REMEMBERING LTC CHARLES C. LYDA

HON. TOM McCLINTOCK

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 22, 2010

Mr. McCLINTOCK. Madam Speaker, I rise today to remember LTC Charles Lyda of Truckee, California. Chuck was born to Charmian and Lu Lyda in July 23, 1952 in San Diego, California where he grew up with his older sister Laramee, and younger brother, Grady.

An extraordinary athlete, by age 16 Chuck was competing on the world stage, racing for the U.S. National Team in Wildwater Kayaking in the 1969 World Championship. Chuck would go on to be a two-time Olympian and two-time World Champion in Canoe/Kayak, as well as qualifying for 28 U.S. national teams in Canoe, Kayak and Biathlon and serving as U.S. Olympic Team coach from 1996 through 2002. His athletic legacy also includes serving as the first Nordic Director for the Auburn Ski Club Training Center, founding the biathlon program at Northstar-at-Tahoe and the long-running 10th Mountain Division Race, as well as developing the ASC 1–2–3 program, which has introduced nearly 20,000 young men and women to cross-country skiing.

While Chuck's athletic achievements alone would represent a full and accomplished life in their own right, he was also a dedicated and faithful patriot. Enlisting in 1983, Chuck joined the 132nd Engineer Battalion as a combat engineer and served 27 years in the United States Army National Guard. Chuck served multiple rotations as the Mobilization Officer for California, ensuring that the men and women going overseas from California were deployed on time and brought home in the same fashion. It is safe to say that his diligence in this role touched the lives of nearly every soldier who was part of the largest deployment of California troops since the Korean War. In 2005 Chuck was selected to deploy to Iraq in support of Operation Iraqi Freedom, where he served as the Chief of Operations, Corps of Engineers in Tikrit. Even though he was in his mid-fifties while serving overseas, Chuck maintained the highest levels of physical fitness and discipline imaginable, consistently improving his two-mile run time every time he took the test.

While preparing to deploy to Iraq for his second tour, Chuck lost his battle with cancer and passed away on June 12, 2010. Known by his friends for fierce loyalty and unending perseverance, he will most certainly be missed. Madam Speaker, it is my privilege to rise today in recognition of LTC Charles Lyda and to extend my condolences to his family and my gratitude for his many years of service to our Nation.

BALANCING WORK AND FAMILY

HON. JIM McDERMOTT

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 22, 2010

Mr. McDERMOTT. Madam Speaker, balancing work and family is not solely a woman's issue. This seems obvious, but all too often both the media and the political debate seem to forget this reality.

There is no doubt that the huge influx of women into the workforce over the last 50 years has put them at ground zero for balancing the competing demands of family and work. But that same trend has also created challenges and changes for men.

Today, over 70 percent of mothers work outside the home, more and more men are taking on care-taking and household duties. Of course, that's only more household responsibilities relative to what men have done in the past—so in congressional lingo, we are starting from a very favorable baseline.

But there is no doubt that men are feeling more anxious about balancing work and home responsibilities, and 95 percent of American fathers report conflicts between work and family demands. This means men have a clear stake in a debate they have been largely missing from, and their absence undercuts a political drive to make long overdue progress.
