

government needs to be representative of the population as a whole. That means that everyone (or the majority) needs to participate. For a democratic government to function at its fullest capacity with the least amount of issues all demographics and cultures need to be represented so that all decisions that are made keeping the whole population in mind. Without an equally diverse voting populace some populations will not be represented as they should be. The majority of the problems that plague our country stem from the perception that some laws seem unfair to a certain group or groups in the nation. If everyone voted and voiced their opinion then those problems and perceptions would diminish greatly. Not only would these problems disappear there would also be an increase in national pride and patriotism. With an increase in voter participation more citizens would feel involved in how the nation is run and the democratic process. This increased national pride could lead to a decrease in social or hate crimes or perhaps even racial violence. If the populace feels included and an active part of the nation then they may look at themselves as a contributing member of the country and not an outsider in a foreign land.

In conclusion voter participation is essential to the overall success of our country. Not only is it a founding principle of our country but it may also lead to an increase in common understanding between various social and ethnic groups decrease in violent crime and frustration over perceived unfair legislation.

CHRISTIAN CASTILLO

HON. ED PERLMUTTER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 24, 2015

Mr. PERLMUTTER. Mr. Speaker, I rise today to recognize and applaud Christian Castillo for receiving the Arvada Wheat Ridge Service Ambassadors for Youth award. Christian Castillo is an 8th grader at Wheat Ridge 5–8 and received this award because his determination and hard work have allowed him to overcome adversities.

The dedication demonstrated by Christian Castillo is exemplary of the type of achievement that can be attained with hard work and perseverance. It is essential students at all levels strive to make the most of their education and develop a work ethic which will guide them for the rest of their lives.

I extend my deepest congratulations to Christian Castillo for winning the Arvada Wheat Ridge Service Ambassadors for Youth award. I have no doubt he will exhibit the same dedication and character in all of his future accomplishments.

CELEBRATING LIFE OF DR. YOSEF ALFREDO ANTONIO BEN-JOCHANNAN, DISTINGUISHED SCHOLAR AND KEMETAPHYSICIAN

HON. CHARLES B. RANGEL

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 24, 2015

Mr. RANGEL. Mr. Speaker, I rise to celebrate the life and historic contributions of my

dear friend Dr. Yosef Alfredo Antonio ben-Jochannan (Dr. Ben), one of our community's most distinguished scholars who passed away on March 19, 2015. Dr. Ben was the foremost intellectual on the history of religion and its impact on the world. He was an influential professor and activist—a pioneer of Africana studies. Dr. Ben was a man who believed in the value of digging deep for facts that have been long obscured. He has inspired generations of scholars and students with his tireless research and thoughtful teachings.

Dr. Ben's cultural journey began as a student of Arthur Schomburg in Puerto Rico and Edward Wilmot Blyden in St. Croix, where as a youth he spent time participating with Pedro Albizu Campos during Puerto Rico's independence quest in the 1950s to providing African-centered reading material to Malcolm X in the early 1960s and educating young teenaged Five Percenters at Harlem Prep during the late 1960s. Through his annual fact-finding tours to Kemet (Egypt) for over four decades, he helped uncover the history of Africa and our own roots. Dr. Ben accomplished a great deal in his life, most notably writing 49 books on African history. Dr. Ben was well known for his thought-provoking assertions on the influence of Africans on ancient civilizations. Dr. Ben was a regular invited special guest on the popular late Gil Noble's "Like It Is" television Sunday show.

A man way ahead of his time, Dr. Ben spoke truth about the origins of world religion and documented it to prove it. I am proud to have called Dr. Ben my neighbor. My thoughts and prayers go out to his family and loved ones. While I am sad that Harlem has lost a great prophet and spiritual leader, I know Dr. Ben's legacy will live on for many years to come.

ABC UNIFIED SCHOOL DISTRICT 50TH YEAR ANNIVERSARY

HON. LINDA T. SÁNCHEZ

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 24, 2015

Ms. LINDA T. SÁNCHEZ of California. Mr. Speaker, I rise today to recognize ABC Unified School District (ABCUSD) on their 50th Anniversary. I am proud to represent the students, teachers, and parents of ABC Unified. Their educational excellence is a source of pride for the 38th Congressional District.

In 1965 the school districts of Artesia, Bloomfield, and Carmenita combined to form ABCUSD. The school district serves Cerritos, Hawaiian Gardens, as well as portions of Lakewood, Long Beach, and Norwalk.

