

and manage the WC Parish Co., DBA Lee Associates until her second retirement in 1998 when she moved to Sun City, Arizona until 2010.

In addition to her prolific career, Mrs. Mildred Massey broke barriers and was a dedicated civil rights advocate. Among her efforts, she worked with Mary McLeod Bethune to come to Southern University in Baton Rouge to change her University's discriminatory policy surrounding sorority pledging. Mrs. Massey was also an active member of the Easter Star Lodge, Phyllis Wheatley Club, the NAACP, and Myrtle Avenue Methodist Church.

Mrs. Massey enjoyed traveling and visited Greece, Italy, Spain, Hawaii, the Bahamas, Mexico, Grenada, St. Maarten, the Virgin Islands, Cuba and Martha's Vineyard, among her many trips. She was intrigued with the beauty of butterflies and had a wonderful collection of butterfly ornaments and personal items, which brought her a lot of joy.

As Mildred's daughters Barbara Lee, Mildred Whitfield, and Beverly Hardy mourn her death, they celebrate her life well-lived. They remember their mother as a kind and gentle soul, yet a strong woman who taught them to be confident, to be kind and to live life to its fullest.

At 90 years of age, Mildred stayed connected with her family and friends through texting and the use of technology. She played bridge, was very independent, and determined to "do it her way" even while struggling with Chronic Obstructive Pulmonary Disease (COPD).

Today, The California Democratic Congressional Delegation salutes and honors an outstanding civil servant and individual, Mrs. Mildred Parish Massey. Her dedication and efforts have impacted so many lives. We join all of Mrs. Massey's loved ones in celebrating her incredible life. She will be deeply missed.

HONORING THE BOROUGH OF
KUTZTOWN'S BICENTENNIAL

HON. CHARLES W. DENT

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 3, 2015

Mr. DENT. Mr. Speaker, it is my honor to rise today and congratulate my constituents residing in the Borough of Kutztown on the occasion of their Bicentennial.

Kutztown, located in Berks County, Pennsylvania, was incorporated as a borough on April 7, 1815. Kutztown is the second oldest municipality in Berks County, after only the City of Reading.

Kutztown's roots can be traced to the purchase of 130 acres of land made by Mr. George Kutz on June 16, 1755. In 1779 Mr. Kutz laid out plans to turn his acreage into a town and began selling lots.

Like many communities founded during the 18th and 19th centuries, Kutztown was ideally situated along a key road, in this case, the Easton Road. The area served as a convenient lodging place for those making the then two-day trip between Allentown and Reading.

Settled largely by people from the Palatinate region of Germany, an area bordering the Rhine River, Kutztown enjoyed growth and prosperity. The Borough's vibrant Germanic heritage remains an important part of the com-

munity and is on full display during the Kutztown Folk Festival.

Over the years the Borough fostered numerous industries. The Borough gave rise to the Kutztown Iron Company, a brickyard, bottling companies, and even competing cigar companies.

In 1866 the Borough saw the founding of the Keystone Normal School, the forerunner of Kutztown University. Today the University has an enrollment of nearly 9,500 students.

Situated in the East Penn Valley, nestled between the Blue and South Mountains, the Borough of Kutztown and its people continue to thrive. Kutztown is an outstanding American town. Kutztown remains a great place to work, raise a family, to earn an education and to enjoy the beauty of the surrounding countryside.

Mr. Speaker, on behalf of the House and my colleagues, I congratulate the people of Kutztown on the occasion of the Borough's Bicentennial. God bless them and may they know continued prosperity.

CONGRATULATING ZACH BENNER

HON. BLAINE LUETKEMEYER

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 3, 2015

Mr. LUETKEMEYER. Mr. Speaker, I rise today to ask my colleagues to join me in congratulating Zach Benner, of the Fulton High School Hornets Wrestling team, on his win in the 195 Class 2 2015 State Wrestling Championship match.

This student and his coach should be commended for all of their hard work throughout this past year and for bringing home the state championship to their school and community.

I ask you in joining me in recognizing Zach Benner for a job well done.

HONORING THE LIFE OF MR.
THOMAS A. MASSARONE

HON. ANDY BARR

OF KENTUCKY

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 3, 2015

Mr. BARR. Mr. Speaker, I rise today to celebrate the life, and mark the passing, of an outstanding individual and a decorated World War II veteran, Mr. Thomas A. Massarone of Lexington, Kentucky.

As a young man, Mr. Massarone began his service in the United States Navy and quickly rose to the rank of Petty Officer Third Class. Mr. Massarone entered the war in 1944 by fighting within the U.S. Pacific fleet and did not stop until the Allies achieved victory.

Mr. Massarone participated in combat operations while assigned to the Navy's Southern Attack Force 'ship-to-shore' detail, within the III Amphibious Corps (MA), in order to help liberate Guam. He was assigned a dangerous mission to search for and capture Japanese soldiers still at large on the island and then to guard the captured Japanese prisoners of war.

In addition, Mr. Massarone was assigned the task of securing the Japanese Type C submarines located on the island of Guam.

After helping the Allies achieve victory, he was honorably discharged from military serv-

ice in 1948 and returned home to begin a successful 40-year career with IBM. Mr. Massarone became one of the original members of IBM's electric typewriter division and was instrumental in creating the "Selectric" typewriter, which helped pave the way for the use of typewriter keyboards as the primary method for people to interact with computers.

Mr. Massarone spent his life giving back to his community. He helped form the first Little League baseball teams to play at the IBM Park in Lexington. He was particularly active with his parish, St. Paul Catholic Church, where he served as council president, chairman of the school board, and later became the oldest serving member of his church.

Rising to the leadership position of Grand Knight within the Knights of Columbus in Lexington, Mr. Massarone devoted much of his time raising money for charities and helping others in need. As a member of the American Legion, Mr. Massarone committed himself to supporting local programs to mentor youth and provide support for service members and fellow veterans.

Mr. Massarone embodied the best of America's ideals, values, and ingenuity. His bravery and that of his fellow men and women in uniform liberated the world from tyranny and secured our American freedoms for future generations. He was truly an outstanding American and an inspiration to us all.

RECOGNIZING NATIONAL DRESS IN
BLUE DAY

HON. ALAN GRAYSON

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 3, 2015

Mr. GRAYSON. Mr. Speaker, I rise today to recognize March 6, 2015 as National Dress in Blue Day, which was created to bring greater awareness to colon cancer during National Colon Cancer Awareness Month. During Dress in Blue Day and the month of March, patients, survivors, caregivers and advocates unite to spread colon cancer awareness by wearing blue, holding educational events, and spreading the word about screening.

Colon cancer is the second leading cause of cancer death in the United States. Sadly, 1 in 20 people will develop colon cancer and every 10 minutes a life is lost to the disease. This year alone, 137,000 new cases of colon and rectal cancer will be diagnosed in America and over 50,000 deaths are expected to result from the disease.

A simple screening test is recommended to individuals over age 50 and those with a family history to help combat the disease. Education and increased awareness can help inform the public about methods of prevention and the early detection of colon cancer. Through recommended screenings, this cancer can be caught early when treatment is most effective.

National Dress in Blue Day will help bring greater awareness to the disease and the importance of regular screenings. I ask my colleagues to please join me in recognizing March 6, 2015 as National Dress in Blue Day.
