

many years, the Commonwealth of Virginia has seriously been considering the potential positive impact that Outer Continental Shelf (OCS) development off Virginia's coast would have on the Commonwealth. In fact, there has been wide support for environmentally responsible energy production by the Governor of Virginia, the Virginia General Assembly and by many local governments in the Commonwealth.

The Commonwealth of Virginia has made it clear that they want to access their energy resources. I believe that we should access these resources and we can do it while being environmentally responsible. Therefore, I rise today, with the majority of the Virginia Congressional Delegation, to introduce the "Virginia Access to Energy Act," to give the Commonwealth access to these energy supplies. This legislation would start energy production off of Virginia's coast based on the Department of Interior's own proposal. This legislation simply requires that the Department of Interior proceed with their proposed Virginia lease sale no later than one year after passage of this legislation.

Passage of this legislation and development of VA's OCS will significantly boost the economy of the Commonwealth of Virginia. It has been estimated by the U.S. Department of Interior that Virginia's OCS has 130 million barrels of recoverable oil and 1.14 trillion cubic feet of recoverable natural gas. This translates into a significant boost to the economy of the Commonwealth of Virginia. In fact, some estimates have shown that development of Virginia's OCS will create 2,578 full-time equivalent positions on an annual basis, induce capital investment of \$7.84 billion, yield \$644 million in direct and indirect payroll, and result in \$271 million in state and local taxes. While exploration activities alone will infuse the Virginia economy with a significant amount of new capital, this legislation will also authorize any qualified revenues generated by the lease sales to be shared between the federal government and the Commonwealth of Virginia. Additionally, the legislation sets up revenue-sharing for the Commonwealth for any future lease sales off of Virginia's coast.

My legislation, the Virginia Access to Energy Act, is an important component to any long-term strategy to reduce our dangerous dependence on foreign oil. This legislation ensures that Virginia has every tool available to access its energy supplies, while at the same time creating thousands of jobs for Virginians and infusing the Commonwealth with new capital growth. I urge Congress to pass this legislation to allow Virginia to move towards a path of energy independence.

OUR UNCONSCIONABLE NATIONAL DEBT

HON. MIKE COFFMAN

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 5, 2011

Mr. COFFMAN of Colorado. Mr. Speaker, today our national debt is \$14,251,174,516,308.48.

On January 6, 2009, the start of the 111th Congress, the national debt was \$10,638,425,746,293.80.

This means the national debt has increased by \$3,605,505,817,922.70 since then.

This debt and its interest payments we are passing to our children and all future Americans.

PASSING OF FORMER REP. JOHN ADLER

HON. JOHN CONYERS, JR.

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 5, 2011

Mr. CONYERS. Mr. Speaker, I rise today to mourn the passing of a dear friend and colleague, former Congressman John Adler. It was truly an honor and a privilege to serve with John during the 111th Congress, where we worked together on legislation such as the Paycheck Fairness Act and the Employee Free Choice Act. John always put the interests of his constituents first, and I can confidently say that the people of New Jersey's 3rd Congressional District were privileged to have a representative as dedicated and committed to his job as John.

John and I also shared a particular interest in Veteran's issues. As a member of the Veterans' Affairs Committee, he worked tirelessly to ensure that our Nation's veterans received the benefits they deserved as a result of their tremendous sacrifice and service to this country. As a veteran myself, I take particular pride in saluting John's accomplishments in this field.

Again, I join with my colleagues in expressing my sincerest condolences on the passing of Congressman Adler. My thoughts and prayers are with his wife, Shelley, and his four sons. I hope that my colleagues will take this time to reflect on his life and his work, and may he serve as an example to all of us of a life well lived.

IN RECOGNITION OF THE CAREER AND ACHIEVEMENTS OF SUSAN BENDER

HON. GARY L. ACKERMAN

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 5, 2011

Mr. ACKERMAN. Mr. Speaker, I rise to seek Congressional recognition of the exceptional achievements and outstanding career of Susan Bender. Over the course of her almost 40-year professional career with Jewish Community Centers (JCC) in New York City and Long Island, Susan worked tirelessly to ensure that families and individuals living in New York City and Long Island had access to mental-health and social-service programs. She has not only been an innovative leader and unyielding advocate for individuals with disabilities, but also a dedicated leader in her community.