The district's motto "Student Achievement—Our Main Thing," exemplifies the district's leadership and dedication to strong counseling, staff development, and alternative education programs. ABCUSD has received numerous awards and recognitions for its educational excellence. In recent years, it was the recipient of National Blue Ribbon, California Distinguished Schools, and Schools to Watch awards.

ABCUSD is a prime example of how educators and community groups can work together for the benefit of our students. In 1999, ABCUSD and the ABC Federation of Teachers formed the ABC Labor Management Part-

nership. This collaboration is focused on student achievement and has inspired many districts and unions to form similar partnerships. The district also has a strong history of working with local colleges and local businesses to build vibrant educational programs for its students.

This year, ABCUSD will be celebrating 50 years of excellence. On this special occasion, I would like to congratulate the ABC Unified School District, the teachers, faculty, students, and parents, past and present, who make the ABCUSD community so exceptional.

IN RECOGNITION OF JAY DAVIS' RETIREMENT

HON. ERIC SWALWELL

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 24, 2015

Mr. SWALWELL of California. Mr. Speaker, today I recognize Dr. Jay Davis, President of the Hertz Foundation, who will be retiring after decades of service to our country as a scientist and philanthropist. Jay resides in Livermore, California, in my congressional district.

Dr. Davis graduated from the University of Texas with a Bachelor's and Master's degree in 1963 and 1964 respectively. In 1969, he graduated from the University of Wisconsin with his PhD in physics.

For three decades, Dr. Davis worked as a scientist at Lawrence Livermore National Laboratory (LLNL), supporting the lab's fusion program through research in nuclear physics and material science. Dr. Davis also founded the Center for Accelerator Mass Spectrometry at LLNL.

Following his service at LLNL, in 1998, Dr. Davis used his science background to support the Department of Defense as the Associate Director for Earth and Environmental Sciences. He worked to develop and enhance arms control treaties and twice served as an inspector for the United Nations Special Commission's mission to Iraq following the first Gulf War. During his time with the Department, he served as the founding Director of the Defense Threat Reduction Agency. Because of Dr. Davis' exceptional service to the nation, he was twice awarded the Distinguished Public Service Medal, the Department of Defense's highest civilian award.

In 2009, following his exceptional career in public service, Dr. Davis was elected to serve as President of the Hertz Foundation. The Hertz Foundation provides talented PhD students in the Applied Sciences and Engineering the opportunity for financial and fellowship support to pursue their careers. On top of his work at the Hertz Foundation, Dr. Davis has also been a tireless advocate for benefits owed to retired lab employees.

Dr. Davis' distinguished legacy of service to the Livermore community and the nation will continue through his scientific accomplishments and his philanthropic work at Hertz foundation. I wish Jim all the best in his retirement.

HONORING SONYA ROMERO

HON. MICHELLE LUJAN GRISHAM

OF NEW MEXICO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 24, 2015

Ms. MICHELLE LUJAN GRISHAM of New Mexico. Mr. Speaker, I rise today with great pride to honor one of our exceptional teachers, Ms. Sonya Romero from Lew Wallace Elementary School in Albuquerque, New Mexico.

Sonya Romero is a bilingual teacher who focuses on early childhood education. She is a candidate for National Board certification; she serves on the state's NMTEACH council; and was recently appointed Executive Vice President of the Albuquerque Teachers Federation.

A teacher for the past 20 years, Sonya has worked at Lew Wallace Elementary located in downtown Albuquerque for the last 10 years. The small student population is represented by a wide variety of cultures and languages. Three out of every four students qualifies for the National School Lunch Program. Many of the kids are from families that are homeless or rely on housing assistance; and they struggle with food insecurity.

The tightknit Downtown community is also home to everyday heroes who will do anything for students, colleagues and neighbors, including rallying around families in need; locating desperately needed services; packaging food in back packs for the weekend; inviting parents to have a free breakfast with their son or daughter; spending their own money on clothes, shoes or school supplies; and even inviting an illiterate mother to sit in during story time to help her learn to read.

Several months ago, some of her former students were placed in a dire family situation causing Child Protective Services to intervene with the intent of placing the two sisters with a foster family. Sonya and her teenage son made the decision to take the girls into their own home and they have been there since.

