IN HONOR OF CAROL GUTIERREZ

HON. JACKIE SPEIER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, April 3, 2017

Ms. SPEIER. Mr. Speaker, I rise to honor Carol Gutierrez, a teacher in the Hillsborough City School District for 27 years, who is being honored with the Community Care Award from the Associated Parents' Group. This award is given to a non-resident employee of the school district who has made sustained, significant and lasting contributions that have touched the lives of our children and benefited the community as a whole.

Carol has taught at West and North Hillsborough Elementary schools and was also a writing enrichment teacher at South for one year. Her love of children and drive to prepare them for the real world and successful lives has earned her the admiration and adoration of her students, their parents and her colleagues alike. The school district is extraordinarily fortunate to have such a top-notch and dedicated teacher.

Carol's secret to success is that she teaches students to trust their own instincts and to follow their own passions. The students also learn to share those passions with fellow students in their own classes and in other classes, which creates a wonderful learning environment that nurtures individualism and community at the same time.

In her current position as a 2nd grade teacher at North, Carol incorporates art, technology, cooperative learning and exploration time to engage her students. Examples of such activities include Business Day, Design Thinking Challenges and Recycled Art. Her classroom is vibrant, comfortable, welcoming and open. It is with good reason that one of her recent students said, "School can't get better than this. I love Ms. Gutierrez."

As a 5th grade teacher at West, Carol and two of her colleagues developed and refined a community service jobs program and a trip to our Nation's Capital. They also differentiated instruction with theme projects, led a math peer tutor program at lunch and promoted interest in world culture by hosting an annual geography bee. Carol also served as a new teacher mentor for the district.

Carol was born in East Chicago, Indiana and earned her BA from U.C. Berkeley. She and her husband Michael Gutierrez have three children, Nikolas, Katie and Joseph. In her spare time, Carol enjoys spending time with her family, drawing, cooking and exercising.

Mr. Speaker, I ask the Members of the House of Representatives to join me in recog-

nizing an exemplary and beloved teacher in the Hillsborough City School District. Carol Gutierrez brings out the best in every single one of her students and sets them on a path to success and life-long learning.

INTRODUCTION OF A BILL TO ESTABLISH AN ELECTRONIC SYSTEM FOR TRAVEL AUTHORIZATION FOR THE GUAM CNMI VISA WAIVER PROGRAM

HON. MADELEINE Z. BORDALLO

OF GUAM

IN THE HOUSE OF REPRESENTATIVES

Monday, April 3, 2017

Ms. BORDALLO. Mr. Speaker, today I reintroduce legislation to authorize and establish an Electronic System for Travel Authorization (ESTA) for the Guam-CNMI Visa Waiver Program, and direct revenue from the established system to fund CBP operations and staffing needs for ports of entry in Guam and the CNMI.

The regional Guam-CNMI VWP recognizes Guam's unique location in Asia, and the need to be more competitive for tourists from other Asian nations. With Guam's primary source of economic revenue being tourism from Asia, my legislation would address several issues that have hampered our visitor industry and that continue to cost CBP millions of dollars annually in processing costs. The majority of foreign arrivals at Guam International Airport are those traveling under the Guam-CNMI VWP, and long immigration lines are a recurring issue due to limited staffing capacity when arrivals peak at Guam International Airport. At their peak, sometimes 1,200 passengers arrive when multiple flights arrive nearly simultaneously the wait times at immigration can be as long as two and a half hours.

I recognize that there are complaints about long wait lines at other international ports of entry. However, the long wait-times have caused harm to Guam's reputation in our primary visitor markets of Japan and South Korea. In fact, Japan television shows and radio programs have mocked the long lines and wait times at Guam International Airport, which has negatively impacted Guam's standing as a family-friendly destination for our Asian allies. The flight from Japan or South Korea is a little over three hours and, sadly, some of these visitors have waited about as long, or at times longer, in line than it takes to travel from their home country to Guam. That is unacceptable and runs counter to the previous Administration's goal of improving the arrivals process for international travelers arriving in the United States, as outlined in a memorandum to heads of executive departments and agencies on May 22, 2014. My legislation would work to address the problems that are occurring with long wait times at our respective ports of entry. Tourism is critical to the economies of the region, and we cannot let an antiquated visitor entry system and inadequate staffing harm our economy.

