

SENATE RESOLUTION 431—EX-PRESSING PROFOUND CONCERN, DEEPEST SYMPATHIES, AND SOLIDARITY ON BEHALF OF THE PEOPLE OF THE UNITED STATES TO THE PEOPLE AND GOVERNMENT OF CHILE FOLLOWING THE MASSIVE EARTHQUAKE

Mr. LUGAR (for himself and Mr. KERRY) submitted the following resolution; which was referred to the Committee on Foreign Relations:

S. RES. 431

Whereas the massive 8.8-magnitude earthquake that struck Chile in the early hours of Saturday, February 27, 2010, has claimed approximately 800 lives, according to government officials of Chile, and the death toll is expected to continue to rise as assessments of the devastation continue;

Whereas the earthquake hit most strongly in 6 central and south regions, from the capital, Santiago, and the nearby port of Valparaíso in central Chile, to the Bernardo O'Higgins, Maule, Bio Bio, and Araucanía regions of the south;

Whereas the regions most strongly hit are home to about 60 percent of the 17,000,000 inhabitants of Chile and account for approximately 70 percent of the gross domestic product of Chile;

Whereas the earthquake generated some tsunami activity, in addition to the earthquake, and several hundred people were killed in the coastal towns of Constitución and Talcahuano as a result;

Whereas many of the villages in the Juan Fernández archipelago were destroyed by tsunami activity;

Whereas the earthquake left an estimated 2,000,000 people homeless and damaged more than 1,000,000 homes, ½ of which may have to be demolished;

Whereas the earthquake, classified as a "megathrust" earthquake, unleashed an estimated 50 gigatons of energy and broke about 340 miles of the fault zone, according to the United States Geological Survey's National Earthquake Information Center;

Whereas aftershocks have continued, seriously complicating efforts to survey the damage and rescue survivors despite the noble efforts of local teams;

Whereas the Department of Defense has estimated that reconstruction costs could exceed \$30,000,000,000, equivalent to 20 percent of the 2009 gross domestic product of Chile;

Whereas damage to ports and other infrastructure will hinder important exports and economic recovery;

Whereas Secretary of State Hillary Clinton visited Chile on March 2, 2010, and promised an extensive aid package, and the United States Ambassador to Chile requested emergency relief funding;

Whereas Chile enjoys excellent relations with the United States since its transition back to democracy, and both countries have emphasized similar priorities in the region, designed to strengthen democracy, improve human rights, and advance free trade;

Whereas Chile and the United States also maintain strong commercial ties, which have become more extensive since a bilateral free trade agreement between the two countries entered into force in 2004;

Whereas since 2004, the Government of Chile has worked with the Government of the United States and the international community as part of the multinational peacekeeping force in Haiti, first as a part of the Multinational Interim Force-Haiti (MIFH) and subsequently as a part of the United Nations Stabilization Mission in Haiti (MINUSTAH), committing more human ma-

terial resources to MINUSTAH than it has to any previous peacekeeping mission; and

Whereas the Government of Chile and the Government of the United States and other regional partners have worked together in recent years to resolve a number of political issues in the Western Hemisphere, including crises in Venezuela, Bolivia, and Honduras, among others: Now, therefore, be it

Resolved, That the Senate—

(1) expresses its profound concern, deepest sympathies, and solidarity on behalf of the people of the United States to the people and Government of Chile following the massive earthquake;

(2) applauds the friendship between the Governments and people of the United States and Chile and recommits to mutually beneficial cooperation in bilateral, multilateral, and Hemispheric contexts;

(3) strongly encourages the United States Government, with full consideration of the necessary institutional instruments, to offer all appropriate assistance, if requested by the Government of Chile, to aid in the immediate rescue and ongoing recovery efforts undertaken by the Government of Chile; and

(4) encourages the international community to join in relief efforts as determined by the Government of Chile.

