

cuts to SNAP and other nutrition assistance programs will increase hunger in America, and we will see even greater consequences.

Hungry children cannot learn in school and suffer developmental delays. Hungry children have worse health outcomes. Hungry children have bleaker economic outlooks through the rest of their adult lives. But the impacts don't stop there.

Cuts to critical nutrition programs don't just hurt the hungry families who rely on them, they hurt the economies of local communities, as families have less money to spend in local stores. Allowing an increase in hunger across America will threaten our Nation's ability to develop the highly skilled and highly educated workforce that we will need to compete in the 21st century.

We must not make cuts on the backs of hungry children to balance our budgets. Doing so would be morally wrong and an economic disaster.

Madam Speaker, instead of scheduling a 37th vote to repeal the Affordable Care Act, we should come together to work to find an approach for all Americans to help get everyone back to work.

We need a comprehensive solution to replace the sequester and to address the ongoing crisis of poverty. That is why, with the support of our Democratic Caucus, we started a Task Force on Poverty and Opportunity in February, which I am proud to chair. We are working to build support for a comprehensive national strategy to help eliminate poverty, grow the economy, and create millions of new jobs, and I urge all of my colleagues to join us.

I also hope that our colleagues will join myself, Representative JIM MCGOVERN, our Congressional Black Caucus chair, MARCIA FUDGE, Congresswoman JAN SCHAKOWSKY, and our Democratic Caucus vice chair, JOE CROWLEY, in taking the food stamp challenge. We need to raise the level of awareness of what is taking place here in Washington, D.C., and so what we're going to do is commit ourselves to limiting our food budget to the average SNAP benefit for a week. That's \$1.40 per person per meal. We will show how vital it is to strengthen and fully fund SNAP. And we're asking all of those who can do this to join with us.

We've got to protect the most vulnerable, grow the economy, and SNAP is one of the best programs to do just that. So it's time not to slash it, but to support it.

RECESS

The SPEAKER pro tempore. Pursuant to clause 12(a) of rule I, the Chair declares the House in recess until noon today.

Accordingly (at 10 o'clock and 46 minutes a.m.), the House stood in recess.

AFTER RECESS

The recess having expired, the House was called to order by the Speaker at noon.

PRAYER

Dr. Mike Landry, Sarasota Baptist Church, Sarasota, Florida, offered the following prayer:

Heavenly Father, I approach Your throne on behalf of a Nation that desperately needs You. We are faced with much division and disunity in our land, and we request Your healing and reconciling touch. We thank You that You are not a spectator God who sits in Heaven unconcerned and uncaring.

We acknowledge that the greatness of our Nation is due to Your blessing and provision. And we know that You have blessed us in order that we might be a blessing to other nations. We understand that to whomever much is given, much will be required.

Father, grant these legislative leaders wisdom and courage to make decisions today that honor You. May Your will be done on Earth, just as it is in Heaven.

Pour out Your grace and protect the marriages and families of these, our Nation's leaders.

I offer this prayer in the name of Jesus Christ.

Amen.

THE JOURNAL

The SPEAKER. The Chair has examined the Journal of the last day's proceedings and announces to the House his approval thereof.

Pursuant to clause 1, rule I, the Journal stands approved.

Mr. SHIMKUS. Mr. Speaker, pursuant to clause 1, rule I, I demand a vote on agreeing to the Speaker's approval of the Journal.

The SPEAKER. The question is on the Speaker's approval of the Journal.

The question was taken; and the Speaker announced that the ayes appeared to have it.

Mr. SHIMKUS. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER. Pursuant to clause 8, rule XX, further proceedings on this question will be postponed.

PLEDGE OF ALLEGIANCE

The SPEAKER. Will the gentleman from Texas (Mr. OLSON) come forward and lead the House in the Pledge of Allegiance.

Mr. OLSON led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

WELCOMING DR. MIKE LANDRY

The SPEAKER. Without objection, the gentleman from Florida (Mr. BUCHANAN) is recognized for 1 minute.

