Force and the Advisory Committee on Immunization Practices, including the examination of how each task force’s recommendations interact at the nexus of clinical and community.

(e) OPERATION.—In carrying out the duties under subsection (b), the Task Force shall not be subject to the provisions of Appendix 2 of title 5, United States Code.

(f) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as may be necessary for each fiscal year to carry out the activities of the Task Force.

(2) TECHNICAL AMENDMENTS. —

(A) Section 399R of the Public Health Service Act (as added by section 2 of the ALS Registry Act (Public Law 110-373; 122 Stat. 4097)) is redesignated as section 399R.

(B) Section 399R of such Act (as added by section 3 of the Prenatal and Postnatally Diagnosed Conditions Awareness Act (Public Law 110-374; 122 Stat. 4081)) is redesignated as section 399R.

SEC. 3004. EDUCATION AND OUTREACH CAMPAIGN REGARDING PREVENTIVE SERVICES.

(a) IN GENERAL.—The Secretary of Health and Human Services (referred to in this section as the “Secretary”) shall provide for the planning, coordination, and implementation of a national public-private partnership for a prevention and health promotion outreach and education program aimed at increasing the awareness of health improvement across the life span.

(b) CONSULTATION.—In coordinating the campaign under subsection (a), the Secretary shall consult with the Institute of Medicine to provide ongoing advice on evaluation and dissemination of best practices and evaluation.

(c) MEDIA CAMPAIGN. —

(1) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall establish a national science-based media campaign on health promotion and disease prevention.

(2) REQUIREMENT OF CAMPAIGN. —The campaign shall, at a minimum, include:

(A) shall be designed to address proper nutrition, regular exercise, smoking cessation, obesity reduction, the 5 leading disease killers in the United States, and secondary prevention through disease screening programs;

(B) shall be carried out through competitively bid contracts awarded to entities providing for the professional production and design of such campaign;

(C) may include the use of television, radio, Internet, print media, and marketing venues and may be targeted to specific age groups based on peer-reviewed social research;

(D) shall not be duplicative of any other Federal efforts relating to health promotion and disease prevention; and

(E) may include the use of humor and nationally recognized models.

(3) EVALUATION.—The Secretary shall ensure that the campaign implemented under paragraph (1) is subject to an independent evaluation every 3 years and shall report every 2 years to Congress on the effectiveness of such campaigns towards meeting science-based metrics.

(d) WEBSITE. —The Secretary, in consultation with private-sector experts, shall maintain or enter into a contract to maintain an Internet website to provide science-based information on guidelines for nutrition, regular exercise, obesity reduction, smoking cessation, and specific chronic disease prevention. Such website shall be designed to provide information to health care providers and consumers.

(e) DISSEMINATION OF INFORMATION THROUGH PROGRAMS.—The Secretary, acting through the Centers for Disease Control and Prevention, shall develop and implement a plan for the dissemination of health promotion and disease information consistent with national priorities, to health care providers who participate in Federal programs, including programs administered by the Indian Health Service, the Department of Veterans Affairs, the Department of Defense, and the Health Resources and Services Administration.

(f) PERSONALIZED PREVENTION PLANS. —

(1) CONTRACT. —The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall enter into a contract with a qualified entity for the development and operation of a Federal Internet website personalized prevention tool plan.

(2) USE.—The website developed under paragraph (1) shall be designed to be used as a source of the most up-to-date scientific information related to illness prevention for use by individuals. Such website shall contain a component that enables an individual to determine their disease risk (based on personal and family history and other relevant information) relating to the 5 leading diseases in the United States, and obtain personalized suggestions for prevention such as:

(g) INTERNET PORTAL.—The Secretary shall establish an Internet portal for accessing risk-assessment tools developed and maintained by private and academic entities.

(h) PRIORITY FUNDING.—Funding for the activities authorized under this section shall take priority over funding provided through the Centers for Disease Control and Prevention for grants to States and other entities for similar purposes and goals as provided for in this section. No less than $150,000,000 shall be expended on the campaigns and activities required under this section.

(i) PUBLIC AWARENESS OF PREVENTION AND OBESITY-RELATED SERVICES. —

(1) INFORMATION TO STATES.—The Secretary of Health and Human Services shall provide guidance and relevant information to States and the health care provider community, related to populations and age groups not adequately addressed by current recommendations, and related agencies identifying gaps in research and recommending priority areas that deserve further examination, including areas related to populations and age groups not adequately addressed by current recommendations.

(2) REQUIREMENT OF CAMPAIGN. —The campaign shall, at a minimum, include:

(A) a website that shall be designed to provide information through a tool.

(B) the provision of technical assistance to those health care professionals, agencies, and organizations requesting it for implementation of Guide recommendations.

(C) establishment of an Internet portal for accessing science-based media campaign on health promotion and disease prevention.

(D) the enhanced dissemination of recommendations of the Task Force, ensuring adequate staff resources, and assistance to those organizations requesting it for implementation of Guide recommendations.

SEC. 3101. SCHOOL-BASED HEALTH CENTERS.

(a) GRANTS FOR THE ESTABLISHMENT OF SCHOOL-BASED HEALTH CENTERS. —

(1) PROGRAM. —The Secretary of Health and Human Services (in this subsection referred to as the “Secretary”) shall establish a program to award grants to eligible entities to support the operation of school-based health centers.

(b) ELIGIBILITY. —To be eligible for a grant under this subsection, an entity shall—

(A) be a school-based health center or a sponsoring facility of a school-based health center; and

(b) submit an application at such time, in such manner, and containing such information as the Secretary may require, including all expenditures for facilities (including the acquisition, construction, expansion, replacement, or other improvement of any building or other facility), equipment, or similar expenditures, as specified by the Secretary. No funds provided under a grant awarded shall be used to provide any service that is not authorized or allowed by Federal, State, or local law.

(d) USE.—The use of funds provided under a grant awarded under this section shall be used for expenditures for personnel or to provide health services.

(e) IN GENERAL.—The Secretary of Health and Human Services shall establish a program to award grants to eligible entities to support the operation of school-based health centers.

(f) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as may be necessary to carry out this section.

Subtitle B—Increasing Access to Clinical Preventive Services
(a) DEFINITIONS; ESTABLISHMENT OF CRITERIA.—In this section:

(1) COMPREHENSIVE PRIMARY HEALTH SERVICES.—The term ‘comprehensive primary health services’ means the core services offered by school-based health centers, which shall include the following:

(A) PHYSICAL.—Comprehensive health assessments, diagnosis, and treatment of minor, acute, and chronic medical conditions, and follow-up care for specialty care and oral health services.

(B) MENTAL HEALTH.—Mental health and substance use disorder assessments, crisis intervention, treatment, and referral to a continuum of services including emergency psychiatric care, community support programs, inpatient care, and outpatient care.

(2) MEDICALLY UNDERSERVED CHILDREN AND ADOLESCENTS.—

(A) IN GENERAL.—The term ‘medically underserved children and adolescents’ means a population of children and adolescents who are residents of an area designated as a medically underserved area or a health professions shortage area, and local officials in a State; and

(ii) include factors indicative of the health status of such children and adolescents of an area, the accessibility of health services, the availability of health professionals to such children and adolescents, and other factors as determined appropriate by the Secretary.

(3) SCHOOL-BASED HEALTH CENTER.—The term ‘school-based health center’ means a health clinic that—

(A) meets the definition of a school-based health center under section 1115(c)(9)(A) of the Social Security Act and is administered by a school, by a local educational agency, or by health professionals in accordance with established standards, community practice, reporting laws, and other State laws, including parental consent; and

(B) provides, at a minimum, comprehensive primary health services during school hours to children and adolescents in medically underserved and other communities that have evidenced barriers to primary health care and mental health and substance use disorder prevention services for children and adolescents.

(4) REQUIREMENTS.—

(A) Community health center requirements

(1) The Secretary may award grants under this section to an individual or entity if such individual or entity:

(i) demonstrates an ability to serve the following:

(A) Communities that have evidenced barriers to primary health care and mental health and substance use disorder prevention services for children and adolescents;

(B) Populations of children and adolescents that have historically demonstrated difficulty in accessing health and mental health and substance use disorder prevention services;

(2) the Secretary may give preference to an applicant that—

(i) evidence that the applicant meets all requirements of this subsection with respect to activities carried out at a SBHC shall not be eligible to receive additional funding under this section.

(iii) the SBHC will comply with Federal, State, and local laws concerning patient privacy and student records, including regulations promulgated under the Health Insurance Portability and Accountability Act of 1996 and section 3406 of the General Education Provisions Act; and

(iv) the SBHC will be integrated into the school environment and will coordinate health services with school personnel, such as administrators, counselors, school psychologists, and support personnel, as well as with other community providers co-located at the school;

(v) the SBHC sponsoring facility assumes all responsibility for the SBHC administration, operations, and oversight; and

(vi) the SBHC will comply with Federal, State, and local laws concerning patient privacy and student records, including regulations promulgated under the Health Insurance Portability and Accountability Act of 1996 and section 3406 of the General Education Provisions Act; and

(b) AUTHORITY TO AWARD GRANTS.—The Secretary may award grants under this section to an individual or entity if such individual or entity:

(i) demonstrates an ability to serve the following:

(A) Communities that have evidenced barriers to primary health care and mental health and substance use disorder prevention services for children and adolescents;

(B) Populations of children and adolescents that have historically demonstrated difficulty in accessing health and mental health and substance use disorder prevention services;

(2) the Secretary may give preference to an applicant that—

(i) evidence that the applicant meets all requirements of this subsection with respect to activities carried out at a SBHC shall not be eligible to receive additional funding under this section.

(iii) the SBHC will comply with Federal, State, and local laws concerning patient privacy and student records, including regulations promulgated under the Health Insurance Portability and Accountability Act of 1996 and section 3406 of the General Education Provisions Act; and

(iv) the SBHC will be integrated into the school environment and will coordinate health services with school personnel, such as administrators, counselors, school psychologists, and support personnel, as well as with other community providers co-located at the school;

(v) the SBHC sponsoring facility assumes all responsibility for the SBHC administration, operations, and oversight; and

(vi) the SBHC will comply with Federal, State, and local laws concerning patient privacy and student records, including regulations promulgated under the Health Insurance Portability and Accountability Act of 1996 and section 3406 of the General Education Provisions Act; and

(c) APPLICATIONS.—To be eligible to receive a grant under this section, an entity shall—

(1) submit to the Secretary an application at such time, in such manner, and containing—

(A) evidence that the applicant meets all criteria necessary to be designated an SBHC;

(B) evidence of local need for the services to be provided by the SBHC;

(B) evidence of local need for the services to be provided by the SBHC;

(2) the Secretary shall award grants for the costs of the operation of school-based health centers (referred to in this section as ‘SBHCs’) that meet the requirements of this section.

(3) THE SECRETARY MAY REQUIRE.—The Secretary may require.

(A) evidence that the applicant meets all criteria necessary to be designated an SBHC;

(B) evidence of local need for the services to be provided by the SBHC;

(B) evidence of local need for the services to be provided by the SBHC;

(4) THE SECRETARY MAY REQUIRE.—The Secretary may require.

(A) evidence that the applicant meets all criteria necessary to be designated an SBHC;

(B) evidence of local need for the services to be provided by the SBHC;

(B) evidence of local need for the services to be provided by the SBHC;

(5) THE SECRETARY MAY REQUIRE.—The Secretary may require.

(A) evidence that the applicant meets all criteria necessary to be designated an SBHC;

(B) evidence of local need for the services to be provided by the SBHC;

(B) evidence of local need for the services to be provided by the SBHC;

(6) THE SECRETARY MAY REQUIRE.—The Secretary may require.

(A) evidence that the applicant meets all criteria necessary to be designated an SBHC;

(B) evidence of local need for the services to be provided by the SBHC;

(B) evidence of local need for the services to be provided by the SBHC;

(7) THE SECRETARY MAY REQUIRE.—The Secretary may require.

(A) evidence that the applicant meets all criteria necessary to be designated an SBHC;

(B) evidence of local need for the services to be provided by the SBHC;

(B) evidence of local need for the services to be provided by the SBHC;
begin implementing the 5-year campaign.
During the 2-year period referred to in the previous sentence, the Secretary shall conduct planning activities with respect to the campaign, in such a manner as necessary to carry out this subsection for fiscal years 2010 through 2014.
(c) In General.—The Secretary of Health and Human Services (referred to in this subsection as the "Secretary") shall carry out activities to update and improve the Pregnancy Risk Assessment Monitoring System (referred to in this section as "PRAMS") as it relates to oral health.

(2) National Oral Health Surveillance System.—The Secretary shall ensure that the National Oral Health Surveillance System includes the verification of dental utilization, expenditure, and coverage findings through conduct of a look-back analysis.

(3) National Oral Health Surveillance System.—The Secretary shall ensure that the National Oral Health Surveillance System includes the measurement of early childhood caries.

Subtitle C—Creating Healthier Communities

Section 201. Community Transformation Grants.

(a) In General.—The Secretary of Health and Human Services (referred to in this section as the "Secretary") shall, acting through the Director of the Centers for Disease Control and Prevention, award competitive grants to State and local governmental agencies and community-based organizations for the implementation, evaluation, and dissemination of community preventive health activities in order to reduce chronic disease rates, prevent the development of secondary conditions, address health disparities, and promote a stronger evidence-base of effective prevention programming.

(b) Eligibility.—To be eligible to receive a grant under subsection (a), an entity shall—

(1) In general.—The Secretary shall award grants under this subsection to eligible entities to implement activities detailed in the community transformation plan under paragraph (2).

(c) In Kind Support.—An eligible entity may provide in-kind resources such as staff, equipment, or office space in carrying out activities under this section.

(4) Evaluation.—An eligible entity shall use amounts provided under a grant under this section to conduct activities to measure and demonstrate a history of community health risks among community members participating in preventive health activities.

(b) Types of Measurements.—In carrying out subsection (a), the eligible entity shall, with respect to residents in the community, measure—

(1) changes in weight;
(2) changes in physical activity;
(3) changes in tobacco use prevalence;
(v) changes in emotional well-being and overall mental health;

(vi) other factors using community-specific data from the Behavioral Risk Factor Surveillance System under the Secretary of Health and Human Services; and

(vii) other factors as determined by the Secretary.

(C) REPORTING.—An eligible entity shall annually submit to the Director a report containing an evaluation of activities carried out under the grant.

(D) DISSEMINATION.—A grantee under this section shall—

(A) meet at least annually in regional or national meetings to discuss challenges, best practices, and lessons learned with respect to activities funded under the grant; and

(B) develop models for the replication of successful programs and activities and the mentoring of other eligible entities.

(3) TRAINING.—

(1) IN GENERAL.—The Director shall develop a program to provide training for eligible entities on effective strategies for the prevention and control of chronic disease and the link between physical, emotional, and social well-being.

(2) COMMUNITY TRANSFORMATION PLAN.—The Director shall provide appropriate feedback and technical assistance to grantees to establish community transformation plans.

(3) PROGRAM EVALUATION.—The Director shall provide a literature review and framework for the evaluation of programs conducted as part of the grant program under this section, in addition to working with academic institutions or other entities with expertise in outcome evaluation.

(e) PROHIBITION.—A grantee shall not use funds provided under a grant under this section to create video games or to carry out any other activities that may lead to higher rates of obesity or inactivity.

(f) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this section, such sums as may be necessary for each fiscal years 2010 through 2014.

SEC. 3202. HEALTHY AGING, LIVING WELL: EVALUATION OF COMMUNITY-BASED PREVENTION AND WELLNESS PROGRAMS.

(a) HEALTHY AGING, LIVING WELL.—

(1) AREAS.—The Secretary of Health and Human Services (referred to in this section as the ‘‘Secretary’’), acting through the Director of the Centers for Disease Control and Prevention, shall award grants to State or local health departments and Indian tribes to carry out 5-year pilot programs to provide public health community interventions, screenings, and where necessary, clinical referrals for individuals who are between 55 and 64 years of age.

(2) ELIGIBILITY.—To be eligible to receive a grant under paragraph (1), an entity shall—

(A) be—

(i) a State health department;

(ii) a local health department; or

(iii) an Indian tribe or Indian tribal organization;

(B) submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary may require including a description of the program to be carried out under the grant;

(C) design a strategy for improving the health of the 55-to-64 year-old population through community-based public health interventions; and

(D) demonstrate the capacity, if funded, to develop the relationships necessary with relevant health care providers, community-based organizations, and insurers to carry out the activities described in paragraph (3), such relationships to include the development of a community partner, such as a community health center or rural health clinic.

(3) USE OF FUNDS.—

(A) IN GENERAL.—A State or local health department shall use amounts received under a grant under this subsection to carry out the activities described in this paragraph to individuals who are between 55 and 64 years of age.

(B) PUBLIC HEALTH INTERVENTIONS.—

(i) IN GENERAL.—In general, and implementing such activities, a grantee shall collaborate with the Centers for Disease Control and Prevention and the Administration on Aging, and relevant local agencies and organizations.

(ii) TYPES OF INTERVENTION ACTIVITIES.—

Screening activities conducted under this subparagraph shall include, at a minimum—

(I) mental health/behavioral health and substance use disorders;

(II) physical activity, smoking, and nutrition; and

(III) any other measures deemed appropriate by the Secretary.

(iii) MONITORING.—Grantees under this section shall maintain records of screening results under this subsection to establish the baseline data for monitoring the targeted population.

(D) CLINICAL REFERRAL/TREATMENT FOR CHRONIC DISEASES.—

(A) IN GENERAL.—A State or local health department shall use amounts received under a grant under this subsection to ensure that individuals between 55 and 64 years of age who are found to have chronic disease risk factors through the screening activities described in subparagraph (C)(ii), receive clinical referral/treatment for follow-up services to reduce such risk.

(B) PUBLIC HEALTH INTERVENTION PROGRAM.—In general, a State or local health department shall use amounts received under a grant under this subsection to enter into contracts with community health centers or rural health clinics and mental health and substance use disorder service providers to assist in the referral/treatment of at risk patients to community resources for clinical follow-up and help determine eligibility for other public programs.

(E) GRANTEE EVALUATION.—An eligible entity shall use amounts provided under a grant under this subsection to conduct activities to measure changes in the prevalence of chronic disease risk factors among participants.

(4) PILOT PROGRAM EVALUATION.—The Secretary shall conduct an annual evaluation of the effectiveness of the pilot program under this subsection. In determining such effectiveness, the Secretary shall consider changes in the prevalence of uncontrolled chronic disease risk factors among individuals who are 65 years of age and older who reside under such grants under this section as compared with national and historical data for those States and localities for the same population.

(5) AUCTIONS.—

(A) IN GENERAL.—There are authorized to be appropriated to carry out this subsection, such sums as may be necessary for each of fiscal years 2010 through 2014.

(b) EVALUATION AND PLAN FOR COMMUNITY-BASED PREVENTION AND WELLNESS PROGRAMS.—

(A) IN GENERAL.—The Secretary shall evaluate community prevention and wellness programs included in those that are sponsored by the Administration on Aging, are evidence-based, and have demonstrated potential to help individuals who are 65 years of age and older reduce their risk of disease, disability, and injury by making healthy lifestyle choices, including exercise, diet, and self-management of chronic diseases.

(B) EVALUATION.—The evaluation under this section shall—

(I) evaluate evidence review conducted by the Secretary; and

(II) determine the scope of the evidence review and such issues to be considered, which shall include, at a minimum—

(A) physical activity, nutrition, and obesity;

(B) falls;

(C) chronic disease self-management; and

(D) mental health.

(C) INDEPENDENT EVALUATION OF EVIDENCE-BASED COMMUNITY-PREVENTION AND WELLNESS PROGRAMS.—The Assistant Secretary for Aging, shall, to the extent feasible and practicable, conduct an evaluation of existing community prevention and wellness programs that are sponsored by the Administration on Aging to the extent to which individuals who are 65 years of age and older participate in such programs:

(I) reduce their health risks, improve their health outcomes, and adopt and maintain healthy behaviors; and

(II) improve their ability to manage their chronic conditions.

(3) REPORT.—Not later than September 30, 2013, the Secretary shall submit to Congress a report that includes:

(A) recommendations for such legislation and administrative action as the Secretary determines appropriate to promote healthy lifestyles and chronic disease self-management for individuals aged 65 and older; and

(B) any relevant findings relating to the evidence review under paragraph (2)(B)(i); and

(C) the results of the evaluation under paragraph (2)(B)(ii).

(4) FUNDING.—For purposes of carrying out this subsection, the Secretary shall provide for the transfer, from the Federal Hospital Insurance Trust Fund under section 1817 of the Social Security Act (42 U.S.C. 1395I) and the Federal Supplemental Medical Insurance Trust Fund under section 1841 of such Act (42 U.S.C. 1395I), in such proportion as the Secretary determines appropriate, of $50,000,000 to the Centers for Medicare & Medicaid Services Program Management Account. Amounts transferred under the preceding sentence shall remain available until expended.

3203. ADMINISTRATION.—Chapter 35 of title 44, United States Code shall not apply to this subsection.

menu board.
food offered a sign that lists calories per displayed food item or per serving.

“(iv) Reasonable basis.—For the purposes of this clause, a restaurant or similar retail food establishment shall have a reasonable basis for its nutrient content disclosures, including nutrient databases, cookbooks, laboratory analyses, and other reasonable means. See section 330 of the Public Health Service Act (29 U.S.C. 207) as amended by adding at the end the following:

“(A) Individualized wellness plans.—An employer that employs more than 50 employees shall establish an individualized wellness plan to reduce the risk factors described in subparagraph (B). (B) Risk factors.—Wellness plan risk factors shall include

“(i) weight;

“(ii) blood pressure;

“(iii) smoking status; and

“(iv) dietary supplements that have health claims approved by the Secretary.

“(j) Compliance assistance provided by a community health center employee.

“(k) Nondiscrimination.—Wellness plans shall not be conditioned on an individual’s receipt of a wellness plan.

“(l) Administrative enforcement.—Wellness plans shall be enforced by the Secretary through the Federal Register.

“(m) National uniformity.—Section 21, Code of Federal Regulations (or any successor regulation) or in a related guidance of the Secretary.

“(n) Public health services.—There is authorized to be appropriated to carry out this subchapter, such sums as may be necessary.

SEC. 3307. REASONABLE BREAK TIME FOR NURSING MOTHERS.

Section 7 of the Fair Labor Standards Act of 1938 (29 U.S.C. 207) is amended by adding at the end the following:

“(v) an employer shall provide

“(A) a reasonable break time for an employee to express milk for her nursing child at 1 year or more of the following as appropriate to the individual’s identified risk factors:

“(i) Nutritional content;

“(ii) A physical activity plan.

“(iii) Weight;

“(iv) Blood pressure;

“(v) Tobacco and alcohol use;

“(vi) Exercise rates;

“(vii) Nutritional status; and

“(viii) Stress management.

“(j) Dietary supplements that have health claims approved by the Secretary.

“(k) Compliance assistance provided by a community health center employee.

“(l) Administrative enforcement.—Wellness plans shall be enforced by the Secretary through the Federal Register.

“(m) National uniformity.—Section 21, Code of Federal Regulations (or any successor regulation) or in a related guidance of the Secretary.

“(n) Public health services.—There is authorized to be appropriated to carry out this subchapter, such sums as may be necessary.

SEC. 3301. RESEARCH ON OPTIMIZING THE DELIVERY OF PUBLIC HEALTH SERVICES.

(a) In general.—The Secretary of Health and Human Services (referred to in this section as the ‘‘Secretary’’), through the Director of the Centers for Disease Control and Prevention, shall provide funding for research in the area of public health services and systems.

(b) Requirements of research.—Research supported under this section shall include—
(1) examining evidence-based practices relating to prevention, with a particular focus on high priority areas as identified by the Secretary in the National Prevention Strategy for 2020, and including comparing community-based public health interventions in terms of effectiveness and cost;
(2) analyzing the translation of interventions from academic settings to real world settings; and
(3) identifying effective strategies for organizing, financing, or delivering public health services in real world community settings, including comparing State and local health department structures and systems in terms of effectiveness and cost.

(c) Existing Partnerships.—Research supported under this section shall be coordinated with the Community Preventive Services Task Force and carried out by building on existing partnerships within the Federal Government while also considering initiatives at the State and local levels and in the private sector.

(d) Annual Report.—The Secretary shall, on an annual basis, submit to Congress a report concerning the activities and findings with respect to research supported under this section.

SEC. 3002. UNDERSTANDING HEALTH DISPARITIES: DATA COLLECTION AND ANALYSIS

(a) Uniform Categories and Collection Requirements.—The Public Health Service Act (42 U.S.C. 201 et seq.) is amended by adding at the end the following:

"TITLE IV—DATA COLLECTION, ANALYSIS, AND QUALITY

SEC. 3101. DATA COLLECTION, ANALYSIS, AND QUALITY.

"(a) Data Collection.—

"(1) In general.—The Secretary shall ensure that, by not later than 2 years after the date of enactment of this title, any federally conducted or supported health care or public health program, activity or survey includes reporting of data on individuals receiving health care items or services under such programs activities by race, ethnicity, sex, primary language, and disability status.

"(2) Data sharing.—The Secretary shall ensure that any data collected pursuant to subsection (a) is made available to—

"(A) the Office of Minority Health;

"(B) the National Center on Minority Health and Health Disparities;

"(C) the Agency for Healthcare Research and Quality;

"(D) the Centers for Disease Control and Prevention;

"(E) the Indian Health Service and epidemiology centers funded under the Indian Health Care Improvement Act;

"(F) the Office of Rural Health;

"(G) other agencies within the Department of Health and Human Services; and

"(H) other entities as determined appropriate by the Secretary.

"(3) Data management.—In collecting data described in paragraph (1), the Secretary shall ensure that—

"(A) development standards for the management of data collected and disseminated; and

"(B) develop interoperability and security systems that support the management of data.

"(b) Data analysis.—

"(1) In general.—For each federally conducted or supported health care or public health program, activity, or survey, the Secretary shall analyze data collected under paragraph (1) to detect and monitor trends in health disparities (as defined for purposes of section 485E) at the Federal and State levels.

"(2) Reporting and Dissemination.—

"(A) The Secretary shall publish reports on the Internet websites of the Department of Health and Human Services and the data, including use of such data in determining the health care needs of individuals with disabilities, including medical diagnostic equipment that meets the minimum technical criteria set forth in section 510 of the Rehabilitation Act of 1973; and

"(B) the number of employees of health care providers trained in disability awareness and patient care of individuals with disabilities; and

"(C) require that any reporting requirements are consistent with measures of meaningful quality under any ongoing or federally conducted or supported health care or public health program, activity, or survey includes reporting of data on individuals receiving health care items or services under such programs activities by race, ethnicity, sex, primary language, and disability status.

"(3) Data management.—In collecting data described in paragraph (1), the Secretary shall ensure that any data collected pursuant to subsection (a) is made available to—

"(A) the Office of Minority Health;

"(B) the National Center on Minority Health and Health Disparities;

"(C) the Agency for Healthcare Research and Quality;

"(D) the Centers for Disease Control and Prevention;

"(E) the Indian Health Service and epidemiology centers funded under the Indian Health Care Improvement Act;

"(F) the Office of Rural Health;

"(G) other agencies within the Department of Health and Human Services; and

"(H) other entities as determined appropriate by the Secretary.

"(a) Development Standards.—In collecting data described in paragraph (1), the Secretary shall—

"(1) use Office of Management and Budget standards, at a minimum, for race and ethnicity measures;

"(2) develop standards for the measurement of sex, primary language, and disability status;

"(3) develop standards for the collection of data described in paragraph (1) that, at a minimum—

"(i) collects self-reported data by the applicant, recipient, or participant; and

"(ii) includes data from a parent or legal guardian if the applicant, recipient, or participant is a minor or legally incapacitated;

"(D) survey health care providers and establish measures in order to assess access to care and treatment for individuals with disabilities and to identify—
how to evaluate employer-based wellness programs by ensuring evaluation resources, technical assistance, and consultation are available to workplace staff as needed through email, phone, web, or other means as web portals, call centers, or other means.

SEC. 399MM-1. NATIONAL WORKSITE HEALTH POLICIES AND PROGRAMS STUDY.

(4) developing and implementing prevention and control strategies.

SEC. 3305. ADVANCING RESEARCH AND TREATMENT FOR PAIN CARE MANAGEMENT.

SEC. 759. PROGRAM FOR EDUCATION AND TRAINING IN PAIN CARE.

(a) In General.—The Director of NIH is authorized to carry out this section in a manner that will coordinate with existing programs of the National Institutes of Health and other Federal agencies.

(4) DEFINITION.—In this subsection, the term ‘Pain Consortium’ means the Pain Consortium of the National Institutes of Health, established under subsection (a) of section 409J of this title.

(2) report.—Upon the completion of each study under subsection (a), the Director shall submit to Congress a report that includes the recommendations of the Director for the implementation of effective employer-based health policies and programs.

SEC. 3304. EPIDEMIOLOGY-LABORATORY CAPACITY GRANTS.

Subtitle C—Strengthening Public Health Surveillance Systems

SEC. 2821. EPIDEMIOLOGY-LABORATORY CAPACITY GRANTS.

SEC. 320A. PROHIBITION OF FEDERAL WORKPLACE HEALTH REQUIREMENTS.

Notwithstanding any other provision of this part, all programs funded through the Centers for Disease Control and Prevention shall develop or conduct such a survey or evaluation of privately funded programs unless an entity with a privately funded wellness program requests such an evaluation.

There are authorized to be appropriated to carry out this section $190,000,000 for each of fiscal years 2010 through 2013, of which—

(b) Authorization of Appropriations.—

There are authorized to be appropriated to carry out this section $190,000,000 for each of fiscal years 2010 through 2013, of which—

(1) not less than $60,000,000 shall be made available each such fiscal year for activities under paragraphs (1) and (4) of subsection (a); and

(2) not less than $32,000,000 shall be made available each such fiscal year for activities under subsection (a)(2).

(b) REPORT.—Upon the completion of each study under subsection (a), the Director shall submit to Congress a report that includes the recommendations of the Director for the implementation of effective employer-based health policies and programs.

SEC. 399MM-2. PRIORITIZATION OF EVALUATION RECOMMENDATIONS.

‘(a) In General.—Subject to the availability of appropriations, the Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall develop and conduct a study to evaluate the adequacy of private sector workplace and community health programs.

‘(b) Report.—The Secretary shall submit to Congress a report summarizing the results of the study conducted under subsection (a) of this section.

SEC. 409J. PAIN RESEARCH.

SEC. 2823. STRENGTHENING PUBLIC HEALTH SURVEILLANCE SYSTEMS.

‘(b) Authorization of Appropriations.—

There are authorized to be appropriated for each of fiscal years 2010 through 2013, of which—

(1) activities of the Pain Consortium, an aggressive program addressing the state of pain care research, education, and clinical care in the United States.

(2) REPORT.—The report shall be submitted to Congress not later than June 30, 2011.

(3) AUTHORIZATION OF APPROPRIATIONS.—For fiscal years 2010 through 2013, of which—

(1) Pain Research and Treatment at the Public Health Service Act (42 U.S.C. 284 et seq.) is amended by adding at the end the following:

(2) additional members appointed by the Secretary as follows:

(1) PROHIBITION OF FEDERAL WORKPLACE HEALTH REQUIREMENTS.

Notwithstanding any other provision of this part, all programs funded through the Centers for Disease Control and Prevention shall develop or conduct such a survey or evaluation of privately funded programs unless an entity with a privately funded wellness program requests such an evaluation.

There are authorized to be appropriated to carry out this section $190,000,000 for each of fiscal years 2010 through 2013, of which—

(1) strengthening epidemiologic capacity to identify and monitor the occurrence of infectious diseases and other conditions of public health importance;

(2) enhancing laboratory practice as well as systems to report test orders and results electronically;

(3) improving information systems including maintaining an information exchange using national guidelines and complying with capacities and functions determined by an advisory council established by the Director of the Centers for Disease Control and Prevention;

(4) developing and implementing prevention and control strategies.

‘(b) Authorization of Appropriations.—There are authorized to be appropriated to carry out this section $190,000,000 for each of fiscal years 2010 through 2013, of which—

(1) $190,000,000 shall be made available each such fiscal year for activities under paragraphs (1) and (4) of subsection (a); and

(2) not less than $60,000,000 shall be made available each such fiscal year for activities under subsection (a)(3); and

(3) not less than $32,000,000 shall be made available each such fiscal year for activities under subsection (a)(2).

‘(a) IN GENERAL.—The Secretary shall evaluate, in accordance with this part, all programs funded through the Centers for Disease Control and Prevention in conducting such a survey or evaluation of privately funded programs unless an entity with a privately funded wellness program requests such an evaluation.

‘(b) Prohibited Programs.—The Secretary shall not make such an evaluation of any program funded through such mechanisms as web portals, call centers, or other means.

‘(c) Exclusions.—The Secretary shall not make such an evaluation of—

(1) any health program administered by an agency of the Federal Government, provided that the Secretary determines that such evaluation would be inconsistent with the purposes of this part, all programs funded through the Centers for Disease Control and Prevention;

(2) programs funded under section 330K of this title; and

(3) programs funded under section 300C(1) of the Public Health Service Act (42 U.S.C. 264 et seq.) that have been awarded under this section.

‘(c) Exclusions.—The Secretary shall not make such an evaluation of any program funded through such mechanisms as web portals, call centers, or other means.

‘(c) Exclusions.—The Secretary shall not make such an evaluation of—

(1) any health program administered by an agency of the Federal Government, provided that the Secretary determines that such evaluation would be inconsistent with the purposes of this part, all programs funded through the Centers for Disease Control and Prevention;

(2) programs funded under section 330K of this title; and

(3) programs funded under section 300C(1) of the Public Health Service Act (42 U.S.C. 264 et seq.) that have been awarded under this section.

‘(c) Exclusions.—The Secretary shall not make such an evaluation of any program funded through such mechanisms as web portals, call centers, or other means.

‘(c) Exclusions.—The Secretary shall not make such an evaluation of—

(1) any health program administered by an agency of the Federal Government, provided that the Secretary determines that such evaluation would be inconsistent with the purposes of this part, all programs funded through the Centers for Disease Control and Prevention;

(2) programs funded under section 330K of this title; and

(3) programs funded under section 300C(1) of the Public Health Service Act (42 U.S.C. 264 et seq.) that have been awarded under this section.

‘(c) Exclusions.—The Secretary shall not make such an evaluation of any program funded through such mechanisms as web portals, call centers, or other means.

‘(c) Exclusions.—The Secretary shall not make such an evaluation of—

(1) any health program administered by an agency of the Federal Government, provided that the Secretary determines that such evaluation would be inconsistent with the purposes of this part, all programs funded through the Centers for Disease Control and Prevention;

(2) programs funded under section 330K of this title; and

(3) programs funded under section 300C(1) of the Public Health Service Act (42 U.S.C. 264 et seq.) that have been awarded under this section.
"(d) PAIN CARE DEFINED.—For purposes of this section the term ‘pain care’ means the assessment, diagnosis, treatment, or management of pain regardless of cause or body location.

``(e) AUTHORIZATION OF APPROPRIATIONS.—There is appropriated to carry out this section, such sums as may be necessary for each of the fiscal years 2010 through 2014. Amounts appropriated under this subsection shall remain available until expended.''

SEC. 3306. FUNDING FOR CHILDHOOD OBESITY DEMONSTRATION PROJECTS.

Section 3306 of title III of the Social Security Act (42 U.S.C. 1230b-9a(e)(8)) is amended to read as follows:

``(8) APPROPRIATION.—Out of any funds in the Treasury not otherwise appropriated, there is appropriated to carry out this subsection, $25,000,000 for the period of fiscal years 2010 through 2014.

Subtitle E—Miscellaneous Provisions

SEC. 3401. SENSE OF THE SENATE CONCERNING CBO SCORING.

(a) FINDING.—The Senate finds that the costs of such programs are difficult to estimate due in part because prevention initiatives are hard to measure and results may occur outside the 5 and 10 year budget windows.

(b) SENSE OF CONGRESS.—It is the sense of the Senate that Congress should work with the Congressional Budget Office to develop better methodologies for scoring progress to be made in prevention and wellness programs.

SEC. 3402. EFFECTIVENESS OF FEDERAL HEALTH AND WELLNESS INITIATIVES.

To determine whether existing Federal health and wellness initiatives are effective in achieving their stated goals, the Secretary of Health and Human Services shall—

(1) conduct an evaluation of such programs as they relate to changes in health status of the American public and specifically on the health status of the Federal workforce, including absenteeism of employees, the productivity of employees, the rate of workplace injury, and the medical costs incurred by employees, and health conditions, including workplace fitness, healthy food and beverages, and incentives in the Federal Employee Health Benefits Program; and

(2) submit to Congress a report concerning such evaluation, which shall include conclusions concerning the reasons that such existing programs have proven successful or not successful and what factors contributed to such conclusions.

TITLE IV—HEALTH CARE WORKFORCE

Subtitle A—Purpose and Definitions

SEC. 4001. PURPOSE.

The purpose of this title is to improve access to and the delivery of health care services for all individuals, particularly low income, underserved, minority, health disparity, and rural populations by—

(1) gathering and assessing comprehensive data in order for the health care workforce to meet the health care needs of individuals, including supply, demand, distribution, diversity, and skills needs of the health care workforce;

(2) increasing supply of a qualified health care workforce to improve access to and the delivery of health care services for all individuals;

(3) enhancing health care workforce education and training to improve access to and the delivery of health care services for all individuals; and

(4) providing support to the existing health care workforce to improve access to and the delivery of health care services for all individuals.

SEC. 4002. DEFINITIONS.

(a) THIS TITLE.—In this title:

(1) ALLIED HEALTH PROFESSIONAL.—The term ‘allied health professional’ means an allied health professional as defined in section 798B(b) of the Public Health Service Act (42 U.S.C. 295p(5)) who—

(A) has graduated and received an allied health professions degree or certificate from an institution of higher education; and

(B) is employed with a Federal, State, local or tribal public health agency, or in a setting where patients may require health care services, capital facilities, ambulatory care facilities, personal residences, and other settings located in health professional shortage areas, medically underserved areas, or medically underserved populations, as recognized by the Secretary of Health and Human Services.

(2) HEALTH CARE CAREER PATHWAY.—The term ‘health care career pathway’ means a rigorous, engaging, and high quality set of courses and services that—

(A) includes an articulated sequence of academic and career courses, including 21st century skills;

(B) is aligned with the needs of healthcare industries in a region or State;

(C) prepares students to enter into the full range of postsecondary education options, including registered apprenticeships, and careers;

(D) provides academic and career counseling in student-to-counselor ratios that allow students to make informed decisions about academic and career options;

(E) meets State academic standards, State requirements for secondary school graduation and is aligned with requirements for entry into postsecondary education, and applicable industry standards; and

(F) leads to 2 or more credentials, including—

(i) a secondary school diploma; and

(ii) a postsecondary degree, an apprenticeship or a baccalaureate degree, offered by an institution of higher education.

(3) INSTITUTION OF HIGHER EDUCATION.—The term ‘institution of higher education’ means—

(i) a college or university;

(ii) an educational institution associated with a college or university that provides programs of instruction at 2-year and 4-year levels; and

(iii) a postsecondary education institution that—

(A) offers any course of study that is acceptable for credit toward an associate or a baccalaureate degree, offered by a college or university;

(B) conducts or participates in a program of distance learning; and

(C) the term ‘postsecondary education’ means—

(i) recognized means for assessing, diagnosing, treating, and managing pain and related signs and symptoms, including the medically appropriate use of controlled substances for pain relief; and

(ii) applicable laws, regulations, rules, and policies on controlled substances, including the degree to which misconceptions and concerns may be addressed by laws, regulations, rules, and policies, or the enforcement thereof, may create barriers to patient access to appropriate and effective pain care;

(iii) a multidisciplinary approach to the delivery of pain care, including delivery through specialized centers providing comprehensive pain care treatment expertise;

(iv) health claim data, geographic, and other barriers to care in underserved populations; and

(v) recent findings, developments, and improvements in health care.

(b) STATE WORKFORCE INVESTMENT BOARD; LOCAL WORKFORCE INVESTMENT BOARD.—The terms ‘State workforce investment board’ and ‘local workforce investment board’ mean a State workforce investment board established under section 111 of the Workforce Investment Act of 1998 (29 U.S.C. 2821) and a local workforce investment board established under section 117 of such Act (29 U.S.C. 2832), respectively.

(c) EVALUATION OF PROGRAMS.—The Secretary shall (directly or through grants or contracts) provide for the evaluation of programs implemented under subsection (a) in order to determine the effect of such programs on knowledge and practice of pain care.

(2) submit to Congress a report concerning the program.

(3) EVALUATION OF PROGRAMS.—The Secretary shall evaluate and make recommendations concerning programs.

(4) EVALUATION OF PROGRAMS.—The term ‘program’ means a primary care training program, or not less than a 1-year program of instruction that is acceptable for credit toward an associate or a baccalaureate degree, offered by an institution of higher education.

(5) CERTIFICATE OR REGISTERED APPRENTICESHIP PROGRAM.—The term ‘certificate or registered apprenticeship program’ means an industry skills training program at the postsecondary level that combines technical and theoretical training through on-the-job learning with related instruction (in a classroom or through distance learning) while an individual is employed, with the supervision of a qualified personnel or a mentor, and earning incremental wage increases aligned to enhance job proficiency, resulting in the awarding of a nationally recognized and portable certificate, under a plan approved by the Office of Apprenticeship or a State agency recognized by the Department of Labor.

(b) TITLE VII OF THE PUBLIC HEALTH SERVICE ACT.—Section 798B of the Public Health Service Act (42 U.S.C. 295p) is amended—

(1) by striking paragraph (3) and inserting the following:

``(3) PHYSICIAN ASSISTANT EDUCATION PROGRAM.—The term ‘physician assistant education program’ means an educational program in a public or private institution in a State that—

(A) has as its objective the education of individuals who, upon completion of their studies in the program, be qualified to provide primary care services with the supervision of a physician; and

(B) is accredited by the Accreditation Review Commission on Education for the Physician Assistant.''

(2) by adding at the end the following:

``(12) AREA HEALTH EDUCATION CENTER.—The term ‘area health education center’ means a public or nonprofit private organization that has a cooperative agreement or contract in effect with an entity that has received an award under subsection (a)(1) or (a)(2) of section 761, satisfies the requirements in section 761(b)(1), and has as one of its principal functions the operation of an area health education center. Appropriate organizations may include health organizations with accredited primary care training programs, accredited physician assistant educational programs associated with a public or private institution of higher education, and colleges or universities not operating a school of medicine or osteopathic medicine.

(13) AREA HEALTH EDUCATION CENTER PROGRAM.—The term ‘area health education center program’ means a program consisting of an entity that has received an award under subsection (a)(1) or (a)(2) of section 761, satisfies the requirements in section 761(c), and has as one of its principal functions the operation of an area health education center. Appropriate organizations may include health organizations with accredited primary care training programs, accredited physician assistant educational programs associated with a public or private institution of higher education, and colleges or universities not operating a school of medicine or osteopathic medicine.''

(c) TITLE VII OF THE PUBLIC HEALTH SERVICE ACT.—Section 798B of the Public Health Service Act (42 U.S.C. 295p) is amended—

(1) by striking paragraph (3) and inserting the following:

``(3) PHYSICIAN ASSISTANT EDUCATION PROGRAM.—The term ‘physician assistant education program’ means an educational program in a public or private institution in a State that—

(A) has as its objective the education of individuals who, upon completion of their studies in the program, be qualified to provide primary care services with the supervision of a physician; and

(B) is accredited by the Accreditation Review Commission on Education for the Physician Assistant.''

(2) by adding at the end the following:

``(12) AREA HEALTH EDUCATION CENTER.—The term ‘area health education center’ means a public or nonprofit private organization that has a cooperative agreement or contract in effect with an entity that has received an award under subsection (a)(1) or (a)(2) of section 761, satisfies the requirements in section 761(b)(1), and has as one of its principal functions the operation of an area health education center. Appropriate organizations may include health organizations with accredited primary care training programs, accredited physician assistant educational programs associated with a public or private institution of higher education, and colleges or universities not operating a school of medicine or osteopathic medicine.

(13) AREA HEALTH EDUCATION CENTER PROGRAM.—The term ‘area health education center program’ means a program consisting of an entity that has received an award under subsection (a)(1) or (a)(2) of section 761, satisfies the requirements in section 761(c), and has as one of its...''
Subtitle B—Innovations in the Health Care Workforce

SEC. 4101. NATIONAL HEALTH CARE WORKFORCE COMMISSION.

(a) PURPOSE.—It is the purpose of this section to establish a National Health Care Workforce Commission that—

(1) serves as a national resource for Congress, the President, States, and localities; (2) communicates and coordinates with the Department of Health and Human Services, Labor, Veterans Affairs, Homeland Security, and Education on related activities administered by one or more of such Departments; (3) develops and commissions evaluations of education and training activities to determine whether the demand for health care workers is being met; (4) identifies barriers to improved coordination at the Federal, State, and local levels and recommend ways to address such barriers; and (5) encourages innovations to address population needs, constant changes in technology, and other environmental factors.

(b) ESTABLISHMENT.—There is hereby established the National Health Care Workforce Commission (in this section referred to as the "Commission").

(c) MEMBERSHIP.—

(1) NUMBER AND APPOINTMENT.—The Commission shall be composed of 15 members to be appointed by the Comptroller General, without regard to section 5 of the Federal Advisory Committee Act (5 U.S.C. App.).

(2) QUALIFICATIONS.—

(A) IN GENERAL.—The membership of the Commission shall include individuals—

(i) with expertise in health care labor market analysis, including health care workforce analysis; health care finance and economics; health care quality and safety; health care research; health care plans, and integrated delivery systems; health care workforce education and training; health care philanthropy; providers of health care services; and academic institutions; and

(ii) who will provide a combination of professional perspectives, broad geographic representation, and a balance between urban, suburban, rural, and frontier representatives.

(3) TERMS.—

(i) IN GENERAL.—The membership of the Commission shall include no less than one representative of—

(I) the health care workforce and health professional organizations;

(II) employers;

(III) third-party payers; (IV) individuals skilled in the conduct and interpretation of health care services and health economics research; (V) representatives of consumers; (VI) labor unions; (VII) State or local workforce investment boards; and (VIII) educational institutions (which may include elementary and secondary institutions, institutions of higher education, including 2 and 4 year institutions, or registered apprenticeship programs).

(ii) ADDITIONAL MEMBERS.—The remaining membership may include additional representatives from clause (i) and other individuals as determined appropriate by the Comptroller General of the United States.

(C) MAJORITY NON-PROVIDERS.—Individuals who are directly involved in health professions education or practice shall not constitute a majority of the membership of the Commission.

(d) ETHICAL DISCLOSURE.—The Comptroller General shall establish a system for public disclosure by members of the Commission of financial and other potential conflicts of interest relating to such members. Members of the Commission shall be treated as special government employees under title 18, United States Code. Members of the Commission shall not be treated as special government employees under title 18, United States Code.

(e) INITIAL APPOINTMENTS.—The Comptroller General shall make initial appointments of members to the Commission not later than September 30, 2010.

(f) Pay.—Any member serving on the business of the Commission, including travel time, a member of the Commission shall be entitled to compensation at the per diem rate provided for level IV of the Executive Schedule under section 5315 of title 5, United States Code, and while so serving away from home and the member's regular place of business, a member may be allowed travel expenses, as authorized by the Chairman of the Commission. Physicians serving as personnel of the Commission may be provided a physician's dependency allowance by the Commission in the same manner as Government physicians may be provided such an allowance by an agency under section 629 of title 5, United States Code, and for such purpose subsection (i) of such section shall apply to the Commission in the same manner as it applies to the Tennessee Valley Authority. Payments other than pay of members of the Commission) and employment benefits, rights, and privileges, all personnel of the Commission shall be treated as if they were employees of the United States Senate. Personnel of the Commission shall not be treated as employees of
the Government Accountability Office for any purpose.

(5) CHAIRMAN, VICE CHAIRMAN.—The Comptroller General shall designate a member of the Commission, at the time of appointment of the member, as Chairman and a member as Vice Chairman for that term of appointment, except that in the case of vacancy of the chairmanship on the Commission, and the Comptroller General may designate another member for the remainder of that member's term.

(6) MEETINGS.—The Commission shall meet at the call of the chairman, but no less frequently than on a quarterly basis.

(a) (1) RECOGNITION, DISSEMINATION, AND COMMUNICATION.—The Commission shall—
   (A) recognize efforts of Federal, State, and local agencies, and local and independent organizations, to develop another health care career pathways of proven effectiveness;
   (B) disseminate information on promising return to practice for health care professionals and (C) communicate information on important policies and practices that affect the recruitment, education, and training, and retention of the health care workforce.

(b) REVIEW OF HEALTH CARE WORKFORCE AND ANNUAL REPORT.—In order to develop a financially sustainable integrated workforce that supports a high-quality, readily available health career delivery system that meets the needs of special populations, the Commission, in consultation with relevant Federal, State, and local agencies shall—
   (i) review current and projected health care workforce supply and demand, including the topics described in paragraph (3);
   (ii) make recommendations to Congress and the Administration concerning national health care workforce priorities, goals, and policies;
   (iii) make recommendations to Congress and the Administration concerning national health care workforce priorities, goals, and policies; and
   (iv) by not later than October 1 of each year (beginning with 2011), submit a report to Congress and the Administration containing the results of such reviews and recommendations concerning related policies; and
   (b) by not later than April 1 of each year (beginning with 2011), submit a report to Congress and the Administration containing a review of, and recommendations on, at a minimum one high priority area as described in paragraph (4).

(3) SPECIFIC TOPICS TO BE REVIEWED.—The topics described in this paragraph include—
   (A) the health care workforce supply and demand, including demographics, skill sets, and demands, with projected demands during the subsequent 10 and 25 year periods;
   (B) health care education and training capacity, including the number of students who have completed education and training programs, including registered apprenticeships; the number of qualified faculty; the education and training infrastructure; and the education and training demands, with projected demands during the subsequent 10 and 25 year periods;
   (C) the education loan and grant programs in titles VII and VIII of the Public Health Service Act (42 U.S.C. 292 et seq. and 296 et seq.), with recommendations on whether such programs should become part of the Higher Education Act of 1965 (20 U.S.C. 101 et seq.);
   (D) the implications of new and existing Federal policies which affect the health care workforce, including titles VII and VIII of the Public Health Service Act (42 U.S.C. 292 et seq. and 296 et seq.), the National Health Service Corps (with recommendations for aligning such programs with national health workforce goals and needs), and other health care workforce programs, including those supported through the Workforce Investment Act of 1998 (29 U.S.C. 2801 et seq.), the Carl D. Perkins Career and Technical Education Act of 2006 (20 U.S.C. 2301 et seq.), the Higher Education Act of 1965 (20 U.S.C. 1001 et seq.), and any other Federal health care workforce programs;
   (E) the health care workforce needs of special populations, such as minorities, rural populations, Native American populations, gender specific needs, individuals with disabilities, and geriatric and pediatric populations with recommendations for new and existing Federal policies to meet the needs of these special populations; and
   (F) recommendations creating or revising national health workforce education and scholarship programs to require low-income, minority medical students to serve in their home communities, if designated as medical underserved community.

(4) HIGH PRIORITY AREAS.—
   (A) IN GENERAL.—The initial high priority topics described in this paragraph include each of the following:
      (i) Integrated health care workforce planning that identifies health care professional skills needed and maximizes the skill sets of primary care disciplines;
      (ii) An analysis of the nature, scopes of practice, and demands for health care workers in the enhanced information technology and management workplace;
      (iii) The education and training capacity, projected demands, and integration with the health care delivery system of each of the following:
         (I) Nursing workforce capacity at all levels.
         (II) Oral health care workforce capacity at all levels.
         (III) Mental and behavioral health care workforce capacity at all levels.
         (IV) Allied health care workforce capacity at all levels.
         (V) Emergency medical service workforce capacity, including the retention and recruitment of the volunteer workforce, at all levels.
         (VI) The geographic distribution of health care providers as compared to the identified health care workforce needs of States and regions.
   (B) FUTURE DETERMINATIONS.—The Commission may require that additional topics be included under subparagraph (A). The appropriate committees of Congress may recommend to the Commission the inclusion of such additional topics as determined by the Commission.

(5) GRANT PROGRAM.—The Commission shall—
   (A) review implementation progress reports on, and report to Congress about, the State Health Care Workforce Development Grant program established in section 4102;
   (B) in collaboration with the Department of Labor and in coordination with the Department of Education and other relevant Federal agencies, make recommendations to the Commission to the extent necessary under section 4102(b) for grant recipients under section 4102;
   (C) assess the implementation of the grants under such section; and
   (D) collect performance and report information, including identified models and best practices, on grants from the fiscal and administrative agent under such section and distribute this information to Congress, relevant Federal agencies, and to the public.

(6) STUDY.—The Commission shall study effects on new or expanded education and training for careers in health care, including public health and allied health.

(7) RECOMMENDATIONS.—The Commission shall—
   (A) report to the Congress, the Department of Labor, and the Department of Health and Human Services about improving safety, health, and worker protections in the workplace for the health care workforce.

(8) ASSESSMENT.—The Commission shall assess and receive reports from the National Center for Health Workforce Analysis established under section 761(b) of the Public Service Act (as amended by section 412 of the National Health Workforce Analysis Act of 2009, Public Law 111-5).

(9) CONSULTATION WITH FEDERAL, STATE, AND LOCAL AGENCIES, CONGRESS, AND OTHER ORGANIZATIONS.—
   (A) IN GENERAL.—The Commission shall consult with Federal, State, and local agencies, including the Departments of Health and Human Services, Labor, Education, Commerce, Agriculture, Defense, and Veterans Affairs and the Environmental Protection Agency, and, to the extent practicable, with State and local agencies, Indian tribes, voluntary health care organizations, professional societies, and other relevant public and private health care partnerships.

   (B) OBTAINING OFFICIAL DATA.—The Commission, consistent with established privacy protections, may request records from any department or agency of the Executive Branch necessary to enable the Commission to carry out its duties.

   (C) ROLE OF FEDERAL GOVERNMENT EMPLOYEES.—An employee of the Federal Government may be detailed to the Commission without reimbursement. The detail of such an employee shall be without interruption or loss of civil service status.

   (D) DIRECTOR AND STAFF, EXPERTS AND CONSULTANTS.—Subject to such review as the Comptroller General of the United States determines to be necessary, the Commission shall—
      (i) employ and fix the compensation of an executive director that shall not exceed the rate of basic pay payable for level V of the Executive Schedule and such other personnel as may be necessary to carry out its duties (without regard to the provisions of title 5, United States Code, governing appointments in the competitive service);
      (ii) seek such assistance and support as may be required from other Federal departments and agencies;
      (iii) enter into contracts or make other arrangements, as may be necessary for the conduct of the work of the Commission (without regard to section 3709 of the Revised Statutes (41 U.S.C. 5));
      (iv) make advance, progress, and other payments which relate to the work of the Commission.

   (E) POWER.—
      (1) DATA COLLECTION.—In order to carry out its functions under this section, the Commission may—
         (A) utilize existing information, both published and unpublished, where possible, collected and assessed by or on behalf of the Commission, and other arrangements made in accordance with this section, including coordination with the Bureau of Labor Statistics;
         (B) carry out, or award grants or contracts for carrying out, research on the health care workforce, where existing information is inadequate, and
         (C) adopt procedures for the submission of information to the Commission's use in making reports and recommendations.

S12206
CONGRESSIONAL RECORD — SENATE
December 2, 2009
SEC. 4102. STATE HEALTH CARE WORKFORCE DEVELOPMENT GRANTS.

(a) Establishment.—There is established a competitive health care workforce development grant program (in this section as the "program") for the purpose of enabling State partnerships to complete comprehensive planning and to carry out activities leading to comprehensive health care workforce development strategies at the State and local levels.

(b) Planning and Administrative Agent.—The Health Resources and Services Administration of the Department of Health and Human Services (referred to in this section as the "Administration") shall be the fiscal and administrative agent for the grants awarded under this section. The Administration is authorized to carry out the program, in consultation with the National Health Care Workforce Commission (referred to in this section as the "Commission"), which shall review reports on the development, implementation, and evaluation of activities of the grant program, including—

(1) administering the grants;

(2) providing technical assistance to grantees; and

(3) reporting performance information to the Commission.

