

EXTENSIONS OF REMARKS

AMERICAN HEALTH CARE ACT OF 2017

SPEECH OF

HON. BARBARA LEE

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 4, 2017

Ms. LEE. Mr. Speaker, I rise once again in strong opposition to H.R. 1628, which is a bill to take away health care from 24 million Americans. Whether you believe it or not, health care is a basic right.

This shameful bill steals from the most vulnerable among us, including seniors, veterans, people living with HIV, children, and the disabled. And this new bill is even more dangerous and destructive than when they brought it to the Floor last time.

It would, yes, rip away health care from 24 million people. It would reduce benefits, make families pay more for less, and transfer \$600 billion in tax cuts to the very wealthy.

This is outrageous. Access to women's health is denied by defunding Planned Parenthood. Medicaid, as we know it, will end. Healthcare costs for working families and seniors will skyrocket. It allows states to eliminate essential health benefits like maternity care, cancer screenings, and emergency care.

Mr. Speaker, this is not a health bill at all. This is a massive tax giveaway to the wealthy.

Let me tell you, as a woman of faith, I am appalled and I am saddened by the hypocrisy displayed in this bill by people who say they are religious. I want to remind you—in the Scriptures, the Book of Mark, chapter 12:31, we are reminded to love your neighbor as yourself.

I hope Republicans remember to love their neighbor as themselves today and vote “no” on this mean-spirited and evil bill. Let's defeat this harmful and morally bankrupt bill.

This is a matter of life and death, and the American people deserve better.

AMERICAN HEALTH CARE ACT OF 2017

SPEECH OF

HON. JOHN J. FASO

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 4, 2017

Mr. FASO. Mr. Speaker, I rise to express my support for the American Health Care Act. As I have said from the beginning, when it comes to the Affordable Care Act, we should keep what works and change what doesn't. I urge support for the AHCA because it does just that.

The AHCA stops the Washington, DC, one-size-fits-all approach to healthcare and puts choice and freedom back in the hands of states, counties, families, and individuals. With the AHCA's monumental strides in reforming Medicaid to ensure its solvency for our most

vulnerable citizens and repealing burdensome taxes on the middle class, it is a win across the board for all Americans, but specifically Upstate New Yorkers.

Upstate New York residents will see additional benefits due to an amendment which Congressman COLLINS and I have included in the bill. This language is one of the greatest pieces of state mandate relief that New Yorkers have ever seen. By normalizing the fashion in which New York State funds Medicaid, those in my district alone will see more than \$224 million in tax relief every year.

The fact is that New York funds its Medicaid program by imposing a portion of the state's funding responsibility on the counties. Home ownership is burdened by lower property values due to high taxes. This also lessens business competitiveness in areas like Upstate NY. The extent to which New York burdens its counties is unlike any other: of the approximately \$9.5 billion in Medicaid costs shouldered by localities nationwide, New York localities account for more than \$7 billion of the total. Albany mandates ensure that New York spends more on Medicaid than Texas and Florida combined. This is simply unsustainable.

The people of Upstate New York demand relief: relief from burdensome Albany mandates; relief from rising property taxes; relief from Washington-controlled, bureaucratic healthcare; relief from ACA-imposed, middle-class healthcare taxes. For these reasons, I support the AHCA and urge my colleagues to support this bill.
