HONORING THE WHITLAND AVENUE NEIGHBORS IN NASHVILLE, TENNESSEE

**HON. JIM COOPER**

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, June 21, 2017*

Mr. COOPER. Mr. Speaker, I rise today to honor the Whitland Avenue neighbors. The Whitland area is one of the most historic—and beautiful—neighborhoods in Middle Tennessee.

Built in the earliest days of the 20th century, this relatively small neighborhood has more historical markers than any other in Davidson County.

In 1976, residents vowed to hold an annual party on the Fourth of July to celebrate our nation's birthday and keep our patriotic spirit alive. The celebration was conceived to include a number of timeless activities such as a bicycle parade for neighbors of all ages; performances of patriotic tunes by a band of local musicians; enthusiastic singing by all in attendance; a dramatic reading of the Declaration of Independence; recognition of veterans for their service; speeches by elected officials and other local dignitaries; and a covered dish picnic lunch.

The Whitland Avenue Fourth of July Celebration has become one of Nashville's most festive events. The neighborhood invites the entire city to join in a family-friendly parade and gathering to celebrate our great nation.

The neighbors start planning months in advance, and each year's event is bigger and better than the last.

On July 4, 2017, the neighbors at Whitland Avenue will celebrate the 40th Anniversary of this beloved event. It is an honor to recognize the community, their spirit, and their patriotism. Whitland Avenue is the heart of Nashville, and I hope the community spirit lives on for generations to come.

NATIONAL SCLERODERMA AWARENESS MONTH

**HON. PETER T. KING**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, June 21, 2017*

Mr. KING of New York. Mr. Speaker, I rise today in recognition of Scleroderma Awareness Month.

Scleroderma is an autoimmune disease that not only affects thousands of individuals within my own constituency and the state of New York, but also thousands of individuals living in the United States.

Due to the lack of research on the unpredictable progression of Scleroderma, many physicians find it difficult to diagnose their patients and find it even more difficult to provide adequate treatment since a cure has not been discovered. As we recognize the need for awareness of this troublesome disease, we must do more for the thousands of Americans who are diagnosed with this condition each year.

In the past, I have championed legislation aimed toward galvanizing many federal agencies to fund research for Scleroderma with former Congresswoman Lois Capps of California. As a representative, I consider myself responsible for the health and safety of my constituents. This is why I urge my colleagues to join me in supporting federal investment for research as well as recognizing June as Scleroderma Awareness Month.

HONORING ELEANORE DEVADETZSKY

**HON. DWIGHT EVANS**

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, June 21, 2017*

Mr. EVANS. Mr. Speaker, I rise today to honor a noted centenarian of Philadelphia, Ms. Eleanore deVadetzky.

Eleanore deVadetzky was born in Pennsylvania Hospital on June 11, 1917, to Minna (nee Wolfsohn) and Teyve Rosenstein of Olney and Wynnefield. It was just months after the entry of the U.S. into WW I. Teyve had a trained voice, a choir leader, opera enthusiast, taught music and song and was a strong supporter of the founding of Israel.

Minna fled an unhappy family situation in Latvia, when a very young woman, making her way alone to the New World, with little more than a suitcase crammed with philosophy books, Spinoza and Maimonides. She was a homemaker, suffragette, and struggling businesswoman, who prized education and always had a book in her hands. She studied science, and upon graduating, became a chemist, first at Tastycake Bakery and later, at Whitman's Chocolates.

Along the way, Eleanore Rosenstein met the dashing Vladimir, aka Walter, deVadetzky, who bore a striking resemblance to actor Richard Ney, and was on his way to the South Pacific to fight in World War II. They wrote letters during his absence, and they were married on his return.

They managed to travel to far-flung places around the globe such as China, Japan, Australia for the '56 Olympics, pre-Castro Cuba, Central and South America, and almost every European country, making friends wherever they were. Both here and abroad, Eleanore & Walter enjoyed theater, ballet, music and art.

For many years, they both volunteered at Pennsylvania and Graduate hospitals. When Walter passed away in 2005, Eleanore continued volunteering at Pennsylvania Hospital and CHOP, until 2010, when she was sidelined with a broken ankle. She never touched alcohol, but always had a cocktail waiting for Walter at the end of the day, and was a connoisseur and devotee of dark chocolate, to which she attributed her longevity. Eleanore frequently visited with family and friends around the globe by telephone.

Sadly, Eleanore passed away on Tuesday, June 13, 2017 from complications of dementia. Her family and friends celebrated her 100th birthday and said goodbye on Sunday, June 11. She is survived by her cousins Rosenstein, Winitz, Wagner, Dichter, Kaplan & Vaughan.

