

EXTENSIONS OF REMARKS

CELEBRATING THE 50TH ANNIVERSARY OF THE ALABAMA HISTORICAL COMMISSION

HON. BRADLEY BYRNE

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2016

Mr. BYRNE. Mr. Speaker, I rise today to recognize the 50th Anniversary of the Alabama Historical Commission and the National Historic Preservation Act.

On October 15, 1966, the National Historic Preservation Act was signed into law by President Lyndon Johnson. The legislation established the nation's legal framework for the protection and preservation of historic buildings, landscapes, and archaeological discoveries.

My home state of Alabama played a key role in the creation of the National Historic Preservation Act. In fact, the book "With Heritage So Rich," written by Alabama Congressman Albert Rains, drew attention to the importance of preserving historical sites throughout the nation and led to the creation of the Alabama Historical Commission.

Over the last 50 years, the National Historic Preservation Act and the creation of the Alabama Historical Commission has had a profound impact on communities throughout Alabama and all across the United States. In the past year alone, the Alabama Historical Commission welcomed over 250,000 visitors to its historic sites and engaged more than 1,000 volunteers in 8,958 hours of service.

The Federal Preservation Tax Incentives Program, created by the National Historic Preservation Act and implemented by the Alabama Historical Commission in my home state, is the largest federal program supporting historic preservation. The program has helped spur job creation, saved thousands of historic structures, and attracted billions of dollars in investment.

The National Register of Historic Places, also created by the National Historic Preservation Act, contains more than 80,000 historic properties, with at least one place listed in almost every county in the United States.

In Alabama, we are home to over 1,200 historic places including the Bottle Creek Site, the First Confederate Capitol, Fort Morgan, Fort Toulouse-Fort Jackson Park, Gaineswood, and the Freedom Rides Museum.

This year, thousands of public, private, and nonprofit sector partners are commemorating the 50th anniversary of the National Historic Preservation Act throughout 2016 under the banner of "Preservation50."

Mr. Speaker, in order to remain an optimistic and hopeful nation, it is critical we understand our history and how we got to this point. So on their 50th Anniversary, I am proud to highlight the important impact of the Alabama Historical Commission and the National Historic Preservation Act.

CELEBRATING THE 2016 KING KAMEHAMEHA LEI DRAPING CEREMONY

HON. MARK TAKAI

OF HAWAII

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2016

Mr. TAKAI. Mr. Speaker, I rise today to announce that the annual lei draping ceremony for King Kamehameha the Great will be held in the Emancipation Hall on May 22, 2016.

King Kamehameha's statue stands in the Capitol building as a representation of Hawaii's rich history and the legacy of the Native Hawaiian people. Each year, we drape lei or garlands on his statue to celebrate his accomplishment of uniting the Hawaiian Islands into one Kingdom, which secured a future for the Native Hawaiian people and protected the islands' resources in a quickly westernizing world. Kamehameha's foresight shows us the importance of uniting to face dramatic changes to our world, which today includes climate change.

This year, the celebration draws upon an ancient prophecy and saying—"e hea aku ana i ka iwa kilou mokula; the frigate bird which interweaves the islands is calling"—that characterizes King Kamehameha as the war bird destined to hook the islands into a single nation. The theme is meant not only to honor King Kamehameha's success in uniting the Native Hawaiian people, but also to recognize this year's special guests, sailors of the Polynesian Voyaging Society. On the Malama Honua Worldwide Voyage, they are currently sailing the voyaging canoe, Hokulea around the world on a mission to hook countries, nations and peoples of island Earth together for a sustainable future that preserves our Earth's cultural and natural resources—a vital lesson for stabilizing our climate.

I am grateful to have assisted the Hawaii State Society, whose members work tirelessly each year to bring us the King Kamehameha Lei Draping Ceremony. I look forward to honoring the legacy of King Kamehameha and Hokulea, which hopefully will inspire us to unite to protect our Earth.

being accepted as a delegate to the Congress of Future Scientists and Technology Leaders by the National Academy of Future Scientists and Technologists.

The Congress of Future Science and Technology Leaders is an honors-only program that is designed to motivate and direct the top students in the United States. It is specifically for students who aspire to be scientists, engineers and technologists, and helps to provide a path and mentorship for students to accomplish those dreams. It takes place at the University of Massachusetts over 3 days, and helps to spark meaningful dialogues and exchanges of ideas between future leaders in the fields of science and technology.

To be considered for acceptance as a delegate, applicants must be recommended by either a teacher or member of the Academy based on a proven track record of academic excellence. Students must have a minimum of a 3.5 GPA and represent all 50 states and Puerto Rico. Students like Clouse, who qualify for this incredibly selective honor, exemplify top-tier diligence and academic talent.

HONORING MR. RICHARD BURNS

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2016

Mr. THOMPSON of California. Mr. Speaker, I, along with Representative HUFFMAN rise today to honor Rich Burns, who has retired after 36 years of public service. Throughout his career, Rich demonstrated his commitment to protecting our nation's lands through his work ethic, integrity, and genuine interest in the well-being of his community and employees.

After completing his degree in Rangeland Sciences at Oregon State University in 1979, Rich began his career with the U.S. Forest Service as a Range Technician at the Humboldt National Forest in Nevada. He joined the Bureau of Land Management as a Range Conservationist in 1980, and, over the next decade, he served in a variety of positions with the Bureau in Nevada, Colorado, and California.

He has served as Field Manager for the Bureau of Land Management Ukiah Field Office for the last 19 years of his federal career, overseeing more than 270,000 acres of public land in California across Marin, Napa, Sonoma, Solano, Mendocino, Lake, Yolo, Colusa, and Glenn Counties.

Among his many achievements, Rich led the successful effort to save the Black Forest from logging in 1999. Thanks to his work with the community, Lake County and the Lake County Land Trust were able to purchase the forest, which was then deeded to the Bureau of Land Management for preservation.

