

caught on to the women's rights movement. Twenty years before areas in the Northeast formed associations for women, Lucinda was leading the Kalamazoo Ladies' Library Association as a model for the rest of the nation. That Association and its present members like Betty Lee Ongley—the first female mayor of neighboring Portage, Michigan—have continued to play a major role in keeping Lucinda's legacy alive today.

Lucinda would go on to work in social reform movements and women's organizations throughout the state and became a pillar for American women to turn to for strength and guidance. Her life's work was recognized in 1890, when the University of Michigan bestowed upon Lucinda their first honorary doctorate to a woman.

She lived to watch her very own pupil, Madelon Stockwell, become the first woman to be granted admission to the University of Michigan, and watched as Kalamazoo College granted its first academic degree to a female student. The legacy of her work for women and education remains evident today.

Throughout her extraordinary life, Lucinda became friends with other suffragist and abolitionist leaders including Susan B. Anthony, Elizabeth Cady Stanton, Lucretia Mott, Lucy Stone, Antoinette Brown Blackwell, and the Grimké sisters. She was also a lifelong friend and admirer of Helen and Frederick Douglass, and even played host to Ralph Waldo Emerson.

Lucinda Hinsdale Stone represents the strength that we all hope to have in the face of oppression and inequality. Her lasting impacts have motivated women for generations and her name lives on in Michigan lore as one of the finest Americans to stand up for what they believe in.

CELEBRATING THE 30TH ANNIVERSARY OF HOMELESS SOLUTIONS, INC.

HON. RODNEY P. FRELINGHUYSEN

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 27, 2014

Mr. FRELINGHUYSEN. Mr. Speaker, I rise today to honor Homeless Solutions, Inc., located in Morristown, Morris County, New Jersey, as it celebrates its 30th Anniversary.

Homeless Solutions, Inc. is a private, non-profit organization whose mission is "to offer shelter, services, and supportive housing to homeless and low-income people." They help those in need to rebuild their lives and become independent.

Homeless Solutions, Inc. began as an emergency men's shelter in Morristown, through the help of local clergy and business people. Originally known as the Morris Shelter, the organization housed ten men in facilities at the First Presbyterian Church of Morristown. Today, Homeless Solutions, Inc. provides 85 emergency shelter beds for men, women, families, and the homeless that are mentally ill. Since its inception 30 years, Homeless Solutions, Inc. has not only increased the amount of beds offered, but has also created many support programs and services, established the Housing Development division, and opened the Furnishing Solutions store.

The Housing Development division was established in 2004 to provide permanent sup-

portive housing. Housing Development works with various municipalities to create attractive and cost effective housing. Due to its non-profit status, the organization is able to reduce building and project costs through grants, donations, and government project subsidies. The staff within the Housing Development division is selected based on their extensive knowledge and experience. Two of the most important qualities of the staff are their knowledge of green building and neighborhood context.

Homeless Solutions, Inc. opened Furnishing Solutions in 2012. Furnishing Solutions is a resale furniture and design store located in Morrise Plains. People donate items they no longer need, and those items will either go towards shelter services, or can be purchased at reduced prices. Since the opening of the store, there have been over 100 volunteers who have helped to sell more than 10,000 items.

Homeless Solutions, Inc. has grown significantly since its start 30 years ago. With the mission to provide shelter and housing to those in need, the organization has helped thousands through the good work of its volunteers and supporters. As Homeless Solutions, Inc. continues to grow and help the community, it looks forward to the challenges and opportunities of the future.

Mr. Speaker, I ask you and my colleagues to join me in congratulating Homeless Solutions, Inc. as it celebrates its 30th Anniversary.

IN HONOR OF MR. JOHN DI STASIO'S RETIREMENT

HON. DORIS O. MATSUI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 27, 2014

Ms. MATSUI. Mr. Speaker, I rise today to offer a tribute to Mr. John Di Stasio. On April 11, 2014, Mr. Di Stasio will retire from a long and distinguished career with the Sacramento Municipal Utility District, where he has served for 32 years, the last six as General Manager and Chief Executive Officer. I ask my colleagues to join me in honoring this individual who has contributed so much to the Sacramento community.

SMUD—which is the nation's sixth-largest public electric utility, providing affordable and reliable power to 610,000 customers in my district and California's capital region—has been a leader in the public power community and in energy efficiency and clean resource development nationwide.

Mr. Di Stasio's commitment to the Sacramento community and to the environment, coupled with his business sense, people skills, and personal integrity, have added to SMUD's remarkable reputation during a transformative time in the energy industry. Hundreds of thousands of Californians' lives have greatly benefited from his leadership and vision.

Under Mr. Di Stasio's leadership, SMUD has consistently earned the top customer satisfaction scores of any California utility, and is regularly ranked among the top three utilities in the nation, in terms of residential and business customer satisfaction. Mr. Di Stasio also recently received Electric Power & Light magazine's CEO of the Year honors for large utilities.

Mr. Di Stasio, a native Californian, played a key role as SMUD became the first large utility

in the state to have 20 percent of its power come from renewable resources such as wind, solar and biogas. And it is on track to increase its renewable portfolio to 33 percent by 2020, making it one of the greenest utilities in the country.

In 2009, SMUD received a smart grid infrastructure grant from the U.S. Department of Energy, the largest amount awarded to any public utility in the nation. SMUD used the smart grid grant money to augment its \$308 million SmartSacramento initiative that included a ground-breaking time-of-use pricing pilot program, and construction of a state-of-the-art control room in SMUD's new East Campus—Operations Center. The East Campus—Operations Center received LEED Platinum status from the U.S. Green Building Council.

In addition to his service in Sacramento, Mr. Di Stasio is active in national and international energy issues, serving as a delegate with the United States Energy Association, where he assisted in electrification operations in Bangladesh, Brazil, Botswana, India and Jordan. Mr. Di Stasio has also helped effectively communicate and advance important legislative policy issues by providing expert testimony to Congress in 2009 on protecting the electric grid from cyber attacks, as well as advocating on behalf of consumer-owned utilities on Capitol Hill and at the Federal Energy Regulatory Commission.

My personal and professional respect and admiration for Mr. Di Stasio runs deep, and as his friend, colleague and a fellow Sacramento citizen, I wish him happiness and good health.

I ask my colleagues to join me in thanking and recognizing John for his many years of service.

THE PASSING OF MRS. MARIELLA UKINA AMA HOLMAN

HON. JOHN LEWIS

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 27, 2014

Mr. LEWIS. Mr. Speaker, I rise to pay tribute to a wonderful and beautiful spirit; Mrs. Mariella Ukina Ama Holman was a friend, mother, wife, teacher, activist, and trailblazer.

A woman of the world, Mariella Ukina Ama was born in Philadelphia, Pennsylvania on July 4, 1922 to Kiushu Amakaya and Ada Adams. Her father, an immigrant from Japan, changed his name to Frank Ama and worked as a cook and caterer, and her mother was a laundress. Mariella and her brothers—Charles, Lloyd, and Bobby—were expected to meet their parents' high standards and were determined to overcome all odds.

As a child of the Great Depression, she worked hard, stood strong, and held her head high as one of the few children of color at the historic Philadelphia High School for Girls. Mariella continued her education in Atlanta, where she graduated from Atlanta University Laboratory High School. She completed her formal education at the renowned Spelman College, where she truly found her voice. At Spelman, Mariella bloomed into a woman of culture and class—studying and excelling in French and the humanities—gradually becoming more socially and politically conscious and active.
