

For those who know him, Chuck has always been a staunch Democrat, serving previously on the Waterford Democratic Town Committee and as a delegate to the state Democratic convention. There is not a Democratic office holder or candidate in our region that has not been helped by Chuck in his or her quest for victory on Election Day. As I can attest, he has personally crafted and assembled thousands of campaign signs in every nook and cranny of eastern Connecticut on behalf of the candidates he has supported. Most famously, Chuck has organized pre-debate rallies at the Garde Theater in New London, Connecticut, now a rite of passage for any Democrat whose name appears on the ballot in our state. Chuck's service to working families is based on a much deeper and caring basis than simply party loyalty. I will always remember Chuck's passionate speech at a Chamber of Commerce breakfast that, "The best social program ever devised is a job—a job with decent wages and benefits!" As our Nation grapples with the enormous challenges ranging from health care, the deficit, the environment and the strains of family life, Chuck's shrewd wisdom offers a beacon of hope and success.

While Chuck may be retiring from his post as President and Business Manager of Local 24, I imagine his retirement will not be one of quiet solitude or rest. Chuck is the embodiment of the men and women who make up America's labor movement—dedicated, hard working and always looking forward to the next fight to improve the lives of the American middle class. Mr. Speaker, I ask that my colleagues join me in congratulating my friend and great American Chuck Appleby on a lifetime of service.

IN HONOR OF SUDHA DAVID-WILP

**HON. RUSS CARNAHAN**

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, June 1, 2011*

Mr. CARNAHAN. Mr. Speaker, I rise today to recognize Sudha David-Wilp, and to honor her and the work she has done on behalf of the Association of Former Members of Congress.

Many of my colleagues and I have had the pleasure to see her work first-hand, both here in Congress, and abroad.

My work with Sudha began five years ago when I first joined the Congressional Study Group on Germany.

Sudha's mastery of the issues, keen intellect, and diligent work ethic were always obvious, no matter the time or place.

So much of the success of the Study Group is attributed to Sudha's hard work and dedication to German-American relations.

I have always been struck by how quintessentially German-American Sudha's life and work has been.

From her work in Germany and the U.S., to her family being raised with the values and traditions of both countries, it is fitting that she is heading to Germany with her husband and children for the next chapter in her life.

Sudha will be dearly missed here, but I know she will be successful back in Germany.

I thank her for everything she has done, and ask my colleagues to join me in honoring her outstanding work.

IN HONOR OF SUSAN ROSS

**HON. JAMES A. HIMES**

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, June 1, 2011*

Mr. HIMES. Mr. Speaker, I rise today in honor of my dear friend Susan Ross, who is stepping down from her role as President and CEO of the Fairfield County Community Foundation, a position she has held for the last 15 years. Since 1992, the Fairfield County Community Foundation has promoted philanthropy to build and sustain a vital and prosperous community where all have the opportunity to participate and thrive. Susan became the President and CEO of the Foundation in 1996 and, along with her first-rate staff, is responsible for the Foundation's increasing visibility, growth and relevance to donors and the community.

Fairfield County includes populations of immense wealth as well as communities of significant challenge, disenfranchisement and poverty. Susan's tireless efforts to educate and to bridge these communities have proven invaluable and have changed many lives for the better. During her tenure, the Foundation has awarded more than \$115 million in grants. Last year alone, the Foundation gave away 782 grants in Fairfield County totaling roughly \$6.4 million.

Under Susan's leadership, tens of thousands of Fairfield County children, adults and families have had the opportunity to achieve their potential. Susan's leadership and tenure at the Fairfield County Community Foundation embody the right answer to that ancient question: "Am I my brother's keeper?"

IN REMEMBRANCE OF PAUL R.

KING

**HON. DENNIS J. KUCINICH**

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, June 1, 2011*

Mr. KUCINICH. Mr. Speaker, I rise today in honor and remembrance of Paul R. King, beloved husband, father, grandfather, great-grandfather, whose generosity and kindness will be remembered.

Mr. King was born in Olney, Illinois where at the age of 15 he first realized his passion for radio announcing. He was a high school sports correspondent and he worked at the campus station while attending the University of Illinois. Mr. King started his professional career at WPEO in Peoria and went on to Wichita where he met and married Sue Ann in 1963.

Mr. King came to Cleveland in 1966 as one of the WHK radio "Good Guys" hosting mornings and then afternoons as the top-40 station switched to pop standards. He left in 1973 to form Commercial Recording Studios in Independence with engineer George Gates where he created and produced radio commercials and other innovative presentations.

Mr. King did commercial voiceovers and announcing work for clients that included the May Co., the Cleveland Browns, the Ohio Lottery, WJW-TV, "Academic Challenge" on WESS-TV, Forest City, Sherwin-Williams, Goodyear and Ohio Bell, and he was the

voice of ABC-TV's Saturday morning cartoon lineup for five years. He served a term as local president of the American Federation of Television & Radio Artists (AFTRA) and was a National Guard Veteran.

Mr. King was involved in figure skating through one of his sons. He emceed many competitions, arranged music for skaters and was president of the Winterhurst Figure Skating Club.

He was called "King of Voiceovers." In 1984 when Cleveland Magazine named him one of its 84 Most Interesting People, being a humble man, he jokingly claimed to a reporter that he was number 84.

Mr. King's greatest source of joy and strength was his family. For forty eight years, he was the devoted husband of Sue Ann. Together they raised four children: Kathleen, Kelly, John and the late Scott. His devotion to his wife and children, then later to his grandchildren and great-grandchildren was unwavering. He was the treasured grandfather of Shannon and Sean. He was the devoted great-grandfather of Dakota, Lillian, Isabelle, Kevin and Andrew. He was the beloved brother of Richard and the late Ronald. Mr. King was a devoted friend and mentor to many.

Mr. Speaker and Colleagues, please join me in honor and remembrance of Paul R. King, whose life will be framed by love for family. I offer my condolences to his family, friends and to everyone who knew him well. Mr. King lived his life with a generous heart and love for family and friends.

RECOGNIZING DR. AAGE R.

MØLLER

**HON. PETE SESSIONS**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, June 1, 2011*

Mr. SESSIONS. Mr. Speaker, I rise today to recognize one of my constituents, Dr. Aage Møller, a distinguished lecturer, professor, and neuroscience researcher at the University of Texas at Dallas (UTD). Dr. Møller, an international authority on brain plasticity and sensory systems is known for his cutting-edge and innovative research, but on the campus of UTD, he is known to many students simply as a terrific educator.

Dr. Møller is a dedicated educator—empowering his students in the classroom and neuroscience laboratories so that they can grow academically and professionally. His belief in the importance of education has also led him and his wife, Margareta, to create the Aage and Margareta Møller Scholarship for veterans of the wars in Iraq and Afghanistan. On May 13, 2011, Dr. Møller received the President's Teaching Excellence Award for Tenure-Track Faculty from UTD. Dr. Møller was selected from among more than 100 faculty members nominated by students. This award speaks loudly of the respect and high regard his students have for him. I know his work has touched countless lives. In fact, among Dr. Møller's most important contributions to the field is his development of a technique known as intraoperative neurophysiological monitoring. Surgeons around the world use Dr. Møller's method to reduce the risk of serious complications from brain surgery.

Mr. Speaker, I ask my colleagues to join me in congratulating Dr. Møller on receiving this
