HONORING MIKE OGLE, DEDICATED SERVANT TO EASTERN WASHINGTON'S VETERANS

**HON. CATHY McMORRIS RODGERS**

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

*Thursday, September 13, 2012*

Mrs. MCMORRIS RODGERS. Mr. Speaker, I rise today to honor Mike Ogle, a dedicated servant who spent countless hours assisting our Eastern Washington veterans at the

While America's service members and veterans have answered the call of duty and have served with dignity and honor, similarly Mike Ogle answered the call of duty to serve our veterans in Eastern Washington. A twenty-four year Air Force veteran, while working at the Spokane Veterans Outreach Center, Mike dutifully helped veterans by providing outreach, counseling, and resource referral.

However, his story goes beyond simply wanting to help Eastern Washington's veterans. Serving in the Air Force, Mike spent a great deal of time in the Middle East and was deployed for a combined total of nearly eight years. This experience enabled Mike to be one of the best advocates for veterans in Eastern Washington. Quite simply: Mike spoke their language and whenever he interacted with a veteran, the veteran knew that they had found a friend.

Working at the Spokane Veteran Outreach Center, Mike Ogle spent most of his days traveling in a custom-fitted RV called the Mobile Vet Center. Through the Mobile Vet Center, Mike spoke to Eastern Washington's veterans about housing, medical care, and employment opportunities. In addition, Mike diligently took time to generate a constructive game plan with each veteran he saw. More importantly, Mike made a point to follow up with each and every veteran that he met.

So today, I am thankful for Mike Ogle's selfless, energetic dedication to our veterans in Eastern Washington.

HONORING THE CITY OF WESTON

**HON. SAM GRAVES**

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

*Thursday, September 13, 2012*

Mr. GRAVES of Missouri. Mr. Speaker, I proudly pause to recognize the City of Weston, Missouri, as the residents celebrate the 175th anniversary of the founding of their community.

Weston was a mid-nineteenth century Missouri River port community, the second largest port on the river, second only to St. Louis. In 1850, over 300 steamboats a year docked at the Port of Weston. The population soared to 5,000, surpassing both Kansas City and St. Joseph. Floods, fires, and the Civil War contributed to a decline in population, but not in spirit. In 1972, a major portion of the early town was designated an Historic District and placed on the National Register of Historic Places having retained a substantial portion of its early residences and commercial structures. Weston is a gem in the 6th Congressional District featuring antebellum homes, museums, walking tours, and a historic shopping district. Many of the antique, home furnishing, gift shops and restaurants are located in buildings built prior to the Civil War.

Mr. Speaker, I proudly ask you to join me in celebrating with the City of Weston during their 175th anniversary festivities.

CELEBRATING GONZAGA UNIVERSITY 125TH ANNIVERSARY

**HON. CATHY McMORRIS RODGERS**

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

*Thursday, September 13, 2012*

Mrs. MCMORRIS RODGERS. Mr. Speaker, I rise today to congratulate Gonzaga University in Spokane, Washington as it celebrates its 125th anniversary. I take great pride in representing this nationally-recognized institution of higher learning.

In 1881, Father Joseph Cataldo, S.J., a Jesuit from the Rocky Mountain Mission, decided to establish a school for boys along the banks of the Spokane River. With \$936 in silver dollars, Father Cataldo purchased 320 acres of land. Six years later, on September 17, 1887, Gonzaga College officially opened its doors serving 18 students.

For the last 125 years, Gonzaga University has transformed itself to meet the educational needs of an expanding region. First in 1912, the School of Law was established to meet the Inland Northwest's legal demands. Then in 1921, the School of Business was formed to help bolster commerce with skilled business leaders. Seven years later the School of Education opened its doors to prepare teachers to meet the needs of a rapidly growing community. In 1934, when hydroelectricity was being developed as a new regional power source and engineers were needed to build dams, Gonzaga established a School of Engineering. And in 1975, the School of Professional Studies was created to educate health care professionals and prepare community leaders for the demands of the next century.

Today, Gonzaga University is one of our nation's premier institutions of higher learning,
