

frontier spirit alive for future generations. It is places such as Tuttle that have helped shape this country into what it is today, which is why this fine community is deserving of our recognition.

Tuttle has a proud past and a bright future.●

#### BREWER SCIENCE'S 30TH ANNIVERSARY

● Mrs. MCCASKILL. Mr. President, I honor the 30th anniversary of Brewer Science, an innovative, high-technology company from Rolla, MO.

When Brewer Science was started by Dr. Terry and Paula Brewer in 1981, it had only three employees. Like so many small businesses in our country, the company has grown and expanded because of its commitment to hard work, innovative solutions and exceptional service for its customers. From humble beginnings, the company has grown today to 263 employees working globally to bring groundbreaking technology to companies worldwide.

Brewer Science is best known in the microelectronics industry for introducing ARC brand bottom antireflecting coatings in 1981 to microchip makers. In the past 30 years, they have expanded their portfolio to include optoelectronic coatings, protective coatings, bonding processes and nanotechnology products, which enable the manufacturing of advanced integrated circuits, sensors and displays throughout the world.

As Brewer Science has continued to grow, their vision and philosophy have remained consistent. The milestone that I ask us to honor today is a tribute to this vision.

Brewer Science has translated their success in business into a better community for Missourians. Brewer Science has had a positive impact on its community through service, volunteering, and donations to various arts, educational and environment programs.

Brewer Science's passion for providing dedicated service and their emphasis on innovation serve as an inspiration for all Missourians. Their achievements deserve the highest commemoration.

Mr. President, I ask that the Senate join me in recognizing the 30th anniversary of Brewer Science.●

#### TRIBUTE TO DR. ERIC GANGLOFF

● Mr. ROCKEFELLER. Mr. President, today I wish to recognize Dr. Eric Gangloff, who has served the American people for more than 25 years at the Japan-United States Friendship Commission. He has served in numerous roles, including as the director of the Commission's Japan office, as associate executive director, and currently as the Commission's executive director.

Dr. Gangloff has, through his work at the Commission, contributed substan-

tially to research, training, and student exchange programs with Japan, and supported the valuable projects of countless scholars, students, and artists through Commission grant programs.

Throughout his tenure as executive director of the Commission, Dr. Gangloff has worked with the leaders of several professional organizations of Japanese language educators, encouraging them to join forces and work together in order to provide maximum support for Japanese language teachers at all levels in the United States, from kindergarten through college. As a result of his efforts and continuing support, the Alliance of Associations of Teachers of Japanese was founded in 1999 as a coalition that represents and serves two previously separate organizations.

Dr. Gangloff also spearheaded a movement to create the North American Coordinating Council on Japanese Library Resources in 1991 to meet the demands of the American library community for Japanese research materials. The creation of the NCC brought the activities of the Japan studies library community into a clearinghouse that focuses on resource-sharing through cooperative collection development, information literacy at all levels within the Japan studies field and fosters close collaboration and consultation among librarians, the academic community and funding agencies in both countries.

In addition, Dr. Gangloff is responsible for the strengthening of long-term positive relations between the two countries through his creation and long-term support and guidance of the U.S.-Japan Legislative Exchange Program which brings together on a semi-annual basis, a core group of United States Congressional Members and Japanese Diet Members for in-depth and informal discussions on a broad range of political, economic and security issues. Discussions such as these cement the bonds between the two countries at the highest levels, which is especially important at times of great stress, such as the recent tragic events in Japan.

Dr. Gangloff was the driving force behind the creation in 1998 of the United States Japan Bridging Foundation, a charitable organization that expands opportunities for American undergraduate students to study in Japan. This public-private partnership, directed by Dr. Gangloff, has raised over \$4,000,000 and awarded over 1,000 scholarships to American students since its inception.

In short, Dr. Eric Gangloff has provided inspired leadership throughout his career in cultural, educational, and scholarly dialogue and exchange between Japan and the United States. On behalf of the congressional Members serving as Commissioners of the Japan-U.S. Friendship Commission—Senator MURKOWSKI, Congressman TOM PETRI, Congressman JIM McDERMOTT, and my-

self—I would like to express our deepest gratitude for these contributions and assure Dr. Gangloff that the positive results of his hard work will be felt for years to come.●

#### MEASURES PLACED ON THE CALENDAR

The following bill was read the second time, and placed on the calendar:

H.R. 1231. An act to amend the Outer Continental Shelf Lands Act to require that each 5-year offshore oil and gas leasing program offer leasing in the areas with the most prospective oil and gas resources, to establish a domestic oil and natural gas production goal, and for other purposes.

#### EXECUTIVE AND OTHER COMMUNICATIONS

The following communications were laid before the Senate, together with accompanying papers, reports, and documents, and were referred as indicated:

EC-1697. A communication from the Assistant Secretary, Legislative Affairs, Department of State, transmitting, pursuant to law, the report of a Determination and Certification under Section 40A of the Arms Export Control Act relative to countries not cooperating fully with United States antiterrorism efforts; to the Committee on Foreign Relations.

EC-1698. A communication from the Assistant Attorney General, Office of Legislative Affairs, Department of Justice, transmitting, pursuant to law, the Department of Justice's fiscal year 2010 annual report relative to the Notification and Federal Employee Antidiscrimination and Retaliation Act of 2002; to the Committee on Homeland Security and Governmental Affairs.

EC-1699. A communication from the Secretary of Education, transmitting, pursuant to law, the Department of Education's fiscal year 2010 annual report relative to the Notification and Federal Employee Antidiscrimination and Retaliation Act of 2002; to the Committee on Homeland Security and Governmental Affairs.

EC-1700. A communication from the Diversity and Inclusion Director, Board of Governors, Federal Reserve System, transmitting, pursuant to law, the Federal Reserve System's fiscal year 2010 annual report relative to the Notification and Federal Employee Antidiscrimination and Retaliation Act of 2002; to the Committee on Homeland Security and Governmental Affairs.

EC-1701. A communication from the Director of the Regulatory Management Division, Office of Policy, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "National Emission Standards for Hazardous Air Pollutants From the Portland Cement Manufacturing Industry and Standards of Performance for Portland Cement Plants" (FRL No. 9306-7) received in the Office of the President of the Senate on May 12, 2011; to the Committee on Environment and Public Works.

EC-1702. A communication from the Director of the Regulatory Management Division, Office of Policy, Environmental Protection Agency, transmitting, pursuant to law, the report of a rule entitled "Approval and Promulgation of Air Quality Implementation Plans; New Mexico; Sunland Park Section 110(a)(1) Maintenance Plan for the 1997 8-Hour Ozone Standard" (FRL No. 9305-6) received in the Office of the President of the Senate on May 12, 2011; to the Committee on Environment and Public Works.