SENATE RESOLUTION 432—A BILL SUPPORTING THE GOALS AND IDEALS OF THE YEAR OF THE LUNG 2010

Mrs. LINCOLN (for herself and Mr. CRAPO) submitted the following resolution; which was referred to the Committee on Health, Education, Labor, and Pensions:

S. RES. 432

Whereas millions of people around the world struggle each year for life and breath due to lung diseases, including tuberculosis, asthma, pneumonia, influenza, lung cancer and chronic obstructive pulmonary disease (COPD), pulmonary fibrosis, and more than 8,100,000 die each year;

Whereas lung diseases afflict people in every country and every socioeconomic group, but take the heaviest toll on the poor, children, the elderly, and the weak;

Whereas lung disease is a serious public health problem in the United States that affects adults and children of every age and race;

Whereas lower respiratory diseases are the fourth leading cause of death in the United States;

Whereas the economic cost of lung diseases is expected to be \$177,000,000,000 in 2009, including \$114,000,000,000 in direct health expenditures and \$64,000,000,000 in indirect morbidity and mortality costs;

Whereas nearly half of the world's population lives in or near areas with poor air quality, which significantly increases the incidence of lung diseases such as asthma and COPD, and more than 2,000,000 people die prematurely due to indoor and outdoor air pollution;

Whereas tuberculosis, an airborne infection that attacks the lungs and other major organs, is a leading global infectious disease;

Whereas no new drugs have been developed for tuberculosis in more than 5 decades and the only vaccine is nearly a century old, yet there were 9,400,000 new cases in 2008, and this curable disease kills 1,800,000 each year;

Whereas an estimated 12,000,000 adults in the United States, are diagnosed with COPD, and another 12,000,000 have the disease but don't know it;

Whereas COPD kills an estimated 126,000 people in the United States each year, is cur-

rently the fourth leading cause of death in the Nation, is the only one of the 4 major causes that is still increasing in prevalence, and is expected to rise to become the third leading cause of death in the United States;

Whereas lung cancer is the second most common cancer in the United States and the most common cause of cancer deaths;

Whereas the leading cause of lung cancer is long-term exposure to tobacco smoke;

Whereas about 23,400,000 people in the United States have asthma, a prevalence which has risen by over 150 percent since 1980;

Whereas asthma is the most common chronic disorder found in children, with 7,000,000 affected;

Whereas flu and pneumonia together are the eighth leading cause of death in the United States;

Whereas about 190,000 people in the United States are affected by acute respiratory distress syndrome (ARDS) each year, a critical illness that results in sudden respiratory system failure, which is fatal in up to 30 percent of cases;

Whereas about 75,000 people in the United States die as a result of acute lung injury, a disease that can be triggered by infection, drowning, traumatic accident, burn injuries, blood transfusions, and inhalation of toxic substances, which kills approximately the same number of people each year as die from breast cancer, colon cancer, and prostate cancer combined;

Whereas of the 10 leading causes of infant mortality in the United States, 4 are lung diseases or have a lung disease component;

Whereas pulmonary fibrosis (PF) is a relentlessly progressive, ultimately fatal disease with a median survival rate of 2.8 years that has no life-saving therapy or cure;

Whereas more than 120,000 people are living with PF in the United States, 48,000 are diagnosed with it each year, and as many as 40,000 die annually, the same as die from breast cancer;

Whereas the cause of sarcoidosis, an inflammatory disease that occurs most often in the lungs and has its highest incidence among young people aged 20 to 29, is unknown;

Whereas 15 years ago, people with pulmonary hypertension lived on average less than 3 years after diagnosis;

Whereas new treatments have improved survival rates and quality of life for those living with this condition, but it remains a severe and often fatal illness;

Whereas Lymphangioliomyomatosis (LAM), a rare lung disease that affects women exclusively and is also associated with tuberous sclerosis, has no treatment protocol or cure and is often misdiagnosed as asthma or emphysema;

Whereas Hermansky-Pudlak Syndrome, a genetic metabolic disorder which causes albinism, visual impairment, and serious bleeding due to platelet dysfunction, has no cure and no standard of treatment;

Whereas children's interstitial lung disease, a group of rare lung diseases, has many different forms, including surfactant protein deficiency, chronic bronchiolitis, and connective tissue lung disease, and is thus difficult to diagnose and treat;

Whereas the Centers for Disease Control and Prevention estimates that 50,000,000 to 70,000,000 adults in the United States suffer from disorders of sleep and wakefulness;

Whereas insufficient sleep is associated with a number of chronic diseases and conditions, including diabetes, cardiovascular disease, obesity, and depression;

Whereas the average cost of treating severe COPD is 5 times higher than treating mild COPD;