After graduating from Brooklyn College with a degree in speech pathology, Susan began working at JCCs with distinction. She started her career at the Staten Island Jewish Community Center as the Director of Early Childhood Development. In 1988, she moved to be the Executive Director at the Young Men's—Young Women's Hebrew Association in Westchester, New York. Then, in 1992, Susan became the Executive Director of the Sid

Jacobson Jewish Community Center in East Hills, New York, in my congressional district.

Under Susan's enthusiastic direction, Sid Jacobson has flourished. The Center dramatically expanded its facility in East Hills and also added the Bernice Jacobson Day School and Camp in Old Westbury, New York. Susan developed the Center's noted innovative programs for autistic children, single parents, and the bereaved. She helped found a first-of-its-kind program for adults with early-onset Alzheimer's and their families.

Today, the Center has a staff of over 250, an annual budget of \$12 million, and offers an extensive catalog of dynamic programs for people of all ages and abilities. The success of the Center is a direct testament to the strength of Susan's leadership and her dedication to providing community members with the best possible services.

In addition to her work at Sid Jacobson, Susan has applied her energy and vision in a variety of leadership roles in the national JCC movement. She served as a member of the Jewish Community Center Association's board of directors, was president of the Association of Jewish Center Professionals (AJCP) for the Eastern Region, and, in 2002, was named the national president of the AJCP.

Mr. Speaker, this year Susan Bender will retire having contributed immeasurably to her community. I am proud to recognize Susan and I ask my colleagues to join me in thanking her for her lifetime of tremendous work for others.

RECOGNIZING THE 2010-2011 CONGRESSIONAL YOUTH ADVISORY COUNCIL FOR 500 HOURS OF OUTSTANDING SERVICE TO THE COMMUNITY—MADELINE MINCHILLO

HON. SAM JOHNSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 5, 2011

Mr. SAM JOHNSON of Texas. Mr. Speaker, it is my pleasure and privilege to inform the Members of the United States House of Representatives that the students of the 2010-2011 Congressional Youth Advisory Council, CYAC, from the Third District of Texas have completed a total of 500 community service hours, fulfilling and far-surpassing the requirements of their assigned CYAC in the Community service project.

This year 46 students from public, private, and home schools in grades 10 through 12 made their voices heard by joining CYAC. As the Third District's young ambassadors to Congress, these bright high school students met with me on a quarterly basis to discuss current events and public policy. These impressive young people recognize an important truth: the heart of public service is found when giving back to the community. CYAC students volunteered their time and talents with over 30 organizations including Adopt-A-Highway, Habitat for Humanity, Meals on Wheels, Teen Court, and the USO, to name a few. As one student shared, "CYAC in the Community has allowed me to realize my calling to serve those in the U.S. Armed Forces." I am beyond thrilled that CYAC has helped students unleash their full potential and chase their dreams.

President George H.W. Bush once said, "A volunteer is a person who can see what others cannot see; who can feel what most do not feel. Often, such gifted persons do not think of themselves as volunteers, but as citizens—citizens in the fullest sense: partners in civilization."

With this statement as a benchmark, I am proud to congratulate the members of the 2010–2011 Congressional Youth Advisory Council for showing themselves to be outstanding young citizens of this nation. It is my privilege to submit summaries of their work to the CONGRESSIONAL RECORD to be preserved for posterity and antiquity. To these young public servants, thank you, and keep up the great work! I salute you!

A copy of each submitted student summary follows:

An average teenager might have spent 6 hours on a Saturday sleeping, playing infamous video games, or hanging with friends. I spent my 6 hours building a ramp through The Dallas Ramp Project. That morning and afternoon I learned how to construct a ramp so that a 96 year old woman, Lovey, could be freed from her home. I, a teenager, who could have been doing all the things listed above like a "normal" teenager, but I didn't. I decided to make a difference in someone else's life for the better. I learned how important and how valuable time really is. 6 hours to some is 3 movies. 6 hours to another person is giving back a person's freedom. I strive not to be a success but to be a value. I now have a better understanding of life. Not only did I build a ramp, I built relationships with my team members. I encourage you to do something with your 6 hours because you too are able; able to change the world, able to be a blessing to others, and able to make an impact. So the next time you have 6 hours what will you do?