**INTRODUCTION OF THE ENSURING SUCCESSFUL REENTRY ACT**

**HON. ELEANOR HOLMES NORTON**

OF THE DISTRICT OF COLUMBIA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, June 21, 2017*

Ms. NORTON. Mr. Speaker, today, I introduce the Ensuring Successful Reentry Act, a bill to eliminate so-called “subsistence fees.” Federal law currently requires the Federal Bureau of Prisons (BOP) to impose a subsistence fee on the income of returning citizens living in residential reentry centers (RRCs), supposedly to promote financial responsibility by requiring RRC residents to pay a portion of their housing costs. The fee is currently 25 percent. However, many returning citizens living in these centers often work minimum wage jobs, so the loss of 25 percent of their paychecks is a significant hurdle to successful reentry, and it makes it extremely difficult for them to save money for rent, pay child support, or fines and fees associated with their conviction (such as restitution). Only last year, BOP eliminated the subsistence fee for returning citizens on home confinement, who cost BOP nothing for maintenance. Far from promoting financial responsibility, subsistence fees actually prevent returning citizens from meeting their financial obligations.

The Department of Justice (DOJ) has already recognized how “counterproductive” subsistence fees are, both for returning citizens and BOP. In a November 2016 memo, then-Deputy Attorney General Sally Q. Yates noted that BOP’s “process for collecting these subsistence fees is costly and administratively burdensome for both RRC’s and [BOP],” and called for DOJ to “develop a plan to limit the

use of counterproductive ‘subsistence’ fees imposed on indigent residents.” BOP can already waive subsistence fees in certain situations for residents of RRCs, but only a change in federal law can remove this unnecessary barrier to reentry.

We should not be imposing additional burdens on returning citizens, setting them up to fail, especially those who are employed and working toward independence from the criminal justice system. Jobs and affordable housing are crucial components in ensuring successful reentry—charging subsistence fees is antithetical to this goal. I urge my colleagues to support this bill.

**MODIFICATIONS OF CREDIT FOR PRODUCTION FROM ADVANCED NUCLEAR POWER FACILITIES**

SPEECH OF

**HON. KENNY MARCHANT**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, June 20, 2017*

Mr. MARCHANT. Mr. Speaker, as an original cosponsor of H.R. 1551, I would like to thank Mr. RICE and Mr. BLUMENAUER for authoring this bill that modifies the credit for energy production from advanced nuclear facilities. I would also like to thank Chairman KEVIN BRADY for guiding this legislation favorably through the Committee on Ways and Means, and House leadership for helping to bring it to the floor today.

My congressional district in North Texas is home to many people that are currently employed and actively engaged in the planning, approval, and construction of advanced nuclear facilities. One such constituent company, Fluor Corporation, is headquartered in Irving, Texas. This US-based engineering and construction company employs 15,000 employees working on energy and power, infrastructure, mining, and industrial projects in Texas alone. Currently, Fluor supervises the construction of the four reactors at two sites employing almost 6,000 people.

Employees at this and other companies nationwide work to advance the construction of these nuclear facilities. Finishing these projects is crucial for the employees, engineers, and the industrial base that we need to retain in the United States.

I believe, and I am sure my colleagues agree, that the impacts of these projects are important for both our civilian and military markets. In addition, the changes presented in H.R. 1551 will potentially benefit many companies involved in design, fabrication, and construction of additional nuclear units.

Mr. Speaker, I strongly support this legislation and urge my colleagues to do so as well.

**HONORING THE WAUKEGAN TO COLLEGE (W2C) PROGRAM**

**HON. BRADLEY SCOTT SCHNEIDER**

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, June 21, 2017*

Mr. SCHNEIDER. Mr. Speaker, I rise today to honor Rafael Aguilera, Guadalupe Bueno, Ezau Calderon, Elisa Flores, Juan Carlos Flores, Elijah Glaze, Jared Herrera-Sanchez, Estrella Limon, Anjelica Linares, Ivan Martinez, Veronica Martinez, Sebastian Salgado-Gonzalez, Tamara Sanchez, and Emily Sostre for their admittance into the Waukegan to College (W2C) program.

A year-round college readiness service, W2C launched in 2009 and seeks to advance local students’ intellectual and emotional development, cultivating a strong commitment to community and a profound belief that they can build a brighter future for themselves, their families and their communities. By establishing high academic expectations and counseling students and their families on the college application process, W2C helps students realize their full potential by making the dream of college a reality.

All of these students will be the first in their families to attend college, and were selected for the W2C program due to both their impressive academic achievements as well as their contributions to their communities. As leaders inside and outside the classroom, these students show tremendous dedication and potential.

Strengthening our communities requires rebuilding the ladders of opportunity so that all Americans have the opportunity to succeed and thrive. This begins with providing each and every child, regardless of zip code, access to a high quality, affordable education, continues by ensuring all families can afford to send their sons and daughters to college.

When our nation’s talented young people pursue their passions and follow their dreams, they accomplish far more than personal growth. They serve as role models in their communities and their achievements inspire and motivate other young people to equally strive and achieve.

These students truly are Champions of Change. I wish them the very best of luck in their higher education and in all their future endeavors.
