

CONGRATULATING FRENCHTOWN  
HISTORIC FOUNDATION

**HON. CATHY McMORRIS RODGERS**

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 7, 2010*

Mrs. McMORRIS RODGERS. Madam Speaker, I rise today to congratulate and commend the Frenchtown Historic Foundation for their steadfast commitment to completing the Frenchtown Historic Site designation.

Just West of the Whitman Mission National Historic Site and among the rolling hills of wheat outside of Walla Walla, the 27 acre site set to open on December 11, 2010 will preserve an important part of our Northwest History. The Frenchtown Historic Site commemorates an area with rich historical heritage dating back to the famous expedition of Lewis and Clark in the early 1800s.

Frenchtown was originally established by French-Canadians associated with the Hudson's Bay Company trading post at Fort Nez Perce along the Columbia River. My family first settled on a plot of land near Walla Walla and the Frenchtown Historic Site in 1853, shortly before the Yakima War broke out tearing the farmers, natives, loggers, and pioneers apart and away from their homes. This designation coincides with the 155th Anniversary of the Battle of Walla Walla—the longest sustained battle in Northwest history. Twenty three years later, in 1876, the St. Rose of Lima Mission Church and cemetery were established that still exist to this day.

The Frenchtown Historical Site designation culminates over five years of cooperative coordinated efforts by numerous local, state, and federal parties all orchestrated by the Frenchtown Historic Foundation, with special efforts made by Daniel Clark, Sam Pambrun, and Karen Bergevin Zohner.

Madam Speaker, I urge all of my colleagues to join me in congratulating the Frenchtown Historic Foundation for its job well done.

RECOGNIZING COUNCILMAN JOHN  
PAUL LEDESMA FOR HIS SERVICE  
TO THE CITY OF MISSION  
VIEJO

**HON. DARRELL E. ISSA**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 7, 2010*

Mr. ISSA. Madam Speaker, I rise to recognize the exemplary service of Mission Viejo City Councilman John Paul Ledesma, who has faithfully kept the public trust since he joined the Mission Viejo Council in 1998.

During his 12 year tenure, John Paul distinguished himself as a proponent of fiscal restraint and responsible public budgeting, a fierce advocate for personal property rights and a vocal opponent of excessive taxation.

His efforts on behalf of the people of Mission Viejo have contributed significantly to the public safety and their quality of life. John Paul spearheaded the effort to make Mission Viejo the first city in Orange County to adopt an ordinance requiring its employees and contractors to participate in the federal E-verify system to insure that documents presented to establish employment eligibility are valid.

He fought to protect the rights of citizens to religious expression and to protect children using computers in the City library from the dangers of the Internet. As Mission Viejo's representative on the Orange County Vector Control District he worked cooperatively with representatives of surrounding communities to protect public health.

John Paul also served terms as Mayor in 2003 and Mayor Pro Tem in 2007. City ordinance limits council service to 12 years, and John Paul completes that term having maintained the trust of its citizens and leaving the community better off for his service.

It is with gratitude and appreciation for work well done, that we commend John Paul Ledesma for his public service and wish him well in future endeavors.

A TRIBUTE TO DR. SALLYE  
GRANBERRY

**HON. EDOLPHUS TOWNS**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, December 7, 2010*

Mr. TOWNS. Madam Speaker, I rise today in recognition of Dr. Sallye Granberry.

Dr. Sallye Cranberry was born in 1958, the first child of Yvonne Walker, a single high school graduate from Nashville, Tennessee. She was raised in Harlem one block north of the Apollo Theater, and attended the Harriet Tubman School, a public elementary school on 127th Street. She was awarded a scholarship from the organization A Better Chance, to attend Walden, a private school on the upper west side. This school ignited a passion in Sallye for the sciences, and encouraged her to tutor fellow classmates in the anatomy lab. She graduated from Walden in 1976 and won a scholarship to attend Northwestern University in Evanston, Illinois. She entered Northwestern as a biology major ready to pursue teaching, but graduated in 1980 as a pre-med student, after volunteering at Planned Parenthood and realizing her deep interest in women's health. She attended Medical School at SUNY Upstate Medical Center in Syracuse, NY, and graduated in 1984 to pursue a Radiology residency in Brooklyn, New York, at Maimonides Medical Center. She was Chief Resident at Maimonides in 1989, and completed a Body Imaging fellowship at St. Luke's Roosevelt Hospital in New York City in 1990. She achieved Board Certification in Diagnostic Radiology in 1990. She has worked at several hospitals here in Brooklyn, but has remained in the public hospital system at Woodhull Medical Center for almost 10 years. As a Diagnostic Radiologist, Sallye has pursued her interest in women's health through the subspecialties of Mammography and Ultrasound.

Dr. Granberry's dedication to community service started early in her life when she joined the Junior Elks Club in Harlem. She volunteered at Planned Parenthood while in high school and in college. There she learned that there was an urgent need to provide medical care to women, especially pregnant teens and women of color. While attending Northwestern she joined the sisterhood of Delta Sigma Theta Sorority, a community service organization. She was one of the founding members of One Step Before, a minority student organization composed of premedical stu-

dents. During her medical school training she was a member of UMPA, Upstate Medical and Paramedical Association; this minority student organization was a precursor of the SNMA, Student National Medical Association Chapter in Syracuse, NY.

Currently Sallye is Vice President of the Medical and Dental Staff at Woodhull Medical Center, where she has held office since 2005. She is section chief of Mammography and Ultrasound at Woodhull, a position that gives her an opportunity to provide excellent care to women of all ages, regardless of their ability to pay. She educates her patients to promote self-awareness and preventive care.

Dr. Granberry resides in Canarsie, Brooklyn with her husband Michael LaMont and their two teenage sons, Akil and Jawan. She is a member of the Radiologic Society of North America, the American Institute of Ultrasound in Medicine and the New York Breast Imaging Society. She attends church regularly at Church of the Rock in Canarsie and is a member of the Schomburg Society in Harlem. She enjoys traveling with her family, and attending educational seminars.

Madam Speaker, I urge my colleagues to join me in recognizing the achievements of Dr. Sallye Granberry.

HEALTHY, HUNGER-FREE KIDS  
ACT OF 2010

SPEECH OF

**HON. CAROLYN B. MALONEY**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, December 1, 2010*

Mrs. MALONEY. Madam Speaker, I rise in support of S. 3307, the Healthy, Hunger-Free Kids Act, a bill that provides a historic investment in the health of our nation's children. This bill will help address the severe concerns of both obesity and hunger that severely impact them.

In my home state of New York alone, the statistics are staggering:

32.9 percent of children in New York are overweight or obese and New York taxpayers spend an estimated \$6.1 billion on Medicaid and Medicare each year to treat obesity-related chronic diseases.

16.7 percent of children under 18 in New York are at-risk of being hungry. This bill will expand access to the child nutrition programs and fill nutrition gaps when family resources are tight.

1,813,000 of New York's children participate in the National School Lunch Program, NSLP, each year and will receive healthier school meals provided by the Healthy, Hunger-Free Kids Act. 1,147,000 of those kids are low-income children, who will benefit from better access to free school meals through promotion of and improvements to direct certification.

New York will receive up to \$17.5 million to improve the nutrition quality of school lunches because of this bill.

281,500 children in New York participate in the Child and Adult Food Care Program and will benefit from increased resources, more training to childcare providers to serve healthier meals and snacks and increased physical activity.
