BUILDING SAFETY MONTH

HON. PETER WELCH

OF VERMONT

IN THE HOUSE OF REPRESENTATIVES

Friday, May 1, 2015

Mr. WELCH. Mr. Speaker, I rise today on the occasion of the start of Building Safety Month, to recognize the importance of building safety and to recognize the leadership of the International Code Council (ICC) that develops and publishes the model building safety and energy efficiency model codes used in my home state of Vermont, and each of the other 49 states. Increasingly, these codes, developed in the United States, are being adopted in other nations where safety in construction is desired.

Over the past few years, we have had several sobering reminders about the importance of building codes. In other nations, much like the case in the U.S. before the codes were widely adopted, natural events and poor construction practices still cause catastrophic loss of life. Every year, deadly fires, tornados, windstorms, floods, earthquakes and other events remind us of the critical need for strong buildings. As Congress discusses the need for resilience and greater energy efficiency in our communities, Building Safety Month reminds us that key elements of resilience and energy efficiency are properly enforced building and energy codes.

The theme of this year's Building Safety Month is "Resilient Communities start with Building Codes." I want to congratulate the leaders of the ICC, which has sponsored Building Safety Month in May every year for over 30 years. The leaders of ICC, including President Guy Tomberlin, Branch Chief Residential/Light Commercial Inspections for Fairfax County, Virginia; Vice-President Alex Olszowy III, Building Inspection Supervisor, Lexington/Fayette Urban County Government, Kentucky; Secretary/Treasurer M. Dwayne Garriss, State Fire Marshal, State of Georgia; Past President of the Board of Directors, Stephen Jones, Construction Official, Millburn Township/Short Hills, New Jersey will join ICC's Chief Executive Officer Dominic Sims in Washington the week of May 25th to discuss the critical need to support the adoption and enforcement of current building codes, to make sure Americans are safe at home, at work, at school and at play.

I also want to congratulate the leaders of the Building Safety Association of Vermont ICC, including President Glenn Moore and the other leaders of the Vermont ICC Chapter.

I would also like to thank the thousands of men and women who work every day to make sure our buildings comply with building and fire codes. Their work, largely unseen and often unnoticed, is critical to keeping Americans safe. The model building codes, developed by ICC members from all 50 states,

allow every community to share the advantage of adopting building codes that are adaptable to local conditions, but at the same time incorporate the very latest research, materials, and building practices. This is achieved in a private-public partnership, saving local jurisdictions from bearing the large expense of code revision, updating and coordination. These model codes are produced through the cooperation of thousands of local U.S. code officials working with the building industry to produce codes that represent a consensus on what the minimum safety requirements are for various building types, all without a dime of Federal taxpayer money.

Congratulations to the hard working members and leadership of the International Code Council.

RECOGNIZING MR. WILLIAM C. PHELON FOR HIS SERVICE

HON. LEE M. ZELDIN

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Friday, May 1, 2015

Mr. ZELDIN. Mr. Speaker, I rise today to recognize Corporal William C. Phelon, Jr. and his distinguished contributions to the United States Air Force. Mr. Phelon enlisted in the United States Air Force immediately after graduating from Mineola High School in June of 1943 and entered active service August 16, 1943, at the height of American involvement in World War Two. Mr. Phelon served valiantly until he left the service in March of 1946. Corporal Phelon flew as part of the illustrious 96th Bombardment Group, serving as a Radio Operator Mechanic and Waist Gunner in a B-17 Flying Fortress. He was responsible for all radio equipment aboard the B-17 while in flight.

In his position as Airman, Corporal Phelon participated in Operation Chowhound, a humanitarian mission which delivered over 11,000 tons of food to Nazi-occupied Holland during the Dutch Famine. This mission was so appreciated by the Dutch people that commemorative ceremonies have been held every five years in Holland to remember the men who helped feed their starving people. The Third Air Division of the 8th Air Force was responsible for delivering 4,103 tons of food, of which the 96th Bombardment Group dropped 366 tons. For his efforts, Corporal Phelon was awarded the Conspicuous Service Cross by Governor Thomas Dewey on behalf of the people of New York.

Sadly, Mr. Phelon passed away in December of 2014. I rise today in memory of a brave man who was an exemplary member of the Armed Forces and the community at large, and to posthumously thank him for his years of dedication and service. I hope we all remember the courage and dedication shown by Mr. Phelon in everything he did.

HONORING THE COALITION FOR

HON. ROBERT J. DOLD

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Mr. DOLD. Mr. Speaker, I rise today to honor the Coalition for Healthy Communities on their 20th Anniversary. The leaders of the Coalition are working hard to provide healthcare that extends beyond the walls of hospitals.

Mr. Speaker, the Coalition of Healthy Communities is essential to ensuring that Zion, Beach Park and Winthrop Harbor's residents receive the proper tools to lead a healthy, safe and fulfilling life. HONORING JOHN BROOKS SUPER-
 MARKET AND NETTIE ALVA-
 RADO

HON. MICHELLE LUJAN GRISHAM

OF NEW MEXICO

IN THE HOUSE OF REPRESENTATIVES

Friday, May 1, 2015

Ms. MICHELLE LUJAN GRISHAM of New Mexico. Mr. Speaker, I rise today to honor John Brooks Supermarket, and in particular, Nettie Alvarado for her exceptional customer service and dedicated commitment to our senior citizen community.

