minute and to revise and extend his remarks.)

Mr. FOSTER. Mr. Speaker, today I introduced the National Fab Lab Network Act of 2013. I introduced this bill because America needs a well-trained workforce for advanced manufacturing.

When I go home, people ask me, Where are the jobs? But when I talk to manufacturing groups like the Tooling & Manufacturing Association in Illinois, they tell me there is a mismatch between job openings and students and workers with the right skills to fill them.

Fab labs can help bridge that skills gap. Fab labs are workshops equipped with computer-controlled machine tools that allow children and adults to build almost anything. The first fab lab was started at MIT, and they have spread worldwide.

My bill would create a Federal charter for a nonprofit organization called the National Fab Lab Network. This chartered status would be similar to that enjoyed by Little League Baseball or the Veterans of Foreign Wars. My bill would help American manufacturers fill job openings and encourage students to become more active in STEM fields, all at no cost to taxpayers.

I ask my colleagues to join me in support of this initiative and to co-sponsor the National Fab Lab Network Act of 2013.

NOT VOTING—13

□ 1718

Messrs. COFFMAN and ROHR-ABACHER changed their vote from "aye" to "no."

So the amendment was rejected.

The result of the vote was announced as above recorded.

Mr. PRICE of Georgia. Mr. Chairman, I move that the Committee do now rise.

The motion was agreed to.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. JOYCE) having assumed the chair, Mr. HASTINGS, Chair of the Committee of the Whole House on the state of the Union, reported that that Committee, having had under consideration the concurrent resolution (H. Con. Res. 25) establishing the budget for the United States Government for fiscal year 2014 and setting forth appropriate budgetary levels for fiscal years 2015 through 2023, had come to no resolution thereon.
