**SEC. \_\_\_\_ . REPORT ON THE GLOBAL FOOD SYSTEM AND VULNERABILITIES RELEVANT TO DEPARTMENT OF DEFENSE MISSIONS.**

(a) REPORT REQUIRED.—Not later than one year after the date of the enactment of this Act, the Secretary of Defense shall, in consultation with the heads of such components of the Department of Defense as the Secretary considers appropriate, submit to the congressional defense committees an assessment of Department of Defense policies and operational plans for addressing the national security implications of global food system vulnerabilities.

(b) CONTENTS.—The report required by subsection (a) shall include, at a minimum, the following:

(1) An evaluation of vulnerabilities in the global food system that may affect the national security of the United States and the Department of Defense roles, missions, and capabilities in addressing such vulnerabilities, including information technology, data management, and surveillance capabilities for detection and assessment of food system shocks with the potential to result in the deployment of the Armed Forces or directly affect bilateral security interests with allies or partners.

(2) A characterization of how Department of Defense strategy, policies, and plans, including the Unified Command Plan, defense planning scenarios, operational plans, theater cooperation plans, and other relevant planning documents and procedures, account for food system vulnerabilities as precursors to and components of protracted major state conflicts, civil wars, insurgencies, or terrorism.

(3) An evaluation of United States interests, including the interests of allies and strategic partners, and potential United States military operations, including thresholds for ordering such operations, in regions where food system instability represents an urgent and growing threat, including due to the presence of destabilizing non-state actors who may weaponize access to food.

(4) An identification of opportunities to initiate or further develop cooperative military to military relationships to build partner capacity to avoid, minimize, or control global and regional food system shocks.

SA 775. Ms. KLOBUCHAR submitted an amendment intended to be proposed by her to the bill H.R. 2810, to authorize appropriations for fiscal year 2018 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes; which was ordered to lie on the table; as follows:

At the end of subtitle B of title XV, add the following:

**SEC. \_\_\_\_ . REPORT ON BUDGET REQUESTS FOR FUNDING FOR THE DEPARTMENT OF DEFENSE FOR OVERSEAS CONTINGENCY OPERATIONS.**

(a) FINDINGS.—Congress makes the following findings:

(1) In a January 18, 2017 report issued by the U.S. Government Accountability Office (GAO) on the Department of Defense's Overseas Contingency Operations, the GAO found that the criteria developed in 2010 by the Office of Management and Budget (OMB) in collaboration with the Department of Defense (DoD) for determining whether items belonged in the base budget or in OCO were outdated.

(2) The GAO also found that these outdated criteria did not address the full scope of activities included in DoD's fiscal year 2017 OCO budget request.

(3) According to the GAO, DoD officials agree that updated guidance is not needed but noted that OMB deferred the decision to update criteria until the new administration was in place in 2017.

(4) The GAO also found that, without reevaluating and revising the criteria, decision makers may be hindered in their ability to set priorities and make funding trade-offs.

(5) In response to these findings, the GAO recommends that DOD, in collaboration with OMB, reevaluate and revise the criteria for determining what can be included in DOD's OCO budget requests; and that DOD develop a complete and reliable estimate of enduring OCO costs to report in future budget requests.

(b) REPORT.—Not later than December 31, 2017, the Secretary of Defense shall, with the concurrence of the Director of the Office of Management and Budget, submit to the congressional defense committees a report setting forth the following:

(1) The criteria used by the Department of Defense to determine whether funds requested for the Department for a fiscal year for purposes of the budget of the President for the fiscal year (as submitted to Congress pursuant to section 1105 of title 31, United States Code) are to be requested as funds for the Department for programs, activities, and operations for the fiscal year for overseas contingency operations.

(2) A current estimate of the recurring annual costs of the Department for programs, activities, and operations for overseas contingency operations.