During his tenure, Rich also managed and assisted successful projects including the Ce-

dars Area of Critical Environmental Concern in 1987, the Cache Creek Wilderness Area in 2000, the Cedar Roughs Wilderness Area in 2006, the Cedars ACEC Main Canyon Addition in 2011, the Point Arena-Stornetta portion of the California Coastal National Monument in 2014, and the Berryessa Snow Mountain National Monument in 2015.

Mr. Speaker, Rich dedicated his career to preserving our country's natural resources. Therefore, it is fitting and proper that we honor him here today and extend our best wishes for an enjoyable retirement and many happy memories to come with Kelly, his wife of 36 years, and their daughter and son-in-law Ashley and Travis in retirement.

CAL MARSELLA

HON. ED PERLMUTTER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2016

Mr. PERLMUTTER. Mr. Speaker, I rise today to recognize and applaud the vision and leadership of Cal Marsella during his tenure with the Regional Transportation District in the Denver Metro area.

Under Cal's leadership, the expansion project along Interstate 25 was conceived and completed on time and under budget. In addition, he also assisted in the planning, and implementation of FasTracks, one of the biggest projects in our nation's transit systems. According to Colorado Governor John Hickenlooper, there would be no FasTracks without Cal Marsella.

While completing his master's program at the University of Connecticut, Cal participated in a transportation-related internship which turned into a career. In 1995, he was hired as the General Manager and CEO of the Denver Regional Transit District and served in this capacity for 14 years until his retirement in 2009.

In that position, Cal oversaw the addition of the Southeast and Southwest rail lines, the C line serving the Auraria Campus, Sports Authority Field at Mile High and the Pepsi Center, as well as worked with the Colorado Department of Transportation to create high-occupancy toll lanes on I-25. Sadly due to his unexpected death, he was not able to see the completion of the transit system he's credited for starting.

I extend my deepest thanks and condolences to Cal Marsella's family for his service and dedication to the Denver Metro Area.

IN RECOGNITION OF BRENDA BURNS

HON. KEVIN BRADY

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2016

Mr. BRADY of Texas. Mr. Speaker, for the last 35 years Brenda Burns has set the gold standard for public service with her selfless contribution to her hometown. Born and raised in Willis, Brenda's strong love of community and ability to develop strong relationships have served all of Willis well.

Through a vocational education program at Willis High School, Brenda began her career working for the City of Willis on May 26, 1981. She started as a part-time Utility Billing Clerk, but her value was obvious and the position quickly became full-time. Only two short years later, Brenda took on new duties as the city's Tax Assessor/Collector while continuing to handle utility issues. Brenda kept learning every day as she mastered the intricacies and minutiae of municipal government. She found a mentor in then-City Secretary Janice Wilson. In 1994, Brenda assumed the mantle of City Secretary, a position Willis would be blessed to have her serve in for 22 years.

During her 35 years of service to the City of Willis, much has changed as this community has grown and prospered. While Brenda served as the rock for 4 mayors and countless councilmembers, and the interstate highway grew from 2 to 6 lanes. As Willis' population soared into the several thousands, city staff quadrupled, meaning more and more people came to rely on Brenda. You might say Willis has been her family even longer than her husband, David, and their daughters, Monica and Katie.

Court Administrator Chrissy Dahse has been working with Brenda for a decade and will miss her “warm smile”. Chrissy says Brenda can always be counted on for “a thoughtful answer and an honest opinion. Her commitment and dedication to The City of Willis is unmatched.”

During her tenure, Brenda considers the move from a General Law to Home-Rule form of government as Willis’ greatest accomplishment. While she may not know quite as many people who come into City Hall now as she used to, her vast and unmatched contribution to the City of Willis and its citizens has set an amazing example of service.

Assistant City Secretary Marissa Quintanilla summed up how Willis feels as they prepare to wish Brenda a happy retirement, “It’s hard to say goodbye to a person so valued and respected and who is in my opinion the “City of Willis.” Marissa has spent the last 13 years working with Brenda and personally knows how hard it will be to fill her shoes. For 35 years Brenda Burns has been an example of public service and selfless contribution to the City of Willis, Texas.

Through all of this change the City of Willis has been able to rely on one constant, Brenda Burns. She has become synonymous with Willis and her love for her hometown has shone through her entire career. Thank you, Brenda, for your service and the great example you have set.

GOING TO THE CHAPEL DIFFERENT THIS TIME BY INA HUGHS

HON. JOHN J. DUNCAN, JR.

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2016

Mr. DUNCAN of Tennessee. Mr. Speaker, Ina Hughs, a longtime columnist for the Knoxville News-Sentinel, has written a very honest and entertaining column about her upcoming marriage at the age of 75.

First, I want to congratulate her and her husband-to-be. Second, I want to call this enjoyable column to the attention of my colleagues and other readers.

Third, I will recall a story I heard in the News Sentinel many years ago when Senator Strom Thurmond was running for re-election one month short of his 94th birthday.

Someone—either the Senator or somebody on his staff—had found a 105-year-old woman who had been a babysitter for Senator Thurmond when she was 16 and he was five.

This 105-year-old endorsed the almost 94-year-old and called him a “fine young man.” I hope Ms. Hughs and her “intended” will be a fine young couple.

GOING TO THE CHAPEL DIFFERENT THIS TIME

Well, I have a bit of news. Not breaking news worthy of interrupting regularly scheduled programs. But rather shocking nevertheless. Close friends with whom I first shared this—well, their reaction over the phone was a long silence, howling laughter, and then they dropped the receiver.

I am getting married.

In three days.

I met him and his late wife in the early 1960s, when he and my husband served churches in the Norfolk area. As couples we became friends. Over time our families exchanged Christmas cards, but then a few years ago he and I landed in the same area in retirement. His wife sadly died of invasive cancer, and I had been single for some 20 years.

Shortly after the news got around town, I called a friend to wish her a happy birthday. When she read on the caller ID who I was, she answered by saying, “Oh, goody! You’re calling to ask me to be a bridesmaid?”

