

HONORING JOHN AND GWEN
SLOOP

HON. C. A. DUTCH RUPPERSBERGER

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 8, 2013

Mr. RUPPERSBERGER. Mr. Speaker, I rise before you today to honor Dr. John and Mrs. Gwen Sloop on the occasion of their retirement after 27 years of devoted service to First Presbyterian Church.

As senior pastor of First Presbyterian Church of Harrisonburg, Virginia, Dr. Sloop is a true spiritual leader dedicated to his flock. A powerful preacher, he is a man "on fire" for Jesus. He has been a champion for global missions and has lead dozens of others to follow him into the missionary field. He has been actively involved in Presbyterians for Renewal, the Presbyterian Coalition, the Confessing Church movement and has served on the board of the Presbyterian Outreach Foundation.

Mrs. Sloop has earned a reputation for her selflessness and kindness, routinely demonstrated by her outstanding work with children. Along with her husband, she attended Gordon-Conwell Seminary in Boston before transferring to Columbia Seminary in Atlanta, graduating in 1973. For 13 years they served the growing congregation of the Lithonia Presbyterian Church in the suburbs of Atlanta.

The Sloops are passionate about seeing the Presbyterian Church renewed and growing again. Under their stewardship, First Presbyterian has grown to more than 1,100 members and more than 500 attendees for Sunday services since they were called there in 1986. They are loving parents to three children and devoted grandparents to five grandchildren.

I have had the privilege of attending First Presbyterian Church under the direction of Dr. and Mrs. Sloop. I know them to be dearly beloved by the entire congregation. Though they will be truly missed, we know they will continue to inspire many more followers, just as they have inspired my family and me.

Mr. Speaker, I ask that you join with me today to recognize Dr. and Mrs. Sloop. Their generosity and commitment to leaving this world better than they found it is an inspiration to us all and deserving of the utmost gratitude. It is with great pride that I congratulate them on their retirement and wish them continued success and happiness in the next chapter of their lives together.

HONORING THE DUGAS FAMILY OF
IBERIA PARISH FOR THEIR
SERVICE DURING WORLD WAR II

HON. CHARLES W. BOUSTANY, JR.

OF LOUISIANA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 8, 2013

Mr. BOUSTANY. Mr. Speaker, I rise today to commemorate the service of the Antoine and Emma Dugas Family, who selflessly served as aircraft spotters during World War II in Iberia Parish, Louisiana. Their dedication to country, spending countless hours watching the skies of our Gulf Coast as a first line of defense against an aerial assault, deserves our thanks and recognition.

Emma and Antoine Dugas moved from the Atchafalaya Basin area to Lake Dauterive, Iberia Parish, in 1927 following the great floods that predated our Louisiana levee system. At the advent of the war, due to the rural, isolated location of their home, the family was approached by the U.S. Army Air Force to serve as aircraft spotters. This required studying and memorizing various types of aircraft by sight, filling out reports of their surveillance and calling in any observations of aircraft they might spot in the skies. The family faithfully carried out this duty from June 24, 1943 until the war's end in 1945.

Until now, Antoine and Emma Dugas, and their children, Claude "Nook" Dugas, Mabel "Pie" Broussard, Melba "Eunice" Dugas Verret, Antoine "Tan" Dugas, Jr., and John Gabriel "Creed" Dugas, have received no special recognition for their service. Today I would like to take the opportunity to recognize and thank these citizens for their service and hold them up as an example of sacrifice and dedication in service of our country.

This month, on May 19, 2013, the Dugas family will come together at Lake Fausse Pointe State Park—significant due to its approximate location as a midpoint between the Bayou Chene area where the family lived in the basin, and the Lake Dauterive area where the family moved to build their first home on land. As they remember their family history, we thank them for their service and commend them on a job well done.

DISCOVERY SCIENCE CENTER,
SANTA ANA, CALIFORNIA 2013
NATIONAL MEDAL FOR MUSEUM
AND LIBRARY SERVICE

HON. LORETTA SANCHEZ

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 8, 2013

Ms. LORETTA SANCHEZ of California. Mr. Speaker, today, the Discovery Science Center in Santa Ana, California will be presented with the 2013 National Medal for Museum and Library Service by the Institute of Museum and Library Services.

In recognition of their outstanding public service and dedicated community outreach to the families, schools and residents of Orange County, the Discovery Science Center will be given one of our nation's highest honors in the area of arts and humanities.

The Discovery Science Center exemplifies the innovative ways in which a museum can strengthen our communities and foster the creative and educational integrity in our youth. The humanities are an important part of our national fabric and institutions like the Discovery Science Center are inspiring, educating and leading our nation's future.

Congratulations Discovery Science Center and thank you for making Orange County proud.

RECOGNIZING NATIONAL MPS
AWARENESS DAY

HON. KENNY MARCHANT

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 8, 2013

Mr. MARCHANT. Mr. Speaker, I would like to recognize the National MPS Society for their 38 years of supporting families while searching for cures for this genetic disease. Mucopolysaccharidosis or MPS is a group of genetically determined lysosomal storage diseases that render the human body incapable of producing certain enzymes needed to break down complex carbohydrates. The damage caused by MPS on a cellular level adversely affects the body and damages the heart, respiratory system, bones, internal organs, and central nervous system. MPS often results in intellectual disabilities, short stature, corneal damage, joint stiffness, loss of mobility, speech and hearing impairment, heart disease, hyperactivity, chronic respiratory problems, and, most importantly, a drastically shortened life span. Symptoms of MPS are usually not apparent at birth and without treatment; the life expectancy of an individual affected begins to decrease at a very early stage in their life. Research towards combating MPS has resulted in the development of limited treatments for some of the MPS diseases.

I ask my colleagues and their staff to join me in recognizing May 15, 2013 as National MPS Awareness Day. This is an important time during which the MPS disease community will help increase the awareness of this devastating disease, as well as supporting research to improve treatments, find cures and receive early diagnosis. The MPS families are encouraged to reflect and support each other and to reach out to those families who have lost loved ones to MPS. By wearing their purple ribbons and sharing these ribbons within their community, they are increasing public awareness about this disease. This date is also the start of the National MPS Run/Walk season along with other local community activities to raise awareness along with money for research and for family assistance programs. I commend the National MPS Society and their many volunteers for an unwavering commitment to bring about awareness of this disease and to continue to advocate for federal legislation to streamline the regulatory processes and to speed effective treatments and cures for their loved ones. More must be done to find cures and effective treatments, but let us reflect on the importance of this day. I ask that all of my colleagues join me in commemorating National MPS Awareness Day.

INTRODUCTION OF THE VETERANS
HOME LOAN REFINANCE OPPOR-
TUNITY ACT OF 2013

HON. SUSAN A. DAVIS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 8, 2013

Mrs. DAVIS of California. Mr. Speaker, I rise today to introduce the Veterans Home Loan Refinance Opportunity Act of 2013. This bipartisan legislation improves the federal Qualified
