The Clerk read the title of the bill.

The SPEAKER pro tempore. Pursuant to House Resolution 379, the amendment in the nature of a substitute recommended by the Committee on Ways and Means, printed in the bill, is adopted and the bill, as amended, is considered read.

The text of the bill, as amended, is as follows:

The SPEAKER pro tempore. The gentleman from Ohio (Mr. TIBERI) and the gentleman from Massachusetts (Mr. NEAL) each will control 30 minutes.

The Chair recognizes the gentleman from Ohio.

#### GENERAL LEAVE

Mr. TIBERI. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on the bill currently under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Ohio?

There was no objection.

Mr. TIBERI. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I, too, want to add my thoughts and prayers for our colleague and friend, Congressman STEVE SCALISE, and the victims of yesterday’s shooting. May God be with them during this time.

Mr. Speaker, my bill, Broader Options for Americans Act, is before us today.

We have all heard about COBRA continuation coverage, which allows someone with group health insurance who experiences a qualifying life event to keep their job-based coverage when they no longer have a job and, most importantly, their plan’s networks of providers—doctors, hospitals, et cetera—for a certain amount of time.

Currently, consumers with COBRA coverage, who could face a cost of up to 102 percent of plan costs, are not eligible for ObamaCare’s Federal subsidies. My bill allows individuals who pay for the full cost of such continuation of

coverage to qualify for the tax credit established under the American Health Care Act.

This allows those consumers, including clergy, church lay workers, and their dependents who are experiencing similar circumstances and who get their coverage through church plans, who have been affected by sudden life changes to receive assistance to pay for their unsubsidized health premiums.

This bill represents another step forward in our continuing work to help Americans access more options for true patient-centered healthcare.

Mr. Speaker, this hits close to home for me. As a high school student, my dad lost his job of 25 years. I think the gentleman from Massachusetts has heard that story before. We, as a family, lost our healthcare and went into COBRA coverage.

This is a solution that impacts people across America, and I urge my colleagues on both sides of the aisle to pass this legislation today.

Mr. Speaker, I reserve the balance of my time.

Mr. NEAL. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I want to express again, as I did earlier, the support we have for the Capitol Police and others for the good work they do every single day and extend our best wishes to Majority Whip SCALISE.

My friend, Mr. TIBERI, who is managing time on the Republican side, said he was, I think, 17 years old. If he were here and had supported the Clinton healthcare bill, that never would have happened. That would be another way that we might want to look at.

Mr. Speaker, as I said a bit ago, this is an unusual procedure. We are being asked to amend legislation that left the institution. Heaven knows where the Republican healthcare bill rests today. The President calls it mean; the Senate won’t tell us where they are, as they write the bill, and when it might emerge; and we find ourselves offering amendments to something that is not going to happen.

H.R. 2579, the Broader Options for Americans Act, would allow premium tax credits to be used for unsubsidized COBRA coverage under TrumpCare. Unfortunately, this does nothing to fix the AHCA, the underlying measure this bill intends to amend.

Older Americans are likely to rely on COBRA, and the AHCA would allow insurers to charge older Americans up to five times more than they charge younger Americans. The tax credits in H.R. 2579 would not make COBRA coverage any more affordable for the American people. In addition, it could potentially weaken the risk pool coverage because it would encourage older and sicker workers to remain on COBRA that could hurt small businesses. This is simply a backdoor way for States to discriminate against existing conditions.

Because of weakening essential healthcare in the underlying

TrumpCare bill, COBRA is going to be needed again to help people who leave employment for health reasons or have preexisting conditions.

Let me remind the American people how we got here in the first place. Last month, Republicans brought TrumpCare to the House floor and passed it without a single Democrat supporting it. The measure, as passed, would take away health insurance for millions of Americans, raise premiums for working families, and place an age tax on older Americans.

The bill is just one of the many promises the Republican leadership continues to make in an effort to twist arms for votes from their caucus to pass TrumpCare.

I am also concerned that the House ignored important procedures when considering bills that are on the floor today.

First, since the Republican bill passed, the CBO numbers confirmed the measure would force Americans to pay more for lower quality healthcare coverage. That is not in dispute.

Second, this bill is not appropriate to consider now because it amends TrumpCare, and it hasn't even passed the Senate.

Even if this bill was incorporated into TrumpCare, it would not undo the terrible cuts included in the measure. It would leave 23 million Americans without health insurance, cut Medicaid by \$800 billion, discriminate against individuals with preexisting conditions; and will drastically raise premiums for older Americans.

It would unravel important consumer protections or cut programs designed to address the opioid addiction crisis in my State of Massachusetts, and throughout the Nation. I am quite certain everyone here and watching this debate has someone close to them dealing with a drug or alcohol addiction.

In addition, many middle class Americans rely on Medicaid for long-term care. That is beginning to resonate with the American people.

This bill does nothing to fix the Republican repeal measure, as I have noted, and it is likely to create more and new problems.