After my daughter digested the news—in great joy—she asked what was I going to wear. Did I want her to go with me to David’s Bridal?

“Honey,” I said, laughing, “I don’t even own a dress. How do you expect me to wear a gown?” She made me promise I’d find a friend with better taste in clothes than me to help find my outfit so I wouldn’t embarrass the family.

I am not doing any of that young bride stuff except maybe the old-new-borrowed-

blue. The something old, of course, will be me. At 75, what else could you call it? The Zombie Bride?

The borrowed item will be white pants I inherited from my older sister, who will no doubt be peering over a cloud from heaven saying, "Don't you have any clothes of your own? What on earth did you wear before I died and you got all mine?"

Something blue? That would be a necklace my younger sister gave me for my 21st birthday back in the previous millennium: a strand of white and blue pearls to match a blue jacket that is new, closing out my four-part matrimonial couture.

I do worry a bit that I'll look like a sea captain: white top, white pants, blue jacket. But it doesn't have brass buttons and I won't have on the cap. Or, Lord forbid, a veil.

And we aren't throwing rice or birdseed or rose petals. If there's any throwing to do, it'll be me sick with nerves. Blushing, teary-eyed and bashful is charming in youth. It just makes old women look wrinkled, frog-eyed and acutely geriatric.

Although I am 100 percent sure I won't be left at the altar, I find it humbling and altogether amazing that my intended (Where, pray tell, did that word come from? Does that mean every relationship that doesn't end in marriage is unintended? I think not.) is willing to cast lots with me at our ripe old age.

Me of the elastic-waist pants. Me of age-spotted hands. Me of trifocals and bunions. I sleep in socks. On the rare occasions I do wear a bathing suit, it's always under a cover-up. I often fall asleep in the recliner and drool. I sometimes break wind when getting out of the back seat of a car, and if you find that funny you are either under 50 or your grandmother is dead.

We are like the old couple that came into the drugstore holding hands. "Do you sell wheelchairs and canes?" they asked.

The pharmacist answered, "Yes. We have a whole back room full of the latest models."

"Do you sell magnifying glasses?"

"Yes. Right over there."

"Heating pads? Walk-in bathtubs? Medical alert systems? Adjustable bed rails? Blood pressure kits? TV sound amplifiers?"

"Yes. Yes. Yes."

"We'd like to use you as our bridal registry."

So, my friends, never say never. One day you, too, might have your friends dropping the phone.

CONGRATULATING THE PIPER HIGH ROCKETRY TEAM ON QUALIFYING FOR THE 2016 TARC FINALS

HON. ALCEE L. HASTINGS

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2016

Mr. HASTINGS. Mr. Speaker, I rise today to congratulate the members of the Piper High School Rocketry Team from Broward County, Florida and their advisor on qualifying for the 2016 Team America Rocketry Challenge (TARC) Finals, being held this weekend in The Plains, Virginia. Piper High School is one of only 100 teams from across the United States to qualify.

In order to qualify for this event, the Piper High School team had to design a rocket capable of flying to an altitude of 850 feet with a flight duration of 44 to 46 seconds, while carrying two raw eggs and return them to Earth uncracked. To make this more difficult, this year the eggs had to be placed perpendicular to each other in the rocket, complicating rocket body design.

TARC is the world's largest student rocket contest—approximately 5,000 students participate each year. The competition gives middle and high school students a chance to pursue further study and careers in science, technology, engineering and mathematics (STEM), and is a critical piece of the aerospace and defense industry's strategy to build a stronger workforce development pipeline.

It is important to recognize not only the achievement of the Piper High School Team in qualifying for the TARC finals, but also the interest and drive that makes these young people want to participate in STEM oriented extracurricular activities, so I want to personally recognize each of them here today: Joseph Callahan, Shaun Cochrane, Jared Eckert, Adam Husein, Amit Lalchan, and Benjamin Liang. I also want to thank their advisor, Mr. Walter Weidler, for inspiring the interest of these students in science and engineering. It is educators like Mr. Weidler who are responsible for keeping America at the forefront of technology.

Mr. Speaker, I am extremely proud of these students, and of all of the students in Florida and the United States who are engaged in STEM education. They represent the future of this great nation.

REMEMBERING JUDGE THOMAS A. RYMER

HON. STENY H. HOYER

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2016

Mr. HOYER. Mr. Speaker, I rise to honor the memory of the Hon. Thomas A. Rymer, who passed away on April 15. He was ninety-one years old and had dedicated his career to public service on behalf of the State of Maryland and Calvert County.

I was privileged to be Tom's friend for decades, and I was deeply saddened by his passing. He served in the Maryland House of Delegates from 1971–1987 and was Majority Whip for a good portion of that time. During part of that period, I served as President of the Maryland State Senate, and we worked together on a number of occasions. During his tenure, Tom fought for school funding that invested in education for students in Calvert County. He spearheaded efforts to build roads and infrastructure and encourage development in what was then a very rural part of our state. Tom was also a tireless advocate for justice and equal opportunity.

Judge Rymer was born in Asheville, North Carolina, and he moved with his family to Washington, D.C., in 1939. A student at the University of Maryland when World War II broke out, he enlisted in the U.S. Navy and was commissioned as an Ensign. After serving our nation honorably, he returned stateside and finished his degree at Cornell University in New York in 1948. He then went on to earn his law degree from the George Washington University in 1955.

During the 1950's, Tom worked as an engineer with the Washington Suburban Sanitary Commission and served in a number of civilian roles with the Navy, Air Force, and Secretary of Defense's office. When he left the Pentagon in 1964, he was serving as chief of the Air Force Military Construction Program.

From 1966–1970, Tom served the people of Calvert County as State's Attorney before running for the House of Delegates. In Annapolis, he chaired the Calvert County delegation and served as Chair of the Tri-County Council for Southern Maryland from 1979–1982. He also chaired the Joint Ethics Committee. Tom was well respected in the Assembly, lauded for his integrity and honesty and for his mentorship of younger lawmakers. After leaving office, Tom was appointed to sit on the Calvert County Circuit Court. He served until his retirement in 1995.

