

on July 23, 2010, following a three-year struggle with lung cancer.

Dr. Druker was trained as a clinical dermatologist, but his interest in people was anything but skin-deep. First as a practitioner and professor, then later as an executive, he always sought to engage those around him, to collaborate with and learn from his colleagues and friends. In this way, he nurtured ties between the medical profession and the broader Peninsula community, becoming a pillar of the Palo Alto Medical Foundation and the catalyst for an expanding and increasingly effective community health network.

With all of Dr. Druker's gifts as a doctor and director, it's hard to imagine him in any other profession. But he did not initially intend to enter medicine. Raised in Marshalltown, Iowa, Dr. Druker received his Bachelors Degree in Economics from Harvard University and was accepted by the University of Michigan Law School before changing his mind and entering the University of Iowa Medical School, under the condition that he make up his pre-med requirements first. Dr. Druker's precipitous career change brought him an avalanche of science coursework and ultimately brought Palo Alto residents an exceptional doctor. With his penchant for quiet understatement, Dr. Druker recalled his first year of medical school as "a fun year."

He married his wife Karen in 1966 and served two years in the U.S. Army before finishing his residency at the University of Oregon in 1975. After a year of private practice in Portland, Dr. Druker moved to Palo Alto to join what was then the Palo Alto Medical Clinic. While seeing 30 dermatology patients a day and teaching at the Stanford University School of Medicine, Dr. Druker rose to hold a number of leadership positions in the clinic and in regional and national organizations. He became Executive Director and then Chief Operating Officer of what had become, under his leadership, the Palo Alto Medical Foundation (PAMF), before being named President and Chief Executive Officer of PAMF in 1999.

Guided by Dr. Druker's vision of high-quality outpatient care and his "multi-specialty group practice" healthcare model, PAMF vastly expanded its range and its roster. The Foundation grew from 120 to nearly 1,000 physicians and now serves locations throughout the Bay Area, including Sunnyvale, Fremont, Los Altos, San Carlos, and Burlingame. Dr. Druker played a leading role in cementing the alliance between PAMF and Sutter Health in 1993, further integrating and enhancing community health services. The Palo Alto Medical Foundation remembered Dr. Druker as man who had "a particular passion for children and education, and fostered long standing partnerships with schools." Along with his commitment to the health of youth, Dr. Druker promoted the idea of a "Center for Innovation" at PAMF to generate new and better approaches to clinical care.

Dr. Druker made countless contributions to the wider medical community as well. He chaired the American Medical Group Association and the California Medical Group Association, and served on the Board of the Unified Medical Group Association. He was a Trustee of the California Medical Association, a Fellow of the American Academy of Dermatology, and belonged to the Santa Clara County Med-

ical Society, the California Medical Association, and the American Medical Association, among other affiliations. In addition to these responsibilities, Dr. Druker found time to author papers and textbooks on dermatology and medical administration, all the while devoting himself to his wife, his children, and his grandchildren.

Dr. Druker's impressive accomplishments have immeasurably enriched our community, but perhaps his most lasting legacy lies in the devoted care of his patients. One patient remembered him as "a great guy and a fantastic doctor," a physician whose gentleness left the patient "with this lasting fondness after all these years." Another simply and powerfully noted that back in the early 1980's, "he saved my boyfriend's life."

Madam Speaker, I ask my colleagues to join me in extending our deepest condolences to Dr. Druker's wife, Karen; his children, Daniel and Ellie; his five grandchildren; and his two sisters, Hannah and Leah. Dr. Druker's intellect and passion led him to become the human foundation of the Palo Alto Medical Foundation and the Peninsula's physician and friend. Whether diagnosing a patient or directing new and exciting health advances, Dr. David Druker's warm heart and healing hands will be missed by all who were touched by his dedication and humanity.

HONORING GEORGE WILFORD
ARNOLD

HON. ED WHITFIELD

OF KENTUCKY

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 29, 2010

Mr. WHITFIELD. Madam Speaker, I rise today to honor George Wilford Arnold for his lifelong contributions within his community. I wish to recognize his accomplishments by recalling some of his many achievements as an outstanding public servant.

