

streamline the legal immigration system for talented STEM students, entrepreneurs, and business. These actions will raise average wages for all American workers and reduce the deficit. But this is only a first step toward real reform, and as I have said before, the Congress should act on the more comprehensive reform that only changes in the law can provide. Independent economists say immigration reform will grow our economy and shrink our deficits by almost \$1 trillion over 20 years. It is time to fix our broken system and help grow our economy by passing comprehensive immigration reform.

The Budget also builds on the progress we have made ensuring that every American has the peace of mind that comes with quality, affordable health insurance. The Affordable Care Act has helped to provide millions more Americans get covered. It has forced insurance companies to play by the rules by prohibiting discrimination for pre-existing conditions and eliminating lifetime insurance caps. It has also helped to put our Nation on a more sustainable fiscal path by slowing the growth of health care costs. The Budget includes additional reforms and cost saving proposals to continue encouraging high-quality and efficient health care.

This Budget shows what we can do if we invest in America's future and commit ourselves to an economy that rewards hard work, generates rising incomes, and allows everyone to share in the prosperity of a growing America. It lays out a strategy to strengthen our middle class, and help America's hard-working families get ahead in a time of relentless economic and technological change.

Fifteen years into this new century, and six years after the darkest days of the financial crisis, we have picked ourselves up, dusted ourselves off, and begun again the work of remaking America. We've laid a new foundation. A brighter future is ours to write. This Budget will help us begin this new chapter together.

BARACK OBAMA.