Mr. Speaker, I extend my condolences to his beloved wife of four decades, Grace Mead Rymer. My thoughts and prayers are also with his sons Gary Rymer, Ronald Rymer, and Thomas Rymer Jr.; his stepchildren, Grace Mary Brady, Robert Manual Garrett, John Michael Garrett, Nell-Marie Chaney, William Francis Garrett, and Allan Garrett; his fifteen grandchildren and step-grandchildren; and his ten great-grandchildren. Sadly, his stepson Thomas Garrett passed away last year. Many of the Rymers and Garretts continue to live in Calvert County, on which their father and stepfather leaves a lasting impact that will surely benefit generations to come. I join in thanking Judge Thomas A. Rymer for his service to Calvert County, to the Fifth District, to the State of Maryland, and to our nation, and I hope my colleagues will do the same.

RECOGNIZING THE NEED FOR SAFE DISPOSAL OF PRESCRIPTION MEDICINES

HON. EARL BLUMENAUER

OF OREGON

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2016

Mr. BLUMENAUER. Mr. Speaker, our nation is faced with unprecedented levels of prescription drug abuse. In 2012, nearly 260 million prescriptions were written for prescription painkillers—roughly one prescription for every adult in the country. While we see prescriptions for pain management on the rise, we don't have an easy or effective way of disposing of leftover, unused medication.

A 2014 study found that over 65 percent of participants kept some or all prescription opioids even if they were no longer taking the medication, while only about 6 percent of patients reported safely disposing of their prescription opioids. Families are left with powerful narcotics after their loved ones have passed away. Parents struggle over what to do with leftover pain medications in their home.

Without better options, when trying to dispose of medications, people often turn to flushing them down the toilet, putting our water at risk. One study by EPA scientists found that half of the 50 large-size wastewater treatment plants nationwide tested positive for at least 25 drugs.

When it becomes more difficult to dispose of a medication than to get it prescribed in the first place, we know something is wrong.

Today I am introducing the Safe Drug Disposal Tax Credit Act. This legislation would offer qualified entities a tax credit for starting or maintaining drug disposal and take back programs.

Existing take back programs are typically run by law enforcement agencies. While the aim of these programs is admirable, they are not easily accessible to most members of the public, or are only available on specially designated dates. Locating safe drug disposal and take back programs at pharmacies and other health care organizations will increase access to safe medication disposal. This tax credit would help offset some of the expenses of establishing and maintaining a sustainable program.

Mr. LONG. Mr. Speaker, I rise today to honor Branson High School student Blake Smith, of Branson, Missouri, on his being accepted as a delegate to the Congress of Future Scientists and Technology Leaders by the National Academy of Future Scientists and Technologists.

The Congress of Future Science and Technology Leaders is an honors-only program that is designed to motivate and direct the top students in the United States. It is specifically for students who aspire to be scientists, engineers and technologists, and helps to provide a path and mentorship for students to accomplish those dreams. It takes place at the University of Massachusetts over 3 days, and helps to spark meaningful dialogues and exchanges of ideas between future leaders in the fields of science and technology.

McCarrey Bohman for her 50th year in music instruction in the state of Alaska.

Cam's alumni music students nominated her for the award. I would also like to note that in 2014, Cam received the State of Alaska Governor's award for arts advocacy. These are only two examples of Cam's many honors.

Cam inspired countless students to join choir, and each school year her classes reached the all-time high of about 300 total students. Recently, students at South High School in Anchorage made a documentary titled "Unwritten Song" to highlight the importance of elective teachers and featured Cam's influence on generations of Alaskans.

TRIBUTE TO THE CHUCKWAGON RESTAURANT

HON. DAVID YOUNG

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2016

Mr. YOUNG of Iowa. Mr. Speaker, I rise today to recognize The Chuckwagon Restaurant of Adair, Iowa for winning the 2016 Iowa's Best Burger Award from the Iowa Cattlemen's Association (ICA) and the Iowa Beef Industry Council (IBIC).

ICA and IBIC have teamed up for the past seven years to award an Iowa restaurant for showcasing their great beef products. The product of choice for the nominations and selection is an Iowa favorite: the hamburger. This year's winning entrant was a local hometown café, like so many of those in Iowa. The Chuckwagon Restaurant in Adair, Iowa has all the markings of a great burger place—with extra helpings of community pride and tailor-made with private recipe seasonings a hearty slab of beef placed firmly between two homemade buns.

The Chuckwagon's owner, Kim Reha, opened the doors to the restaurant in 2008. Ms. Reha has continually made changes and improvements not only to the facility, but to the burgers as well. Every burger is made-to-order with a toasted bun and homemade house seasonings. Katie Olthoff, Director of Communications for ICA said "They do an outstanding job of showcasing the great beef project with each of their great-tasting burgers on behalf of Iowa's beef farmers."

I commend Kim Reha and the staff at The Chuckwagon Restaurant for creating an outstanding menu featuring Iowa beef. I urge my colleagues in the U.S. House of Representatives to join me in congratulating The Chuckwagon Restaurant for winning Iowa's Best Burger Award. I wish Kim and all of the staff continued success in the future.

A TRIBUTE HONORING WALLACE
COMMUNITY COLLEGE—SELMA

HON. TERRI A. SEWELL

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2016

Ms. SEWELL of Alabama. Mr. Speaker, I rise today to pay tribute to a hidden jewel in Alabama's 7th Congressional District—Wallace Community College of Selma, Alabama.

Wallace Community College—Selma is a stellar two-year institution that provides incredible educational opportunities to students of Dallas County and across the Black Belt of Alabama.

Now more than ever, America needs greater innovation in our educational system to meet the increasingly demanding needs of tomorrow. Outstanding higher education institutions in the State of Alabama are producing some of our state's and nation's best and brightest who will lead us into the next era of American cutting-edge technology, research, business leadership, entrepreneurship, science and innovation.