I encourage my Republican friends and colleagues to go back to the drawing board, craft a bill with us, and fix the problems in the Affordable Care Act. There is a chance to do that.

Twenty-three million more Americans have health insurance because of the passage of the Affordable Care Act. Now is not the time to retreat. In times like this, we should be advancing these arguments in this institution for hardworking Americans and their families.

Mr. Speaker, I reserve the balance of my time.

Mr. TIBERI. Mr. Speaker, I am prepared to close, and I reserve the balance of my time.

Mr. NEAL. Mr. Speaker, I yield back the balance of my time.

Mr. TIBERI. Mr. Speaker, I yield myself the balance of my time.

Mr. Speaker, on a personal basis, I have a tremendous amount of love and respect for Mr. NEAL.

We, obviously, have a disagreement. I tell my daughters about how a bill becomes law, and I don't need to tell the gentleman from Massachusetts how a bill becomes law, but we certainly, I think, believe that there are opportunities to not only improve what you say is the Affordable Care Act but the bill that we passed. That is what we are doing today.

I hope to work with him to continue to do that, as the Senate passes its own bill, and, hopefully, go to a conference committee. Hopefully, the gentleman will be on that conference committee.

Mr. NEAL. Will the gentleman yield? Mr. TIBERI. I yield to the gentleman from Massachusetts.

Mr. NEAL. What is a conference committee? When is the last time one of those occurred in this institution?

Mr. TIBERI. Reclaiming my time, not lately. Two years ago.

One of the frustrations about the CBO report that never gets reported is the fact that millions of people will choose not to have healthcare. That is what the CBO says.

It is not often repeated in the national media or on the floor here, but I would just kind of remind everybody that, often, the other side of the aisle speaks a lot about choice and the freedom to choose. And with respect to healthcare, that is what millions of people will do, according to CBO.

I would also like to remind my friend—and I do mean that—that there are millions of Americans in my State alone who have insurance but don't have the choice of provider they once had or the choice of a hospital they once had. That is pretty traumatic.

There are people who have insurance, but premiums have doubled and tripled in the last several years and out-of-pocket expenses for those who are not subsidized have gone to levels that are unprecedented.

I surely appreciate and would remind the gentleman from Massachusetts that this bill before us today simply says that we expand choices, we expand options for Americans by allowing them for the very first time to receive financial assistance if they lose their healthcare insurance.

I know it is not perfect, but it is good. I hope that we can improve on all these aspects that the gentleman and I have talked about today.

Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore (Mr. THOMPSON of Pennsylvania). All time for debate has expired.

Pursuant to House Resolution 379, the previous question is ordered on the bill, as amended.

The question is on the engrossment and third reading of the bill.

The bill was ordered to be engrossed and read a third time, and was read the third time.

The SPEAKER pro tempore. The question is on the passage of the bill.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Mr. TIBERI. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The vote was taken by electronic device, and there were—yeas 267, nays 144, not voting 19, as follows:

LEGISLATIVE PROGRAM

(Mr. **HOYER** asked and was given permission to address the House for 1 minute.)

Mr. **HOYER**. Mr. Speaker, before I yield to the gentleman from California (Mr. **MCCARTHY**) for the purpose of asking the majority leader the schedule for the week to come, I want to just make a comment.

Yesterday, Mr. Speaker, this House and, indeed, the Nation was shaken by the horrific shooting in Alexandria. We just, unanimously, passed the majority leader’s resolution. All of us are praying for the safe recovery of our friend and colleague Majority Whip **STEVE SCALISE** and others who were injured yesterday.

**STEVE** is the majority whip and I am the minority whip, and we are, therefore, in some respects, adversaries, but we are also friends. I am keeping him, his wife, Jennifer, and their children in my thoughts today.

Mr. Speaker, as you probably know, **STEVE** loves baseball. All of us have seen the broad smile on his face as he has taken to the field as a pinch runner in games past, wearing his University of Louisiana Ragin’ Cajun jersey and scoring runs for his Republican team.

I am saddened—and I know all of us are—that we won’t be able to see him on the field today running, hitting, and scoring; but, Mr. Speaker, we know that **STEVE** is a fighter, and I am sure we will be seeing him running the bases again in next year’s Congressional Baseball Game.

Mr. Speaker, tonight, I am going to wear a T-shirt that says “Team Scalise.” His staff gave it to me yesterday. We took some pizza by their office and talked to each one of them. We have had good relations between our two offices. We have worked together on a lot of things and, yes, we have opposed from time to time, but we are friends.

I am also keeping in my thoughts the members of the Capitol Police, who keep us all safe. I am one of those who is blessed to have a detail because I am one of the leaders. Members of the Capitol Police are assigned specifically to try to make sure that I am safe—and, yes, those around me—as **STEVE**’s detail did yesterday, courageously and heroically.

I know the majority leader shares my view that every day that a member of the Capitol Police gets out of bed, puts
