

working on all local functions and events. I am proud to congratulate Palma Yanni on being named UNICO's Lady of the Year, and thank her for her decades of leadership and selfless dedication to serving others.

RECOGNIZING NICK J. MANCE

HON. WILLIAM L. ENYART

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 4, 2014

Mr. ENYART. Mr. Speaker, I rise today to ask my colleagues to join me in recognizing the dedicated community service of Mr. Nick J. Mance as he marks his 20th anniversary as a Trustee for Southwestern Illinois College.

Mr. Mance was elected to then Belleville Area College's Board of Trustees in 1993 and has been continuously re-elected since that time. His fellow Board members chose him to serve as the Board's Chair in 2001 and have re-elected him to this post each year since. In addition to his many duties as Board Chair, Mr. Mance works enthusiastically with the administration, faculty, and staff on the Facilities and Finance and the Planning and Policy Committees and the Strategic Planning Council, and has served on all of the Board's standing committees. Also, he has served as the Illinois Community College Trustee Association's Regional Chair and is an ex-officio member of the Southwestern Illinois College Foundation Board of Directors.

Mr. Mance is a certified public accountant and a partner in The Mance Leahy Group accounting firm in Columbia, Illinois. He helped found the company in 1991 with his partner, one employee and only one client. After 22 years in business, the firm has numerous employees and more than 1,000 clients.

As a Cahokia, Illinois resident, business owner, taxpayer, husband, father of three, grandfather of three, and past Chair of the Cahokia School District No. 187 Board, Mr. Mance chose to pursue a seat on the Southwestern Illinois College Board because he believed he could help ensure access to quality education for area residents, contribute to the success of the community college, and contribute to the success and growth of the Southwestern Illinois region.

Mr. Mance has consistently and actively helped SWIC maintain its longstanding accreditation with the Higher Learning Commission, and achieve model-institution recognition from the HLC for its Academic Quality Improvement Program initiatives and achievements by insisting on the highest academic standards and state-of-the-art classroom technology.

During his longstanding service to the Board of Trustees, Mr. Mance has been a proponent of capital development projects, including the construction of the Information Sciences Building, Liberal Arts Complex, and Schmidt Art Center at the Belleville Campus, and extensive expansions and renovations at the Red Bud and Sam Wolf Granite City campuses. Mr. Mance was one of the driving forces behind renaming the institution Southwestern Illinois College in 2000 to better reflect the college's 2,100-square-mile district; and renaming the Granite City Campus, the Sam Wolf Granite City Campus, in 2007 in honor of fellow SWIC Trustee and longtime legislator Sam Wolf.

Mr. Speaker, I ask my colleagues to join me in an expression of appreciation to Mr. Nick J. Mance for his 20 years of service as a Trustee of Southwestern Illinois College and to wish him the very best in the future.

PERSONAL EXPLANATION

HON. ALLYSON Y. SCHWARTZ

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 4, 2014

Ms. SCHWARTZ. Mr. Speaker, on rollcall No. 12, I was unable to be present for the vote on H.R. 1513. Had I been present, I would have voted "yes."

PERSONAL EXPLANATION

HON. TOM MARINO

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 4, 2014

Mr. MARINO. Mr. Speaker, on rollcall No. 32, I was unable to vote on rollcall No. 32 due to inclement weather which prevented me from traveling from Williamsport, PA to Washington, DC. Had I been present, I would have voted "yea."

CONGRATULATING MUSIC EDUCATOR KENT KNAPPENBERGER

HON. TOM REED

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 4, 2014

Mr. REED. Mr. Speaker, I rise today to recognize and congratulate Westfield Academy and Central School educator, Kent Knappenberger on receiving the Music Educator Grammy Award. Mr. Knappenberger, a middle school and high school music teacher in Westfield, New York, was recently announced as the inaugural winner of this prestigious award.

Mr. Knappenberger, who holds a Master's Degree from the Eastman School of Music in Rochester, New York, accepted the award on January 25th in Los Angeles, California at the Special Merit Awards Ceremony & Nominees Reception with his wife, Nannette, and children in attendance. Kent was selected from over 30,000 initial nominations from all 50 States.

The Music Educator Award was created this year to bring attention to the lasting impact that teachers can have on their students both in and out of the classroom. Mr. Knappenberger is a world-class example of an educator whose 25 years of experience has had profoundly positive impacts on students' lives. In fact, Kent was nominated for this Grammy Award a total of three times—twice by former students and once by a former student's mother. This is a fitting example of the impact he has on the local community and his students' lives.

I once again congratulate Kent Knappenberger on receiving this Grammy Award and wish him continued success at Westfield Academy for many years to come.