Wallace Community College—Selma (WCCS) is leading that charge in my district through its dual-enrollment program which allows high school students to complete college courses and graduate with a high school diploma as well as an associate degree from this junior college. In 2008, Wallace Community College—Selma graduated 31 students from the Selma Early College High School (ECHS), which was the first of its kind on a college campus in the state of Alabama.

The 2016 graduation class will include 22 dual enrollment students including 20 students that participated in a special partnership with Tuskegee University. The Howard Hughes Medical Institute (HHMI) program with Tuskegee allowed WCCS to increase the participation of underrepresented minority students from Alabama's Black Belt counties in the important fields of science and research. The Howard Hughes Medical Institute dual enrollment program offers high school students an opportunity to take classes at WCCS and Tuskegee and graduate with their high school diploma as well as an associate degree in science.

Mr. Speaker, the dual-enrollment program at Wallace Community College-Selma is accomplishing what it set out to do—giving Dallas County high school students a head start on

college. The benefits of this important opportunity are immeasurable. Cutting the cost and time spent in College while providing high school students significant exposure to the types of classes and fields of interest that will give them an important advantage and jump start on their peers.

Collaborations like these are so critically important to our youth gaining invaluable educational experience while obtaining college credit through dual-enrollment. America must encourage more of these types of efforts as we seek to lead the world in educating our people and attracting a new generation of high-tech and high-paying jobs and careers—understanding that science and technology are critical to our nation's economic growth and sustainability.

As the Member of Congress for the 7th Congressional District, I take great pride in working to offer solutions that will help lay the foundation for creating better-paying jobs, and for our education system to thrive into the future. In order to achieve this, we need innovative approaches to education and create a pipeline with our K–12 school systems, community colleges and universities to provide the resources our students need to become the best trained workforce. Our children deserve our greatest effort and America deserves our best workforce.

I am so proud to acknowledge today the tremendous efforts and outstanding programs offered at Wallace Community College—Selma which exemplify the invaluable role our two-year institutions serve in our communities. This college's leadership and innovation in creating a 21st century learning environment is to be greatly commended. What a jewel to have serving our students in the Black Belt of Alabama. I am proud to represent a district that cares so greatly for the future of the community and the future of this great nation.

Mr. Speaker, I want to commend Dr. James Mitchell for his tremendous leadership as President of WCCS. The faculty, administrators and students of the WCCS are truly outstanding.

This Friday, May 13, 2016 is graduation day at Wallace Community College—Selma. I want to congratulate the entire class of 2016 and especially acknowledge the academic achievement of the 22 dual enrollment students who will receive a special congressional commendation. HHMI Students: Lekeybriana Allen, Connor Blackmon, Ronnie Caver, Brian Crum, Shaqueria Dial, Lauren Ellis, Khamari Gibbs, Kiara Horton, Kalissa Johnson, Kaylin Jordan, Thomas Kendrick, Walter Kendrick, Will Kendrick, Brandon Oliver, LaDaria Shorts, Epiphany Simmons, Khadijah Simmons, Alexis Walker, Marketa Williams, Alanna Young. Dual Enrollment Students: Tyniquea Edwards, and Tori Hatfield.

I would also like to acknowledge the tremendous achievements of the Wallace Students who were Alabama Skills USA Winners: Joniece Collins—First Place in Masonry and was the first woman in the state of Alabama to win this honor. Other winners included Roderick Perkins—Second Place Masonry, Terrence Campbell—Third Place Masonry and Francis Phillips—Second Place Cosmetology in the Men's Hair Design Competition. I want to recognize the outstanding athletic achievements of Ki'Onna Likely who was the 2015–16 Alabama Community College Conference Player of the Year as well as NJCAA Second Team All-American.

Mr. Speaker, I ask my colleagues to join me in honoring all the accomplishments of the outstanding students and graduates of Wallace Community College—Selma and to praise the leadership of Dr. James Mitchell and the hardworking staff and faculty of WCCS.

Congratulation to the Graduating Class of 2016—I wish you the very best in all your future endeavors. We are counting on you to make difference.

HONORING OSCAR GARCIA

HON. FILEMON VELA

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2016

Mr. VELA. Mr. Speaker, I rise today to honor Oscar M. Garcia of Willacy County, Texas. On April 20, 2016, his family gathered at the Garcia Ranch to celebrate his life and legacy, and I want to share the story of this important South Texan with my colleagues.

Oscar Garcia was born on November 4, 1930, west of Sebastian, Texas, on the Las Anacuas Ranch. At a young age, he began working in the fields of South Texas.

His wife, Hortencia Caballero, was born in 1945 near Lyford, Texas, and the couple married on June 15, 1952, in Lyford. Together they raised six children: Alma, Oscar Jr., Rolando, Armando, Reynaldo, and Elizabeth, and they had 16 grandchildren and 14 great-grandchildren.

Mr. Garcia began operating a trucking company in 1948. The business prospered under his management, and, with the profits of the company, he was able to purchase farm land in Willacy and Cameron Counties. Over the years, he amassed thousands of acres of prime land—much of it being the same land that he and his father worked on as sharecroppers or field hands. He grew his business over time, employing many and contributing greatly to the local economy. Mr. Garcia operated his trucking company for more than 50 years and farmed for 40 years.

In 1972, Mr. and Mrs. Garcia purchased their homestead property on Business 77 between Sebastian and Lyford. Although Mr. Garcia built his home for his family to live in and enjoy, the family business had a central role. The most used room in the house was the office he shared with his wife, and the family used the vast acreage of the Garcia Ranch to store equipment, a practice that continues today.

Mr. Garcia passed away on October 25, 2010. He was preceded in death by his son, Rolando. Until the day he died, Mr. Garcia continued to work hard, to provide for his family, and to earn the respect of every person he met.

Since the loss of her husband, Mrs. Garcia has continued to manage and operate the property acquired during her husband's lifetime. Additionally, she remains dedicated to the legacy of hard work, respect, and caring for her community that she and her husband built together. She is an active member of her church and a patron of the local volunteer fire department, and established an annual scholarship for Lyford High School students.