(c) Planning Grants.—

(1) Amount and Duration.—A planning grant shall be awarded under this subsection for a period of not more than one year and the maximum award may not be more than $120,000.

(2) Eligibility.—To be eligible to receive a planning grant, an entity shall be an eligible partnership. An eligible partnership shall be a State workforce investment board, if it includes or modifies the members to include at least one representative from each of the following: health care employer, labor organization, a public 2-year institution of higher education, a public 4-year institution of higher education, the recognized State federation of labor, the State public secondary education and training policies, and nontraditional opportunities to recruit, educate, and train individuals for, and attain individuals in, careers in health care and related industries.

(d) Fiscal and Administrative Agent.—The Administration is authorized to carry out the program, including the use of funds, on the State's performance of the activities under the grant, including the use of funds, and administrative agent for the grants awarded under this section. The Administration shall—

(1) inform the Commission and Congress about the progress of the State workforce investment board in meeting the performance benchmarks and a plan to solve these barriers.

(2) Participate in the Administration's evaluation and reporting activities.

(2) Duration.—An implementation grant shall be awarded for a period of no more than 3 years in cash or in kind, that is not less than 15 percent of the amount of the grant, to carry out the activities supported by the grant. The matching requirement may be provided from funds available under other Federal, State, local or private sources to carry out the activities.

(e) Report.—

(1) The Administration shall submit a report to Congress analyzing the planning activities, performance, and fund utilization of the State grant recipients, including a description of the process of the State workforce investment board in meeting the performance benchmarks and a plan to solve these barriers.

(2) Enforcement.—The Administration shall submit a report to Congress analyzing the planning activities, performance, and fund utilization of the State grant recipients, including a description of the process of the State workforce investment board in meeting the performance benchmarks and a plan to solve these barriers.

(f) Implementation Grants.—

(1) General.—The Administration shall—

(A) competitively award implementation grants to State partnerships to enable such partnerships to implement activities that will result in a coherent and comprehensive plan for health workforce development that will meet the current and projected workforce demands within the State; and

(B) inform the Commission and Congress about the awards made.

(2) Duration.—An implementation grant shall be awarded for a period of no more than 3 years in cash or in kind, that is not less than 15 percent of the amount of the grant, to carry out the activities supported by the grant. The matching requirement may be provided from funds available under other Federal, State, local or private sources to carry out the activities.

(g) Enforcement.—The Administration shall—

(1) inform the Commission and Congress about the awards made.

(2) Participation.—The Administration shall submit a report to Congress analyzing the planning activities, performance, and fund utilization of the State grant recipients, including a description of the process of the State workforce investment board in meeting the performance benchmarks and a plan to solve these barriers.

(h) Authorization of Appropriations.—There are authorized to be appropriated for purposes of carrying out this section—

(1) Health Care Workforce.—The term "health care workforce" includes all health care providers with direct patient care and support responsibilities, such as physicians, dentists, dental hygienists, primary care providers, preventive medicine physicians, optometrists, ophthalmologists, physician assistants, pharmacists, dentists, dental hygienists, and other oral health care professionals, allied health professionals, doctors of chiropractic, community health workers, health care paraprofessionals, direct care providers, and other behavioral health care practitioners, direct care providers, and other professional and volunteer ambulance personnel and firefighters who perform emergency medical services, licensed complementary and alternative medicine practitioners, integrative health practitioners, public health professionals, and any other health professions that the Comptroller General of the United States determines appropriate.

(2) Health Professionals.—The term "health professionals" includes—

(A) dentists, dental hygienists, primary care providers, specialty physicians, nurses, nurse practitioners, physician assistants, psychologists and other behavioral health care professionals, direct care providers, preventive medicine physicians, optometrists, ophthalmologists, physician assistants, pharmacists, dentists, dental hygienists, and other oral health care professionals, allied health professionals, doctors of chiropractic, community health workers, health care paraprofessionals, direct care providers, and other behavioral health care practitioners, direct care providers, and other professional and volunteer ambulance personnel and firefighters who perform emergency medical services, licensed complementary and alternative medicine practitioners, integrative health practitioners, public health professionals, and any other health professions that the Comptroller General of the United States determines appropriate.

(B) Participate in the Administration's evaluation and reporting activities.
partners and complete the required activities during the 2 year period of the implementation grant.

(4) Fiscal and administrative agent.—A State partnership receiving an implementation grant shall appoint a fiscal and an administrative agent for the implementation of such grant.

(5) application.—Each eligible State partnership describing an implementation grant shall submit an application to the Administration at such time, in such manner, and accompanied by such information as the Administration reasonably require. Each application submitted shall include—

(A) a description of the members of the State partnership;

(B) a description of how the State partnership completed the required activities under the planning grant, if applicable;

(C) a description of the activities for which matching funds are sought, in accordance with State procurement rules, to support the regional partnerships to address health care workforce development needs and to promote innovative health care workforce career pathways and activities, including technical assistance and capacity building activities;

(D) a description of the activities supported by the implementation grant, including the use of matching funds, to complete activities, and a description of the performance of the State partnership in meeting the performance benchmarks.

(6) required activities.—

(A) in general.—A State partnership that receives an implementation grant may receive up to 60 percent of the grant funds to make grants to be competitively awarded by the State partnership, consistent with the State’s need for information and guidance and education and training opportunities.

(B) eligible partnership duties.—An eligible State partnership receiving an implementation grant shall—

(i) identify and convene regional leadership to discuss opportunities to engage in statewide health care workforce development planning, including the potential use of com-

(ii) in consultation with key stakeholders and regional leaders, take appropriate steps to reduce Federal, State, and local barriers to a comprehensive and coherent strategy, including changes in State or local policies to foster coherent and comprehensive health care workforce development activities, including health care career pathways at the regional and State levels, career planning information, retraining for displaced workers, and assistance for Federal program or administrative waivers;

(iii) develop, disseminate, and review with key stakeholders a preliminary statewide strategy that addresses short- and long-term health care workforce development supply versus demand;

(iv) convene State partnership members on a regular basis, and at least on a semiannual basis;

(v) assist leaders at the regional level to form partner associations, including technical assistance and capacity building activities;

(vi) collect and assess data on and report on the performance benchmarks selected by the State in the implementation plan for implementation activities carried out by regional and State partnerships; and

(vii) participate in the Administration’s evaluation and reporting activities.

(7) performance and evaluation.—Before the State partnership receives an implementation grant, it and the Administration shall jointly determine the performance benchmarks that shall be established for the purposes of the implementation grant.

(B) Matching.—Each State partnership receiving an implementation grant shall provide an amount, in cash or in kind that is not less than 25 percent of the amount of the grant, to carry out the activities supported by the grant. The matching funds may be provided from funds available from other Federal, State, local, or private sources to carry out such activities.

(9) reports.—

(A) report to administration.—For each year of the implementation grant, the State partnership receiving the implementation grant shall submit a report to the Administration on the performance of the State grant activities, including a description of the use of the matching funds, to complete activities, and a description of the performance of the State partnership in meeting the performance benchmarks.

(B) report to congress.—The Administration shall submit a report to Congress analyzing implementation activities, performance, estimated savings from Federal grants, and such information as the Secretary may require.

(10) increase in grants for longitudinal evaluations.—

(A) in general.—The Secretary shall increase the amount awarded to an eligible entity under this title for a longitudinal evaluation of individuals who have received education, training, or financial assistance from programs under this title.

(B) capability.—A longitudinal evaluation shall be capable of—

(i) studying practice patterns; and

(ii) collecting and reporting data on performance measures developed under sections 749(d)(3), 757(d)(3), and 762(a)(3).

(Guidelines.—A longitudinal evaluation shall comply with guidelines issued under sections 749(d)(3), 757(d)(3), and 762(a)(3).

SEC. 4103. HEALTH CARE WORKFORCE ASSESSMENT.

(a) in general.—Section 761 of the Public Health Service Act ([U.S.C. 294m) is amended—

(1) by redesignating subsection (c) as subsection (e); and

(2) by striking subsection (b) and inserting the following:

(1) national center for health care workforce assessment.—

(i) establishment.—The Secretary shall establish the National Center for Health Workforce Analysis (referred to in this section as the National Center).

(ii) purposes.—The National Center, in coordination to the extent practicable with the National Health Workforce Commission (established in section 401 of the Patient Protection and Affordable Care Act), and relevant regional and State centers and agencies, shall—

(A) provide for the development of information describing and analyzing the health care workforce and workforce related issues;

(B) carry out the activities under section 762(a); and

(C) annually evaluate programs under this title; and

(D) develop and publish performance measures and benchmarks for programs under this title; and

(E) establish, maintain, and publicize a national Internet resource portal for awards under this title and a database to collect data from longitudinal evaluations (as described in subsection (d)(3)) on performance measures and benchmarks for programs under sections 749(d)(3), 757(d)(3), and 762(a)(3).

(3) collaboration and data sharing.—

(A) in general.—The National Center shall collaborate with Federal agencies and relevant professional and educational organizations or societies for the purpose of linking data regarding grants awarded under this title.

(B) contracts for health workforce analysis.—For the purpose of carrying out the activities described in subparagraph (A), the National Center may enter into contracts with relevant professional and educational organizations or societies.

(c) State and regional centers for health workforce analysis.—

(1) in general.—The Secretary shall award grants to, or enter into contracts with, eligible entities for purposes of—

(i) collecting, analyzing, and reporting data regarding programs under this title to the National Center at the request of the National Center; and

(ii) preparing, distributing, and maintaining the Longitudinal Evaluation System, including the Longitudinal Evaluation System’s database of longitudinal evaluations of Federal programs.

(2) eligible entities.—To be eligible for a grant or contract under this subsection, an entity shall—

(A) be a State, a State workforce investment board, a public health or health professions school, an academic health center, or an appropriate public or private nonprofit entity; and

(B) submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary may require.

(3) increase in grants for longitudinal evaluations.—

(A) in general.—The Secretary shall increase the amount awarded to an eligible entity under this title for a longitudinal evaluation of individuals who have received education, training, or financial assistance from programs under this title.

(B) capability.—A longitudinal evaluation shall be capable of—

(i) studying practice patterns; and

(ii) collecting and reporting data on performance measures developed under sections 749(d)(3), 757(d)(3), and 762(a)(3).

(Guidelines.—A longitudinal evaluation shall comply with guidelines issued under sections 749(d)(4), 757(d)(4), and 762(a)(4).
(b) Transfers.—Not later than 180 days after the date of enactment of this Act, the responsibilities and resources under the National Center for Health Workforce Analysis, as in effect on the date before the date of enactment of this Act, shall be transferred to the National Center for Health Workforce Analysis established under section 781 of the Public Health Service Act, as amended by subsection (a).

(c) Use of Longitudinal Evaluations.—
Section 761(d)(1) of the Public Health Service Act (42 U.S.C. 291a(a)) is amended—
(1) in paragraph (1), by striking ‘‘or’’ at the end;
(2) in paragraph (B), by striking the period and inserting ‘‘; or’’; and
(3) by adding at the end the following: ‘‘(C) utilizes a longitudinal evaluation (as described in section 761(d)(2)) and reports data from such system to the national workforce database (as established under section 761(b)(2)(E)).’’

(d) Performance Measures; Guidelines for Longitudinal Evaluations.—
(1) Advisory Committee on Training in Primary Care Medicine and Dentistry.—Section 748(d) of the Public Health Service Act is amended—
(A) in paragraph (1), by striking ‘‘and’’ at the end;
(B) in paragraph (2), by striking the period and inserting a semicolon; and
(C) by adding at the end the following: ‘‘(3) develop, publish, and implement performance measures for programs under this part;
(4) develop and publish guidelines for longitudinal evaluations (as described in section 761(d)(2)) for programs under this part; and
(5) recommend appropriation levels for programs under this part.’’
(2) Advisory Committee on Interdisciplinary, Community-Based Linkages.—Section 756(d) of the Public Health Service Act is amended—
(A) in paragraph (1), by striking ‘‘and’’ at the end;
(B) in paragraph (2), by striking the period and inserting a semicolon; and
(C) by adding at the end the following: ‘‘(3) develop, publish, and implement performance measures for programs under this part;
(4) develop and publish guidelines for longitudinal evaluations (as described in section 761(d)(2)) for programs under this part; and
(5) recommend appropriation levels for programs under this part.’’
(3) Advisory Council on Graduate Medical Education.—Section 762(a) of the Public Health Service Act (42 U.S.C. 296a(a)) is amended—
(A) in paragraph (1), by striking ‘‘and’’ at the end;
(B) in paragraph (2), by striking the period and inserting a semicolon; and
(C) by adding at the end the following: ‘‘(3) develop, publish, and implement performance measures for programs under this title, except for programs under part C or D;
(4) develop and publish guidelines for longitudinal evaluations (as described in section 761(d)(2)) for programs under this title, except for programs under part C or D; and
(5) recommend appropriation levels for programs under this title, except for programs under part C or D.’’

Subtitle C—Increasing the Supply of the Health Care Workforce

SEC. 4201. FEDERALLY SUPPORTED STUDENT TRAINING PROGRAMS

(a) Medical Schools and Primary Health Care.—Section 723 of the Public Health Service Act (42 U.S.C. 292c) is amended—
(1) in paragraph (1), by striking subparagraph (B) and inserting the following:

‘‘(B) to practice in such care for 10 years (including residency training in primary health care) or through the date on which the loan is repaid in full, whichever occurs first; and

(2) by striking paragraph (3) and inserting the following:

‘‘(3) Noncompliance by student.—Each agreement (1) pursuant to paragraph (1) shall provide that, if the student fails to comply with such agreement, the loan involved will begin to accrue interest at a rate not more than the rate at which the student would pay if compliant in such year.’’;

and

(b) Student Loan Guidelines.—The Secretary shall amend guidelines issued by the Health Resources and Services Administration in accordance with the preceding sentence.

SEC. 4202. NURSING STUDENT LOAN PROGRAM

(a) Loan Agreements.—Section 806(a) of the Public Health Service Act (42 U.S.C. 297b(a)) is amended—
(1) by striking ‘‘$2,500’’ and inserting ‘‘$3,300’’;
(2) by striking ‘‘$4,000’’ and inserting ‘‘$5,000’’; and
(3) by striking ‘‘$13,000’’ and all that follows through the period and inserting ‘‘$14,000’’;

(b) Loan Provisions.—Section 826(b) of the Public Health Service Act (42 U.S.C. 297c(b)) is amended—
(1) in paragraph (1)(C), by striking ‘‘1986’’ and inserting ‘‘2001’’;
(2) in paragraph (2) by striking the date of enactment of the Nurse Training Amendments of 1977 and inserting ‘‘September 29, 1995’’;

SEC. 4203. HEALTH CARE WORKFORCE LOAN REPAYMENT PROGRAMS

Part E of title VII of the Public Health Service Act (42 U.S.C. 294 et seq.) is amended by adding at the end the following:

Subpart C—Reimbursement and Recruitment Programs

SEC. 775. INVESTMENT IN TOMORROW’S PEDIATRIC HEALTH CARE WORKFORCE

(a) Establishment.—The Secretary shall establish and carry out a pediatric specialty loan repayment program under which the eligible individual agrees to employed full-time for a specified period (which shall not be less than 2 years) in providing pediatric medical subspecialty, pediatric surgical specialty, or child and adolescent mental and behavioral health care, including substance abuse prevention and treatment services.

(b) Program Administration.—Through the program established under this section, the Secretary may enter into contracts with qualified health professionals under which—
(1) such qualified health professionals will agree to provide pediatric medical subspecialty, pediatric surgical specialty, or child and adolescent mental and behavioral health care in an area with a shortage of the specified pediatric subspecialty that has a sufficient pediatric population to support such pediatric subspecialty, as determined by the Secretary; and

(2) the Secretary agrees to make payments on the principal and interest of graduate, undergraduate, or graduate medical education loans of professionals described in paragraph (1) of not more than $35,000 a year for each year of agreed upon service under such paragraph for a period of not more than 3 years during the qualified health professional's teaching period.

(A) Participation in an accredited pediatric medical subspecialty, pediatric surgical specialty, or child and adolescent mental health subspecialty residency or fellowship; or

(B) employment as a pediatric medical subspecialist, pediatric surgical specialist, or child and adolescent mental health professional serving an area or population described in such paragraph.

(c) In General.—

(1) Eligible Individuals.—

(A) Pediatric medical specialists and pediatric surgical specialists.—For purposes of contracts with respect to pediatric medical specialists and pediatric surgical specialists, the term ‘‘qualified health professional’’ means a licensed physician who—

(i) is entering or receiving training in an accredited pediatric medical subspecialty or pediatric surgical specialty residency or fellowship;

(ii) has completed (but not prior to the end of the calendar year in which this section is enacted) the training described in subparagraph (B).

(B) Child and adolescent mental and behavioral health.—For purposes of contracts with respect to child and adolescent mental and behavioral health, the term ‘‘qualified health professional’’ means a health professional who—

(i) has received specialized training in child and adolescent mental health in psychiatry, psychology, social work, substance abuse disorder prevention and treatment, marriage and family therapy, school counseling, or professional counseling;

(ii) has a license or certification in a State to practice allopatheric medicine, osteopathic medicine, psychology, psychiatric nursing, social work, school social work, substance abuse disorder prevention and treatment, marriage and family therapy, school counseling, or professional counseling; or

(iii) is a mental health service professional who completed (but not prior to the end of the calendar year in which this section is enacted) specialized training in clinical experience in child and adolescent mental health described in clause (i).

(2) Additional Eligibility Requirements.—The Secretary may not enter into a contract under this section with an eligible individual unless—

(A) the individual agrees to work in, or for a provider serving, a health professional shortage area or medically underserved area, or to serve a medically underserved population;

(B) the individual is a United States citizen or a permanent legal United States resident; and

(C) if the individual is enrolled in a graduate medical education program, the program is accredited, and the individual has an acceptable level of academic standing (as determined by the Secretary).

(d) Priority.—In entering into contracts under this subsection, the Secretary shall give priority to applicants who—
SEC. 4204. PUBLIC HEALTH WORKFORCE RECRUITMENT AND RETENTION PROGRAMS.

(a) ESTABLISHMENT.—The Secretary shall establish the Public Health Loan Repayment Program (referred to in this section as the ‘Program’) to assure an adequate supply of public health professionals to eliminate critical public health workforce shortages in Federal, State, local, and tribal public health agencies.

(b) ELIGIBILITY.—To be eligible to participate in the Program, an individual shall—

(1) be employed by, or have accepted employment with, a Federal, State, local, or tribal public health agency or a related training fellowship, as recognized by the Secretary, to commence upon graduation;

(2) have graduated, during the preceding 10-year period, from an accredited educational institution in a State or territory and received a public health or health professions degree or certificate; and

(3) have, for enrollment, or be enrolled, as a student in an accredited academic educational institution in a State or territory, a degree or certificate program, or professional training program, or related training fellowship, as recognized by the Secretary, to commence upon graduation.

(c) CONTRACT.—The written contract (referred to in this section as the ‘written contract’) between the Secretary and the individual shall contain—

(1) in subsection (b), by adding at the end the following:

"(c) CONTRACT.—The written contract (referred to in this section as the ‘written contract’) between the Secretary and the individual shall contain—

(1) an agreement on the part of the Secretary that the Secretary will repay on behalf of the individual loans incurred by the individual in the pursuit of the relevant degree or certificate program, or professional training program, or related training fellowship, as recognized by the Secretary, to commence upon graduation;";

(2) an agreement on the part of the individual to relocate to a primary service area (as determined by the Secretary) in exchange for an additional loan repayment incentive amount to be determined by the Secretary.

(3) demonstrate financial need.

SEC. 4205. ALLIED HEALTH WORKFORCE RECRUITMENT AND RETENTION PROGRAMS.

(a) ALLIED HEALTH PROFESSIONALS.—The term ‘allied health professional’ means an allied health professional as defined in section 238B of the Higher Education Act of 1965 (20 U.S.C. 1078b) who—

(1) has graduated, during the preceding 10-year period, from an accredited educational institution in a State or territory and received a public health or health professions degree or certificate; and

(2) is employed with a Federal, State, local, or tribal public health agency, in a setting where patients might require health care services, including acute care facilities, ambulatory care facilities, personal residences, and other settings located in health professional shortage areas, medically underserved areas, or medically underserved populations, as recognized by the Secretary of Health and Human Services.

(b) ELIGIBILITY.—To be eligible to participate in the Program, an individual shall—

(1) be employed by, or have accepted employment with, a Federal, State, local, or tribal public health agency, in a setting where patients might require health care services, including acute care facilities, ambulatory care facilities, personal residences, and other settings located in health professional shortage areas, medically underserved areas, or medically underserved populations, as recognized by the Secretary of Health and Human Services.

(c) CONTRACT.—The written contract (referred to in this section as the ‘written contract’) between the Secretary and the individual shall contain—

(1) an agreement on the part of the Secretary that the Secretary will repay on behalf of the individual loans incurred by the individual in the pursuit of the relevant degree or certificate program, or professional training program, or related training fellowship, as recognized by the Secretary, to commence upon graduation;";

(2) an agreement on the part of the individual to relocate to a primary service area (as determined by the Secretary) in exchange for an additional loan repayment incentive amount to be determined by the Secretary.

(3) demonstrate financial need.

SEC. 4206. GRANTS FOR STATE AND LOCAL PROGRAMS.

(a) IN GENERAL.—Section 756(d) of the Public Health Service Act (42 U.S.C. 295(d)) is amended—

(1) in paragraph (7), by striking ‘‘; or’’ and inserting a semicolon;

(2) by redesignating paragraph (8) as paragraph (9); and

(3) by inserting after paragraph (7) the following:

'(8) public health workforce loan repayment programs; or.

(b) TRAINING FOR MID-CAREER PUBLIC HEALTH PROFESSIONALS.—Part E of title VII of the Public Health Service Act (42 U.S.C. 295 et seq.), as amended by section 4204, is further amended by adding at the end the following:

SEC. 777. TRAINING FOR MID-CAREER PUBLIC HEALTH AND ALLIED HEALTH PROFESSIONALS.

(a) IN GENERAL.—The Secretary may make grants to, or enter into contracts with, any eligible entity to award scholarships to eligible individuals to enroll in degree or professional training programs for the purpose of enabling mid-career professionals in the public health and allied health workforce to receive additional training in the field of public health and allied health.

(b) ELIGIBILITY.—The term ‘eligible entity’ means an accredited educational institution that offers a course of study, certificate program, or professional training program in public or allied health or a related discipline, as determined by the Secretary.

(c) ELIGIBLE INDIVIDUALS.—The term ‘eligible individual’ includes those individuals employed in public and allied health positions in the Federal, State, tribal, or local level who are interested in retaining or upgrading their education.

(d) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, $60,000,000 for fiscal year 2010 and such sums as may be necessary.
for each of fiscal years 2011 through 2015. Fifty percent of appropriated funds shall be allotted to public health mid-career professionals and 50 percent shall be allotted to allied health professionals, and 50 percent of appropriated funds shall be allotted to public health mid-career professionals and 50 percent shall be allotted to allied health professionals.

SEC. 4207. FUNDING FOR NATIONAL HEALTH SERVICE CORPS.

Section 338(b)(a) of the Public Health Service Act (42 U.S.C. 254s(a)) is amended to read as follows:

``(a) AUTHORIZATION OF APPROPRIATIONS.—For the purpose of carrying out this section, there is authorized to be appropriated, out of any funds in the Treasury not otherwise appropriated, the following:

``(1) For fiscal year 2010, $350,461,632.

``(2) For fiscal year 2011, $414,085,442.

``(3) For fiscal year 2012, $355,087,442.

``(4) For fiscal year 2013, $391,431,432.

``(5) For fiscal year 2014, $385,456,333.

``(6) For fiscal year 2015, $1,154,516,336.

``(7) For fiscal year 2016, and each subsequent fiscal year, the amount appropriated for the preceding fiscal year adjusted by the product of—

``(A) one plus the average percentage increase in the costs of health professions education during the prior fiscal year; and

``(B) the average percentage change in the number of residents in public health in professional schools related areas designated under section 333 during the prior fiscal year, relative to the number of individuals residing in such areas during the previous fiscal year.
``

SEC. 4208. NURSE-MANAGED HEALTH CLINICS.

(a) PURPOSE.—The purpose of this section is to fund the development and operation of nurse-managed health clinics.

(b) GRANTS.—Subpart 1 of part D of title III of the Public Health Service Act (42 U.S.C. 254b et seq.) is amended by inserting after section 330A(a) the following:

``SEC. 330A-1. GRANTS TO NURSE-MANAGED HEALTH CLINICS.

``(a) DEFINITIONS.—

``(1) COMPREHENSIVE PRIMARY HEALTH CARE SERVICES.—In this section, the term ‘comprehensive primary health care services’ means the primary health services described in section 330(b)(1).

``(2) NURSE-MANAGED HEALTH CLINIC.—The term ‘nurse-managed health clinic’ means a nurse-practice arrangement, managed by an advanced practice nurses, that provides primary care or wellness services to underserved or vulnerable populations and that is associated with a school, college, university or department of nursing, federally qualified health center, or independent nonprofit health care organization.

``(b) AUTHORITY TO AWARD GRANTS.—The Secretary shall award grants for the cost of the operation of nurse-managed health clinics that meet the requirements of this section.

``(c) APPLICATIONS.—To be eligible to receive a grant under this section, an entity shall—

``(1) be an NHMC; and

``(2) submit to the Secretary an application at such time, in such manner, and containing—

``(A) assurances that nurses are the major providers of services at the NHMC and that at least 1 advanced practice nurse holds an executive management position within the organizational structure of the NHMC;

``(B) an assurance that the NHMC will continue providing comprehensive primary health care services or wellness services without regard to income or insurance status of the patient for the duration of the grant period; and

``(C) evidence that, not later than 90 days of receiving a grant under this section, the NHMC will establish a community advisory committee, for which a majority of the members shall be individuals who are served by the NHMC.

``(d) GRANT AMOUNT.—The amount of any grant available for fiscal year 2011 shall be determined by the Secretary, taking into account—

``(1) the financial need of the NHMC, considering the preceding fiscal year’s operating funding provided to the NHMC; and

``(2) other factors, as the Secretary determines appropriate.

``(e) APPLICATION OF APPROPRIATIONS.—For the purposes of carrying out this section, there are authorized to be appropriated $50,000,000 for the fiscal year 2016 and each succeeding fiscal year, the amount appropriated for the preceding fiscal year, the amount appropriated for the preceding fiscal year adjusted by the product of—

``(A) one plus the average percentage increase in the costs of health professions education during the prior fiscal year; and

``(B) the average percentage change in the number of residents in public health in professional schools related areas designated under section 333 during the prior fiscal year, relative to the number of individuals residing in such areas during the previous fiscal year.
``

SEC. 4209. ELIMINATION OF CAP ON COMMISSIONED CORPS.

Section 302 of the Department of Health and Human Services Appropriations Act, 1993 (Public Law 102-394) is amended by striking ‘‘not to exceed 2,800’’.

SEC. 4210. ESTABLISHING A READY RESERVE CORPS.

Section 203 of the Public Health Service Act (42 U.S.C. 2414) is amended to read as follows:

``SEC. 203. COMMISSIONED CORPS AND READY RESERVE CORPS.

``(a) ESTABLISHMENT.—

``(1) IN GENERAL.—There shall be in the Service a commissioned Regular Corps and a Ready Reserve Corps for service in time of national emergency.

``(2) REQUIREMENT.—All commissioned officers shall be citizens of the United States and shall be appointed without regard to the civil-service laws and compensated without regard to the Classification Act of 1923, as amended.

``(3) APPOINTMENT.—Commissioned officers of the Ready Reserve Corps shall be appointed by the President with the advice and consent of the Senate.

``(4) ACTIVE DUTY.—Commissioned officers of the Ready Reserve Corps shall at all times be subject to call to active duty by the Surgeon General, including active duty for the purposes of providing support to the health and functional capabilities of the Service and any warrant officer appointed to the Service shall be considered for purposes of this Act and title 37, United States Code, to be a commissioned officer within the Commissioned Corps of the Service.

``(b) ASSIMILATING RESERVE CORPS OFFICERS INTO THE REGULAR CORPS.—Effective on the date of enactment of this Act and title 37, United States Code, to be a commissioned officer within the Commissioned Corps of the Service.

``(c) TRAINING IN FAMILY MEDICINE, GENERAL INTERNAL MEDICINE, OR GENERAL PEDIATRICS.—The Secretary shall—

``(1) provide training to ensure that commissioned officers are trained in the specialties of family medicine, general internal medicine, or general pediatrics;

``(2) be available and ready for involuntary call to duty during national emergencies and public health crises, similar to the uniformed service reserve programs; and

``(3) be available for involuntary call to duty during national emergencies and public health crises, similar to the uniformed service reserve programs.

``(d) GRANT AMOUNT.—For the purposes of carrying out this section, there are authorized to be appropriated $3,000,000 for each of fiscal years 2013 through 2014 for recruitment, training, and readiness.

``(e) TRAINING AUTHORITY.—For the purposes of carrying out this section, there are authorized to be appropriated $1,000,000 for each of fiscal years 2013 through 2014 for recruitment, training, and readiness.

``(f) FUNDING.—For the purposes of carrying out this section, there are authorized to be appropriated $4,000,000 for each of fiscal years 2013 through 2014 for training, readiness, and deployment.

``(g) APPROPRIATION.—For the purposes of carrying out this section, there are authorized to be appropriated $2,000,000 for each of fiscal years 2013 through 2014 for recruitment.

SEC. 747. PRIMARY CARE TRAINING AND ENHANCEMENT.

(a) SUPPORT AND DEVELOPMENT OF PRIMARY CARE TRAINING PROGRAMS.—

``(1) IN GENERAL.—The Secretary may make grants to, or enter into contracts with, an accredited public or nonprofit private hospital, school of medicine or osteopathic medicine, academically affiliated physician assistant training program, or a public or private nonprofit entity which the Secretary has determined is capable of carrying out such grant or contract—

``(A) to plan, develop, operate, or participate in an accredited training program, including an accredited residency or internship program in the field of family medicine, general internal medicine, or general pediatrics for medical students, interns, residents, or practicing physicians as defined by the Secretary;

``(B) to provide need-based financial assistance in the form of loan repayments, stipends, scholarships, or other financial assistance to medical students, interns, residents, practicing physicians, or other medical personnel, who are participants in any such program and who plan to specialize or work in the practice of the field defined in subparagraph (A);

``(C) to plan, develop, and operate a program that prepares the health care workforce to teach in family medicine, general internal medicine, or general pediatrics training programs;

``(D) to plan, develop, and operate a program for the training of physicians teaching in community-based settings;

``(E) to provide financial assistance in the form of loan repayments, scholarships, or other financial assistance to physicians who are participants in any such programs and who plan to teach or conduct research in a family medicine, general internal medicine, or general pediatrics training program.

``(F) to plan, develop, and operate a program for the training of physicians teaching in community-based settings.

``(G) to plan, develop, and operate a demonstration program that provides training in new competencies, as recommended by the Advisory Committee on Training in Primary Care Medicine and Dentistry and the National Health Care Workforce Commission in section 4101 of the Patient Protection and Affordable Care Act, which may include—

``(1) primary care or wellness services to underserved or vulnerable populations; and

``(2) clinical training in the specialties of family medicine, general internal medicine, or general pediatrics.

``(H) to the extent consistent with the purposes of this Act, to provide grants to hospitals to support the training of residents in primary care specialties who are participants in any such programs and who plan to teach or conduct research in a family medicine, general internal medicine, or general pediatrics training program; and

``(I) to plan, develop, and operate a program for the training of physicians teaching in community-based settings;
“(1) providing training to primary care physicians relevant to providing care through patient-centered medical homes (as defined by the Secretary for purposes of this section); (2) developing tools and curricula relevant to patient-centered medical homes; and (3) providing continuing education to primary care physicians relevant to patient-centered medical homes; and (H) to plan, develop, and operate joint degree programs to provide interdisciplinary and interprofessional graduate training in public health and other health professions to provide training in environmental health, infectious disease control, disease prevention, and interprofessional, integrated care through patient-centered medical homes (as defined in subsection (a)(1)(A)); or (I) to create a loan repayment program for, or enter into contracts with, a school of dentistry, public or nonprofit private hospital, or a public or private non-profit entity which the Secretary has determined is capable of carrying out such grant or contract— (A) to plan, develop, and operate, or participate in, an approved professional training program in the field of dental hygiene; (B) have a record of training the greatest number of dentists; (C) to plan, develop, and operate a loan repayment program for dental students, residents, practicing dentists, or other approved primary care dental trainees, that emphasizes training for general, pediatric, or public health dentistry; (D) to provide financial assistance to dental students, residents, practicing dentists, and dental hygiene students who are in need thereof, who are participants in any such program, and who plan to work in the practice of general, pediatric, public health dentistry, or dental hygiene; (E) to provide financial assistance in the form of traineeships and fellowships to dentists who plan to teach or are teaching in general, pediatric, or public health dentistry; (F) to meet the costs of projects to establish, maintain, or improve dental faculty development programs in primary care (which may be departments, divisions or other appropriately defined units); (G) to create a loan repayment program for faculty in dental programs; and (H) to provide technical assistance to dental training programs in planning and implementing instruction regarding the oral health status, dental care needs, and risk-based clinical disease management of all pediatric populations with an emphasis on underserved children.

(2) FACULTY LOAN REPAYMENT— (A) IN GENERAL.—A grant or contract under subsection (a) may be awarded to a program of general, pediatric, or public health dentistry described in this subsection to plan, develop, and operate a loan repayment program for, or enter into contracts with, eligible individuals to offset the cost of tuition and required fees for enrollment in academic programs provided by such entity.

(1) ELIGIBILITY.—To be eligible for assistance under this section, an individual shall

be enrolled in courses provided by a grantee under this subsection and maintain satisfactory academic progress in such courses.

(2) CONDITION OF ASSISTANCE.—As a condition of receiving assistance under this section, an individual shall agree that, following completion of the assistance period, the individual will work in the field of general, pediatric, or public health dentistry described in this subsection to plan, develop, and operate a loan repayment program for, or enter into contracts with, eligible individuals to offset the cost of tuition and required fees for enrollment in academic programs provided by such entity.

(1) ELIGIBILITY.—To be eligible for assistance under this section, an individual shall

have a record of training the greatest number of dentists; or (2) the Secretary shall give priority to any qualified applicant that— (A) proposes a collaborative project between academic units or programs in fields defined in subsection (a)(1)(A); or (B) programs that integrate academic administrative units or programs in fields defined in subsection (a)(1)(A) to enhance interdisciplinary recruitment, training, and faculty development.

(2) DURATION OF AWARDS.—The period during which payments are made to an entity from an award of a grant or contract under this subsection shall be 5 years.

(b) Capacity Building in Primary Care.— (1) IN GENERAL.—The Secretary may make grants or contracts to, or enter into cooperative agreements with, creditable schools of medicine or osteopathic medicine to establish, maintain, or improve— (A) academic units or programs that improve clinical teaching and research in fields defined in subsection (a)(1)(A); or (B) programs that integrate academic administrative units or programs in fields defined in subsection (a)(1)(A) to enhance interdisciplinary recruitment, training, and faculty development.

(2) Preferences in Making Awards Under This Subsection.—In making awards of grants or contracts under paragraph (1), the Secretary shall give priority to any qualified applicant for such an award that agrees to expend the award for the purpose of— (A) establishing academic units or programs in fields defined in subsection (a)(1)(A); or (B) substantially expanding such units or programs.

(3) Priorities in Making Awards.—In awarding grants or contracts under paragraphs (1) and (2), the Secretary shall give priority to— (A) a collaborative project between academic administrative units or programs in fields defined in subsection (a)(1)(A) to enhance interdisciplinary recruitment, training, and faculty development.

(c) Authorization of Appropriations.— (1) IN GENERAL.—For purposes of carrying out this section (other than subsection (b)(1)(B)), there are authorized to be appropriated $125,000,000 for fiscal year 2010, and such sums as may be necessary for each of fiscal years 2011 through 2014.

(2) Training Programs.—Fifteen percent of the amount appropriated pursuant to subsection (a) of this section shall be allocated to the physician assistant training programs described in subsection (a)(1)(F), which prepare students for practice in primary care.

(3) Integrating Academic Administrative Units.—For purposes of carrying out subsection (b)(1)(B), there are authorized to be appropriated $750,000 for each of fiscal years 2010 through 2014.

SEC. 4302. TRAINING OPPORTUNITIES FOR DENTAL CARE WORKERS.

Part C of title VII of the Public Health Service Act (42 U.S.C. 295d et seq.) is amended by inserting after section 747, as amended by section 4301, the following:

"SEC. 747A. TRAINING OPPORTUNITIES FOR DENTAL CARE WORKERS.

"(a) IN GENERAL.—The Secretary shall award grants to eligible entities to enable such entities to provide new training opportunities for direct care dental workers who are employed in long-term care settings such as nursing homes (as defined in section 1396n(g)(1) of title 19, United States Code), assisted living facilities (as defined in section 1396a(g)(1)(A) of title 19, United States Code), and any other setting the Secretary determines to be appropriate.

"(b) ELIGIBILITY.—To be eligible to receive a grant under this section, an entity shall— (1) have a record of training the greatest number of dentists; (2) provide training in cultural competency and interprofessional, integrated care through patient-centered medical homes; (3) have a record of training the greatest number of dentists; (4) have a record of training the greatest number of dentists; (5) be an institution of higher education (as defined in section 102 of the Higher Education Act of 1965 (20 U.S.C. 1002)) that— (A) is accredited by a nationally recognized accrediting agency or association listed under section 101(c) of the Higher Education Act of 1965 (20 U.S.C. 1001(c)); and (B) has established a public-private educational partnership with a nursing home or skilled nursing facility, agency or entity providing home and community based services to individuals with disabilities, or other long-term care provider; and (6) submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary may require.

"(c) USE OF FUNDS.—An eligible entity shall use amounts awarded under a grant under this section to provide assistance to eligible individuals to offset the cost of tuition and required fees for enrollment in academic programs provided by such entity.

"(d) Disbursement.—An entity awarded a grant under subsection (a) shall— (1) ELIGIBILITY.—To be eligible for assistance under this section, an individual shall
“(ii) the program of general, pediatric or public health dentistry agrees to pay the principal and interest on the outstanding student loans of the individuals.”

(B) AUTHORIZATIONS AND ALLOCATIONS.—With respect to the payments described in subparagraph (A)(ii), upon completion by an individual of each of the first, second, third, fourth, and fifth years of service, the program shall pay such an amount equal to 10, 15, 20, 25, and 30 percent, respectively, of the individual’s student loan balance as calculated based on principal and interest owed at the initiation of the agreement.

(b) ELIGIBLE ENTITY.—For purposes of this subsection, eligible entity shall mean a grant or contract for programs in general, pediatric, or public health dentistry shall include entities that have programs in dental or dental hygiene schools approved by the Accrediting Commission for Caduceus Education in the practice of general, pediatric, or public health dentistry.

(c) ELIGIBLE ENTITIES.—To be eligible to receive grants under subsection (a), an entity shall—

(1) Qualified applicants that propose collaborative projects between departments of primary care medicine and departments of general, pediatric, or public health dentistry.

(2) Qualified applicants that have a record of training the greatest percentage of providers, or that have demonstrated significant improvements in the percentage of providers, who enter and remain in general, pediatric, or public health dentistry.

(3) Qualified applicants that have a record of training individuals who are from a rural or disadvantaged background, or from underrepresented minorities.

(4) Qualified applicants that establish formal relationships with Federally qualified health centers, rural health centers, or accredited teaching facilities and that conduct training of students, residents, fellows, or faculty at the center or facility.

(d) APPLICATION.—To be eligible for an award under subsection (a), an entity shall—

(1) be—

(A) an institution of higher education, including a county community college;

(B) a public or private sector program; or

(C) a federally qualified health center;

(D) an Indian Health Service facility or a tribe or tribal organization, or urban Indian clinic;

(E) a state or county public health clinic, a health facility operated by an Indian tribe or tribal organization, or urban Indian organization providing dental services; or

(F) a public hospital or health system;

(2) be within a program accredited by the Commission on Dental Accreditation or within a dental education program in an accredited institution; and

(3) be supported to conduct a demonstration project approved by the Indian Health Service from being eligible for a grant under this section.

(e) USE OF FUNDS.—All sums awarded under this section shall be in an amount that is not less than $4,000,000 for the 5-year period during which the demonstration project is being conducted.

(f) DISBURSEMENT OF FUNDS.—

(A) PRELIMINARY DISBURSEMENTS.—Beginning 1 year after the enactment of this section, the Secretary may carry over funds from 1 fiscal year to another without obtaining approval from the Secretary. In no case may any funds be carried over pursuant to the preceding sentence for more than 3 years.’’.

SEC. 4304. ALTERNATIVE DENTAL HEALTH CARE PROVIDERS DEMONSTRATION PROJECT

Subpart X of part D of title III of the Public Health Service Act (42 U.S.C. 256f et seq.) is amended by adding at the end the following:

“SEC. 4304-G. DEMONSTRATION PROGRAM.

(a) IN GENERAL.—

(1) AUTHORIZATION.—The Secretary is authorized to award grants to 15 eligible entities to establish a demonstration program to establish training programs to train, or to employ, alternative dental health care providers in order to increase access to dental health care services in rural and other underserved communities.

(2) DEFINITION.—The term ‘alternative dental health care providers’ includes community dental health coordinators, advance practice dental hygienists, independent dental hygienists, supervised dental hygienists, dental therapists, dental therapists, dental health aides, and any other health professional that the Secretary determines appropriate.

(b) TIMEFRAME.—The demonstration projects funded under this section shall begin not later than 2 years after the date of enactment of this section, and shall conclude not later than 7 years after such date of enactment.

(c) ELIGIBLE ENTITIES.—To be eligible to receive a grant under subsection (a), an entity—

(1) be—

(A) an institution of higher education, including a community college;

(B) a public or private sector program; or

(C) a federally qualified health center;

(D) an Indian Health Service facility or a tribe or tribal organization, or urban Indian clinic;

(E) a state or county public health clinic, a health facility operated by an Indian tribe or tribal organization, or urban Indian organization providing dental services; and

(F) a public hospital or health system;

(2) be within a program accredited by the Commission on Dental Accreditation or within a dental education program in an accredited institution; and

(3) be supported to conduct a demonstration project approved by the Indian Health Service from being eligible for a grant under this section.

(d) USE OF FUNDS.—All sums awarded under this section shall be in an amount that is not less than $4,000,000 for the 5-year period during which the demonstration project is being conducted.

(e) DISBURSEMENT OF FUNDS.—

(A) PRELIMINARY DISBURSEMENTS.—Beginning 1 year after the enactment of this section, the Secretary may carry over funds from 1 fiscal year to another without obtaining approval from the Secretary. In no case may any funds be carried over pursuant to the preceding sentence for more than 3 years.’’.

SEC. 4305. GERIATRIC EDUCATION AND TRAINING IN PRIMARY CARE PROVIDERS DENTISTRY; GERIATRIC EDUCATION; GERIATRIC GERIATRIC EDUCATION.

(a) WORKFORCE DEVELOPMENT; CAREER AWARDS.—Section 753 of the Public Health Service Act (42 U.S.C. 294c) is amended by adding at the end the following:

“(d) GERIATRIC WORKFORCE DEVELOPMENT; Career Awards.—

(1) IN GENERAL.—The Secretary shall award grants or contracts under this subpart to entities that operate a geriatric education center pursuant to subsection (a)(1).

(2) APPLICATION.—To be eligible for an award under paragraph (1), an entity described in such paragraph shall submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary may require.

(b) ELIGIBLE ENTITIES.—For purposes of paragraph (3), a geriatric education center that receives an award under this subsection shall use such funds to offer short-term intensive geriatrics courses (referred to in this subsection as a ‘‘fellowship’’) that focus on geriatrics, chronic care management, and long-term care that provide supplemental training for faculty members from medical schools, health professions schools with programs in psychology, pharmacy, nursing, social work, dentistry, public health, allied health, or other health disciplines, as approved by the Secretary. Such a fellowship shall be open to faculty, and appropriately credentialed volunteer faculty and practitioner preceptors who do not have formal training in geriatrics, to upgrade their knowledge and clinical skills for the care of older adults and adults with functional limitations and to enhance their interdisciplinary skills.

(b) LOCATION.—A fellowship shall be offered either at the geriatric education center that is sponsoring the course, in collaboration with other geriatric care centers, or at medical schools, schools of dentistry, schools of nursing, schools of pharmacy,
schools of social work, graduate programs in psychology, or allied health and other health professions schools approved by the Secretary, or any organization that provides services to older adults.

(1) The Secretary shall award grants under paragraph (1) to institutions of higher education in the United States for training in geriatrics, long-term care, and chronic care management.

(2) ELIGIBLE INDIVIDUALS.—To be eligible to receive an award under paragraph (1), an individual—

(A) be an advanced practice nurse, a clinical social worker, or an academic institution that provides training in geriatrics, or another advanced degree in geriatrics or related fields in an accredited health professions school;

(B) have already provided training to the Secretary an application at such time, in such manner, and containing such information as the Secretary may require.

(3) MAINTENANCE OF EFFORT.—An eligible individual under subsection (a) shall use funds received under paragraph (1) to maintain a 20 percent paid effort by the individual during the term of the award, in addition to any other funding available to the recipient.

(4) QUALIFICATIONS.—To be eligible to receive an award under this section, the individual must:

(A) be board certified or board eligible in internal medicine, family practice, pediatrics, geriatrics, or have completed any required training in a discipline in an accredited health professions school that is approved by the Secretary;

(B) have completed an approved fellowship program in geriatrics or have completed specialty training in geriatrics as required by the discipline and any additional geriatrics training as required by the Secretary;

(C) have a junior (non-tenured) faculty appointment or have completed any required training in a discipline in an accredited health professions school that is approved by the Secretary;

(D) have a full-time appointment in a health professions institution to which the geriatric education center or institution to which the individual has a full-time faculty appointment described in paragraph (6); and

(E) have already provided training to the Secretary an application at such time, in such manner, and containing such information as the Secretary may require.

(5) LIMITATIONS.—No Award under paragraph (1) shall be awarded to—

(a) any individual unless the individual—

(i) is at least 18 years of age; and

(ii) is a U.S. citizen or a national of the United States; and

(b) any individual for the purpose of satisfying the requirements under paragraph (2), to carry out this section, there is authorized to carry out this subsection, $10,000,000 for the period of fiscal years 2011 through 2013.

(6) ELIGIBLE INDIVIDUALS.—To be eligible to receive an Award under paragraph (1), an individual shall—

(A) be board certified or board eligible in internal medicine, family practice, pediatrics, geriatrics, or have completed any required training in a discipline in an accredited health professions school that is approved by the Secretary;

(B) have completed an approved fellowship program in geriatrics or have completed specialty training in geriatrics as required by the discipline and any additional geriatrics training as required by the Secretary;

(C) have a junior (non-tenured) faculty appointment or have completed any required training in a discipline in an accredited health professions school that is approved by the Secretary;

(D) have a full-time appointment in a health professions institution to which the geriatric education center or institution to which the individual has a full-time faculty appointment described in paragraph (6); and

(E) have already provided training to the Secretary an application at such time, in such manner, and containing such information as the Secretary may require.

(7) AMOUNT OF AWARD.—An award under this subsection shall be in an amount of not less than $30,000 or $150,000. Not more than 24 geriatric education centers may receive awards under this subsection.

(8) MAINTENANCE OF EFFORT.—A geriatric education center that receives an award under this subsection shall—

(A) provide an assurance that funds provided to the geriatric education center under this subsection will be used only to supplement, not to supplant, the amount of Federal, State, and local funds otherwise expended by the eligible individual; and

(B) by adding at the end the following:

(1) In general.—The Secretary shall award grants under this subsection to institutions of higher education, to support the recruitment of students for, and education and training in, the geriatric health professions.

(a) A applicable to programs in geriatrics, long-term care, and chronic care management.

(b) by inserting a new subsection entitled training periods. As a condition of such acceptance, the recipient shall agree to subsequently provide a minimum of 18 hours of voluntary instruction in the field of geriatrics, long-term care, and chronic care management.

(2) CONSTRUCTION OF AWARD.—As a condition of receiving an award under this subsection, an individual shall agree that, following completion of the award period, the individual will teach or practice in the field of geriatrics, long-term care, or chronic care management for a minimum of 5 years under guidelines set by the Secretary.

(3) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this subsection, $10,000,000 for the period of fiscal years 2011 through 2013.

(4) EXPANSION OF ELIGIBILITY FOR GERIATRIC EDUCATION CENTER.—(A) In subsection (a), the Secretary may require, assurances that—

(i) by inserting after the period at the end of subsection (a) the following:

(2) Accreditation.—An award under this subsection shall be to an institution of higher education in the United States that is accredited by a national or regional accrediting agency that accredits higher education to support the recruitment of students for, and education and training in, the geriatric health professions.

(a) In general.—The Secretary may make grants to institutions of higher education, to support the recruitment of students for, and education and training in, the geriatric health professions.

(b) In general.—The Secretary may make grants to institutions of higher education, to support the recruitment of students for, and education and training in, the geriatric health professions.
religious, linguistic, and class backgrounds, and different genders and sexual orientations;

(2) knowledge and understanding of the concerns of individuals and groups described in subsection (a);

(3) any internship or other field placement program assisted under the grant will prioritize cultural and linguistic competency;

(4) the institution will provide to the Secretary such data, assurances, and information as the Secretary determines as appropriate by the Secretary;

(5) with respect to any violation of the agreement between the Secretary and the institution the institution will pay such liquidated damages as prescribed by the Secretary by regulation.

(c) Institutional Requirement.—For grants authorized under subsection (a)(1), at least 4 of the grant recipients shall be historically black colleges or universities or other minority-serving institutions.

(d) Priority.—

(1) In selecting the grant recipients in social work under subsection (a)(1), the Secretary shall give priority to applicants that—

(A) are accredited by the Council on Social Work Education;

(B) have a graduation rate of not less than 80 percent for social work students; and

(C) exhibit an ability to recruit social workers from and place social workers in areas with a high need and high demand population.

(2) In selecting the grant recipients in graduate psychology under subsection (a)(2), the Secretary shall give priority to institutions in which training focuses on the needs of vulnerable groups such as older adults and children, individuals with mental health or substance-related disorders, victims of abuse or trauma and of combat stress disorders such as posttraumatic stress disorder and traumatic brain injuries, homeless individuals, chronically ill persons, and their families.

(3) In selecting the grant recipients in training programs in child and adolescent mental health under subsections (a)(3) and (a)(4), the Secretary shall give priority to applicants that—

(A) have demonstrated the ability to collect data on the number of students trained in child and adolescent mental health and the populations served by such students after graduation or completion of preservice or in-service training;

(B) have demonstrated familiarity with evidence-based methods in child and adolescent mental health services, including substance abuse prevention and treatment services;

(C) have programs designed to increase the number of professionals and paraprofessionals in priority populations and seek to provide training to individuals who come from high-priority communities and plan to serve medically underserved populations, in health professional shortage areas, or in medically underserved areas;

(D) offer curriculum taught collaboratively with a family on the consumer and family involvement experience or the importance of family-professional or family-paraprofessional partnerships; and

(E) provide services through a community mental health program described in section 1913(b)(1).

(e) Authorization of Appropriations.—For the fiscal years 2010 through 2013, there is authorized to be appropriated to carry out this section—

(1) $5,000,000 for training in social work in subsection (a)(1),

(2) $12,000,000 for training in graduate psychology in subsection (a)(2), of which not less than $10,000,000 shall be allocated for doctoral, postdoctoral, and internship level training;

(3) $10,000,000 for training in professional child and adolescent mental health in subsection (a)(3); and

(4) $5,000,000 for training in paraprofessional child and adolescent work in subsection (a)(4).
and enter into contracts with, eligible entities for programs—

(1) to promote career advancement for individuals including licensed practical nurses, licensed vocational nurses, or advanced practice nurses in order to meet the needs of the registered nurse workforce;

(2) developing and implementing internships and residency programs in collaboration with an accredited school of nursing, as defined by section 801(2), to encourage mentoring and the development of specialties; or

(3) to assist individuals in obtaining education and training required to enter the nursing profession and advance within such profession.

(c) ENHANCING PATIENT CARE DELIVERY SYSTEMS.

(1) GRANTS.—The Secretary may award grants to eligible entities to improve the retention of nurses and enhance patient care that is directly related to nursing activities by enhancing collaboration and communication among nurses and other health care professionals providing nursing care in the organization and clinical decision-making processes of a health care facility.

(2) PRIORITY.—In making awards of grants under this subsection, the Secretary shall give preference to applicants that have not previously received an award under this subsection.

(3) CONTINUATION OF AN AWARD.—The Secretary shall make continuation of any award under this subsection beyond the second year of such award contingent on the recipient of such award having demonstrated to the Secretary measurable and substantive improvement in nurse retention or patient care.

(d) OTHER PRIORITY AREAS.—The Secretary may award grants to, or enter into contracts with, eligible entities to address other areas that are of high priority to nurse retention, as determined by the Secretary.

(e) The Secretary shall submit to the Congress before the end of each fiscal year a report on the grants awarded and the contracts entered into under this section.

(f) ELIGIBLE ENTITY.—For purposes of this section, the term ‘eligible entity’ includes an accredited school of nursing, as defined by section 801(2), a health care facility, or a partnership of such a school and facility.

(g) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated—

(1) loan repayments and scholarships for the repayment of education and training required to enter the nursing profession and advance within such profession, to be made subject to section 836(b), by striking paragraph (1) and inserting the following:—

and interest on, any loan of that individual making payments, for and on behalf of that individual, on the outstanding principal of, and interest on, any loan of that individual held by the Federal Government is entitled to recover under section 839, as such section existed on the day before the date of enactment of this section.

(3) in subsection (b), by striking “2003 through 2007” and inserting “2003 through 2011”;

(4) in subsection (c), by striking “$35,500, during fiscal years 2003 through 2007” and inserting “$40,000, during the 2010 and 2011 fiscal years”;

(5) in section 838(b), by striking “$10,000” and inserting “$15,000”;

(6) in section 836(b), by striking paragraph (1) and inserting the following:—

(1) the date on which the individual receives a master’s or doctorate nursing degree, or

(2) the date on which the individual enters into an agreement under this subsection.

(c) AGREEMENT PROVISIONS.—Agreements entered into pursuant to subsection (b) shall be entered into on such terms and conditions as the Secretary may determine, except that—

(1) not more than 10 months after the date on which the 6-year period beginning on the later of—

(a) the date on which the individual receives a master’s or doctorate nursing degree, or

(b) the date on which the individual enters into an agreement under this subsection.

SEC. 4311. NURSE FACULTY LOAN PROGRAM.

(a) IN GENERAL.—Section 486A of the Public Health Service Act (42 U.S.C. 297n-1) is amended—

(1) in subsection (a)—

(A) in the subsection heading, by striking “Establishment” and inserting “School of Nursing Student Loan Fund”;

(B) by inserting “accredited” after “agreement with any”;

(2) in subsection (c)—

(A) in paragraph (2), by striking “$30,000” and all that follows through the semicolon and inserting “$35,500, during fiscal years 2010 and 2011 fiscal years (after fiscal year 2011, such amounts shall be adjusted to provide for a cost-of-attendance for the yearly loan rate and the aggregate loan”;

and

(B) in paragraph (3)(A), by inserting “an accredited” after “faculty member in”;

(3) in subsection (e), by striking “a school” and inserting “an accredited school”;

and

(4) in subsection (f), by striking “2003 through 2007” and inserting “2010 through 2011”.

(b) ELIGIBLE INDIVIDUAL STUDENT LOAN REPAYMENT.—Title VIII of the Public Health Service Act is amended—

(1) in section 846A, in subsection (a)—

(A) in the subsection heading, by striking “College and University Loan Fund” and inserting “School of Nursing Student Loan Fund”;

(B) in paragraph (1), by redesignating it as paragraph (2) and inserting the following—

(1) any loan of that individual making payments, for and on behalf of that individual, on the outstanding principal of, and interest on, any loan of that individual held by the Federal Government is entitled to recover under section 839, as such section existed on the day before the date of enactment of this section.

and

(c) IN GENERAL.—The Secretary, acting through the Administrator of the Health Resources and Services Administration, may enter into an agreement with eligible individuals under Section 846A of the Public Health Service Act (42 U.S.C. 297n-1) the following:

SEC. 4312. AUTHORIZATION OF APPROPRIATIONS FOR PARTS B THROUGH D OF TITLE VIII.