Whereas the appropriate medication and disease management of asthma can reduce health care costs, including hospitalization, emergency room visits, and physician visits, by half;

Whereas the flu vaccine can prevent 60 percent of hospitalizations and 80 percent of deaths from flu-related complications among the elderly;

Whereas advances in medical research have significantly improved the capacity to fight lung disease by providing greater knowledge about its causes, innovative diagnostic tools to detect the disease, and new and improved treatments that help people survive and recover from this disease;

Whereas there is no cure for major lung diseases including asthma, COPD, and lung cancer;

Whereas chronic lung diseases are a leading cause of death and yet the quality of palliative and end-of-life care for patients with chronic lung disease is significantly worse than patients with other terminal illnesses;

Whereas the National Institutes of Health, through its many institutes and centers, through basic, clinical, and translational research, plays a pivotal role in advancing the prevention, detection, treatment, and cure of lung disease;

Whereas the Department of Veterans Affairs is actively engaged in research in respiratory diseases that impact the Nation's veterans;

Whereas the Environmental Protection Agency establishes air quality standard and enforcement programs to ensure the quality of the air we breathe;

Whereas the Centers for Medicare and Medicaid Services, provides essential health insurance benefits for millions of patients with respiratory disorders;

Whereas the Centers for Disease Control and Prevention, through its many centers and programs, provides valuable prevention and surveillance programs on diseases of the lung;

Whereas an international collaboration of medical professional and scientific societies is working to enhance the general public's understanding of respiratory diseases, their causes, prevention, treatment, and impact respiratory disease play in human health; and

Whereas the initiative, The Year of the Lung, seeks to raise awareness about lung health among the public, initiate action in communities worldwide, and advocate for resources to combat lung disease including resources for research and research training programs worldwide: Now, therefore, be it

*Resolved*, That the Senate supports the goals and ideals of the Year of the Lung.

#### SENATE RESOLUTION 433—SUPPORTING THE GOALS OF "INTERNATIONAL WOMEN'S DAY"

Mrs. SHAHEEN (for herself, Mr. CARDIN, Mrs. GILLIBRAND, and Mrs. BOXER) submitted the following resolution; which was referred to the Committee on the Judiciary:

S. RES. 433

Whereas there are more than 3,300,000,000 women in the world;

Whereas women around the world participate in the political, social, and economic life of their communities and play the predominant role in providing and caring for their families;

Whereas women, as both farmers and caregivers, play a leading role in advancing food security for their families and communities;

Whereas the ability of women to realize their full potential is critical to the ability

of a nation to achieve strong and lasting economic growth and political stability;

Whereas according to the 2009 World Economic Forum Global Gender Gap Report, "[A] nation's competitiveness depends significantly on whether and how it educates and utilizes its female talent. To maximize its competitiveness and development potential, each country should strive for gender equality—that is, to give women the same rights, responsibilities and opportunities as men.";

Whereas, also according to the same report, "Every year of schooling increases a girl's individual earning power by 10% to 20%, while the return on secondary education is even higher, in the 15% to 25% range. Additionally, women reinvest 90% of their income back into the household, whereas men reinvest only 30% to 40%.";

Whereas according to President Barack Obama, "Our daughters can contribute just as much to society as our sons, and our common prosperity will be advanced by allowing all humanity—men and women—to reach their full potential.";

Whereas according to Secretary of State Hillary Rodham Clinton, "[I]nvesting in the potential of women to lift and lead their societies is one of the best investments we can make.";

Whereas despite some achievements made by individual women leaders, women around the globe are still vastly underrepresented in high level positions and in national and local legislatures and governments and, according to the Inter-Parliamentary Union, account for only 18.7 percent of national parliamentarians;

Whereas although strides have been made in recent decades, women around the world continue to face significant obstacles in all aspects of their lives including discrimination, gender-based violence, and denial of basic human rights;

Whereas women are responsible for 66 percent of the work done in the world, yet earn only 10 percent of the income earned in the world;

Whereas women account for approximately 70 percent of individuals living in poverty world-wide;

Whereas women account for 64 percent of the 774,000,000 adults world-wide who lack basic literacy skills;

Whereas girls account for 57 percent of the 72,000,000 primary school aged children in the world who do not attend school;