The recent community gathering to honor Mr. Garcia and the entire Garcia family was also a testament to the Willacy County community, which has been challenged greatly in recent years. Despite setbacks, Willacy County remains a community that is united and filled with the most valuable of all resources—people like Oscar Garcia who care about each other and the place they live. Perhaps the greatest legacy of Oscar Garcia's life is the inspiration to future generations to work hard and serve their community.

Mr. Speaker, I join my colleagues in the House of Representatives in standing in honor of Oscar Garcia, his family, and his Willacy County community.

TRIBUTE TO RICHARD M. PHILLIPS, ESQ.

HON. JARED HUFFMAN
OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2016

Mr. HUFFMAN. Mr. Speaker, I rise today to recognize my constituent Richard M. Phillips of Tiburon, California, upon his retirement from the law firm of K&L Gates LLP after 45 years of private practice. Throughout his lengthy career, Mr. Phillips has been a leader in the areas of securities regulation and enforcement. He spent his professional career in both government service and private practice, with a focus on the development and enforcement of our nation's key laws and regulations relating to the protection of investors and the securities marketplace.

Mr. Phillips' career spans many years of public service, holding various positions within the U.S. Securities and Exchange Commission, including Assistant to the Chairman of the SEC, Assistant General Counsel, and Staff Director of SEC Corporate Disclosure and Investment Company Studies. He was recognized for his contributions to the development of securities law and for his service to the financial and SEC communities over the years when he was awarded the prestigious William O. Douglas Award by the SEC Alumni Association in 2001.

In 1971, Mr. Phillips became a founding partner of the law firm of Hill, Christopher & Phillips of Washington, D.C., which eventually evolved into the current global law firm of K&L Gates LLP. Upon moving to Tiburon, California, with his wife Elda in 2000, Mr. Phillips co-founded the San Francisco office of K&L Gates, where he built his practice in the areas of securities regulation and investment management, representing and guiding clients through the complexities of the securities laws.

In addition to Mr. Phillips' many accomplishments in the area of securities law, he has been a prolific writer and lecturer and has served in leadership roles for various publications and organizations focused on securities regulation, both at the national level and around the globe. Notably, he co-authored, edited, and was a guiding force behind the first Securities Enforcement Manual: Tactics and Strategies which was published in 1997 by the American Bar Association Section of Business Law. The Manual combined the collective practical experience of Mr. Phillips and his law firm colleagues in helping guide experienced and novice lawyers through the thicket of strategic and tactical issues in securities enforcement practice. He co-edited the second edition in 2007. These books continue to be relied upon by practitioners in this area.

Mr. Phillips has been a tremendous mentor and guide to younger lawyers in helping them develop their expertise, and has been a valued member of his law firm whose accomplishments will live on. I ask my colleagues to join me in paying tribute to Mr. Phillips for his record of accomplishment and public service and in extending best wishes to him and to his wife Elda upon the occasion of his retirement.

LONG BEACH LOSES LEGEND,
MARILYN GREEN

HON. ALAN S. LOWENTHAL
OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2016

Mr. LOWENTHAL. Mr. Speaker, it is with considerable sadness and a profound sense of loss that I report that the Long Beach community lost a dear friend and a dedicated public servant on the passing of Marilyn Green on October 29, 2015. Marilyn—with long-time professional partner Dick Cantrell—founded the law firm of Cantrell Green—now Cantrell Green Pekich Cruz & McCort—in 1971.

Marilyn was also the heart and soul of the progressive movement in Long Beach. She was an advocate, mentor, and friend to several generations of progressive leaders in Long Beach. I count myself lucky to have had her friendship and counsel over the years.

A native of Newark, New Jersey, Marilyn eventually made her way to Stanford Law School. While attending as one of only two female students in her class, she met and married journalist Terence Green.

Determined to finish what she started, she sat for the California Bar exam in 1951 and was admitted to practice law in January, 1952, just one month before her first son, Alan, was born. She used to recall how odd it felt walking to take her oath while almost 9 months pregnant.

Terry's job brought them to Playa del Rey and, eventually, to the Long Beach area that

would become their home for well over 50 years.

Like many women of her generation, Marilyn found herself unwelcome in many law firms due to her gender and was limited to family law practice. Knowing it was a matter of time before she found the right job, she settled into family law. She used to joke that, as a young lawyer, she had no idea how to create a safe exit strategy while interviewing a less-than-savory character. During one such interview, she decided "the case was much too complicated" and referred the person to the FBI. She later told us "From then on, I decided to keep the FBI's number in my top drawer, but think I certainly wore out my welcome!"

Marilyn joined the prestigious Levy & Van Bourg firm as an applicant's attorney in Workers' Compensation in the late 1960s early 1970s.

When she and Richard Cantrell first opened Cantrell and Green in 1971, their first office was a public phone booth on the corner of Broadway and Pine Avenue in downtown Long Beach. Later, good friend and union official Tony Rodriguez from the United Rubber Workers Union, would offer them a small office at his Local.

Marilyn and Richard would go on to build Cantrell and Green into one of the most well-known and respected workers' compensation firms in Southern California. Their practice also included social security, labor law, and personal injury claims.

Not only did Marilyn Green talk the talk, she walked the walk. When asked why she would settle in a practice not as lucrative as other areas of practice, Marilyn said "If I wanted to make money, I would never have chosen a workers' compensation practice. However, I love and believe in what I do and that is why I became a lawyer."

Over the years, Marilyn was honored by many organizations, including being named as Long Beach Bar Association Lawyer of the Year. She was a true professional in her work, a good friend to many, and a powerful force for good in our community who will be sorely missed.

MR. JOSEPH PARISI

HON. LEE M. ZELDIN

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2016

Mr. ZELDIN. Mr. Speaker, I rise today to pay a special tribute to the incredible life of Mr. Joseph Parisi.

