

find warranty information quickly and easily, without worrying that it will be lost or discarded.

I thank the committee for bringing this bill forward, and I urge support for this bill.

I reserve the balance of my time.

Mr. BURGESS. Mr. Speaker, I yield 5 minutes to the gentleman from Oklahoma (Mr. MULLIN), the author of the House-sponsored legislation.

Mr. MULLIN. Mr. Speaker, I appreciate Chairman BURGESS and the committee for allowing this bill to come to the floor. This is one of those common-sense bills that brings a regulation that was put in place nearly 40 years ago and brings it to today's technology.

This bill has passed the Senate by unanimous consent and is identical to H.R. 3154 that Congressman LOEBSACK and I introduced and which passed the committee by voice vote. This bipartisan E-Warranty Act of 2015 gives manufacturers the option of fulfilling their warranty notice requirements by posting the information on the Web site.

Our current Federal regulation, as I stated earlier, was developed nearly 40 years ago. The world has changed since then, and, like many regulations, this has become outdated. Warranty requirements ensure consumers get important information when they purchase a product, and we need to make sure the methods for delivering this information keep pace with innovation.

I urge all Members to vote "yes" on this commonsense bill.

Mr. LOEBSACK. Mr. Speaker, it appears that I have no further speakers, so I yield back the balance of my time.

Mr. BURGESS. Mr. Speaker, I would just simply add that I encourage all Members to vote in favor of the legislation.

I yield back the balance of my time.

Mr. PALLONE. Mr. Speaker, I rise in support of S. 1359, the E-Warranty Act. And I want to thank Mr. LOEBSACK and Mr. MULLIN for their contributions to the bill.

The bill directs the Federal Trade Commission to amend its current rules on warranty notice to allow the pre-sale notice requirements to be fulfilled by making warranty information available online. While I support this commonsense proposal, I would like to highlight one point that the bill rightly acknowledges—there are many consumers and small business owners without Internet access.

This bill requires that contact information of the product manufacturers be made available so consumers may obtain warranty information by non-electronic means. To ensure that consumers and small business owners without Internet access are not disadvantaged, this Committee expects the FTC to require that consumers be provided with a toll-free phone number and warrantors respond to non-Internet requests for free and in a timely manner.

Moreover, I am confident that when the FTC changes its rules pursuant to this bill, it will maintain the protections that currently exist for consumers and small business owners who do not have Internet access, including requiring manufacturers to ensure sellers can fulfill their obligations under the bill and the rules.

This bill will help modernize the rules regarding pre-sale warranty notice by allowing warranty information to be made available online. I urge my colleagues to support this bill.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Texas (Mr. BURGESS) that the House suspend the rules and pass the bill, S. 1359.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds being in the affirmative, the ayes have it.

Mr. BURGESS. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, further proceedings on this motion will be postponed.
