

States of America. We have seen a collapse in manufacturing employment.

I would just point out for my colleagues, though, that the emphasis relative to the standards the gentleman is concerned about is to try to build that small business base.

I remain disappointed in the Department of Defense because, while they talk about building small businesses, improving that manufacturing base, I don't see many discernible results. In my own district, I had a firm that does very sophisticated technology work, a very small firm. They had to spend more than \$1 million cash to go through the evaluation process so they could start to bid on military contracts.

There are not many small businesses with less than 20 employees that have \$1 million in cash to go through an approval process so they can start doing business with the Department of Defense, so I share his concerns.

But I also just want to make note that we have to draw the Department's attention to small business manufacturing development in the United States.

Madam Chair, I yield back the balance of my time.

Mr. HUIZENGA of Michigan. Madam Chair, I would agree with that, those sentiments of my colleague. We do need to make sure that we are maintaining a manufacturing base of not just large, not just medium size, but small companies as well.

I think, in this particular situation though, what we are trying to do is codify report language that identified a problem. The problem is that there is not a manufacturer that is going to be adequately able to supply that vital need of boots to our men and women in uniform, and that is why I put forward this amendment, and I urge passage of it as well.

Madam Chair, I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentleman from Michigan (Mr. HUIZENGA).

The amendment was agreed to.

Mr. FRELINGHUYSEN. Madam Chairman, I move that the Committee do now rise.