Section 871 of the Public Health Service Act, as redesignated and moved by section 4310, is amended to read as follows:

“Sec. 871. AUTHORIZATION OF APPROPRIATIONS.

(1) For the purpose of carrying out parts B, C, and D (subject to section 851(g)), there are
authorized to be appropriated $338,000,000 for fiscal year 2010, and such sums as may be necessary for each of the fiscal years 2011 through 2015.

SEC. 4313. GRANTS TO PROMOTE THE COMMUNITY HEALTH WORKFORCE.

(a) In General.—Part P of title III of the Public Health Service Act (42 U.S.C. 286g et seq.) is amended by adding at the end the following:

SEC. 399V. GRANTS TO PROMOTE POSITIVE HEALTH BEHAVIORS AND OUTCOMES.

(a) Grants Authorized.—The Director of the Centers for Disease Control and Prevention, in collaboration with the Secretary, shall award grants to eligible entities to promote positive health behaviors and outcomes for populations of medically underserved communities through the use of community health workers.

(b) Use of PCNs.—Grants awarded under subsection (a) shall be used to support community health workers—

(1) to educate, guide, and provide outreach in a community setting regarding health status prevalent in medically underserved communities, particularly racial and ethnic minority populations;

(2) to educate and provide guidance regarding strategies to promote positive health behaviors and discourage risky health behaviors;

(3) to identify, educate, refer, and enroll underserved populations to appropriate healthcare agencies and community-based programs and organizations in order to increase access to quality healthcare services and to eliminate duplicative care; or

(4) to educate, guide, and provide home visitation services regarding maternal health and breastfeeding.

(c) Application.—Each eligible entity that desires to receive a grant under subsection (a) shall submit an application to the Secretary, at such time, in such manner, and accompanied by such information as the Secretary may require.

(d) Priority.—In awarding grants under subsection (a), the Secretary shall give priority to applicants that—

(1) propose to target geographic areas—

(A) with a high percentage of residents who suffer from chronic diseases; or

(B) with a high infant mortality rate;

(2) have experience in providing health or healthcare services to individuals who are underserved with respect to such services; and

(3) have documented community activity and experience with community health workers.

(3) ELIGIBLE ENTITY.—The term 'eligible entity' means a public or nonprofit private entity (including a State or public subdivision of a State, a public health department, a free health clinic, a hospital, or a Federally-qualified health center (as defined in section 330G(a) of the Social Security Act), or a network of such entities), or a community-based organization, or an individual, or a group of individuals who are eligible to receive grantees.

(4) MEDICALLY UNDERSERVED COMMUNITY.—The term 'medically underserved community' means a community identified by a State—

(A) that has a substantial number of individuals who are members of a medically underserved population, as defined by section 330B(h)(1); and

(B) a significant portion of which is a health professional shortage area as designated under section 332.

(b) MONITORING.—The Secretary shall monitor community health worker programs identified in approved applications under this section and shall determine whether such programs are in compliance with the guidelines established under subsection (g).

(c) TECHNICAL ASSISTANCE.—The Secretary may provide technical assistance to community health worker programs identified in approved applications under this section with respect to planning, developing, and operating programs under the grant.

(d) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated, such sums as may be necessary to carry out this section for each of fiscal years 2019 through 2024.

(e) DEFINITIONS.—In this section:

(1) COMMUNITY HEALTH WORKER.—The term 'community health worker', as defined by the Department of Labor as Standard Occupational Classification [21–1094] means an individual who promotes health or nutrition within the community in which the individual resides—

(A) by serving as a liaison between community and healthcare agencies; or

(B) by providing individual and social assistance to community residents;

(2) ELIGIBLE ENTITY.—The term 'eligible entity' means an individual who promotes health or nutrition education;

(3) MEDICALLY UNDERSERVED COMMUNITY.—The term 'medically underserved community' means a community identified by a State—

(A) that has a substantial number of individuals who are members of a medically underserved population, as defined by section 330B(h)(1); and

(B) a significant portion of which is a health professional shortage area as designated under section 332.

(b) SPECIFIC USES.—In carrying out subsection (a), the Secretary shall provide for the expansion of existing fellowship programs operated through the Centers for Disease Control and Prevention that meet objectives similar to the objectives of the programs described in subsection (b).

(e) OTHER PROGRAMS.—The Secretary may provide for the expansion of health informatics training programs that meet objectives similar to the objectives of the programs described in subsection (b).
be prescribed by the Secretary. In so prescribing the number of persons to be graduated from the Track, the Secretary shall institute actions necessary to ensure the maximum consecutive 1-year or 4-year enrollment in the Track consistent with the academic capacity of the affiliated sites and the needs of the United States for medical, dental, and nursing students.

"(c) DEVELOPMENT.—The development of the Track may be by such phases as the Secretary may prescribe subject to the requirements of subsection (a).

"(d) INTEGRATED LONGITUDINAL PLAN.—The Surgeon General shall develop an integrated longitudinal plan for health professions continuing medical education throughout the continuum of health-related education, training, and practice. Training under such plan shall emphasize patient-centered, interdisciplinary, and care coordination skills. Experience with deployment of emergency response teams shall be included during the clinical experiences.

"(e) FACULTY DEVELOPMENT.—The Surgeon General shall develop faculty development programs and curricula in decentralized venues of health care, to balance urban, tertiary, and rural environments.

"SEC. 272. ADMINISTRATION.

"(a) IN GENERAL.—The business of the Track shall be conducted by the Surgeon General. The Track is appropriated for in the National Health Care Workforce Commission Act (Public Law 106–125) as provided by the Department of Health and Human Services. The National Health Care Workforce Commission shall assist the Surgeon General in an advisory capacity.

"(b) FACULTY.—

"(1) IN GENERAL.—The Surgeon General, after considering the recommendations of the National Health Care Workforce Commission, shall obtain the services of such professors, instructors, and administrative and other employees as may be necessary to operate and maintain the Track. The Surgeon General shall provide for the retention of the faculty and staff which have been employed under contracts, agreements, grants, and gifts for the Track consistent with the academic capacity of the Track.

"(2) L IMITATION.—The Surgeon General may not enter into any agreement with any entity if the contract would obligate the Secretary to perform any duties within the Track.

"(3) VOLUNTEER SERVICES.—A person who provides voluntary services under the authority of subparagraph (B) of paragraph (1) shall be considered an employee of the Federal Government for the purposes of chapter 83 of title 5, relating to the classification of positions of the United States.

"(4) VOLUNTEER SERVICES.—A person who provides voluntary services under the authority of subparagraph (B) of paragraph (1) shall be considered an employee of the Federal Government for the purposes of chapter 61 of title 5, relating to compensation for work-related injuries, and to be included in the Federal Government’s work-related injury and disease claims. Such a person shall be eligible for leave provided by the Federal Government for the purpose of caring for a family member.

"(5) IN GENERAL.—The Secretary may establish Federal stipend rates for students enrolled in the Track.

"(6) CONTRACT AND SERVICE OBLIGATION.—The period of obligated service under paragraph (1) shall expire no later than 3 years after the date on which such person was enrolled at the College, reduced—

"(i) by 3 months for each school year during which the student participates in a high needs specialty residency program or a public health fellowship program established by the National Health Care Workforce Commission; and

"(ii) subject to subparagraph (B), by the student agrees—

"(1) to accept the provision of such tuition and student stipend to the student;

"(2) to maintain enrollment at the Track until the student completes the course of study involved;

"(3) while enrolled in such course of study, to maintain an acceptable level of academic standing (as determined by the Secretary).

"(b) CONTRACT AND SERVICE OBLIGATION.—The period of obligated service under paragraph (1) shall be reduced—

"(i) by 3 months for each school year during which the student is enrolled in the Track at an affiliated or other participating health professions institution pursuant to an agreement between the Track and such institution; and

"(ii) subject to subparagraph (B), by the student agrees—

"(1) to accept the provision of such tuition and student stipend to the student;

"(2) to maintain enrollment at the Track until the student completes the course of study involved;

"(3) while enrolled in such course of study, to maintain an acceptable level of academic standing (as determined by the Secretary).

"(c) CONTRACT AND SERVICE OBLIGATION.—The period of obligated service under paragraph (1) shall be reduced—

"(i) by 3 months for each school year during which the student is enrolled in the Track at an affiliated or other participating health professions institution pursuant to an agreement between the Track and such institution; and

"(ii) subject to subparagraph (B), by the student agrees—

"(1) to accept the provision of such tuition and student stipend to the student;

"(2) to maintain enrollment at the Track until the student completes the course of study involved;

"(3) while enrolled in such course of study, to maintain an acceptable level of academic standing (as determined by the Secretary).

"(d) CONTRACT AND SERVICE OBLIGATION.—The period of obligated service under paragraph (1) shall be reduced—

"(i) by 3 months for each school year during which the student is enrolled in the Track at an affiliated or other participating health professions institution pursuant to an agreement between the Track and such institution; and

"(ii) subject to subparagraph (B), by the student agrees—

"(1) to accept the provision of such tuition and student stipend to the student;

"(2) to maintain enrollment at the Track until the student completes the course of study involved;

"(3) while enrolled in such course of study, to maintain an acceptable level of academic standing (as determined by the Secretary).

"(e) CONTRACT AND SERVICE OBLIGATION.—The period of obligated service under paragraph (1) shall be reduced—

"(i) by 3 months for each school year during which the student is enrolled in the Track at an affiliated or other participating health professions institution pursuant to an agreement between the Track and such institution; and

"(ii) subject to subparagraph (B), by the student agrees—

"(1) to accept the provision of such tuition and student stipend to the student;

"(2) to maintain enrollment at the Track until the student completes the course of study involved;

"(3) while enrolled in such course of study, to maintain an acceptable level of academic standing (as determined by the Secretary).

"(f) CONTRACT AND SERVICE OBLIGATION.—The period of obligated service under paragraph (1) shall be reduced—

"(i) by 3 months for each school year during which the student is enrolled in the Track at an affiliated or other participating health professions institution pursuant to an agreement between the Track and such institution; and

"(ii) subject to subparagraph (B), by the student agrees—

"(1) to accept the provision of such tuition and student stipend to the student;

"(2) to maintain enrollment at the Track until the student completes the course of study involved;

"(3) while enrolled in such course of study, to maintain an acceptable level of academic standing (as determined by the Secretary).

"(g) CONTRACT AND SERVICE OBLIGATION.—The period of obligated service under paragraph (1) shall be reduced—

"(i) by 3 months for each school year during which the student is enrolled in the Track at an affiliated or other participating health professions institution pursuant to an agreement between the Track and such institution; and

"(ii) subject to subparagraph (B), by the student agrees—

"(1) to accept the provision of such tuition and student stipend to the student;

"(2) to maintain enrollment at the Track until the student completes the course of study involved;

"(3) while enrolled in such course of study, to maintain an acceptable level of academic standing (as determined by the Secretary).

"(h) CONTRACT AND SERVICE OBLIGATION.—The period of obligated service under paragraph (1) shall be reduced—

"(i) by 3 months for each school year during which the student is enrolled in the Track at an affiliated or other participating health professions institution pursuant to an agreement between the Track and such institution; and

"(ii) subject to subparagraph (B), by the student agrees—

"(1) to accept the provision of such tuition and student stipend to the student;

"(2) to maintain enrollment at the Track until the student completes the course of study involved;

"(3) while enrolled in such course of study, to maintain an acceptable level of academic standing (as determined by the Secretary).
“(B) in the case of a student who, upon completion of their residency, elects to practice in a Federal medical facility (as defined in section 781(e)) that is located in a health professions shortage area (as defined in section 332), by 3 months for year of full-time practice in such a facility (not to exceed a total of 12 months).”

(c) SECOND 2 YEARS OF SERVICE.—During the third and fourth years in which a medical, dental, physician assistant, pharmacy, behavioral and mental health, public health, or nurse student or a graduate enrolled in the Track, training should be designed to prioritize clinical rotations in Federal medical facilities in health professional shortage areas, and time at centers of hospital and community-based experiences, and training within interdisciplinary teams.

(d) DENTIST, PHYSICIAN ASSISTANT, PHARMACIST, BEHAVIORAL AND MENTAL HEALTH PROFESSIONAL, PUBLIC HEALTH PROFESSIONAL, AND NURSE TRAINING.—The Surgeon General shall establish provisions applicable with respect to dental, physician assistant, pharmacy, behavioral and mental health, public health, and nursing students that are comparable for medical students under this section, including service obligations, tuition support, and stipend support. The Surgeon General shall give priority to health professions schools that meet the conditions described in subsection (c)(2)(A); and

“(i) $12,000,000 for grants under subsection (a) to health professions schools that meet the conditions described in subsection (c)(2)(A); and

“(ii) 40 percent of such amount for grants under subsection (a) to health professions schools that meet the conditions described in paragraph (3) or (4) of subsection (c) (including meeting conditions pursuant to subsection (e)); and

“(ii) 20 percent of such excess amount shall be made available for grants under subsection (a) to health professions schools that meet the conditions described in subsection (c)(2)(A); and

“(iii) not less than $12,000,000 for grants under subsection (a) to health professions schools that meet the conditions described in subsection (c)(2)(A); and

“(iv) after grants are made with funds under clauses (i) through (iii), any remaining excess amount for grants under subsection (a) to health professions schools that meet the conditions described in paragraph (2)(A), (3), (4), or (5) of subsection (c) (including meeting conditions pursuant to subsection (e));

“(v) the Secretary shall make available—

“(B) USE OF FEDERAL FUNDS.—With respect to the program that are appropriate due to the Secretary, the Director of the Centers for Disease Control and Prevention, and other appropriate military and Federal government programs, the Department of Veterans Affairs, and the Department of Health and Human Services, shall develop criteria for the appointment of highly qualified Track faculty, medical, dental, physician assistant, pharmacy, behavioral and mental health, public health, and nursing students for some significant period of time together, but a minimum have a discrete and shared core curriculum.

(e) ELITE FEDERAL DISASTER TEAMS.—The Surgeon General shall establish provisions applicable with respect to dental, physician assistant, pharmacy, behavioral and mental health, public health, and nursing students that are comparable for medical students under this section, including service obligations, tuition support, and stipend support. The Surgeon General shall give priority to health professions schools that meet the conditions described in subsection (c)(2)(A); and

“(i) $12,000,000 for grants under subsection (a) to health professions schools that meet the conditions described in subsection (c)(2)(A); and

“(ii) not less than $12,000,000 for grants under subsection (a) to health professions schools that meet the conditions described in subsection (c)(2)(A); and

“(iii) not less than $6,000,000 for grants under subsection (a) to health professions schools that meet the conditions described in subsection (c)(5); and

“(iv) after grants are made with funds under clauses (i) through (iii), any remaining excess amount for grants under subsection (a) to health professions schools that meet the conditions described in paragraph (2)(A), (3), (4), or (5) of subsection (c) (including meeting conditions pursuant to subsection (e));

“(v) the Secretary shall make available—

“(B) USE OF FEDERAL FUNDS.—With respect to the program that are appropriate due to the Secretary, the Director of the Centers for Disease Control and Prevention, and other appropriate military and Federal government programs, the Department of Veterans Affairs, and the Department of Health and Human Services, shall develop criteria for the appointment of highly qualified Track faculty, medical, dental, physician assistant, pharmacy, behavioral and mental health, public health, and nursing students for some significant period of time together, but a minimum have a discrete and shared core curriculum.

(f) STUDENT DROPPED FROM TRACK IN AFFILIATE SCHOOL.—A medical, dental, physician assistant, pharmacy, behavioral and mental health, public health, and nursing student who, under regulations prescribed by the Surgeon General, is dropped from the Track in an affiliated school for deficiency in conduct or studies, or for other reasons, shall be liable to the United States for all tuition and stipend support provided to the student.

(g) FUNDING. —Beginning with fiscal year 2010, the Secretary shall transfer from the Public Health and Social Services Emergency Fund such sums as may be necessary to carry out this part.”

Subtitle E—Supporting the Existing Health Care Workforce

SEC. 4401. CENTERS OF EXCELLENCE.

Section 740(a) of the Public Health Service Act (42 U.S.C. 293) is amended by striking subsection (h) and inserting the following:

“(h) FORMULA FOR ALLOCATIONS.—

“(1) ALLOCATIONS.—Based on the amount appropriated under subsection (i) for a fiscal year, the following subparagraphs shall apply as appropriate:

“(A) POINT OF SERVICE MAINTENANCE AND ENHANCEMENT AWARD.—The Secretary shall make the following 2 types of awards in accordance with this section:

“(1) INFRASTRUCTURE DEVELOPMENT AWARD.—The Secretary shall make awards to eligible entities to initiate health care workforce educational programs or to continue to carry out comparable programs that are operating at the time the award is made by planning, developing, operating, and evaluating an area health education center program.

“(2) POINT OF SERVICE MAINTENANCE AND ENHANCEMENT AWARD.—The Secretary shall make awards to eligible entities to maintain and improve the effectiveness and capabil-

“(B) USE OF FEDERAL FUNDS.—With respect to the program that are appropriate due to the Secretary, the Director of the Centers for Disease Control and Prevention, and other appropriate military and Federal government programs, the Department of Veterans Affairs, and the Department of Health and Human Services, shall develop criteria for the appointment of highly qualified Track faculty, medical, dental, physician assistant, pharmacy, behavioral and mental health, public health, and nursing students for some significant period of time together, but a minimum have a discrete and shared core curriculum.

(f) STUDENT DROPPED FROM TRACK IN AFFILIATE SCHOOL.—A medical, dental, physician assistant, pharmacy, behavioral and mental health, public health, and nursing student who, under regulations prescribed by the Surgeon General, is dropped from the Track in an affiliated school for deficiency in conduct or studies, or for other reasons, shall be liable to the United States for all tuition and stipend support provided to the student.

SEC. 4404. FEDERAL PROFESSIONALS TRAINING FOR DIVERSITY.

(a) LOAN REPAYMENTS AND FELLOWSHIPS REGARDING FACULTY POSITIONS.—Section 759(a)(1) of the Public Health Service Act (42 U.S.C. 293b(a)(1)) is amended by striking “$20,000 of the principal and interest of the loan” and inserting “$37,000,000” and all that follows through “2002” and inserting “$51,000,000 for fiscal year 2010, and such sums as may be necessary for each of fiscal years 2011 through 2014.”

(b) SCHOLARSHIPS FOR DISADVANTAGED STUDENTS.—Section 740(a) of such Act (42 U.S.C. 293a) is amended by striking “$37,000,000” and all that follows through “2002” and inserting “$51,000,000 for fiscal year 2010, and such sums as may be necessary for each of fiscal years 2011 through 2014.”

(c) REAUTHORIZATION FOR LOAN REPAYMENTS AND FELLOWSHIPS REGARDING FACULTY POSITIONS.—Section 740(b) of such Act (42 U.S.C. 293b(a)(3)) is amended by striking “2010 through 2014” and inserting “2010 through 2015; and”

(d) REAUTHORIZATION FOR EDUCATIONAL ASSISTANCE IN THE HEALTH PROFESSIONS REGARDING INDIVIDUALS FROM A DISADVANTAGED BACKGROUND.—Section 740(b) of such Act (42 U.S.C. 293a(c)) is amended by striking the first sentence and inserting the following:

“For the purpose of grants and contracts under section 759(a) of the Public Health Service Act, $20,000 of the principal and interest of the loan to the program that are appropriate due to the Secretary, the Director of the Centers for Disease Control and Prevention, and other appropriate military and Federal government programs, the Department of Veterans Affairs, and the Department of Health and Human Services, shall develop criteria for the appointment of highly qualified Track faculty, medical, dental, physician assistant, pharmacy, behavioral and mental health, public health, and nursing students for some significant period of time together, but a minimum have a discrete and shared core curriculum.

SEC. 4403. INTERDISCIPLINARY, COMMUNITY-BASED LINKAGES.

(a) AREA HEALTH EDUCATION CENTERS.—Section 751 of the Public Health Service Act (42 U.S.C. 293c(a)) is amended to read as follows:

“(a) AREA HEALTH EDUCATION CENTERS.—

Section 751 of the Public Health Service Act (42 U.S.C. 293c(a)) is amended by striking "$37,000,000" and all that follows through "2002" and inserting "$51,000,000 for fiscal year 2010, and such sums as may be necessary for each of fiscal years 2011 through 2014."
changes in demographics, needs of the popula-
tions served, or other similar issues affect-
ing the area health education center pro-
gram. For the purposes of this section, the term ‘eligible entity’ means (A) an area health educa-
tion center, (B) a school of medicine or osteo-
pathic medicine, (C) an incorporated consor-
tium of such schools, or the parent institu-
tions of such a school. With respect to a State or local government, the area health educa-
tion center program in operation, the Secretary may award a grant or contract under sub-
section (a)(1) to a school of nursing.

"(B) POINT OF SERVICE MAINTENANCE AND ENHANCEMENT.—For purposes of subsection (a)(2), the term ‘eligible entity’ means an entity that has received funds under this sec-
tion, is operating an area health education center program, including an area health education center or centers, and has a center or centers that are no longer eligible to receive financial assistance under subsection (a)(1).

"(2) APPLICATION.—An eligible entity desir-
ing to receive an award under this section shall submit to the Secretary an application at such time, in such manner, and con-
taining such information as the Secretary may require.

"(c) USE OF FUNDS.—

"(1) REQUIRED ACTIVITIES.—An eligible en-
tity shall use amounts awarded under a grant
under subsection (a)(1) or (a)(2) to carry out the following activities:

(A) Develop and implement strategies, in coordination with the applicable one-stop del-
ivery system under section 133(c) of the Workforce Investment Act of 1998, to recruit individ-
uals from underrepresented populations or from disadvantaged or rural back-
grounds into health professions, and support such individuals in attaining such care.

(B) Develop and implement strategies to foster and provide community-based training
and education to individuals seeking careers in areas remote from the primary teaching facil-
ities, with the goal of increasing the num-
ber of primary care physicians and other pri-
mary care providers prepared to serve in
underserved areas and health disparity popu-
lations.

(C) Develop and implement other strate-
gies to address identified workforce needs and increase and enhance the health care
workforce in the area served by the area
health education center program.

"(d) REQUIREMENTS.—

"(1) AREA HEALTH EDUCATION CENTER PRO-
GRAM.—In carrying out this section, the Sec-
cretary shall ensure the following:

(A) An entity that receives an award under this section shall—
(i) ensure that each area health education center is a public or private organization whose structure, governance, and operation is independent from the awardee and the par-
ticipating in the program under this section. To provide needed flexibility to newly funded area health education center programs, the Secretary may waive the requirement in the first 3 years the entity is funded through a grant under subsection (a)(1).

(B) May use amounts awarded under this section to provide community-based participatory research with academic health centers, and facilitate rapid flow and dis-
semination of health care information, research results, and best prac-
tices to improve quality, efficiency, and ef-
fecitiveness of health care and health care systems with underserved populations.

(C) Develop and implement other strate-
gies to address identified workforce needs and increase and enhance the health care
workforce in the area served by the area
health education center program.

"(E) servers communities with a dem-
ographic need of health professionals in partnership with academic medical centers;

"(F) addresses the health care workforce
needs of the communities served in coordina-
tion with the public workforce investment system;

(G) has a community-based governing or
advisory board that reflects the diversity of communities involved; and

"(h) PROJECT TERMS.—

"(1) IN GENERAL.—Except as provided in paragraph (2), the period during which pay-
ments may be made under this award under subsection (a)(1) may not exceed—

(A) 5 years.

(B) The period described in paragraph (1) shall not apply to programs rece-
ing point of service maintenance and en-
forcement funds.

"(i) INAPPLICABILITY OF PROVISION.—Not-
withstanding any other provision of this title, section 791(a)(1) shall not apply to an area
health education center fund under this section.

"(j) AUTHORIZATION OF APPROPRIATIONS.—

"(1) IN GENERAL.—There is authorized to be
appropriated to carry out this section $125,000,000 for each of the fiscal years 2010 through 2014.

"(2) REQUIREMENTS.—Of the amounts ap-
propriated for a fiscal year under paragraph
(1)—

(A) not more than 35 percent shall be used for awards under subsection (a)(1);

(B) not less than 60 percent shall be used for awards under subsection (a)(2);
SEC. 4405. PRIMARY CARE EXTENSION PROGRAM.

Part P of title III of the Public Health Service Act (42 U.S.C. 280g et seq.), as amended by section 401, is further amended by adding at the end the following:

"(C) not more than 1 percent shall be used for grants and contracts to implement outcomes evaluation for the area health education centers; and

"(D) not more than 4 percent shall be used for grants and contracts to provide technical assistance to entities receiving awards under this section.".

"(3) TRANSFER OF FUNDS.—An entity that receives an award under this section may carry over funds from 1 fiscal year to another for a purpose stated in the application for that award.

"(4) AGENCY SUPPORT FEE.—Any funds be carried over pursuant to the preceding sentence for more than 3 years.

"(c) SENSE OF CONGRESS.—It is the sense of the Committee that the State of Hawaii has an area health education center program in effect under this section.

"(2) CONTINUING EDUCATIONAL SUPPORT FOR HEALTH PROFESSIONALS SERVING IN UNDERSERVED COMMUNITIES.—Part D of title VII of the Public Health Service Act (42 U.S.C. 294 et seq.) is amended by striking section 732 and inserting the following:

"SEC. 732. CONTINUING EDUCATIONAL SUPPORT FOR HEALTH PROFESSIONALS SERVING IN UNDERSERVED COMMUNITIES.

"(a) IN GENERAL.—The Secretary shall make grants to, and enter into contracts with, eligible entities to improve health care, and the health status of minority populations, by reducing the isolation of minority faculty members, enhance the practice environment, and provide information dissemination and educational support to reduce professional isolation through the timely dissemination of research findings using relevant resources.

"(b) USE OF FUNDS.—For purposes of this section, the term 'eligible entity' means an entity described in section 709(b).

"(c) APPLICATION.—An eligible entity desiring to receive an award under this section shall submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary may require.

"(d) USE OF FUNDS.—An eligible entity shall use amounts awarded under a grant or contract under this section to provide innovative supportive activities to enhance education through distance learning, continuing educational activities, collaborative conferences, and electronic and telelearning activities for primary care professionals.

"(e) AUTHORIZATION.—There is authorized to be appropriated to carry out this section $5,000,000 for each of the fiscal years 2010 through 2014, as may be necessary for each subsequent fiscal year.

"SEC. 4406. WORKFORCE DIVERSITY GRANTS.

Section 821 of the Public Health Service Act (42 U.S.C. 296m) is amended—

"(1) in subsection (a)—

"(A) by striking "The Secretary may" and inserting the following:

"(1) AUTHORITY.—The Secretary may;

"(B) training; and retention activities" and inserting the following:

"training, retention, and other activities; and

"(C) By centering around the following:

"stipends for diploma or associate degree nurses to enter a bridge or degree completion program; student scholarships or stipends for accelerated nursing degree programs, pre-entry preparation, advanced education preparation, and retention activities; and

"(2) in subsection (b)—

"(A) by striking "First and all that follows through "including the" and inserting "National Council on Nurse Education and Practice and consult with nursing associations including the National Coalition of Ethnic Minority Nurse Associations,"; and

"(B) after paragraph (3), before the period the following:

"and other organizations determined appropriate by the Secretary."
"(4) CONTINUING SUPPORT.—After the sixth year in which assistance is provided to a State under a grant awarded under subsection (b), the State may receive additional support under this section. Funds awarded pursuant to this section shall not be used for funding direct patient care.

(e) REQUIREMENTS ON THE SECRETARY.—In carrying out this section, the Secretary shall consult with the heads of other Federal agencies with demonstrated experience and expertise in health care and preventive medicine, such as the Centers for Disease Control and Prevention, the Substance Abuse and Mental Health Services Administration, the Health Resources and Services Administration, the National Institutes of Health, the Office of the National Coordinator for Health Information Technology, the Indian Health Service, the Cooperative Extension Service of the Department of Agriculture, and other entities, as the Secretary determines appropriate.

(f) DEPARTMENT OF APPROPRIATIONS.—

To awards grants as provided in subsection (d), there are authorized to be appropriated $120,000,000 for each of fiscal years 2011 and 2012, and such sums as may be necessary to carry out this section for each of fiscal years 2013 through 2014.

Subtitle F—Strengthening Primary Care and Other Workforce Improvements

SEC. 4501. DEMONSTRATION PROJECTS TO ADDRESS HEALTH PROFESSIONS WORKFORCE NEEDS.

(a) DEMONSTRATION PROJECTS TO PROVIDE LOW-INCOME INDIVIDUALS WITH OPPORTUNITIES FOR FAMILY-TO-FAMILY HEALTH INFORMATION CENTERS.

(1) AWARD GRANTS.—The Secretary, in consultation with the Secretary of Labor, shall award grants to eligible entities to conduct demonstration projects designed to provide low-income individuals with the opportunity to obtain education and training for occupations in the health care field that pay well and are expected to either experience labor shortages or be in high demand.

(2) REQUIREMENTS.—

(A) AID AND SUPPORT SERVICES.—In general.—Each demonstration project conducted by an eligible entity awarded a grant under this section shall, if appropriate, provide eligible individuals participating in the project with financial aid, child care, case management, and other supportive services.

(B) CONSULTATION AND COORDINATION.—An eligibility determination for a grantee to carry out a demonstration project under this section shall demonstrate in the application that the entity has consulted with the State agency responsible for administering the State TANF program, the local workforce investment board in the area in which the project is to be conducted (unless the applicant is such board), the State workforce investment board established under section 111 of the Workforce Investment Act of 1998, and the State agency recognized under the Act of August 16, 1937 (commonly known as the National Apprenticeship Act) (or if no agency has been recognized in the State by the Department of Labor) and that the project will be carried out in coordination with such entities.

(C) ASSURANCE OF OPPORTUNITIES FOR INDIAN POPULATIONS.—The Secretary shall award at least 3 grants under this subsection to eligible entities that is an Indian tribe, tribal organization, or Tribal College or University.

(3) REPORTS AND EVALUATION.

(A) ELIGIBLE ENTITIES.—An eligible entity awarded a grant to conduct a demonstration project under this subsection shall submit interim reports to the Secretary on the activities of the demonstration project and a final report on such activities upon the conclusion of the entities' participation in the project. Such reports shall include assessments of the outcomes of such activities, with respect to improving outcomes for the eligible individuals participating in the project, and with respect to addressing health professions workforce needs in the areas in which the project is conducted.

(B) EVALUATION.—The Secretary shall, by grant, contract, or interagency agreement, evaluate the demonstration projects conducted under this subsection. Such evaluation shall include identification of successful activities for developing and sustaining, particularly with respect to low-income individuals and other entry-level workers, a health professions workforce that has access to entry points, that meets high standards for education, training, certification, and professional development, and that provides increased wages and affordable benefits, including health care coverage, that are responsive to the workforce's needs.

(C) REPORT TO CONGRESS.—The Secretary shall submit interim reports and, based on the evaluation conducted under subparagrapgh (B), a final report to Congress on the demonstration projects conducted under this subsection.

(4) DEFINITIONS.—In this subsection:

(A) ELIGIBLE ENTITY.—The term 'eligible entity' means an Indian tribe, an Indian tribe in direct service to an individual, or an Indian tribe, tribal organization, an institution of higher education, a local workforce investment board established under section 117 of the Workforce Investment Act of 1998, a sponsor of an apprenticeship program registered under the National Apprenticeship Act or a community-based organization.

(B) IN GENERAL.—The term 'eligible individual' means a recipient of assistance under the State TANF program.

(C) OTHER LOW-INCOME INDIVIDUALS.—Such term may include other low-income individuals described in paragraph (A).

(D) INDIAN TRIBE, TRIBAL ORGANIZATION.—The terms 'Indian tribe' and 'tribal organization' have the meaning given such terms in section 4 of the Indian Self-Determination and Education Assistance Act (20 U.S.C. 450).

(E) INSTITUTION OF HIGHER EDUCATION.—The term 'institution of higher education' has the meaning given in section 101 of the Higher Education Act of 1965 (20 U.S.C. 1001).

(F) STATE TANF PROGRAM.—The term 'State TANF program' means the temporary assistance for needy families program funded under section 111 of title IV-A of the Social Security Act (42 U.S.C. 601).

(G) TRIBAL COLLEGE OR UNIVERSITY.—The term 'Tribal College or University' has the meaning given in section 3(b)(6) of the Indian Self-Determination and Education Assistance Act (20 U.S.C. 450).

(5) BUDGETARY IMPLICATIONS.—In this section (B), the term 'Congressional budget justification' means the term as defined in section 310 of the Congressional Budget Act of 1974 (2 U.S.C. 610).

(6) AUTHORIZATION OF APPROPRIATIONS.—

(A) DEMONSTRATION PROJECTS TO PROVIDE LOW-INCOME INDIVIDUALS WITH OPPORTUNITIES FOR FAMILY-TO-FAMILY HEALTH INFORMATION CENTERS.—Subject to the availability of funds, there are authorized to be appropriated $120,000,000 for each of fiscal years 2011 and 2012, and such sums as may be necessary to carry out this section for each of fiscal years 2013 through 2014.

(B) DEMONSTRATION PROJECTS TO DEVELOP TRAINING AND CERTIFICATION PROGRAMS FOR PERSONAL OR HOME CARE AIDES.—

(1) AUTHORITY TO AWARD GRANTS.—Not later than 18 months after the date of enactment of this section, the Secretary shall award grants to eligible entities that are States to conduct demonstration projects for purposes of developing core training competencies and certification programs for personal or home care aides. The Secretary shall—

(A) evaluate the efficacy of the core training competencies described in paragraph (A)(ii) for newly hired personal or home care aides and the methods used by States to implement such competencies in accordance with the issues specified in paragraph (A)(iii); and

(B) ensure that the number of hours of training provided by States conducting demonstration projects with respect to such core training competencies are not less than the number of hours of training required under any applicable State or Federal law or regulation.

(2) DURATION.—A demonstration project shall be conducted under this subsection for not more than 3 years.

(3) CORE TRAINING COMPETENCIES FOR PERSONAL OR HOME CARE AIDES.—

(A) IN GENERAL.—The core training competencies for personal or home care aides described in this subparagraph include competencies with respect to the following areas:

(i) The role of the personal or home care aide (including differences between a personal or home care aide employed by an agency and a personal or home care aide employed by an individual health care consumer or an independent provider)

(ii) Consumer rights, ethics, and confidentiality (including the role of proxy decision makers in the case where a health care consumer has impaired decision-making capacity)

(iii) Communication, cultural and linguistic competence and sensitivity, problem solving, behavior management, and relationship skills

(iv) Personal care skills

(v) Health care support

(vi) Nutritional support

(vii) Infection control

(viii) Safety and emergency training

(ix) Trainer qualifications

(x) Self-Care

(B) IMPLEMENTATION.—The implementation issues specified in this subparagraph include the following:

(i) The length of the training

(ii) The appropriate trainer to student ratio

(iii) The amount of instruction time spent in the classroom as compared to on-site in the home or a facility

(iv) The number of trainers

(v) Content for a 'hands-on' and written certification exam.

December 2, 2009
``(vi) Continuing education requirements.

``(vii) Application and selection criteria.—

``(A) In General.—

``(i) Eligible persons.—The Secretary shall enter into agreements with not more than 6 States to conduct demonstration projects under this subsection.

``(ii) Selection of States.—The Secretary shall—

``(I) establish criteria for selecting States to participate in the project; and

``(II) consult with community and vocational colleges and area health education centers in States applying for the project about the projected needs for personal or home care aides and, if so, what minimum number of hours should be required.

``(viii) Reports.—

``(i) Report on initial implementation.—Not later than 1 year after the date of enactment of this section, the Secretary shall submit to Congress a report on the initial implementation of activities conducted under the demonstration project, including any available results of the evaluation conducted under subparagraph (A) with respect to such activities, together with such recommendations for legislation or administrative action as the Secretary determines appropriate.

``(ii) Final report.—Not later than 1 year after the completion of the demonstration project, the Secretary shall submit to Congress a report containing the results of the evaluation conducted under subparagraph (A), together with such recommendations for legislation or administrative action as the Secretary determines appropriate.

``(b) Definitions.—In this subsection:

``(1) ELIGIBLE HEALTH AND LONG-TERM CARE PROVIDER.—The term 'eligible health and long-term care provider' means a personal or home care agency (including personal or home care aides) and a nursing facility, home, a home health agency (as defined in section 1861(o)), or any other health care provider the Secretary determines appropriate which—

``(i) is licensed or authorized to provide services in a participating State; and

``(ii) receives payment for services under a State health and human services program.

``(2) PERSONAL OR HOME CARE AIDE.—The term 'personal or home care aide' means an individual who helps individuals who are elderly, disabled, ill, or mentally disabled (including those suffering from Alzheimer's disease and related dementias) to live in their own home or a residential care facility (such as a nursing home, a home health agency, a nursing facility, or any other facility the Secretary determines appropriate) by providing routine personal care services and other appropriate services to the individual.

``(3) STATE.—The term 'State' has the meaning given that term for purposes of title XIX.

``(3) FUNDING.—

``(1) IN GENERAL.—Subject to paragraph (2), out of any funds in the Treasury not otherwise appropriated, there are appropriated to the Secretary to carry out subsections (a) through (f), $95,000,000 for each of fiscal years 2010 through 2012.

``(2) TRAINING AND CERTIFICATION PROGRAMS FOR PERSONAL AND HOME CARE AIDS.—With respect to the demonstration projects under subsection (b), the Secretary shall use $5,000,000 of the amount appropriated under paragraph (1) for each of fiscal years 2010 through 2012 to carry out demonstration projects under subsection (b) after fiscal year 2012.

``(d) NONAPPLICATION.—

``(1) In general.—Except as provided in paragraph (2), the preceding sections of this title shall not apply to the deny any grants under this section.

``(i) LIMITATIONS ON USE OF GRANTS.—Section 2001(a) (other than paragraph (6)) shall apply to grants under this section to the same extent and in the same manner as such section applies to grants to States under title XIX.

``(b) EXTENSION OF FAMILY-TO-FAMILY HEALTH INFORMATION CENTER.—Section 501(c)(1)(A)(ii) of the Social Security Act (42 U.S.C. 1905(aa)(ii)) is amended—

``(1) by striking ‘‘fiscal year 2009’’ and inserting ‘‘each of fiscal years 2009 through 2012’’.

``(2) SEC. 4502. INCREASING TEACHING CAPACITY.

``(a) TEACHING HEALTH CARES CENTERS TRAINING AND ENHANCEMENT.—Part C of title VII of the Public Health Service Act (42 U.S.C. 293k et. seq.) is further amended by inserting after section 747 the following:

``SEC. 747A. TEACHING HEALTH CENTERS DEVELOPMENT GRANTS.

``(a) PROGRAM AUTHORIZED.—The Secretary may award grants under this section to teaching health centers for purposes of establishing new accredited or expanded primary care residency programs.

``(b) AMOUNT OF GRANT.—Grants awarded under this section shall be for a term of not more than 3 years and the maximum award may not be more than $500,000.

``(c) USE OF FUNDS.—Funds provided under a grant under this section shall be used to cover the costs of—

``(1) establishing or expanding a primary care residency training program described in subsection (a), including costs associated with—

``(A) curriculum development;

``(B) recruitment, training and retention of residents and faculty;

``(C) accreditation by the Accreditation Council for Graduate Medical Education (ACGME), the American Dental Association (ADA), or the American Osteopathic Association (AOA); and

``(D) faculty salaries during the development phase; and

``(2) technical assistance provided by an eligible entity.

``(d) APPLICATION.—A teaching health center seeking a grant under this section shall submit an application to the Secretary at such time, in such form, and containing such information as the Secretary may require.

``(e) PREFERENCE FOR CERTAIN APPLICANTS.—In selecting applicants for grants under this section, the Secretary shall give preference to any such application that documents an existing affiliation agreement with an area health education center program as defined in sections 751 and 799B.

``(f) DEFINITIONS.—In this section:

``(1) ELIGIBLE ENTITY.—The term 'eligibility entity' means an organization capable of providing technical assistance including an area health education center program as defined in sections 751 and 799B.

``(2) AMOUNT.—The term 'eligibility amount' means an organization capable of providing technical assistance including an area health education center program as defined in sections 751 and 799B.

``(3) TEACHING HEALTH CENTER.—

``(A) IN GENERAL.—The term 'teaching health center' means an entity that—

``(i) is a community based, ambulatory patient care center; and

``(ii) operates a primary care residency program.

``(B) INCLUSION OF CERTAIN ENTITIES.—Such term includes the following:

``(I) a Federal office of primary health care (as defined in section 1903(a)(2)(B) of the Social Security Act).

``(II) a community mental health center (as defined in section 1915(c)(3)(B) of the Social Security Act).

``(III) a rural health clinic, as defined in section 1861(aa) of the Social Security Act.

``(IV) a health center (as defined in section 1915(c)(3)(B) of the Social Security Act).

``(V) an entity receiving funds under title X of the Public Health Service Act.
(g) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated, $25,000,000 for fiscal year 2010, $50,000,000 for fiscal year 2011, $50,000,000 for fiscal year 2012, and such sums as may be necessary for each fiscal year thereafter to carry out this section. To not exceed $5,000,000 annually may be used for technical assistance programs of the Secretary.

(b) NATIONAL HEALTH SERVICE CORPS TEACHING CAPACITY.—Section 338A(a) of the Public Health Service Act (42 U.S.C. 254m(a)) is amended to read as follows:

‘‘(a) SERVICE IN FULL-TIME CLINICAL PRACTICE.—Except as provided in section 338D, each qualified teaching health center that has entered into a ten-year contract with the Secretary under section 338A or 338B shall provide service in the full-time clinical practice of such individual’s specialty as a member of the Corps for the period of obligated service provided in such contract. For the purpose of calculating time spent in full-time clinical practice under this subsection, up to 50 percent of time spent teaching by a member of the Corps may be counted toward his or her service obligation.’’

(c) PAYMENTS TO QUALIFIED TEACHING HEALTH CENTERS.—Part D of title III of the Public Health Service Act (42 U.S.C. 254b et seq.) is amended by adding at the end the following:

‘‘Subpart XX—Support of Graduate Medical Education in Qualified Teaching Health Centers

SEC. 340A. PROGRAM OF PAYMENTS TO TEACHING HEALTH CENTERS THAT OPERATE GRADUATE MEDICAL EDUCATION PROGRAMS.

‘‘(a) PAYMENTS.—Subject to subsection (b), the amounts payable under this section to qualified teaching health centers for an approved graduate medical residency training program for a fiscal year are each of the following:

‘‘(1) DIRECT EXPENSE AMOUNT.—The amount determined under subsection (c) for direct expenses associated with sponsoring approved graduate medical residency training programs.

‘‘(2) INDIRECT EXPENSE AMOUNT.—The amount determined under subsection (d) for indirect expenses associated with the additional costs of teaching residents in such programs.

‘‘(b) AMOUNT OF PAYMENTS.—

‘‘(1) IN GENERAL.—Subject to paragraph (2), the amounts payable under this section to qualified teaching health centers for an approved graduate medical residency training program for a fiscal year are each of the following:

‘‘(A) DIRECT EXPENSE AMOUNT.—The amount determined under subsection (c) for direct expenses associated with sponsoring approved graduate medical residency training programs.

‘‘(B) INDIRECT EXPENSE AMOUNT.—The amount determined under subsection (d) for indirect expenses associated with the additional costs of teaching residents in such programs.

‘‘(2) FACTORS.—In determining the amount under this paragraph for a qualified teaching health center as determined appropriate by the Secretary.

‘‘(C) The number of residents described in paragraph (4) who completed their residency immediately prior to such fiscal year:

‘‘(D) Other information as deemed appropriate by the Secretary.

‘‘(2) AUDIT AUTHORITY; LIMITATION ON PAYMENTS.—

‘‘(A) AUDIT AUTHORITY.—The Secretary may audit a qualified teaching health center to ensure the accuracy and completeness of the information submitted in a report under paragraph (1).

‘‘(B) LIMITATION ON PAYMENTS.—A teaching health center may only receive payment in a cost reporting period in excess of the base level of primary care resident positions that is greater than the base level of primary care resident positions, as determined by the Secretary. For purposes of this paragraph, the ‘base level of primary care residents’ for a teaching health center is the level of such residents as of a base period.

‘‘(C) Clarification Regarding Relationship to Other Payments for Graduate Medical Education.—Payments under this section shall be in addition to any payments—

‘‘(A) for the indirect costs of medical education under section 1886(d)(5)(B) of the Social Security Act (without regard to the limitation under subparagraph (F) of such section) during the fiscal year.

‘‘(B) for direct graduate medical education costs under section 1886(h)(4) of such Act; and

‘‘(C) for direct costs of medical education under section 1886(k) of such Act; and

‘‘(D) for the amounts payable under this section to a qualified teaching health center that has entered into a ten-year contract with the Secretary under section 338A or 338B.”
fiscal year, the report required under paragraph (1) for the previous fiscal year; or
"(ii) such report fails to provide complete and accurate information required under any subparagraph of paragraph (1).

"(B) NOTICE AND OPPORTUNITY TO PROVIDE ACCURATE AND MISSING INFORMATION.—Before imposing a reduction under subparagraph (A) on the basis of a qualified teaching health center’s failure to provide complete and accurate information described in subparagraph (A)(ii), the Secretary shall provide notice to the qualified teaching health center of such failure and the Secretary’s intention to impose such reduction and shall provide the teaching health center with the opportunity to provide the required information within the period of 30 days beginning on the date of such notice. If the teaching health center provides sufficient information within such period, no reduction shall be made under subparagraph (A) on the basis of the previous failure to provide such information.

"(4) RESIDENTS.—The residents described in this paragraph are those who are in part-time or full-time equivalent resident training positions at a qualified teaching health center participating in an approved graduate medical residency training program.

"(1) REGULATIONS.—The Secretary shall promulgate regulations to carry out this section.

"(2) DEFINITIONS.—In this section:

(A) APPROVED GRADUATE MEDICAL RESIDENCY TRAINING PROGRAM.—The term ‘approved graduate medical residency training program’ means a residency or other postgraduate medical training program.

(B) A participant in which may be counted toward certification in a specialty or subspecialty and includes formal postgraduate training programs in geriatric medicine approved by the Secretary.

"(B) That meets criteria for accreditation (as established by the Accreditation Council for Graduate Medical Education, the American Osteopathic Association, or the American Dental Association).

"(2) PRIMARY CARE RESIDENCY PROGRAM.—The ‘primary care residency program’ has the meaning given that term in section 749A.

"(3) QUALIFIED TEACHING HEALTH CENTER.—The ‘qualified teaching health center’ has the meaning given the term ‘teaching health center’ in section 749A.

SEC. 4601. SPENDING FOR FEDERALLY QUALIFIED HEALTH CENTERS (FQHCs).

"(A) IN GENERAL.—The Secretary may waive the requirement under section 1861 of the Social Security Act (42 U.S.C. 1395x) that requires (as defined in subsection (aa)(5) of section 1861 of the Social Security Act (42 U.S.C. 1395x)) that has entered into a written agreement (as described in subsection (b)(3) of section 1861 of the Social Security Act (42 U.S.C. 1395x)) with the eligible hospital participating in the demonstration.

"(B) QUALIFIED PERSON.—The Secretary may waive such requirements of titles XI and XVIII of the Social Security Act as may be necessary to carry out the demonstration.

"(C) ADMINISTRATION.—Chapter 35 of title 44, United States Code, shall not apply to the implementation of this section.

"(D) FUNDING.—(i) That provides an advanced practice registered nurse with the clinical skills necessary to provide primary care, preventive care, transitional care, chronic care management, and other services appropriate for individuals entitled to, or enrolled for, benefits under part A of title XVIII of the Social Security Act, or enrolled under part H of such title; and

(ii) subject to subparagraph (B), at least half of which is provided in a non-hospital community-based care setting.

"(B) WAIVER OF REQUIREMENT HALF OF TRAINING BE PROVIDED IN NON-HOSPITAL COMMUNITY-BASED CARE SETTINGS IN CERTAIN AREAS.—The Secretary may waive the requirement under subparagraph (A)(i) with respect to eligible hospitals located in rural or medically underserved areas.

"(C) REPORTING.—The Secretary shall submit to the Congress a report on the demonstration. Such report shall include an analysis of the following:

(1) The growth in the number of advanced practice registered nurses with respect to a specific base year as a result of the demonstration.

(2) The number of the specialties described in subparagraph (A) through (D) of such section.

(3) The number of the specialties described in subparagraphs (A) through (D) of such section.

(4) THE GROWTH IN THE NUMBER OF ADVANCED PRACTICE REGISTERED NURSES WITH RESPECT TO A SPECIFIC BASE YEAR AS A RESULT OF THE DEMONSTRATION.

SEC. 4503. GRADUATE NURSE EDUCATION DEMONSTRATION.

"(1) ESTABLISHMENT.—

(A) IN GENERAL.—The Secretary shall establish a graduate nurse education demonstration.

(B) WRITTEN AGREEMENTS.—No payment shall be made under this section to an eligible hospital unless such hospital enters into a written agreement with the eligible partners of the hospital. Such written agreement shall describe, at a minimum:

(1) The obligations of the eligible partners with respect to the provision of qualified training; and

(2) The obligations of the eligible hospital to reimburse such eligible partners applicable (in a timely manner) for the costs of such specialized training attributable to partner.

"(C) EVALUATION.—Not later than October 17, 2017, the Secretary shall submit to Congress a report on the demonstration. Such report shall include an analysis of the following:

(1) The growth in the number of advanced practice registered nurses with respect to a specific base year as a result of the demonstration.

(2) The growth for each of the specialties described in subparagraphs (A) through (D) of section 379A.

"(2) PROHIBITION.—(i) That provides an advanced practice registered nurse with the clinical skills necessary to carry out the purposes of the demonstration.

(ii) subject to subparagraph (B), at least half of which is provided in a non-hospital community-based care setting.

"(B) WAIVER OF REQUIREMENT HALF OF TRAINING BE PROVIDED IN NON-HOSPITAL COMMUNITY-BASED CARE SETTINGS IN CERTAIN AREAS.—The Secretary may waive the requirement under subparagraph (A)(i) with respect to eligible hospitals located in rural or medically underserved areas.

"(C) REPORTING.—The Secretary shall submit to Congress a report on the demonstration. Such report shall include an analysis of the following:

(1) The growth in the number of advanced practice registered nurses with respect to a specific base year as a result of the demonstration.

(2) The number of the specialties described in subparagraphs (A) through (D) of such section.

(3) The number of the specialties described in subparagraphs (A) through (D) of such section.

(4) THE GROWTH IN THE NUMBER OF ADVANCED PRACTICE REGISTERED NURSES WITH RESPECT TO A SPECIFIC BASE YEAR AS A RESULT OF THE DEMONSTRATION.

SEC. 4601. SPENDING FOR FEDERALLY QUALIFIED HEALTH CENTERS (FQHCs).

"(A) IN GENERAL.—The term ‘qualified health center’ has the meaning given that term in section 330 of the Public Health Service Act (42 U.S.C. 254r(c)).
“(a) Definitions.—In this section:

(1) ELIGIBLE ENTITY.—The term ‘eligible entity’ means a qualified community mental health care program defined under subsection 1913(b)(1).

(2) SPECIAL POPULATIONS.—The term ‘special populations’ means adults with mental illnesses who have co-occurring primary care conditions and chronic diseases.

(b) Program Authorized.—The Secretary, acting through the Administrator, shall award grants and cooperative agreements to eligible entities to establish demonstration projects for the provision of care and integrated services to special populations through the co-location of primary and specialty care services in community-based mental and behavioral health settings.

(c) Application.—To be eligible to receive a grant or cooperative agreement under this section, an eligible entity shall submit an application to the Administrator at such time, in such manner, and accompanied by such information as the Administrator may require.

(d) Use of Funds.—(1) In General.—For the benefit of special populations, an eligible entity shall use funds awarded under this section for—

(A) the provision, by qualified primary care professionals, on site primary care services;

(B) reasonable costs associated with medically necessary referrals to qualified specialty care professionals, other coordination of care, or, if permitted by the grant or cooperative agreement, by qualified specialty care professionals on a reasonable cost basis on site at the eligible entity;

(C) information technology required to accommodate the clinical needs of primary and specialty care professionals; or

(D) facility modifications needed to bring primary and specialty care professionals on site at the eligible entity.

(2) Limitation.—Not to exceed 15 percent of grant or cooperative agreement funds may be used for activities described in subparagraphs (C) and (D) of paragraph (1).

(3) Evaluation.—Not later than 90 days after a grant or cooperative agreement awarded under this section expires, an eligible entity shall submit to the Secretary the results of an evaluation to be conducted by the entity concerning the effectiveness of the activities carried out under the grant or agreement.

(e) Authorization of Appropriations.—There are authorized to be appropriated to carry out this section, $50,000,000 for fiscal year 2010 and such sums as may be necessary for each of fiscal years 2011 through 2014.”.

SEC. 4605. KEY NATIONAL INDICATORS.

(a) Definitions.—In this section:

(1) ACADEMY.—The term ‘Academy’ means the National Academy of Sciences.

(2) COMMISSION.—The term ‘Commission’ means the Commission on Key National Indicators established under subsection (c)(3).

(3) INSTITUTE.—The term ‘Institute’ means a Key National Indicators Institute as designated under subsection (c)(3).

(b) Commission on Key National Indicators.—

(1) ESTABLISHMENT.—There is established a ‘Commission on Key National Indicators’.

(A) NUMBER AND APPOINTMENT.—The Commission shall be composed of 8 members, to
be appointed equally by the majority and minority leaders of the Senate and the Speaker and minority leader of the House of Representatives.

(B) APPOINTED APPOINTMENTS.—Members of the Commission shall not include Members of Congress or other elected Federal, State, or local government officials.

(C) QUALIFICATIONS.—In making appointments under subparagraph (A), the majority and minority leaders of the Senate and the Speaker and minority leader of the House of Representatives shall appoint individuals who have shown a dedication to improving civic dialogue and decision-making through the work of non-profit educational and scientific evidence and factual information.

(D) PERIOD OF APPOINTMENT.—Each member of the Commission shall be appointed for a 2-year term except that 1 initial appointment shall be for 3 years. Any vacancies shall not affect the power and duties of the Commission but shall be filled in the same manner as the original appointment and shall last only for the remainder of that term.

(E) DATE.—Members of the Commission shall be appointed by not later than 30 days after the date of enactment of this Act.

(F) INITIAL ORGANIZING PERIOD.—Not later than 60 days after the date of enactment of this Act, the Commission shall develop and implement a schedule for completion of the review and reports required under subsection (d).

(G) CO-CHAIRPERSONS.—The Commission shall select 2 Co-Chairpersons from among its members.

(I) COMMITTEE OF THE COMMISSION.—

(1) IN GENERAL.—The Commission shall—

(A) conduct comprehensive oversight of a newly established key national indicators system consistent with the purpose described in this subsection;

(B) make recommendations on how to improve the key national indicators system;

(C) coordinate with Federal Government users and information providers to assure access to relevant and quality data; and

(D) enter into contracts with the Academy.

(2) REPORTS.—

(A) ANNUAL REPORT TO CONGRESS.—Not later than 1 year after the selection of the 2 Co-Chairpersons under subsection (G), and each subsequent year thereafter, the Commission shall prepare and submit to the appropriate Committees of Congress and the President a report that contains a detailed statement of the recommendations, findings, and conclusions of the Commission on the activities of the Academy and a designated Institute, including an audit of the Commission’s budget and the independence of the Institute.

(B) ANNUAL REPORT TO THE ACADEMY.—

(I) IN GENERAL.—Not later than 6 months after the selection of the 2 Co-Chairpersons of the Commission, and each subsequent year thereafter, the Commission shall prepare and submit to the Academy a report describing the Commission’s findings and recommendations concerning potential issue areas and key indicators to be included in the Key National Indicators.

(II) LIMITATION.—The Commission shall not have the authority to direct the Academy or, if established, the Institute, to adopt, modify, or delete any key indicators.