There was no objection.

Mr. BUCHANAN. Mr. Speaker, it is my privilege this morning to welcome a very good friend to the Halls of Congress. Pastor Mike Landry, who delivered the opening prayer this morning, is a great spiritual leader in Sarasota, Florida. For the past 16 years, he has served as senior pastor to the Sarasota Baptist Church, located in the heart of my district.

My wife, Sandy, and I have had the pleasure of knowing the pastor for nearly 5 years. He is very devoted to his family, his church, his congregation, and serving the people of southwest Florida. He has made himself an incredible and beloved member of our community.

I commend Pastor Landry for his outstanding service to our community and to our Nation. It's my honor today to welcome him here to the House of Representatives.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mr. YODER). The Chair will entertain 15 further requests for 1-minute speeches on each side of the aisle.

THE TRUTH ABOUT BENGHAZI

(Mr. LONG asked and was given permission to address the House for 1 minute.)

Mr. LONG. Mr. Speaker, I rise today to address an important issue: the attack against America and its citizens by terrorists in Benghazi. Four Americans, including our Ambassador, Chris Stevens, have been killed. The American people deserve the truth about Benghazi and to know who was responsible, not convenient stories blaming the violence on some filmmaker's free speech rights. The people who died deserve justice.

As we investigate this attack, and the response of the civilian and military leaders in command, we must determine whether the paralysis that seemed to characterize the government's reaction was the result of individual bad decisions or a broader institutional problem.

Our military and our soldiers are the most capable in the world, but if their commanders refuse to send them into battle, they cannot safeguard American lives or interests.

The American people and our allies abroad need to know that the United States has the resolve to act in the face of uncertainty. Our enemies need to know that when they attack Americans, they do so at great danger because Americans do not leave our people behind.

HONORING HOLOCAUST EDUCATION AND RESOURCE CENTER

(Mr. CICILLINE asked and was given permission to address the House for 1 minute.)

Mr. CICILLINE. Mr. Speaker, I rise today to honor the Holocaust Education and Resource Center of Rhode Island, which is celebrating its 25th anniversary this weekend. I had the honor of serving on their board for a number of years.

This wonderful institution was first founded by Holocaust survivors living in Rhode Island during the 1980s. It formally opened its doors on May 5, 1988, and since that time it has helped to provide Rhode Islanders with educational resources on the Holocaust and commemorate the lives of the millions of victims of this horrific atrocity.

In addition, the Holocaust Education and Resource Center works with schools in Rhode Island, southeastern Massachusetts, and even the suburbs of Boston to teach young people about the importance of treating everyone with respect and dignity and to work to eradicate bigotry and intolerance.

Congratulations to the Holocaust Education and Resource Center on 25 successful years of promoting tolerance and respect to tens of thousands of Rhode Islanders, for helping us all remember those killed by the Nazis in the Holocaust, and for making Rhode Island and our world a better place. I wish this organization continued success in the years to come.

CONGRATULATING FORT BEND CHRISTIAN ACADEMY

(Mr. OLSON asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. OLSON. Mr. Speaker, Fort Bend Christian Academy rules. Yesterday, the Eagles won two State titles.

The day started with the Lady Eagles winning their fourth State championship in softball, the fourth title in 7 years. Behind Coach Ferguson Carroll and Elizabeth Fox's 12 strikeouts, the Lady Eagles crushed Fort Worth Christian 4-0.

Right after that game ended, the Fort Bend Christian men won their first State baseball title with a close 12-11 victory over Midland Christian. Coach Roman and the team never quit, scoring four runs in the top of the sixth inning to take the lead for good.

There's an old saying in naval aviation: don't mess with an eagle unless you know how to fly. The Fort Bend Christian men and women are Eagles who know how to fly. Those Eagles are Texas State champs.

PROVIDING FOOD STAMP SAFETY NET

(Mr. TONKO asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. TONKO. Mr. Speaker, our farms and ranches produce food products in amounts that greatly exceed our nutritional needs. There is no reason for

anyone in this country to go hungry. And yet, that is a daily reality faced by many poor families.