Establishing an ESTA specific to the Guam-CNMI Visa Waiver Program would help to address several issues faced by visitors arriving at Guam International Airport. First, the current process relies on a paper-based system which is cumbersome and only adds to the delays when arriving. The bill would allow CBP to

automate that process and, as a result, save an estimated \$4 million annually that is used by CBP to process and file the paper forms. This is a commonsense reform that will save the federal government money and improve the customer experience at Guam International Airport and ports of entry in the CNMI.

Admittedly, CBP has the authority to create an ESTA system for the Guam-CNMI Visa Waiver Program. However, they do not have the authority to direct revenues collected from this automated process towards staffing at ports of entry in Guam and CNMI. As such, it is the consensus of tourism industry leaders and other stakeholders that there is an ultimate need for this legislation. I am informed that staffing has not increased in Guam since after the 9/11 attacks. The CBP staffing pattern was sufficient, but as the number of tourists grows on Guam the lines have also grown and the staffing has not kept up with demand. Making the visitor entry process into ports of entry in Guam and CNMI electronic is part of the solution, but additional staffing is still required especially since nearly 50 percent of our visitors are first-time visitors and cannot avail themselves of Automated Passport Control (APC) systems.

I am proud of the innovative programming that brings people from all over the world to Guam. For example last year, Guam hosted the Festival of the Pacific Arts (FestPac) a quadrennial cultural event for island nations in the Pacific, which is the largest gathering for Pacific peoples to unite and strengthen our cultural ties. Over 12,000 visitors, cultural performers, and native artists came to Guam to participate in FestPac, and I appreciated the commitment of former Commissioner R. Gil Kerlikowske to ensure there was adequate staffing at Guam International Airport. But that additional staffing was accomplished by approving extra overtime for employees which is a costly endeavor. Events like FestPac show the maturation and growth of Guam's tourism industry. Improving the processes and capabilities of our ports of entry to ensure a pleasant experience for our visitors is a top priority, and the solutions must be long-standing and sustainable. We cannot simply rely on overtime of employees to meet the current and emerging demands at our main international port of entry.

An ESTA for the Guam-CNMI Visa Waiver Program is an innovative, sustainable, common-sense, and cost-saving technological solution that would save the federal government millions, improve the visitor experience for our tourists, and increase resources to improve CBP capabilities by freeing up important personnel capacity to effectively monitor real threats to our national security. An electronic system for travel authorization would ultimately modernize and improve a Visa Waiver Program that continues to benefit the people of Guam and CNMI. My bill would help ensure that federal policy enhances economic opportunities and development in our region instead of being an impediment.

AMERICAN HEALTH CARE ACT

HON. SUZANNE BONAMICI

OF OREGON

IN THE HOUSE OF REPRESENTATIVES

Monday, April 3, 2017

Ms. BONAMICI. Mr. Speaker, I rise in opposition to the American Health Care Act—TrumpCare—and to express my relief that it was removed from consideration before a vote. This proposal would have been a disaster for Oregonians and Americans. People would pay more and get less, and if they couldn't afford to pay more, they'd be out of luck.

Many would face a future without health insurance, or with inadequate coverage. The bill was especially bad for seniors, whose rates would have increased significantly.

Without coverage, working families are a cancer diagnosis or a heart attack away from economic ruin. When I worked at Legal Aid, many clients were struggling to repay medical debt after getting sick with no insurance or insurance that didn't cover their needs. We can't go back to the days when medical debt forced people into bankruptcy.

At my recent town hall meeting in McMinnville, Oregon a woman told me that her father-in-law suffered a massive stroke. Without coverage under the ACA, their family wouldn't have been able to afford the helicopter transport to Portland or his care at a rehabilitation facility.