(3) COOPERATION WITH THE NATIONAL ACADEMY OF SCIENCES.—

(A) IN GENERAL.—As soon as practicable after the selection of the 2 Co-Chairpersons of the Commission, the Co-Chairpersons shall enter into an arrangement with the National Academy of Sciences under which the Academy shall—

(i) maintain public and private sector research on the selection of a set of key national indicators;

(ii) determine how best to establish a key national indicator system for the United States, by either creating its own institutional capability or designating an independent private nonprofit organization as a key national indicator system;

(iii) if the Academy designs an independent private nonprofit organization to implement a key national indicator system, provide technical and coordination advice to the Institute and create an appropriate governance mechanism that balances Academy involvement and the independence of the Institute; and

(iv) provide an annual report to the Commission on the technical issues related to the key national indicator system and, if established, the Institute, and governance of the Institute’s budget and operations.

(B) PARTICIPATION.—In executing the arrangement under subparagraph (A), the National Academy of Sciences shall convene a multi-sector, multi-disciplinary process to define major scientific and technical issues associated with developing, maintaining, and evolving a Key National Indicator System and, if established, the Institute, to provide it with scientific and technical advice.

(C) ESTABLISHMENT OF A KEY NATIONAL INDICATOR SYSTEM.—

(i) IN GENERAL.—In executing the arrangement under subparagraph (A), the National Academy of Sciences shall enable the establishment of a key national indicator system by—

(I) creating its own institutional capability; or

(II) partnering with an independent private nonprofit organization as an Institute to implement a key national indicator system.

(ii) INSTITUTE.—If the Academy designs an Institute under clause (i), such an Institute shall be a non-profit entity (as defined for purposes of section 501(c)(3) of the Internal Revenue Code of 1986) with an educational mission, a governance structure that emphasizes independence, and characteristics that make such entity appropriate for establishing a key national indicator system.

(iii) RESPONSIBILITIES.—Either the Academy or the Institute designated under clause (i) shall be responsible for the following:

(I) Identifying and selecting issue areas to be represented by the key national indicators.

(II) Identifying and selecting the measures used for key national indicators within the issue areas under clause (I).

(III) Identifying and selecting data to populate the key national indicators described under clause (II).

(IV) Designing, publishing, and maintaining a public website that contains a freely accessible database allowing public access to the key national indicators.

(V) Developing a quality assurance framework to ensure rigorous and independent processes designed to ensure the integrity of the key national indicators.

(VI) Developing a budget for the construction and management of a sustainable, adaptable, and evolving key national indicator system that reflects all Commission funding of Academy and, if an Institute is established, Institute activities.

(VII) Reporting annually to the Commission regarding its selection of issue areas, key indicators, data, and progress toward establishing a web-accessible database.

(VIII) Responding directly to the Congress and the appropriate authorizing committees of Congress.

(D) ANNUAL REPORT.—As part of the arrangement under subparagraph (A), the National Academy of Sciences shall, not later than 270 days after the date of enactment of this Act, and annually thereafter, submit to the Co-Chairpersons of the Commission a report that contains the findings and recommendations of the Academy.

(E) GOVERNMENT ACCOUNTABILITY OFFICE STUDY AND REPORT.—

(1) GAO STUDY.—The Comptroller General of the United States shall conduct a study of previous work conducted by all public agencies that private organizations in countries with respect to best practices for a key national indicator system. The study shall be submitted to the appropriate authorizing committees of Congress.

(2) GAO FINANCIAL AUDIT.—If an Institute is established under this section, the Comptroller General shall conduct an annual audit of the financial statements of the Institute in accordance with generally accepted government auditing standards and submit a report on such audit to the Commission and the appropriate authorizing committees of Congress.

(3) GAO PROGRAMMATIC REVIEW.—The Comptroller General of the United States shall conduct programmatic assessments of the Institute established under this section as determined necessary by the Comptroller General and report the findings to the Commission and the appropriate authorizing committees of Congress.

(F) MODIFICATION AND CHANGES.—The Academy shall retain the sole discretion, at any time, to alter its approach to the establishment of a key national indicator system or, if the Academy is designated under clause (i), to alter any aspect of its relationship with the Institute or to designate a different non-profit entity to serve as the Institute.

(G) CONSTRUCTION.—Nothing in this section shall be construed to limit the ability of the Academy or the Institute designated under clause (i) to receive private funding for activities related to the establishment of a key national indicator system.

(H) ANNUAL REPORT.—As part of the arrangement under subparagraph (A), the National Academy of Sciences shall, not later than 270 days after the date of enactment of this Act, and annually thereafter, submit to the Co-Chairpersons of the Commission a report that contains the findings and recommendations of the Academy.

(I) GOVERNMENT ACCOUNTABILITY OFFICE STUDY AND REPORT.—

(1) GAO STUDY.—The Comptroller General of the United States shall conduct a study of the previous work conducted by all public agencies that private organizations in countries with respect to best practices for a key national indicator system. The study shall be submitted to the appropriate authorizing committees of Congress.

(2) GAO FINANCIAL AUDIT.—If an Institute is established under this section, the Comptroller General shall conduct an annual audit of the financial statements of the Institute in accordance with generally accepted government auditing standards and submit a report on such audit to the Commission and the appropriate authorizing committees of Congress.

(3) GAO PROGRAMMATIC REVIEW.—The Comptroller General of the United States shall conduct programmatic assessments of the Institute established under this section as determined necessary by the Comptroller General and report the findings to the Commission and the appropriate authorizing committees of Congress.

(4) AUTHORIZATION OF APPROPRIATIONS.—In general, the Comptroller General is authorized to be appropriated to carry out the purposes of this section, $10,000,000 for fiscal year 2010, and $7,500,000 for each of fiscal years 2011 through 2018.

(5) AVAILABILITY.—Amounts appropriated under paragraph (1) shall remain available until expended.

Subtitle II—General Provisions

SEC. 4701. REPORTS.

(a) REPORTS BY SECRETARY OF HEALTH AND HUMAN SERVICES.—On an annual basis, the Secretary of Health and Human Services shall submit to the appropriate Committees of Congress a report on the activities carried out under the amendments made by this title, and the effectiveness of such activities.

(b) REPORTS BY RECIPIENTS OF FUNDS.—The Secretary of Health and Human Services may require, as a condition of receiving funds under the amendments made by this title, that the entity receiving such award submit to such Secretary a report as the Secretary may require on activities carried out with such award, and the effectiveness of such activities.
(a) TRANSPARENCY REPORTS.—

(1) PAYMENTS OR OTHER TRANSFERS OF VALUE.—

(A) IN GENERAL.—On March 31, 2013, and on the 90th day of each calendar year beginning thereafter, any applicable manufacturer that provides a payment or other transfer of value to a covered recipient (or to an entity or individual at the request of or designated on behalf of a covered recipient), shall submit to the Secretary, in such electronic form as the Secretary shall require, the following information with respect to the preceding calendar year:

(i) The name of the covered recipient.

(ii) The business address of the covered recipient and, in the case of a covered recipient who is a physician, the specialty and National Provider Identifier of the covered recipient.

(iii) The amount of the payment or other transfer of value.

(iv) The dates on which the payment or other transfer of value was provided to the covered recipient.

(v) A description of the form of the payment or other transfer of value, indicated (as appropriate for all that apply) as—

(I) cash or a cash equivalent;

(II) in-kind items or services;

(III) a stock option, or any other ownership interest, dividend, profit, or other return on investment; or

(IV) any other form of payment or other transfer of value (as defined by the Secretary).

(vi) A description of the nature of the payment or other transfer of value, indicated (as appropriate for all that apply) as—

(I) consulting fees;

(II) compensation for services other than consulting;

(III) honoraria;

(IV) gift;

(V) entertainment;

(VI) food;

(VII) travel (including the specified destinations);

(VIII) education;

(IX) research;

(X) charitable contribution;

(XI) royalty or license;

(XII) current or prospective ownership or investment interest;

(XIII) direct or indirect compensation for serving as faculty or as a speaker for a medical education program;

(XIV) grant; or

(XV) any other nature of the payment or other transfer of value (as defined by the Secretary).

(vii) If the payment or other transfer of value is provided for research specific to a covered drug, device, biological, or medical supply, the name of that covered drug, device, biological, or medical supply.

(viii) Any other categories of information regarding the payment or other transfer of value the Secretary determines appropriate.

(B) IN GENERAL.—Subject to subparagraph (D), provides that an applicable manufacturer or applicable group purchasing organization shall not exceed $1,000,000.

(2) PHYSICIAN OWNERSHIP.—In addition to the requirement under paragraph (1)(A), on March 31, 2013, and on the 90th day of each calendar year beginning thereafter, any applicable manufacturer or applicable group purchasing organization shall submit to the Secretary, in such electronic form as the Secretary shall require, the following information regarding any ownership or investment interest (other than an ownership or investment interest arising from a publicly traded security and mutual fund, as described in section 1877(c)) held by a physician (or an immediate family member of such physician (as defined for purposes of section 1877(a))), except that in applying such clauses, “physician” shall be substituted for “covered recipient” each place it appears.

(D) Any other information regarding the ownership or investment interest the Secretary determines appropriate.

(c) PENALTIES FOR NONCOMPLIANCE.—

(1) FAILURE TO REPORT.—

(A) IN GENERAL.—Subject to subparagraph (B) except as provided in paragraph (2), any applicable manufacturer or applicable group purchasing organization that fails to submit information required under subsection (a) in a timely manner in accordance with rules or regulations promulgated to carry out such subsections shall be subject to a civil money penalty of not less than $1,000, but not more than $10,000, for each payment or other transfer of value or ownership or investment interest as required under such subsection. Such penalty shall be imposed and collected in the same manner as civil money penalties imposed under section 1128A, and the name of the covered drug, device, biological, or medical supply, as applicable;

(B) LIMITATION.—The total amount of civil money penalties imposed under subparagraph (A) with respect to each annual submission of information under subsection (a) by an applicable manufacturer or applicable group purchasing organization shall not exceed $150,000.

(3) KNOWING FAILURE TO REPORT.—

(A) IN GENERAL.—Subject to subparagraph (B), any applicable manufacturer or applicable group purchasing organization that knowingly fails to submit information required under subsection (a) in a timely manner in accordance with rules or regulations promulgated to carry out such subsections, shall be subject to a civil money penalty of not less than $1,000,000, but not more than $10,000,000, for each payment or other transfer of value or ownership or investment interest as required under such subsection. Such penalty shall be imposed and collected in the same manner as civil money penalties imposed under section 1128A, and the name of the covered drug, device, biological, or medical supply, as applicable;

(C) PUBLIC AVAILABILITY.—Except as provided in subparagraph (B), the procedures established under subsection (a) shall provide that the information submitted under such subsections is publicly available.

(D) PROCEDURES FOR SUBMISSION OF INFORMATION.—

(i) Public availability—The procedures established under subparagraph (A) shall provide that the information submitted under such subsections is publicly available.

(ii) Search—The information submitted under such subsections shall be subject to searches by the applicable manufacturer, applicable group purchasing organization, or covered recipient (or to an entity or individual at the request of or designated on behalf of a covered recipient) as necessary to invite the information being made available to the public.
(D) Clarification of time period for review and corrections.—In no case may the 45-day period for review and submission of corrections to information under subparagraph (A)(i) be extended beyond 1 year after the date on which such information is being made available to the public in accordance with the dates described in the matter preceding clause (i) in subparagraph (C).

(4) Consultation.—In establishing the procedures under paragraph (1), the Secretary shall consult with the Inspector General of the Department of Health and Human Services, affected industry, consumers, consumer advocates, and other interested parties to ensure that such information is made available to the public under such clause.

(5) Annual report to Congress.—Not later than each year beginning with 2013, the Secretary shall submit to Congress a report that includes the following:

(A) The information submitted under sub-paragraph (a) during the preceding year, aggregated for each applicable manufacturer and applicable group purchasing organization that submitted such information during such year or commonwealth of the United States.

(B) A description of any enforcement actions taken to carry out this section, including any penalties imposed under subsection (b), during the preceding year.

(6) Annual report to States.—Not later than September 30, 2013 and on June 30 of each calendar year thereafter, the Secretary shall submit to States a report that includes a summary of the information submitted under subsection (a) during the preceding year with respect to covered recipients in the State (except, in the case of information submitted with respect to a payment or other transfer of value described in subsection (c)(1)(E)(i), such information shall be included in the first report submitted by the manufacturer pursuant to a product research or development agreement for services furnished in connection with research on a potential medical technology or a new application of an existing medical technology or the development of a new drug, device, biological, or medical supply, or by an applicable manufacturer in connection with a clinical investigation regarding a new drug, device, biological, or medical supply, the procedures established under subparagraph (A) with respect to a payment or other transfer of value made available to the public in accordance with the dates described in the matter preceding clause (i) in subparagraph (C) after the earlier of the following:

(i) The date of the approval or clearance of the covered drug, device, biological, or medical supply by the Food and Drug Administration.

(ii) The date four years after the date such payment or other transfer of value was made.

(7) Confidentiality of information prior to publication.—Information described in clause (i) shall be considered confidential and shall not be subject to disclosure under section 552 of title 5, United States Code, or any other similar Federal, State, or local law, until on or after the date on which the information is made available to the public under such clause.

(2) Consultation.—In establishing the procedures under paragraph (1), the Secretary shall consult with the Inspector General of the Department of Health and Human Services, affected industry, consumers, consumer advocates, and other interested parties to ensure that such information is made available to the public under such paragraph in the appropriate overall context.

(4) Annual reports and relation to state laws.—

(i) Annual report to Congress.—Not later than each year beginning with 2013, the Secretary shall submit to Congress a report that includes the following:

(A) The information submitted under sub-paragraph (a) during the preceding year, aggregated for each applicable manufacturer and applicable group purchasing organization that submitted such information during such year or commonwealth of the United States.

(B) A description of any enforcement actions taken to carry out this section, including any penalties imposed under subsection (b), during the preceding year.

(2) Consultation.—In establishing the procedures under paragraph (1), the Secretary shall consult with the Inspector General of the Department of Health and Human Services, affected industry, consumers, consumer advocates, and other interested parties to ensure that such information is made available to the public under such clause.

(3) Clinical investigation.—The term 'clinical investigation' means any experi- mental or other transfer of anything of value. Such term does not include any entity which is engaged in the produc- tion, preparation, propagation, compounding, conversion, marketing, pro- motion, sale, or distribution of a covered drug, device, biological, or medical supply (or any entity under common ownership with such entity which provides assistance or support to such entity with respect to the pro- duction, preparation, propagation, compounding, conversion, marketing, pro- motion, sale, or distribution of a covered drug, device, biological, or medical supply).

(8) Knowing.—The term 'knowingly' has the meaning given such term in section 1877(h)(2).

(9) Manufacturer of a covered drug, device, biological, or medical supply means any entity which is engaged in the produc- tion, preparation, propagation, compounding, conversion, marketing, promotion, sale, or distribution of a covered drug, device, biological, or medical supply (or any entity under common ownership with such entity which provides assistance or support to such entity with respect to the pro- duction, preparation, propagation, compounding, conversion, marketing, promotion, sale, or distribution of a covered drug, device, biological, or medical supply).

(10) Payment or other transfer of value.—

(A) In general.—The term 'payment or other transfer of value' means a transfer of anything of value. Such term does not include a transfer of anything of value that is directly paid to a covered recipient through a third party in connection with an activity or service in the case where the applicable manufacturer is unaware of the identity of the covered recipient.

(B) Exclusions.—An applicable manufacturer shall not be required to submit information under subsection (a) with respect to the following:

(i) A transfer of anything the value of which is less than $10, unless the aggregate amount transferred to, requested by, or des- tinguished on behalf of the covered recipient by the applicable manufacturer during the calendar year exceeds $100. For calendar years after 2012, the dollar amounts specified in the preceding sentence shall be increased by the same percentage as the percentage in- crease in the consumer price index for all urban consumers (all items: U.S. city average) for the period ending with June of the previous year.

(ii) Product samples that are not intended to be sold and are intended for patient use.

(iii) Educational materials that directly benefit patients or are intended for patient use.

(iv) The loan of a covered device for a short-term trial period not to exceed 90 days, to permit evaluation of the covered device by the covered recipient.

(v) Items or services provided under a contractual warranty, including the replace- ment of a covered device, where the terms of the warranty are set forth in the purchase or lease agreement for the covered device.

(vi) A transfer of a covered device to a covered recipient when the covered recipient is a patient and not acting in the profes- sional capacity of a covered recipient.

(vii) Discounts and rebates required by law.

(viii) In-kind items used for the provision of charity care.

(ix) A dividend or other profit distribution in which the applicable manufacturer has an interest in, a publicly traded security and mutual fund (as described in section 1877(c)).

(x) In the case of an applicable manufacturer that offers a stock or other security or similar option, a transfer of anything of value to employees under the plan.

(xi) In the case of a covered recipient who is an employee or other owner or investment inter- est in, a publicly traded security and mutual fund (as described in section 1877(c)).

(xii) In the case of a covered recipient who is an employee or other owner or investment inter- est in, a publicly traded security and mutual fund (as described in section 1877(c)).

(xiii) In the case of a covered recipient who is an employee or other owner or investment inter- est in, a publicly traded security and mutual fund (as described in section 1877(c)).
the non-medical professional services of such licensed non-medical professional.

"(xii) In the case of a covered recipient who is a physician, a transfer of anything of value to the covered recipient if the transfer is payment solely for the services of the covered recipient with respect to a civil or criminal action or an administrative proceeding.

"(11) PHYSICIAN.—The term 'physician' has the meaning given that term in section 1861(r).

SEC. 5002. PRESCRIPTION DRUG SAMPLE TRANSPARENCY.

Part A of title XI of the Social Security Act (42 U.S.C. 1301 et seq.), as amended by section 5001, is amended by inserting after section 1128G the following new section:

SEC. 1128H. REPORTING OF INFORMATION RELATING TO DRUG SAMPLES.

(a) IN GENERAL.—Not later than April 1 of each year (beginning with 2012), each manufacturer or authorized distributor of record of an applicable drug shall submit to the Secretary (in a form and manner specified by the Secretary) the following information with respect to the preceding year:

"(1) The identity of and information on:

(A) each manufacturer or authorized distributor of record which makes distributions by mail or common carrier under subsection (d) of such section 5001, is amended by inserting after section 1128G the following new section:

SEC. 5002. PRESCRIPTION DRUG SAMPLE TRANSPARENCY.

Part A of title XI of the Social Security Act (42 U.S.C. 1301 et seq.), as amended by section 5001, is amended by inserting after section 1128G the following new section:
shall make the information reported in accordance with such final regulations available to the public in accordance with procedures established by the Secretary.

(c) COMPLIANCE AND ETHICS PROGRAMS.—

(1) IN GENERAL.—

(A) SKILLED NURSING FACILITIES.—Section 1919(d)(1) of the Social Security Act (42 U.S.C. 1396r(d)(1)) is amended by striking subparagraph (B) and redesignating subparagraph (C) as subparagraph (B).

(B) NURSING FACILITIES.—Section 1919(d)(1) of the Social Security Act (42 U.S.C. 1396r(d)(1)) is amended by striking subparagraph (B) and redesignating subparagraph (C) as subparagraph (B).

(2) EFFECTIVE DATE.—The amendments made by paragraph (1) shall take effect on the date on which the Secretary makes the information available to the public under such subsection.
verifiable and auditable data in a uniform format (according to specifications established by the Secretary in consultation with such programs, groups, and parties). Such specifications shall require that the information submitted under the preceding sentence—

‘‘(1) specify the category of work a certified employee performs (such as whether the employee is a registered nurse, licensed practical nurse, licensed vocational nurse, certified nursing assistant, therapist, or other medical personnel); and

‘‘(2) include resident census data and information on resident case mix;

‘‘(3) include a regular reporting schedule; and

‘‘(4) include information on employee turnover and tenure and on the hours of care provided by each category of certified employee referenced in paragraph (1) per resident day.

Nothing in this subsection shall be construed as preventing the Secretary from requiring submission of such information with respect to specific categories, such as nursing staff, before other categories of certified employees.

Nothing in this subsection with respect to agency and contract staff shall be kept separate from information on employee staffing.

PART II—TARGETING ENFORCEMENT

SEC. 5111. CIVIL MONEY PENALTIES.

(a) SKILLED NURSING FACILITIES.—

(1) IN GENERAL.—Section 1919(h)(2)(B)(ii) of the Social Security Act (42 U.S.C. 1395(i)(2)(B)(ii)) is amended—

(A) by striking ‘‘Penalties.—The Secretary’’ and inserting ‘‘Penalties.—’’;

(B) by adding at the end the following new subsections:

‘‘(II) REDUCTION OF CIVIL MONEY PENALTIES IN CERTAIN CIRCUMSTANCES.—Subject to subclause (III), in the case where a facility self-reports and promptly corrects a deficiency for which a penalty was imposed under this subsection not later than 10 calendar days after the date of such imposition, the Secretary may reduce the amount of the penalty imposed by not more than 50 percent.

‘‘(III) PROHIBITIONS ON REDUCTION FOR CERTAIN DEFICIENCIES.—

‘‘(aa) a deficiency for which a penalty was imposed under this subsection not later than 10 calendar days after the date of such imposition, the Secretary may reduce the amount of the penalty imposed by not more than 50 percent.

‘‘(bb) Certain other deficiencies.—The Secretary may not reduce the amount of a penalty under subclause (II) if the penalty was imposed on the facility for a deficiency that is found to result in a pattern of harm or widespread harm, immediately jeopardizes the health or safety of a resident or residents of the facility, or results in the death of a resident of the facility.

‘‘(IV) COLLECTION OF CIVIL MONEY PENALTIES.—In the case of a civil money penalty imposed under this subsection, the Secretary shall include regulations that—

‘‘(aa) subject to item (cc), not later than 30 days after the imposition of the penalty, provide for the facility to have the opportunity to participate in an independent informal dispute resolution process which generates a written record prior to the collection of such penalty;

‘‘(bb) in the case where the penalty is imposed for noncompliance with a provision of the law imposing the penalty or the regulations promulgating such law, provide the facility with the opportunity to participate in an independent informal dispute resolution process which generates a written record prior to the collection of such penalty;

‘‘(cc) may provide for the collection of such civil money penalty and the placement of such amounts collected in an escrow account under the direction of the Secretary.

(2) CONFORMING AMENDMENT.—The second sentence of clause (ii) of section 1819(h)(2)(B)(ii) of the Social Security Act (42 U.S.C. 1395(i)(2)(B)(ii)) is amended—

(A) by striking ‘‘Penalties.—The Secretary’’ and inserting ‘‘Penalties.—’’;

(B) by adding at the end the following new subsections:

‘‘(I) REDUCTION OF CIVIL MONEY PENALTIES IN CERTAIN CIRCUMSTANCES.—Subject to subclause (III), in the case where a facility self-reports and promptly corrects a deficiency for which a penalty was imposed under this subsection not later than 10 calendar days after the date of such imposition, the Secretary may reduce the amount of the penalty imposed by not more than 50 percent.

‘‘(II) PROHIBITIONS ON REDUCTION FOR CERTAIN DEFICIENCIES.—

‘‘(aa) a deficiency for which a penalty was imposed under this subsection not later than 10 calendar days after the date of such imposition, the Secretary may reduce the amount of the penalty imposed by not more than 50 percent.

‘‘(bb) Certain other deficiencies.—The Secretary may not reduce the amount of a penalty under subclause (II) if the penalty was imposed on the facility for a deficiency that is found to result in a pattern of harm or widespread harm, immediately jeopardizes the health or safety of a resident or residents of the facility, or results in the death of a resident of the facility.

‘‘(IV) COLLECTION OF CIVIL MONEY PENALTIES.—In the case of a civil money penalty imposed under this subsection, the Secretary shall include regulations that—

‘‘(aa) subject to item (cc), not later than 30 days after the imposition of the penalty, provide for the facility to have the opportunity to participate in an independent informal dispute resolution process which generates a written record prior to the collection of such penalty;

‘‘(bb) in the case where the penalty is imposed for noncompliance with a provision of the law imposing the penalty or the regulations promulgating such law, provide the facility with the opportunity to participate in an independent informal dispute resolution process which generates a written record prior to the collection of such penalty.

(b) NURSING FACILITIES.—

(1) IN GENERAL.—Section 1819(h)(3)(C)(ii) of the Social Security Act (42 U.S.C. 1395w-23(c)(3)(C)) is amended—

(A) by striking ‘‘Penalties.—The Secretary’’ and inserting ‘‘Penalties.—’’;

(B) by adding at the end the following new subsections:

‘‘(I) REDUCTION OF CIVIL MONEY PENALTIES IN CERTAIN CIRCUMSTANCES.—Subject to subclause (III), in the case where a facility self-reports and promptly corrects a deficiency for which a penalty was imposed under this subsection not later than 10 calendar days after the date of such imposition, the Secretary may reduce the amount of the penalty imposed by not more than 50 percent.

‘‘(II) PROHIBITIONS ON REDUCTION FOR CERTAIN DEFICIENCIES.—

‘‘(aa) a deficiency for which a penalty was imposed under this subsection not later than 10 calendar days after the date of such imposition, the Secretary may reduce the amount of the penalty imposed by not more than 50 percent.

‘‘(bb) Certain other deficiencies.—The Secretary may not reduce the amount of a penalty under subclause (II) if the penalty was imposed on the facility for a deficiency that is found to result in a pattern of harm or widespread harm, immediately jeopardizes the health or safety of a resident or residents of the facility, or results in the death of a resident of the facility.

‘‘(IV) COLLECTION OF CIVIL MONEY PENALTIES.—In the case of a civil money penalty imposed under this subsection, the Secretary shall include regulations that—

‘‘(aa) subject to item (cc), not later than 30 days after the imposition of the penalty, provide for the facility to have the opportunity to participate in an independent informal dispute resolution process which generates a written record prior to the collection of such penalty;

‘‘(bb) in the case where the penalty is imposed for noncompliance with a provision of the law imposing the penalty or the regulations promulgating such law, provide the facility with the opportunity to participate in an independent informal dispute resolution process which generates a written record prior to the collection of such penalty;
Focus Facility' program (or a successor program) or multiple facilities with a record of repeated serious safety and quality of care deficiencies.

(c) RESPONSIBILITIES.—An independent monitor that enters into a contract with the Secretary to participate in the conduct of the demonstration project under this section shall—

(1) conduct periodic reviews and prepare root-cause quality and deficiency analyses of a chain, its facilities, and the facilities of the chain; be in compliance with State and Federal laws and regulations applicable to the facilities; (2) conduct sustained oversight of the efforts of the Secretary or the independent monitor, whether publicly or privately held, to achieve compliance by facilities of the chain with State and Federal laws and regulations applicable to the facilities; (3) analyze the management structure, distribution of expenditures, and nurse staffing levels of facilities of the chain in relation to resident census, staff turnover rates, and tenure; (4) report findings and recommendations with respect to such reviews, analyses, and oversight to the chain and facilities of the chain, to the Secretary, and to relevant States; and (5) publish the results of such reviews, analyses, and recommendation.

(d) IMPLEMENTATION OF RECOMMENDATIONS.—

(1) REPORT OF FINDINGS BY CHAIN.—Not later than 60 days after receipt of a finding of an independent monitor under subsection (c)(4)(A), a chain participating in the demonstration project shall submit to the independent monitor a report—

(A) outlining corrective actions the chain will take to implement the recommendations of the independent monitor; and

(B) indicating that the chain will not implement such recommendations, and why it will not do so.

(2) REPORT OR INDEPENDENT MONITOR.—Not later than 10 days after receipt of a report submitted by a chain under paragraph (1), an independent monitor shall finalize its recommendations and submit a report to the chain and facilities of the chain, the Secretary, and the State or States, as appropriate, containing such final recommendations.

(e) COST OF APPOINTMENT.—A chain shall be responsible for a portion of the costs associated with the appointment of independent monitors under the demonstration project under this section. The chain shall pay such portion to the Secretary (in an amount and in accordance with procedures established by the Secretary).

(f) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as may be necessary to carry out this section.

(g) DEFINITIONS.—In this section:

(1) ADDITIONAL DISCLOSABLE PARTY.—The term ‘‘additional disclosable party’’ has the meaning given such term in section 1124(a)(5)(A) of the Social Security Act, as added and amended by this Act.

(2) FACILITY.—The term ‘‘facility’’ means a skilled nursing facility or a nursing facility.

(3) SANCTIONS.—Any individual who is the administrator of a facility must—

(A) submit to the Secretary, the State long-term care ombudsman, residents of the facility, and the legal representatives of such residents or other responsible parties, written notification of an impending closure—

(i) subject to subsection (d), not later than the date that is 60 days prior to the date of such closure; and

(ii) in the case of a facility where the Secretary terminates the facility’s participation under this title, not later than the date that the Secretary determines appropriate;

(B) ensure that such facility does not admit any new residents on or after the date on which such written notification is submitted; and

(C) include in the notice a plan for the transfer and adequate relocation of the residents of the facility by a specified date prior to closure that has been approved by the Secretary, including assurances that the residents will be transferred to the most appropriate facility or other setting in terms of quality, services, and location, taking into consideration the special needs of residents, choice, and best interests of each resident.

(2) RELOCATION.—

(A) IN GENERAL.—The Secretary shall ensure that, before a facility closes, all residents of the facility have been successfully relocated to another facility or an alternative home and community-based setting.

(B) CONTRACTIONS OR PAYMENTS UNTIL RESIDENTS RELOCATED.—The Secretary may, as the Secretary determines appropriate, continue to make payments under this title with respect to residents of a facility that has submitted a notification under paragraph (1) during the period beginning on the date such notification is submitted and ending on the date on which the resident is successfully relocated.

(3) SANCTIONS.—Any individual who is the administrator of a facility that fails to comply with the requirements of paragraph (1) shall be subject to a civil monetary penalty of up to $100,000;

(B) may be subject to exclusion from participation in any Federal health care program (as defined in section 1128B(b)(1)); and

(C) shall be subject to any other penalties that may be prescribed by law.

(4) PROCEDURE.—The Secretary shall—

(A) submit to Congress a report containing the results of the evaluation conducted under paragraph (1), together with recommendations—

(A) as to whether the independent monitor program should be established on a permanent basis; and

(B) if the Secretary recommends that such program be so established, on appropriate procedures and mechanisms for such establishment; and

(C) for such legislation and administrative action as the Secretary determines appropriate.

SEC. 5113. NOTIFICATION OF FACILITY CLOSURE.

(a) IN GENERAL.—Section 1128I of the Social Security Act, as added and amended by this Act, is amended by adding at the end the following new subsection:

(b) NOTIFICATION OF FACILITY CLOSURE.—

(1) IN GENERAL.—Any individual who is the administrator of a facility must—

(A) submit to the Secretary, the State ombudsman, the residents of the facility, and the legal representatives of such residents or other responsible parties, written notification of an impending closure—

(i) subject to subsection (d), not later than the date that is 60 days prior to the date of such closure; and

(ii) in the case of a facility where the Secretary terminates the facility’s participation under this title, not later than the date that the Secretary determines appropriate;

(B) ensure that such facility does not admit any new residents on or after the date on which such written notification is submitted; and

(C) include in the notice a plan for the transfer and adequate relocation of the residents of the facility by a specified date prior to closure that has been approved by the Secretary, including assurances that the residents will be transferred to the most appropriate facility or other setting in terms of quality, services, and location, taking into consideration the special needs of residents, choice, and best interests of each resident.

(2) RELOCATION.—

(A) IN GENERAL.—The Secretary shall ensure that, before a facility closes, all residents of the facility who have been successful in being relocated to another facility or an alternative home and community-based setting.

(B) CONTRACTIONS OR PAYMENTS UNTIL RESIDENTS RELOCATED.—The Secretary may, as the Secretary determines appropriate, continue to make payments under this title with respect to residents of a facility that has submitted a notification under paragraph (1) during the period beginning on the date such notification is submitted and ending on the date on which the resident is successfully relocated.

(3) SANCTIONS.—Any individual who is the administrator of a facility that fails to comply with the requirements of paragraph (1) shall be subject to a civil monetary penalty of up to $100,000;

(B) may be subject to exclusion from participation in any Federal health care program (as defined in section 1128B(b)(1)); and

(C) shall be subject to any other penalties that may be prescribed by law.

(4) PROCEDURE.—The Secretary shall—

(A) submit to Congress a report containing the results of the evaluation conducted under paragraph (1), together with recommendations—

(A) as to whether the independent monitor program should be established on a permanent basis; and

(B) if the Secretary recommends that such program be so established, on appropriate procedures and mechanisms for such establishment; and

(C) for such legislation and administrative action as the Secretary determines appropriate.

SEC. 5114. NATIONAL DEMONSTRATION PROJECTS ON CULTURE CHANGE AND USE OF INFORMATION TECHNOLOGY IN NURSING HOMES.

(a) IN GENERAL.—The Secretary shall conduct 2 demonstration projects, 1 for the development of best practices in skilled nursing facilities and nursing facilities that are involved in the culture change movement (including the development of resources for facilities to find and access funding in order to undertake culture change) and 1 for the use of information technology to improve resident care.

(b) COST OF APPROPRIATIONS.—

(1) GRANT AWARD.—Under each demonstration project conducted under this section, the Secretary shall award 1 or more grants to facility-based settings for the development of best practices described in subsection (a) with respect to the demonstration project involved. Such award shall be made on a competitive basis and may be allocated in 1 lump-sum payment.

(2) CONSIDERATION OF SPECIAL NEEDS OF RESIDENTS.—Each demonstration project conducted under this section shall take into consideration the special needs of residents of skilled nursing facilities and nursing facilities who have cognitive impairment, including dementia.

(c) DURATION AND IMPLEMENTATION.—

(1) DURATION.—The demonstration projects shall each be conducted for a period not to exceed 3 years.

(2) IMPLEMENTATION.—The demonstration projects shall each be implemented not later than 1 year after the date of the enactment of this Act.

(d) PROGRAMS.—In this section:

(1) NURSING FACILITY.—The term ‘‘nursing facility’’ has the meaning given such term in section 1919(a) of the Social Security Act (42 U.S.C. 1396a(a)).

(2) SECRETARY.—The term ‘‘Secretary’’ means the Secretary of Health and Human Services.

(3) SKILLED NURSING FACILITY.—The term ‘‘skilled nursing facility’’ has the meaning given such term in section 1819(a) of the Social Security Act (42 U.S.C. 1396r(a)).

(e) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as may be necessary to carry out this section.

(f) DEFINITIONS.—In this section:

(1) ADDITIONAL DISCLOSABLE PARTY.—The term ‘‘additional disclosable party’’ has the meaning given such term in section 1124(a)(5)(A) of the Social Security Act, as added and amended by this Act.

(2) FACILITY.—The term ‘‘facility’’ means a skilled nursing facility or a nursing facility.

(3) NURSING FACILITY.—The term ‘‘nursing facility’’ has the meaning given such term in section 1819(a) of the Social Security Act (42 U.S.C. 1396r(a)).

(4) SECRETARY.—The term ‘‘Secretary’’ means the Secretary of Health and Human Services, acting through the Assistant Secretary for Planning and Evaluation.

(5) SKILLED NURSING FACILITY.—The term ‘‘skilled nursing facility’’ has the meaning given such term in section 1819(a) of the Social Security Act (42 U.S.C. 1396r(a)).

(g) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as may be necessary to carry out this section.

(h) REPORT.—Not later than 9 months after the completion of the demonstration project, the Secretary shall submit to Congress a report on such project, together with recommendations for such legislation and administrative action as the Secretary determines appropriate.

PART III—IMPROVING STAFF TRAINING

SEC. 5121. DEMENTIA AND ABUSE PREVENTION TRAINING.

(a) SKILLED NURSING FACILITIES.—

(1) IN GENERAL.—Section 1819(h)(4) of the Social Security Act (42 U.S.C. 1396i–3(h)(4)) is amended—

(A) in the first sentence, by striking ‘‘the Secretary shall terminate’’ and inserting ‘‘the Secretary, subject to section 1128(h), shall terminate’’; and

(B) in the second sentence, by striking ‘‘paragraph (c)(2)’’ and inserting ‘‘subsection (c)(2) and section 1128I(h)’’.

(1) EFFECTIVE DATE.—The amendments made by this section shall take effect 1 year after the date of the enactment of this Act.

SEC. 5111. NATIONAL DEMONSTRATION PROJECTS ON CULTURE CHANGE AND USE OF INFORMATION TECHNOLOGY IN NURSING HOMES.

(a) IN GENERAL.—The Secretary shall conduct 2 demonstration projects, 1 for the development of best practices in skilled nursing facilities and nursing facilities that are involved in the culture change movement (including the development of resources for facilities to find and access funding in order to undertake culture change) and 1 for the use of information technology to improve resident care.

(b) CONDUCT OF DEMONSTRATION PROJECTS.—
case of ongoing training, dementia management training, and patient abuse prevention training" before ", (II)".

(2) CLARIFICATION OF DEFINITION OF NURSE AIDE.—Section 1919(b)(5)(F) of the Social Security Act (42 U.S.C. 1396r(c)(5)(F)) is amended by adding at the end the following flush sentence:

"Such term includes a individual who provides such services through an agency or under a contract with the facility.".

(b) NURSING FACILITIES.—

(1) In section 1919(b)(2)(A)(1) of the Social Security Act (42 U.S.C. 1396r(f)(2)(A)(1)) is amended by inserting "(including, in the case of initial training and, in determining who shall be included, in the case of ongoing training, dementia management training, and patient abuse prevention training" before ", (II)".

(2) CLARIFICATION OF DEFINITION OF NURSE AIDE.—Section 1919(b)(5)(F) of the Social Security Act (42 U.S.C. 1396r(b)(5)(F)) is amended by adding at the end the following flush sentence:

"Such term includes an individual who provides such services through an agency or under a contract with the facility."

(c) TIME LIMIT.—The amendments made by this section shall take effect 1 year after the date of the enactment of this Act.

Subtitle C—Nationwide Program for National and State Background Checks on Direct Patient Access Employees of Long-Term Care Facilities and Providers

SEC. 5201. NATIONWIDE PROGRAM FOR NATIONAL AND STATE BACKGROUND CHECKS ON DIRECT PATIENT ACCESS EMPLOYEES OF LONG-TERM CARE FACILITIES AND PROVIDERS.

(a) In General.—The Secretary of Health and Human Services (in this section referred to as the "Secretary") shall establish a program to identify efficient, effective, and economic means to describe for long term care facilities or providers to conduct background checks on prospective direct patient access employees on a nationwide basis (in this subsection, such program shall be referred to as the "nationwide program"). Except for the following modifications, the Secretary shall carry out the nationwide program under similar conditions as the pilot program under section 307 of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (Public Law 108–173; 117 Stat. 1175). The prohibition against allowing abusive workers and the authorization of the imposition of penalties by a participating State under subsection (b)(3)(A) and (b)(6) of section 307 shall not apply.

(b) Certain Previously Participating States.—The Secretary shall enter into agreements with each State (i) that the Secretary has not entered into an agreement with under subsection (c)(1) of such section 307;

(ii) in which the State agrees to conduct background checks under the program established under subsection (a) of such section 307 on a Statewide basis; and

(iii) that submits an application to the Secretary containing such information and at such time as the Secretary may specify.

(c) Nationwide Program.—(1) AGREEMENTS.—In accordance with the requirements of the nationwide program, the Secretary shall enter into agreements with each State containing such provisions as the Secretary determines to be appropriate, efficient, and effective that the State agrees to conduct background checks, a participating State—

(A) that the Secretary has not entered into an agreement with under subsection (c)(1) of such section 307;

(B) that provides for the development of "rap back" capability such that, if a direct patient access employee of a long-term care facility or provider is convicted of a crime following the initial background check conducted with respect to such employee, and the employee's fingerprints match the prints on file with the State law enforcement department, the department will immediately inform the State and the State will immediately inform the long-term care facility or provider which employs such employee;

(C) require that a participating State—

(i) that the Secretary has not entered into an agreement with under subsection (c)(1) of such section 307;

(ii) to which the State agrees to conduct background checks on prospective direct patient access employees on a nationwide basis; and

(iii) that submits an application to the Secretary containing such information and at such time as the Secretary may specify.

(i) that the Secretary has entered into an agreement with under subsection (c)(1), but only in the case where such agreement did not apply to the conduct of background checks under the program established under subsection (a) of such section 307 on a Statewide basis.

(2) PAYMENTS.—(A) IN GENERAL.—In accordance with the requirements of the nationwide program, the Secretary shall—

(i) in accordance with the requirements of the nationwide program, the Secretary shall—

(A) that the Secretary has not entered into an agreement with under subsection (c)(1) of such section 307;

(B) to which the State agrees to conduct background checks on prospective direct patient access employees on a nationwide basis; and

(C) that submits an application to the Secretary containing such information and at such time as the Secretary may specify.

(ii) to which the Secretary has not entered into an agreement with under subsection (c)(1) of such section 307;

(iii) that submits an application to the Secretary containing such information and at such time as the Secretary may specify.

(i) that the Secretary has entered into an agreement with under subsection (c)(1), but only in the case where such agreement did not apply to the conduct of background checks under the program established under subsection (a) of such section 307 on a Statewide basis.

(3) REQUIREMENTS.—In accordance with the requirements of the nationwide program, the Secretary shall—

(A) that the Secretary has not entered into an agreement with under subsection (c)(1) of such section 307;

(B) that agrees to conduct background checks under the nationwide program on a Statewide basis; and

(C) that submits an application to the Secretary containing such information and at such time as the Secretary may specify.

(d) Time Limit.—The amendments made by this section shall take effect 1 year after the date of the enactment of this Act.
(i) IN GENERAL.—As part of the application submitted by a State under paragraph (1)(B)(iii), the State shall guarantee, with respect to the costs to be incurred by the State in conducting the program under this paragraph, that the State will make available (directly or through donations from public or private entities) a particular amount of non-Federal contributions, as a condition of receiving the Federal match under clause (i).

(ii) FEDERAL MATCH.—The payment amount to each State that the Secretary enters into an agreement with under paragraph (b) shall be 3 times the amount that the State guarantees to make available under clause (i), except that in no case may the payment amount exceed $1,500,000.

(6) DEFINITIONS.—Under the nationwide program:

(A) CONVICTION FOR A RELEVANT CRIME.—The term ‘conviction for a relevant crime’ means any Federal or State criminal conviction for—

(i) any offense described in section 1128(a) of the Social Security Act (42 U.S.C. 1320a–7); or

(ii) such other offenses as a participating State may specify for purposes of conducting the program in such State.

(B) DISQUALIFYING INFORMATION.—The term ‘disqualifying information’ means a conviction for a relevant crime or a finding of patient or resident abuse.

(C) FINDING OF PATIENT OR RESIDENT ABUSE.—The term ‘finding of patient or resident abuse’ means any Federal or State criminal conviction for—

(i) any offense described in section 1128(a) of such Act (42 U.S.C. 1320a–7); or

(ii) any equivalent State law.

(D) DIRECT PATIENT ACCESS EMPLOYEE.—The term ‘direct patient access employee’ means any individual who has access to a patient or resident of a long-term care facility or provider through employment or through a contract with such facility or provider and has duties that involve (or may involve) one-on-one contact with a patient or resident of the facility or provider, as determined by the Secretary for purposes of the nationwide program. Such term includes a reduction in the available workforce for long-term care facilities or providers.

(E) DIRECT PATIENT ACCESS EMPLOYEE.—

(i) A skilled nursing facility (as defined in section 1886(d)(1)(B)(iv) of such Act (42 U.S.C. 1396d(d))).

(ii) A provider of long-term care services under such title as the participating State determines appropriate.

(7) EVALUATION AND REPORT.—

(A) EVALUATION.—

(i) IN GENERAL.—The Inspector General of the Department of Health and Human Services shall conduct an evaluation of the nationwide program.

(ii) INCLUSION OF SPECIFIC TOPICS.—The evaluation conducted under clause (i) shall include the following:

(I) An assessment of various procedures implemented by participating States for long-term care facilities or providers, including staffing agencies, to conduct background checks of direct patient access employees under the nationwide program and identification of the most appropriate, efficient, and effective procedures for conducting such background checks.

(II) An assessment of the costs of conducting such background checks (including startup and administrative costs).

(III) A determination, to the extent to which conducting such background checks leads to any unintended consequences, including a reduction in the available workforce for long-term care facilities or providers.

(IV) An assessment of the impact of the nationwide program on reducing the number of incidents of patient or resident abuse.

(B) DISQUALIFYING INFORMATION.—The term ‘disqualifying information’ means a conviction for a relevant crime or a finding of patient or resident abuse.

(C) FINDING OF PATIENT OR RESIDENT ABUSE.—The term ‘finding of patient or resident abuse’ means a conviction for—

(i) an act of patient or resident abuse or neglect; or

(ii) a misappropriation of patient or resident property.

(D) REPORT.—Not later than 180 days after the completion of the nationwide program, the Inspector General of the Department of Health and Human Services shall submit a report to Congress containing the results of the evaluation conducted under subparagraph (A).

(S) FUNDING.—

(1) NOTIFICATION.—The Secretary of Health and Human Services shall notify the Secretary of the Treasury of the amount necessary to carry out the nationwide program under this section for the period of fiscal years 2010 through 2012, except that in no case shall such amount exceed $160,000,000.

(2) TRANSFER OF FUNDS.—

(A) IN GENERAL.—Out of any funds in the Treasury of the United States not otherwise appropriated, the Secretary of the Treasury shall provide for the transfer to the Secretary of Health and Human Services the amount specified as necessary to carry out the nationwide program under paragraph (1). Such amount shall remain available until expended.

(B) RESERVATION OF FUNDS FOR CONDUCT OF EVALUATION.—The Secretary may reserve not more than $3,000,000 of the amount transferred under subparagraph (A) to provide for the conduct of the evaluation under subsection (a)(7).

SEC. D.—PATIENT-CENTERED OUTCOMES RESEARCH

TITLE XI—PATIENT-CENTERED OUTCOMES RESEARCH

PART D—COMPARATIVE CLINICAL EFFECTIVENESS RESEARCH

COMPARATIVE CLINICAL EFFECTIVENESS RESEARCH

SEC. 1181. (a) DEFINITIONS.—In this section—

(I) BOARD.—The term ‘Board’ means the Board of Governors established under subsection (f).

(II) MEDICAL TREATMENTS, SERVICES, AND ITEMS DESCRIBED.—The medical treatments, services, and items described in this subparagraph are health care interventions, protocols for treatment, care management, and delivery, procedures, medical devices, diagnostic tools, pharmaceuticals (including diagnostics), bioinformatics, integrative health practices, and any other strategies or items being used in the treatment, management, and diagnosis of, or prevention of illness or injury in, individuals.

(b) PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE.—

(1) ESTABLISHMENT.—There is authorized to be established a nonprofit corporation, to be known as the ‘Patient-Centered Outcomes Research Institute’ (in this section, in this part, or in any other section of this title, in this title, or in any other title of this Act, in this Act, or in any other Act, such term shall be subject to the provisions of this section, and, to the extent consistent with this section, to the District of Columbia Nonprofit Corporation Act).

(2) PURPOSE.—The purpose of the Institute is to assist patients, clinicians, purchasers, and policy-makers in making informed health decisions by advancing the quality and relevance of evidence concerning the manner in which diseases, disorders, and other health conditions can effectively and appropriately be prevented, diagnosed, treated, monitored, and managed through research and evidence synthesis that considers variations in patient subpopulations and the dissemination of research findings with respect to the relative health outcomes, clinical effectiveness, and appropriateness of the medical treatments, services, and items described in this subparagraph.

(3) DUTIES.—

(I) IDENTIFYING RESEARCH PRIORITIES AND ESTABLISHING RESEARCH PROJECT AGENDA.
"(A) IDENTIFYING RESEARCH PRIORITIES.—The Institute shall identify national priorities for research, taking into account factors of disease incidence, prevalence, and burden of the diseases, disabilities, or conditions (with emphasis on chronic conditions), gaps in evidence in terms of clinical outcomes, practice variations and health disparities in terms of delivery of care, the potential for new evidence to improve patient health, well-being, and the quality of care, the effect on national expenditures associated with a health status, and outcomes of care, as well as patient needs, outcomes, and preferences, the relevance to patients and clinicians in making informed health decisions, and the strategic role in the planning of health care delivery and outcomes for the United States.

"(B) CONTRACTS FOR THE MANAGEMENT OF FUNDING AND CONDUCT OF RESEARCH.—

"(1) IN GENERAL.—The institute shall establish a research project agenda for each fiscal year, including original research conducted subsequent to the date of the enactment of this section.

"(2) CONTRACTS.—A contract entered into under this subparagraph may allow for the coverage of copayments or coinsurance, or allow for other appropriate measures, to the extent that such coverage or other measures are necessary to preserve the validity of research projects, such as in the case where the research project must be blinded.

"(C) REVIEW AND UPDATE OF EVIDENCE.—The Institute shall review and update evidence on a schedule appropriate to the stage and period determined appropriate by the Institute (but not less than 5 years).

"(D) DATA COLLECTION.—The Institute shall use data, including applicable criteria for internal validity, generalizability, feasibility, and timeliness of research projects, in making decisions regarding the appropriateness of such data, including applicable criteria for internal validity, generalizability, feasibility, and timeliness of research projects, for the purpose of determining the potential usefulness or applicability of such research, including the potential usefulness or applicability of such research for health care treatments, services, and items for other purposes.

"(E) DIFFERENCES IN TREATMENT MODALITIES.—Research shall be designed, as appropriate, to take into account the potential for differences in the effectiveness of health care treatments, services, and items for other purposes.

"(F) APPOINTING EXPERT ADVISORY PANELS—The Dirctor of the Institute may appoint permanent or ad hoc expert advisory panels determined appropriate to assist in identifying research priorities and establishing the strategic role in the planning of health care delivery and outcomes for the United States.
the design of research. Any methodological standards developed and updated under this subclause shall be scientifically based and include methods by which new information, data, or other input from relevant experts, stakeholders, and decisionmakers, and shall provide opportunities for public comment. Such standards shall also include mechanisms to ensure that data, or advances in technology are considered and incorporated into ongoing research projects by the Institute, as appropriate. The process for developing and updating such standards shall be transparent. The Institute shall ensure that there is a process for peer review of data, or advances in technology are considered and incorporated into ongoing research projects by the Institute, as appropriate. The process for developing and updating such standards shall be transparent.

"(j) A table of contents for the guide shall be included in annual reports in accordance with paragraphs 6(c)(1) that are adopted under subparagraph (h)(1), the Institute shall adopt the national priorities identified under paragraph (1)(A), the research project agenda and budget of the Institute for the following year; (C) any administrative activities conducted by the Institute during the preceding year; (D) the names of individuals contributing to any peer-review process under paragraph (7), without identifying them with a particular research project or the matter that could affect their activity; (E) any other relevant information (including information on the membership of the Board, expert advisory panels, methodology committee, and the executive staff of the Institute, any conflicts of interest with respect to these individuals, and any bylaws adopted by the Board during the preceding year; (o) Administration. (1) In general. Subject to paragraph (2), the Board shall carry out the duties of the Institute. (2) Nondelegable duties. The activities described in subsections (d)(1) and (d)(9) are nondelegable. (f) Board of Governors. (1) In general. The Institute shall have a Board of Governors, which shall consist of the following members: (A) The Director of the National Institute of Mental Health, who shall serve as Chairperson of the Board. Such members shall be elected by the Board in accordance with paragraph (c) and may consult with the Institute of Medicine of the National Academies and academic, research, and nonacademic entities with relevant expertise to carry out activities described in subparagraph (b) and may consult with relevant stakeholders to carry out such activities. (E) Reports. The methodology committee shall submit reports to the Board on the committee’s performance of the functions described in subparagraph (C) and may consult with relevant stakeholders to carry out such activities.

The Institute may utilize the peer-review process of appropriate medical journals if such process meets the requirements under subparagraphs (A) and (B). (B) Composition. Such peer-review process shall be designed in a manner so as to avoid bias and conflicts of interest on the part of the Board. Such members shall be composed of leaders in the scientific field relevant to the research under review. (C) Use of existing processes. (i) In general. The Institute shall ensure that there is a process for peer review of primary research described in subparagraph (A)(ii) of paragraph (2) that is conducted under such paragraph. Under such process—(i) evidence from such primary research shall be considered in determining scientific utility and adherence to methodological standards adopted under paragraph (9); and (ii) members of the Board shall be prohibited from participating in any peer-review process if such process meets the requirements under subparagraphs (A) and (B). (8) Release of research findings. (A) In general. The Institute shall, not later than 90 days after the conduct of or receipt of the research described in paragraphs (A) and (B), make such research findings available to clinicians, patients, and the general public. The Institute shall ensure that the research findings—(i) convey the findings of research in a manner that is comprehensive and useful to patients and providers in making health care decisions; (ii) fully convey findings and discuss considerations specific to certain subpopulations, risk factors, and comorbidities, as appropriate; (iii) include limitations of the research and what further research may be needed as appropriate; (iv) not be construed as mandates for practice guidelines, coverage recommendations, payment, or policy recommendations; and (v) not include any data which would violate the privacy of research participants or any confidentiality agreements made with respect to the use of data under this section.

(b) DEFINITION OF RESEARCH FINDINGS. In this paragraph, the term ‘research findings’ means the results of a study or assessment.

(c) Adoptions. (i) Subject to subsection (h)(1), the Institute shall adopt the national priorities identified under paragraph (1)(A), the research project agenda and budget of the Institute for the following year; (B) the research project agenda and budget of the Institute for the following year; (C) any administrative activities conducted by the Institute during the preceding year; (D) the names of individuals contributing to any peer-review process under paragraph (7), without identifying them with a particular research project or the matter that could affect their activity; (E) any other relevant information (including information on the membership of the Board, expert advisory panels, methodology committee, and the executive staff of the Institute, any conflicts of interest with respect to these individuals, and any bylaws adopted by the Board during the preceding year).

(d) Administration. (1) In general. Subject to paragraph (2), the Board shall carry out the duties of the Institute. (2) Nondelegable duties. The activities described in subsections (d)(1) and (d)(9) are nondelegable.

(e) Board of Governors. (1) In general. The Institute shall have a Board of Governors, which shall consist of the following members: (A) The Director of the National Institute of Mental Health, who shall serve as Chairperson of the Board. Such members shall be elected by the Board in accordance with paragraph (c) and may consult with the Institute of Medicine of the National Academies and academic, research, and nonacademic entities with relevant expertise to carry out activities described in subparagraph (C) and may consult with relevant stakeholders to carry out such activities. (E) Reports. The methodology committee shall submit reports to the Board on the committee’s performance of the functions described in subparagraph (C) and may consult with relevant stakeholders to carry out such activities.

The Institute may utilize the peer-review process of appropriate medical journals if such process meets the requirements under subparagraphs (A) and (B). (B) Composition. Such peer-review process shall be designed in a manner so as to avoid bias and conflicts of interest on the part of the Board. Such members shall be composed of leaders in the scientific field relevant to the research under review. (C) Use of existing processes. (i) In general. The Institute shall ensure that there is a process for peer review of primary research described in subparagraph (A)(ii) of paragraph (2) that is conducted under such paragraph. Under such process—(i) evidence from such primary research shall be considered in determining scientific utility and adherence to methodological standards adopted under paragraph (9); and (ii) members of the Board shall be prohibited from participating in any peer-review process if such process meets the requirements under subparagraphs (A) and (B). (8) Release of research findings. (A) In general. The Institute shall, not later than 90 days after the conduct of or receipt of the research described in paragraphs (A) and (B), make such research findings available to clinicians, patients, and the general public. The Institute shall ensure that the research findings—(i) convey the findings of research in a manner that is comprehensive and useful to patients and providers in making health care decisions; (ii) fully convey findings and discuss considerations specific to certain subpopulations, risk factors, and comorbidities, as appropriate; (iii) include limitations of the research and what further research may be needed as appropriate; (iv) not be construed as mandates for practice guidelines, coverage recommendations, payment, or policy recommendations; and (v) not include any data which would violate the privacy of research participants or any confidentiality agreements made with respect to the use of data under this section.

(b) DEFINITION OF RESEARCH FINDINGS. In this paragraph, the term ‘research findings’ means the results of a study or assessment.

(c) Adoptions. (i) Subject to subsection (h)(1), the Institute shall adopt the national priorities identified under paragraph (1)(A), the research project agenda and budget of the Institute for the following year; (B) the research project agenda and budget of the Institute for the following year; (C) any administrative activities conducted by the Institute during the preceding year; (D) the names of individuals contributing to any peer-review process under paragraph (7), without identifying them with a particular research project or the matter that could affect their activity; (E) any other relevant information (including information on the membership of the Board, expert advisory panels, methodology committee, and the executive staff of the Institute, any conflicts of interest with respect to these individuals, and any bylaws adopted by the Board during the preceding year).