Mr. Arnold began his public service in the U.S. Army Air Corps during World War II, and this service to his country and community continued throughout his life. Following his military service Mr. Arnold served on multiple boards as well as civic organizations that worked to improve the quality of life in the surrounding region. After many years of service he became a self-taught visionary seeking to improve the supply and the quality of water for his city, county, and region. This dedication to improving the people's quality of life led him to serve as chairman of the Logan/Todd Regional Water Commission from 1997 to 2003 and the executive director from 2003 to 2005. Mr. Arnold also served as the Mayor of Adairville for almost 20 years. During this time he was both trusted and respected for his commitment to the people.

In his community and surrounding area, Mayor George Wilford Arnold was seen as an example of hard work and ingenuity. One of his greatest strengths was that he possessed an unwavering belief in the people he represented. His work and leadership are largely responsible for the advancements of drinkable water within the First Congressional District.

Madam Speaker, Mayor George Wilford Arnold was an integral part of Kentucky's growth

and advancement and it is an honor for me to bring to the attention of this House the achievements of this extraordinary gentleman. Although the death of Mayor Arnold is a great loss to our District, his work will live on in the many accomplishments we recognize here today.

RECOGNIZING THE ACHIEVEMENTS
OF THE HAWAIIAN PARTICIPANTS
IN THE HOSA NATIONAL
LEADERSHIP CONFERENCE

HON. CHARLES K. DJOU

OF HAWAII

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 29, 2010

Mr. DJOU. Madam Speaker, I rise today to recognize the students of Hawai'i HOSA who traveled to Orlando to compete in 25 health-related medical events with 7,000 delegates from 46 states. The excellence displayed by the team throughout this competition is indicative of the bright futures they can have in the health care community.

Hawai'i sent a delegation of 84 students from 12 high schools and four colleges from Maui and Oahu to compete in the 2010 HOSA National Leadership Conference. Hawai'i is incredibly proud of the 13 students awarded Top 3 Medallions and the 18 students who earned the Top 10 Finalist award. I would like to recognize the following students from Hawai'i for their tremendous accomplishments at the HOSA National Leadership Conference: Rance China, Josie Gomez, Brianna Daranciang, Ashley Layco, Carianne Matsuo, Ana Liza Capulong, Sandra Jamilla, Joybell Pablo, Vanessa Joy Sagaoinit, Tony Valdez Jr, Britteny Acoba, Joleen-Taylor Baxa, Marikris Racho, Nicole Kawahara, Allen Orense, Kevin Quitariano, Kimiyo Lindley, Glady Meir Baloran, Cheryl Batara, Diana Simon, Woody Hoshibata, Brandy-Shaye Austein, Mericris Neyra, Catherine Sabio, Ty Nakama, Zachery Grace, Nicole Colello, Samantha DeLeon, Liane Hisamoto, Aprilei Ramirez, Alnora Murai, Ruel Reyes, Lisa Kaaihue, Charmaine Alontaga, Shaneen Northington, Lian Balmores, Jenna Maligro, Judy Sadoyama, Harriet Gumban, Brittny Acoba, Jade Sampiliano, Angel Badua, Johnelyn Cadang, Jensine Domingo, Benedict Juliano, Suzanne Lieu, Shayna Palasigue, Kristine Saguid, and Theodore Ueki.

The Health Occupations Students of America (HOSA) promotes knowledge, technology education, and skill and leadership development for all health sciences to prepare and equip our students to meet the needs of the future healthcare community. Programs like HOSA promote academic excellence, encourage our students to specialize in subjects that interest them, and allow our students to interact with peers from around the country who share those interests. Education is crucial to our success as a nation and we must continue to ensure that quality education remains a priority.

On behalf of the schools, parents, and teachers of the First Congressional District of Hawai'i, I would like to extend my congratulations to the students of Hawai'i HOSA. Aloha.