Astoundingly, the TrumpCare bill also eliminated essential health benefits; several important consumer protections the Affordable Care Act added to insurance. By removing these benefits, TrumpCare would not cover many critical services, like mental health care, emergency room services, and maternity care. This change in the bill, added late at night in a desperate but unsuccessful attempt to gain more support from conservatives, would mean that people would once again buy insurance policies that would not cover their needs.

Additionally, TrumpCare made meaningless the ACA guarantee that people with pre-existing conditions cannot be discriminated against or denied coverage. With TrumpCare, people with pre-existing conditions would face insurmountable bills if unexpected illness or injuries occur.

Finally, women would stand to lose significantly under TrumpCare. Women who get life-saving cancer screenings and care at Planned Parenthood would have to find a new provider. Without insurance plans covering maternity care, women would struggle to get prenatal care—or simply go without. New mothers without insurance could face \$50,000 in bills after a cesarean section.

I was strongly opposed to TrumpCare because it was terrible policy for Oregonians and Americans. I will continue to do everything in my power to protect Oregonians from the pay more, get less policies that are currently under consideration by the leadership of the House of Representatives.

Americans need the stability of knowing they will have affordable health care coverage. I stand ready to work with all of my colleagues on policies that improve access to affordable health care for everyone.

PERSONAL EXPLANATION

HON. STEPHANIE N. MURPHY

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Monday, April 3, 2017

Mrs. MURPHY of Florida. Mr. Speaker, on April 3, 2017, I was unavoidably absent in the House Chamber due to a family medical emergency. Due to these unforeseen circumstances, I was unable to vote on two legislative measures on the floor.

I want to express my strong support for H. Res. 92, a resolution condemning North Korea's development of multiple intercontinental ballistic missiles. I am a cosponsor of this measure. Had I been present and voting on Roll Call No. 209, I would have voted "aye."

Likewise, I support H.R. 479, the North Korea State Sponsor of Terrorism Designation Act of 2017. This bill expresses the sense of Congress that the Government of North Korea likely meets the criteria for designation as a state sponsor of terrorism and, if so, should be so designated. The bill also requires the State Department to provide a report to Congress on actions the Government of North Korea has taken to support terrorism. Had I been present and voting on Roll Call No. 210, I would have voted "aye."

NORTH KOREA STATE SPONSOR OF TERRORISM DESIGNATION ACT (H.R. 479) AND CONDEMNING NORTH KOREA'S DEVELOPMENT OF INTERNATIONAL BALLISTIC MISSILES (H. RES. 92)

HON. CHRISTOPHER H. SMITH

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Monday, April 3, 2017

Mr. SMITH of New Jersey. Mr. Speaker, North Korea is an existential threat to its neighbors and a global menace that requires constant vigilance and close cooperation between the U.S. and its regional allies. Ignoring North Korea's dangerous actions has been a bipartisan problem of the last three Administrations—and it is one that continues to need bipartisan solutions from the Congress.

Secretary Tillerson announced recently that the U.S. will no longer be guided by the policy of "strategic patience." The U.S. cannot sit on the sidelines while Kim Jong-un proliferates nuclear and missile technology, sponsors terrorism and human trafficking efforts, and continues to abuse the North Korean people.

We trust that the threat posed by North Korea will be high on the agenda of President Trump and President Xi meeting this week. As we all know, the Chinese government's actions have not always been helpful.

Though the U.N. Commission of Inquiry on North Korea recommended the U.N. impose targeted sanctions on the North Korean leaders responsible for massive crimes against humanity, China blocked effective U.N. actions.

China's February announcement that it would cut off coal exports to North Korea is a needed and important step. But senior Chinese officials, such as Foreign Minister Wang Yi, continue to describe the China-North Korea relationship as being one of "like lips to teeth." In other words, there is little daylight between Beijing and Pyongyang.