(d) Administration. (1) In general. Subject to paragraph (2), the Board shall carry out the duties of the Institute. (2) Nondelegable duties. The activities described in subsections (d)(1) and (d)(9) are nondelegable.

(e) Board of Governors. (1) In general. The Institute shall have a Board of Governors, which shall consist of the following members: (A) The Director of the Agency for Healthcare Research and Quality (or the Director’s designee). (B) The Director of the National Institutes of Health (or the Director’s designee). (C) Fourteen members appointed, not later than 6 months after the date of enactment of this section, by the Comptroller General of the United States as follows: (i) 3 members representing patients and health care consumers; (ii) 3 members representing physicians and providers, including at least 1 surgeon, nurse, State-licensed integrative health care practitioner, and representative of a hospital; (iii) 3 members representing pharmaceutical, chemical, device, and diagnostic manufacturers or developers; (iv) 3 members representing quality improvement or independent health service researchers. (f) Certification. (1) Certification of the Board. (2) Certification of the Board. (g) Financial and governmental oversight. (1) Contract for audit. The Institute shall provide for the conduct of financial audits of the Institute on an annual basis by a public accounting firm with expertise in conducting financial audits. (2) Review and annual reports—
‘(A) REVIEW.—The Comptroller General of the United States shall review the following:

‘(i) Not less frequently than on an annual basis, the financial audits conducted under paragraph (1);

‘(ii) Not less than every 5 years, the processes established by the Institute, including the research priorities and the conduct of research projects, in order to determine whether information produced by such research projects is objective and credible, is produced in a manner consistent with the requirements under this section, and is developed through a transparent process.

‘(B) ANNUAL REPORTS.—Not later than April 1 of each year, the Comptroller General of the United States shall publish a report and submit a copy of the report to Congress containing information specified in subsection (A) as soon as practicable on the Internet website of the Comptroller General of the Government Accountability Office. The information disclosed under the preceding sentence shall include the type, nature, and magnitude of the interests of the individual involved, except to the extent that the individual recuses himself or herself from participating in the consideration of or any other activity with respect to the study as to which the potential conflict exists.

‘(i) RULES.—The Institute, its Board or staff, shall be prohibited from accepting gifts, bequests, or donations of services or property. In addition, the Institute shall be prohibited from establishing a corporation or generating revenues from activities other than provided under this section.

Title V—Elder Justice Act

SEC. 5401. SHORT TITLE OF SUBTITLE.

This subtitle may be cited as the ‘Elder Justice Act of 2009’.

SEC. 5402. DEFINITIONS.

Except as otherwise specifically provided, any term that is defined in section 5503(a) and is used in this subtitle has the meaning given such term by such section.

SEC. 5403. ELDER JUSTICE.

(A) ELDER JUSTICE.—

(1) IN GENERAL.—Title XX of the Social Security Act (42 U.S.C. 1396 et seq.) is amended—

(A) in the heading, by inserting ‘AND ELDER JUSTICE’ after ‘SOCIAL SERVICES’;

(B) by inserting before section 2001 the following:

‘Subtitle A—Block Grants to States for Social Services’;

and

(C) by adding at the end the following:

‘Subtitle B—Elder Justice

‘SEC. 2001. DEFINITIONS.

‘In this subtitle:

‘(1) ABUSE.—The term ‘abuse’ means the knowing infliction of physical or psychological harm or the knowing deprivation of goods or services that are necessary to meet essential needs or to avoid physical or psychological harm.

‘(2) ELDER.—The term ‘elder’ means an individual who has reached age 60 or older.

‘(3) ELIGIBLE ENTITY.—The term ‘eligible entity’ means a State or local government agency, Indian tribe or tribal organization, or any other public or private entity that is engaged in and has expertise in issues relating to elder justice or in a field necessary to promote elder justice efforts.

‘(4) EXPLOITATION.—The term ‘exploitation’ means the fraudulent or otherwise illegal, unauthorized, or improper act or process of an individual, including a caregiver or fiduciary, that uses the resources of an elder for the benefit of the exploiter, to gain, or that results in depriving an elder of rightful access to, or use of, benefits, resources, belongings, or property.

‘(5) FIDUCIARY.—The term ‘fiduciary’—

(A) means a person or entity with the legal responsibility to—

(i) make decisions on behalf of and for the benefit of another person; and

(ii) to act in good faith and with fairness; and

(B) includes a trustee, a guardian, a conservator, an executor, an agent under a financial power of attorney or health care power of attorney, or a representative payee.

(6) GRANT.—The term ‘grant’ includes a contract, cooperative agreement, or other mechanism for providing financial assistance.

(7) GUARDIANSHIP.—The term ‘guardianship’ means—

(A) the process by which a State court determines that an adult individual lacks capacity to make decisions about self-care or property, and appoints another individual or entity known as a guardian, as a conservator, or by a similar term, as a surrogate decisionmaker;

(B) the manner in which the court-appointed surrogate decisionmaker carries out duties to the individual and the court; or

(C) the manner in which the court exercises oversight of the surrogate decisionmaker.

(8) INDIAN TRIBE.—

(A) IN GENERAL.—The term ‘Indian tribe’ has the meaning given such term in section 4 of the Indian Self-Determination and Educational Assistance Act (25 U.S.C. 450b).

(B) INCLUSION OF PUEBLO AND RANCHERIA.—The term ‘Indian tribe’ includes any Pueblo or Rancheria.

(9) LAW ENFORCEMENT.—The term ‘law enforcement’ means the full range of potential responders to elder abuse, neglect, and exploitation including—

(A) police officers, sheriffs, detectives, public safety officers, and corrections personnel;

(B) prosecuting attorneys and investigators;

(C) medical examiners;

(D) coroners.

(10) LAW ENFORCEMENT.—The term ‘law enforcement’ means the full range of potential responders to elder abuse, neglect, and exploitation including—

(A) police officers, sheriffs, detectives, public safety officers, and corrections personnel;

(B) prosecuting attorneys and investigators;

(C) medical examiners;

(D) coroners.

(11) LONG-TERM CARE.—
(A) IN GENERAL.—The term ‘long-term care’ means supportive and health services specified by the Secretary for individuals who need assistance because the individuals have a substantial loss of capacity for self-care due to illness, disability, or vulnerability.

(B) LOSS OF CAPACITY FOR SELF-CARE.—For purposes of subparagraph (A), the term ‘loss of capacity for self-care’ means an inability to engage in 1 or more activities of daily living, including eating, dressing, bathing, management of one’s financial affairs, and other activities the Secretary determines appropriate.

(15) LONG-TERM CARE FACILITY.—The term ‘long-term care facility’ means a residential care facility that changes for, or directly provides, long-term care.

(16) NEGLECT.—The term ‘neglect’ means—

(A) the failure of a caregiver or fiduciary to provide the goods or services that are necessary to maintain the health or safety of an elder; or

(B) self-neglect.

(17) NURSING FACILITY.—

(A) IN GENERAL.—The term ‘nursing facility’ has the meaning given such term under section 1919(a).

(B) INCLUSION OF SKILLED NURSING FACILITY.—The term ‘nursing facility’ includes a skilled nursing facility (as defined in section 1919(b)).

(18) SELF-NEGLECT.—The term ‘self-neglect’ means an adult’s inability, due to physical or mental impairment or diminished capacity, to perform essential self-care tasks including—

(A) obtaining essential food, clothing, shelter, and medical care;

(B) making all the decisions and services necessary to maintain physical health, mental health, or general safety; or

(C) managing one’s own financial affairs.

(19) INJURY.—The term ‘injury’ means—

(A) a serious bodily injury;

(B) serious mental injury;

(C) death;

(D) the loss of a bodily member or function; or

(E) serious mental injury, such as surgery, hospitalization, or physical rehabilitation.

(20) SEXUAL ABUSE.—Serious bodily injury shall be considered to have occurred if the conduct causing the injury is conduct described in section 2241 (relating to aggravated sexual abuse) or 2242 (relating to sexual abuse) of title 18, United States Code, or any similar offense under State law.

(21) SOCIAL.—The term ‘social’, when used with respect to a service, includes adult protective services.

(22) STATE LEGAL ASSISTANCE DEVELOPER.—The term ‘State legal assistance developer’ means the State Long-Term Care Ombudsman described in section 721(a) of the Older Americans Act of 1965.

(23) STATE LONG-TERM CARE OMBUDSMAN.—The term ‘State long-term care ombudsman’ means the State Long-Term Care Ombudsman described in section 721(a) of the Older Americans Act of 1965.

SEC. 201. ELDER JUSTICE COORDINATING COUNCIL.

(a) ESTABLISHMENT.—There is established within the Office of the Secretary an Elder Justice Coordinating Council (in this section referred to as the ‘Council’).

(b) MEMBERSHIP.—

(1) IN GENERAL.—The Council shall be composed of the following members:

(A) The Secretary (or the Secretary’s designee).

(B) The Attorney General (or the Attorney General’s designee).

(C) The head of each Federal department or agency or other governmental entity identified by the Chair referred to in subsection (d) as having responsibilities, or administering programs, relating to elder abuse, neglect, and exploitation.

(2) REQUIREMENT.—Each member of the Council shall be an officer or employee of the Federal Government.

(c) VACANCIES.—Any vacancy in the Council shall not affect its powers, but shall be filled in the same manner as the original ap- pointment was made.

(d) CHAIR.—The member described in subsection (b)(1)(A) shall be Chair of the Council.

(e) MEETINGS.—The Council shall meet at least 2 times per year, as determined by the Chair.

(f) DUTIES.—

(A) IN GENERAL.—The Council shall make recommendations to the Secretary for the coordination of activities of the Department of Health and Human Services, the Department of Justice, and other relevant Federal, State, local, and private agencies and entities, relating to criminal, civil, and administrative activities the Secretary determines appropriate.

(B) The Attorney General (or the Attorney General’s designee) shall attend the meetings of the Council.

(C) The Council shall maintain minutes of the meetings and shall cause such minutes to be transmitted to the Secretary of each quarter.

(g) POWERS OF THE COUNCIL.—

(1) INFORMATION FROM FEDERAL AGENCIES.—Subject to the requirements of section 1792 of the Social Security Act, and any other applicable Federal law, the Council may request from any Federal department or agency any information necessary to carry out its duties.

(2) REPORT.—The Council shall submit to the Congress a report containing a summary of the activities of the Council during the previous calendar year, including a list of the members of the Council, including the Chair, the Vice Chair, the Treasurer, and the Secretary, and the number of meetings held by the Council during the previous calendar year.

(h) TRAVEL EXPENSES.—The members of the Council shall be entitled to the travel expenses and subsistence allowance provided for in title 5, United States Code, while away from their homes or regular places of business in the performance of services for the Council.

(i) DETAILED AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as are necessary to carry out this section.

SEC. 202. ADVISORY BOARD ON ELDER ABUSE, NEGLECT, AND EXPLOITATION.

(a) ESTABLISHMENT.—There is established a board to be known as the ‘Advisory Board on Elder Abuse, Neglect, and Exploitation’ (in this section referred to as the ‘Advisory Board’) to create short- and long-term multi-disciplinary strategic plans for the development of the field of elder justice and to make recommendations to the Elder Justice Coordinating Council established under section 201.

(b) COMPOSITION.—The Advisory Board shall be composed of 27 members appointed by the Secretary from among members of the general public who are individuals with experience and expertise in elder abuse, neglect, and exploitation prevention, detection, treatment, intervention, or prosecution.

(c) SOLICITATION OF NOMINATIONS.—The Secretary shall publish a notice in the Federal Register soliciting nominations for the appointment of members of the Advisory Board under subsection (b).

(d) TERMS.—

(1) IN GENERAL.—Each member of the Advisory Board shall be appointed for a term of 3 years, except that, of the members first appointed—

(A) 9 shall be appointed for a term of 3 years;

(B) 9 shall be appointed for a term of 2 years; and

(C) 9 shall be appointed for a term of 1 year.

(2) VACANCIES.—

(A) In general.—Any vacancy on the Advisory Board shall not affect its powers, but shall be filled in the same manner as the original appointment was made.

(B) FILLING UNEXPIRED TERM.—An individual chosen to fill a vacancy shall be appointed for the unexpired term of the member replaced.

(C) EXPIRATION OF TERMS.—The term of any member shall not expire before the date on which the member’s successor takes office.

(e) ELECTION OF OFFICERS.—The Advisory Board shall elect a Chair and Vice Chair from among its members. The Advisory Board shall elect its initial Chair and Vice Chair at its initial meeting.

(f) POWERS.—

(1) ENHANCE COMMUNICATION ON PROMOTING QUALITY OF, AND PREVENTING ABUSE, NEGLECT,
AND EXPLOITATION IN, LONG-TERM CARE.—The Advisory Board shall develop collaborative and innovative approaches to improve the quality of, including preventing abuse, neglect, and exploitation in, long-term care.

(2) COLLABORATIVE EFFORTS TO DEVELOP CONSENSUS AROUND THE MANAGEMENT OF CERTAIN QUALITY-RELATED FACTORS.—

(A) The Advisory Board shall establish multidisciplinary panels to address, and develop consensus on, subjects relating to improving the quality of long-term care. At least 1 such panel shall address, and develop consensus on, methods for managing resident-to-resident abuse in long-term care.

(B) ACTIVITIES CONDUCTED.—The multidisciplinary panels established under sub-paragraph (A) shall examine relevant research to identify best practices, with respect to the subject of the panel, determine the best way to carry out those best practices in a practical and feasible manner, and determine an effective manner of distributing information on such subject.

(3) REPORT.—Not later than the date that is 18 months after the date of enactment of the Elder Justice Act of 2009, and annually thereafter, the Advisory Board shall prepare and submit to the Elder Justice Coordinating Council, the Committee on Finance of the Senate, the Committee on Ways and Means of the House of Representatives, and the Committee on Governmental Affairs of the Senate a report containing—

(A) information on the status of Federal, State, and local public and private elder justice activities;

(B) recommendations (including recommended priorities) regarding—

(i) elder justice programs, research, training, services, practice, enforcement, and coordination;

(ii) coordination between entities pursuing elder justice efforts and those involved in related areas that may inform or overlap with elder justice efforts, such as activities to combat violence against women and child abuse and neglect; and

(iii) activities relating to adult fiduciary systems, including guardianship and other fiduciary arrangements;

(C) recommendations for specific modifications needed in Federal and State laws (including regulations) and for programs, research, and training to enhance prevention, detection, and treatment (including diagnosis) of, intervention in (including investigation and prosecution of) elder abuse, neglect, and exploitation; and

(D) recommendations for methods for the most effective coordinated national data collection with respect to elder justice, and elder abuse, neglect, and exploitation; and

(E) recommendations for a multidisciplinary strategic plan to guide the effective and efficient development of the field of elder justice.

(g) POWERS OF THE ADVISORY BOARD.—

(1) FEDERAL AGENCIES.—Subject to the requirements of section 2012(a), the Advisory Board may secure directly from any Federal department or agency such information as the Advisory Board considers necessary to carry out this section. Upon request of the Chair of the Advisory Board, the head of such department or agency shall furnish such information to the Advisory Board.

(2) SHARING OF DATA AND REPORTS.—The Advisory Board may request from any entity pursuing best practices activities under the Elder Justice Act of 2009 or an amendment made by that Act, any data, reports, or recommendations generated in connection with such activities.

(3) POSTAL SERVICES.—The Advisory Board may use the United States mails in the same manner and under the same conditions as other departments and agencies of the Federal Government.

(h) TRAVEL EXPENSES.—The members of the Advisory Board shall receive compensation for the performance of services for the Advisory Board. The members shall be allowed travel expenses for up to 4 meetings per year, in accordance with subpart A of chapter 57 of title 5, United States Code, while away from their places of business in the performance of services for the Advisory Board. Notwithstanding section 1342 of title 31, United States Code, the Secretary may accept from other agencies compensation for the services of the members of the Advisory Board.

(i) DETAIL OF GOVERNMENT EMPLOYEES.—Any Federal Government employee may be detailed to the Advisory Board without reimbursement, and such detail shall be without interruption or loss of civil service status or privilege.

(j) STATUS AS PERMANENT ADVISORY COMMITTEE.—Section 14 of the Federal Advisory Committee Act (5 U.S.C. App.) shall not apply to the advisory board.

(k) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as are necessary to carry out this section.

SEC. 2032. RESEARCH PROTECTIONS.

(a) GUIDELINES.—The Secretary shall promulgate guidelines to assist researchers working in the area of elder abuse, neglect, and exploitation, with issues relating to human subject protections.

(b) DEFINITION OF LEGALLY AUTHORIZED REPRESENTATIVE OF HUMAN SUBJECTS.—For purposes of the application of subpart A of part 46 of title 45, Code of Federal Regulations to research conducted under this subpart, the term ‘legally authorized representative’ means, unless otherwise provided by law, the individual or judicial or other body authorized under the applicable law to consent to medical treatment on behalf of another person.

SEC. 2034. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated to carry out this section—

(1) for fiscal year 2011, $4,000,000; and

(2) for each of fiscal years 2012 through 2014, $7,000,000.

Subpart II.—Elder Abuse, Neglect, and Exploitation Forensic Centers

SEC. 2031. ESTABLISHMENT AND SUPPORT OF ELDER ABUSE, NEGLECT, AND EXPLOITATION FORENSIC CENTERS.

(a) IN GENERAL.—The Secretary, in consultation with the Attorney General, shall make grants to eligible entities to establish and operate stationary and mobile forensic centers, to develop forensic expertise regarding, and provide services relating to, elder abuse, neglect, and exploitation, including forensic evidence relating to the determination of elder abuse, neglect, or exploitation.

(b) STATIONARY FORENSIC CENTERS.—The Secretary shall make 4 of the grants described in subsection (a) to institutions of higher education, or for programs, research, and training to enhance prevention, detection, and treatment (including diagnosis) of, intervention in (including investigation and prosecution of) elder abuse, neglect, or exploitation, to establish and operate stationary forensic centers.

(c) MOBILE CENTERS.—The Secretary shall make 6 of the grants described in subsection (a) to appropriate entities to establish and operate mobile forensic centers.

(d) AUTHORIZED ACTIVITIES.—

(1) DEVELOPMENT OF FORENSIC MARKERS AND METHODOLOGIES.—An eligible entity that receives a grant under this subpart shall use funds made available through the grant to develop forensic markers and methodologies, including forensic evidence relating to the determination of elder abuse, neglect, and exploitation.

(2) RECRUITMENT AND TRAINING OF FORENSIC EXPERTISE.—An eligible entity that receives a grant under this subpart shall use funds made available through the grant to develop forensic markers and methodologies, including forensic evidence relating to the determination of elder abuse, neglect, or exploitation.

(3) COLLECTION OF EVIDENCE.—The Secretary, in coordination with the Attorney General, shall use data made available by grant recipients under this section to develop the capacity of geriatric health care professionals and law enforcement to collect forensic evidence, including collecting forensic evidence relating to the determination of elder abuse, neglect, and exploitation in order to provide medical and forensic evaluation, therapeutic intervention, victim support and advocacy, case review, and case tracking.

(4) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this section—

(1) for fiscal year 2011, $4,000,000; and

(2) for fiscal year 2012, $6,000,000; and

(3) for each of fiscal years 2013 and 2014, $8,000,000.

Part II.—Programs to Promote Elder Justice

SEC. 2041. ENHANCEMENT OF LONG-TERM CARE.

(a) GRANTS AND INCENTIVES FOR LONG-TERM CARE STAFFING.—

(1) IN GENERAL.—The Secretary shall carry out this subpart, including activities described in paragraphs (2) and (3), to provide incentives for individuals to train for, seek, and maintain employment providing direct care in long-term care.

(2) SPECIFIC PROGRAMS TO ENHANCE TRAINING, RECRUITMENT, AND RETENTION OF STAFF.—

(A) COORDINATION WITH SECRETARY OF LABOR TO RECRUIT AND TRAIN LONG-TERM CARE STAFF.—The Secretary shall coordinate activities under this subsection with the Secretary of Labor in order to provide incentives for individuals to train for and seek employment providing direct care in long-term care.

(B) CAREER LADDERS AND BONUSES TO INCREASE STAFFING IN LONG-TERM CARE.

(1) IN GENERAL.—The Secretary shall make grants to eligible entities to carry out programs through which the entities shall—

(A) offer, to employees who provide direct care to residents of an eligible entity or individuals receiving community-based long-term care from an eligible entity, continuing education, training, and varying levels of certification, based on observed clinical care practices and the amount of time the employees spend providing direct care; and

(B) provide, or make arrangements to provide, bonuses or other increased compensation or benefits to employees who achieve certification under such a program.

(2) AUTHORIZED ACTIVITIES.—The Secretary shall make such grants to eligible entities to carry out programs through which the entities shall—

(A) provide incentives for individuals to train for, seek, and maintain employment providing direct care in long-term care.

(3) RULES OF PRACTICE.—The Secretary shall coordinate with the Secretary of Labor in order to provide incentives for individuals to train for and seek employment providing direct care in long-term care.

SEC. 2044. FEMINIST LEGISLATIVE INITIATIVES.

(a) GRANTS TO FEMINIST LEGISLATIVE INITIATIVES.—The Secretary shall make grants to eligible entities to carry out programs under this subpart, including programs to—

(1) develop programs to integrate gender and feminist theories and concepts into existing laws, statutes, programs, and policies; and

(2) develop programs to integrate gender and feminist theories and concepts into new laws, statutes, programs, and policies.

(b) AUTHORIZED ACTIVITIES.—The Secretary shall make such grants to eligible entities to carry out programs under this subpart, including programs to—

(1) provide incentives for individuals to train for, seek, and maintain employment providing direct care in long-term care.

(2) FUNDING.—There are authorized to be appropriated to carry out this section—

(1) for fiscal year 2011, $4,000,000; and

(2) for each of fiscal years 2012 through 2014, $7,000,000.
the Secretary at such time, in such manner, and containing such information as the Secretary may require (which may include evidence of consultation with the State in which the eligible entity is located with respect to carrying out activities funded under the grant).

(iii) AUTHORITY TO LIMIT NUMBER OF APPLICANTS.—Nothing in this subsection shall be construed as prohibiting the Secretary from limiting the number of applicants for a grant under this subparagraph.

"(B) AUTHORIZED ACTIVITIES.—An eligible entity shall submit an application under subparagraph (A) shall use funds made available through the grant to provide training and technical assistance regarding management practices using methods that are demonstrated to promote retention of individuals who provide direct care, such as—

(i) the establishment of standard human resource practices and high performance, including policies that provide for improved wages and benefits on the basis of job review;

(ii) the establishment of motivational and thoughtful work organization practices;

(iii) the creation of a workplace culture that respects and values caregivers and their needs;

(iv) the promotion of a workplace culture that respects the rights of residents of an eligible entity or individuals receiving community-based long-term care from an eligible entity and results in improved care for the residents of the individuals; and

(v) the establishment of other programs that promote the provision of high quality care, such as a continuing education program that provides additional hours of training, including on-the-job training, for employees who are certified nurse aides.

"(C) APPLICATION.—To be eligible to receive a grant under this paragraph, an eligible entity shall submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may require (which may include evidence of consultation with the State in which the long-term care facility is located with respect to carrying out activities funded under the grant).

"(B) AUTHORITY TO LIMIT NUMBER OF APPLICANTS.—Nothing in this subsection shall be construed as prohibiting the Secretary from limiting the number of applicants for a grant under this paragraph.

"(B) AUTHORIZED ACTIVITIES.—(A) IN GENERAL.—The Secretary shall adopt electronic standards for the exchange of clinical data by long-term care facilities, including, where available, standards for messaging and nomenclature. Standards adopted by the Secretary under this paragraph shall be compatible with standards established under section 1860D–4, standards adopted under section 3004 of the Public Health Service Act, and general health information technology standards.

(2) ELECTRONIC SUBMISSION OF DATA TO THE SECRETARY.—(A) IN GENERAL.—Not later than 10 years after the date of enactment of the Elder Justice Act of 2009, the Secretary shall have procedures in place to accept the optional electronic submission of data by long-term care facilities regarding the care provided to residents of such facilities.

(3) AUTHORIZED ACTIVITIES.—The Secretary shall promulgate regulations to carry out this subsection. Such regulations shall require a State, as a condition of the receipt of funds under this part, to conduct such data collection and reporting and Secretary determines are necessary to satisfy the requirements of this subsection.

(4) REGULATIONS.—The Secretary shall promulgate regulations to carry out this section.

(5) DEFINITIONS.—In this section:

(A) COMMUNITY-BASED LONG-TERM CARE.—The term ‘community-based long-term care’ has the meaning given such term by the Secretary.

(B) ELIGIBLE ENTITY.—The term ‘eligible entity’ means the following:

(i) A long-term care facility.

(ii) A community-based long-term care entity (as defined by the Secretary).

(6) AUTHORIZED ACTIVITIES.—(A) IN GENERAL.—Funds made available pursuant to this subparagraph shall be used by States and local units of government to provide adult protective services and may not be used for any other purpose.

(B) USE BY AGENCY.—Each State receiving funds pursuant to this subsection shall provide such funds to the agency or unit of State government having legal responsibility for providing adult protective services within the State.

"(C) SUPPLEMENT NOT SUPPLANT.—Each State or local unit of government to which funds are made available pursuant to this subsection shall use such funds to supplement and not supplant other Federal, State, and local public funds...
expended to provide adult protective services in the State.

(4) STATE REPORTS.—Each State receiving funds under this subsection shall submit to the Secretary, at such time and in such manner as the Secretary may require, a report on the number of elders served by the grants awarded under this subsection.

(5) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this subsection, $100,000,000 for each of fiscal years 2011 through 2014.

SEC. 2044. LONG-TERM CARE OMBUDSMAN PROGRAM.

(1) ESTABLISHMENT.—The Secretary shall award grants to States for the purposes of conducting demonstration programs in accordance with paragraph (2).

(2) DEMONSTRATION PROGRAMS.—Funds made available pursuant to this subsection may be made available only for States and local units of government to conduct demonstration programs that test—(A) training modules developed for the purpose of detecting or preventing elder abuse; (B) methods to detect or prevent financial exploitation of elders; (C) methods to detect elder abuse; (D) whether training on elder abuse forensics enhances the detection of elder abuse; (E) activities of the State or local unit of government; or (E) other matters relating to the detection or prevention of elder abuse.

(3) USE OF ELIGIBLE ENTITIES TO CONDUCT EVALUATIONS.—To be eligible to receive a grant under this subsection, a State shall submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may require.

(4) STATE REPORTS.—Each State that receives funds under this subsection shall submit to the Secretary a report at such time, in such manner, and containing such information as the Secretary may require on the results of the demonstration program conducted by the State using funds made available under this subsection.

(5) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this subsection, $25,000,000 for each of fiscal years 2011 through 2014.

SEC. 2043. LONG-TERM CARE OMBUDSMAN PROGRAM.

(a) GRANTS TO SUPPORT THE LONG-TERM CARE OMBUDSMAN PROGRAM.—(1) IN GENERAL.—The Secretary shall make grants to such States to support the long-term care ombudsman programs and such other eligible entities as the Secretary determines to be appropriate.

(2) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this subsection, for each of fiscal years 2011 through 2014, $10,000,000.

SEC. 2044. LONG-TERM CARE OMBUDSMAN PROGRAM.

(1) ESTABLISHMENT.—The Secretary shall award grants to States for the purposes of conducting demonstration programs in accordance with paragraph (2).

(2) DEMONSTRATION PROGRAMS.—Funds made available pursuant to this subsection may be made available only for States and local units of government to conduct demonstration programs that test—(A) training modules developed for the purpose of detecting or preventing elder abuse; (B) methods to detect or prevent financial exploitation of elders; (C) methods to detect elder abuse; (D) whether training on elder abuse forensics enhances the detection of elder abuse; (E) activities of the State or local unit of government; or (E) other matters relating to the detection or prevention of elder abuse.

(3) USE OF ELIGIBLE ENTITIES TO CONDUCT EVALUATIONS.—To be eligible to receive a grant under this subsection, a State shall submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may require.

(4) STATE REPORTS.—Each State that receives funds under this subsection shall submit a report at such time, in such manner, and containing such information as the Secretary may require.

(5) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this subsection, $25,000,000 for each of fiscal years 2011 through 2014.

SEC. 2043. LONG-TERM CARE OMBUDSMAN PROGRAM.

(a) GRANTS TO SUPPORT THE LONG-TERM CARE OMBUDSMAN PROGRAM.—(1) IN GENERAL.—The Secretary shall make grants to such States to support the long-term care ombudsman programs and such other eligible entities as the Secretary determines to be appropriate.

(2) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this subsection, for each of fiscal years 2011 through 2014, $10,000,000.

SEC. 2044. LONG-TERM CARE OMBUDSMAN PROGRAM.

(1) ESTABLISHMENT.—The Secretary shall award grants to States for the purposes of conducting demonstration programs in accordance with paragraph (2).

(2) DEMONSTRATION PROGRAMS.—Funds made available pursuant to this subsection may be made available only for States and local units of government to conduct demonstration programs that test—(A) training modules developed for the purpose of detecting or preventing elder abuse; (B) methods to detect or prevent financial exploitation of elders; (C) methods to detect elder abuse; (D) whether training on elder abuse forensics enhances the detection of elder abuse; (E) activities of the State or local unit of government; or (E) other matters relating to the detection or prevention of elder abuse.

(3) USE OF ELIGIBLE ENTITIES TO CONDUCT EVALUATIONS.—To be eligible to receive a grant under this subsection, a State shall submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may require.

(4) STATE REPORTS.—Each State that receives funds under this subsection shall submit a report at such time, in such manner, and containing such information as the Secretary may require.

(5) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this subsection, $25,000,000 for each of fiscal years 2011 through 2014.
week (including holidays), back-up system to State complaint intake systems in order to ensure optimum national responsiveness to complaints of such abuse, neglect, and misappropriation of property.

(vii) Analyze and report annually on the following:

(I) The total number and sources of complaints of such abuse, neglect, and misappropriation of property.

(II) The extent to which such complaints are referred to law enforcement agencies.

(III) Findings of Federal and State investigations of such complaints.

(viii) Conduct a national study of the cost to State agencies that perform surveys of skilled nursing facilities and nursing facilities under sections 1819 and 1919, respectively, of the Social Security Act (42 U.S.C. 1395i–3; 1396m), and making recommendations to the Secretary of Health and Human Services with respect to options to increase the efficiency and cost-effectiveness of such investigations.

(c) Authorization.—There are authorized to be appropriated to carry out this paragraph, for the period of fiscal years 2010 through 2014, $5,000,000.

(b) Use of funds.—A grant awarded under subparagraph (A) shall be used for the purpose of designing and implementing complaint investigations systems that—

(i) promptly prioritize complaints in order to ensure a rapid response to the most serious and urgent complaints;

(ii) respond to complaints with optimum effectiveness and timeliness; and

(iii) optimize the collaboration between local authorities, consumers, and providers, including—

(I) such State agency;

(II) the State Long-Term Care Ombudsman;

(III) local law enforcement agencies;

(IV) advocacy and consumer organizations;

(V) State aging units;

(VI) Area Agencies on Aging; and

(VII) other appropriate entities.

(c) Authorization.—There are authorized to be appropriated to carry out this paragraph, for each of fiscal years 2011 through 2014, $5,000,000.

(3) Reporting of crimes in federally funded long-term care facilities

"SEC. 1150B. (a) Determination and notification.—

"(1) Determination.—The owner or operator of each long-term care facility that receives Federal funds under this Act shall annually determine whether the facility received at least $10,000 in such Federal funds during the preceding year.

"(2) Notification.—If the owner or operator determines under paragraph (1) that the facility received at least $10,000 in such Federal funds during the preceding year, such owner or operator shall annually notify each covered individual (as defined in paragraph (3)) of that individual's obligation to comply with the reporting requirements described in subsection (b).

"(3) Covered individual defined.—In this section, the term 'covered individual' means each individual who is an owner, operator, employee, manager, agent, or contractor of a long-term care facility that is the subject of a determination described in paragraph (1).

"(b) Requirements for notification.—

"(1) IN GENERAL.—Each covered individual shall report to the Secretary and 1 or more law enforcement entities for the political subdivision in which the facility is located or any reasonable suspicion of a crime (as defined by the law of the applicable political subdivision) against any individual who is a resident of, or is receiving care from, the facility.

"(2) TIMING.—If the events that cause the suspicion—

"(A) result in serious bodily injury, the individual shall report the suspicion immediately, but not later than 2 hours after forming the suspicion; and

"(B) do not result in serious bodily injury, the individual shall report the suspicion not later than 24 hours after forming the suspicion.

"(c) Penalties.—

"(1) IN GENERAL.—If a covered individual violates subsection (b),

"(A) the covered individual shall be subject to a civil money penalty of not more than $200,000; and

"(B) the Secretary may make a determination in the same proceeding to exclude the covered individual from participation in any Federal health care program (as defined in section 1128B(f)).

"(2) Increased harm.—If a covered individual violates subsection (b) and the violation exacerbates the harm to the victim of the crime or results in harm to another individual—

"(A) the covered individual shall be subject to a civil money penalty of not more than $300,000; and

"(B) the Secretary may make a determination in the same proceeding to exclude the covered individual from participation in any Federal health care program (as defined in section 1128B(f)).

"(3) Excluded individual.—During any period for which a covered individual is classified as an excluded individual under paragraph (1)(b) or (2)(b), a long-term care facility that employs such an individual shall be ineligible to receive Federal funds under this Act.

"(4) Extenuating circumstances.—

"(A) The Secretary may take into account the financial burden on providers with underserved populations in determining any penalty to be imposed under this subsection.

"(B) Underserved population defined.—In this paragraph, the term 'underserved population' means the population of an area designated by the Secretary as an area with a shortage of elder justice programs or a population group designated by the Secretary as having a shortage of such programs. Such areas or groups designated by the Secretary may include—

"(i) areas or groups that are geographically isolated (such as isolated in a rural area);

"(ii) racial and ethnic minority populations; and

"(iii) populations underserved because of special needs (such as language barriers, disabilities, alien status, or age).

"(d) Additional penalties for retaliation.—

"(1) IN GENERAL.—A long-term care facility may not—

"(A) discharge, demote, suspend, threaten, harass, or deny a promotion or other employment benefits to an employee, or take in any other manner discriminate against an employee in the terms and conditions of employment because of lawful acts done by the employee; or

"(B) file a complaint or a report against a nurse or other employee with the appropriate State professional discipline agency because of lawful acts done by the nurse or employee, for making a report, causing a report to be made, or for taking action in connection with making a report pursuant to subsection (b)(1).

"(2) Penalties for retaliation.—If a long-term care facility violates paragraph (A) or paragraph (B) of subsection (f) the facility shall be subject to a civil money penalty of not more than $200,000 or may classify the entity as an excluded entity for a period of 2 years pursuant to section 1128(b), or both.

"(3) Requirement to post notice.—Each long-term care facility shall post conspicuously in an appropriate location a sign (in a form specified by the Secretary) specifying that violation of these provisions applies to penalty or proceeding under section 1128A(a).

"(f) Definitions.—In this section, the terms 'elder justice', 'long-term care facility', and 'law enforcement' have the meanings given those terms in section 1121.

"(g) National nurse aide registry.

"(1) Definition of nurse aide.—In this subsection, the term 'nurse aide' has the meaning given that term in sections 1919(b)(5)(F) and 1919(b)(5)(F) of the Social Security Act (42 U.S.C. 1395i–3(b)(5)(F); 1396m(b)(5)(F)).

"(2) Study and report.—

"(A) In general.—The Secretary, in consultation with appropriate government agencies and private sector organizations, shall conduct a study on establishing a national nurse aide registry.

"(B) Examinations evaluated.—The study conducted under this subsection shall include an examination of—

"(i) who should be included in the registry;

"(ii) how such a registry would comply with Federal and State privacy laws and regulations;

"(iii) how data would be collected for the registry;

"(iv) what entities and individuals would have access to the data collected;

"(v) how the registry would provide appropriate information regarding violations of Federal and State laws by individuals included in the registry;

"(vi) whether the functions of a national nurse aide registry would be coordinated with the nationwide program for national and State background checks on direct patient access employees of long-term care facilities and providers under section 3001; and

"(vii) whether the information included in a national nurse aide registry developed and maintained under sections 1819(e)(2) and 1919(e)(2) of the Social Security Act (42 U.S.C. 1395i–3(e)(2); 1396m(e)(2)(C)) would be provided as part of a national nurse aide registry.

"(C) Considerations.—In conducting the study and preparing the report required under this subsection, the Secretary shall take into consideration the findings and conclusions of relevant reports and other relevant studies, including—

"(I) The Department of Health and Human Services Office of Inspector General Report,

(ii) The General Accounting Office (now known as the Government Accountability Office) reported by inserting “such subtitle” and inserting “such subtitle”; and

(b) in section 1128A(a)(1), by inserting “subsection (k)” before “title XX”.

Subtitle G—The Senate Regarding Medical Malpractice

SEC. 5501. SENSE OF THE SENATE REGARDING MEDICAL MALPRACTICE.

It is the sense of the Senate that—

(1) health care facilities have an opportunity to address issues related to medical malpractice and medical liability insurance; and

(2) states should be encouraged to develop and test alternative systems to the existing civil litigation system as a way of improving patient safety, reducing medical errors, encouraging the efficient resolution of disputes, improving the availability of prompt and fair resolution of disputes, and improving access to liability insurance, while preserving an individual’s right to seek redress in court; and

(3) Congress should consider establishing a State demonstration program to evaluate alternatives to the existing civil litigation system with respect to the resolution of medical malpractice claims.

TITLE VI—IMPROVING ACCESS TO INNOVATIVE MEDICAL THERAPIES

Subtitle A—Biologics Price Competition and Innovation Act

SEC. 6001. SHORT TITLE.

(a) IN GENERAL.—This subtitle may be cited as the “Biologics Price Competition and Innovation Act of 2009.”

(b) IN THE SENATE.—It is the sense of the Senate that a biosimilars pathway balancing innovation and consumer interests should be established.

SEC. 6002. APPROVAL PATHWAY FOR BIOSIMILAR BIOLOGICAL PRODUCTS.

(a) LICENSURE OF BIOLOGICAL PRODUCTS AS BIOSIMILAR OR INTERCHANGEABLE.—Section 351 of the Public Health Service Act (42 U.S.C. 262) is amended—

(1) in subsection (a)(1), by inserting “subsection (k)” after “(a)”;

(2) in subsection (k), by inserting “under this subsection or subsection (k)” after “biologic license”;

(3) in clause (i)(I), by striking “in the application” and inserting “in the application (or a supplement to an application) submitted under this subsection”;

(4) in clause (ii)(B), by striking “the reference product” and inserting “the biological product and the reference product”;

(5) in clause (iii), by striking “the reference product” and inserting “the biological product”;

(6) by striking “the reference product” and inserting “the biological product”;

(b) IN GENERAL.—An application (or a supplement to an application) submitted under this subsection may include in support of the application, including publicly-available information with respect to the reference product and another biological product.

(c) INTERCHANGEABILITY.—An application (or a supplement to an application) submitted under this subsection may include information demonstrating that the biological product meets the standards described in paragraph (4).

(d) EVALUATION BY SECRETARY.—Upon review of an application (or a supplement to an application) submitted under this subsection, the Secretary shall license the biological product under this subsection if—

(A) the Secretary determines that the information submitted in the application (or the supplement) is sufficient to show that the biological product—

(i) is biosimilar to the reference product; and

(ii) meets the standards described in paragraph (4), and therefore is interchangeable with the reference product; and

(B) a clinical study or studies (including a clinical study or studies (including any given patient); and

(ii) the applicant (or other appropriate person) consents to the inspection of the facility that is the subject of the application, in accordance with subsection (c).

(e) SAFETY STANDARDS FOR DETERMINING INTERCHANGEABILITY.—Upon review of an application submitted under this subsection or any supplement to such application, the Secretary shall determine whether the biological product is interchangeable with the reference product if the Secretary determines that the information submitted in the application (or a supplement to such application) is sufficient to show that—

(A) the biological product—

(i) is biosimilar to the reference product; and

(ii) can be expected to produce the same clinical result as the reference product in any given patient; and

(B) a biological product that is administered more than once to an individual, the risk in terms of safety or diminished efficacy of alternating or switching between use of the biological product and the reference product is not greater than the risk of using the reference product without such alternation or switch.

(f) GENERAL RULES.—

(A) ONE REFERENCE PRODUCT PER APPLICATION.—A biological product, in an application submitted under this subsection, may not be evaluated against more than 1 reference product.

(B) REVIEW.—An application submitted under this subsection shall be reviewed by
the division within the Food and Drug Administration that is responsible for the review and approval of the application under which the reference product is licensed.

(A) IN GENERAL.—The Secretary may, after opportunity for public comment, issue guidance in accordance, except as provided in subparagraph (B)(ii), with section 508(b)(1) of the Federal Food, Drug, and Cosmetic Act, with respect to the licensure of a biological product under this subsection. Any such guidance may be general or specific.

(B) PUBLIC CONSULTATION.—(i) In general.—The Secretary shall provide the public an opportunity to comment on any supplementary guidance submitted under this subsection.

(ii) Limitation on disclosure.—No person that receives confidential information pursuant to subparagraph (B)(ii) shall disclose any such information in any form to any person, entity, including the reference product sponsor employees, outside scientific consultants, or other outside counsel retained by the reference product sponsor, without the prior written consent of the subsection (k) applicant, which shall not be unreasonably withheld.

(E) USE OF CONFIDENTIAL INFORMATION.—In the event that the reference product sponsor files a patent infringement suit, the use of confidential information shall continue to be governed by the terms of this paragraph until such time as a court enters a protective order regarding the information. Upon entry of such order, the subsection (k) applicant may redesignate confidential information in accordance with the terms of this paragraph.
“(G) RULE OF CONSTRUCTION.—Nothing in this paragraph shall be construed—

“(i) as an admission by the subsection (k) applicant regarding the validity, enforceability, or infringement of any patent; or

“(ii) as an agreement or admission by the subsection (k) applicant with respect to the competency, relevance, or materiality of any confidential information.

“(H) EFFECT OF VIOLATION.—The disclosure of any confidential information in violation of this paragraph shall be deemed to cause the subsection (k) applicant to suffer irreparable harm for which there is no adequate legal remedy and the court shall consider immediate, temporary, or permanent injunctive and other equitable relief to be appropriate and necessary remedy for any violation or threatened violation of this paragraph.

“Subsection (k) application information.—Not later than 20 days after the Secretary notifies the subsection (k) applicant that the application has been accepted for review, the subsection (k) applicant—

“(A) shall provide to the reference product sponsor a copy of the application submitted to the Secretary under subsection (k), and such other information that describes the process or processes used to manufacture the biological product that is the subject of such application; and

“(B) may provide to the reference product sponsor additional information requested by or on behalf of the reference product sponsor.

“(G) LIST AND DESCRIPTION OF PATENTS.—

“(A) APPLICATION TO SECTION (k) SPONSOR.—Not later than 60 days after the receipt of the application and information under paragraph (2), the reference product sponsor shall provide to the subsection (k) applicant—

“(i) a list of patents for which the reference product sponsor believes a claim of patent infringement could reasonably be asserted by the reference product sponsor, or by a patent owner that has granted an exclusive license to the reference product sponsor with respect to the reference product, if a person not licensed by the reference product sponsor engaged in the making, using, offering to sell, selling, or importing into the United States of the biological product that is the subject of the subsection (k) application; and

“(ii) an identification of the patents on such list that the reference product sponsor would be prepared to license to the subsection (k) applicant.

“(B) LIST AND DESCRIPTION BY SUBSECTION (k) APPLICANT.—Not later than 60 days after receipt of the list under subparagraph (A), the subsection (k) applicant—

“(i) may provide to the reference product sponsor a list of patents to which the subsection (k) applicant believes a claim of patent infringement could reasonably be asserted by the reference product sponsor if a person not licensed by the reference product sponsor engaged in the making, using, offering to sell, selling, or importing into the United States of the biological product that is the subject of the subsection (k) application;

“(ii) shall provide to the reference product sponsor, with respect to each patent listed by the reference product sponsor under subparagraph (A) or listed by the subsection (k) applicant under subparagraph (i), a detailed statement that describes, on a claim by claim basis, the factual and legal basis of the opinion of the subsection (k) applicant that each such patent is invalid, unenforceable, or will not be infringed by the commercial marketing of the biological product that is the subject of the subsection (k) application.

“(D) A statement that the subsection (k) applicant does not intend to begin commercial marketing of the biological product before the date that such patent expires; and

“(E) shall provide to the reference product sponsor a response regarding each patent identified by the reference product sponsor under subparagraph (A).

“(C) DESCRIPTION BY REFERENCE PRODUCT SPONSOR.—Not later than 60 days after receipt of the list provided by the subsection (k) applicant under subparagraph (B), the reference product sponsor shall provide to the subsection (k) applicant a detailed statement that describes, with respect to each patent identified by the reference product sponsor under subparagraph (B)(i)(I), on a claim by claim basis, the factual and legal basis of the opinion of the reference product sponsor that each such patent will be infringed by the commercial marketing of the biological product that is the subject of the subsection (k) application and a response to the statement concerning validity and enforceability provided under subparagraph (B)(ii)(I).

“(4) PATENT RESOLUTION NEGOTIATIONS.—

“(A) IN GENERAL.—After receipt by the subsection (k) applicant of the statement under paragraph (3)(C), the reference product sponsor and the subsection (k) applicant shall engage in negotiations to agree on—

“(i) a list of patents for which the reference product sponsor believes a claim of patent infringement could reasonably be asserted by the reference product sponsor or the reference product sponsor shall be the subject of an action for patent infringement under paragraph (6).

“(B) FAILURE TO REACH AGREEMENT.—If, within 15 days of beginning negotiations under subparagraph (A), the subsection (k) applicant and the reference product sponsor fail to agree on a final and complete list of which, if any, patents listed under paragraph (3) by the subsection (k) applicant or the reference product sponsor shall be the subject of an action for patent infringement under paragraph (6).

“(5) PATENT RESOLUTION IF NO AGREEMENT.—

“(A) NUMBER OF PATENTS.—The subsection (k) applicant shall notify the reference product sponsor of the number of patents such subsection (k) applicant will provide to the reference product sponsor under paragraph (3)(C).

“(B) EXCHANGE OF PATENT LISTS.—

“(I) IN GENERAL.—On a date agreed to by the subsection (k) applicant and the reference product sponsor, no less than 5 days after the subsection (k) applicant notifies the reference product sponsor engaged in the making, using, offering to sell, selling, or importing into the United States of the biological product that is the subject of the subsection (k) application,

“(II) the list of patents that the subsection (k) applicant believes should be the subject of an action for patent infringement under paragraph (6); and

“(III) the list of patents, in accordance with clause (i), that the reference product sponsor believes should be the subject of an action for patent infringement under paragraph (6).

“(B) NOTICE OF COMMERCIAL MARKETING AND PRELIMINARY INJUNCTION.

“(A) NOTICE OF COMMERCIAL MARKETING.—The subsection (k) applicant shall provide notice to the reference product sponsor not later than 180 days before the date of the first commercial marketing of the biological product licensed under subsection (k).

“(B) PRELIMINARY INJUNCTION.—After receiving the notice under paragraph (A), and before such date of the first commercial marketing of such biological product, the reference product sponsor may seek a preliminary injunction prohibiting the subsection (k) applicant from engaging in the commercial manufacture or sale of such biological product until the court decides the issues of patent validity, enforcement, and infringement with respect to any patent that is—

“(i) included in the list provided by the reference product sponsor under paragraph (3)(A) or in the list provided by the subsection (k) applicant under paragraph (3)(B); and

“(ii) not included, as applicable, on—

“(i) the list of patents described in paragraph (4); or

“(ii) the lists of patents described in paragraphs (5)(B) and (6).

“(C) REASONABLE COOPERATION.—If the reference product sponsor has sought a preliminary injunction under paragraph (B), the reference product sponsor and the subsection (k) applicant shall reasonably cooperate to expedite such further discovery as is needed for patent infringement with respect to each such patent.

“(B) ACTION IF NO AGREEMENT ON PATENT LIST.—If the provisions of paragraph (5)(A) are not met before the date of the first commercial marketing of the biological product under paragraph (4)(B), not later than 30 days after the exchange of lists under paragraph (5)(B), the reference product sponsor shall bring an action for patent infringement with respect to each patent that is included on such lists.
in connection with the preliminary injunction motion.

‘‘(9) LIMITATION ON DECLARATORY JUDGMENT ACTION.—

‘‘(A) SUBSECTION (k) APPLICATION PRO-VIDED.—If a subsection (k) applicant provides the application and information required under paragraph (2)(A), neither the reference product sponsor, nor the subsection (k) applicant may, prior to the date notice is received under paragraph (8)(A), bring any action under section 351(k) of title 28, United States Code, for a declaration of infringement, validity, or enforceability of any patent that is described in clauses (i) and (ii) of paragraph (6)(B).

‘‘(B) SUBSEQUENT FAILURE TO ACT BY SUB-SECTION (k) APPLICANT.—If a subsection (k) applicant fails to complete an action required of the subsection (k) applicant under paragraph (3)(B)(i), paragraph (6), paragraph (6)(C)(i), paragraph (7), or paragraph (8)(A), the reference product sponsor, but not the subsection (k) applicant, may bring an action under section 2201 of title 28, United States Code, for a declaration of infringement, validity, or enforceability of any patent that is described in clauses (i) and (ii) of paragraph (6)(B).

‘‘(C) SUBSECTION (k) APPLICATION NOT PRO-VIDED.—If a subsection (k) applicant fails to provide the application and information required under paragraph (2)(A), the reference product sponsor, but not the subsection (k) applicant, may bring an action under section 2201 of title 28, United States Code, for a declar-ation of infringement, validity, or enforceability of any patent that claims the bio-logical product or a use of the biological product, or biological product’’; and

‘‘(i) ii) in subparagraph (C), by −

‘‘(ii) striking ‘‘or veterinary biological prod-uct’’ and inserting ‘‘, veterinary biological product, or biological product’’; and

‘‘(iii) inserting after subparagraph (C) the fol-lowing:

‘‘(D) the court shall order a permanent in-junction prohibiting any infringement of the patent by the biological product involved in the infringement until a date which is not earlier than the date of the expiration of the patent that would end under para-graph (2)(C), provided the patent is the sub-ject of a final court decision, as defined in section 351(k)(6) of the Public Health Service Act, in an action for infringement of the pat-ent under section 351(k)(6) of such Act, and the biological product has not yet been ap-proved because of section 351(k)(7) of such Act.’’; and

‘‘(2) in the matter following subparagraph (D) (as added by clause (iii)), by striking ‘‘(C), and (D)’’; and

‘‘(iii) by inserting after subparagraph (C) the fol-lowing:

‘‘(iii) by inserting after subparagraph (C) the fol-lowing:

‘‘(C) by adding at the end the following:

‘‘(3) L IMITATION.—Notwithstanding para-graph (3), provided the patent is the subject of a final court decision, as defined in section 351(k)(6) of the Public Health Service Act, in an action for infringement of the pat-ent under section 351(k)(6) of such Act, and the biological product has not yet been ap-proved because of section 351(k)(7) of such Act.’’; and

‘‘(iv) in the matter following subparagraph (D) (as added by clause (iii)), by striking ‘‘(C), and (D)’’; and

‘‘(ii) striking and inserting ‘‘, and (D)’’; and

‘‘(B) Subparagraph (B) applies, in lieu of para-graph (4), in the case of a patent—

‘‘(i) that is identified, as applicable, in the list of patents described in section 351(k)(4)(A) of the Public Health Service Act or the lists of patents described in section 351(k)(5)(B) of such Act with respect to a biological prod-uct; and

‘‘(ii) for which an action for infringement of the patent with respect to the biological product—

‘‘(i) was brought after the expiration of the 30-day period described in subparagraph (A) or (B), as applicable, of section 351(k)(6) of such Act; or

‘‘(A) such biological product is in a product class for which a biological product class is the subject of an application approved under such section 505 not later than the date of enactment of this Act, and

‘‘(B) the Secretary has notified the applicant of its obligation to submit a follow-on application before such application is submitted under section 505 and the date of enactment of this Act.

‘‘(3) L IMITATION.—Notwithstanding para-graph (2), an application for a biological product may not be submitted under section 356 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 356) if that biological product class is the subject of an application approved under subsection (a) of section 351 of the Public Health Service Act that could be a reference product with re-spect to such application (within the mean-ing of such section 351) if such application were submitted under subsection (k) of such section 351.

‘‘(4) P REVIOUSLY APPROVED UNDER SECTION 356.—An approved application for a biological product under section 356 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 356) may be deemed to be the bio-logical product under such section 351 on the date that is 10 years after the date of enact ment of this Act.

‘‘(b) DEFINITIONS.—Section 351(i) of the Pub-lic Health Service Act (42 U.S.C. 262(i)) is amended—

‘‘(i) In this section, the term ‘biological product’ means and including the following: ‘‘In this section:

‘‘(1) The term ‘biological product’ means;

‘‘(2) in paragraph (1), as so designated, by in-serting ‘‘protein (except any chemically syn-thesized polypeptide),’’ after ‘‘allergenic product’’; and

‘‘(3) paragraph (1) begins at the end the follow ing:

‘‘(2) The term ‘biological product’ has the same meaning as in section 351 of the Public Health Service Act (21 U.S.C. 351) if there is another biological product that is biosimilar to a reference product under section 351 of the Public Health Service Act; and

‘‘(4) the term ‘reference product’ means the biological product for which a patent that could be a reference product with respect to such application (within the meaning of such section 351) if such application were submitted under subsection (k) of such section 351.

‘‘(c) CONFORMING AMENDMENTS RELATING TO PATENT-REFERENCES.—Section 271(e) of title 35, United States Code, is amended—

‘‘(1) in paragraph (2)—

‘‘(i) by striking ‘‘or at the end, and

‘‘(ii) by inserting at the end, and

‘‘(i) with respect to a patent that is described in the list described in section 351(k)(3)(A) of the Public Health Serv-ice Act, including as provided under section 351(k)(7), of such Act, or

‘‘(3) L IMITATION.—Notwithstanding para-graph (2), an application for a biological product may not be submitted under section 356 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 356) if that biological product class is the subject of an application approved under such section 351 of the Public Health Service Act that could be a reference product with re-spect to such application (within the mean-ing of such section 351) if such application were submitted under subsection (k) of such section 351.

‘‘(4) P REVIOUSLY APPROVED UNDER SECTION 356.—An approved application for a biological product under section 356 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 356) may be deemed to be the bio-logical product under such section 351 on the date that is 10 years after the date of enact ment of this Act.

‘‘(a) DESCRIPTIONS.—For purposes of this sub-section, the term ‘biological product’ has the meaning given such term under section
351 of the Public Health Service Act (42 U.S.C. 262) (as amended by this Act).

(f) FOLLOW-ON BIOLOGICS USER FEES.—

(1) DEVELOPMENT OF USER FEES FOR BIO-
SIMILAR BIOLOGICAL PRODUCTS.—

(A) IN GENERAL.—Beginning not later than October 1, 2010, the Secretary shall develop recommendations to Congress with respect to the goals, and plans for meeting the goals, for the process for the review of biosimilar biological product applications submitted under section 351(k) of the Public Health Service Act (as added by this Act) for the first 5 fiscal years after fiscal year 2012. In developing such recommendations, the Secretary shall—

(i) the Committee on Health, Education, Labor, and Pensions of the Senate;

(ii) the Committee on Energy and Com-

merce of the House of Representatives;

(iii) scientific and academic experts;

(iv) health care professionals;

(v) representatives of patient and con-
sument organizations;

(vi) the regulated industry.

(B) PUBLIC REVIEW OF RECOMMENDATIONS.—

After negotiations with the regulated indus-

try, the Secretary shall—

(i) present the recommendations developed under subparagraph (A) to the congressional committees specified in such subparagraph;

(ii) publish such recommendations in the Federal Register;

(iii) provide for a period of 30 days for the public to provide written comments on such recommendations;

(iv) hold a meeting at which the public may present its views on such recommendations;

(v) after consideration of such public views and comments, revise such recommendations as necessary.

