

CHANCELLOR STEVE KANG
RECOGNITION

HON. DENNIS A. CARDOZA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 15, 2011

Mr. CARDOZA. Mr. Speaker, it is with great pleasure that I stand before you today to honor Mr. Sung-Mo "Steve" Kang for his many years of dedicated service as Chancellor of the University of California, Merced, California's first research institution built in the 21st century and located within the 18th Congressional District of California. Steve Kang was appointed as the second permanent Chancellor of UC Merced on January 17, 2007 and began serving at the beginning of March of the same year. During his four year tenure as chancellor, Steve's leadership made many immense and lasting contributions to the university and to the community. It is an honor to recognize the work of Chancellor Kang—a tireless advocate for education and research, a champion for the community, and a leader and friend to Merced.

Chancellor Kang's insightful vision for the campus, his commitment to cultivating and inspiring students and researchers, and his unyielding devotion to his role as chancellor truly paved the way for the development of an outstanding university. A sample of UC Merced's key accomplishments achieved under Chancellor Kang's leadership include: meeting all of the requirements for initial accreditation by the Western Association of Schools and Colleges, developing and publishing the school's Strategic Academic Vision statement in 2009, continuing its commitment to sustainable development by raising the minimum level of performance for all new buildings to a Gold LEED rating, and seeing the diversity of the campus recognized by the U.S. Department of Education as a Hispanic-Serving Institution. Also under his guidance, UC Merced's Stem Cell Instrumentation Foundry opened in 2011, enabling innovations in biotechnologies that will lead to new discoveries about stem cells. A testament to his belief in providing quality and equal access education to all students, he secured commitments from the UC Office of the President to fund enrollment growth for the next three years. Of special note, Chancellor Kang has supported the vision for UC Merced's future as a medical teaching university and his actions are greatly instrumental in ensuring that it will one day serve as an independently accredited School of Medicine.

Steve's first love is teaching and he has inspired generations of successful students inside the classroom. Prior to taking his position at UC Merced, he served as a professor in electrical and computer engineering at the University of Illinois at Urbana-Champaign from 1985 to 2000, becoming a department head in 1995. He taught as a visiting professor at several international universities, including the Swiss Federal Institute of Technology, the University of Lausanne, and the Technical University of Munich. He also served as the Dean of the Baskin School of Engineering at the University of California, Santa Cruz, during which time he took a budding engineering program to significantly greater levels of achievement, ensuring its place among the nation's top engineering schools.

Steve Kang was raised in South Korea and moved to the United States after receiving a scholarship to the Fairleigh Dickinson University in Teaneck, New Jersey where he graduated summa cum laude with a degree in Electrical Engineering. He received his Masters of Science degree from the State University of New York at Buffalo and his doctorate from UC Berkeley. A master of his field, Kang has co-authored 11 books on the subjects of electrical and computer engineering, written over 350 technical papers, and has well over a dozen patents to his name. He has been recognized with numerous awards in education and research, including the Distinguished Korean-American Award in 2008, the IEEE Third Millennium Medal in 2000, and Outstanding Alumnus Award in Electrical Engineering from UC Berkeley in 2008.

Along with his passion for education, Steve Kang is also an advocate for the community. He is personally dedicated to the principle of providing educational opportunities to children from lower income families and expanding access to a UC-quality education. He serves on the UC Merced Foundation as President, the Great Valley Center as Chairman of the Board, and the Central Valley Higher Education Consortium as an executive board member. He, along with his wife Mia, have long carried the torch for the needs of the region, consistently looking out for the valley as a whole.

Mr. Speaker, at this time, I ask that you and my other distinguished colleagues join me in commending Chancellor Sung-Mo "Steve" Kang for his dedication and service as a leader at the University of California, Merced. Without his efforts, the university would not be the outstanding academic institution that it is today. His selflessness and lifelong commitment to education is worthy of the highest praise and it is my great privilege to pay tribute to and offer my sincerest appreciation to him today. Steve will be leaving UC Merced and returning to the classroom and although he will be greatly missed, I wholeheartedly wish him luck in every future endeavor. Steve Kang has made a lasting impression on the entirety of the Merced community, its faculty, and above all, its students. We will forever be indebted to his noble efforts in bringing excellence in education to the Central Valley.

HONORING THE BUFFALO AND
ERIE COUNTY LIBRARY SYS-
TEM'S 175TH YEAR OF SERVICE

HON. BRIAN HIGGINS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 15, 2011

Mr. HIGGINS. Mr. Speaker, it is with pleasure I acknowledge the Buffalo and Erie County Library system's kick-off of their 175th anniversary celebration and their summer reading initiatives.

The first public library service in Western New York began with the creation of the Young Men's Association (YMA) in 1836. The association circulated 5,500 items to its members in its first year alone.

50 years later the institution was purchased for the City of Buffalo and was re-established as a free circulating reference library open to all City residents. By 1897, there were 32,000 registered borrowers.

Today with over 3.5 million items in circulation and 37 locations, the Buffalo and Erie County libraries have served nearly 4 million patrons.

