IN RECOGNITION OF THETA BOULÉ
OF SIGMA PI PHI FRATERNITY

HON. EMANUEL CLEAVER

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Friday, May 1, 2015

Mr. CLEAVER. Mr. Speaker, I proudly rise today to recognize a significant milestone in one of the pre-eminent organizations, not only in the Fifth Congressional District of Missouri, which I proudly represent, but throughout the region—Theta Boulé of Sigma Pi Phi Fraternity. I am especially proud to be a member of Theta Boulé. The milestone I mentioned is the celebration of its Centennial observance that will be held June 4–6, 2015 in Kansas City.

Theta Boulé was chartered on May 22, 1915 with fourteen founding Archons who laid a strong foundation of fraternal fellowship in the Greater Kansas City Metropolitan Area. Dr. William J. Tompkins met Grand Sire Archon William C McCard while traveling in the eastern part of the country and was authorized by the Grand Sire Archon to plan the organization of a member Boulé in Kansas City. With the cooperation of Archons from Beta Boulé in Chicago and Eta Boulé in St. Louis, Dr. Tompkins and his colleague, Dr. Lloyd E. Bailer organized Theta Boulé. The charter Archons of Theta Boulé were all outstanding members of the Kansas City community and of their respective professions. Faced with cultural realities of the early Twentieth Century, these Archons found in each other a source of mutual support, enlightenment and a retreat of friendship and fraternity. Each sensed a significant void created by the pervasive permanence of American institutional racism and exclusionary practices predominant during that era. Throughout its history, the Archons of Theta Boulé have upheld the high standards of Sigma Pi Phi Fraternity.

Sigma Pi Phi Fraternity, also known as "The Boulé", was founded in 1904 in Philadelphia. Theta Boulé was the 8th Member Boulé founded on May 22, 1915 with 14 outstanding Archons. Our founding members included

Lloyd E. Bailer, Gideon W. Brown, Charles H. Calloway, T.C. Chapman, John A. Hodge, W.C. Hueston, Woody Jacobs, J.P. King, J.E. Perry, J.D. Shannon, M.H. Thompkins, W.J. Thompkins, S.H. Thompson, and Homer Wilburn.

Theta has been privileged to host the Seventh Grand Boulé in 1921 and the Forty-First Grand Boulé in 1992. Many outstanding Archons have been privileged to sit within the august council of Theta Boulé. One of Theta's charter members, Charles H. Calloway served as Grand Sire Archon, from 1921 to 1923. Archon Calloway was also a founding member of the National Bar Association in 1925 and served as its second President. Another founding member mentioned previously was Dr. William J. Thompkins, an outstanding physician and civic leader, who later became a resident of the District of Columbia after he accepted the appointment of President Franklin D. Roosevelt in 1934 to serve as Recorder of Deeds for the District of Columbia. Dr. Thompkins was also instrumental in the establishment of General Hospital No. 2 in 1908.

Theta Boulé of Sigma Pi Phi Fraternity is led today by Randall C. Ferguson, Jr., who serves as Sire Archon; Ralph D. Reid is Sire Archon-elect; and Dr. Roger C. Williams, Jr. who serves as Grammateus. The remaining officers are: Thesauristes, Nikki Newton; Agogos, Stewart S. Myers; Rhetoricos, Kelvin Simmons; and Grapter, Lonnie Powell. The Membership Council is Chaired by Judge Jon R. Gray, (Ret.) and includes Herbert Hardwick and Robert Hughes, Jr. as Members.

One Hundred years in the life of any person, organization or institution is a significant milestone and serves as a testament of fidelity to principles, seriousness of purpose and devotion to goals and objectives.

Mr. Speaker, please join me and our colleagues in expressing our collective congratulations to Theta Boulé of Sigma Pi Phi Fraternity and extending our heartfelt wishes for even greater success as it begins its second century.

TRIBUTE TO A. ALFRED TAUBMAN

HON. SANDER M. LEVIN

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Friday, May 1, 2015

Mr. LEVIN. Mr. Speaker, I rise today to pay tribute to A. Alfred Taubman, who made immeasurable contributions to my home state of Michigan and to our nation. Mr. Taubman passed away on April 17, 2015.

Mr. Taubman, known to many of us as Al, loomed large in the business, cultural and religious life of Southeast Michigan and far beyond, but his beginnings were far more modest. The son of Jewish German immigrants, Mr. Taubman began working at the age of 9 after his father's business went bankrupt during the Great Depression. After serving in the U.S. Army Air Corps during World War II, Mr. Taubman attended the University of Michigan, where he studied architecture.

The seeds of Al Taubman's success were watered by these experiences—his father's construction company, his studies in architecture, and the drive to work hard from a very young age. He also had a keen understanding of the needs and wants of people in America's

postwar economy, a period in which people migrated from cities to what would become thriving suburbs. Rather than building homes as his father did, Mr. Taubman focused on the shopping needs of suburban families, and helped to pioneer the growth of shopping malls.

Over the years, Mr. Taubman's company designed, built, and operated shopping malls throughout the country. These malls, and other investments, brought him significant wealth—wealth he decided to put to use not just in his business endeavors, but in a vast array of worthy causes. Dr. Mark Schlissel, President of the University of Michigan, quoted Mr. Taubman as having said that his father taught him that "If I make a donation, I have given once. If I then solicit monies, I gave twice. And if my contribution has inspired others to support a good cause, I will have given three times." The University of Michigan and its missions were especially close to Al Taubman's heart, as Dr. Schlissel and the entire U of M community would attest. While it is not possible to list each and every institution which benefited so greatly from Mr. Taubman's philanthropy, some of those which did in addition to the University of Michigan are Lawrence Technological University (where he also studied), Wayne State University, the College for Creative Studies, Harvard University's John F. Kennedy School, Brown University, the Detroit Institute of Arts, the Detroit Symphony Orchestra, the Jewish Federation, United Jewish Foundation of Metro Detroit and the Damon J. Keith Center for Civil Rights.

Simply listing the institutions to which Al Taubman contributed so much does not provide the full measure of the person he was. On his death I communicated these thoughts: "Al Taubman impacted the well-being of millions who never met him because of his unwavering support for the health and education needs of all Americans. He earned great wealth but never forgot his roots. He reached the top but maintained compassion for the underdog. He could be very blunt but even more sensitive about the feelings of the others. He was much beloved by all of us privileged to know him over many years."

His commitment and active participation in the issues he cared about was on full display in the successful effort in 2008 to amend Michigan's Constitution to legalize expanded embryonic stem cell research in my state. Mr. Taubman was not only a vital financial contributor to the campaign, but as the Detroit Free Press noted, ". . . he crusaded in ways that couldn't be measured by dollar signs, arguably providing stem cell advocates with their loudest voice during the 2008 campaign." He organized a fundraiser with former President Bill Clinton, hosted meetings where people could learn more about the science involved, and weighed in with the press and with elected officials on the merits of embryonic stem cell research and the need for the constitutional amendment. The measure passed. There is no doubt that had Al Taubman not so fully invested his time, talents, and resources into the effort the present pioneering efforts now being undertaken at the University of Michigan would not be happening.

Mr. Speaker, the research at the A. Alfred Taubman Medical Research Institute on stem cells and beyond is a legacy of Al Taubman's and is likely to benefit untold numbers of people in our lives facing chronic disease who will