Sonya and Lew Wallace Elementary School were recently featured on "The Ellen DeGeneres Show" and received \$20,000 from Target. Sonya is grateful that her story is shedding light on the roles that many teachers embrace for the benefit of their students. She considers her work and that of her fellow teachers very special and views this recognition as a community celebration. Sonya reminds us that most teachers are not just providing instruction, but are deeply committed to the overall well-being and success of their students. They overcome challenges, and create a secure and trusting environment for our children.

TRIBUTE TO JACK HAWKINS

HON. PETE OLSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 24, 2015

Mr. OLSON. Mr. Speaker, I am privileged to interact with some of the brightest students in the 22nd Congressional District who serve on my Congressional Youth Advisory Council. I have gained much by listening to the high school students who are the future of this great nation. They provide important insight into the concerns of our younger constituents and hopefully get a better sense of the importance of being an active participant in the political process. Many of the students have written short essays on a variety of topics and I am pleased to share them with my House colleagues.

Jack Hawkins attends Pearland High School in Pearland, Texas. The essay topic is: in your opinion, what role should government play in our lives?

The most important reason I believe Americans should be involved in the political process is because of the right we were given to vote for the leaders of our country. One reason I believe this is a crucial role of citizens is because with this right it allows us to vote into office the people who we believe will pursue and advocate effectively what we as citizens are needing from our city, state, and federal government. This right is one of the primary reasons our great nation was founded, so that people could live in a democracy and advocate to officials what they needed instead of having a monarchal (or more commonly today) a dictatorship classification of government speak for them. But more importantly, I believe citizens should exercise this right because we have thousands of soldiers stationed all over the world helping to both defend this right for our country, and try to help others achieve the type of democratic government that we possess and believe in so prominently. Therefore by exercising this right, it is a small way to show our appreciation and gratefulness for our troops by exercising this right that they are fighting for so valiantly.

The other important reason I believe Americans should be involved in the political process is because with the election of our nation's leaders it is has repeatedly proven by history that through former political leaders, specifically past American presidents, the United States has made substantial positive differences in both domestic and international affairs. For example with the election of Franklin D. Roosevelt who transformed the country's economy. With the enacting of his New Deal policies Roosevelt was able to provide millions of Americans with jobs and economic security therefore helping America incredibly through the

Great Depression. Also America has made major strides in international affairs such as through President Obama who with the aid of America's top military leaders and the United States' Navy SEALs team was able to kill Osama bin Laden, the leader of the terrorist group Al-Qaeda who was responsible for horrific acts including most infamously the bombing of the Twin Towers on September 11, 2001. Although it has not stopped Al-Qaeda completely, President Obama along with his esteemed colleagues made American history and showed the strength of the United States as an international power. The United States is the by far the best country in the world and it is repeatedly shown through the election of our country's leaders who throughout history and in the future will continue to show America's greatness both domestically and internationally if the citizens of our magnificent country continue to take an active role in America's political process.

CONGRATULATING LEROY AND
OVIA MARIE MCGINNIS ON THEIR
65TH WEDDING ANNIVERSARY**HON. JASON SMITH**

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 24, 2015

Mr. SMITH of Missouri. Mr. Speaker, I rise today to congratulate Leroy and Ovia Marie McGinnis on their 65th wedding anniversary. They were married on March 3, 1950 in a courthouse in Arkansas. Although they were young, their love for one another was unconditional. In fact, Leroy was so intent on marrying the love of his life that he spent the last four dollars to his name to pay for their modest ceremony. Worried of what their families might think, Leroy and Ovia Marie kept their marriage a secret for several weeks.

Soon after marrying, the young couple moved to Cuba, Missouri, where their love and affection for one another continued to grow. They have raised six children together, and Mr. McGinnis still serves as CEO of McGinnis Wood Products, a very successful business that he founded in 1968.

Again, I want to wish Mr. and Mrs. McGinnis a Happy Anniversary and many more years of joy!

HERMANTOWN FIFTH-GRADERS

HON. RICHARD M. NOLAN

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 24, 2015

Mr. NOLAN. Mr. Speaker, I rise today to recognize three very compassionate fifth-grade school children for their leadership in protecting us against the silent killer of carbon monoxide poisoning. The students who have stepped forward to meet an important community need are Bryanna Kliegle, Alexa Aagenes and Ani Jovanovich of Hermantown Middle School.

I don't think I have to remind anyone that winters in Minnesota can be very cold. We Minnesotans are hardy souls and deal with it. But with the cold temperatures, there is a silent killer that unfortunately creeps into our communities every year as people try to warm their homes. This killer is called carbon monoxide poisoning.