Joseph was born in 1916 to Francesco Parisi and Rosaria Cacciola. He attended James Monroe High School in Manhattan until he had to leave and help with the family business. Joseph worked tirelessly to ensure that his family came first—a testament to the type of person he is. Joseph returned to his studies and attended Harlem High School for two years, managing to complete his education.

In June of 1943, Mr. Parisi answered the call of duty and joined the war effort to ensure we remained the free nation we are today. After Basic Training, he attended Group School on repair and maintenance of telephones and equipment and was assigned to Headquarters Company, 1159th Combat Engineers Group, as a Technician 4th Grade, or Tec4. Joseph narrowly escaped death in 1945 when he crossed over a bridge east of the Rhine River. The 1159th Combat Engineers Group, led by Lt. Col. Kenneth Fields, took over command of the engineering units at Remagen, Germany and shortly after crossing the bridge, the east end collapsed into the Rhine resulting in the death of 28 and several hundred injuries. Joseph served in the Army until February of 1946, when he was released from active service. During his time in the service, he received numerous decorations including: the American Theater Campaign Medal; European-African-Middle Eastern (EAME) Campaign Medal with two Bronze Stars; Good Conduct Medal; Victory Ribbon; Service Stripe; Overseas Service Bar; and Sharpshooter-carbine.

Joseph will be turning 100 years old on September 30, 2016; but today I would like to thank him for his years of dedication and service to our country and community. What he has managed to accomplish during his lifetime and give back to the country cannot be summarized in a few words; however it is important we honor these individuals as best we can. It is my hope that many will follow in his footsteps and give back to their country as graciously as he did. People like him are a rare breed and they help make not only our country, but our world a much safer and better place.

HONORING SKYLER SMITH ON BEING ACCEPTED AS A DELEGATE TO THE CONGRESS OF FUTURE SCIENTISTS AND TECHNOLOGY LEADERS BY THE NATIONAL ACADEMY OF FUTURE SCIENTISTS AND TECHNOLOGISTS

CONGRATULATING TREVOR STORY ON BEING NAMED THE NATIONAL LEAGUE PLAYER OF THE WEEK

HON. KENNY MARCHANT

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2016

Mr. MARCHANT. Mr. Speaker, I rise today to congratulate Trevor Story of Irving, Texas, on being named Major League Baseball's (MLB) National League Player of the Week for the week of April 4th. As the season progresses, this rookie continues to surpass expectations and has excited MLB fans across the country. The Colorado Rockies couldn't be more enthused with their new star in the making.

Trevor quickly entered his name into the record books with an outstanding performance to start the season. Mr. Story was the first player in MLB history to homer in the first four games of his career and hit seven home runs in his first six career games. He is also one of only four rookies to ever win the player of the

week since it was first awarded in 1974. Trevor's outstanding rookie season continues to gain momentum and draw comparisons to some of the league's best.

Trevor was always an impactful athlete, a standout in both baseball and football during his career with the Irving High School Tigers. He made a difficult but prosperous decision to put aside playing quarterback after his sophomore year to focus on baseball. While great at shortstop, Trevor was a hard throwing pitcher who was once clocked at 96 mph, although he never pursued pitching. Scouts would fill the stands when he took the field and teams would pitch around him as his hitting ability scared most opponents.

Off the field, Trevor is an active community servant with many local nonprofit groups including Irving ISD and Irving Cares, where his mother, Teddie Story, heads the nonprofit which serves families and children in need. Trevor will continue to inspire young players and build on his already impressive personal and professional resume as his baseball career continues.

Mr. Speaker, on behalf of the 24th Congressional District of Texas, I ask all my distinguished colleagues to join me in congratulating Trevor Story on his work ethic and athletic achievements.

Mr. Robbins also helped found and maintain the Family Fund, a charity that has raised more than \$150,000 for local families in crisis.

From the beginning of his career, Mr. Robbins was the epitome of professionalism and tireless devotion to his duty—positively impacting countless students, teachers and families.

IN HONOR OF THE LIFE OF JOYCE GARVER KELLER

HON. PATRICK J. TIBERI

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2016

Mr. TIBERI. Mr. Speaker, I rise today to commemorate and honor the life of Joyce Garver Keller.

Throughout her life, Joyce was a steadfast and passionate advocate for Ohio and its Jewish community. For twenty-five years she

served as the Executive Director of Ohio Jewish Communities.

The fruits of Joyce's labor, and her influence, can be found throughout the great state of Ohio. Although her career was long and full of many accomplishments, among her most noteworthy was the constructing of the Holocaust and Liberators Memorial located on the grounds of the Ohio Statehouse. In addition to this, Joyce was able to secure funds for services to the elderly in assisted living facilities; help refugees from the former Soviet Union access funds around the state for citizenship classes; and expand English as a second language programs. Joyce's actions spoke volumes about her mission to make a difference in her community and will continue to resonate for many years to come.

Joyce's tremendous efforts touched many people, and the power and zeal of her conviction inspired those around her. She was a loyal friend and was always willing to reach out to new people or lend a helping hand. Her unconquerable spirit is but one reason Joyce was successful in her professional career and so loved by those who knew her. The recent passing of Joyce Garver Keller is truly an immense loss for Ohio. This remarkable woman will be greatly missed by her family and many friends.

The chorus of praise for Bill Campbell is intense and varied, and comes from a broad spectrum of people across Silicon Valley who benefited from his extraordinary generosity of his time and considerable talents. He was a generous benefactor to his home town, to Columbia University, to Boston College and to many other schools and charitable organizations. He has been called "the most important executive you've never heard of", energetic and vibrant, a great sports and executive coach, a proponent of creative talent, a geek

Mr. Speaker, I ask the entire House of Representatives to join me in extending our most sincere condolences to Bill Campbell's wife and family. A giant has been taken from our midst but we are a better and stronger nation because he walked among us.