Since 1979, John Brooks Supermarket has prided itself as a locally owned and operated establishment. The John Brooks on Candeleria and 12th Street in Albuquerque, New Mexico, certainly takes on this persona; it's a neighborhood corner spot that caters to each of its customers on an individual level and takes great lengths to serve our senior community.

That's how I first heard about Nettie Alvarado, a radiant, compassionate woman who has spent thirty years of dedicated service to John Brooks' customers. Every Monday and

Thursday, store owner John Brooks and Nettie trade off delivering groceries to the senior community living at The Good Samaritan Society: Manzano Del Sol Village on 5201 Roma Avenue NE. These are crucial services for many of the seniors there who are unable to drive or take transportation to the grocery store.

Nettie takes this dedication one step further. Customers will inform her of a sick friend, disabled relative or struggling senior and it's not long before numbers are exchanged, a grocery list is filed and Nettie is off making deliveries. Nettie has earned a reputation for her selfless actions and genuine, heartfelt appreciation for others. When asked, Nettie will tell you "I want them to be taken care of" and has no qualms about dipping into her free time to ensure her beloved Albuquerque residents receive the services they need.

Nettie's sentiment towards others extends beyond age, gender, race, and socioeconomic status—it's universal. I am inspired to see that we have individuals like Nettie in our community and stores like John Brooks that put people first and serve our ailing seniors. By valuing our community and continuing these practices of goodwill and shared responsibility we will achieve a better tomorrow and build a stronger America.

IN HONOR OF THE 50TH
 ANNIVERSARY OF HEAD START

HON. SANFORD D. BISHOP, JR.

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Friday, May 1, 2015

Mr. BISHOP of Georgia. Mr. Speaker, it is my great honor and pleasure to extend my sincerest congratulations to the students, parents, staff, and supporters of the Head Start program as they celebrate 50 remarkable years of eliminating poverty through education, services, and partnerships. Enrichment Services Program, Inc. (ESP) will celebrate Head Start's 50th anniversary on Thursday, May 7, 2015 at noon at the Columbus Convention and Trade Center in Columbus, Georgia.

After President Lyndon B. Johnson declared the War on Poverty in his 1964 State of the Union speech, Sargent Shriver, a key social and political figure, took the lead in assembling a panel of experts to develop a comprehensive child development program that would help communities meet the needs of disadvantaged preschool children. The brainchild of this panel was Head Start, a program designed to help break the cycle of poverty by providing preschool children of low-income families with the tools and resources to meet their emotional, social, nutritional, and psychological needs.

In 1965, the Office of Economic Opportunity launched an eight-week program called Project Head Start. Fifty years later, Head Start has served more than 30 million children, becoming an integral component of America's education system.

Enrichment Services Program, Inc. is a community action agency that provides essential services to alleviate poverty levels, promote family stability, and gradually build self-sufficiency. It was established in 1964 and operated as the Community Action Development Committee. The Agency was incorporated in

1965 as the "Lower Chattahoochee Community Action Agency, Inc." In 1974, when President Gerald Ford signed the Head Start Economic Opportunity and Community Partnership Act, Head Start funding was allocated to local community action agencies such as ESP.

Enrichment Services Program, Inc. administers the Early Head Start and Head Start programs within a nine-county area, including Chattahoochee, Clay, Harris, Muscogee, Quitman, Randolph, Stewart, and Talbot counties, located in Georgia, and Russell County in Alabama. Each year, ESP serves approximately 1,000 children ages 0–5 from low-income families.

The Head Start program has been essential to the early childhood development and forward progression of many children and their families. Head Start evaluates and works to improve six domains of early childhood development: social/emotional, physical, language, cognitive, literacy, and mathematics. Through Head Start, ESP addresses the basic needs of each child and prepares them for entry into kindergarten. ESP also encourages parent involvement by offering services such as family literacy functions and parental input into the curriculum.

In the 2013–2014 program year, children in ESP's Head Start program made remarkable accomplishments. In the Cognitive domain alone, an average of 96% of children exceeded growth range. There were 505 three- and four-year-olds who were ready to read by the end of the school year.

Enrichment Services Program, Inc. has done an outstanding job of administering the Head Start program in the area that it serves. Because of the dedication and commitment of the teachers and the staff, thousands of children have gone on to achieve greater heights in primary, secondary, and higher education than they otherwise would have done. I firmly believe that Head Start's outreach will continue to help preschool children and their families overcome the cycle of poverty to lead successful and productive lives.

Mr. Speaker, I ask that my colleagues join me and the more than 730,000 residents of Georgia's Second Congressional District in expressing our profound gratitude to Enrichment Services Program, Inc. and to Head Start for working to improve educational outcomes for preschool children, which not only produces positive effects throughout their lives but also creates a ripple effect of improvement in the communities in which they live.
