

years to come. We have all been made better by his contribution, his presence, and his example. He is an institution and his extraordinary service is as much a part of Commerce Committee lore as the Enron investigation or the deregulation of telecom. He is an institution we are extremely proud of and will always honor. We will strive to live up to his example.

ADDITIONAL STATEMENTS

TRIBUTE TO SAUL MARTINEZ ELEMENTARY SCHOOL

• Mrs. BOXER. Mr. President, it is with great pleasure that I honor students, teachers, administrators, librarians, and parents from Saul Martinez Elementary School in Mecca, CA, for taking a stand to resolve a serious pollution problem the community was facing. Together, they have demonstrated how important it is to speak up and be heard to make government officials aware of vital issues that affect their community.

Like all Americans, the residents of Mecca, CA, have the right to expect that the air they breathe is clean, and that the Federal and State government will enforce the Nation's environmental laws to protect them from dangerous pollution. Unfortunately, some residents in Mecca became sick from overpowering air pollution coming from a nearby waste recycling facility. The noxious odors posed a public health risk to the two schools located near the site, Saul Martinez Elementary School and Mecca Elementary School.

I became involved because local citizens, including teachers and students at the two schools, spoke out about the public health threat in Mecca that needed to be addressed immediately. I am so pleased that the Environmental Protection Agency stepped up its efforts to clean up the air pollution in and around the community of Mecca.

I give special thanks to the residents of Mecca, including the students at Saul Martinez Elementary School, for speaking up and telling the truth about the troubling conditions nearby. It is an example to all Americans that we have a stake in our communities and that by fighting for what is right, we can make our country a better, safer and healthier nation.●
