#### PLEDGE OF ALLEGIANCE

The SPEAKER. Will the gentleman from Florida (Mr. LAWSON) come forward and lead the House in the Pledge of Allegiance.

Mr. LAWSON of Florida led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

#### WELCOMING PASTOR GLEN BERTEAU

The SPEAKER. Without objection, the gentleman from California (Mr. DENHAM) is recognized for 1 minute.

There was no objection.

Mr. DENHAM. Mr. Speaker, it is a great honor today to introduce to the House our guest chaplain, Glen Berteau of Modesto, California.

Glen is the senior pastor of The House in Modesto, a church of more than 8,000.

Supporting his community is a priority, and, under Glen's leadership, The House Modesto has established programs to fight against human trafficking, provided groceries on a weekly basis to those in need, repaired bicycles for the homeless, and developed mobile medical and dental clinics that provide services free of charge.

The House was also recently recognized by the city of Modesto for their annual event, Unity Matters, which honors law enforcement and first responders.

Glen is originally from Baton Rouge, Louisiana, and has called California his home for over 24 years. He and his wife, Deborah, have been in ministry for over 40 years, have been married for 42 years, and they have 3 children, 5 grandchildren.

Glen is a gifted speaker, teacher, and evangelist and has ministered at conferences, churches, and conventions all over the world.

Mr. Speaker, I ask my colleagues to join me in welcoming Pastor Glen Berteau. We thank him for offering today's opening prayer in the United States House of Representatives.

#### ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mr. PALMER). The Chair will entertain up to 15 further requests for 1-minute speeches on each side of the aisle.

#### IRAN-NORTH KOREA LINK

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, The Post and Courier of

Charleston, on May 6, explained the Iran-North Korea link in an editorial:

"President Trump is looking for ways to put a squeeze on North Korea that will persuade it to give up nuclear weapons and the missiles to carry them . . . there is another collaborator with North Korea that appears to be helping it survive: Iran."

"According to Jeffrey Lewis of the Middlebury Institute of International Studies in Monterey, California, the evidence of collaboration between North Korea and Iran is ample and of long standing. 'The very first missiles we saw in Iran were simply copies of North Korean missiles. Over the years, we have seen photographs of North Korean and Iranian officials in each other's countries, and we have seen all kinds of common hardware.'"

" . . . President Obama got Tehran to agree to reduce its stock of enriched uranium. . . . But the agreement is a weak one if Tehran is simply paying Pyongyang to do the design work for missiles and warheads. . . ."

"And if Iran is paying North Korea for help, then the sanctions . . . are also being fatally undermined."

In conclusion, God bless our troops, and we will never forget September the 11th in the global war on terrorism.

#### JUSTICE DEPARTMENT SHOULD INVESTIGATE HEALTHCARE COMPANIES

(Mr. HIGGINS of New York asked and was given permission to address the House for 1 minute.)

Mr. HIGGINS of New York. Mr. Speaker, it was reported in The New York Times on Monday that UnitedHealthcare and four of the Nation's largest health insurance companies concocted a scheme to defraud the Medicare program and the American people out of tens of billions of dollars each year over the past decade.

The United States Department of Justice yesterday joined the lawsuit and is investigating these serious charges against UnitedHealthcare and the others. The Justice Department should conduct an investigation aggressively and thoroughly to get to the truth and to exact justice.

If these allegations are true, these actions would represent among the most egregious schemes of fraud perpetrated against the American people.

Shockingly, the House Republican health bill gave a \$78 million tax cut to the executives of the very companies that are under investigation, including a \$15.5 million tax cut to UnitedHealthcare and their chief executive officer.

This information can easily be found on page 67 in 3 lines of the Republican healthcare bill.

This is, Mr. Speaker, a blatant violation of the public trust that this Congress took an oath to protect and to uphold.

#### RECOGNIZING NATIONAL POLICE WEEK

(Mr. ALLEN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ALLEN. Mr. Speaker, this week is National Police Week. I rise today to honor the brave men and women in blue who sacrifice their safety every day to keep our families and communities safe.

Each day these Americans go to work willing to put their lives on the line for the security of their fellow Americans.

We often hear the remarkable stories of our law enforcement officers. These men and women work long hours and late shifts, often being called into work and called away from their families. These are the people who risk their lives to protect our very neighborhoods, schools, communities, while asking nothing in return.

These professionals exhibit the greatest love of all, and that is to offer their lives to protect another.

I pray for those who have lost their lives, like Sergeant Greg Meagher, a 33-year veteran of the Richmond County Sheriff's Office who lost his life earlier this year in the line of duty. We will never forget his ultimate sacrifice.

Our safety depends on these amazing people, and I am proud to honor them here today.

#### INFRASTRUCTURE WEEK

(Mr. LAWSON of Florida asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAWSON of Florida. Mr. Speaker, this week is infrastructure week, and today I rise to highlight the need to update our country's aging infrastructure system. This is a topic that is important in both the rural and urban areas of our country.

From the highway system in Lake City, Florida, to the port needs of Jacksonville, we must put forth the necessary resources to update our transit needs.

Each year, millions of tons of freight traffic, seaport cargo, and rail cargo pass through Jacksonville as they are transported to communities throughout our country.

The Jacksonville Transportation Authority is building a 57-mile bus rapid transit system, which is cost-effective and will support hundreds, and potentially thousands, of new jobs.

They are also overseeing the development of the Jacksonville Regional Transportation Center, a transportation hub that will consolidate major modes of public transportation, making transit more accessible and convenient.

While that is all good news, there is still much work to be done to improve our infrastructure in north Florida.