(C) TRANSMITTAL OF RECOMMENDATIONS.—

Not later than January 15, 2012, the Sec-

retary shall transmit to Congress the revised recommendations under subparagraph (B), a summary of the views and comments received under such subparagraph, and any changes made to the recommendations in response to such views and comments.

(2) ESTABLISHMENT OF USER FEE PROGRAM.—

It is the sense of the Senate that, based on the recommendations transmitted to Con-

gress pursuant to paragraph (1)(C), Congress should authorize a program, effective on October 1, 2012, for the collection of user fees relating to the submis-

sion of biological product applications under section 351(k) of the Public Health Service Act (as added by this Act).

(3) TRANSITIONAL PROVISIONS FOR USER FEES FOR APPLICATIONS OF BIOLOGICAL PRODUCTS.—

(A) APPLICATION OF THE PRESCRIPTION DRUG

USER FEE PROVISIONS.—Section 751(a)(B) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 379g(a)(1)(B)) is amended by striking “section 351” and inserting “subsection (a) or (k) of section 351”.

(B) EVALUATION OF COSTS OF REVIEWING BIO-

SIMILAR BIOLOGICAL PRODUCTS.—

During the period beginning on the date of enactment of this Act and ending on October 1, 2010, the Secretary shall collect and evaluate data regarding the costs of reviewing applications for biological products submitted under section 351(k) of the Public Health Service Act (as added by this Act) during such period.

(C) AUDIT.—

(I) IN GENERAL.—On the date that is 2 years after first receiving a user fee applicable to an application of a biological product under section 351(k) of the Public Health Service Act (as added by this Act), and on a biennial basis thereafter until October 1, 2013, the Secretary shall conduct an audit of the costs of reviewing such applications under such section 351(k). Such an audit shall compare—

(I) the costs of reviewing such applications under such section 351(k) to the amount of the user fee applicable to such applications; and

(II) (aa) such ratio determined under sub-

clause (I); to

(bb) the ratio of the costs of reviewing ap-

plications for biological products under sec-

tion 351(k) of this Act (as added by this Act) to the amount of the user fee applicable to such applications under such section 351(k).

(ii) ALTERATION OF USER FEE.—If the audit

performed under clause (I) indicates that the ratios compared under subclause (II) of such clause have not grown in percent, the Secretary shall alter the user fee applicable to applications submitted under such section 351(k) to more appropriately account for the costs of reviewing such applications.

(iii) ACCOUNTING STANDARDS.—The Sec-

retary shall perform an audit under clause (I) in conformance with the accounting prin-
ciples, standards, and requirements pre-

scribed by the Comptroller General of the United States under section 3511 of title 31, United State Code, to ensure the validity of any potential procedures.

(4) AUTHORIZATION OF APPROPRIATIONS.—

There is authorized to be appropriated to carry out this subsection such sums as may be necessary for each of fiscal years 2010 through 2012.

(5) PEDIATRIC STUDIES OF BIOLOGICAL PRO-

DUCTS.—

(I) IN GENERAL.—Section 351 of the Public

Health Service Act (42 U.S.C. 262) is amended by adding at the end the following:

"(m) PEDIATRIC STUDIES.—

(1) APPLICATION OF CERTAIN PROVISIONS.—

The provisions of subsections (a), (d), (e), (f), (g), (k), (l)(p), and (q) of section 505A of the Federal Food, Drug, and Cosmetic Act shall apply with respect to the extension of a period under paragraphs (2) and (3) to the same extent and in the same manner as such provisions apply with respect to the exten-

sion of a period under subsection (b) or (c) of section 506A of the Federal Food, Drug, and Cosmetic Act.

(2) MARKET EXCLUSIVITY FOR NEW BIOLOGI-

ICAL PRODUCTS.—If, prior to approval of an application that is submitted under subsection (a), the Secretary makes a determin-

ation relating to the use of a new biological product in the pediatric population may produce health benefits in that population, the Secretary shall request for pediatric studies (which shall include a time-

frame for completing such studies), the appli-

cant agrees to the request, such studies shall be completed using appropriate formula-

tions for each age group for which the study is requested within any such timeframe, and the reports thereof are submitted and ac-

cepted by the Secretary.

(B) ECONOMIC AND CLINICAL DETERMI-

NATION OF PRICE.—

A biological product that is designated under section 526 for a rare disease or condi-

tion, the period for such biological product referred to in section 527(a) is deemed to be 7 years and 6 months rather than 7 years and 12 years and 6 months rather than 12 years;

and

(ii) if the biological product is designated under section 526 for a rare disease or condi-

tion, the savings to the Federal Government as a result of the use of a licensed biological product in accordance with section 505A(d)(3) of the Fed-

eral Food, Drug, and Cosmetic Act—

(4) EXCEPTION.—The Secretary shall not

extend a period referred to in paragraph (2)(A), (2)(B), (3)(A), or (3)(B) if the deter-

mination under section 505A(d)(3) is made later than 9 months prior to the expiration of such period.

.(2) STUDIES REGARDING PEDIATRIC RE-

SEARCH.—

(A) PROGRAM FOR PEDIATRIC STUDY OF DRU-

GS.—Subsection (a)(1) of section 4091 of the Public Health Service Act (42 U.S.C. 262l) is amended by inserting “biological products,” after “including drugs”.

(B) INSTITUTE OF MEDICINE STUDY.—Section 506A(p) of the Federal Food, Drug, and Cos-

metic Act (21 U.S.C. 356ep) is amended by striking paragraphs (4) and (5) and inserting the following:

"(4) review and assess the number and im-

portance of biological products for children that are being tested as a result of the amendments made by the Biologics Price Competition and Innovation Act of 2009 and the importance for children, health care provi-

ders, parents, and others of labeling changes made as a result of such testing;

"(5) review and assess the number, impor-

tance, and prioritization of any biological products that are not being tested for pedi-

atric use; and

(6) offer recommendations for ensuring pediatric testing of biological products, in-

cluding consideration of any incentives, such as those provided under this section or sec-

tion 351(m) of the Public Health Service Act.

(h) ORPHAN PRODUCTS.—If a reference prod-

uct, as defined in section 351 of the Public

Health Service Act (42 U.S.C. 262) (as amended by this Act) has been designated under section 526 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360a) for the treat-

ment, cure, control, or amelioration of a disease or condition, a biological product seek-

ing approval for such disease or condition under subsection (k) of such section 351 as bio-

similar to, or interchangeable with, such reference product may be licensed by the Secretary only after the expiration for such reference product of the later of—

(1) the 7-year period described in section 527(a)(2)(I); and

(2) the 12-year period described in sub-

section (k)(7) of such section 351.

SEC. 6003. SAVINGS.

(a) DETERMINATION.—The Secretary of the Treasury, in consultation with the Secretary of Health and Human Services, shall for each fiscal year determine the amount of savings to the Federal Government as a result of the enactment of this subtitle.

(b) USE.—Notwithstanding any other provi-

sion of this subtitle (or an amendment made by this subtitle), the savings to the Federal Government generated by the enactment of this subtitle shall be used for deficit reduction.
(a) Expansion of Covered Entities Receiving Discounted Prices.—Section 340B(a)(3) of the Public Health Service Act (42 U.S.C. 256b(a)(3)) is amended by adding at the end the following:

"(M) An entity that is a critical access hospital (as defined by section 1922(c)(2)(C) of the Social Security Act), and that meets the requirements of subparagraph L(i)."

"(N) An entity that is a rural referral center, as defined by section 1861(d)(5)(C)(i) of the Social Security Act, or a sole community hospital, as defined by section 1886(d)(5)(C)(ii) of such Act, and that meets the requirements of subparagraph L(i) and has a disproportionate share adjustment percentage equal to or greater than 8 percent;"

(b) Extension of Discount to Inpatient Drugs.—Section 340B of the Public Health Service Act (42 U.S.C. 256b) is amended—

(1) in paragraphs (2), (5), (7), and (9) of subsection (a), by striking "outpatient" each place it appears; and

(2) in subsection (b)—

(A) by striking "Other Definition" and all that follows through "In this section" and inserting the following: "Other Definitions.—"

"(1) IN GENERAL. In this section;" and

(B) by adding at the end the following new paragraph:

"(2) Covered Drug.—In this section, the term 'covered drug' means a covered outpatient drug (as defined in section 1927(k)(2) of the Social Security Act); and "(B) includes, notwithstanding paragraph (3)(A) of such Act, a drug used in connection with an inpatient or outpatient service provided by a hospital described in subparagraph (L), (M), or (N) of section 1927(k)(2)(C) of the Social Security Act, notwithstanding any other provision of law.

SEC. 6102. Improvements to 340B Program Integrity.

(a) Integrity Improvements.—Subsection (d) of section 340B of the Public Health Service Act (42 U.S.C. 256b(a)) is amended to read as follows:

"(d) Improvements in Program Integrity.—"

"(1) Manufacturer Compliance.—"

"(A) In General.—From amounts appropriated under paragraph (4), the Secretary shall provide for improvements in compliance by manufacturers with the requirements of this section in order to prevent overcharges and other violations of the discount pricing requirements specified in this section.

"(B) Improvements.—The improvements described in subparagraph (A) shall include the following:

"(i) The development of a system to enable the Secretary to verify the accuracy of ceiling prices calculated by manufacturers under subsection (a)(4) for covered entities, which shall include the following:"

"(1) Developing and publishing through an appropriate policy or regulatory issuance, acceptable standards and methodology for the calculation of ceiling prices under such subsection.

"(II) Comparing regularly the ceiling prices calculated by the Secretary with the quarterly pricing data that is reported by manufacturers to the Secretary.

"(III) Performing spot checks of sales transactions by covered entities.

"(IV) Inquiring into the case of any pricing discrepancies that may be identified and either taking, or requiring manufacturers to take, such corrective action as is appropriate in response to such price discrepancies.

"(ii) The establishment of procedures for manufacturers to issue refunds to covered entities for overcharges, in appropriate circumstances, such as erroneous or intentional overpricing for covered drugs.

"(iii) The provision of access through the Internet website of the Department of Health and Human Services to the applicable ceiling prices for covered drugs as calculated by the Secretary in accordance with this section, in a manner (such as through the use of password protection) that limits such access to covered entities and adequately ensures the privacy and protection of privileged pricing data from unauthorized re-disclosure.

"(iv) The development of a mechanism by which—"
this section, including the processing of chargebacks for such drugs.

(‘‘V’’ The imposition of sanctions, in appropriate cases as determined by the Secretary, against a covered entity whose claims are subject under subsection (a)(5)(E), through one or more of the following actions:

(I) Where a covered entity knowingly and intentionally violates subsection (a)(5)(B), the covered entity shall be required to pay a monetary penalty to a manufacturer or manufac-
turer described in subsection (a)(5)(B) in an amount, determined by the Federal Reserve for the time period for which the covered entity is liable.

(II) Where the Secretary determines a violation of subsection (a)(5)(B) was systematic and egregious as well as knowing and in-
tentional, removing the covered entity from the drug discount program under this section and disqualifying the entity from re-entry into such program for a reasonable period of time to be determined by the Secretary.

(III) Referring matters to appropriate Federal authorities within the Food and Drug Administration or other agencies for Federal statutes, such as the Prescription Drug Marketing Act (21 U.S.C. 353).

(iv) require that a manufacturer conduct an audit of a covered entity pursuant to subsection (a)(5)(E), obtain and evaluate all covered entities' formation and documents from manufactur-
ers and third parties as may be relevant to demonstrate the merits of a claim that charges covered under the manufacturer's program for products that exceeded the applicable ceiling price under this section, and may submit such docu-
ments and information to the administrative officer or body responsible for adjudicating such claim;

(‘‘W’’ permit the official or body designated under clause (i), at the request of a manufac-
turer or manufacturers, to consolidate claims brought by more than one manufac-
turer covered under subsection (a)(5)(E) or any one claimant in the judgment of such official or body, con-
solidation is appropriate and consistent with the goals of fairness and economy of re-
sources;

(‘‘X’’ include provisions and procedures to permit multiple covered entities to jointly assert claims of overcharges by the same manufac-
turer against the same covered entity where, in the judgment of the official or body designated under this section as the ‘ceiling price’), and shall

(ii) EXCEPTIONS.—There are authorized to be appropriated to the program to further the program objec-
tives of this section, as follows:

SEC. 6103. GAO STUDY TO MAKE RECOMMENDA-
TIONS ON THE 340B PROGRAM.

(a) REPORT.—Not later than 18 months after the date of enactment of this Act, the Comptroller General of the United States shall submit to Congress a report that exam-
ines whether those individuals served by the covered entities under the program under section 340B of the Public Health Service Act (42 U.S.C. 256b(a)) are receiving optimal health care services.

(b) RECOMMENDATIONS.—The report under subsection (a) shall include recommenda-
tions on the following:

(1) Whether the 340B program should be ex-

(1) E STABLISHMENT.—The Secretary shall

(T) Referring matters to appropriate Federal authorities within the Food and Drug Administration or other agencies for for-
the Secretary) shall also be eligible for the increased payment rates under subclause (I).

(ii) SUBSEQUENT PERIODS.—Beginning with the fourth year in which the community health insurance option is offered and for subsequent years, the Secretary shall continue to use an administrative process to set such rates in order to promote payment accuracy, allocate benefits and costs to providers, and to promote affordability and the efficient delivery of medical care. Such rates shall not be set at levels expected to increase overall medical costs under the option beyond what would be expected if the process under subparagraph (A)(ii) and clause (i) of this subparagraph were continued.

(iii) ESTABLISHMENT OF A PROVIDER NETWORK.—Health care providers participating under Medicare are participating providers in the community health insurance option unless they opt out in a process established by the Secretary.

(C) ADMINISTRATIVE PROCESS FOR SETTING RATES.—Chapter 5 of title 5, United States Code shall apply to the process for the initial establishment of payment rates under this paragraph but not to the specific methodology for establishing such rates or the calculation of such rates.

(D) CONSTRUCTION.—Nothing in this subpart shall be construed to affect the Secretary’s authority to correct for payments that are excessive or deficient, taking into account the amounts paid for similar health care providers and services under the Exchange-participating qualified health plans.

(ii) as affecting the authority of the Secretary to establish payment rates, including payment to providers for the more efficient delivery of services.

(E) LIMITATION ON REVIEW.—There shall be no administrative or judicial review of a payment rate or methodology established under this paragraph.

SA 2839. Mr. SANDERS submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

Beginning on page 182, strike line 20 and all that follows through line 9 on page 188, and insert the following:

(b) ESTABLISHMENT OF COMMUNITY HEALTH INSURANCE OPTION.—

(1) ESTABLISHMENT.—The Secretary shall establish a community health insurance option to offer, through the Exchanges established in this title, health care coverage that provides value, choice, competition, and stability of affordable, high quality coverage throughout the United States.

(2) COMMUNITY HEALTH INSURANCE OPTION.—In this section, the term ‘community health insurance option’ means health insurance coverage that—

(A) except as specifically provided for in this section, complies with the requirements for being a qualified health plan;

(B) provides high value for the premium rate charged.

(C) reduces administrative costs and promotes administrative simplification for beneficiaries;

(D) provides high quality clinical care;

(E) provides high quality customer service to beneficiaries;

(F) offers a sufficient choice of providers; and

(G) complies with State laws (if any), except as otherwise provided for in this title, relating to the laws described in section 1324(b).

(3) ESSENTIAL HEALTH BENEFITS.—

(A) GENERAL RULE.—Except as provided in subparagraph (B), a community health insurance option offered under this section shall provide coverage for the essential health benefits described in section 1302(b).

(B) ADDITIONAL BENEFITS.—Nothing in this section shall preclude a State from requiring that benefits in addition to the essential health benefits required under subparagraph (A) be provided to enrollees of a community health insurance option offered in such State.

(C) CReditS.—

(i) IN GENERAL.—An individual enrolled in a community health insurance option under this section shall be eligible for credits under section 36B of the Internal Revenue Code of 1986 in the same manner as an individual who is enrolled in a qualified health plan.

(ii) NO ADDITIONAL FEDERAL COST.—A requirement by a State under subparagraph (B) that benefits in addition to the essential health benefits required under subparagraph (A) be provided to enrollees of a community health insurance option offered in such State shall not affect the amount of a premium tax credit provided under section 36B of the Internal Revenue Code of 1986 with respect to such plan.

(iii) STATE MUST ASSUME COST.—A State shall make payments to or on behalf of an eligible individual to defray the cost of any additional benefits described in subparagraph (B).

(iv) ENSURING ACCESS TO ALL SERVICES.—Nothing in this Act shall prohibit an individual enrolled in a community health insurance option from paying out-of-pocket the full cost of any item or service not included as an essential health benefit or otherwise covered as a benefit by a health plan. Nothing in subparagraph (A) shall prohibit any type of medical provider from accepting an out-of-pocket payment from an individual enrolled in a community health insurance option for a service that is not included as an essential health benefit.

(v) PROTECTING ACCESS TO END OF LIFE CARE.—A community health insurance option offered under this Act shall not prohibit from limiting access to end of life care.

(vi) COST SHARING.—A community health insurance option under Medicare shall be at rates negotiated by the Secretary.

(vii) APPLICABLE RULES.—The provisions of title XXVII of the Public Health Service Act relating to premiums shall apply to community health insurance options under this section, including modified community rating provisions under section 2701 of such title, and qualified health plans.

(viii) COLLECTION OF DATA.—The Secretary shall collect data as necessary to set premim rates under subparagraph (A).

(D) NATURAL PROGRESSION—Notwithstanding any other provision of law, the Secretary may treat all enrollees in community health insurance options as members of a single pool.

(E) CONTINGENCY MARGIN.—In establishing premium rates under subparagraph (A), the Secretary shall include an appropriate amount for a contingency margin.

(6) REIMBURSEMENT RATES.—

(A) RATES ESTABLISHED BY SECRETARY.—The Secretary shall establish payment rates for the community health insurance option for services and health care providers consistent with this section and may adjust such payment rates as the Secretary deems necessary to meet the requirements of this section.

(B) PAYMENT RATES.—Beginning with the fourth year in which the community health insurance option is offered, and for subsequent years, the Secretary shall base the payment rates under this section for services and providers described in subparagraph (A) on the payment rates for similar services and providers under parts A and B of Medicare under title XVIII of the Social Security Act.

(II) EXCEPTIONS.—

(aa) PAYMENT RATES FOR PRACTITIONERS SERVICES.—Payment rates for practitioners services otherwise established under the fee schedule under section 1395f of the Social Security Act shall be applied without regard to the provisions under subsection (f) of such section and the update under subsection (d) under such section applicable under this subparagraph shall be less than 1 percent.

(bb) ADJUSTMENTS.—The Secretary may determine the extent to which Medicare adjustments applicable to base payment rates under parts A and B of Medicare shall apply under this section.

(iii) FOR NEW SERVICES.—The Secretary shall modify payment rates described in clause (i) in order to accommodate payments for services, such as well-child visits, that are not otherwise covered under Medicare.

(iv) PRESCRIPTION DRUGS.—Payment rates under this paragraph for prescription drugs that are not paid for under part A or part B of Medicare shall be at rates negotiated by the Secretary.

(B) INCENTIVES FOR PARTICIPATING PROVIDERS.—

(i) INITIAL INCENTIVE PERIOD.—

(I) IN GENERAL.—The Secretary shall provide, in the case of services described in subclause (II) furnished during the first 3 years in which a community health insurance option is offered, for payment rates that are 5 percent greater than the rates established under subparagraph (A).

(II) SERVICES DESCRIBED.—The services described in this subpart are as described in professional services, under the community health insurance option by a physician or other health care practitioner who participates in both Medicare, and the community health insurance option.

(III) SPECIAL RULES.—A pediatrician and any other health care practitioner who is a practitioner of practitioner that does not typically participate in Medicare (as determined by the Secretary) shall also be eligible for the increased payment rates under subclause (I).

(ii) COMMUNITY HEALTH INSURANCE OPTION.—The Secretary shall have the authority under this subpart to establish an administrative process to set such rates in order to promote payment accuracy, to ensure adequate beneficiary access to providers, and to promote affordability and the efficient delivery of medical care. Such rates shall not be set at levels expected to increase overall medical costs under the option beyond what would be expected if the process under subparagraph (A)(ii) and clause (i) of this subparagraph were continued.
SA 2840. Mr. SANDERS submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

Beginning on page 187, strike line 17 and all that follows through line 8 on page 188, and insert the following:

(6) REIMBURSEMENT RATES.—

(A) RATES ESTABLISHED BY SECRETARY.—

(i) IN GENERAL.—The Secretary shall establish payment rates for the community health insurance option for services and health care services provided in this section and may change such payment rates.

(ii) INITIAL PAYMENT RATES.—

(I) IN GENERAL.—Except as provided in subparagraph (C)(i), the rates established by the Secretary under clause (i) of subparagraph (A) shall apply to the first year in which the community health insurance option is offered, and, for subsequent years, the rates shall be determined by the Secretary to promote the efficiency of the delivery of services for such services.

(B) ADMINISTRATIVE DETERMINATIONS.—

(i) IN GENERAL.—The Secretary shall establish payment rates for the community health insurance option for services provided in this section and may change such payment rates.

(ii) INITIAL PAYMENT RATES.—

(I) IN GENERAL.—The Secretary shall establish payment rates for the community health insurance option for services provided in this section and may change such payment rates.

(ii) EXCEPTIONS.—

(aa) PAYMENT RATES FOR PRACTITIONERS SERVICES.—Payment rates for practitioners services shall be established under the fee schedule under section 1848 of the Social Security Act and shall be applied without regard to the provisions under subsection (f) of such section and the update under subsection (d)(4) under such section for a year as applied under this subparagraph shall be not less than 1 percent greater than the rates established under subparagraph (A).

(bb) ADJUSTMENTS.—The Secretary may determine the extent to which Medicare adjustments applicable to base payment rates under part B of title XVIII of the Social Security Act shall be applied without regard to the schedule under section 1848 of the Social Security Act.

(ii) FOR NEW SERVICES.—The Secretary shall modify payment rates described in clause (i) in order to accommodate payments for services, such as well-child visits, that are not otherwise covered under Medicare.

(iv) PRESCRIPTION DRUGS.—Payment rates under this subparagraph for prescription drugs that are not paid for under part A or part B of Medicare shall be at rates negotiated by the Secretary.

(7) REIMBURSEMENT RATES.—

(A) IN GENERAL.—The Secretary shall establish payment rates, including payment rates for the more efficient delivery of services.

(B) LIMITATION ON REVIEW.—There shall be no administrative or judicial review of a payment rate or methodology established under this paragraph.

SA 2841. Mr. SANDERS submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

Beginning on page 187, strike line 17 and all that follows through line 8 on page 188, and insert the following:

(6) REIMBURSEMENT RATES.—

(A) RATES ESTABLISHED BY SECRETARY.—

(i) IN GENERAL.—The Secretary shall establish payment rates for the community health insurance option for services and health care services provided in this section and may change such payment rates.

(ii) INITIAL PAYMENT RATES.—

(I) IN GENERAL.—Except as provided in subparagraph (C)(i), the rates established by the Secretary under clause (i) of subparagraph (A) shall apply to the first year in which the community health insurance option is offered, and, for subsequent years, the Secretary shall continue to use an administrative process to set such rates in order to promote payment accuracy, to ensure adequate beneficiary access to providers, and to promote affordability and the efficient delivery of medical care. Such rates shall not be set at levels expected to result in higher medical costs under the option beyond what would be expected if the process under subparagraph (A)(ii) and clause (i) of this subparagraph were continued.

(ii) ESTABLISHMENT OF A PROVIDER NETWORK.—Health care providers participating under Medicare are participating providers in the community health insurance option unless they opt out in a process established by the Secretary.

(C) ADMINISTRATIVE PROCESS FOR SETTING RATES.—The Administrator of the Office of the Secretary shall apply to the process for the initial establishment of payment rates under this paragraph but not to the specific methodology for establishing such rates or the calculation of such rates.

(D) CONSTRUCTION.—Nothing in this section shall be construed—

(i) as limiting the Secretary’s authority to correct for payments that are excessive or deficient, taking into account the amounts paid for similar health care providers and services under other Exchange-participating qualified health plans.

(ii) as affecting the authority of the Secretary to establish payment rates, including payment rates for the more efficient delivery of services.

(E) LIMITATION ON REVIEW.—There shall be no administrative or judicial review of a payment rate or methodology established under this paragraph.

SA 2842. Mr. SANDERS submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

On page 249, strike lines 3 through 12, and insert the following:

(ii) COVERAGE MUST PROVIDE MINIMUM VALUE AND ESSENTIAL BENEFITS.—Except as provided in clause (iii), an employer shall not be treated as eligible for minimum essential coverage if such coverage consists of an eligible employer-sponsored plan (as defined in section 5000A(c)(2)) and—

(I) the plan’s share of the total allowed costs of benefits provided under the plan is less than 60 percent of such costs, or

(ii) the plan does not provide coverage for at least the essential health benefits required to be provided by a qualified health plan under section 1302(b) of the Patient Protection and Affordable Care Act.

SA 2843. Mr. SANDERS submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

On page 268, after line 19, insert the following:

SEC. 1403. EMPLOYEES ELIGIBLE FOR CREDIT AND REDUCTIONS IF EMPLOYERS PLAN DOESN’T COVER ESSENTIAL HEALTH BENEFITS.

(a) IN GENERAL.—Section 36B(c)(2)(C)(i) of the Internal Revenue Code of 1986, as added by section 1401, is amended to read as follows:

(II) the plan does not provide coverage for at least the essential health benefits required to be provided by a qualified health plan under section 1302(b) of the Patient Protection and Affordable Care Act.”.

(b) SURCHARGE ON HIGH INCOME INDIVIDUALS.—

In subsection A of chapter 1 of the Internal Revenue Code of 1986 is amended by adding at the end the following new part:

“PART VIII—SURCHARGE ON HIGH INCOME INDIVIDUALS

“Sec. 59B. Surcharge on high income individuals.

