

marking a major milestone in its long and important history in the Commonwealth of Kentucky.

Kentucky River Coal Corporation was formed in April 1915, creating a land company with a large ownership of land, timber, coal, oil and gas and other minerals in eastern Kentucky. Congregating larger boundaries of mineral properties made possible the arduous construction and development of the first railroad into eastern Kentucky and resulted in mineral extraction entities employing thousands of people in the region.

As with most American companies and people, Kentucky River Coal Corporation struggled through the Great Depression, but stood strong through the First and Second World Wars, providing the natural resource base that literally helped power America. Timber from its properties was used in the early manufacturing of automobile parts, like wooden spokes, as well as for housing across the country. With the discovery of oil and natural gas, Kentucky River Coal Corporation's lands again produced important resources to power the nation.

Through the decades since its formation, Kentucky River Coal Corporation has been a model corporate citizen in Kentucky, paying millions of dollars in taxes, and donating to various worthwhile causes. Through its charitable outreach, Kentucky River Coal Corporation has consistently funded important educational programs, established scholarships for students, and made donations to many institutions of higher learning across the state. The company has played an instrumental role in supporting local volunteer fire departments, helping them meet regulatory standards with training and equipment. In effort to support tourism in our region, the company partnered with the Kentucky Department of Fish and Wildlife to return the majestic Elk to eastern Kentucky, where the herd now thrives, providing a model for successful reintroduction of wildlife.

Additionally, Kentucky River Coal Corporation joined with Operation UNITE to provide over \$500,000 in much-needed funding to assist with substance abuse treatment and rehabilitation. Hundreds of families across the region, devastated by a loved one suffering from addiction, have expressed gratitude for the opportunity for treatment that they otherwise could not afford.

Over its 100 year history, Kentucky River Coal Corporation's lessees have produced over 580 million tons of high quality central Appalachian coal used for decades in electrical generation and manufacturing across the nation. About one out of every 130 tons of coal produced in the United States over the past 100 years came from Kentucky River Coal Corporation. Over its history, the company has returned millions of dollars in taxes to governments, paid salaries to employees, provided contributions to various charitable and educational institutions, and paid distributions to the shareholders located throughout the United States, generating untold economic benefits to communities and shareholders across the country.

Mr. Speaker, I ask my colleagues to join me in celebrating this great milestone for the Kentucky River Coal Corporation. I believe this company is poised for continued growth and success in the natural resources sector, providing energy for a strong America.

HONORING MARTHA PERINE
BEARD

HON. STEPHEN LEE FINCHER

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 12, 2015

Mr. FINCHER. Mr. Speaker, it is a privilege to rise today to honor and thank Mrs. Martha Beard for an outstanding forty-four year career of serving the public and to wish her well on retiring as Memphis Regional Executive of the Federal Reserve Bank of St. Louis on May 8th, 2015.

Originally from Mobile, Alabama, Mrs. Beard received a Bachelor of Arts from Clark Atlanta University and a Master's in economics from Washington University in St. Louis, Missouri. After, Mrs. Beard joined the St. Louis Federal Reserve Bank as a management trainee and served in many different positions before being transferred to the Memphis Branch in 1997. As the Regional Executive, Mrs. Beard was responsible for conducting regional economic research, gauging monetary policy input for banking and business leaders, and hosting community seminars that provided education and materials covering the Memphis zone. The zone included western Tennessee, northern Mississippi, and eastern Arkansas.

During her tenure in Memphis, Mrs. Beard was extremely active in the community. She served on the boards of Memphis Tomorrow, the Greater Memphis Chamber, United Way, St. Jude Children's Hospital, Baptist Health Care, and Mid-South Minority Business Council. She has been profiled by many of the area's publications and received numerous awards for her work from organizations like Leadership Memphis, the FBI, and the United Way.

On behalf of Tennessee's 8th Congressional District, I would like to congratulate and wish the best of luck for all future endeavors to the family and friends of Martha Perine Beard.

IN RECOGNITION OF THE 50TH ANNIVERSARY OF THE ESTABLISHMENT OF LUZERNE COUNTY HEAD START

HON. LOU BARLETTA

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 12, 2015

Mr. BARLETTA. Mr. Speaker, it is my honor to help commemorate the 50th Anniversary of the establishment of Luzerne County Head Start, which provides my constituents with valuable services in early childhood education and family development. The organization plays a vital role within our community, and I am thankful for its work.

Luzerne County Head Start has offered crucial aid to children and families since its inception in 1965. The program has worked tirelessly to provide 1,162 children in Luzerne and Wyoming Counties with an environment that is favorable to early academic development. Last month, I enjoyed spending time at the Hazleton Head Start Center, and was impressed with the students and faculty I met. The three and four year olds were excited to read and engage in their class science project. They are learning the skills that will help them to suc-

ceed in kindergarten. Additionally, Head Start strives to encourage similar standards in healthy physical development. Members of the Head Start faculty educate their students about comprehensive health and nutrition, supplying them with information that will increase their well-being.

In addition to placing an emphasis on early childhood development, Luzerne County Head Start also focuses on strengthening families. In order to assist them in achieving greater self-sufficiency, the organization provides families with a wide array of services, including housing, employment, and education. Notably, Head Start offers support to parents interested in attaining a high school General Equivalency Diploma as well as other education and employment opportunities, all of which go a long way in ensuring brighter futures for parents and their children.

Mr. Speaker, it is my pleasure to honor Luzerne County Head Start as it celebrates its 50th Anniversary, and I commend the work that its faculty undertakes in order to serve the children and families of Luzerne and Wyoming Counties.

RECOGNIZING MARTIN DOSTER
FOR RETIREMENT AFTER 33
YEARS OF PUBLIC SERVICE

HON. BRIAN HIGGINS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 12, 2015

Mr. HIGGINS. Mr. Speaker, I stand before you today to recognize and congratulate Mr. Martin Doster on his retirement after serving 33 years with the New York State Department of Environmental Conservation. Mr. Doster has been a vital member of the New York State Department of Environmental Conservation since 1982 and has dedicated his career to conserve, improve, and protect New York's natural resources and environment.

Mr. Doster has served as the Western New York Regional Remediation Engineer for the Division of Environmental Remediation since 1989 and formerly was an engineer with the division of water beginning in 1982. During his tenure Mr. Doster oversaw the New York State Superfund Emergency Response Program where he was responsible for managing and coordinating efforts to remediate property impacted by hazardous waste. He has been responsible for the design and construction of many significant projects in Western New York, such as the Buffalo River Restoration Project and the Buffalo Color Remediation. Mr. Doster has also protected Western New York's Environment by implementing and enforcing the Clean Water Act, The Resource Conservation and Recovery Act and the Toxic Substances Control Act.

Mr. Doster's service to the Western New York community does not stop with his work at the New York State Department of Environmental Conservation. Mr. Doster has helped educate future Civil and Environmental Engineers at University at Buffalo through graduate level courses and lectures. He has served as a leader in his community as a Past President and Chairman of the First Trinity Lutheran Church. Mr. Doster has the utmost pride in his community; this is demonstrated by his volunteer service to the American Red Cross as a