Whereas in Sub-Saharan Africa only 17 percent of girls enroll in secondary school;

Whereas women receive less than 10 percent of all available credit in Africa, own less than 2 percent of the land in the world, and account for only 15 percent of the agricultural extension agents in the world, yet produce the majority of the food crops in the world, including 70 percent of the food crops in Africa;

Whereas women in developing countries are disproportionately affected by global climate change;

Whereas according to the Joint United Nations Programme on HIV/AIDS, women account for 50 percent of HIV or AIDS infections worldwide, and nearly 60 percent of HIV infections in Sub-Saharan Africa;

Whereas according to the Department of State, 56 percent of all forced labor victims are women and girls;

Whereas according to the United Nations, 1 in 3 women in the world will be beaten, coerced into sex, or otherwise abused in her lifetime;

Whereas according to the International Center for Research on Women, there are more than 60,000,000 child brides in developing countries, some of whom are as young as 7 years old;

Whereas March 8 is recognized each year as International Women's Day, a global day to celebrate the economic, political, and social achievements of women past, present, and future and a day to recognize the obstacles that women still face in the struggle for equal rights and opportunities; and

Whereas, the United Nations theme for International Women's Day 2010 is "Equal rights, equal opportunities: Progress for all"; Now, therefore, be it

*Resolved*, That the Senate—

(1) supports the goals of "International Women's Day";

(2) recognizes that the economic growth and empowerment of women is inextricably linked to the potential of nations to generate economic growth and sustainable democracy;

(3) recognizes and honors the women in the United States and around the world who have worked throughout history to strive to ensure that women are guaranteed equality and basic human rights;

(4) reaffirms the commitment to end gender-based discrimination in all forms, to end violence against women and girls worldwide; and

(5) encourages the people of the United States to observe International Women's Day with appropriate programs and activities.

#### AMENDMENTS SUBMITTED AND PROPOSED

SA 3358. Mr. COBURN submitted an amendment intended to be proposed to amendment SA 3336 proposed by Mr. BAUCUS to the bill H.R. 4213, to amend the Internal Revenue Code of 1986 to extend certain expiring provisions, and for other purposes.

SA 3359. Mr. KOHL submitted an amendment intended to be proposed to amendment SA 3336 proposed by Mr. BAUCUS to the bill H.R. 4213, supra; which was ordered to lie on the table.

SA 3360. Mr. BUNNING proposed an amendment to amendment SA 3336 proposed by Mr. BAUCUS to the bill H.R. 4213, supra.

SA 3361. Mr. BUNNING proposed an amendment to amendment SA 3336 proposed by Mr. BAUCUS to the bill H.R. 4213, supra.

SA 3362. Mr. WARNER submitted an amendment intended to be proposed to amendment SA 3336 proposed by Mr. BAUCUS to the bill H.R. 4213, supra; which was ordered to lie on the table.

SA 3363. Mr. KERRY (for himself, Ms. SNOWE, Ms. LANDRIEU, and Ms. STABENOW) submitted an amendment intended to be proposed to amendment SA 3336 proposed by Mr. BAUCUS to the bill H.R. 4213, supra; which was ordered to lie on the table.

SA 3364. Mr. KERRY (for himself and Mr. ENSIGN) submitted an amendment intended to be proposed to amendment SA 3336 proposed by Mr. BAUCUS to the bill H.R. 4213, supra; which was ordered to lie on the table.

SA 3365. Mr. WHITEHOUSE (for himself, Mr. KERRY, Mr. LIEBERMAN, Mr. DODD, Mrs. SHAHEEN, and Mr. BROWN of Massachusetts) submitted an amendment intended to be proposed by him to the bill H.R. 4213, supra; which was ordered to lie on the table.

SA 3366. Mr. LEMIEUX submitted an amendment intended to be proposed to amendment SA 3336 proposed by Mr. BAUCUS to the bill H.R. 4213, supra; which was ordered to lie on the table.

SA 3367. Mr. THUNE (for himself, Mr. ENZI, and Mr. VITTER) submitted an amendment intended to be proposed to amendment SA 3336 submitted by Ms. LANDRIEU and intended to be proposed to the amendment SA 3336 proposed by Mr. BAUCUS to the bill H.R. 4213, supra; which was ordered to lie on the table.