COMMEMORATING THE 95TH ANNIVERSARY OF THE SARAH D. CULBERTSON MEMORIAL HOSPITAL

HON. DARIN LAHOOD

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2016

Mr. LAHOOD. Mr. Speaker, today, I would like to honor a remarkable organization, the Sarah D. Culbertson Memorial Hospital, in Rushville, IL. This year marks their 95th anniversary of improving the lives of the community with a tradition of quality health care.

Dr. Frederick Culbertson opened the doors to his newly established hospital on February 15, 1921 with the support and determination of his wife, Sarah D. Culbertson. During the Great Depression, there was no guarantee that a hospital would succeed, but with Sarah's steadfast attitude and administrative role, the hospital ensured care for its patients throughout the 1930's, while achieving financial stability.

Before Dr. Culbertson died in 1949, he willed the hospital to the people of Schuyler County. In loving memory, he stated that the very existence of the hospital was because of his wife. As a result, the hospital now bears her name as a symbol of her devotion to the people of Schuyler County.

Today, under the leadership of Chairman David Hester, the hospital provides extensive

inpatient and outpatient services and has expanded to two other locations in Illinois. The hospital retains the Culbertsons' vision through its mission: "To provide quality, compassionate care to the communities we serve."

I applaud the efforts of the Sarah D. Culbertson Memorial Hospital and staff. They continue to provide their patients with a family-centered community facility committed to improving local healthcare. Congratulations to the Sarah D. Culbertson Memorial Hospital and their team on a prosperous ninety-five years providing quality healthcare services to the residents of Central Illinois.

COMMENDING THE POLYNESIAN VOYAGING SOCIETY FOR THE MALAMA HONUA WORLDWIDE VOYAGE

HON. MARK TAKAI

OF HAWAII

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2016

Mr. TAKAI. Mr. Speaker, I rise today to honor the Polynesian Voyaging Society and to

commend its sailors' current journey across the world's oceans, as part of the Malama Honua Worldwide Voyage, on the two Polynesian voyaging canoes, Hokulea and Hikianalia.

Formed in 1973 to revive Polynesian navigation practices many thought were lost to history, the Polynesian Voyaging Society built a voyaging canoe based on ancient sketches and in 1976 sailed from Hawaii to Tahiti only by using observations of the stars, sun, ocean swells, and other natural patterns. Now, the Polynesian Voyaging Society is bringing their awesome feat to the rest of the world through its worldwide voyage, called Malama Honua, which means "to care for our Earth."

As Hokulea circumnavigates the globe, the voyagers hope to teach and learn from others how to harness our world's traditions to protect our cultural and environmental resources for future generations. In a time when world powers and leading scientists struggle to mitigate climate change through modern technology and politics, this triumph of ancient Polynesian navigation shows us the power of nature and importance of sustainability and stewardship for Island Earth.

So, on behalf of Congress, I honor the Polynesian Voyaging Society for its decades of accomplishments and celebrate the Malama Honua Worldwide Voyage. I hope to speak of their mission and values for years to come.

AUTHORIZATION FOR USE OF MILITARY FORCE

HON. BARBARA LEE

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2016

Ms. LEE. Mr. Speaker, I rise today to challenge this House to live up to our Constitutional duty to debate the ongoing war in the Middle East.

For nearly two years, our brave servicemen and women have been fighting yet another war.

As they face snipers and mortar rounds—incidentally some claim that they are not in combat.

How can we claim this is not combat?

And worse, how can we ask them to go to war when Congress cannot even muster the courage to debate it?

The last four Presidents have bombed the Middle East with little or no Congressional oversight; will we allow a fifth President to continue these wars unchecked?

As the NDAA comes to the Floor next week, I submitted an amendment to force a debate on this war and repeal the 2001 blank check for endless war that got us into this mess.

The Rules Committee should allow this important debate to come to the House Floor.

Mr. Speaker, let us debate this war, its costs and consequences and a real strategy to end ISIL's reign of terror.

CONGRATULATING ANGIE LEE ON BEING NAMED ONE OF THE PRUDENTIAL SPIRIT OF COMMUNITY AWARD WINNERS

HON. PETER J. ROSKAM

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 11, 2016

Mr. ROSKAM. Mr. Speaker, I am pleased today to recognize Jungin "Angie" Lee, an exceptional and accomplished young woman from Naperville, Illinois. Angie was recently named one of the top ten youth volunteers in the nation by the Prudential Spirit of Community Awards.

When Angie was just 15 months old, her family learned she had an autosomal recessive disease called spinal muscular atrophy (SMA). This genetic disorder causes debilitating and often fatal muscle weakness. Yet this disease did not stop Angie from helping people. Nine years ago, at the ripe age of 8, Angie and her friend, Kyra Scadden, started a nonprofit called "Angie's Hope" to raise money for SMA research.

Since its inception, Angie's Hope has gone from raising \$200, literally one penny at a time through a penny collection drive, to raising \$40,000 in 2015. Through it all, Angie has never lost sight of the fact that individual efforts can change lives. Angie has helped raise over 200,000 dollars for SMA research with no plans to stop anytime soon. She is planning "something big" for the charity's 10th anniversary and would eventually like to expand the nonprofit to multiple states. Angie truly is an inspiration for all of us.

Mr. Speaker, please join me in congratulating Angie Lee on receiving her award and thanking her for the dedication and commitment she has displayed in her work.

SENATE COMMITTEE MEETINGS

Title IV of Senate Resolution 4, agreed to by the Senate of February 4, 1977, calls for establishment of a system for a computerized schedule of all meetings and hearings of Senate committees, subcommittees, joint committees, and committees of conference. This title requires all such committees to notify the Office of the Senate Daily Digest—designated by the Rules Committee—of the time, place and purpose of the meetings, when scheduled and any cancellations or changes in the meetings as they occur.

As an additional procedure along with the computerization of this information, the Office of the Senate Daily Digest will prepare this information for printing in the Extensions of Remarks section of the CONGRESSIONAL RECORD on Monday and Wednesday of each week.

Meetings scheduled for Thursday, May 12, 2016 may be found in the Daily Digest of today's RECORD.