RECOGNIZING ILLINOIS' 11TH DISTRICT FULBRIGHT SCHOLARS

HON. BILL FOSTER

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 4, 2014

Mr. FOSTER. Mr. Speaker, it is with great pride that I rise today to recognize two intelligent and distinguished students from my district for receiving one of the most competitive merit-based grants in the world.

The Fulbright Program, sponsored by the Department of State, Bureau of Educational and Cultural Affairs, is a prestigious international exchange program that serves to cultivate knowledge and understanding between citizens of the United States and those across the globe.

Since its creation in 1946, the program has funded graduate study, research and teaching endeavors for over a quarter of a million people in 155 countries.

After a rigorous selection process based on academic achievements and leadership potential, Ms. Natalie Cain, a native of Darien studying at the University of Miami, and Mr. Matthew Ropp, a native of Oswego studying at Northern Illinois University, were selected for this prestigious program, where they will continue their studies in the fields of public health and English, respectively.

Mr. Speaker, I ask my colleagues to join me in recognizing and celebrating the achievements of these two individuals and I wish them the best of luck in all of their future endeavors.

RECOGNIZING POLICE OFFICER JASON WELLS

HON. PETE OLSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 4, 2014

Mr. OLSON. Mr. Speaker, I rise today to recognize police officer Jason Wells of Pearland, Texas. On October 24, 2013 Officer Wells was involved in a severe off-duty motorcycle accident. This accident left Officer Wells with several broken bones, and his left leg had to be amputated below the knee. Officer Wells is a single father to two young children, and previously protected our Nation honorably as a Marine.

Officer Wells still has a long road to recovery ahead of him. I'm pleased to be part of a community that has rallied to support him by hosting benefits for this hero. The proceeds will help fund Officer Wells' rehabilitation and the prosthetic limb he needs to get back on patrol. Every day in communities across America, police officers risk their lives to keep us safe. On behalf of all residents of the Twenty-Second Congressional District of Texas, I am honored to recognize Officer Wells. Our community is proud of Officer Wells for his service to protect Pearland, Texas and our nation. We wish him the best in his recovery.

MEDICAL PREPAREDNESS
ALLOWABLE USE ACT

SPEECH OF

HON. HENRY A. WAXMAN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, February 3, 2014

Mr. WAXMAN. Mr. Speaker, I support H.R. 1791, the “Medical Preparedness Allowable Use Act”, but I have serious concerns about this legislation and its overlap with the policies appropriately established in the Pandemic and All-Hazards Preparedness Act (PAHPA).

Of course, we all agree that it is important for states, territories, tribes, and high-risk urban areas to be prepared for possible acts of terrorism. And we also agree that medical preparedness and related activities are an important part of this.

However, I worry that this bill may result in duplicative and uncoordinated efforts across the government.

The Department of Health and Human Services (HHS) is the lead federal entity on the public health and medical response to public health emergencies and incidents, including bioterrorist attacks. Specifically, this bill conflicts with HHS’s authority under PAHPA. Legislation reauthorizing the PAHPA authorities at HHS was passed on an overwhelmingly bipartisan basis by the House and Senate and signed into law just last March.

HHS already undertakes a number of activities related to enhancing medical preparedness and medical surge capacity in States and cities. The Department also maintains a stockpile of countermeasures and other pharmaceutical supplies for terrorist attacks and other public health emergencies—which is managed by the Centers for Disease Control and Prevention, in consultation with the Department of Homeland Security (DHS).

I believe the use of DHS grant funds for medical preparedness activities authorized in H.R. 1791 without any consultation requirement or acknowledgement of HHS’s role in public health and medical response efforts is short-sighted. It has the potential to undermine HHS’s leadership and expertise on this important issue and impede a unified federal response to terrorist attacks.

If my colleagues believe that there should be enhanced support of medical preparedness activities, I hope that we can work together to find a way to ensure coordination of efforts and preserve HHS’s important role.

CELEBRATING MS. JACKIE PEER,
RECIPIENT OF THE 2014 WOMEN
IN MANUFACTURING STEP
AWARD

HON. CATHY McMORRIS RODGERS

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 4, 2014

Mrs. McMORRIS RODGERS. Mr. Speaker, I rise today to congratulate Ms. Jackie Peer, recipient of the 2014 STEP Award from the Manufacturing Institute. I am pleased to recognize her contributions to Schweitzer Engineering Laboratories, Inc., her industry, her community in Eastern Washington, and our nation.

Seeking to inspire the next generation of female talent, the STEP Award recognizes

women in science, technology, engineering, and production roles who have made significant achievements in manufacturing.