The food stamp program provides a small but essential safety net to meet the nutritional needs of children, the elderly, the disabled, and those who fall on hard times when our economy sheds jobs.

The proposed cuts to the food stamp program included in the House farm bill are unacceptable and cruel. Poor nutrition leads to poor health outcomes and long-term developmental problems in children. It does not save money. It simply transfers costs to those who cannot pay those costs and needlessly increases suffering. We can afford to feed all of our citizens. A farm and food policy that cannot deliver nutritious meals to all Americans is indeed failed policy. We can and must do better.

AMERICANS NEED TO KNOW

(Mr. AUSTIN SCOTT of Georgia asked and was given permission to address the House for 1 minute.)

Mr. AUSTIN SCOTT of Georgia. Mr. Speaker, the President made a pledge to Americans: If you elect me and you like your current health care, you'll be able to keep it.

The reality today is that nearly 7 million people are set to lose their employer-sponsored health insurance when the President's health care law goes into full effect. On January 1, many Americans will be forced into an exchange program that has not even been set up.

NANCY PELOSI promised the American people Congress must pass the bill so you can find out what's in it. The Democratic-controlled House passed the bill almost 4 years ago. They didn't know what was in the bill then, and they don't know what to do now.

We're less than 7 months away from many Americans being forced into exchanges. Yet they don't know what options are available to them.

What we do know is that consumers are already looking at sharp premium increases. The very people who were promised the most, those young people under the age of 29, are expected to get increases somewhere in the range of 200 percent.

This is unacceptable, Mr. Speaker. Most Americans operate under a budget. Americans need to know what the increases in their health care costs will be and what plan options are available. Americans need to know the effects that this legislation will have on their lives, and they need to know now.

The administration has had 4 years to figure this out, and the only thing they've figured out is that they don't know what to do.

BLOCK THE BORDER FEE TAX

(Mr. HIGGINS asked and was given permission to address the House for 1 minute.)

Mr. HIGGINS. Mr. Speaker, yesterday the Homeland Security Committee adopted my amendment to block a study of new fees for passengers and pedestrians crossing our borders. A similar amendment was successfully included in the Senate legislation last week.

The consensus for blocking this tax is welcome, but not surprising. Cross-border travel is central to the economic viability of border communities, including my own in western New York.

Last year, 3 million Canadians visited our region, spending nearly \$1 billion. Canadians rely on seamless travel at one of my district's five border crossings to travel from the Buffalo Niagara International Airport, area businesses, and to attend sporting and cultural events.

Mr. Speaker, with the bipartisan support, bicameral support for this issue, I suggest that language blocking the border fees should be included in the upcoming immigration reform legislation. This is a senseless tax. It's counterproductive, and we should take every action to prevent it.

HONORING THE LIFE AND ACCOMPLISHMENTS OF MOSES HARRISON

(Mr. SHIMKUS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SHIMKUS. Mr. Speaker, I rise today to honor the life and accomplishments of Moses Harrison. His judicial successes have been well chronicled, but he got elected to the Illinois Supreme Court in 1992 and served for 8 years before becoming the chief justice.

However, there's probably no more credible source than my mom, who says that Moses was a nice, gentle man; everyone who knew him liked him.

I also appreciated his support in a letter for me to go to the military academy at West Point.

Moses was very involved in local activities and also was involved in the Episcopal Church.

Mr. Harrison was preceded in death by his son, Luke. He leaves behind his wife, Sharon; his son, Judge Clarence Harrison and his wife and four grandchildren, who will greatly miss him.

SAFE CLIMATE AND RAIL

(Mr. HUFFMAN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. HUFFMAN. Mr. Speaker, we are in dangerous and uncharted territory. At 400 parts per million, there is now more carbon dioxide in the atmosphere than at any time in the past 3 million years.

Now here in the United States, more than a quarter of our greenhouse gas