“Sec. 59B. Surcharge on high income individuals.”
SA 2844. Mr. SANDERS (for himself and Mr. BROWN) submitted an amendment to the table; as follows:

```
PART VIII—SURCHARGE ON HIGH INCOME INDIVIDUALS

Sec. 59B. Surcharge on high income individuals.

Sec. 59B. SURCHARGE ON HIGH INCOME INDIVIDUALS.

(a) General Rule.—In the case of a taxpayer other than a corporation, there is imposed a tax equal to 0.9 percent of so much of the modified adjusted gross income of the taxpayer as exceeds $1,000,000.

(b) Taxpayers Not Making a Joint Return.—In the case of any taxpayer other than a taxpayer making a joint return under section 6013 or a surviving spouse (as defined in section 2(a)), subsection (a) shall be applied by substituting '$500,000' for '$1,000,000'.

(c) Modified Adjusted Gross Income.—For purposes of this section, the term 'modified adjusted gross income' means adjusted gross income reduced by any deduction (not taken into account in determining adjusted gross income) allowed for investment interest (as defined in section 163(d)). In the case of a estate or trust, adjusted gross income shall be determined as provided in section 67(e).

(d) Special Rules.—

1. Nonresident Alien.—In the case of a nonresident alien individual, only amounts taken into account in connection with the tax imposed under section 871(b) shall be taken into account under this section.

2. Citizens and Residents Living Abroad.—The dollar amount in effect under subsection (a) (after the application of subsection (b)) shall be decreased by the excess of—

(A) the amounts excluded from the taxpayer's gross income under section 911(d)(6) with respect to the amounts described in subparagraph (A).

(B) the amounts of any deductions or exclusions disallowed under section 911(d)(6) with respect to the amounts described in subparagraph (A).

3. Charitable Trusts.—Subsection (a) shall not apply to a trust all the unexpired interests in which are devoted to one or more of the purposes described in section 170(c)(2)(B).

4. Not Treated as Tax Imposed by This Chapter for Certain Purposes.—The tax imposed under this section shall not be treated as imposed by this chapter for purposes of determining the amount of any credit under this chapter or for purposes of section 55.

5. Clerical Amendment.—The table of parts for subchapter A of chapter 1 of the Internal Revenue Code of 1986 is amended by adding at the end the following new item:

PART VIII—SURCHARGE ON HIGH INCOME INDIVIDUALS.

SEC. 59B. Surcharge on high income individuals.

SA 2846. Mr. SANDERS (for himself and Mr. WYDEN) submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

Strike part of page 219, lines 12 through 20, and insert:

(1) Term of Waiver.—In general.—No waiver under this section may extend over a period of longer than 5 years unless the State requests continuation of such waiver and such request is granted by the Secretary under paragraph (2).

(2) Approval of Request.—A request under paragraph (1) shall be approved if the Secretary determines upon request that the State plan met such requirements.

The Secretary shall consider any information provided under paragraph (C) and reconsider its determination under subparagraph (A). The Secretary shall grant the request if the Secretary determines upon request that the State plan met such requirements.

SA 2846. Mr. SANDERS (for himself and Mr. WYDEN) submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

Strike part of page 219, lines 12 through 20, and insert:

(1) Term of Waiver.—In general.—No waiver under this section may extend over a period of longer than 5 years unless the State requests continuation of such waiver and such request is granted by the Secretary under paragraph (2).

(2) Approval of Request.—A request under paragraph (1) shall be approved if the Secretary determines upon request that the State plan met such requirements.

The Secretary shall consider any information provided under paragraph (C) and reconsider its determination under subparagraph (A). The Secretary shall grant the request if the Secretary determines upon request that the State plan met such requirements.

SA 2846. Mr. SANDERS (for himself and Mr. WYDEN) submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

Strike part of page 219, lines 12 through 20, and insert:

(1) Term of Waiver.—In general.—No waiver under this section may extend over a period of longer than 5 years unless the State requests continuation of such waiver and such request is granted by the Secretary under paragraph (2).

(2) Approval of Request.—A request under paragraph (1) shall be approved if the Secretary determines upon request that the State plan met such requirements.

The Secretary shall consider any information provided under paragraph (C) and reconsider its determination under subparagraph (A). The Secretary shall grant the request if the Secretary determines upon request that the State plan met such requirements.

SA 2846. Mr. SANDERS (for himself and Mr. WYDEN) submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

Strike part of page 219, lines 12 through 20, and insert:

(1) Term of Waiver.—In general.—No waiver under this section may extend over a period of longer than 5 years unless the State requests continuation of such waiver and such request is granted by the Secretary under paragraph (2).

(2) Approval of Request.—A request under paragraph (1) shall be approved if the Secretary determines upon request that the State plan met such requirements.

The Secretary shall consider any information provided under paragraph (C) and reconsider its determination under subparagraph (A). The Secretary shall grant the request if the Secretary determines upon request that the State plan met such requirements.

SA 2846. Mr. SANDERS (for himself and Mr. WYDEN) submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

Strike part of page 219, lines 12 through 20, and insert:

(1) Term of Waiver.—In general.—No waiver under this section may extend over a period of longer than 5 years unless the State requests continuation of such waiver and such request is granted by the Secretary under paragraph (2).

(2) Approval of Request.—A request under paragraph (1) shall be approved if the Secretary determines upon request that the State plan met such requirements.

The Secretary shall consider any information provided under paragraph (C) and reconsider its determination under subparagraph (A). The Secretary shall grant the request if the Secretary determines upon request that the State plan met such requirements.

SA 2846. Mr. SANDERS (for himself and Mr. WYDEN) submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

Strike part of page 219, lines 12 through 20, and insert:

(1) Term of Waiver.—In general.—No waiver under this section may extend over a period of longer than 5 years unless the State requests continuation of such waiver and such request is granted by the Secretary under paragraph (2).

(2) Approval of Request.—A request under paragraph (1) shall be approved if the Secretary determines upon request that the State plan met such requirements.

The Secretary shall consider any information provided under paragraph (C) and reconsider its determination under subparagraph (A). The Secretary shall grant the request if the Secretary determines upon request that the State plan met such requirements.
(C) provide an assurance that the State has enacted the law described in subsection (b)(2).

(2) REQUIREMENTS.—The requirements described in this paragraph with respect to health insurance coverage within the State for plan years beginning on or after January 1, 2014, are as follows:

(A) determination during the first 2 calendar years of the plan; and

(B) Part II of subtitle D.

(C) Section 1402.

(3) PASS THROUGH OF FUNDING.—With respect to a State waiver under paragraph (1), which, due to the structure of the State plan and small employers in the State would not qualify for the premium tax credits, cost-sharing reductions, or small business credits under sections 36B of the Internal Revenue Code of 1986 or under part I of subtitle E for which they would otherwise be eligible, the Secretary shall provide for an alternative means by which the aggregate amount of such credits or reductions that would have been paid on behalf of participants in the Exchanges established under this title had the State not received such a meaningful level of public input and purposes of implementing the State plan under the waiver. Such amount shall be determined annually by the Secretary, taking into account the experiences of other States with respect to participation in an Exchange and credits and reductions provided to the Exchanges and to residents of the other States, except that the Secretary shall determine such amount on the basis of reasonable estimates until such time as data regarding the experiences of other States become available and if such estimates are determined to be incorrect on the basis of such data, the Secretary shall adjust subsequent payments to correct errors in earlier payments that were based on such estimates.

(4) WAIVER CONSIDERATION AND TRANSPARENCY.—

(A) IN GENERAL.—An application for a waiver under this section shall be considered by the Secretary in accordance with the regulations described in subparagraph (B).

(B) REGULATIONS.—Not later than 180 days after the date of enactment of this Act, the Secretary shall promulgate regulations relating to waivers under this section that provide—

(i) a process for public notice and comment at the State level, including public hearings, sufficient to ensure a meaningful level of public input;

(ii) a process for the submission of an application that ensures the disclosure of—

(I) the provisions of law that the State involved seeks to waive; and

(II) the specific plans of the State to ensure that the waiver will be in compliance with such subsection;

(iii) a process for providing public notice and comment after the application is received by the Secretary, that is sufficient to ensure an adequate level of public input that does not impose requirements that are in addition to, or duplicative of, requirements imposed under the Administrative Procedures Act, or requirements that are excessive, burdensome, or unnecessarily burdensome with respect to State compliance;

(iv) a process for providing written notification to the Secretary of periodic reports by the State concerning the implementation of the program under the waiver; and

(v) a process for the periodic evaluation by the Secretary of the program under the waiver.

(C) REPORT.—The Secretary shall annually report to Congress on waiving actions taken by the Secretary with respect to applications for waivers under this section.

(5) COORDINATED WAIVER PROCESS.—The Secretary shall develop a process for coordinating and consolidating the State waiver processes applicable under the provisions of this title and any other Federal law applicable to the provisions described in subparagraph (A) through (C) of paragraph (2); and

(B) the Treasury with respect to waiving authorities described in paragraph (2)(D).

(6) GRANTING OF WAIVERS.—

(A) IN GENERAL.—The Secretary may grant a request for a waiver under subsection (a)(1) only if the Secretary determines that the State—

(i) will provide coverage that is at least as comprehensive as the coverage defined in section 1392(b) and offered through Exchanges in the State under the State plan, as certified by the Actuarial Center of the Centers for Medicare & Medicaid Services based on sufficient data from the State and from comparable experience with programs created by this Act and the provisions of this Act that would be waived;

(ii) will provide coverage and cost-sharing reductions against excessive out-of-pocket spending that are at least as affordable as the provisions of this title would provide;

(iii) will not result in a comparable number of its residents as the provisions of this title would provide; and

(iv) will not increase the Federal deficit.

(B) REQUIREMENT TO ENACT A LAW.

(A) IN GENERAL.—A law described in this paragraph is a State law that provides for State actions under a waiver under this section, including the implementation of the State plan under subsection (a)(1).

(B) TERMINATION OF OPT OUT.—A State may repeal a law described in subparagraph (A) and terminate the authority provided under the waiver with respect to the State.

(c) SCOPE OF WAIVER.—

(1) IN GENERAL.—The Secretary shall determine the scope of a waiver in accordance with subsection (a)(2) granted to a State under subsection (a).

(2) LIMITATION.—The Secretary may not waive under this section any Federal law or requirement that is within the authority of the Secretary.

(d) DETERMINATIONS BY SECRETARY.—

(1) TIME FOR DETERMINATION.—The Secretary shall make a determination under subsection (a)(1) not later than 180 days after the receipt of an application from a State under such subsection.

(2) EFFECT OF DETERMINATION.—

(A) GRANTING OF WAIVERS.—If the Secretary determines to grant a waiver under subsection (a)(1), the Secretary shall notify the State involved of such determination and the terms and effectiveness of such waiver.

(B) DENIAL OF WAIVER.—If the Secretary determines a waiver should not be granted under subsection (a)(1), the Secretary shall notify the State involved of such determination and the appropriate committees of Congress of such determination and the reasons therefor.

(e) TERM OF WAIVER.—

(1) IN GENERAL.—No waiver under this section shall be in effect for any period of more than 5 years unless the State requests continuation of such waiver and such request is granted by the Secretary under paragraph (2).

(2) APPROVAL OF REQUEST.—A request under paragraph (1) shall be granted unless the Secretary, within 90 days after the date of its submission to the Secretary, either denies such request in writing or informs the State in writing with respect to the request. The Secretary may deny such a request only if the Secretary—

(A) determines that the plan under the waiver to be continued did not meet the requirements under subsection (b); or

(B) notifies the State in writing of the requirements under subsection (b) that the State plan did not meet and provides to the State the information used by the Secretary in making such determination.

The Secretary shall consider any information provided under subparagraph (A) and reconsider its determination under subparagraph (A). The Secretary shall grant the request if the Secretary determines upon reconsideration that the State plan met such requirements.

SA 2847. Mr. SANDERS (for himself and Mr. WYDEN) submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

On page 212, line 18, strike “2017” and insert “2014”.

SA 2848. Mr. SANDERS (for himself and Mr. WYDEN) submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

On page 214, line 12, insert “,” except that the Secretary shall determine such amount on the basis of reasonable estimates until such time as data regarding the experiences of other States become available and if such estimates are determined to be incorrect on the basis of such data, the Secretary shall adjust subsequent payments to correct errors in earlier payments that were based on such estimates” after “States”.

SA 2849. Mr. SANDERS (for himself and Mr. WYDEN) submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

On page 219, strike lines 12 through 20, and insert:
(e) TERM OF WAIVER.—

(1) IN GENERAL.—No waiver under this section may extend over a period of longer than 5 years unless the State requests continuation and such extension is granted by the Secretary under paragraph (2).

(2) APPROVAL OF REQUEST.—A request under paragraph (1) shall be deemed granted unless the Secretary, within 90 days after the date of its submission to the Secretary, either denies such request in writing or informs the State in writing with respect to any additional information which is needed in order to make a final determination with respect to the request. The Secretary may deny only if the Secretary—

(A) determines that the State plan under the waiver to be continued did not meet the requirements under subsection (b);

(B) states in its writing of the requirements under subsection (b) that the State plan did not meet and provides to the State the information used by the Secretary in making that determination; and

(C) provides the State with an opportunity to appeal such determination and provide information as to how such requirements were met.

The Secretary shall consider any information provided under subparagraph (C) and reconsider its determination under subparagraph (A). The Secretary shall grant the request if the Secretary determines upon reconsideration that the State plan met such requirements.

SA 2850. Mr. SANDERS submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

At the end of title I, add the following:

SEC. 2. REVISED EFFECTIVE DATES.

(a) In General.—Notwithstanding any provision of this Act (or an amendment made by any provision of this Act or an amendment made by any provision of such Act) to the contrary, the amendments made by this section shall be deemed to take effect as of the date of enactment of such Act.

(b) In General.—Subchapter A of chapter 1 of the Internal Revenue Code of 1986 is amended by adding at the end the following new part:

"PART VIII—SURCHARGE ON HIGH INCOME INDIVIDUALS."

"Sec. 59B. Surcharge on high income individuals.

"SEC. 59B. SURCHARGE ON HIGH INCOME INDIVIDUALS."

"(a) GENERAL RULE.—In the case of a taxpayer other than a corporation, there is hereby imposed in addition to any other tax imposed by this title a surcharge equal to 5 percent of so much of the modified adjusted gross income of the taxpayer as exceeds $1,000,000.

"(b) TAXPAYERS NOT MAKING A JOINT RETURN.—In the case of any taxpayer other than a taxpayer making a joint return under section 6013 or a surviving spouse (as defined in section 2(a)), subsection (a) shall be applied by substituting "$500,000" for "$1,000,000.

"(c) MODIFIED ADJUSTED GROSS INCOME.—For purposes of this section, the term 'modified adjusted gross income' means adjusted gross income reduced by any deduction (not taken into account in determining adjusted gross income) allowed for investment interest (as defined in section 163(d)), in the case of an estate or trust, adjusted gross income shall be determined as provided in section 67(e).

"(d) SPECIAL RULES.—

"(1) NONRESIDENT ALIEN.—In the case of a nonresident alien individual, only amounts taken into account in connection with the tax imposed by subsection (a) shall be taken into account under this section.

"(2) CITIZENS AND RESIDENTS LIVING ABROAD.—The dollar amount in effect under section 163(d) shall be determined as provided in section 170(c)(2)(B).

"(3) CHARITABLE TRUSTS.—Subsection (a) shall not apply to a trust all the unexpired purposes; which was ordered to lie on the table; as follows:

"PART VIII. SURCHARGE ON HIGH INCOME INDIVIDUALS."

"(a) GENERAL RULE.—In the case of a taxpayer other than a corporation, there is hereby imposed upon the united States a surcharge to be imposed in addition to any other tax imposed by this title upon the United States.

"(b) TAXPAYERS NOT MAKING A JOINT RETURN.—In the case of any taxpayer other than a taxpayer making a joint return under section 6013 or a surviving spouse (as defined in section 2(a)), subsection (a) shall be applied by substituting "$500,000" for "$1,000,000.

"(c) MODIFIED ADJUSTED GROSS INCOME.—For purposes of this section, the term 'modified adjusted gross income' means adjusted gross income reduced by any deduction (not taken into account in determining adjusted gross income) allowed for investment interest (as defined in section 163(d)), in the case of an estate or trust, adjusted gross income shall be determined as provided in section 67(e).

"(d) SPECIAL RULES.—

"(1) NONRESIDENT ALIEN.—In the case of a nonresident alien individual, only amounts taken into account in connection with the tax imposed by subsection (a) shall be taken into account under this section.

"(2) CITIZENS AND RESIDENTS LIVING ABROAD.—The dollar amount in effect under section 163(d) shall be determined as provided in section 170(c)(2)(B).

"(3) CHARITABLE TRUSTS.—Subsection (a) shall not apply to a trust all the unexpired purposes; which was ordered to lie on the table; as follows:

"PART VIII. SURCHARGE ON HIGH INCOME INDIVIDUALS."

"(a) GENERAL RULE.—In the case of a taxpayer other than a corporation, there is hereby imposed in addition to any other tax imposed by this title a surcharge equal to 5 percent of so much of the modified adjusted gross income of the taxpayer as exceeds $1,000,000.

"(b) TAXPAYERS NOT MAKING A JOINT RETURN.—In the case of any taxpayer other than a taxpayer making a joint return under section 6013 or a surviving spouse (as defined in section 2(a)), subsection (a) shall be applied by substituting "$500,000" for "$1,000,000.

"(c) MODIFIED ADJUSTED GROSS INCOME.—For purposes of this section, the term 'modified adjusted gross income' means adjusted gross income reduced by any deduction (not taken into account in determining adjusted gross income) allowed for investment interest (as defined in section 163(d)), in the case of an estate or trust, adjusted gross income shall be determined as provided in section 67(e).

"(d) SPECIAL RULES.—

"(1) NONRESIDENT ALIEN.—In the case of a nonresident alien individual, only amounts taken into account in connection with the tax imposed by subsection (a) shall be taken into account under this section.

"(2) CITIZENS AND RESIDENTS LIVING ABROAD.—The dollar amount in effect under section 163(d) shall be determined as provided in section 170(c)(2)(B).

"(3) CHARITABLE TRUSTS.—Subsection (a) shall not apply to a trust all the unexpired purposes; which was ordered to lie on the table; as follows:

"PART VIII. SURCHARGE ON HIGH INCOME INDIVIDUALS."

"(a) GENERAL RULE.—In the case of a taxpayer other than a corporation, there is hereby imposed in addition to any other tax imposed by this title a surcharge equal to 5 percent of so much of the modified adjusted gross income of the taxpayer as exceeds $1,000,000.

"(b) TAXPAYERS NOT MAKING A JOINT RETURN.—In the case of any taxpayer other than a taxpayer making a joint return under section 6013 or a surviving spouse (as defined in section 2(a)), subsection (a) shall be applied by substituting "$500,000" for "$1,000,000.

"(c) MODIFIED ADJUSTED GROSS INCOME.—For purposes of this section, the term 'modified adjusted gross income' means adjusted gross income reduced by any deduction (not taken into account in determining adjusted gross income) allowed for investment interest (as defined in section 163(d)), in the case of an estate or trust, adjusted gross income shall be determined as provided in section 67(e).

"(d) SPECIAL RULES.—

"(1) NONRESIDENT ALIEN.—In the case of a nonresident alien individual, only amounts taken into account in connection with the tax imposed by subsection (a) shall be taken into account under this section.

"(2) CITIZENS AND RESIDENTS LIVING ABROAD.—The dollar amount in effect under section 163(d) shall be determined as provided in section 170(c)(2)(B).

"(3) CHARITABLE TRUSTS.—Subsection (a) shall not apply to a trust all the unexpired purposes; which was ordered to lie on the table; as follows:

"PART VIII. SURCHARGE ON HIGH INCOME INDIVIDUALS."

SA 2852. Mr. SANDERS submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

Strike section 2001 and insert the following:

SEC. 2001. MEDICAID ELIGIBILITY FOR INDIVIDUALS WITH INCOME BELOW 150 PERCENT OF THE FEDERAL POVERTY LEVEL.

(a) ELIGIBILITY FOR NON-TRADITIONAL INDIVIDUALS WITH INCOME BELOW 150 PERCENT OF THE FEDERAL POVERTY LEVEL.—

(1) FULL MEDICARE BENEFITS FOR NON-MEDICARE ELIGIBLE INDIVIDUALS.—Section 1902(a)(10)(C)(i) of the Social Security Act (42 U.S.C. 1396a(a)(10)(C)(i)) is amended—

"(a) by striking "or" at the end of subsection (VI); and

"(b) by adding "or" at the end of subsection (VII); and

"(c) by adding at the end the following new subsection:

"(VIII) who are under 65 years of age, who are not described in a previous subdivision of this clause, who are not entitled to hospital insurance benefits under part A of title XVIII, and whose family income (determined using methodologies and procedures specified by the Secretary ) does not exceed 150 percent of the income official poverty line (as defined by the Office of Management and Budget, and revised annually in accordance with section 670(2) of the Omnibus Budget Reconciliation Act of 1981) applicable to a family of the size involved.

(2) MEDICARE COST SHARING ASSISTANCE FOR MEDICARE-ELIGIBLE INDIVIDUALS.—Section 1902(a)(10)(E) of such Act (42 U.S.C. 1396a(a)(10)(E)) is amended—

"(A) in clause (iii), by striking "and" at the end; and

"(B) by adding "or" at the end of subsection (vi); and

"(C) by adding at the end the following new clause:

"(v) for making medical assistance available for medicare cost-sharing described in
subparagraphs (B) and (C) of section 1905(p)(3), for individuals under 65 years of age who would be qualified Medicare beneficiaires described in section 1905(p)(1) but for the fact that their income exceeds the income level established by the State under section 1905(p)(2) but is less than 150 percent of the official poverty line for a family of the size involved; and**.

(3) INCREASED FMAP FOR NON-TRADITIONAL FULL MEDICAID ELIGIBLE INDIVIDUALS.—Section 1905 of such Act (42 U.S.C. 1396d) is amended—

(A) in the first sentence of subsection (b), by striking "**" before "**(d)" and by inserting before the period at the end the following: ":**, and (5) 100 percent (for periods before January 1, 2013, and shall apply with respect to amounts described in subsection (y)); and

(B) by adding at the end the following new subsection:

"**";

(4) Nothing in this subsection shall be construed as not providing for coverage under subparagraph (I)(VIII) or (E)(v) of section 1902(a)(10) of the Social Security Act, as added by paragraph (1), or an increased or enhanced FMAP under the amendments made by paragraph (2), for an individual who has been provided medical assistance under title XIX of the Act or a demonstration waiver approved under section 1155 of such Act or with State funds.

(5) CONFORMING AMENDMENTS.—

(A) Section 1905(b)(5) of the Social Security Act (42 U.S.C. 1396b(f)(4)) is amended by adding at the end the following new paragraph:

"**";

(b) Section 1905(b)(5)(B) of such Act (42 U.S.C. 1396b(f)(4)), as added, in the matter preceding paragraph (1)—

(i) by striking "**" at the end of clause (xii);

(ii) by adding "**" at the end of clause (xiii); and

(iii) by inserting after "traditional Medicaid eligible individual with income below 150 percent of the Federal Poverty Level.**" the following:

"**(x) individuals described in section 1902(a)(10)(A)(VIII).**

(c) ENROLLMENT OF NON-TRADITIONAL MEDICAID ELIGIBLE INDIVIDUALS WITH INCOME NOT EXCEEDING 150 PERCENT OF THE FEDERAL POVERTY LEVEL.—

((1)) IN GENERAL.—Section 1902(a)(10)(A)(I) of the Social Security Act (42 U.S.C. 1396d(a)(10)(A)(I)), as amended by subsection (a), is amended—

(A) by striking "**" at the end of clause (VII); and

(B) by adding at the end the following new subclauses:

"**";

Both subclauses (X) and (XII) beginning with 2014, who are under 19 years of age, who would be eligible for medical assistance under the State plan under subsection (I), (IV) (so far as it relates to subsection (I)(b)(I)(B), (VI), or (VII) (based on the income standards, methodologies, and procedures in effect as of June 16, 2009) but for the fact that their income exceeds 150 percent of the official poverty line as defined by the Office of Management and Budget, and revised annually in accordance with section 673(2) of the Omnibus Budget Reconciliation Act of 1981) applicable to a family of the size involved; and

(2) INCREASED FMAP FOR CERTAIN TRADITIONAL MEDICAID ELIGIBLE INDIVIDUALS.—

(A) INCREASED FMAP FOR ADULTS.—Section 1905(y) of such Act (42 U.S.C. 1396d(y)), as added by subsection (a)(2)(B), is amended by inserting "or" before "**(A)" and after "**(A)".

(B) ENHANCED FMAP FOR CHILDREN.—Section 1905(b)(4) of such Act is amended by inserting "1902(a)(10)(A)(I)(X), or" after "**(A)".

(3) CONSTRUCTION.—Nothing in this subsection shall be construed as not providing for coverage under subparagraph (I)(VIII) or (E)(v) of section 1902(a)(10)(A)(I) of the Social Security Act, as added by paragraph (1), or an increased or enhanced FMAP under the amendments made by paragraph (2), for an individual who has been provided medical assistance under title XIX of the Act or a demonstration waiver approved under section 1155 of such Act or with State funds.

(4) CONFORMING AMENDMENTS.—

(b) Section 1905(p)(2) of such Act (42 U.S.C. 1396b(p)(2)), as added, is amended by adding at the end the following new paragraph:

"**(d) EFFECTIVE DATE.—The amendments made by this subsection shall take effect on January 1, 2013, and shall apply with respect to items and services furnished on or after such date.

(e) DEFINITIONS.—In this section:

(1) MEDICAID ELIGIBLE INDIVIDUAL.—The term "Medicaid eligible individual" means an individual who is eligible for medical assistance under Medicaid.

(2) TRADITIONAL MEDICAID ELIGIBLE INDIVIDUAL.—The term "traditional Medicaid eligible individual" means a Medicaid eligible individual other than an individual who is a Medicaid eligible individual by reason of the application of subparagraph (VIII) of section 1902(a)(10)(A)(I) of the Social Security Act; or

(3) NON-TRADITIONAL MEDICAID ELIGIBLE INDIVIDUAL.—The term "non-traditional Medicaid eligible individual" means a Medicaid eligible individual who is not a traditional Medicaid eligible individual.

SA 2553. Mr. SANDERS submitted an amendment in the nature of a substitute proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill S. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

Strike section 2001 and insert the following:

SEC. 2001. MEDICAID ELIGIBILITY FOR INDIVIDUALS WITH INCOME BELOW 150 PERCENT OF THE FEDERAL POVERTY LEVEL.

(a) ELIGIBILITY FOR NON-TRADITIONAL INDIVIDUALS WITHIN INCOME LEVEL.—

(1) FULL MEDICAID BENEFITS FOR NON-MEDICAID ELIGIBLE INDIVIDUALS.—Section 1902(a)(10)(A)(I) of the Social Security Act (42 U.S.C. 1396b(a)(10)(A)(I)) is amended—

(A) by striking "**" at the end of clause (VII); and

(B) by adding "**" at the end of clause (VIII); and

(C) by adding at the end the following new clause:

"**".

(2) MEDICAID COST SHARING ASSISTANCE FOR MEDICAID-ELIGIBLE INDIVIDUALS.—Section 1902(a)(10)(E) of such Act (42 U.S.C. 1396b(a)(10)(E)) is amended—

(A) in clause (ii), by striking "**" at the end of the clause;

(B) in clause (iv), by adding "**" at the end of the clause; and

(C) by adding at the end the following new clause:

"**".

(3) INCREASED FMAP FOR NON-TRADITIONAL FULL MEDICAID ELIGIBLE INDIVIDUALS.—

SEC. 2005 of such Act (42 U.S.C. 1396d) is amended—

(A) in the first sentence of subsection (b), by striking "**" and by adding before the period at the end the following: ":**, and (5) 100 percent (for periods before January 1, 2013, and shall apply with respect to amounts described in subsection (y)); and

(B) at the end of the following new subsection:

"**(y) ADDITIONAL EXPENDITURES SUBJECT TO INCREASED FMAP.**

(1) AMOUNTS EXPENDED FOR MEDICAL ASSISTANCE—

(A) IN GENERAL.—The Office of Management and Budget, and revised annually in accordance with section 673(2) of the Omnibus Budget Reconciliation Act of 1981, applicable to a family of the size involved; and

(B) MEDICAID COST SHARING ASSISTANCE FOR MEDICAID-ELIGIBLE INDIVIDUALS.—Section 1902(a)(10)(E) of such Act (42 U.S.C. 1396b(a)(10)(E)) is amended—

(A) in clause (ii), by striking "**" at the end of the clause;

(B) in clause (iv), by adding "**" at the end of the clause; and

(C) by adding at the end the following new clause:

"**".

"**(Y) ADDITIONAL EXPENDITURES SUBJECT TO INCREASED FMAP.**

(1) AMOUNTS EXPENDED FOR MEDICAL ASSISTANCE—

(A) IN GENERAL.—The Office of Management and Budget, and revised annually in accordance with section 673(2) of the Omnibus Budget Reconciliation Act of 1981, applicable to a family of the size involved; and

(B) MEDICAID COST SHARING ASSISTANCE FOR MEDICAID-ELIGIBLE INDIVIDUALS.—Section 1902(a)(10)(E) of such Act (42 U.S.C. 1396b(a)(10)(E)) is amended—

(A) in clause (ii), by striking "**" at the end of the clause;

(B) in clause (iv), by adding "**" at the end of the clause; and

(C) by adding at the end the following new clause:

"**".
(2), or an increased FMAP under the amendments made by paragraph (3), for an individual who has been provided medical assistance under title XIX of the Act under a demonstration waiver approved under section 1115 of such Act or with State funds.

(5) CONFORMING AMENDMENTS.—
(A) Section 1905(b)(4) of the Social Security Act (42 U.S.C. 1396b(f)(4)) is amended by—
(B) Section 1905(a) of such Act (42 U.S.C. 1396d(a)), as amended, is amended in the matter preceding paragraph (1)—
(i) by striking ‘or’ at the end of clause (xii);
(ii) by adding “or” at the end of clause (xiii); and
(iii) by inserting after clause (xiii) the following:
‘‘(xiv) individuals described in section 1902(a)(10)(A)(iv),’’;
(B) ELIGIBILITY FOR TRADITIONAL MEDICAID ELIGIBLE INDIVIDUALS WITH INCOME NOT EXCEEDING 150 PERCENT OF THE FEDERAL POVERTY LEVEL.—
(1) IN GENERAL.—Section 1902(a)(10)(A)(i) of the Social Security Act (42 U.S.C. 1396b(f)(1)) is amended, as substituted by subsection (a), is amended—
(A) by striking ‘or’ at the end of subclause (VII); and
(B) adding at the end the following new subclauses:
‘‘(IX) who are over 18, and under 65 years of age, who would be eligible for medical assistance under the State plan under subclause (I) or section 1931 (based on the income standards, methodologies, and procedures in effect as of June 16, 2009) but for income, who are in families whose income does not exceed 150 percent of the income official poverty line (as defined by the Office of Management and Budget, and revised annually in accordance with section 673(b) of the Omnibus Budget Reconciliation Act of 1981) applicable to a family of the size involved; or’’;
‘‘(X) beginning in 2014, who are under 19, years of age, who would be eligible for medical assistance under the State plan under subclause (I) or section 1931 (based on the income standards, methodologies, and procedures in effect as of June 16, 2009) but for income, who are in families whose income does not exceed 150 percent of the income official poverty line (as defined by the Office of Management and Budget, and revised annually in accordance with section 673(b) of the Omnibus Budget Reconciliation Act of 1981) applicable to a family of the size involved; or’’;
(2) INCREASED FMAP FOR CERTAIN TRADITIONAL MEDICAID ELIGIBLE INDIVIDUALS.—
(3) CONSTRUCTION.—Nothing in this section shall be construed as providing for coverage under subclause (IX) or (X) of subsection (a)(10)(A)(i) of the Social Security Act, as added by paragraph (1), or an increased or enhanced FMAP under the amendments made by paragraph (2), for an individual other than an individual who has been provided medical assistance under title XIX of the Act under a demonstration waiver approved under section 1115 of such Act or with State funds.

(5) NETWORK ADEQUACY.—Section 1922(a)(2) of the Social Security Act (42 U.S.C. 1396a–2(a)(2)) is amended by adding at the end the following new subparagraph:
‘‘(D) ENROLLMENT OF NON-TRADITIONAL MEDICAID ELIGIBLE INDIVIDUALS. — Such State may not require under paragraph (1) the enrollment in a managed care entity of an individual described in section 1902(a)(10)(A)(i)(VIII) unless the State demonstrates, to the satisfaction of the Secretary, that the entity, through its provider network and other arrangements, has the capability to meet the health, mental health, and substance abuse needs of such individuals.’’;
(6) EFFECTIVE DATE.—The amendments made by this section shall take effect on January 1, 2013, and shall apply with respect to items and services furnished on or after such date.

(c) Definitions.—In this section:
(1) MEDICAID ELIGIBLE INDIVIDUAL.—The term ‘‘Medicaid eligible individual’’ means an individual who is eligible for medical assistance under such Act;
(2) TRADITIONAL MEDICAID ELIGIBLE INDIVIDUAL.—The term ‘‘traditional Medicaid eligible individual’’ means a Medicaid eligible individual other than an individual who is—
(A) a Medicaid eligible individual by reason of the application of subclause (VII) of section 1902(a)(10)(A)(i) of the Social Security Act; or
(B) a childless adult not described in section 1902(a)(10)(A) or (C) of such Act (as in effect as of the date before the date of the enactment of this Act);
(3) NON-TRADITIONAL MEDICAID ELIGIBLE INDIVIDUAL.—The term ‘‘non-traditional Medicaid eligible individual’’ means a Medicaid eligible individual other than a traditional Medicaid eligible individual.

SEC. 2001A. SURCHARGE ON HIGH INCOME INDIVIDUALS.

(a) IN GENERAL.—Subchapter A of chapter 1 of the Internal Revenue Code of 1986 is amended by adding at the end the following new part:

‘‘PART VIII—SURCHARGE ON HIGH INCOME INDIVIDUALS.’’

‘‘Sec. 59B. Surcharge on high income individuals.’’

‘‘Sec. 59B. SURCHARGE ON HIGH INCOME INDIVIDUALS.’’

(a) GENERAL RULE.—In the case of a taxpayer other than a corporation, there is hereby imposed a surcharge of 3% of the first $1,000,000 of any modified adjusted gross income of the taxpayer as excess $1,000,000.

(b) TAXPAYERS NOT MAKING A JOINT RETURN.—In the case of any taxpayer other than a taxpayer making a joint return under section 6013 or a surviving spouse (as defined in section 2(a)), subsection (a) shall be applied by substituting ‘‘$500,000’’ for ‘‘$1,000,000.’’

(c) MODIFIED ADJUSTED GROSS INCOME.—For purposes of this section, the term ‘‘modified adjusted gross income’’ means adjusted gross income reduced by any deduction (not taken into account in determining adjusted gross income) allowed for investment interest (as defined in section 163(d)). In the case of an estate or trust, adjusted gross income shall be determined as provided in section 67(e).

(d) SPECIAL RULE.—In the case of a nonresident alien individual, only amounts taken into account in connection with the tax imposed under section 871(b) shall be taken into account in determining the tax imposed under this section.

(2) CITIZENS AND RESIDENTS LIVING ABROAD.—The dollar amount in effect under subsection (a) (after the application of subsection (b)) shall be decreased by the excess of—
‘‘(A) the amounts excluded from the taxpayer’s gross income under section 911, or
‘‘(B) the amounts of any deductions or exclusions disallowed under section 911(d)(6) with respect to the amounts described in subparagraph (A).

(3) CHARITABLE TRUSTS.—Subsection (a) shall not apply to a trust all the unexpired interests in which are devoted to one or more of the purposes described in section 170(c)(2)(B).

(4) NOT TREATED AS TAX IMPOSED BY THIS CHAPTER FOR CERTAIN PURPOSES.—The tax imposed under this subsection shall not be treated as tax imposed by this chapter for purposes of determining the amount of any credit under this chapter or for purposes of section 55.

(5) CLEURAL AMENDMENT.—The table of parts for subchapter A of chapter 1 of the Internal Revenue Code of 1986 is amended by adding at the end the following new item:

‘‘PART VIII—SURCHARGE ON HIGH INCOME INDIVIDUALS.’’

(c) SECTION 15 NOT TO APPLY.—The amendment made by subsection (a) shall not be treated as a change in a rate of tax for purposes of section 15 of the Internal Revenue Code of 1986.

(d) EFFECTIVE DATE.—The amendments made by this section shall apply to taxable years beginning after December 31, 2010.

SA 2854. Mr. SANDERS submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

On page 103, line 16, insert before the period the following: ‘‘, including oral and vision care’’.

SA 2855. Mr. SANDERS submitted an amendment intended to be proposed to amendment SA 2786 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place in title I, insert the following:

SEC. 3. ORAL AND VISION CARE.

(a) TECHNICAL AMENDMENT.—Section 1302(b)(1)(A) of this Act is amended by inserting ‘‘, including oral and vision care’’ before the period.

(b) SURCHARGE ON HIGH INCOME INDIVIDUALS.—

(1) IN GENERAL.—Subchapter A of chapter 1 of the Internal Revenue Code of 1986 is amended by adding at the end the following new part:

‘‘PART VIII—SURCHARGE ON HIGH INCOME INDIVIDUALS.’’

‘‘Sec. 59B. Surcharge on high income individuals.’’
SA 2857. Mr. SANDERS submitted an amendment intended t be proposed to amendment SA 2866 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

On page 162, after line 25, add the following:

(7) CAP ON PRIVATE INSURANCE COMPANY EXECUTIVE COMPENSATION.—

(A) LIMITS ON COMPENSATION FOR EXECUTIVES OF PRIVATE INSURANCE COMPANIES PARTICIPATING IN GROUP PLANS AND OTHER LARGE GROUP PLANS.—

(I) IN GENERAL.—Notwithstanding any other provision of law or agreement to the contrary, no employee or executive of a private health insurance issuer that offers coverage through an Exchange may receive aggregate annual compensation, in any form, from the issuer in an amount in excess of $1,000,000.

(ii) Definition.—For purposes of this paragraph, the term “aggregate annual compensation” includes bonuses, deferred compensation, stock options, securities, or any other form of compensation provided to an employee or executive.

(II) BAR FROM PARTICIPATION IN EXCHANGE.—When a private health insurance issuer offering coverage through an Exchange fails to comply with the requirement of subparagraph (A), such issuer shall be prohibited from offering coverage through the Exchange.

(c) COST-SHARING ARRANGEMENT.—The cost-sharing arrangement described in this section is an arrangement in which—

(1) the filer of the abbreviated new drug application or the application under section 351(k) of the Public Health Service Act pays a fee to the Commissioner;

(2) notwithstanding any other provision of law, the Commissioner provides such reports to such filer;

(3) such filer may, notwithstanding any provision of chapter V of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 351 et seq.), or of the Public Health Service Act (42 U.S.C. 301 et seq.), rely in such application on required investigations conducted by a holder of an approved application under section 355(b) of the Federal Food, Drug, and Cosmetic Act or a holder of a license under section 351(a) of the Public Health Service Act, which have been made to show whether or not such drug or biological product is safe and whether such drug or biological product is effective in use; and

(4) the Commissioner remits the amount of such fee to the holder of the approved application under such section 355(b) or of the license under such section 351(a), as appropriate.

SA 2859. Ms. SNOWE (for herself, Ms. LANDRIEU, and Mrs. LINCOLN) submitted an amendment intended to be proposed to amendment SA 2866 proposed by Mr. REID (for himself, Mr. BAUCUS, Mr. DODD, and Mr. HARKIN) to the bill H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, and for other purposes; which was ordered to lie on the table; as follows:

On page 223, strike lines 6 through 10.

On page 224, line 2, insert after “Act” the following: ‘‘, including the rating requirements which part of section 3590 that the State may subsequently to the date of enactment of this Act enact more restrictive rating requirements.’’.

NOTICE OF HEARING

Mr. RINGAMAN. Mr. President, I would like to announce for the information of the Senate and the public that a hearing has been scheduled before the Subcommittee on Public Lands and Forests.

The hearing will be held on Thursday, December 17, 2009, at 2:30 p.m. in room SD–366 of the Dirksen Senate Office Building.
The purpose of the hearing is to receive testimony on the following bills: S. 1470, to sustain the economic development and recreational use of National Forest System land and other public land in the State of Montana, to add certain lands to the National Wilderness Preservation System, to release certain wilderness study areas, to designate new areas for recreation, and for other purposes; S. 1719, to provide for the conveyance of certain parcels of land to the town of Alta, Utah; S. 1787, to reauthorize the Federal Land Transaction Facilitation Act, and for other purposes; H.R. 762, to validate final patent number 27-2005-0081, and for other purposes; and H.R. 934, to convey certain submerged lands to the Commonwealth of the Northern Mariana Islands in order to give that territory the same benefits in its submerged lands as Guam, the Virgin Islands, and American Samoa have in their submerged lands.

Because of the limited time available for the hearing, witnesses may testify by invitation only. However, those wishing to submit written testimony for the record should send it to the Committee on Energy and Natural Resources, United States Senate, Washington, DC 20510–6150, or by e-mail to allison_seyferth@energy.senate.gov.

For further information, please contact Scott Miller or Allison Seyferth.

AUTHORITY FOR COMMITTEES TO MEET

COMMITTEE ON AGRICULTURE, NUTRITION, AND FORESTRY

Mr. DURBIN. Mr. President, I ask unanimous consent that the Committee on Agriculture, Nutrition, and Forestry be authorized to meet during the session of the Senate on December 2, 2009, at 9:30 a.m. in room 216 of the Hart Senate Office Building. Without objection, it is so ordered.

COMMITTEE ON ARMED SERVICES

Mr. DURBIN. Mr. President, I ask unanimous consent that the Committee on Armed Services be authorized to meet during the session of the Senate on December 2, 2009, at 9 a.m. in room SD–200 of the Dirksen Senate Office Building. Without objection, it is so ordered.

COMMITTEE ON COMMITTEE ON COMMERCE, SCIENCE, AND TRANSPORTATION

Mr. DURBIN. Mr. President, I ask unanimous consent that the Committee on Commerce, Science, and Transportation be authorized to meet during the session of the Senate on December 2, 2009, at 10 a.m. in room 233 of the Russell Senate Office Building. Without objection, it is so ordered.

COMMITTEE ON ENERGY AND NATURAL RESOURCES

Mr. DURBIN. Mr. President, I ask unanimous consent that the Committee on Energy and Natural Resources be authorized to meet during the session of the Senate to conduct a hearing on December 2, 2009, at 10 a.m., in room SD–306 of the Dirksen Senate Office Building. Without objection, it is so ordered.

COMMITTEE ON ENVIRONMENT AND PUBLIC WORKS AND THE SUBCOMMITTEE ON SUPERFUND, TOXICS, AND ENVIRONMENTAL HEALTH

Mr. DURBIN. Mr. President, I ask unanimous consent that the Committee on Environment and Public Works and the Subcommittee on Superfund, Toxics, and Environmental Health be authorized to meet during the session of the Senate on December 2, 2009, at 2:30 p.m. in Room 460 of the Dirksen Senate Office Building. Without objection, it is so ordered.

COMMITTEE ON THE JUDICIARY

Mr. DURBIN. Mr. President, I ask unanimous consent that the Committee on the Judiciary be authorized to meet during the session of the Senate on December 2, 2009, at 10 a.m., in room SD–226 of the Dirksen Senate Office Building, to conduct a hearing entitled "Has the Supreme Court Limited Americans' Access to Courts?" Without objection, it is so ordered.

AD HOC SUBCOMMITTEE ON DISASTER RECOVERY

Mr. DURBIN. Mr. President, I ask unanimous consent that the Ad Hoc Subcommittee on Disaster Recovery of the Committee on Homeland Security and Governmental Affairs be authorized to meet during the session of the Senate on December 2, 2009, at 2:30 p.m. to conduct a hearing entitled, "Disaster Case Management: Developing a Comprehensive National Program Focused on Outcomes." Without objection, it is so ordered.

EXTENDING CONDOLENCES TO SLAIN WASHINGTON OFFICERS' FAMILIES

Mr. DURBIN. Mr. President, I ask unanimous consent that the Senate proceed to the immediate consideration of S. Res. 366, submitted earlier today.

The PRESIDING OFFICER. Without objection, it is so ordered.

UNANIMOUS CONSENT AGREEMENT—H.R. 3590

Mr. DURBIN. Mr. President, I ask unanimous consent that the previous order with respect to H.R. 3590 be modified to provide that the time until 11:45 a.m. be equally divided between Senator MIKULSKI and the minority leader or their designees.

The PRESIDING OFFICER. Without objection, it is so ordered.

ORDERS FOR THURSDAY, DECEMBER 3, 2009

Mr. DURBIN. Mr. President, I ask unanimous consent that when the Senate completes its business today, it adjourn until 9:30 a.m. tomorrow, Thursday, December 3, that following the prayer and the pledge, the Journal of
proceedings be approved to date, the morning hour be deemed expired, the time for the two leaders be reserved for their use later in the day, and the Senate resume consideration of H.R. 3590, the health care reform legislation, as provided for under the previous order.

The PRESIDING OFFICER. Without objection, it is so ordered.

PROGRAM

Mr. DURBIN. Mr. President, under a previous order, at 11:45 a.m., there will be a series of two rollcall votes and two more votes at 2:40 p.m. Those votes will be in relation to the Mikulski amendment, as amended, the Murkowski amendment, the Bennet of Colorado amendment, and the McCain motion to commit.

ADJOURNMENT UNTIL 9:30 A.M. TOMORROW

Mr. DURBIN. Mr. President, if there is no further business to come before the Senate, I ask unanimous consent that the Senate adjourn under the previous order.

There being no objection, the Senate, at 8:31 p.m., adjourned until Thursday, December 3, 2009, at 9:30 a.m.

NOMINATIONS

Executive nominations received by the Senate:

DEPARTMENT OF COMMERCE

DAVID W. MILLS, OF VIRGINIA, TO BE AN ASSISTANT SECRETARY OF COMMERCE, VICE DAREYL W. JACKSON, RESIGNED.

INTERNATIONAL MONETARY FUND

DOUGLAS A. REDKER, OF MASSACHUSETTS, TO BE UNITED STATES ALTERNATE EXECUTIVE DIRECTOR OF THE INTERNATIONAL MONETARY FUND FOR A TERM OF TWO YEARS, VICE DANIEL D. HEATH, TERM EXPIRED.

FEDERAL MARITIME COMMISSION

MICHAEL A. KHOURI, OF KENTUCKY, TO BE A FEDERAL MARITIME COMMISSIONER FOR A TERM EXPIRING JUNE 30, 2011, VICE STEVEN ROBERT BLUST, RESIGNED.

IN THE COAST GUARD

THE FOLLOWING NAMED OFFICERS FOR APPOINTMENT IN THE UNITED STATES COAST GUARD TO THE GRADE INDICATED UNDER SECTION 271, TITLE 14, U.S.C.:

To be rear admiral

REAR ADM. (LH) JOSEPH R. CASTILLO
REAR ADM. (LH) DANIEL R. MAY
REAR ADM. (LH) ROY A. NASH
REAR ADM. (LH) PETER F. NEFFINGER

REAR ADM. (LH) CHARLES W. RAY
REAR ADM. (LH) KEITH A. TAYLOR

IN THE AIR FORCE

THE FOLLOWING NAMED OFFICER FOR APPOINTMENT TO THE GRADE INDICATED IN THE UNITED STATES AIR FORCE AND AS PERMANENT PROFESSOR AT THE UNITED STATES AIR FORCE ACADEMY, UNDER TITLE 10, U.S.C., SECTIONS 9333(B) AND 9336(A):

To be colonel

JOSEPH E. SANDERS

THE FOLLOWING NAMED OFFICER FOR APPOINTMENT TO THE GRADE INDICATED IN THE UNITED STATES AIR FORCE UNDER TITLE 10, U.S.C., SECTION 624:

To be lieutenant colonel

CHINMOY MISHRA

THE FOLLOWING NAMED OFFICER FOR APPOINTMENT TO THE GRADE INDICATED IN THE UNITED STATES AIR FORCE UNDER TITLE 10, U.S.C., SECTION 624:

To be major

CHARLES F. KIMBALL

THE FOLLOWING NAMED OFFICER FOR APPOINTMENT TO THE GRADE INDICATED IN THE UNITED STATES AIR FORCE UNDER TITLE 10, U.S.C., SECTION 624:

To be major

MINH THU NGOC LE
ROBERT C. POPE

IN THE NAVY

THE FOLLOWING NAMED OFFICER FOR APPOINTMENT TO THE GRADE INDICATED IN THE UNITED STATES NAVY UNDER TITLE 10, U.S.C., SECTION 624:

To be commander

MATTHEW S. FLEMING
IN HONOR AND RECOGNITION OF SISTER DONNA L. HAWK

HON. DENNIS J. KUCINICH
OF OHIO
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 2, 2009

Mr. KUCINICH. Madam Speaker, I rise today in honor and recognition of Sister Donna L. Hawk of Cleveland, Ohio, as she is named the West Side Catholic Center’s Walk in Faith recipient of 2009.

Throughout her life, Sister Donna Hawk has turned her faith into action, uplifting the lives of those living on the streets. Sister Donna has become a nationally-known leader by creating and operating transitional housing for the homeless, especially for women and their children fleeing domestic violence. While working for many years as a volunteer at the West Side Catholic Shelter, Sister Donna developed a special compassion for women, many of whom had young children seeking refuge from abusive situations.

In 1986, without funding, Sister Donna teamed with Sister Loretta Schulte to rally community leaders and developers in order to transform a motel on Cleveland’s west side into Transitional Housing, Inc.—a place of shelter and source of counseling and resources for women and children in need. For more than twenty years, Transitional Housing, Inc. has served as a model for similar programs throughout the nation and across the world.

Madam Speaker, please join me in honor and recognition of Sister Donna L. Hawk, whose faith in action, unwavering belief in the possibility of transformation, and staunch advocacy has given strength and hope to countless women and children.

IN MEMORY OF HOWARD JACOBS

HON. HENRY A. WAXMAN
OF CALIFORNIA
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 2, 2009

Mr. WAXMAN. Madam Speaker, as the city of West Hollywood gathers to celebrate the life of Howard Jacobs, I am proud to join the community in recognizing his accomplishments and sharing in the sadness that he was taken from us at such a young age.

Howard Jacobs dedicated his life to helping people in need. His work with the West Hollywood City Council, the City’s Disability Advisory Board, the Rent Stabilization Committee and most recently with First 5 LA, demonstrated the depth and breadth of his devotion to every segment of society. Perhaps he will be best remembered for his activism to fight HIV/AIDS discrimination and educate people about prevention, detection and treatment.

Howard experienced many serious health challenges in his life. When he was first diagnosed with HIV/AIDS in 1989, scientific understanding of the disease was still emerging, societal stigma was pervasive and a diagnosis was a death sentence. But Howard always rallied. He helped West Hollywood design model policies to reduce HIV transmission in the gay community. To many he seemed invincible. Even with his passing it is clear that he will continue to serve as an inspiration.

In my career in public service, I have seen so many instances when one person—one vote—one voice can make a world of difference. Howard Jacobs filled that role so many times and in so many ways. We will forever be in his debt for the world of good he brought in the short time he had to give.

A TRIBUTE TO MS. PEGGY E. WHITEHEAD

HON. EDOLPHUS TOWNS
OF NEW YORK
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 2, 2009

Mr. TOWNS. Madam Speaker, I rise today in recognition of Ms. Peggy E. Whitehead. Peggy E. Whitehead is originally from Virginia but relocated to New York to start her career after graduating from high school. Ms. Whitehead has worked over two decades as a bacteriologist in the lab of the Howard Johnson Corporation. Upon the closing of the facility, she hit the ground running. Determination has always been a major player in her life.

Through the years, she promoted several sites to where she is today. She holds the title of Assistant Coordinating Manager in the Ambulatory Care Department (Sub-Specialty) at Queens Hospital, where she is responsible for day to day operations of twenty clinics.

Ms. Whitehead has received the prestigious Ace Award which signifies excellence, leadership and innovation. In addition, she also received the employee of the month award on the same day. She is a member of the Greenway Angels, an organization founded by her sister, Rosetta, and her friend, Ms. Whitehead has been a volunteer for over six years, within the American Cancer Society. She works on many events, from Making Strides, to RELAY FOR LIFE, to helping with health fairs, all of which are so vital to getting information out to the community. The Ronald McDonald House of New Hyde Park, NY has been an ongoing labor of love event for her in the past seven years. She prepares a feast for the families of the children confined to the Snyder Hospital.

She also participates in the annual New York AIDS Walk. New York has the largest AIDS Walk in the world, raising millions of dollars each year. Peggy has volunteered her services for eight years.

Ms. Whitehead worked with pride on the Obama Campaign and traveled to Washington, DC for the historic inauguration. Whether doing work for the Diabetic Walk or coordinating a drive to help the homeless, she goes about each project with relentless vigor and vitality that speaks to who she is.

She has three children—Jerry, Jennifer, and Karen, and seven grandchildren.

Madam Speaker, I urge my colleagues to join me in recognizing Ms. Peggy E. Whitehead.

ESTABLISHMENT OF A DEMONSTRATION PROGRAM ON GAS TURBINES

SPEECH OF
HON. SHEILA JACKSON-LEE
OF TEXAS
IN THE HOUSE OF REPRESENTATIVES
Tuesday, December 1, 2009

Ms. JACKSON-LEE of Texas. Mr. Speaker, I rise today in support of H.R. 3029, “to establish a research, development, and technology demonstration program to improve the efficiency of gas turbines used in combined cycle power generation systems.” I support this bill because energy efficiency is of the utmost concern to our security, our economy and our future.

H.R. 3029 would direct the Secretary of Energy to carry out a research, development, and technology demonstration program to improve the efficiency of gas turbines used in combined cycle power generation systems and identify the technologies that will lead to gas turbine combined cycle efficiency of 65 percent. A combined cycle is an attribute of a power producing engine (or plant) that employs more than one thermodynamic cycle. Heat engines, which are still only able to use a portion of the energy their fuel generates (usually less than 50 percent) are a burden on the American consumer who helps support this inefficient system of energy production.

The remaining heat (e.g., hot exhaust fumes) from combustion is generally wasted; combining two or more thermodynamic cycles results in improved overall efficiency.

The bill requires that the program support engineering and gas turbine design for utility-scale and megawatt-scale electric power generation. Under the bill, this includes high temperature materials, improved heat transfer capability, manufacturing technology, combustion technology, advanced controls and systems integration, advanced high performance compressor technology, and validation facilities for the testing of components and subsystems. It also requires that the program include technology and field demonstrations, and assess overall combined cycle system performance.

H.R. 3029 sets out specific program goals. In Phase I, the goal is to develop the conceptual design of and demonstrate the technology required for advanced high efficiency gas turbines that can achieve at least 62 percent combined cycle efficiency on a lower heating value basis. In Phase II, the goal is to develop the conceptual design for advanced high efficiency gas turbines that can achieve at least 65 percent combined cycle efficiency.
The bill requires that the Secretary solicit proposals from industry, universities, and other appropriate parties for activities under the program within 180 days of enactment. The bill requires the Secretary, in selecting proposals, to emphasize the extent to which the proposal will support the creation or increased retention of jobs in the United States and the extent to which the proposal will promote and enhance United States technology leadership. Awards shall be made on a competitive basis with emphasis on technical merit. H.R. 3029 authorizes $65 million for each of fiscal years 2011 through 2014 for carrying out the program.

HONORING THE END SILENCE

HON. GEORGE RADANOVICH
OF CALIFORNIA
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 2, 2009

Mr. RADANOVICH. Madam Speaker, I rise today to commend and congratulate End the Silence upon being awarded the “Community Health Champions Award.” I invite my colleagues to join me in wishing End the Silence many years of continued success.

IN HONOR OF LAWRENCE HALPRIN

HON. LYNN C. WOOLSEY
OF CALIFORNIA
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 2, 2009

Ms. WOOLSEY. Madam Speaker, I rise with sadness today to honor a true American icon, landscape architect Lawrence Halprin, who passed away on October 25, 2009, at the age of 93. Mr. Halprin’s legendary work profoundly influenced concepts of landscape design in this country and around the world.

A long-time resident of Kentfield in Marin County, California, Mr. Halprin’s mark on the Bay Area is particularly evident. From the groundbreaking Sea Ranch development on our Sonoma Coast to Ghirardelli Square and George Lucas’ Letterman Digital Arts Center, he designed memorable spaces that create harmony between people and environment.

Nationally, his best known work is the Franklin D. Roosevelt Memorial in Washington, DC, which artfully invokes Roosevelt’s life and work as visitors stroll through a sculptured plaza in a natural setting. Throughout his career, Larry Halprin was adept at revitalizing perceptions of urban areas and involving the community in his public projects.

Mr. Halprin often worked in partnership with his wife, the well-known dancer Anna Halprin. The two met while attending the University of Wisconsin and were married in 1940. While in Wisconsin, they met Frank Lloyd Wright at Taliesin, and his ideas inspired Mr. Halprin to study landscape architecture at Harvard.

Their collaboration was based on a shared vision of crafting interactive, creative experiences that connect with people on a deep level. Halprin also joined Anna’s dance work, most famously in their 1979 “planetary dance” on Mount Tamalpais. The goal was to take back the mountain for people frightened away by the notorious Trailside Killer. The dance is now performed annually in 36 countries.

While serving in the Navy in World War II, Halprin recuperated in San Francisco from a Japanese attack which had destroyed his ship. After the war, the couple relocated to the Bay Area.

Widely recognized as a man whose genius revolutionized landscape architecture, Mr. Halprin also won a number of awards. These included a Presidential Design Award for the FDR Memorial, the University of Virginia Thomas Jefferson Medal in Architecture, and the prestigious National Medal of the Arts. A man of many talents, he was also recognized for his documentary on Salvador Dalí, “Le Pink Grapefruit.”

In addition to his wife, Mr. Halprin is survived by his daughters Dana and Rana and four grandchildren.

Madam Speaker, it is not easy to summate the scope of Lawrence Halprin’s influence and accomplishments. As we enjoy his urban environments or the spaciousness of Sea Ranch, we can understand how much his vision and creativity have enriched our lives.

HONORING JOHN C. HARRIS WITH THE DISTINGUISHED CITIZEN AWARD

HON. JIM COSTA
OF CALIFORNIA
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 2, 2009

Mr. COSTA. Madam Speaker, I rise today to pay special tribute to John C. Harris for receiving the Distinguished Citizen Award, in recognition of his strong dedication to the Boy Scouts of America in the San Joaquin Valley.

Mr. Harris has hosted the Westside Luncheon at Harris Ranch for nearly twenty years. This casual and friendly fund raising lunch supports the Scouting programs in western Fresno and Kings Counties. The Luncheon has become a model for other Scout Councils to emulate. In fact, the Monterey Bay Area Council borrowed the Harris model and began a similar event in King City years ago. John’s concern for the youth of our area and his love of Scouting have kept his efforts concentrated in the Sequoia Council, and in the growth of the Scouting in the San Joaquin Valley.

John has been involved in the Agriculture and Thoroughbred business all of his life, as he and his family have worked to create one of the nation’s largest Agribusinesses. A diversified family farming operation, this successful business consists of the Harris Ranch Beef Company, Harris Ranch Inn & Restaurant, Harris Feeding Company, Harris Fresh, and the Harris Farms Horse Division. Much has contributed to California’s bountiful agriculture industry and economic well-being, but one significant underlying factor in California’s agricultural success has been the presence of families such as the Harris family.

We are fortunate to have generous and giving individuals like John Harris, who help to make our Valley a better place. John’s commitment to excellence and hard work reflect much of the same values the Boy Scouts embody in their scout oath: to do your best, help other people at all times, and to serve your country. John Harris certainly lives up to these values as is evident in his business success and devotion to serving others in our community.

For all these reasons, it is without a doubt an honor to recognize John Harris today for his leadership in our Valley, as he continues to touch the lives of many people and leave his mark of good will in our community. We are especially thankful today for his service to the Boy Scouts of America in the Central Valley.

CONGRATULATING GIUSEPPE AND CATERINA TIBERI

HON. JOHN A. BOEHNER
OF OHIO
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 2, 2009

Mr. BOEHNER. Madam Speaker, it is a pleasure for me to offer my best wishes to the dear mom and dad of Congressman PATRICK J. TIBERI who will be celebrating their golden wedding anniversary on December 8th.

Giuseppe and Caterina Tiberi were married in 1959 in Introdacqua, Italy and have now spent 50 years of marriage together.
“Joe” and “Rina” have been outstanding parents, rearing Pat and his two sisters, Ida and Tania. They are also proud grandparents of six wonderful children: Anthony, Alex, Angelina, Cristina, Daniela and Gabriela.

As loving parents and grandparents, they continue to set an amazing example for others to follow. I join with all of the Tiberi family and their many friends in wishing Joe and Rina all the best on this joyous occasion.

RECOGNIZING THE NEW HARRISON TOWNSHIP PUBLIC LIBRARY

HON. CANDICE S. MILLER
OF MICHIGAN
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 2, 2009

Mrs. MILLER of Michigan. Madam Speaker, it is my honor to acknowledge the recent grand opening celebration of the new Harrison Township Public Library (HTPL) which was held on October 24th, 2009. I had the privilege to attend this special occasion along with other public officials, library staff and community leaders. The HTPL truly is a remarkable story and is a shining example of what can occur when people come together to accomplish a common goal.

The HTPL is an all-volunteer library and operates on a budget from the sales of used books and other promotional items and also the collection of private donations. Not a single dollar of tax-payer money was used to open the new facility.

It took the will power of very dedicated individuals who worked as a team to ensure Harrison Township would no longer be the only municipality in Macomb County without a library. However, the road to complete this project was anything but easy. The economic challenges were extremely difficult to overcome, and there were many roadblocks along the way. At times it appeared that the dream was all but lost.

In fact, many would have given up on this project. But the community volunteers would not let this dream fade away, and instead rolled up their sleeves and went back to the drawing board to get the job done. Only through hard work and determination was Harrison Township finally able to open the doors on its new library.

Numerous organizations and people helped make this dream come true: The Township offered the space to house the library; Macomb County donated materials and books to stock shelves; partners from the private sector and academia provided other key resources to furnish the library with proper information technology.

I certainly want to commend the numerous library volunteers for all the hours they contributed and the personal sacrifices they made to assist with this effort. I too was more than happy to lend a helping hand by donating books obtained through the Library of Congress’ Surplus Book Program.

Now I am pleased to say that the residents of Harrison Township have their own library! Senior citizens now have a place to read the newspaper or check out a book. Students now have a quiet place to do research, finish their homework or use the Internet. There is even a children’s section that has games, toys and books for families to utilize to help their children learn.

I would like to name for the record the key volunteers who made this dream a reality, for without them, this project would have never come to fruition: Marge Swiatkowski, the Director of Library Volunteer Committee, and her husband Jack; we need to also recognize Joyce Bane, John and Carolyn Bicsak, Jim and Mary Lou Bilen, Gale Brady, Tracy Champine, Natalie Cruz, Donna Dertinger, Phil and Marsh Devergilio, Julie Dries, Bobbi Gust, Ann Marie Hergott, Toni Hindman, Kathy Hunt, Jane Jones, Althea Lanuzza, Mary LaPliante, Joan Lavely, Katie LeBlanc, Madaline Mannino, Diane Marvaso, Jean McKay, Kathy McRae, Ellen McKee, Jo Mitchell, Nancy Motring, Mary Oberliesin, Beverly Ortman, Joan Schmidt, Sandy Schwab, Marty Shadel, Stephanie Simon, Thomas Sycko, Chris Hearns, Nancy Trompica, Mary Mahoney, Sheri Mathison, Jane Roda and Dee Turowski.

I applaud each of you for your tireless efforts! Your display of leadership and teamwork are something to be emulated throughout the community.

HONORING THE JUILLIARD SCHOOL’S MUSIC ADVANCEMENT PROGRAM

HON. EDOLPHUS TOWNS
OF NEW YORK
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 2, 2009

Mr. TOWNS. Madam Speaker, I rise today in recognition of the Music Advancement Program at The Juilliard School.

The Music Advancement Program (MAP) is a Saturday instrument-instruction program that was created in 1990. MAP targets students, ages eight to fourteen, who are underrepresented in the performing arts. The program is designed to help students at the early stage of their musical development on violin, viola, cello, double bass, flute, clarinet, trumpet, trombone, percussion, and piano. MAP has served families by providing education workshops on diverse topics, information about various concert opportunities and a literacy program for younger siblings of MAP students. MAP has also supported New York City public school music teachers by building upon their work, starting where most school instrument programs must end, and by motivating students to excel in all of their endeavors.

Through MAP, The Juilliard School has demonstrated its commitment to being a cultural citizen in New York City by reaching out to underrepresented communities and investing in a future arts community that is diverse in its performers, educators, audiences and patrons. This exemplary program has enriched the lives of countless students, and will continue to present valuable opportunities in the performing arts for underprivileged students in New York City schools.

Madam Speaker, I urge my colleagues to join me in recognizing the Music Advancement Program at The Juilliard School.

HONORING CITY OF GRAND PRAIRIE

HON. KENNY MARCHANT
OF TEXAS
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 2, 2009

Mr. MARCHANT. Madam Speaker, I rise today to honor the City of Grand Prairie. The city is celebrating its 100th anniversary, and I would like to take a moment to speak about the history of the city and its great future.

In 1841, the area that is now Grand Prairie began to be settled by people accepting Republic of Texas land grants. In 1861, Alexander MacRae Dechman traded his wagon and oxen for 239.5 acres in what is now downtown Grand Prairie. He filed for a town plat in 1876, and named the town Dechman. That same year Alexander gave a portion of his land to the Texas and Pacific Railroad in exchange for operating a depot. In 1877, the railroad renamed Dechman to Grand Prairie because of its location on the eastern edge of the prairie that stretched into West Texas.

In 1909, the City of Grand Prairie had roughly 1,000 citizens. The city’s growth accelerated during and after World War II when its population changed from 1,595 in 1940 to 14,594 in 1950. The population then doubled to 30,386 by 1960. Today the city is home to more than 168,000 citizens. The growth is symbolic of the city’s strength and success over the last hundred years.

Grand Prairie has created a strong infrastructure to ensure continued growth. The city has constructed attractions for both economic development and tourism such as Lone Star Park in 1992, Nokia Theatre in 2001, the Ruthe Jackson Conference Center in 2002, the Uptown Theater, QuikTrip Ballpark and the AirHogs in 2008 and Market Square in 2009.

The city’s success is also demonstrated by its long list of awards. Some recent awards include the Money Magazine 2008 Best Places to Live in USA, Today Newspaper 2008 Readers’ Choice Award—Best Place to Live, the 2008 National Recreation and Parks Association Gold Medal Award for best parks system in America and named a Playful City USA in both 2008 and 2009.

Under the able leadership of Mayor Charles England, the City Council and City Manager’s Office, Grand Prairie plans to continue growing stronger for their citizens and businesses. In 2010, the city will open a new Lake Rescue Center, Summit Activity Center for senior citizens and Public Safety Headquarters. A city known for being comfortably casual and incredibly friendly, Grand Prairie looks forward to the next 100 years of dreaming big and making it happen.

I am honored to represent the City of Grand Prairie and I ask my colleagues to join me in congratulating the city upon their 100th anniversary.
I want to commend Representative Israel for introducing this important resolution, and I urge my colleagues to support it.

PERSONAL EXPLANATION

HON. DENNY REHBerg
OF MONTANA
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 2, 2009

Mr. REHBerg. Madam Speaker, on rollcall number 911, 912, and 913 I was unavoidably detained due to communications from Billings, MT to Washington, DC.

Had I been present, I would have voted "nay" on rollcall 911, "yea" on rollcall 912, and "aye" on rollcall 913.

ENERGY AND WATER RESEARCH INTEGRATION ACT

SPEECH OF
HON. SHEILA JACKSON-LEE
OF TEXAS
IN THE HOUSE OF REPRESENTATIVES
Tuesday, December 1, 2009

Ms. JACKSON-LEE of Texas. Mr. Speaker, I rise before you today in support of H.R. 3598, "Energy and Water Research Integration Act." I would like thank my colleague, Rep. BART GORDON, for introducing this important legislation.

I support this legislation because our country faces immense challenges with increased demand on our energy and water resources. It is for that reason that this bill is a critical component of our country's energy strategy. According to the Department of Energy's National Energy Technology Laboratory, the thermoelectric power sector accounts for 39 percent of total freshwater withdrawal in the United States, and 3.3 percent of total freshwater consumption.

Not only do we need vast quantities of water for energy production, but we also need energy to transport and treat water. Water resource problems are intensifying across all regions of the country. As demand for water continues to rise and supplies dwindle, it has become increasingly apparent that the federal government should create a comprehensive strategy for energy-water research and development of new technologies to ensure sustainable water and energy supplies.

This legislation takes the first steps toward tackling these problems by directing the Secretary of Energy and fuel production; and renewable energy and fuel production technologies; innovative water reuse, recovery, and treatment in energy generation and fuel production; and reduction of water resource impacts of fossil fuel resource development.

Finally, this bill directs the Secretary, in coordination with other agencies, to establish an Energy-Water Architecture Council to promote and enable improved energy and water resource data collection, reporting, and technological innovation.

This Council would be required to: adopt data collection and communication standards and protocols for the federal government to provide reliable energy supplies; make improvements to federal water use data to increase understanding of trends in power plant water use; integrate existing monitoring networks to provide nationally uniform water and energy use and infrastructure data; and conduct an annual technical workshop to facilitate information exchange among experts on technologies that encourage the conservation and efficient use of water energy.

With these first steps, our country will be far better informed about the challenges wrought by increasing demands for water and energy, and so will be better able to face them.

CONGRATULATING KIM JAKOVICS

HON. JOHN P. SARBAÑES
OF MARYLAND
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 2, 2009

Mr. SARBANES. Madam Speaker, I would like to commend Kim Jakovics, a social studies teacher at Annapolis High School in Maryland, for winning the Milken Educator Award. Since 1987, this prestigious award has been given annually to honor teachers who have distinguished themselves in their incredibly important and challenging field. Of the fifty-three teachers across the nation to be awarded this prize, she is the sole recipient from Maryland. Mrs. Jakovics was selected because of the immeasurable impact she has had on her students. Michael Milken, co-founder of the foundation, said of her instruction, "Students' self-image changed, their aspirations changed. Students were different after that experience."

For the past six years, Mrs. Jakovics' dedication to her students has made them feel more confident in aim for lofty goals. She has been effective in leading classrooms full of students at different skill levels and embraced the challenge of teaching diverse groups.

Because of teachers like Mrs. Jakovics, Annapolis High School has experienced a dramatic improvement in student results. For five years the school failed to meet state testing standards. Over the last two years, however, the school has met standards and been removed from Maryland's troubled schools watch list. The dedication of teachers like Mrs. Jakovics is what makes such a dramatic turn-around possible.

I hope Mrs. Jakovics will inspire other talented individuals to enter the field of teaching. Once again, I congratulate Mrs. Jakovics and wish her the best of luck.
Mr. RADANOVICH. Madam Speaker, I rise today to posthumously honor Dolphas Trotter upon being awarded the “Community Health Champions Award” at the 2009 West Fresno Health Care Coalition’s 5th annual “This Is Your Life of Service” lunch and awards ceremony. This year the ceremony will be held at the Radisson Hotel Conference Center in Fresno, California, on Tuesday, November 3rd.

Mr. Dolphas Trotter was born in 1940 in Isabell, Oklahoma. In 1945 the Trotter family moved cross-country and settled in Southwest Fresno, California. Mr. Trotter attended Washington Union High School where he played football. During his senior year, he participated in the annual Fresno City-County All-Star game, which earned him a football scholarship to College of the Pacific, known today as University of the Pacific. Mr. Trotter graduated in 1962 with a Bachelor’s degree and returned to Fresno and began working for Fresno County Department of Social Services.

Shortly after his return to Fresno, Mr. Trotter was drafted into the United States Army and was honorably discharged in 1969. This experience affirmed his belief in the value of education and community. When he returned to Fresno from his military service, he began a career in education. The first of many positions Mr. Trotter held in education was at Franklin Elementary School as a fifth grade teacher. He moved on to teach at Edison High School, where he later became the Vice Principal and the first African American principal of the school. Mr. Trotter had a successful career in the Fresno school system, including serving as Principal at Tioga Middle School and Cooper Middle School. For a brief time he served as the first African American interim superintendent of the Fresno Unified School District and then served as the Superintendent at New Millennium Charter Schools.

Mr. Trotter was also a firm believer in community service. He sat on many boards and worked with many organizations, including the African American Historical and Cultural Museum, the Association of California School Administrators, Cedar Vista Hospital Advisory Board, Channel 24 Portrait of Success Board member, National Alliance of Black School Educators, State Center Community College Foundation and Washington Union School Board. For his service to these organizations Mr. Trotter has received many accolades.

Mr. Trotter and his wife met while working at the Fresno County Department of Social Services. They were married in 1972 and raised four children, including two adopted daughters. Mr. Trotter passed away on March 18, 2009. He was a strong advocate and will be remembered by his loved ones.

Madam Speaker, I rise today to honor Dolphas Trotter upon being awarded the “Community Health Champions Award.” I invite my colleagues to join me in honoring his life and wishing the best for his family.

Mr. SHUSTER. Madam Speaker, I rise today to honor and celebrate the Northern Cambria Lady Colts volleyball team for their remarkable season that ended with a Pennsylvania Interscholastic Athletic Association (PIAA) Class A State Championship title.

The Lady Colts, who concluded their season with an impressive 26–1 record, swept the defending champions, Holy Name—25–14, 30–28, and 25–22 in the championship match on November 14, 2009. The State Champions title capped off an extraordinary season, with the Lady Colts also winning their 100th consecutive conference match. Additionally, these young women also posted their sixth consecutive District VI title as the team completed their season without a single conference loss.

Led by Coach Mike Hogan, the new state champs will be graduating four outstanding seniors: Janae Duncheck, Breanna Kochinsky, and cousins Arie & Jess Rocco. However, this tight-knit team will have twenty-two girls returning next season to follow in the footsteps of their leaders.

I am extremely proud of the hard work and dedication that these young women from Northern Cambria have displayed. I would like to extend my most sincere congratulations to the team, the coaching staff, and their fans on a fantastic season. I wish them the best of luck in all of their future endeavors.