With a diversity of programs including adult computer training, resume tips and techniques seminars as well as preschool story hour—the libraries continue to serve as centers of information, culture and entertainment for the residents of Erie County.

It is with great pride that I stand today to commemorate the Buffalo and Erie County Library system's 175th year of service. I am grateful for the array of programs and services they offer to the Western New York community and am happy to acknowledge the kick-off to their summer reading initiatives.

RECOGNIZING THE 68TH ANNIVERSARY COMMEMORATION OF THE BAKERS CREEK AIR CRASH IN AUSTRALIA DURING WORLD WAR II

HON. TODD RUSSELL PLATTS

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 15, 2011

Mr. PLATTS. Mr. Speaker, I rise to recognize the Bakers Creek Memorial ceremony being held today at the Selfridge Gate to Arlington National Cemetery at Fort Myer, Virginia.

Sixty-eight years ago today, a Boeing B-17C bomber flying with forty-one soldiers and airmen from Bakers Creek, Australia to New Guinea crashed upon takeoff, killing forty individuals. Due to the Army's subsequent classification of the event, the victims' families were not informed about the details of their loved ones' peril until recently. Thanks to the persistence of the Bakers Creek Memorial Association and the victims' families, the events of Bakers Creek are not only known today, but are honored by a monument in Arlington.

I am proud to have joined the effort to bring the Bakers Creek monument from the Australian Embassy to a permanent home on American soil. Pennsylvanians have a strong connection to this monument, as six of the forty victims of the tragic plane crash called Pennsylvania home. Many of my Congres-

sional colleagues from Pennsylvania, and both Senators, actively supported the effort to move this monument to its rightful home in Arlington. The Pennsylvania State Legislature also passed a resolution designating June 14th as Bakers Creek Memorial Day.

The distinguished speaker at today's ceremony at Selfridge Gate, the Honorable L. Jerry Hansen, Principal Deputy Assistant Secretary of the Army for Installations and Environment, graciously accepted the monument two years ago on behalf of the Secretary of the Army. The Department of the Army pledged to protect and honor the monument at Fort Myer, as a permanent tribute to the brave soldiers and airmen who perished at Bakers Creek, as well as their families.

I am pleased to thank Army Secretary John McHugh and Fort Myer Garrison Commander, Col. Carl R. Coffman, for arranging this appropriate and dignified memorial ceremony—with high standards of military honor. I am confident that this ceremony will be repeated each year on the anniversary date of the tragic crash.

I extend my deepest sympathies to the family members of the heroic American warriors who made the ultimate sacrifice in defense of our nation during World War II. But for their selfless and courageous service, the freedoms we enjoy today would not be. I and all Americans are forever indebted to these true heroes.

RECOGNIZING THE HONORABLE
MILITARY SERVICE OF CAPTAIN
THOMAS H. FARRIS

HON. DARRELL E. ISSA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 15, 2011

Mr. ISSA. Mr. Speaker, I rise today to honor the distinguished career of Captain Thomas H. Farris on the occasion of his retirement from the United States Coast Guard (USCG). I offer Captain Farris my sincerest thanks for his 30 years of dedicated service in protecting our nation and safeguarding its future.

An accomplished aviator, Captain Farris possesses over 6700 hours of flight time in six different aircraft throughout his 30 years of service as a veteran of the U.S. Army and USCG. He most recently served as the Coast Guard's Chief of Aviation Safety. In that capacity he was responsible for the USCG Aviation Safety program and one of only three senior aviators exercising program level oversight over the design, development, implementation, delivery and sustainment of all USCG aviation programs.

Captain Farris has distinguished himself by extraordinary acts of leadership. Among his many achievements, Captain Farris won the U.S. Army's European Helicopter Championship early in his career along with 18 shipboard deployments and extensive airborne Law Enforcement experience in the North Atlantic, Caribbean and Eastern Pacific theatres.

Captain Farris' service in his current position as the USCG Captain of the Port of San Diego is the capstone to his military career. As the Coast Guard Captain for San Diego, he is responsible for the safe conduct of commercial maritime activity on all federally navigable waterways within an area that extends from 200

nautical miles offshore San Diego then east to the Colorado River from the Mexico border to Utah.

Along with his many roles and responsibilities, Captain Farris serves as the designated Federal Maritime Security Coordinator and Chair of the Area Maritime Security Committee overseeing commercial vessel and facilities compliance with the Maritime Transportation Security Act. He also serves as the Operational Commander for the USCG air and surface force carrying out Search and Rescue and Maritime law enforcement authority. Additionally, Captain Farris plays a pivotal role as the Senior Officer Ashore in San Diego as the primary local USCG representative to the San Diego County military, federal and civilian community.

As he enters this new stage of his life, I hope that Captain Farris will benefit from his years of work, just as the United States Military has benefited. I offer him my warmest congratulations and may he enjoy a rewarding retirement.

Mr. Speaker, I ask you to please join me in honoring all the brave men and women who have served in the United States Armed Forces, and the admirable service of Captain Thomas Farris.