—Madeline Minchillo

IN HONOR OF STAFF SERGEANT
FRANK E. ADAMSKI III

HON. JOE COURTNEY

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 5, 2011

Mr. COURTNEY. Mr. Speaker, it is with profound sadness that I rise today to honor Staff

Sergeant Frank E. Adamski III of Moosup, Connecticut. Staff Sergeant Adamski was killed on March 29, 2011, by small arms fire during combat operations in Kunar Province, Afghanistan. More than a hundred people gathered in Plainfield today to honor him and his service to our nation.

Frank graduated from Plainfield High School in 2002 where he was a well-known and well-liked student athlete who played on the Panthers football team. Following graduation, Frank enlisted in the Army and served a combat tour in Iraq from January 2006 to February 2007. Most recently, he deployed to Afghanistan as a member of the 2nd Battalion, 327th Infantry Regiment, 1st Brigade Combat Team, 101st Airborne Division at Fort Campbell in Kentucky.

Friends describe Frank as a bright young man who loved his country and was passionate about serving in the military. Moreover, he was a great family man as husband to Danielle Lee Adamski, also of Plainfield, and a father to Victoria, his one-year-old daughter. Sadly, he would have celebrated his 27th birthday last week as well as his 4th wedding anniversary.

These milestones, as well as the countless memories, make his passing all the more difficult for the family, friends and community who mourn his passing.

Sergeant Frank Adamski served his country bravely, and his dedication and patriotism serve as an inspiration to us all. My thoughts and prayers are with his wife and family in this difficult time. I ask my colleagues to join me and so many across eastern Connecticut in honoring the service and sacrifice of this young man.

CONGRATULATING THE EAGLES
OF SCHOOLCRAFT HIGH SCHOOL

HON. FRED UPTON

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 5, 2011

Mr. UPTON. Mr. Speaker, I rise today to congratulate the Eagles of Schoolcraft High School on their men's basketball state championship title. These outstanding young men

have worked hard for this accomplishment and have made their community very proud. Their 73–59 victory is an achievement that will be remembered forever.

Winning a state championship is a remarkable achievement that few teams ever experience. This championship is a legacy that the 2010–2011 Eagles will remember forever. The Eagles and Coach Randy Small, along with assistant coaches Bob Saxman, Derrick Small, Lee Ingram, Jon Tone, and Aaron Beery, know that success comes through teamwork and dedication. The Eagles' commitment to the game and their drive to go the extra mile, led them to victory.

It is an honor to pay tribute to the entire Eagles squad: Jon Cakmakci, Kody Chandler, Benny Clark, Zac Decker, Tyler Dow, Bryan Jones, Blake Krum, Jonathan Lawrence, Jacob Lenning, Jacob Marshall, Luke Ryskamp, Joe Savage, Cam Schwartz, Jeffrey Scott, and Trent Skippers. We salute all of you.

On behalf of all the residents of southwest Michigan, congratulations again to the Schoolcraft Eagles, Coach Small, and the entire Schoolcraft community—you are an inspiration to us all. Go Eagles!

PERSONAL EXPLANATION

HON. CAROLYN B. MALONEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 5, 2011

Mrs. MALONEY. Mr. Speaker, on March 31, I attended the service and funeral of my dear friend and mentor, Geraldine Ferraro, and missed rollcall votes Number 205 and 206. Had I been present, I would have voted "nay" on rollcall votes 205, providing for consideration of the bill (H.R. 658) to amend title 49, United States Code, to authorize appropriations for the Federal Aviation Administration for fiscal years 2011 through 2014 and 206, to amend the Federal Insecticide, Fungicide, and Rodenticide Act and the Federal Water Pollution Control Act to clarify congressional intent regarding the regulation of the use of pesticides in or near navigable waters.