Manufacturing is revitalizing our economy and making America strong. Investments in manufacturing, engineering, and science multiply across the economy, creating jobs and growth in other sectors. While today’s manufacturing industry, is competitive, high tech, safe, and working hard to encourage women into the field, manufacturers still have difficulties finding the skilled workers they need. Part of this skills gap is due to the lack of women in the industry. While women make up 50 percent of the U.S. workforce, they make up only 24 percent of the manufacturing workforce. Passionate about developing the next generation of workers for the electric power industry, Ms. Peer is also working to encourage other women to enter the science, technology, and engineering industries.

Ms. Peer joined Schweitzer Engineering Laboratories, Inc. (SEL) in 1996 as an application engineer. During her career at SEL, she has managed the research and design of distribution relays and controls as well as time and communications products—significant and essential products used by electric utilities around the world. The developments and offerings achieved under Ms. Peer’s leadership have resulted in reliability improvements to the electric power grid and have helped drive the growth of SEL’s U.S.-based manufacturing.

Ms. Peer has also led technical marketing and regional sales and services teams within the company. Her passion for workforce development led to her current role as the director of SEL University, a department within SEL dedicated to training the next generation of power system engineers. She also recently started a group called Women in Engineering to help women at SEL foster collaboration, create dialogue around everyday topics and challenges and to provide mentorship and support.

Ms. Peer is a senior member of the Society of Women Engineers as well as a member of IEEE, IEEE Women in Engineering (WIE), IEEE Women in Power (WiP), the American Society of Engineering Education (ASEE), and the American Marketing Association. She holds a bachelor’s of science in electrical engineering from Washington State University.

So today, I rise to acknowledge and thank Ms. Jackie Peer for her years of dedication and hard work. I also want to congratulate her for setting an example of professional excellence and advocacy of women in manufacturing, as well as her commitment to Eastern Washington.

JOHN P. STANTON

HON. MICHAEL G. FITZPATRICK

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 4, 2014

Mr. FITZPATRICK. Mr. Speaker, I rise today in recognition of a life of faithful service and dedication.

John Patrick Stanton was the youngest of four children born to Irish immigrant parents in Philadelphia in 1928. After his graduation from high school, he entered the U.S. Navy serving in the Pacific Theater of World War II.

Upon returning, he went to LaSalle University on the GI Bill and eventually married his

wife of 63 years, Harriet—together they were parents to 12 children and 46 grandchildren.

Aside from a large and loving family, Mr. Stanton leaves behind a legacy of compassion in the way of the Pro-Life Coalition of South-eastern Pennsylvania and other pro-life groups.

Mr. Stanton was a tireless advocate for the unborn and a recognizable site each week ministering to young mothers at women’s clinics in the city. Through his commitment to his faith and his calling, he saved the lives of countless families and brought many others into religion.

For his witness, Mr. Stanton was recognized with a number of awards and honors, and eventually would earn a master’s degree in religious education from St. Charles Borromeo Seminary—ensuring that his teaching would continue.

John P. Stanton passed away peacefully on January 31, 2014 at the age of 86. While he is gone, his service to his country, his community, his family and his faith will remain.

CELEBRATING TEX AVERY

HON. JOHN R. CARTER

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 4, 2014

Mr. CARTER. Mr. Speaker, I rise today to celebrate the artistry and influence of Tex Avery. A leading innovator of a distinctly American form of popular culture, Avery created iconic cartoon characters adored the world over by young and old alike and pioneered a new and lasting approach to animated storytelling.

Avery, born in Taylor, TX in 1908, was a man of many gifts: animator, cartoonist, voice artist, director. A central figure during the Golden Age of Hollywood Animation (1935–55), his work was marked by speed, sarcasm, and irony. Collaborating with top shelf artists like Chuck Jones and legendary voice actors like Mel Blanc, Avery created Bugs Bunny, Daffy Duck, Droopy, and developed Porky Pig and Chilly Willy. Youngsters loved their cartoons’ action and slapstick; grownups loved the sly dialogue and clever commentary.

Avery’s artistry reflected the joy of a nation leading the world yet restlessly seeking new ways to express itself. He wasn’t afraid to innovate and regularly pushed the boundaries of the cartoon form. His characters would speak directly to the audience, object to the plot of the adventure they were starring in, or leap out of the end credits. Yet Avery understood that cartoons had to be more than just animated hijinx featuring colorful characters. A lifelong perfectionist, he would add or cut frames out of the final negative of a cartoon short if he felt a gag’s timing was not precise.

Avery’s importance to animation cannot be overstated. He saw things differently, changed them, and pushed the art of cartoons forward. His impact is as permanent as the characters he created are beloved.

Tex Avery’s tremendous legacy will be honored February 22, 2014 by the Taylor, TX Conservation and Heritage Society with a memorial being placed in Heritage Square. I join all who appreciate fearless innovators in celebrating his enormous contributions to animation and American culture.