Mr. GRAVES. Madam Speaker, I proudly pause to recognize Tucker Campbell Seise, a very special young man who has exemplified the finest qualities of citizenship and leadership by taking an active part in the Boy Scouts of America, Troop 1179, and in earning the most prestigious award of Eagle Scout.

Tucker has been very active with his troop practicing in many scout activities. Over the many years Tucker has been involved with scouting, he has not only earned numerous merit badges, but also the respect of his family, peers, and community.

Madam Speaker, I proudly ask you to join me in commending Tucker Campbell Seise for his accomplishments with the Boy Scouts of America and for his efforts put forth in achieving the highest distinction of Eagle Scout.

PERSONAL EXPLANATION

Mr. GERLACH. Madam Speaker, unfortunately, on Tuesday, December 1, 2009, I missed three recorded votes on the House floor. Had I been present, I would have voted “yea” on rollcall 911, “yea” on rollcall 912, and “yea” on rollcall 913.

IN RECOGNITION OF FREIGHTLINER CUSTOM CHASSIS CORPORATION

Ms. WOOLSEY. Madam Speaker, I rise with sadness today to honor my friend Jeanne-Claude, who passed away November 18 at the age of 74. In partnership with her husband Christo, she created some of the most exciting art projects of our time. The couple is known for large-scale temporary environmental works of stunning beauty that transform our perceptions of buildings and landscapes, while creating community dialogue.

I was fortunate to meet the couple in connection with The Running Fence, one of their most spectacular projects that snaked through 24 miles of my district in California’s Sonoma and Marin Counties. Installed in 1976, The Running Fence featured over two million square feet of billowing nylon across the golden brown hills of 59 ranches to the Pacific Ocean. The sheer logistics of the endeavor became part of the artistic process as Jeanne-Claude and Christo brought disparate members of the local community together over four-and-a-half years of planning and procuring to bring it to fruition.

The pair returned to Sonoma County in September for a reunion event where I saw that Jeanne-Claude exhibited the same flamboyant, warm style that won her friends and
supporters for the project 33 years ago. The reunion laid the groundwork for an upcoming Smithsonian exhibition on The Running Fence that will serve as a tribute to her partnership with Christo on this remarkable collaboration.

Born in Morocco, Jeanne-Claude met Christo during the 1957–1958 Pari Bond tour, and married him by the birth date, in Paris in 1958. At that time, Christo was wrapping small objects, and they soon began collaborating on wrapping larger outdoor installations which led to the most famous—Paris’s Pont Neuf (1975–1985) and Berlin’s Reichstag (1971–1995). Many other projects included natural settings such as Surrounded Islands in Biscayne Bay, Florida; Valley Curtain in Rifle, Colorado; The Umbrellas on hillsides in both California and Japan; and The Gates in Central Park, New York.

Sponsorships were never accepted for these and other installations which were financed through sales of prints, models, drawings, photos, and other documents. The works were always a team effort, with the resulting objects signed with the joint name, “Christo and Jeanne-Claude.”

In addition to her husband, Jeanne-Claude is survived by their son, poet Cyril Christo, and a grandson.

Madam Speaker, Christo will be carrying on the couple’s work, and I am sure that memories of Jeanne-Claude’s vibrancy and love will be a comfort to him during this time. Marin and Sonoma residents will remember her glitzy red hair and her wit and charm, but it is her friendship that we will cherish the most.

PERSONAL EXPLANATION

HON. CHRISTOPHER P. CARNEY
OF PENNSYLVANIA
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 2, 2009

Mr. CARNEY. Madam Speaker, on Tuesday, December 1, I was unable to cast my vote on three suspension bills due to my attendance of the President’s address to the National Day of Prayer. During the President’s address to the Nation, I was unable to cast my vote on three suspension bills due to my attendance of the President’s address to the National Day of Prayer.

Colonel Hoxie went on to work in various staff positions including executive officer to the Athletic Department Director at the United States Air Force Academy, executive officer to the Vice Commander Headquarters, Air Combat Command, and Senior Operations Duty Officer at Osan Air Base, Korea. He also commanded the 94th Flying Training Squadron at the Air Force Academy, led as the Deputy Operations Group Commander at the 34th Operations Group, United States Air Force Academy, utilizing his skill as a trainer and mentor, and was the Chief of Homeland Defense and Security at Headquarters, Air Combat Command, Langley Air Force Base, Virginia. Following this assignment, Colonel Hoxie went on to command the 35th Mission Support Group at Davis Monthan Air Force Base, Arizona.

For the past 2 years, Colonel Hoxie has performed with distinction in the Legislative Liaison Directorate. From May 2008 to March 2009, he led the Programs and Legislative Division, ensuring prompt and thorough response to the Congress on policy and personnel issues concerning the United States Air Force. From March 2009 to the present, Colonel Hoxie led the Congressional Inquiry division, providing efficient and thorough response to over 5,000 congressional inquiries.

Mr. HASTINGS of Florida. Madam Speaker, on behalf of Congress and the United States of America, I thank COL Hal Hoxie, his wife Kathy, to whom he’s been married for 31 years, and their four sons: Aaron, Alex, Austin, and Andrew. The Hoxies had been a proud Air Force family for the duration of Colonel Hoxie’s career and I salute the entire family for their continued commitment, sacrifice, and contribution to this great Nation. Again, I congratulate Colonel Hoxie on his retirement and wish him Godspeed as he transitions into his new job as president of Central Christian College in McPherson, Kansas.

SUPPORTING CJ’S HOME PROTECTION ACT

HON. KAY GRANGER
OF TEXAS
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 2, 2009

Ms. GRANGER. Madam Speaker, as the House considers H.R. 320, “CJ’s Home Protection Act,” I encourage my colleagues to support its passage. As a cosponsor of this bill, I believe it is important to reflect back on why this legislation is crucial to saving lives in our communities.

In June 2007, devastating storms, tornadoes and flooding hit my district over a few days’ time and left large amounts of property damaged and displaced thousands of families. Tragically, the flooding also took the lives of 11 individuals and injured others.

As Chairman of the Homeland Security Committee, I have met first-hand with many of those families and understand how important this legislation is to help our Armed Forces and Members of Congress ensure that the brave men and women who serve in the military and their families have the tools to protect their homes and families. I urge each and every Member of Congress to support the honest and open testimony act and pass the CJ’s Home Protection Act.

CONGRESSIONAL RECORD — Extensions of Remarks December 2, 2009
Don’t Ask, Don’t Tell hurts our troops, runs counter to the values of our Armed Forces, and threatens our national security. Since the law was implemented in 1994, over 13,500 qualified service members have been lost to Don’t Ask, Don’t Tell, and counting. With each passing day, we lose approximately two service members to this misguided, unjust, and debilitating policy. Furthermore, Don’t Ask, Don’t Tell continues to undermine and demoralize the more than 65,000 GLBT Americans currently serving on active duty.

Keeping good troops is good policy, and our GLBT service members inspire our most talented and dedicated. As the United States continues to work toward responsibly ending the war in Iraq and reengages the threat from al Qaeda in Afghanistan, our GLBT service members offer invaluable skills that enhance our military’s potency and readiness. They are linguists, aviators, medics, and highly trained soldiers who are involved in valuable operations that have nothing to do with their sexual orientation and everything to do with protecting our freedom and advancing our national security interests. Above all, however, they offer their lives to serve their country.

I am extremely proud of the men and women who serve in our Armed Forces and truly appreciate the countless sacrifices they continue to make every single day to protect this nation and the American people. They deserve better than Don’t Ask, Don’t Tell. In order for Congress to have an honest and open discussion about the relevance of the current law, as well as to consider its repeal, we must hear from our troops. The brave men and women who have sacrificed so much thus far are counting on us to take action.

Madam Speaker, I realize that this issue is considered controversial, but it should not be. As Congress prepares to debate the future of Don’t Ask, Don’t Tell with hearings in the Senate and in the House of Representatives, we must ensure that we hear all sides of the issue and especially from active-duty GLBT service members. The Honest and Open Testimony Act helps achieve this by addressing a situation that has nothing to do with their sexual orientation and everything to do with protecting our freedom and advancing our national security interests. Above all, however, they offer their lives to serve their country.

Our legislation addresses a situation that most of our constituents have faced at least once and perhaps several times. An individual rents a car from a car rental company and is told the daily rate will be about $25.00. At the end of the rental, the charges from the car rental company are closer to $35.00 or $40.00 per day. Questions inevitably arise about the source of these additional charges.

A small portion of the difference between the car rental company’s daily rate and the amount charged is state or local sales taxes, which consumers pay on most goods and services they purchase. Increasingly, however, the bulk of these additional charges are state and local discriminatory excise taxes on car rental consumers—local taxes imposed to build sports stadiums, convention centers, etc. No matter what the size or scope of a local project, states or localities have sought to “export” the burden of funding these local initiatives by taxing “out-of-town” visitors renting cars in their state, city, or county.

These discriminatory excise taxes on travelers have become increasingly popular in recent years. In 1976, there was one such tax. Since 1990, more than 115 special rental car taxes have been enacted in 43 states and the District of Columbia. As a result, car rental customers have paid more than $7.5 billion in special taxes to fund projects with no direct connection to renting a car. In addition to stadiums, car rental customers are also footing the bill for performing arts centers and a culinary institute. A recent study found that the taxes fall disproportionately on minority households; the taxes raise auto insurance costs; and these taxes reduce purchases of cars by rental companies—an increase of 10% in tax relative to the base rental rate reduces rental demand, and, therefore, purchases of new cars by rental car companies, by approximately 12%.

The End Discriminatory State Taxes for Automobile Renters Act would impose a permanent moratorium on discriminatory excise taxes on car rental customers by declaring these taxes an undue burden on interstate commerce. The bill would extend this protection to car rental companies—an increase of 10% in tax relative to the base rental rate reduces rental demand, and, therefore, purchases of new cars by rental car companies, by approximately 12%.

Mr. BOUCHER. Madam Speaker, I rise today to introduce the End Discriminatory State Taxes for Automobile Renters Act. I am pleased to be joined by my colleague from Missouri, Todd Akin, as the lead Republican cosponsor of the legislation.

Our legislation addresses a situation that most of our constituents have faced at least once and perhaps several times. At the end of the rental, the charges from the car rental company are closer to $35.00 or $40.00 per day. Questions inevitably arise about the source of these additional charges.

A small portion of the difference between the car rental company’s daily rate and the amount charged is state or local sales taxes, which consumers pay on most goods and services they purchase. Increasingly, however, the bulk of these additional charges are state and local discriminatory excise taxes on car rental consumers—local taxes imposed to build sports stadiums, convention centers, etc. No matter what the size or scope of a local project, states or localities have sought to “export” the burden of funding these local initiatives by taxing “out-of-town” visitors renting cars in their state, city, or county.

These discriminatory excise taxes on travelers have become increasingly popular in recent years. In 1976, there was one such tax. Since 1990, more than 115 special rental car taxes have been enacted in 43 states and the District of Columbia. As a result, car rental customers have paid more than $7.5 billion in special taxes to fund projects with no direct connection to renting a car. In addition to stadiums, car rental customers are also footing the bill for performing arts centers and a culinary institute. A recent study found that the taxes fall disproportionately on minority households; the taxes raise auto insurance costs; and these taxes reduce purchases of cars by rental companies—an increase of 10% in tax relative to the base rental rate reduces rental demand, and, therefore, purchases of new cars by rental car companies, by approximately 12%.

The End Discriminatory State Taxes for Automobile Renters Act would impose a permanent moratorium on discriminatory excise taxes on car rental customers by declaring these taxes an undue burden on interstate commerce. The bill would extend this protection to car rental companies—an increase of 10% in tax relative to the base rental rate reduces rental demand, and, therefore, purchases of new cars by rental car companies, by approximately 12%.
of accomplishment, Mrs. Dickson and her late husband, William James Dickson, owned the Darlington Hardware. Mrs. Dickson was a member of the Darlington Presbyterian Church and active for years with the American Legion Auxiliary. In the past few years she resided at the Metropolitan Manor in Florence, South Carolina and then at Agape Senior Care in Irmo, South Carolina.

One of twelve children, Nettie DuRant Dickson is survived by sibling Marion DuRant, daughters Elizabeth Betty DuPre and Jeanette D. Renfrow, numerous nieces and nephews, four grandchildren and three great-grandsons.

In the end, what counts most is not how long we lived, but how well. On both counts, Nettie DuRant Dickson lived a good and fruitful life.

CONGRATULATING BRIAN KLOCK

HON. PETE OLSON
OF TEXAS
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 2, 2009

Mr. OLSON. Madam Speaker, I rise today to congratulate a great public servant upon his retirement from the United States Navy—a man who has served his country diligently, my friend Brian Klock.

After 28 years of service to his country, Brian retired from his post as a Commander in the Navy on July 1, 2009. Throughout his career he served as an intelligence officer working as an analyst, an aviation intelligence officer in a P3 Squadron, and as a Naval Criminal Investigative Service (NCIS) Agent. On many occasions his service took him overseas, including during the Cold War and the Bosnian conflict.

After September 11, 2001, Brian was called to serve in NCIS and was assigned to counter intelligence operations overseas. Upon his return to the United States, Brian was asked to join the Protective Services Division. It was there that he spent two years protecting the leadership of the Department of Defense and visiting foreign military dignitaries. At the conclusion of his career, Brian was serving as the operations officer for a CENTCOM intelligence unit.

It is with great pleasure that I congratulate Brian for his years of exemplary service to our nation. I wish him the best in his years to come and hope he lives life to the fullest during his retirement years.

EMERGENCY MEDICINE AND MEDICAL MALPRACTICE REFORM

HON. BART GORDON
OF TENNESSEE
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 2, 2009

Mr. GORDON of Tennessee. Madam Speaker, as we debate and move forward on this historic endeavor—passage of health care reform with a goal of improving access and coverage for the millions of uninsured and underinsured individuals—I would like to take a moment to discuss the role of emergency medicine and review the various provisions in this bill which strengthen access to emergency care. As we work to improve coverage and enhance preventive and chronic care, we must remember to balance the acute care needs of patients, especially those treated in emergency departments.

Emergency medicine is an essential part of our safety net and must be supported. Whether it is a patient arriving by ambulance to a hospital emergency room as the result of a suspected H1N1 influenza case, trauma, a natural or manmade disaster, or because they’ve lost their job and health insurance and a health condition escalates to the point of needing to seek emergency care, we all rely on quality emergency care to be available when needed.

Recent events demanding it—unlike other doctors who can choose not to participate with various health insurance plans, Medicare or Medicaid, emergency physicians are required by federal law to treat every patient who walks through the door, regardless of their ability to pay. But, our emergency medical system is in crisis, and the severe problems facing emergency patients affect everyone.

Earlier this year, the American College of Emergency Physicians (ACEP) released its annual report card on emergency care. The nation was graded a C minus overall, with 90 percent of states earning mediocre or failing grades. America earned a failing grade in the “Access to Emergency Care” category. This is unacceptable and also terrifying news for the more than 300,000 people each day who need emergency care.

Although my own state of Tennessee outperformed most states in some areas, we have a long way to go. The report states that Tennessee has only 8.9 emergency physicians per 100,000 people, and needs an additional 60.2 full-time equivalent mental health care providers to serve the state’s population. Also, it points out that these issues may contribute to hospital crowding and patient transfers, problems that have been identified as priorities among emergency physicians in Tennessee. Further, Tennessee has serious public health and injury prevention challenges. We have among the highest rates of infant mortality in the nation (8.9 deaths per 1,000 births), as well as high percentages of obese adults (28.8 percent) and adults who smoke (26.6 percent). Tennessee has relatively high fatal injury rates: 22.7 homicides and suicides per 100,000 people and 2.2 deaths due to unintentional fire and burn-related injuries per 100,000.

Although the “Affordable Health Care for America Act” included provisions to improve coverage for preventive and chronic care, statistics like these for Tennessee demonstrate that access to quality emergency care will always be a priority and should not be taken for granted.

The health care reform bill passed by the House on November 7 included a number of provisions that would strengthen emergency care in the United States:

- Required Coverage for Emergency Services. Specifically, it would require that emergency services are part of any essential benefits package for all eligible health insurance plans.
- Emergency Care Coordination Center. Section 2552 would establish an Emergency Care Coordination Center. The center will coordinate and fund research into emergency medicine and trauma health care, promote regional partnerships and more effective emergency medical systems in order to enhance appropriate triage, distribution, and care of routine community patients; and promote local, regional, and state emergency medical systems’ preparedness for and response to public health events. It would also authorize a Council of Emergency Medicine.

Pilot Programs to Improve Emergency Medical Care. Section 2553 would establish demonstration programs that design, implement, and evaluate innovative models of regionalized, comprehensive, and accountable emergency care systems.

Demonstration Project for Stabilization of Emergency Medical Conditions by Institutions for Mental Diseases. Section 1787 would establish a demonstration project to reimburse psychiatric hospitals that provide required medical assistance to stabilize an emergency medical condition for individuals enrolled in Medicaid.

Hopefully the emergency medicine provisions will be further strengthened as they move through the legislative process to include 195,000 staffed beds between 1993 and 2003. As a result, fewer beds are available to accommodate admissions from the emergency department.

Ambulances are diverted, on average, once a minute in the United States, away from the closest emergency department because they are so crowded they cannot handle any more patients. For patients with life-threatening illnesses or injuries, those minutes can make the difference between life and death.

Last year, the American College of Emergency Physicians released a report by its Task Force on Boarding titled, “Emergency Department Crowding: High-Impact Solutions.” ACEP established the task force to develop low-cost or no-cost solutions to boarding. The report is intended to help emergency physicians stop boarding in their own hospitals and ultimately improve patient care. The report identifies those strategies to reduce crowding that have a “high impact,” as well as those that have not proven effective. The report identifies the boarding of admitted patients as the main cause of emergency department crowding. The report outlines the impact of boarding on patient care stating that “evidence-based research demonstrates that boarding results in the following: delays in care, ambulance diversion, increased hospital lengths of stay, medical errors, increased patient mortality, financial losses to hospital and physician, and medical negligence claims.”
Madam Speaker, to ensure our access to emergency care is protected, we must address this issue. I believe the provisions in my bill, H.R. 1188, “Access to Emergency Medical Services Act” will help by developing emergency department boarding and ambulance diversion standards and quality measures. I urge their consideration as the bill moves forward through the legislative process.

Emergency care is the most overlooked part of the health care system. But it is the number one service that everyone depends on in their hour of need. It needs our attention now.

In addition, to think forward to ensure that our system also accommodates future needs. To do so, we must address the shortage of board-certified emergency physicians. The Society for Academic Emergency Medicine, in 2008, published an Assessment of Emergency Physician Workforce Needs in the United States. The authors reviewed 2005 data and found that the supply of emergency medicine residency-trained, board-certified emergency physicians will not meet future demand. Specifically, they found that only 55% of the emergency medical board-certified physicians currently is met.

I agree with the need to enhance our prevention efforts and have introduced H.R. 3851, the “Physical Activity Guidelines for Americans Act” to help educate Americans of all ages regarding the need for physical activity, taking responsibility for one’s health and staying fit. However, experience shows that not everyone will adhere to recommended guidelines, and genetic predisposition, trauma and seasonal flu or other illnesses such as H1N1 will continue to bring people to our nation’s emergency rooms. Therefore, we must be sure emergency departments are equipped to handle our needs.

In June 2006, the Institute of Medicine (IOM) released three landmark reports on the “Future of Emergency Care in the United States Health System,” detailing the challenges and concerns this nation faces in maintaining access to emergency medical services. The IOM reported that the nation’s emergency medical system as a whole is overburdened, underfunded and highly fragmented.

Emergency care has long been overlooked and as a result it is stretched to a breaking point. As Congress focuses on health reform this year, I urge my colleagues to recognize the role emergency medicine plays in our safety net and support the provisions in the health reform bill that strengthen emergency care. Further, I urge my colleagues to work to adequately support our emergency medical system by further addressing boarding and diversion as the bill moves forward.

IN APPRECIATION OF SAN BRUNO MAYOR LARRY FRANZELLA

HON. JACKIE SPEIER
OF CALIFORNIA
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 2, 2009

Ms. SPEIER. Madam Speaker, this week the City of San Bruno will see a changing of the guard as Mayor Larry Franzella steps down from the position he has held for a decade.

A native of San Francisco, Mayor Franzella moved to San Bruno as a boy and attended local schools, including Crestmoor High School, Skyline College and the College of San Mateo. He’s a classic example of “local boy makes good.” He began a successful real estate career in 1975 and over three decades has risen through the ranks of his profession, serving as President of the San Bruno Chamber of Commerce, the Rotary Club of San Bruno and the San Mateo County Association of Realtors, and as Regional Vice-President of the California Association of Realtors. He currently serves as President of Prudential California Realty in San Bruno.

Larry Franzella has served his adopted city of San Bruno in a myriad of ways. Besides his aforementioned community and business associations, Larry served as a member of the Personnel Board and was a founding member of the city’s Citizens Crime Prevention Committee. In 1987, the people of San Bruno elected Larry to his first of two terms on the city council. Then in 1999, after a two-year hiatus, voters chose Larry to serve as Mayor—a post he held for five consecutive two-year terms. In this role, he also represented San Bruno as a member of the regional Airport Roundtable.

Madam Speaker, everyone in this chamber knows how important it is to have dedicated, intelligent people serve on local boards, commissions and city councils. The work can be difficult, the hours long and the pay virtually non-existent, yet we ask these selfless public servants to give far more than they receive to assure that the residents and taxpayers under their care are provided for. Mayor Larry Franzella is one of those dedicated and selfless leaders.

Larry has certainly earned his retirement. However, knowing Larry like I do, I am sure that he will never retire from community service. On behalf of my colleagues in the United States House of Representatives, I want to thank Mayor Larry Franzella for his long-time service to the people of San Bruno and the County of San Mateo.

CELEBRATING THE 60TH WEDDING ANNIVERSARY OF HERMAN AND MARJORIE WILLIAMS

HON. ELIJAH E. CUMMINGS
OF MARYLAND
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 2, 2009

Mr. CUMMINGS. Madam Speaker, I rise today along with my esteemed colleague from California, Barbara Lee, in order to congratulate Herman and Marjorie Williams on their 60th wedding anniversary.

Herman and Marjorie have a fierce dedication to their family and children. Their love and commitment have been a steadfast example for others.

Over the decades of their marriage, they contended against racism and segregation as they pursued their careers. Herman as one of the first black firefighters in Baltimore and Marjorie at Westinghouse. Their commitment to hard work and to their family never wavered.

Herman eventually became the nation’s first African-American major-city fire chief and Marjorie retired after 45 years of exemplary career. Even after her retirement, Marjorie has volunteered her time with many charitable organizations, dedicating herself to helping the less fortunate. Always an adventuresome spirit, she has also continued to pursue her love of travel.

The two of them together raised four wonderful and successful children: Marjorie, Clolita, Montel, and Herman. Marjorie and Herman have a fierce dedication to their family, and the values they instilled led their children to prominent careers in the arts, education, civil service, and broadcast media.

The Williams have been an inspiration to their friends, their family, to their community, and to everyone determined to triumph in the face of adversity.

On November 28, 2009, they celebrated their anniversary along with family and friends. Please join us in wishing them the best of luck as they continue to spend their lives loving and supporting each other and bringing joy and happiness to their family and friends.

HONORING BRIAN AND DORIE BARKEY

HON. DALE E. KILDEE
OF MICHIGAN
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 2, 2009

Mr. KILDEE. Madam Speaker, on Wednesday, December 2nd, the Tall Pine Council—Boy Scouts of America is bestowing its Distinguished Citizen Award on Brian and Dorie Barkey. A dinner will be held in their honor in Grand Blanc, Michigan.

Dorie Barkey retired from the Red Cross in 1999 and the Crim Race Director asked her to direct the Crim Adult Training Program. Brian became the volunteer training program coordinator about the same time. Under their leadership the training program set all time records for the following 8 years. Between 1999 and 2008 Dorie and Brian had enrolled 7200 trainees in the program. The training program is known nationally as the largest training program for a single event in the world.

Brian, a Genesee County attorney with over 37 years of law practice, served on the Crim Race Board of Directors for 15 years and was President of the Board for 4 years. Active with the Genesee County Bar Association, he served as editor of its publication, Bar Beat, for 3 years. He was recognized for his work in 2002 and was awarded the Genesee County Distinguished Mediator of the Year Award. The following year he served as the Genesee County Bar Association’s President and he currently serves as the “chairman for life” of the Bar Association’s Community Holiday Dinner. The Michigan State Bar Association bestowed its Unsung Hero Award on Brian for his work with the Crim Race in 2009.

Madam Speaker, I ask the House of Representatives to join me in congratulating Dorie and Brian Barkey as they receive the Distinguished Citizen Award. The Tall Pine Council grants the award to those persons that exemplify Scouting values and have made a significant impact in the community. Both Dorie and Brian Barkey have spent their lives working to build a better community and I wish them the best as they continue to assist the people of the Flint area.
Mr. KENNEDY. Madam Speaker, today I rise to commend Special Olympics, Massachusetts, and long-time friend Donald J. Dowd. Both Special Olympics, Massachusetts and Mr. Dowd have put their fortunes in New England and wonderful contributors to the people and culture of our region.

As my colleagues know, Special Olympics provides year-round sports training, athletic competition and other related programming for athletes with intellectual disabilities.

This organization founded by my Aunt Eunice Kennedy Shriver in 1968, contributes to the physical, social, and psychological development of people with intellectual disabilities. It is a global force for change with over 2.5 million athletes participating worldwide representing over 140 countries.

In Massachusetts and Rhode Island, Special Olympics does amazing things for the people of New England. Special Olympics Massachusetts also offers Unified Sports, an initiative that combines approximately equal numbers of Special Olympics athletes and athletes without intellectual disabilities, called Partners, on sports teams for training and competition.

One of Special Olympics’ greatest supporters has been Donald Dowd, or Don as I affectionately call him. He worked for and volunteered for my Father in the Other Body for over 40 years, as well as for my uncles. He was responsible for coordinating the opening of the John F. Kennedy Presidential Library and has served as a member of the John F. Kennedy Library Foundation Board since its inception, helping to found the Friends of the Kennedy Library.

He is a lifelong resident of Springfield, Massachusetts, began his career in public service and has served as a member of the John F. Kennedy Library Foundation Board since its inception, helping to found the Friends of the Kennedy Library.

Mr. BRADY. Madam Speaker, I rise today to honor Regina Mainor. For years, Ms. Mainor has served her people of Philadelphia as the Director of North Central Victim Services. In December she will celebrate her retirement after many years of service to her community.

Regina Mainor was a hard worker from the beginning, obtaining her Bachelors Degree in Business Education and Masters Degree in Social Work from Temple University. Ms. Mainor obtained a position as Director of North Central Victims Services in 1999, and becoming Executive Director of the agency in 2002. The National Crime Victimization Services (NCVS) is a neighborhood victim service agency which specializes in working with victims of all ages, especially seniors. The NCVS provides crime victims compensation, crisis response, education, counseling, criminal justice/legal advocacy, court accompaniment, case management, and legal services, all of which are free of charge. Ms. Mainor helped the NCVS to get recognized as a federal non-profit organization in 2002.

Ms. Mainor has been recognized by the NAACP with the NAACP Award for Community Service, and she was honored again in 2006 for the National Crime Victims Services Award for Professional Innovation in Victims Services.

Regina Mainor’s long and impressive career showcases her commitment and service to her community. Her contributions to the area of Victim Services will be felt for many years to come, Madam Speaker, I ask that you and my other distinguished colleagues join me in thanking Regina Mainor for her work and congratulating her on the occasion of her retirement.

HONORING DR. AIDA LEVITAN, EMILIO ESTEFAN AND DR. EDUARDO PADRON: SOUTH FLORIDA MEMBERS OF THE NATIONAL MUSEUM OF THE AMERICAN LATINO COMMISSION

HON. SUE WILKINS MYRICK OF NORTH CAROLINA IN THE HOUSE OF REPRESENTATIVES Wednesday, December 2, 2009

Mrs. MYRICK. Madam Speaker, I rise today in memory of one of my constituents, Mrs. Sara Bissell, of Charlotte, North Carolina. Mrs. Bissell passed away after a brave 11-year battle with cancer on November 8, 2009 at the age of 71. Born in Charlotte and the granddaughter of former North Carolina Governor Cameron Morrison, Mrs. Bissell attended Charlotte Country Day School and graduated from Bennett Junior College in New York.

Mrs. Bissell took over her mother’s fine furniture store in 1964 and ran it until recently. Her interior design influence can be seen throughout Charlotte’s buildings and landmarks. Sara’s contributions to her community were many and varied. She worked tirelessly, both out front and behind the scenes, to make Charlotte a better place. She served on the board of directors for Charlotte Country Day School, University of North Carolina—Charlotte, YMCA of Greater Charlotte, and Queens University. The Chancellor’s residence at UNCC is named in her honor.

Sara married H.C. “Smoky” Bissell, a successful developer, in 1960. Together they had four children and nine grandchildren whom they loved and cherished. She was also the sister of Charlotte Country Day School President Sandy and Cameron Harris. Mrs. Bissell will be greatly missed by her family, friends, and the Charlotte community.

HON. BARBARA LEE OF CALIFORNIA IN THE HOUSE OF REPRESENTATIVES Wednesday, December 2, 2009

Ms. LEE of California. Madam Speaker, I rise today along with my esteemed colleague from Maryland, ELIJAH CUMMINGS, in order to congratulate Herman and Marjorie Williams of Baltimore, Maryland, as they celebrate sixty years of marriage. Since they exchanged their vows on November 24, 1949, these high school sweethearts have been extraordinary parents, friends, and members of their community. Over the decades of their marriage, they contended against racism and segregation as they pursued their careers. Herman as one of the first black firefighters in Baltimore and Marjorie at Westinghouse. Their commitment to hard work and to their family never wavered.

Herman eventually became the nation’s first African-American major-city fire chief and Marjorie retired after a long and exemplary career. Even after her retirement, Marjorie has volunteered her time with many charitable organizations, dedicating herself to helping the less fortunate. Always an adventuresome spirit, she has also continued to pursue her love of travel.

The two of them together raised four wonderful and successful children: Marjorie, Cirolla, Montel, and Herman. Marjorie and Herman have a fierce dedication to their family, and the values they instilled led their children to prominent careers in the arts, education, civil service, and broadcast media.

The Williams have been an inspiration to their friends, their family, to their community, and to everyone determined to triumph in the face of adversity.

On November 28, 2009, they celebrated their anniversary along with family and friends. Please join us in wishing them the best of luck as they continue to spend their lives loving and supporting each other and bringing joy and happiness to their family and friends.

CONGRATULATING HERMAN AND MARJORIE WILLIAMS ON 60TH ANNIVERSARY

HON. ROBERT A. BRADY OF PENNSYLVANIA IN THE HOUSE OF REPRESENTATIVES Wednesday, December 2, 2009

Mr. BRADY. Madam Speaker, I rise today along with my esteemed colleague from Maryland, ELIJAH CUMMINGS, in order to congratulate Herman and Marjorie Williams of Baltimore, Maryland, as they celebrate sixty years of marriage. Since they exchanged their vows on November 24, 1949, these high school sweethearts have been extraordinary parents, friends, and members of their community. Over the decades of their marriage, they contended against racism and segregation as they pursued their careers. Herman as one of the first black firefighters in Baltimore and Marjorie at Westinghouse. Their commitment to hard work and to their family never wavered.

Herman eventually became the nation’s first African-American major-city fire chief and Marjorie retired after a long and exemplary career. Even after her retirement, Marjorie has volunteered her time with many charitable organizations, dedicating herself to helping the less fortunate. Always an adventuresome spirit, she has also continued to pursue her love of travel.

The two of them together raised four wonderful and successful children: Marjorie, Cirolla, Montel, and Herman. On November 28, 2009, they celebrated their anniversary along with family and friends. Please join us in wishing them the best of luck as they continue to spend their lives loving and supporting each other and bringing joy and happiness to their family and friends.

HONORING DR. AIDA LEVITAN, EMILIO ESTEFAN AND DR. EDUARDO PADRON: SOUTH FLORIDA MEMBERS OF THE NATIONAL MUSEUM OF THE AMERICAN LATINO COMMISSION

HON. ILEANA ROS-LEHTINEN OF FLORIDA IN THE HOUSE OF REPRESENTATIVES Wednesday, December 2, 2009

Ms. ROS-LEHTINEN. Madam Speaker, I would like to recognize several outstanding individuals from my South Florida community who have been named to serve on the National Museum of the American Latino Commission, which is part of the rich tapestry of this nation’s history. Hispanics have served proudly in America’s defense from the American Revolution to our current engagement in Iraq and Afghanistan. The number of Hispanic-owned businesses approached 3 million in 2008 and they contribute approximately $389 billion dollars annually to the U.S. economy.

The Hispanic-American experience is part and parcel of the American story. I will be honored to join these talented men and women tomorrow with the rest of the members of the Commission. Through their efforts, Hispanics from all walks of life will one day be able to see and appreciate the contributions of Hispanic-Americans to our great nation.
LEGISLATION TO EXPAND THE ARMY CORPS OF ENGINEERS’ ROLE IN CHESAPEAKE BAY RESTORATION

HON. JOHN P. SARBANES
OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 2, 2009

Mr. SARBANES. Madam Speaker, I rise today to re-introduce legislation that would strengthen and expand the Army Corps of Engineers’ role in restoring the Chesapeake Bay restoration—a mission they first began in 1996. This legislation would provide the Corps with continuing authority to engage in this work; expand the Corps’ work to all six States in the Bay watershed and the District of Columbia; and provide flexibility for the Corps to work with other Federal agencies, State and local governments, and not-for-profit groups engaged in Bay cleanup.

As the Congress begins to consider the re-authorization of the Water Resources Development Act, we must take this opportunity to strengthen the role that the Army Corps of Engineers plays in Chesapeake Bay cleanup. We must turn the tide in the Bay cleanup effort so future generations can continue to enjoy the cultural, historic, and recreational benefits of the Bay and so it can continue to be an economic driver for the Mid-Atlantic region. The Corps can play an important role in that effort.

The Chesapeake Bay Environmental Restoration and Protection Program, which was established in section 510 of WRDA 1996, authorizes the Army Corps of Engineers to provide design and construction assistance to State and local authorities in the environmental restoration of the Chesapeake Bay. These projects range from shoreline buffers to oyster reef construction. As it is currently structured however, the program has been limited in its scope for several reasons. First, the Corps’ restoration efforts have been limited to Maryland, Virginia, and Pennsylvania, which has precluded a comprehensive, watershed-wide plan that adequately prioritizes projects. Second, unlike all other major Federal agencies engaged in Bay restoration, the Corps has no small watershed grants program that engages State and local governments or non-profits in small scale restoration projects. This limitation is compounded by the Corps’ intricate procurement processes. Finally, the matching fund requirements of the section 510 program does not allow for the use of in-kind services or contributions, which limits collaboration.

The Chesapeake Bay Commission, a multi-State legislative assembly dedicated to the restoration of the Bay, has previously identified these deficiencies and has recommended the several improvements to the program that are the basis for this legislation. For these reasons, I believe the bill would strengthen the section 510 program so that the Army Corps of Engineers can continue to be a strong partner in Chesapeake Bay cleanup.

I hope my colleagues will continue to support this legislation through the upcoming WRDA process.

EXPRESSING SUPPORT FOR GREATER AWARENESS OF OVARIAN CANCER

SPEECH OF
HON. MICHAEL M. HONDA
OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 1, 2009

Mr. HONDA. Mr. Speaker, I rise today to express my strong support for H. Res. 727, emphasizing the need for greater awareness about ovarian cancer and of the most vulnerable and ideals established by National Ovarian Cancer Awareness Month. Having lost my wife of 36 years, Jeanne, to ovarian cancer in 2004, I am acutely sensitive to the need for reliable early detection programs and effective treatments for late stage ovarian cancer. I am not alone in having lost a loved one to this disease—ovarian cancer is the deadliest of all gynecologic cancers, affecting over 20,000 women a year. Ovarian cancer is the fifth leading cause of cancer death in women, killing nearly 55 percent of those diagnosed within 5 years of diagnosis. Despite this tragically high toll, we still remain woefully ignorant of proper prevention strategies for ovarian cancer, and have yet to develop a reliable early detection program.

While over 90 percent of ovarian cancer cases can be prevented with early screening and treatment, many women remain unaware of their risk factors and the early symptoms of ovarian cancer are particularly difficult to accurately diagnose. Because of this, 75 percent of ovarian cancer cases are diagnosed in the advanced stages where it is often too late to prevent the cancer’s spread. Awareness and early recognition are the best way to save women’s lives.

Congress is making some effort to address the inadequacies in our current system. For example, in November 2005, the House passed the Gynecological Resolution for the Advancement of Ovarian Cancer Education in a bipartisan effort to increase the public’s understanding of this deadly disease. The President and nonprofit advocacy groups are also engaged in educating the public. President Obama proclaimed September National Ovarian Cancer Awareness Month and throughout September, the Ovarian Cancer National Alliance held hundreds of events across the country to inform women about the importance of gynecologic exams, and to teach them about the warning signs of ovarian cancer.

Better education, more funding for research, and increased awareness efforts are critical to ensuring that we reduce infection and mortality rates for ovarian cancer in women. I urge my colleagues to continue our efforts to increase research funding to cure ovarian cancer and support public outreach programs on the prevention and treatment of gynecological cancers.

HINI VACCINE FOR PRISONERS

HON. TED POE
OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 2, 2009

Mr. POE of Texas. Madam Speaker, as we all know there is limited supply of the H1N1 vaccines all over our country. In Texas, there was news that prisoners could receive the swine flu vaccine before children and pregnant women. There are over 45,000 inmates who are evidently in the “high-risk” group in Texas. The correctional institutions believe that the convicts deserve to be vaccinated. Due to the limited number of vaccines available for Texas, the inmates may not receive them as soon as they wish.

By what logic do you justify having inmates receive vaccinations as a higher priority than pregnant women and children? These individuals are the most vulnerable among us and should be of great concern; not to mention senior adults, caregivers, and many others that should be high on the list. When these vaccines are provided to the states it should go to our taxpayers before our “high risk” convicts. The government needs to step up to the plate and provide the available vaccines to the people who need them the most—the children.

RECOGNIZING NOVEMBER AS NATIONAL DIABETES MONTH

HON. DIANA DeGETTE
OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 2, 2009

Ms. DeGETTE. Madam Speaker, this week the co-chairs of the Congressional Diabetes Caucus joined with 129 original cosponsors to introduce H. Res. 914, a resolution supporting the observance of National Diabetes Month.

The resolution encourages people in the United States to fight diabetes through raising public awareness about stopping diabetes and increasing education about the disease. It also recognizes the importance of early detection, awareness of the symptoms of diabetes, and the risk factors for type 2 diabetes. Finally, it supports decreasing the prevalence of diabetes, developing better treatments and working toward an eventual cure for type 1 and type 2 diabetes.

Since diabetes afflicts nearly 24 million Americans and is the seventh leading cause of death, we must increase awareness and encourage the research to find cures. National Diabetes Month is observed every November and is an excellent way to build awareness about both type 1 and type 2 diabetes. Too many people are not familiar with the differences between type 1 and type 2 diabetes and how they are treated, what the risk factors are, and what sort of research is needed to make progress in the fight against this disease.

That is why the mission of the Congressional Diabetes Caucus is to educate Members of Congress and their staff about diabetes. It is also our mission to support legislation and other efforts to improve diabetes research, education, and treatment.

The legislative priorities of the Congressional Diabetes Caucus support the goals and ideals of National Diabetes Month. For example, H.R. 1995, The Eliminating Disparities in Diabetes Prevention, Access and Care Act, is designed to promote research, treatment, and education regarding diabetes in minority populations. This specific focus will help address the unique challenges faced by minority populations and provide more effective treatment and education.
H.R. 1625, the Equity and Access for Pediatric Physicians Under Medicaid Act, would classify pediatricians as physicians for purposes of direct reimbursement through the Medicaid program.Pediatry is critical to the treatment and understanding of diabetes.

The Medicare Diabetes Self-Management Training Act, H.R. 2425, would make a technical clarification to recognize certified diabetes educators (CDE) as providers for Medicare diabetes outpatient self-management training services (DSMT). CDEs are the only health professionals who are specially trained and uniquely qualified to teach patients with diabetes how to improve their health and avoid serious diabetes-related complications. The 1997 authorizing DSMT statute did not include CDEs as Medicare providers. This exclusion has made it increasingly difficult to ensure that DSMT is available to patients who need these services, particularly those with unique cultural needs or who reside in rural areas.

Another bill that is a priority of the caucus is the Preventing Diabetes in Medicare Act, H.R. 2590. This bill would extend Medicare coverage for medical nutrition therapy (MNT) services for people with pre-diabetes and other risk factors for developing type 2 diabetes. Under current law, Medicare pays for MNT provided by a Registered Dietitian for beneficiaries with diabetes and renal diseases. Unfortunately, Medicare does not cover MNT for beneficiaries diagnosed with pre-diabetes. Nutrition therapy services have proven very effective in preventing diabetes by providing access to the best possible nutritional advice about how to handle their condition. By helping people with pre-diabetes manage their condition, Medicare will avoid having to pay for the much more expensive treatment of diabetes.

In addition, we are working hard to pass, H.R. 3668, and reauthorize the Special Diabetes Programs for Type 1 Diabetes and Indians. This program provides federal funding for the Special Statutory Funding Program for Type 1 Diabetes Research at the National Institutes of Health and the Special Diabetes Program for Indians at the Indian Health Service. H.R. 3668 would extend these critical programs through 2016 and increase funding for both programs to $200 million a year.

I want to thank my colleague, Congressman Mike Castle, for his many years of leadership working together with me as Co Chair of the Diabetes Caucus. I also want to thank the many Members who are supporting this effort and both sides of the House leadership for their bipartisan support of diabetes issues. I look forward to working with the Congressional Diabetes Caucus to pass the important legislation we are promoting and continuing to further the goals of National Diabetes Month.

HON. MARY JO KIRLY OF OHIO
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 2, 2009
Ms. KIRLY. Madam Speaker, I rise today to honor the Pilot Club of Columbus for seventy years of service to the Columbus community. The Pilot Club is a volunteer service organization that focuses on helping those with brain-related disorders, such as Alzheimer’s disease, autism, chemical dependency, traumatic brain injuries, and other disabilities.

Pilot International was founded in Macon, Georgia in October 1921 to provide volunteer services and to find cures for those with brain-related disorders. In 1939, Pilot International chartered the Pilot Club of Columbus. Over the last seven decades, this organization has promoted awareness and prevention of brain-related disorders in Central Ohio and has provided assistance to individuals and families who are living with developmental, emotional, and mental disabilities.

The Pilot Club of Columbus creates a valuable network of service-minded individuals who have contributed to our community in numerous ways. In recent years, Columbus Pilot Clubs have provided furniture for a new senior citizen center and organized celebrations for patients at the former Ohio Psychiatric Hospital who have suffered from brain-related disorders such as Alzheimer and autism. The Pilot Club also has the ability to help individuals with autism and other neurological disorders and supports the BrainMinders project, which spreads information about preventing traumatic brain injury.

The Pilot Club has spent seven decades serving those who are struggling with the painful and complicated challenges associated with brain-related disorders. The Columbus Pilot Clubs have demonstrated their generosity, compassion, and commitment to making a difference in the city of Columbus. I am proud to recognize and honor the Pilot Club of Columbus and all of its dedicated volunteers for 70 years of valuable service.

EXPRESSING SUPPORT FOR GREATER AWARENESS OF OVARIAN CANCER

SPEECH OF
HON. SHEILA JACKSON-LEE OF TEXAS
IN THE HOUSE OF REPRESENTATIVES
Tuesday, December 1, 2009
Ms. JACKSON-LEE of Texas. Mr. Speaker, I rise before you today in support of H. Res. 727, “supporting the goals and ideals of National Ovarian Cancer Awareness Month.” I would like to thank my colleague Congresswoman STEVE ISRAEL for his leadership on this very important issue, as ovarian cancer is the 5th leading cause of cancer deaths among women in the United States.

Ovarian cancer is the deadliest of all gynecological cancers. All women are at risk for ovarian cancer, but older women are more likely to get the disease than younger women. About 90 percent of women who get ovarian cancer are older than 40 years of age, with the greatest number being aged 55 years or older. Additionally, 90 percent of women diagnosed with ovarian cancer do not have a family history that puts them at higher risk. Early detection is vital, only 20 percent of ovarian cancers are found before tumor growth has spread beyond the ovaries. The chance of surviving ovarian cancer is better if the cancer is found early. Unfortunately, there is currently no reliable early detection test for ovarian cancer.

Among women in the United States, ovarian cancer is the eighth most common cancer and the fifth leading cause of cancer death, after lung and bronchus, breast, colorectal, and pancreatic cancers. Ovarian cancer causes more deaths than any other cancer of the female reproductive system. In 2005, 19,842 women in the U.S. learned they had ovarian cancer, and 14,787 women died from the disease.

Ovarian cancer is known as a “silent killer” because it usually isn’t found until it has spread to other areas of the body. Unfortunately, there is no simple and reliable way to test for ovarian cancer in women and the Pap test does not check for ovarian cancer. However, new evidence shows that most women may have symptoms even in the early stages, such as: bloating, pelvic or abdominal pain, difficulty eating or feeling full quickly, and urinary symptoms, among several other symptoms that are easily confused with other diseases. This new evidence has led to the first national consensus statement on ovarian cancer symptoms to provide consistency in describing symptoms to make it easier for women to learn and remember them. Awareness of symptoms may hopefully lead to earlier detection.

The mortality rate for ovarian cancer has not significantly decreased in the almost 40 years since the ‘War on Cancer’ was declared. If ovarian cancer is diagnosed and treated at an early stage before the cancer spreads outside of the ovary, the survival rate is as high as 96 percent. However, due to the lack of a reliable screening test, 75 percent of ovarian cancer cases are diagnosed in an advanced stage when the five-year survival rate is below 45 percent.

I urge my colleagues to support the goals and ideals of National Ovarian Cancer Awareness Month. Education and awareness of ovarian cancer will save the lives of countless women.

HON. GEORGE RADANOVICH OF CALIFORNIA
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 2, 2009
Mr. RADANOVICH. Madam Speaker, I rise today to commend and congratulate Earl Hall upon being awarded the “Community Health Champions Award” at the 2009 West Fresno Health Care Coalition’s 5th annual “This is Your Life of Service” lunch and awards ceremony. This year the ceremony will be held at the Radisson Hotel Conference Center in Fresno, California on Tuesday, November 3rd.

Mr. Earl Hall was born in Oklahoma. When he was just six months old, the 1940’s “Dust Bowl” hit his family’s farm and they were forced to leave the area. Upon migrating to California, his family settled in Wasco, California. Mr. Hall’s father was finally able to find employment as a farm manager for a family farm. Mr. Hall graduated from Wasco High School then attended Bakersfield Junior College and Fresno City College, where he earned his Associates degree. He transferred to California State University, Fresno and graduated with a Bachelor’s degree in Agricultural Business in 1964.

Mr. Hall has dedicated his career to establishing and developing his business, Hall Ag
Enterprises. For the past forty-four years he has provided labor services with a safe and secure environment for his employees. During periods of water shortages, he has searched for other opportunities to place his workers to ensure that they are able to work and are able to provide for his community. Mr. Hall holds licenses that allow him to provide farm labor in twenty-nine countries. His business provides services to more than three hundred thousand acres and employs nearly thirty thousand people throughout the state of California.

Beyond his generosity to his employees, Mr. Hall is dedicated to his community. Well. He has provided financial assistance to various causes including health care, charitable organizations and child services. Mr. Hall is part of the Farm Labor Contractors Alliance, the California Association of Agricultural Labor and an active member of Ag SAFE. He is currently serving as the Chairman for the Fresno County Farm Bureau Labor Committee and the Rural Health and Safety Committee. In 2003, Mr. Hall was awarded the “Central California Excellence in Business Award” by The Fresno Bee.

As a young man, Mr. Hall was turned pro in the rodeo circuit; he is a lifetime member of the Professional Rodeo Cowboy’s Association and is a “gold card” holder which allows him to compete in the over-fifty age group. He is involved in rodeo events by assisting and providing advice and mentorship to youth preparing for rodeo events.

Madam Speaker, I rise today to commend and congratulate Earl Hall upon being awarded with the “Community Health Champions Award.” I invite my colleagues to join me in wishing Mr. Hall many years of continued success.

IN RECOGNITION OF STRAFFORD HIGH SCHOOL FLAMING ARROW INDIAN PRIDE MARCHING BAND

HON. ROY BLUNT
OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 2, 2009

MR. BLUNT. Madam Speaker, I rise today with pleasure and pride to pay tribute to the achievements of the Music Department at Strafford High School in Strafford, Missouri. The Strafford High Flaming Arrow Indian Pride Marching Band and choir will participate in the events surrounding the December 31, 2009, Chick-fil-A Bowl in Atlanta, Georgia. A longstanding event at the bowl game is the National Chick-fil-A Bowl Band Festival. The music festival has clinics and competitions for choir, concert band, jazz band and marching band. The Strafford marching band and choir will compete against other schools while the Marching Band will march in the National Chick-fil-A Bowl Parade in downtown Atlanta on New Year’s Eve. Game day, the Strafford band will participate in a pre-game and halftime massed band “extravaganza” of 2,000 members performing in the Georgia Dome Olympic Stadium.

Strafford, Missouri, is my hometown. Today, Strafford has a population of 1,845 citizens, and the school has approximately 400 students. The band and choir are made up of 55 motivated, hardworking teens in concert and marching band, 20 students in jazz band and 36 students in choir. The music department is under the direction of Shane Harmon. The Strafford High Flaming Arrow Indian Pride Marching Band consistently ranks among the best bands in Missouri, earning first place at six judged events this year. At the 2007 Outback Bowl in Tampa, Florida, the Strafford concert band, jazz band and marching band each earned a 1st place Silver rating, and the concert choir earned a 1st place Gold rating. These achievements led to the invitation to participate at the band festival at the Chick-fil-A Bowl. This recognition is the result of hard work, dedication to excellence by Strafford students, faculty and their families.

SENATE COMMITTEE MEETINGS

Title IV of Senate Resolution 4, agreed to by the Senate on February 4, 1977, calls for establishment of a system for a computerized schedule of all meetings and hearings of Senate committees, subcommittees, joint committees, and committees of conference. This title requires all such committees to notify the Office of the Senate Daily Digest—designated by the Rules Committee—of the time, place, and purpose of the meetings, when scheduled, and any cancellations or changes in the meetings as they occur.

As an additional procedure along with the computerization of this information, the Office of the Senate Daily Digest will prepare this information for printing in the Extensions of Remarks section of the CONGRESSIONAL RECORD on Monday and Wednesday of each week.

Meetings scheduled for Thursday, December 3, 2009 may be found in the Daily Digest of today’s RECORD.

MEETINGS SCHEDULED

DECEMBER 4

9:30 a.m. Joint Economic Committee
To hold hearings to examine the employment situation for November 2009.

DECEMBER 8

10 a.m. Environment and Public Works
To hold an oversight hearing to examine Federal drinking water programs.

1:30 p.m. Armed Services
To hold hearings to examine Afghanistan.

2:15 p.m. Foreign Relations
Business meeting to consider S. 1559, to consolidate democracy and security in the Western Balkans by supporting the Governments and people of Bosnia and Herzegovina and Montenegro in reaching their goal of eventual NATO membership, and to welcome further NATO partnership with the Republic of Serbia and the nations of the Western Balkan region.

DECEMBER 9

2:30 p.m. Energy and Natural Resources
Energy Subcommittee
To hold hearings to examine H.R. 3657, to authorize higher education curriculum development and improvement grants in advanced energy and green building technologies, H.R. 2729, to authorize the designation of National Environmental Research Parks by the Secretary of Energy, H.R. 3165, to provide for a program of wind energy research, development, and demonstration, H.R. 3286, to provide for a program of research, development, demonstration and commercial application in vehicle technologies at the Department of Energy, H.R. 3350, to provide for United States research, development, and demonstration of solar energy technologies, S. 737, to amend the Energy Independence and Security Act of 2007 to authorize the Secretary of Energy to conduct research, development, and demonstration to make biofuels more compatible with small, nonroad engines, S. 1617, to require the Secretary of Commerce to establish a program for the award of grants to States to establish revolving loan funds for small and medium-sized manufacturers to improve energy efficiency and produce clean energy technology, S. 2744, to amend the Energy Policy Act of 2005 to expand the authority for awarding technology prizes by the Secretary of Energy to include a financial award for separation of carbon dioxide from dilute sources, and S. 2743, to require the Secretary of Energy to carry out a program to support the research, demonstration, and development of commercial applications for offshore wind energy.

Intelligence
To hold closed hearings to consider certain intelligence matters.

S-407, Capitol
VERDATE NOV 24 2008 04:48 DEC 03, 2009 JKT 089060 PO 00000 ERMARKS

December 2, 2009

CONGRESSIONAL RECORD — Extensions of Remarks

DECEMBER 9

9:30 a.m.
Indian Affairs
Business meeting to consider pending calendar business; to be immediately followed by a hearing to examine S. 1690, to amend the Act of March 1, 1933, to transfer certain authority and resources to the Utah Dineh Corporation; to be immediately followed by an oversight hearing to examine Department of the Interior backlogs.

Veterans’ Affairs
To hold hearings to examine the nominations of Robert A. Petzel, of Minnesota, to be Under Secretary for Health, and Raul Perea-Henze, of New York, to be Assistant Secretary for Policy and Planning, both of the Department of Veterans Affairs.

10 a.m.
Health, Education, Labor, and Pensions
Business meeting to consider the nominations of Jacqueline A. Berrien, of New York, Victoria A. Lipnic, of Virginia, Chai R. Feldblum, of Maryland, all to be a Member of the Equal Employment Opportunity Commission, P. David Lopez, of Arizona, to be General Counsel of the Equal Employment Opportunity Commission, Patrick Alfred Corvington, of Maryland, to be Chief Executive Officer of the Corporation for National and Community Service, Adele Logan Alexander, of the District of Columbia, to be a Member of the National Council on the Humanities, and Lynnae M. Ruttledge, of Washington, to be Commissioner of the Rehabilitation Services Administration, Department of Education.

Homeland Security and Governmental Affairs
To hold hearings to examine five years after the Intelligence Reform and Terrorism Prevention Act, focusing on stopping terrorist travel.

Judiciary
To hold an oversight hearing to examine the Department of Homeland Security.

2 p.m.
Banking, Housing, and Urban Affairs
Economic Policy Subcommittee
To hold hearings to examine creating jobs in the recession.

Judiciary
To hold hearings to examine mortgage fraud, securities fraud, and the financial meltdown, focusing on prosecuting those responsible.

DECEMBER 10

10 a.m.
Energy and Natural Resources
To hold hearings to examine research parks and job creation, focusing on innovation through cooperation.

Foreign Relations
To hold hearings to examine exports’ place on the path of economic recovery.

Homeland Security and Governmental Affairs
Oversight of Government Management, the Federal Workforce, and the District of Columbia Subcommittee
To hold hearings to examine the Department’s shelter, focusing on diplomatic security today.

DECEMBER 11

2:30 p.m.
Commerce, Science, and Transportation
To hold hearings to examine research parks and job creation, focusing on innovation through cooperation.

Finance
International Trade, Customs, and Global Competitiveness Subcommittee
To hold hearings to examine exports’ place on the path of economic recovery.

Homeland Security and Governmental Affairs

Homeland Security and Governmental Affairs
To hold hearings to examine the nominations of Robert A. Petzel, of Minnesota, to be Under Secretary for Health, and Raul Perea-Henze, of New York, to be Assistant Secretary for Policy and Planning, both of the Department of Veterans Affairs.

DECEMBER 12

10 a.m.
Energy and Natural Resources
To hold hearings to examine S. 2052, to amend the Energy Policy Act of 2005 to require the Secretary of Energy to carry out a research and development and demonstration program to reduce manufacturing and construction costs relating to nuclear reactors, and S. 2812, to amend the Energy Policy Act of 2005 to require the Secretary of Energy to carry out programs to develop and demonstrate 2 small modular nuclear reactor designs.

10 a.m.
Health, Education, Labor, and Pensions
Business meeting to consider pending calendar business.

DECEMBER 13

2:30 p.m.
Commerce, Science, and Transportation
To hold hearings to examine certain nominations.

Public Lands and Forests Subcommittee
To hold hearings to examine S. 1470, to sustain the economic development and recreational use of National Forest System land and other public land in the State of Montana, to add certain land to the National Wilderness Preservation System, to release certain wilderness study areas, to designate new areas for recreation, S. 1719, to provide for the conveyance of certain parcels of land to the town of Alta, Utah, S. 1787, to reauthorize the Federal Land Transaction Facilitation Act, H.R. 762, to validate final patent number 27-2005-0081, and H.R. 934, to convey certain submerged lands to the Commonwealth of the Northern Mariana Islands in order to give that territory the same benefits in its submerged lands as Guam, the Virgin Islands, and American Samoa have in their submerged lands.

DECEMBER 14

10 a.m.
Energy and Natural Resources
To hold hearings to examine S. 2052, to amend the Energy Policy Act of 2005 to require the Secretary of Energy to carry out a research and development and demonstration program to reduce manufacturing and construction costs relating to nuclear reactors, and S. 2812, to amend the Energy Policy Act of 2005 to require the Secretary of Energy to carry out programs to develop and demonstrate 2 small modular nuclear reactor designs.

DECEMBER 15

10 a.m.
Energy and Natural Resources
To hold hearings to examine S. 2052, to amend the Energy Policy Act of 2005 to require the Secretary of Energy to carry out a research and development and demonstration program to reduce manufacturing and construction costs relating to nuclear reactors, and S. 2812, to amend the Energy Policy Act of 2005 to require the Secretary of Energy to carry out programs to develop and demonstrate 2 small modular nuclear reactor designs.

10 a.m.
Commerce, Science, and Transportation
Business meeting to consider pending calendar business.

DECEMBER 16

2:30 p.m.
Energy and Natural Resources
To hold hearings to examine S. 2052, to amend the Energy Policy Act of 2005 to require the Secretary of Energy to carry out a research and development and demonstration program to reduce manufacturing and construction costs relating to nuclear reactors, and S. 2812, to amend the Energy Policy Act of 2005 to require the Secretary of Energy to carry out programs to develop and demonstrate 2 small modular nuclear reactor designs.

DECEMBER 17

10 a.m.
Energy and Natural Resources
To hold hearings to examine S. 1470, to sustain the economic development and recreational use of National Forest System land and other public land in the State of Montana, to add certain land to the National Wilderness Preservation System, to release certain wilderness study areas, to designate new areas for recreation, S. 1719, to provide for the conveyance of certain parcels of land to the town of Alta, Utah, S. 1787, to reauthorize the Federal Land Transaction Facilitation Act, H.R. 762, to validate final patent number 27-2005-0081, and H.R. 934, to convey certain submerged lands to the Commonwealth of the Northern Mariana Islands in order to give that territory the same benefits in its submerged lands as Guam, the Virgin Islands, and American Samoa have in their submerged lands.
Daily Digest

Senate

Chamber Action

Routine Proceedings, pages S12093–S12260

Measures Introduced: Two bills and one resolution were introduced, as follows: S. 2823–2824, and S. Res. 366.

Measures Passed:

Extending Condolences to the Families of Fallen Lakewood Police Department Officers: Senate agreed to S. Res. 366, extending condolences to the families of Sergeant Mark Renninger, Officer Tina Griswold, Officer Ronald Owens, and Officer Greg Richards.

Measures Considered:

Service Members Home Ownership Tax Act—Agreement: Senate continued consideration of H.R. 3590, to amend the Internal Revenue Code of 1986 to modify the first-time homebuyers credit in the case of members of the Armed Forces and certain other Federal employees, taking action on the following amendments proposed thereto:

- Adopted:
  - Vitter Amendment No. 2808 (to Amendment No. 2791), to prevent the United States Preventive Service Task Force recommendations from restricting mammograms for women.

- Pending:
  - Reid Amendment No. 2786, in the nature of a substitute.
  - Mikulski Amendment No. 2791 (to Amendment No. 2786), to clarify provisions relating to first dollar coverage for preventive services for women.
  - McCain motion to commit the bill to the Committee on Finance, with instructions.

- McCain motion to commit the bill to the Committee on Finance, with instructions.

A unanimous-consent-time agreement was reached providing for further consideration of the bill after any Leader time on Thursday, December 3, 2009, and that it be in order for any of the Majority or Republican bill managers to be recognized for a total period of time not to exceed 10 minutes, equally divided and controlled; that the time until 11:45 a.m. be equally divided and controlled between Senator Mikulski and the Republican Leader, or their designees; that the time until 11:45 a.m., be for debate with respect to Mikulski Amendment No. 2791 (to Amendment No. 2786) (listed above), as amended, and McCain motion to commit the bill to the Committee on Finance, with instructions (listed above); and during this time, it be in order for Senator Murkowski to call up her amendment with respect to mammography, a copy of which is at the desk; and that it also be in order for Senator Bennet to call up Amendment No. 2826, a side-by-side amendment with respect to the McCain motion to commit (listed above); that no other amendments or motions to commit be in order during the pendency of these amendments and motion; that at 11:45 a.m., Senate vote on or in relation to Mikulski Amendment No. 2791 (to Amendment No. 2786) (listed above), as amended; that upon disposition of the Mikulski Amendment; Senate then vote on or in relation to Murkowski amendment; that upon disposition of these two amendments, Senate continue to debate until 2:45 p.m., Bennet Amendment No. 2826, and McCain motion to commit (listed above); with the time equally divided and controlled between Senators Baucus and McCain, or their designees; that at 2:45 p.m., Senate vote on or in relation to Bennet Amendment No. 2826, that upon disposition of that amendment, Senate vote on or in relation to McCain motion to commit (listed above); that prior to the second vote in each sequence, there be two minutes of debate, equally divided and controlled in the usual form; that each of the above referenced amendments or motion be subject to an affirmative 60 vote threshold, and that if the amendments or motion do not achieve that threshold, then they be withdrawn; provided further, that if any of the above listed achieve the 60 vote threshold, then the amendment or motion be agreed to; provided further, that it be in order if there is a request for the yeas and nays to be ordered with respect to that amendment or motion, regardless of achieving the 60 vote threshold; that if the yeas and nays requested are requested, the vote would occur immediately with no further debate in order with respect to this particular consent.
Nominations Received: Senate received the following nominations:

David W. Mills, of Virginia, to be an Assistant Secretary of Commerce.

Douglas A. Rediker, of Massachusetts, to be United States Alternate Executive Director of the International Monetary Fund for a term of two years.

Michael A. Khouri, of Kentucky, to be a Federal Maritime Commissioner for a term expiring June 30, 2011.

6 Coast Guard nominations in the rank of admiral.

Routine lists in the Air Force and Navy.

Committee Meetings

(Committees not listed did not meet)

DERIVATIVES REFORM AND SYSTEMIC RISK

Committee on Agriculture, Nutrition, and Forestry: Committee concluded a hearing to examine over-the-counter derivatives reform and addressing systemic risk, after receiving testimony from Timothy F. Geithner, Secretary of the Treasury; Terrence A. Duffy, CME Group, Inc., Chicago, Illinois; Johnathan Short, IntercontinentalExchange, Inc., Atlanta, Georgia; and Peter Axilrod, Depository Trust and Clearing Corporation, Blythe Masters, JPMorgan Chase and Co., and Jiro Okochi, Reval.com, Inc., all of New York, New York.

AFGHANISTAN

Committee on Armed Services: Committee concluded a hearing to examine Afghanistan, after receiving testimony from Hillary Rodham Clinton, Secretary of State; and Robert M. Gates, Secretary, and Admiral Michael G. Mullen, USN, Chairman of the Joint Chiefs of Staff, both of the Department of Defense.

NOMINATIONS

Committee on Armed Services: Committee ordered favorably reported the nominations of Clifford L. Stanley, of Pennsylvania, to be Under Secretary for Personnel and Readiness, Frank Kendall III, of Virginia, to be Principal Deputy Under Secretary for Acquisition, Technology, and Logistics, Erin C. Conaton, of the District of Columbia, to be Under Secretary of the Air Force, Terry A. Yonkers, of Maryland, to be Assistant Secretary of the Air Force, and Lawrence G. Romo, of Texas, to be Director of the Selective Service, all of the Department of Defense.

Also, Committee ordered favorably reported 1,938 nominations in the Army, Navy, and Air Force.

TRANSPORTATION SECURITY CHALLENGES

Committee on Commerce, Science, and Transportation: Committee concluded a hearing to examine transportation security challenges post-September 11, 2001 terrorist attacks, after receiving testimony from Janet Napolitano, Secretary of Homeland Security.

REDUCING GREENHOUSE GAS EMISSIONS

TOXIC SUBSTANCES CONTROL ACT

Committee on Environment and Public Works: Committee concluded an oversight hearing with the Subcommittee on Superfund, Toxics and Environmental Health to examine the Federal Toxic Substances Control Act, focusing on obtaining more information on chemical risks, controlling these risks, and sharing information collected, after receiving testimony from Lisa P. Jackson, Administrator, Environmental Protection Agency; John Stephenson, Director, Natural Resources and Environment, Government Accountability Office; and Linda S. Birnbaum, Director, National Institute of Environmental Health Sciences, National Institutes of Health, and National...
Toxicology Program, Department of Health and Human Services.

DISASTER CASE MANAGEMENT

Committee on Homeland Security and Governmental Affairs: Ad Hoc Subcommittee on Disaster Recovery concluded a hearing to examine disaster case management, focusing on developing a comprehensive national program focused on outcomes, how did the federal government support disaster case management programs after Hurricanes Katrina and Rita, and how federal agencies coordinate their efforts, what challenges did disaster case management agencies experience in delivering services under federally funded programs, and how will previous or existing federally funded programs be used to inform the development of a federal case management program for future disasters, after receiving testimony from Elizabeth A. Zimmerman, Assistant Administrator, Disaster Assistance, Federal Emergency Management Agency, Department of Homeland Security; David Hansell, Principal Deputy Assistant Secretary of Health and Human Services for Administration for Children and Families; Frederick Tombar, Senior Advisor, Office of the Secretary, Department of Housing and Urban Development; Kay E. Brown, Director, Education, Work, and Income Security, Government Accountability Office; Stephen Carr, Mississippi Case Management Consortium, Mobile, Alabama; Amanda Guma, Human Services Policy Director, Louisiana Recovery Authority, and Monteic A. Sizer, Louisiana Family Recovery Corps, both of Baton Rouge; Reverend Larry Snyder, Catholic Charities USA, Alexandria, Virginia; Diana Rothe-Smith, National Voluntary Organizations Active in Disaster, Arlington, Virginia; and Irwin Redlener, Columbia University Mailman School of Public Health, New York, New York.

AMERICANS’ ACCESS TO COURTS
Committee on the Judiciary: Committee concluded a hearing to examine the Supreme Court, focusing on Americans’ access to courts, after receiving testimony from John Payton, NAACP Legal Defense and Education Fund, Inc., and Gregory G. Garre, Latham & Watkins LLP, both of Washington, D.C.; and Stephen B. Burbank, University of Pennsylvania, Philadelphia.

House of Representatives

Chamber Action
Public Bills and Resolutions Introduced: 20 public bills, H.R. 4169–4188; and 1 resolution, H. Res. 942, were introduced.

Additional Cosponsors:

Reports Filed: Reports were filed today as follows:

H.R. 515, to prohibit the importation of certain low-level radioactive waste into the United States, with an amendment (H. Rept. 111–348, Pt. 1);

H.R. 2994, to reauthorize the Satellite Home Viewer Extension and Reauthorization Act of 2004, with an amendment (H. Rept. 111–349); and

H. Res. 941, providing for consideration of the bill (H.R. 4154) to amend the Internal Revenue Code of 1986 to repeal the new carryover basis rules in order to prevent tax increases and the imposition of compliance burdens on many more estates than would benefit from repeal and to retain the estate tax with a $3,500,000 exemption (H. Rept. 111–350).

Suspensions: The House agreed to suspend the rules and pass the following measures:

Recognizing the exemplary service of the soldiers of the 30th Infantry Division (Old Hickory) of the United States Army during World War II: H. Res. 494, amended, to recognize the exemplary service of the soldiers of the 30th Infantry Division (Old Hickory) of the United States Army during World War II, by a 2/3 yea-and-nay vote of 415 yeas with none voting “nay”, Roll No. 914;
